SANDERSON, TEXAS, FRIDAY, FEBRUARY 28, 1958

NUMBER 2

LISTEN TO LUKE

Shall we subsidize opera? On a program from San Antonio Monday night an opera singer suggested that the government should subsidize opera in this country. After the interview, there were several numbers sang — probably to prove that if that sort of thing were to survive it would have to have some kind of help. At least it proved that it wouldn't stand on its own merits.

We know our own limitations in the appreciation of the arts, but we were, roughly speaking, raised up with donkeys and their braying was music to our ears. In the San Antonio opera there seemed to be a poor class of braying — probably mixed with a far-off coyote howl.

Now, our conclusion is, if we are to have opera the government or some kind-hearted philanthropist will have to underwrite the project.

If an old adage proves true, we may be assured of a killing frost in April.

It has been claimed that if there is thunder in February there will be a heavy frost on the same day of the month in April. We heard thunder on the 13th day of February and again on the 24th.

We will see. We will try to get a count on the freshly sflorn goats at that time.

Chester Smith, local JP, made a trip to Midland Monday to attend a meeting of the Texas Highway Department Safety Council. That organization is out after traffic violators, whether it is speeding, wrong parking, driving without a license, not stopping at stop signs, or what not.

The people of Sanderson have been paying their share in traffic violations fines recently. This community has been negligent in driving habits due to the fact that there was no enforcement of traffic laws. It is a matter of educating the driving public to be careful for the safety of themselves as well as of others.

We asked for that kind of enforcement and have it on a part-time basis. The Highway Department is trying to recruit more young men for officers and it is hoped that before many months we will have a patrolman on duty here at all times.

We think that, in spite of, or because of, the number of violations he sees and gives tickets for, that his services along this line, and other actions within his duties, will be beneficial to the town and to the area.

Very little interest has been shown in the water district proposal to date. It would help even. (Continued to page 4)

Mrs. H. G. Cates Leads Program For Baptist W.M.U.

The Baptist W.M.U. met Monday afternoon in the home of Mrs. O. D. Gray. Following the singing of the hymn "Send the Light," Mrs. Lloyd Cowan led in prayer. Mrs. Cates introduced the program titled "Door Posts and Gates" and Mrs. Gray read the Bible passages.

Assisting in presenting the program were Mesdames A. D. Brown, Warren Capps, Cowan, T. O. Moore, M. G. Northcut, Jr., W. C. Pearce, and James Word. Mrs. Cates led the dismissal prayer after the hymn "We've A Story To Tell" had been sung. Mrs. Gray served cream puffs, tea, coffee, and salted nuts.

Home Demonstration Club To Meet Tuesday, March 4

The Ranch Home Demonstration Club will meet Tuesday morning, March 4, at 10:30 in the home of Mrs. A. C. Garner. Members are requested to bring school girl lunches.

Roadrunners To Play In Ozona For Sub-Region Tilt

The Roadrunners basketball team will play the first game of the region playoffs in Ozona on Monday night, March 3, at 7:30.

According to Coach Y. F. Bowley, the game will be the same as a bi-district playoff, except that it is classified as a preliminary in the region games. Formerly the teams went to Lubbock for play-offs among eight contenders for the region title. Now the winners of four sub-region games will go to Lubbock for the play-offs.

Junction is the neighbor team in this region declared district winner in a game last Friday night and will be the opposition for the Roadrunners in Ozona.

The Roadrunners wound up the season undefeated in district play. They went to Fabens last week-end for a game Friday night and won their second game from that team this season by a six-point margin.

The girls have won the acclaim of local fans and out-of-town fans with their sportsmanship and attitude, as well as their ability on the hardwood. Coach Bowley has been free with his praise of the attitude of all the girls that have stayed out and practiced diligently this year, even though they did not get to participate in many games. He was free with the use of substitutes in non-conference games for the 'A' team and played almost all the bench in practically every 'B' game, to give the girls actual competitive practice.

The 'B' team girls, he said, did no less work than the 'A' stringers, and the freshman team was right alongside the rest in effort and cooperation.

Jackie Bob Riggs Has Party Tuesday On 4th Birthday

Mr. and Mrs. Jack Riggs entertained with a birthday party on Tuesday afternoon for their daughter, Jackie Bob Riggs, on her fourth birthday.

Children present were Barbara Brown, Ross Dunn, Ann Janes, Bill Littleton, Stephen Litton, Marsha Monroe, Melissa Ann Nicolls, Glen Bob Hinkle, Jackie Sexton, Elizabeth Turner, Cliff White, Bob and Jake Murrab, Rosa Lee and Hudson Kerr, Damon, Robie Lee, and Maje Harrison, Mr. and Mrs. Herbert Brown and Elaine, Mrs. F. Mr. and Mrs. H. L. Surratt of Monahans spent the week-end here with his parents, Mr. and Mrs. C. L. Surratt, and returned their daughter, Pamela who had been visiting here.

Ground Soaked After Recent Rains

The ground of the area around Sanderson has been soaked by snow, dew, frost, mist, fog, drizzle, and rain in the past several days, and optimism is high for one of the best springs in many recent years, according to ranchmen of this area. The total rainfall for February is 1.34 which is less than February of 1957. The total rainfall this year is 3.43.

Penetration of the moisture has been discovered to be at least two feet in post hole digging in this vicinity.

Heavy fog and light drizzle several days last week put near an inch of moisture in most area rain gauges. Clouds left a light mist falling Sunday night and Monday dawned clear. Early in the afternoon clouds came up from the west and left about 1-inch in local gauges. Heavier showers fell to the south of town and clouds to the west and north before dark indicated the probability of rain in that area. There was some lightning and thunder Monday night.

Tuesday dawned clear and warmer.

Many ranchers of the area are beginning or are well into lambing season and prospects are for a good crop of lambs with plenty of feed for the ewes to take them on after lambing time.

The skies stayed clear all day Tuesday locally, but thunderheads were visible in the north and west.

Skies were cloudy and overcast Wednesday morning with a light drizzle falling intermittently until brisk winds began to blow about 9 a.m. The remainder of the day was clear and colder.

Heavy winds did some damage in town Wednesday.

Pablo Parada Buried Here Last Thursday

Rev. M. Murillo, pastor of El Buen Pastor Methodist Church, officiated at funeral services last Thursday for Pablo Parada who died in Corpus Christi Monday. The Janes & Magill Funeral Home was in charge of arrangements and burial was in the Santa Rita Cemetery.

Miss Dorothy Scott played the piano accompaniment for Mary and Mine Barron and Mrs. Roy Eaton to sing the special music at the funeral services.

Pallbearers were Isidro Contreras, Gene Bernal, Raul Reyes, and Sabino Holguin, Jr., of Uvalde and Jose Fuentez and Roque Lopez of Sanderson.

Out-of-town friends and relatives here for the funeral services were Mr. and Mrs. Sabino Holguin and family, Mr. and Mrs. Chon Barron and family, of Uvalde; Mr. and Mrs. Alberto Calzada of Monahans; Mr. and Mrs. Selso Perez, and Mr. and Mrs. Samuel Moreno of Corpus Christi, Mr. and Mrs. Gabino Jasso, Mr. and Mrs. Pedro Sazenz of Fort Stockton; Mr. and Mrs. Roy Eaton of Hobbs, N.M.

Mr. and Mrs. Don Allen have bought and are moving into the house belonging to Mr. and Mrs. J. A. Gilbreath at 304 West Pine St.

Mrs. Max Bogusch left Tuesday for a visit with relatives in San Antonio and Mason.

Mud Companies Plan Installations In Dryden Soon

Word was received this week that three mud companies were planning warehouses in Dryden. The word came from reliable but unofficial sources.

It is understood that the three companies have leased land in Dryden and plan to erect warehouse facilities to store the mud.

The three companies that are understood to be operating in Dryden are Permian Mud Co., Mil White Mud Sales and Wm. Cameron Co.

The firm headquarters are in Odessa, Midland, and Waco, it is understood.

Fencing of R-O-W North of Dryden Begun This Week

Crews began work Monday on fencing the right-of-way in the road between Dryden and Sheffield. Present construction plans are for fencing from about four miles north of Dryden for 15 miles on one side of the road and 10 miles on the other side.

The fencing will go out to about the Vic Littleton ranch.

Proposed cost of the project of the commissioners is approximately \$675 per mile.

The construction of lane fences will eliminate about five or six cattle guards now crossing the highway in the 15-mile stretch.

The commissioners plan to extend the fencing as funds permit until the lane is completely fenced in Terrell County on the Dryden-Sheffield ranch to market route.

Field Day Tuesday At Balmorhea For Cattle Breeders

Some of Texas' top beef cattle research authorities will appear on the field day program of the Texas Agricultural Experiment Station at Balmorhea Tuesday at 10 a.m.

The field day will mark the end of the 17th year of performance testing of beef cattle at the station. There are 60 bulls and 33 steers in the current test.

The morning activities will be devoted to observation of the cattle on test and their records. After dinner the program will be presented.

Breeders with animals in the test include N. M. Mitchell.

Mrs. Roy Bogusch Hostess Saturday For Garden Club

The Sanderson Garden Club met in the home of Mrs. Roy Bogusch Saturday afternoon with seven members answering roll call.

Mrs. W. G. Downie brought an arrangement of daffodils from her garden to provide a decorative note for the living room.

"Color Harmony" was discussed by Mrs. Bogusch and Mrs. H. E. Ezelle reminded members of the custom of planting trees in observation of Arbor Day.

Mrs. Bogusch served frozen nut roll and pound cake with coffee.

Those present were Mesdames T. R. Arrington, W. G. Downie, S. L. Stumberg, H. E. Ezelle, J. J. Harkins, J. L. Whistler and two guests, Mrs. J. A. Mansfield and Mrs. Lloyd Cowan.

John Reininger Breaks Leg When Horse Falls

John Reininger received a broken leg Monday when a horse he was riding slipped on the mud and fell.

The accident occurred on the Downie ranch.

A cast was placed on the leg and will be worn for the next four weeks.

Brown-Bassett No. 1 Tests 122 Million Cubic Feet Gas, Hunt's Canon Well Plugged

Magnolia Oil Co. and Western Natural Gas Co.'s No. 1 Brown-Bassett on section 218, block Y in Terrell County has been finalized and testing is completed, according to information received this week.

The Ellenburger formation, perforated for almost 1,000 feet, was tested at 108,000,000 cubic feet of gas daily.

The Silurian formation, at a depth of about 12,400-500 has been tested at 15,000,000 cubic feet daily. This was the formation at which the fire occurred in July of last year and was expected to yield from 25- to 50-million cubic feet when tested.

The Ellenburger gas has been plugged off, pending future operations and potential production from a field later. The Ellenburger gas was a dry gas and production would necessitate the removal of the carbon dioxide, it was stated, and tubing to the Ellenburger will be installed as soon as production is deemed advisable, possible, or necessary by producers.

Tubing was run to the Silurian formation and valves installed.

Rig from No. 1 Brown-Bassett will be skidded to site of No. 2 Brown-Bassett, 1 3/8 mile southeast of present location as soon as weather and conditions permit. New site is ready for immediate operations as soon as the rig is moved.

No. 2 location is section 216 of Block Y.

Hunt Oil Co. No. 1 Bustin Canon has been plugged and ready to abandon, according to reports. Only 15 sacks of cement were used to plug the hole, according to information received.

Hunt's venture stuck drillstem at 14,759 and failed to recover approximately 300 feet of drillstem in prolonged fishing operations.

Local Teacher Gets Scholarship For Summer Study

Mrs. Lee Eggleston, mathematics teacher in the local high school, has been notified that she has been granted a scholarship to participate in a six-weeks' summer institute for high school teachers of science and mathematics at Howard Payne College in Brownwood. The scholarship amounts to \$744 and must be used for tuition and living expenses while in Brownwood.

Howard Payne College has been selected by the National Science Foundation to conduct a six-weeks' summer institute from June 2 through July 11 for high school teachers of science and mathematics.

The purpose of the program is to advance our science and educational program in order to more effectively meet the challenge of an ever-increasing need for technological personnel.

In order for a candidate to be eligible to apply for the scholarship, she must be recommended by her local superintendent.

Methodists Plan Supper and Program For Friday Night

The Methodist W.S.C.S. is sponsoring a spaghetti supper in Fellowship Hall Friday evening. Both Italian spaghetti and chicken spaghetti will be served.

Serving will begin at 5:30 and last until 7:30 when a program will be given. A film on Japan will be shown and Mrs. R. W. Wilkinson will tell of her recent trip to Japan. The program will last about one hour.

A cordial invitation is extended to everyone in the community to attend the supper and program. There will be a charge of \$1 per plate for the supper.

BIRTHS

Mr. and Mrs. A. L. Fawcett received word this week of the arrival of twin grandchildren. The babies were born in Augsburg, Germany, to Sgt. and Mrs. R. R. Brooks on February 18. Charlotte Ann weighed six pounds 3 1/2 ounces, and Charles Lee weighed five pounds 7 1/2 ounces. The Brooks have another child, a daughter.

A son, their second child, was born here on Sunday, February 23, to Mr. and Mrs. Frank P. Arredondo. His birth weight was six pounds and four ounces and he was named Frank Esqueda.

ger gas was a dry gas and production would necessitate the removal of the carbon dioxide, it was stated, and tubing to the Ellenburger will be installed as soon as production is deemed advisable, possible, or necessary by producers.

Tubing was run to the Silurian formation and valves installed.

Culture Club Program On Traffic Safety

The Sanderson Culture Club met Thursday afternoon in the home of Mrs. J. W. McKee.

Mrs. E. H. Jessup, president, read President Eisenhower's inaugural prayer to open the meeting. After the group had recited the Pledge of Allegiance to the Flag, they sang the song "God Bless America".

Reports of the officers and chairmen of standing committees were heard. Mrs. W. H. Goldwire resigned her membership in the club. Mrs. E. E. Farley, program chairman, introduced Sgt. J. Ross Kemp of Midland, safety sergeant for the Highway Patrol. He discussed Texas traffic laws and answered questions pertaining to traffic laws. Miss Diana Duke gave pertinent information when she discussed "What My Driver Education Course Has Meant To Me." The club lent support to a driver education course in the Sanderson High School and made a sizeable contribution to the department last year for supplies to make its function more efficient.

Mrs. McKee and Mrs. W. H. Savage served refreshments consisting of chicken salad, wafers, cookies, tea, coffee, mints, and salted nuts.

Those present were Meses: E. H. Jessup, A. D. Brown, T. R. Arrington, J. W. Byrd, H. E. Ezelle, Sue B. Moseley, W. J. Ferguson, L. H. Gilbreath, E. E. Farley, H. E. Ezelle, H. A. Smith, and C. F. Cox, a new member; also Mrs. D. L. Duke, Mrs. Sylvan Walker, and Mrs. Frank L. King, of Lafayette, Calif. guests.

The Bonhomie Club met Wednesday afternoon in the home of Mrs. Chester Boyd.

Those present were Meses: A. B. Gates, H. P. Boyd, Lewis Hill, John Carruthers, Jr., E. F. Pierson, and James Caroline. Mrs. L. H. Gilbreath was a tea guest.

The hostess served devil's food cake, tea, coffee, mints, and nuts.

Dr. and Mrs. L. N. Sanders and children were week-end visitors in San Antonio, meeting her parents who reside in Corpus Christi there for a visit.

Week of Prayer Being Observed By Presbyterians

The Presbyterian Women of the Church met Monday afternoon in Fellowship Hall. Mrs. C. C. Mitchell led the program on "The Church - God's Servant". She was assisted by Mrs. N. M. Mitchell who read scriptures from the Prophets on the subject.

"Let's Talk About - -" was on World Missions and was discussed by Mrs. David Mitchell.

The hymn "Fling Out the Banners" was the opening hymn and Mrs. J. W. McKee led in prayer.

A short introductory discussion on "World Missions" which she will lead during the Week of Prayer and Self-Denial this week was given by Mrs. J. L. Whistler. A meeting is planned for each afternoon through Wednesday with a book review on Thursday.

Mrs. John W. Byrd led the dismissal prayer.

During the social hour, Mrs. J. D. Nichols served applesauce cake topped with whipped cream with tea and coffee. Members present were Meses: J. W. Byrd, Roy Deaton, E. E. Farley, J. W. McKee, David Mitchell, Sue B. Moseley, E. F. Pierson, J. D. Nichols, C. C. Mitchell, T. R. Arrington, J. L. Whistler, N. M. Mitchell, H. C. Rock, and G. K. Mitchell; also two guests, Mrs. J. J. Rogers of Harper and Miss Winnie Mansfield.

Save 40 miles of walking!

get an **ELECTRIC CLOTHES DRYER**

Surveys show that a homemaker with a family of four walks 40 miles a year hanging clothes on the line. With an Electric Clothes Dryer, you simply swish damp clothes from your electric washer into your dryer and set the controls. Your clothes dry safely and automatically in precision-controlled electric heat... even cleaner, softer and fluffier than when dried on the line. And you save thousands of steps a year!

Picture yourself behind the wheel of this Plymouth Savoy—it's

THE LOWEST PRICED HARDTOP IN THE LOW-PRICE "3"!

Car "C" costs \$104 more—Car "F" \$49 more than Plymouth*

You wouldn't think it possible to find so much difference in the prices of similar models in the low-price "3"! But it's a fact that the long, low, graceful Plymouth Savoy costs far, far less than any hardtop made by the "other two"! Just ask your Plymouth dealer to show you the facts and figures.

And in the Plymouth Savoy, you get features—important engineering advances—that the others can't offer you at any price.

You get a revolutionary new suspension system as standard equipment in the Plymouth Savoy at not one penny extra cost to you! Torsion-Air gives you the world's smoothest ride—level at all times, with no nose-dive, no sway, no roll.

You get Total-Contact Brakes—safer, surer, smoother—exactly the same design as those used on America's costliest car!

You get crowd-stopping Silver Dart Styling that a leading auto magazine calls "... the newest, cleanest design!"

You get the biggest windshield, the greatest total glass area, the best visibility, and more over-all roominess and comfort!

But just words can't describe the Plymouth Savoy Hardtop. You've got to see it—sit inside it—drive it to appreciate all the advantages it offers at savings of from \$49 to \$104*!

TELEPHONE TALK

by Randy Cooper, Manager

Each year we send to our customers in Sanderson a post card asking for their frank answers to our questions about telephone service. These cards are not sent out to bring back words of praise. Certainly we are happy when we receive cards saying a customer is well pleased with his service or he finds our policies and practices fair. But what we are really after are those things which customers find irritating or annoying.

Some things cannot be helped. Such as when the bills are sent to you, or the need for a directory more than once a year. But from cards returned to us we get many helpful ideas that enable us to give better, faster, and more pleasant telephone service. So the next time you receive a card from us in the mail, how about jotting down that little pet peeve that's been bothering you, we might be able to do something about it!

AT YOUR SERVICE

Some friends of mine are high in their praise of the telephone for its dependability in practically any kind of weather, day and night. They're happy with their telephone service and we're glad they are. But we're not content to rest on our laurels.

To improve their and your service, new ideas to improve telephone equipment are constantly tested by telephone scientists. New methods are continually put to work to help your calls go through easier and faster. Behind the scenes, experienced telephone employees work "around the clock" to give you the best in telephone service.

These three reasons, new ideas, new methods, and new experience, are why telephone service never stops improving, yet remains easy on the family budget.

OUT OF THE PAST

I was thumbing through some old magazines the other day and found some household hints that had been published during the war years. One column suggested using an egg-timer to limit your Long Distance calls to three minutes.

I started wondering if anyone is still using an egg-timer out of force of habit. I hope not because you certainly don't need to.

Today, there are plenty of Long Distance lines. You can talk as long as you like and as often as you like. In fact, it's wiser to take your time on Long Distance calls and say everything you want to say. One six-minute call always costs less than two three-minute calls. The longer you talk, the less it costs on a per-minute basis. And, you save an additional one-third when you call station-to-station.

Call by number. It's twice as fast.

everybody if the people will do a little talking pro and con so that a cross-section of sentiment could be had.

It is hoped that opponents to the railroad's request for discontinuance of Trains Nos. 5 and 6 will be better prepared for the "mock" hearing that is scheduled in El Paso next month.

Those who heard the testimony presented and refused at the San Antonio hearing came away disgusted at the farce. It was said to be only a one-way hearing. No affidavits were admitted on the side of those opposing the

move, yet there was evidence on the railroad about everything from air travel to trucks. We should try to see that the members of the present committee be removed and try to get members who will at least hear both sides of a question to be decided.

Willie Grigsby of McCamey invited here last week-end with father, F. G. Grigsby, and mother, Mrs. Lee Grigsby.
