LISTEN TO LUKE

The basis of the story's not ours, but we changed the characters for local interest.

An old West Texan, not wishing to be dependent on family or friends, decided to set up a small business on a highway to appeal to tourist traffic. His business was a success and he prospered even though he was uneducated. His business was out of town, away from the reaches of radios, telephones and regular mail service. He was unable to read or write and transacted all his business on a cash basis. He did not know the operations of high finance, world economy did not interest him, and the national debt was unknown to him. He had not been interested in the politics of the nation, state nor county. But his business was a success.

He was able to send his only son to college on the proceeds of his business.

After the graduation of his son from college, the son came home to visit his dad. The son told him of the financial woes of the world and warned his father of a coming recession. He even had to explain the meaning of the word.

The old man became alarmed and quit buying so much merchandise, he became discouraged and took down some of the signs which advertised his business. He even began to talk gloomily of an approaching recession and of the high figures in the national debt to his patrons, not bothering to fill them with local folk lore and interesting palaver.

He decreased his services to the traveling public.

And a recession came!

Neither the father nor the educated son traced the real reason for the recession. Rather they blamed the stock market, big business, world finances and politics, and politicians and political parties.

Lack of interest in one's own business, and the lack of interest in the welfare of one's own customers can cause a recession or personal depression or the lack of business far quicker than all politics. Recessional actions can cause a recession to exist.

How much of a recession in business is the fault of the individual merchant?

What does do we bring on ourselves by our own actions?

Interest of big business locally and county-wide has increased in the past several weeks.

Information coming to us of the planned installation of three businesses in Dryden, the plans of a pipeline through the county, increased interest in various departments of the oil industry debate the possibility of a brighter future for this area.

Rains have continued to come and the blessings to be received from the beneficial moisture are limited in one respect, but unlimited in another.

Bright clouds loom on the horizons of the future for Terrell County citizens, whether or not they are connected with ranching, oil, or in business here.

Our neighbor paper, The Fort Stockton Pioneer celebrated its 50th year of publication last week and we extend happy birthday greetings to them. We also are glad to note our approval of the new appearance of their masthead, and other changes in typography.

Having been closely associated and acquainted with George Baker, publisher, since 1931, we are

Roadrunners Lose Sub-Region Tilt To Junction 38-30

The Sanderson Roadrunners wound up their cage season Monday night with the loss to Sonora in the sub-region tilt. The score was 38-30.

The two teams met on the hardwood in Ozona and a large following of fans accompanied the girls to the gym.

Sanderson led part-way in the final period but were unable to maintain the lead. It was a nip and tuck ball game most of the way with never over seven points separating the two teams.

Girls participating in the game were Olga Alvarado, Diana Duke, Angie Salinas, Kathleen Robbins, Linda Shurley, Anabella Flores, Natalia Chalambaga, Jessie McDonald, Patty Gray, and Gwen Carter.

The score by periods:—

| | | | | |

| Junction | 6 | 14 | 28 | 38 |

Girls who played their last game with the roadrunners were: Diana Duke, Olga Alvarado, Trudy Jones, and Jessie McDonald.

MORE OR BIGGER CADS OPERATE HERE

To top the action of recent cads one would have to search long and hard — in Sanderson or elsewhere.

A March of Dimes card was reported stripped at a local service station last week.

To cap it off, the theft of two containers put out by local Future Homemaking girls was also reported by two businesses. The containers were put out to collect 1c votes for the most popular girl of the organization.

The property is owned by a daughter of the Jansas and she plans to retain the lot.

Light Rains During Past Week Help Area Ranges

Rain during the past week aided the chances for a better spring for the ranchmen, a better opportunity for prettier yards locally and the general disposition of everyone in general.

Friday night of last week, some ranchmen to the north of Sanderson reported about 2-inch of rain and one ranchman said he had a small cloudburst of short duration.

Another rain of equal size came over about the same area Saturday night, but extended into most all parts of the county.

Sanderson and all of this immediate vicinity reported about 1 or 2 of rain Saturday night.

West of Sanderson in Pecos and Brewster Counties some snow fell late Saturday afternoon and was accompanied by sleet and light mist.

Monday night a light shower fell, leaving almost 1-inch of moisture in local gauges. Heavy fog was seen Tuesday morning and light mist fell until about 9:30. The sun shone intermittently Tuesday through the heavy overcast.

NEW TYPE FACE FOR TIMES

The Sanderson Times has a new type face adorning its pages this week. It's the type you're reading now. The type is a little broader than our previous type, and a little shorter in height, leaving a slight amount more of space between the lines, to make for better legibility, we hope.

The name of the new type is Corona.

The type has another advantage, that is in the use of small headings, such as is on this story, our new type affords us the opportunity of having all headings with sans-serif type or type that does not have the slight extensions from the stroke ends.

We hope that you approve of our new type and find it a little easier on the eye.

CHOCOLATE ANYONE?

We got a one pound box of milk chocolate filled with roasted almonds this week. It's the world's finest chocolate — we know that's right because it's made by the World's Finest Chocolate, Inc., in Chicago, and that trademark is registered.

We don't mind giving them a little plug in gratitude for the chocolates. If anyone else has a product they want plugged, just bring a sample around and we will give a like amount of plug.

Pipeline Slated for Gas Flow From Brown-Bassett Wells

Word was received this week of a 30-inch natural gas pipeline to run from Val Verde County to Los Angeles, Calif. The proposed gas line will take gas from the area recently opened in eastern Terrell County by the Western Natural Gas Co. and Magnolia Petroleum Co.'s No. 1 Brown Bassett gasser.

Production of the B-B was previously reported to be 122-million but the report was erroneous due to the fact that operator had not indicated choke at time of testing.

Figures released this week are that the Silurian will produce 75,000,000 cubic feet daily, absolute open flow. The previously reported figure of 108,000,000 cubic feet of gas daily from the Ellenburger was an accurate figure and one reported by the operator.

Total potential of the Brown-Bassett No. 1 then would be 183,000,000 cubic feet daily from both the Ellenburger and Silurian.

The proposed line will run from eastern Terrell County to the Puckett Field area of south-east Pecos County and on across Texas and to the Pacific Coast.

The line is expected to cost in excess of \$200-million and will have an initial capacity of 350-million cubic feet daily.

Construction of the pipe line is scheduled to begin this fall, pending obtaining the approval of the Federal Power Commission for construction.

Plans are for the line to make deliveries to the west coast by the end of 1959.

Owners of the pipe line will be Transwestern Pipeline Co., with headquarters in Houston, and it will be a subsidiary of the Monterrey Oil Co., with headquarters in Los Angeles, Calif.

WWI Veterans To Be Honored By Local Legion

All members of the local post are urged to attend this meeting, but a special effort will be made to get the World War I veterans out when tribute will be paid them for their untiring efforts in the years past as they struggled for the maintenance of the veterans' organization and for the benefits that all veterans now enjoy.

Barbecue supper will be served. "It is hoped that Dist. Commander Bill Lowry of Odessa will be at the meeting." Post Commander Monte Goode said.

Mr. and Mrs. Collins Coates were honored last Thursday afternoon when a group of relatives and friends gathered at their ranch home, the occasion being their fiftieth wedding anniversary.

About 55 guests called between the hours of 3 and 5.

Col Coates and Nettie Perry were married in a quiet wedding ceremony on February 27, 1908, in the home of the bride's parents, Mr. and Mrs. A. A. Perry, in Ozona. They came to their Pecos County ranch where they still reside in 1929. Ill health and failing eyesight have caused Mr. Coates to retire in recent years.

The Coateses have two children, P. C. Coates, Jr., of Van Horn, and Mrs. Louise Coates Pyle of El Paso. They also have two grandchildren, Barney Pyle of Lubbock, and Pamela Coates of Van Horn.

Arrangements of daffodils, chrysanthemums, and gladioli in cream and gold tones decorated the Coates home.

The tea table, covered in a natural linen Italian cutwork cloth, was centered with an arrangement of yellow rosebuds and gilded eucalyptus leaves in a silver bowl. Gold tapers in silver holders were to each side.

Heinatz-Moore Wedding Saturday In Baptist Church

Miss Maida Moore, daughter of Mr. and Mrs. T. O. Moore, became the bride of Larry Kinser Heinatz, son of Mr. and Mrs. Kinser Heinatz of Marble Falls, in a double-ring ceremony at 4 o'clock Saturday afternoon in the First Baptist Church of Sanderson.

Officiating was Rev. Clifford Spencer, pastor of the First Baptist Church of Wink, an uncle of the bride.

White wicker floor baskets filled with white stock and greenery formed the focal point of the altar decorations with a white lattice entwined with ivy and seven-branched candelabra in the background.

Miss Shirley Heinatz of Austin, sister of the bridegroom, was pianist and Miss Patty Gray the soloist, singing "O, Perfect Love" and "Wedding Prayer".

Entering with her father who gave her in marriage, the bride was gowned in white embroidered crystalline fashioned with a fitted basque waist, with short sleeves and oval portrait neckline. A tracery of embroidered pearls outlined the neck and the bottom of the boffant skirt. Her mitts were of embroidered crystalline. Her veil of illusion was attached to a coronet of pearls and leaves of tulle. Atop her white Bible was a white orchid surrounded with a shower of lilies of the valley and satin ribbons and bows.

Mrs. Marvin Wood of San Antonio, sister of the bride, was the matron of honor. Bridesmaids were Miss Glenda Hensley of Houston, Miss Tommy Kay Parisher of Ozona, Miss Barbara Spencer of Wink, cousin of the bride, and Miss Bobby Roberts of Austin.

They were attired in green crystalline over taffeta. Their gowns were designed similar to the bride's with a large veil of green tulle attached to their tiny hats of crystalline, in picture-hat effect. A white mum was attached to the lace fans which they carried and they wore short white gloves and white shoes.

Best man was the groom's father and groomsmen were Tommy Trlica of Dallas, cousin of the bride, George Jett of Somerset, Louis Trlica, uncle of the bride, and Marvin Wood of San Antonio, the bride's brother-in-law.

The candles were lighted by Buddy Moore, brother of the

bride, and her cousin, Sharon Trlica of Dallas. Sharon's dress was of pink tulle over taffeta.

Sherry Spencer was the flower girl and Terry Spencer the ring bearer. They are children of Rev. and Mrs. Spencer.

Following the wedding, a reception was held by the bride's parents in the fellowship room of the church. Miss Liz Massengill, Miss Colleen Pierson, Miss Barbara Gates, and Miss Fran Dobbins presided at the guest book. The young ladies are college friends of the bride.

The bride's aunt, Mrs. Louis Trlica of Dallas, served the punch. The three-tiered cake, iced in white and decorated in green roses and leaves, was served by another aunt, Mrs. Clifford Spencer. Also assisting in serving were Mrs. James Word, Mrs. O. D. Gray, and Mrs. H. G. Cates.

For traveling the bride wore a suit of white silk and linen that she had designed and made. She also wore a red print blouse, red shoes and bag, and a white hat and gloves.

Mr. and Mrs. Heinatz came by Sanderson Tuesday from their wedding trip to Clouderoff, N.M., and left Wednesday for San Marcos where they will reside. Both will enroll at the Southwest Texas State Teachers College there for the summer term to continue their education.

The bride is a life-long resi-

dent of Sanderson. She graduated from the Sanderson High School in 1957 and attended SW TSTC last term.

Mr. Heinatz, a graduate of the Marble Falls High School, has completed two years of service with the U.S. Air Force.

Among the out-of-town relatives and friends attending the wedding were John, Bill, Sally, Susie, and David Spencer of Wink, Rev. Gene Medaris of Ft. Worth, Miss Lela McKenley of Pearsall, Mrs. John Roberts of Austin, and Mrs. Tom Parisher of Ozona.

Kenneth Stutes, Texas Western student, is spending this semester at home.

SHEEP AND GOAT RAISERS TO MEET MARCH 10 AND 11

SAN ANGELO — The second quarterly meeting of the Texas Sheep and Goat Raisers Association will be held in College Station, Monday and Tuesday, March 10 and 11. T. A. Kincaid, Ozona, TS&GRA president announced here.

"This is a two-day meeting," Kincaid said, "with Texas A&M College officials using all of Monday to show the visitors the type of work being carried on that is of interest to them."

Association officers will report on activities in Washington where all out efforts are being made by the National Wool Growers Association for extension of the Wool Act of 1954. President Kincaid and Secretary Williams recently spent ten days here on this business.

"Of particular interest to the women will be a style show at 3:00 p.m., Sunday, March 9. Both Miss Wool as well as several young ladies from Texas Women's University will model wool and mohair garments," Kincaid said.

Expenditures —

tion, National Wool Marketing Corporation, National Grange, National Farmers Union, National Livestock Producers Association, National Lamb Feeders Association, and the Pacific Wool Growers.

The budget set aside by the American Sheep Producers Council, Inc. for the fiscal year July 1, 1957 through June 30, 1958, includes: Board of directors, \$27,000.00; administrative \$88,000.00; Equipment, \$2,000.00; education and information \$73,000.00; wool promotion \$800,000.00; lamb promotion \$1,153,000.00; total \$2,143,000.00.

The receipts and disbursements of the American Sheep Producers Council, Inc. for the period Sept. 12, 1955, through December 31, 1957, include:

The income from incentive payments on the 1955 wool clip were \$3,098,903.88, and from the 1956 wool clip were \$2,000,000.00; miscellaneous income was \$52,910.45; total income \$5,151,814.33.

Disbursements were: Directors, \$50,612.57; administrative \$139,643.89; education and information \$59,317.91; lamb advertising and promotion \$1,531,043.80; wool advertising and promotion \$1,158,819.24; equipment, \$15,688.17 or a total expenditure of \$2,955,125.58; leaving an excess of \$3,196,688.75.

Stumberg stated that it was his opinion that the program had accomplished much for the wool and lamb producer during the two years it had been in operation. It had steadied the lamb market to a great extent and had increased demands for woolen goods.

He stressed the fact that the money to finance the incentive payment program came from the tariff on imported wools and the money for the lamb and wool promotion programs came from the withholding of the money from incentive wool payments to the producers, as authorized by a referendum vote two years ago.

Mr. Stumberg stated that he had stayed well-informed on the various phases of the program because of his position with the American Wool Council, and added that he would be glad to answer any questions possible on the program.

He stated that on a nation-wide scale, almost all of the member organizations and the members had been well pleased with the results of the promotional program.

Fort Stockton, along with the Pioneer, or vice-versa, have grown by leaps and bounds during the past decade. Many advancements, improvements, and changes have taken place in both.

We can remember only too well when The Pioneer was printing a regular 8-page format of seven columns in width. But Fort Stockton was little more than a four-horse town then, too.

Times change, and so should things.
