City Retires Last Of Old Bond Issue

The junior cowboys will test their mastery over the four legged animal at the second annual Friona Junior Rodeo Friday at 8 p.m. in the Jaycee arena west of town on Highway 60.

The events may be entered by anyone between the ages of 14 and 19.

Night performances are scheduled for Friday through Sunday at 8 p.m. and one evening performance Sunday at 2 p.m.

At least one round of each event—bull riding, bareback riding, tie-down and ribbon roping, girls' barrel racing, girls' pole bending and a calf scramble—will be conducted each performance, according to R. D. Smiley, president of the Friona Jaycees, sponsoring organization.

An entry fee of \$10 for each event with two rounds per event will be charged.

"From the way entries are coming in, it looks like we will have a full roster (18 entrants) in all events," Smiley said.

The calf scramble will be for persons 12 years old and under. Prizes or trophies will be awarded the top three winners at each performance.

The girls' pole bending events will be restricted to ages 13 and under. Two prizes will be awarded at each performance.

Stock will be furnished by Ratjen Brothers of Happy, Texas.

Admission will be \$1.50 and \$7.75.

Bond burning ceremonies at the city hall Thursday marked the end of the last of the City of Friona Refunding Bonds, series of 1945.

The last three of the thirty-five \$1,000 bonds which replaced bonds valued at \$41,500 issued in 1931 were redeemed by the city last week.

The original issue of bonds required the payment of six per cent interest when issued. The balance of the 1931 issue was replaced by bonds drawing four and one-half and five per cent interest in 1940. The balance of the 1940 issue was replaced with the 1945 issue of \$35,000 at three per cent interest, which is the lowest rate for such bonds shown on current records of the city.

The bonds were originally issued to finance city improvements and in particular, to expand the water system. Retirement of the bonds was due on April 10 and were reclaimed

at the Friona State Bank on April 19.

Glenn Reeve, alderman, was mayor of the city at the time the bonds were issued in 1945. He and Mayor Raymond Fleming were present at the bond burning ceremony. Zola Lee Foster signed the bonds as city secretary when they were issued.

At present, The city shows a bonded indebtedness of \$327,000 after payment of the 1945 bonds.

The breakdown of the city budget shows allocation of 49 cents of each tax dollar for the purpose of retiring the bonded indebtedness of the city. Only 7 cents of each tax dollar had been appropriated for payment of the 1945 bonds. Eight other bond issues beginning in 1949 remain to be retired, according to the budget. The last bond issue was in 1956 for street improvement in the amount of \$33,000.

Absentee Voting Deadline Nears

Less than one week remains to obtain and complete an absentee ballot for the primary elections on May 5.

Qualified voters of Farmer County may obtain the ballot from the county clerk, Hugh Moseley, at the county courthouse in Farwell at any time prior to May 1. The ballot must be completed and returned to the clerk's office before midnight Tuesday.

Ballots may be obtained and returned by mail or may be picked up and completed in person if the voter will not be in the county on election day.

As of Tuesday morning, 18 absentee ballots had been filed for with the county clerk. A total of 91 absentee votes were cast in the November elections last year.

Baseball Starts City Park Remodeled

The Irrigation Belt league will officially open its 1962 baseball season Sunday at 2:30 p.m. when the local nine meet the Silverton team on Reeve Field here.

The team has been working out for the past two weeks.

The city park has been receiving a complete face lifting the past few weeks. First, it was given a haircut. All the trees were pruned and the brush hauled away. Then, the old, irregular turf was chiseled and dis-harrowed. The entire area was then leveled and 600 pounds of fertilizer was applied to the fresh-turned soil.

Last, 100 pounds of grass seed were sown and water sprinklers set to work. And the entire operation cost less than \$400. The groundwork was contracted for \$300.50.

As a result, the park is expected to again become the inviting spot once the pride of the city.

Mrs. Cummings Named PTA Prexy Again

Mrs. Doyle Cummings was re-elected president of the PTA Thursday night at the organization's meeting at the high school.

Mrs. Curtis Murphree was elected vice president to fill the vacancy left by Mrs. Dalton Caffey who asked to be released from office.

Mrs. I. T. Graves was re-elected secretary and Mrs. Lee Renner retained the treasurer's position.

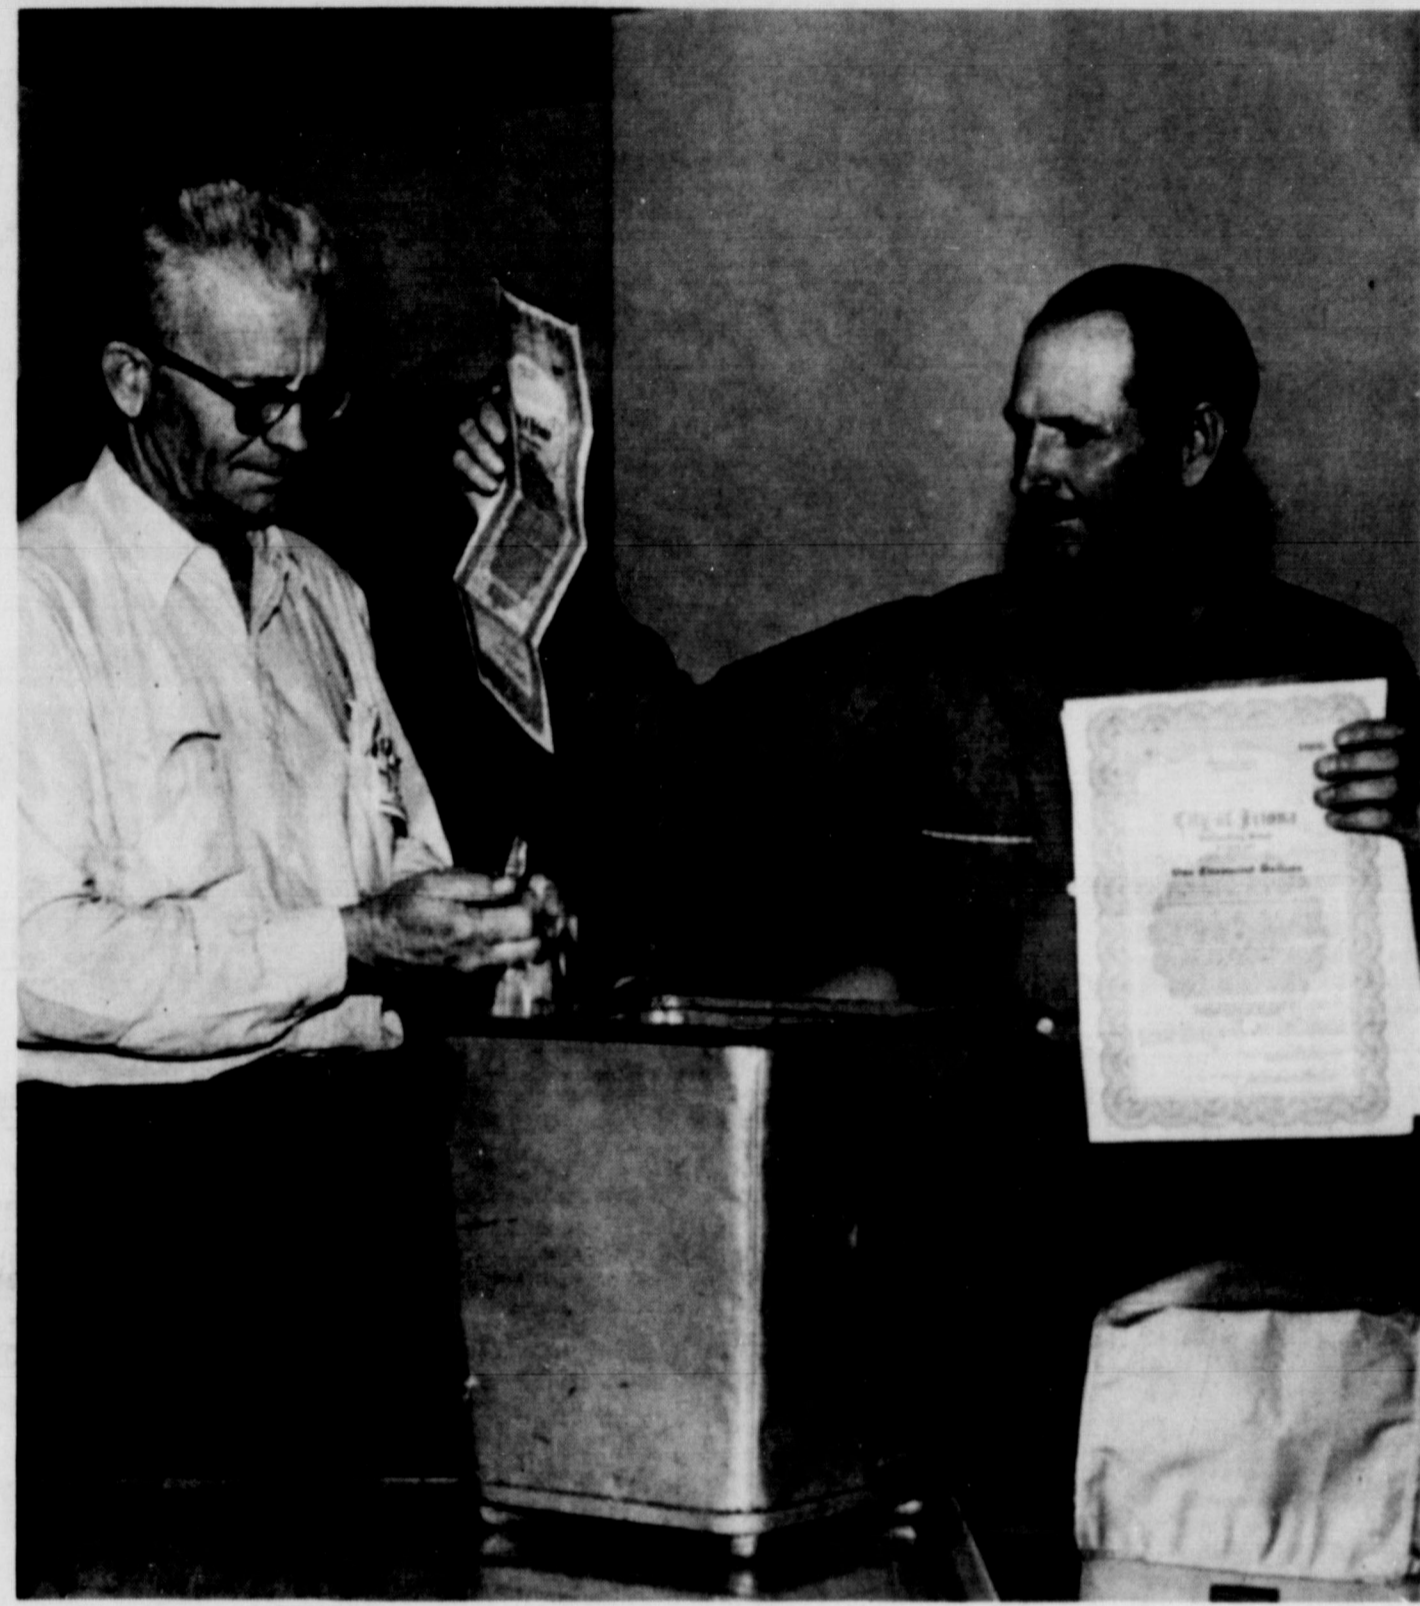

Kenneth Livingston and one of the classes presented skits as entertainment for the meeting.

Brewer Named Registrar For Draft Board

County Judge Loyde Brewer was appointed registrar for the selective service board for this area last week.

The board is headquartered in Hereford but young men may now register at the courthouse in Farwell. Every man is required to register with the local board within five days after becoming 18 years old but he is not allowed to register before that time.

Brewer's appointment was effective April 17.

Flames leap above the top of the waste basket as Glenn Reeve holds a burning lighter under one of the 1945 series city bonds at the bond burning last Thursday. Mayor Fleming holds the bonds. Reeve was mayor when the bonds were issued.

Candidates Under Fire Tonight

Candidates for state Senate and Representative offices will meet in Friona tonight for a "Meet the Candidates" program sponsored by the Farmer County Farm Bureau.

Senate candidates Andy Rogers (D), John Zahn (R), and representative candidates W. B. "Bill" Millen (D), Bill Clayton (D), Bascomb Nelson (D), and J. Frank Ford Jr. (R), have agreed to participate in the program in the high school auditorium at 8 p. m.

Each candidate will be given two minutes to state his views on questions submitted by Farm Bureau.

War Declared On Mosquitoes

Spraying of Dieldrin compound for mosquito control on all lakes and ponds within two and one-half miles of the city began yesterday.

The city contracted with Elvie Jennings at Benger Air Park to complete the spraying in an effort to prevent severe mosquito problems later in the year.

The compound is supposed to kill the mosquito larva before they escape from the ponds and will remain effective for some time.

City residents are reminded to remove or destroy possible breeding places for mosquitoes as a part of Clean-Up Week activities this week. Spraying and other methods of control will not prove effective unless the breeding spots are treated or destroyed.

Mr. and Mrs. W. F. Coffman and children of Rotan were weekend visitors in the home of Mrs. Arma Coffman.

Board Optimistic On Co-Op Gin

Board of directors for the proposed new Farmers' Co-Op gin reports that over \$30,000 have been raised for the installation of the gin.

The board members have begun checking blueprints and consulting different authorities in connection with the actual installation of the plant, according to Keith Brock, board member.

Golf Contest Extended Here

The city golf tournament originally scheduled for last Friday through Monday was extended through next Sunday because of the large number of people who were out of town over the Easter weekend, according to Joe Coronada.

Entrants will have through Sunday to complete the 54 hole medal play.

1st GRADE DISMISSED

Pre-School Children Visit School Friday

The first grade class of 1963 will experience their first day of school Friday while the present first grade class enjoys a holiday.

The children scheduled to begin school next September will visit the school Friday to get acquainted with the teachers and buildings. Regular classes of the present first grade will be dismissed and the students may remain at home that day, according to Superintendent Alton Farr.

Some 110 children are expected to spend the day at

the school. They will arrive at the regular school time in the morning, eat at the cafeteria and unless met by the parents, return with the school bus in the afternoon. Parents may pick up the students at 2 p.m. A charge of 30 cents will be made for the noon meal in the cafeteria.

Children will rotate between the different rooms and teachers so that they may have a chance to become as familiar as possible with the school and teachers. Parents will not accompany the students for the day.

Several members of the high school Homemaking class will assist the teachers with the youngsters during the day. They will help move the pre-students from room to room and accompany them to the cafeteria.

An additional first grade class will be added to the school next year in order to take care of the increase in the number of students. A total of 107 was reported on the school census and several children have moved to the district since the census was completed.

Bob Zeutsche (top) and Don Smiley tighten the bolts in the calf chute in preparation for the second annual Friona Junior Rodeo which begins Friday night at the arena west of town.

"I have ever held it a maxim, never to do through another what it was possible for me to do myself."

...Montesquieu

From what people tell me, there is only one big event left for me to live through now - becoming a father.

I managed to live through the next to last event last weekend. I stood in front of the preacher and said "I do." It didn't seem like such a big chore at the time, but from all the advice which I received from the experienced around here, I am sure that I must have missed somewhere.

If the next event is no more trouble than the last, life will be pretty smooth. Of course, I sure do appreciate the speed and brevity with which the preacher performed the ceremonies.

I have attended numerous weddings in the past as a photographer for the couple. In fact, I could just about recite the basics of most of the rites used by several faiths. But, the first double wedding which I attended happens to be one in which I was one of the principal parties.

The only incidents in connection with the day came when my best man and one of the ushers blazoned my car with lipstick and soap and later when the one person who knew where we would be--my new brother-in-law--called us on the phone shortly after midnight Sunday night.

I thought it was somewhat of a dirty deal, but maybe it will serve as a lesson in misplaced faith in the human race and individuals in particular.

I guess we got off light at that.

- TH -

I would like to make a plea to all of my readers to make a special effort to read the political stories in next week's issue. I am going to attempt to weed the facts from the fiction and include a story on a number of the major candidates which must be voted upon in the primaries next week.

I think we have a number of good men vying for office and will give their qualifications as best as possible.

It is my opinion that each individual has the responsibility to learn as much as possible about each of the candidates and make his choice on the basis of his knowledge alone. I believe it would be a mistake for anyone to vote for a candidate simply because someone with some authority said that it was the best thing to do.

I am trying to say that I do not believe it is my place or anyone else's place to try to tell any voter how to vote. In my case, it is my duty to present the qualifications of the candidates as fairly and fully as possible so that each voter may have the information with which to make an intelligent decision at the polls.

If it becomes obvious that any one of the candidates for an office is far better qualified and will fill the office with more integrity and justice than all other candidates for the office, then I must say so editorially. But, if the scales are very nearly balanced between the candidates, the decision will be a difficult one to make and the facts and facts alone should tip the scales to one or the other.

I have only two concerns--that all eligible persons vote and that they vote intelligently according to their sincere beliefs and wishes.

I may find that I am wrong. But I sincerely believe that the press does not HAVE TO endorse a candidate in order to get the best man in the office. I believe that too many of the decisions are being made for people and that they should be required to make up their own mind after learning the facts--as completely as possible--and cast their vote on this basis.

I am not saying that it is wrong or undesirable for a newspaper to endorse a candidate for office. I am saying that I do not think it is a must and that in many cases, Democracy and the people would be better served if the people were

County Gives \$750 To VFD

Parmer County Commissioners approved the payment of \$750 to each of the three fire departments in the county at the regular court meeting Monday.

The appropriation was made to help the departments repair equipment or purchase new equipment in return for answering calls from outside their city limits. The departments are in Farwell, Bovina and Friona.

The majority of all calls answered by the departments originate on some farm or area well outside the city.

The court also approved the treasurer's report for the first quarter of the year, approved the minutes of the last meeting and authorized payment of the April bills.

MUSIC HATH CHARMS to soothe the supermarket shopper and get him or her to buy more than in a non-musical atmosphere, according to a study conducted by Cornell University in Ithaca, N.Y., stores. Eight out of 10 shoppers like the music, the survey showed. They like it clearly audible but not distracting, and mostly in the light classical or moderately popular vein.

CASTIN' --

presented with information on each candidate and required to make their own choice--which is their right and responsibility in the first place.

From time to time, I and the STAR, will endorse a candidate for office. But it will be the result of considerable study which leads to a sincere belief that the man is far the best one for the office. For my part, I will make every effort to prevent personal prejudices from entering into any such decision.

For the past three months, I have been gathering and evaluating information concerning the candidates for major offices which affect this area. This information will be the basis for the stories in next week's issue.

If you never read another item in the STAR, please read these before going to the polls. They may be of some help in making your decision, I hope so.

Editorial Comment:

Censorship By Taxation

The 1962 tax bill, now before the Senate, would authorize deduction from income tax of ordinary expenses incurred in bringing to legislators information of direct interest to the taxpayer. This is a needed clarification of the law. It would, for example, allow a businessman tax deductions for expenses involved in opposing legislation that would damage or destroy his business.

However, it limits his appeal and advice to telling his story to legislative committees or legislators. It shuts him off from telling his story to the public - or if he does, he will be taxed on the cost of doing so.

Why the public should be shut off from information that can be freely made to legislators is hard to fathom.

Various groups of editors and publishers, including the American Newspaper Publishers Association, have urged the Senate Finance Committee to broaden this provision of the tax bill allowing tax deductions for appeals made directly to the public by affected taxpayers on legislative matters either before legislative bodies or before the voting public which acts as a legislature of its own in referendums.

It is hard to believe that Congress is about to pass a law which says that when a taxpayer's interests are directly involved he can make his views known to legislators but not to the public. In other words, he can talk to the former without penalty, but not the latter. This is nothing less than censorship by taxation.

As Paul Manns, editor of the Bowling Green (Va.) weekly, *Caroline Progress*, told the Senate Finance Committee: "Informing legislators is deductible but informing the general public or, more importantly, correcting misinformation to which the general public has been exposed is not deductible."

And M. W. Armistead III, publisher of the Roanoke (Va.) *Times and World - News*, termed the provision of the bill an "encroachment of the government on the people's right to information affecting the public interest."

This is an issue that strikes at the right of a citizen to petition his government. It restricts freedom of speech and a free press.

The ultimate decision of Congress on this critically important bill is very near. The time has arrived when, in the strictest sense, citizens who resent encroachment on their traditional freedoms must "speak low (to their Senators) or forever after hold their peace."

DISARMAMENT "EXPERTS" NOW TELL US we can cut our defenses 30 percent and still lick Red China in a shooting war. And Russia, too?

We'd rather hear the opinion of our military experts - or use what we've got to hold down the USSR while Chiang's boys have a try at Mao.

We are not persuaded that Uncle Sam can let down his . . . er . . . guard without inviting a kick where he is exposed.

Robbers, Thieves Caught Last Week

Four weeks of peace and quite came to an abrupt end for the county law officers last week as burglars, robbers and car thieves invaded the county. Sheriff Charles Lovelace and his deputies picked up three persons April 17 who were wanted in connection with robberies in Clovis that day. Joe Lee Harrison, 22, James Williams, 22, both of Taylor, Tex., and Doris Brown, 18, Lubbock, all Negroes, were picked up by Lovelace and Deputy Henry Minter of Bovina on the Pleasant Hill road four miles west of Bovina. After Clovis officials notified Lovelace of the robberies and gave him a description of the car in which the three per-

sons fled, he set up roadblocks at Farwell and Bovina, then drove with Minter out the Pleasant Hill road and met the car. The sheriff and deputies, Tom Atkins, Minter and Bill Morgan brought the three to Farwell where they met peace officers and witnesses. The trio was identified and immediately signed waivers of extradition to be returned to Clovis.

Two drive-ins were burglarized and two cars were stolen in Bovina April 16 to begin the search which lead to the solving of an impressive list of crimes in this area.

All four of the Bovina incidents were reportedly committed by the same twoparties. A 1959 Ford was taken from in front of the Super Saveway apartments between 1 and 2 a.m. Tuesday. Witnesses reported seeing persons in a 1960 Ford stop and take the other car,

according to Lovelace, but did not realize that the car was being stolen.

The 1960 Ford was found containing several items from the burglaries Tuesday morning abandoned on a dirt road 200 yards east of the State Line Road four miles south of Farwell. It has been smashed and "shot full of holes." It was stolen earlier in Portales. The 1959 Ford was recovered Wednesday when officials picked up two negro juveniles in the car in Midland.

Wilkie Lee Alford, 17, Clovis, and a 15 year old Clovis youth, were reported to have implicated four other persons in similar acts recently, including nine car thefts. Three of the thefts were in Parmer County while the other six were in Portales and Clovis, according to Lovelace. The other four are in Clovis jail at present.

The couple was also reported to have committed a burglary in Melrose on April 16 and escaped with several guns, some ammunition, radios and other items.

They were brought before Judge Thornton on charges of car theft and burglary and bound over for the grand jury with bond set at \$2,500 each.

Experience is usually hard to beat; but obviously not in the driver's seat.

Something To Think About
8th. Street Church of Christ
Box 515 -- Friona, Texas

Most people are conscious of a higher power and realize that they have certain obligations to that Supreme Being. And it would seem that most of us make some effort to please the Almighty. Unfortunately, there are many times when this effort is fruitless and ends in failure and disappointment. It is not then the part of wisdom to give some very careful consideration to some of the causes of this failure? We need to diagnose the case, find out what is wrong, and then apply the necessary corrective measures. There are times when we fail because we choose the wrong thing to do. Whatever the motive may be, if it is wrong we will not succeed. On the other hand we may fail because we are following the wrong guide. Man's wisdom at best is limited, consequently the directives of councils, synods and conventions are fallible and the creeds that they write are subject to error. This is such a tragic mistake because we have in our possession the gospel of Christ which is the perfect law of liberty, (James 1:25) and it furnishes us completely unto every good work. (2 Tim. 3:16-17) Furthermore, this "perfect law of liberty" will be the law under which we are judged rather than some work of man. Other reasons for failure are selfishness; wrong motive; pride and many others. Whatever it is, it need not be, because the Lord has made success possible.

EASTER TRANSITION

Even Easter bonnets and Easter gowns undergo transition after Easter Day is past. Next Sunday they will be no less lovely and attractive, but soon "my new Easter bonnet" will be "my Sunday bonnet." And after that, just "my hat." This transition is not an unhappy one nor undesirable. It takes a little more than one day's wearing for a hat or garment to merge into the personality of the wearer.

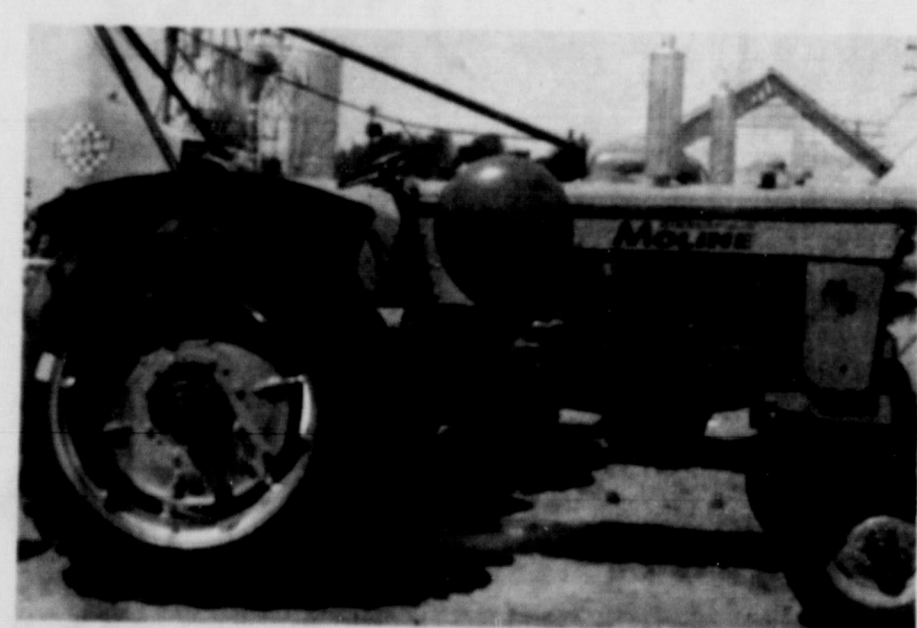

Easter Day itself, by transition, becomes the Lord's Day. Christ arose on the first day of the week. This brought about the transition from the last day of the week, being the Jewish Sabbath, to the celebration of the first day, being the Christian Sabbath. Guess some of our friends have not made the transition yet as we only see them in church on Easter Sunday, and the rest of the time you can find them almost anywhere except in church.

Every Sunday should be Easter Sunday by a remembrance that Christ is risen. The risen Christ of Easter becomes the daily presence along every road and in every experience of life. He fulfills His promise, "Lo, I am with you always."

The Easter memory and the Easter transition should fill all worshipers with joy as they gather in the sanctuary on each Lord's Day.

Legionnaires Attend Convention

Several members of the local American Legion post will attend the 18th District Convention in Hereford Saturday and Sunday. New officers will be elected for the district in elections Sunday morning. Candidates will begin campaigning Saturday during the first day of the convention.

A dance will provide a chance for area delegates to get acquainted Saturday night and officers will be installed Sunday afternoon.

Delegates from Friona will be required to be certified before they will be eligible to vote in the elections. J. P. Sims, adjutant, has certification papers for members who have not yet been certified. Any member may attend the convention as a certified delegate, but must be certified before Saturday afternoon at 5 p.m., according to Sims.

FHA hostesses serve sandwiches, cookies and punch to members of the eighth grade planning to enroll in the Homemaking I Class this fall, and their mothers as special guests. Pictured are (L) Julia Dennis, Linda Davis, Sheryl Long, Karen Osborn, Sharon Dean, Carol Struve and Merylene Massie.

Teas Compliment Mothers

Of Homemaking Girls

The fifth hour homemaking III class complimented their mothers with a tea in the Home Economics entertaining room Thursday, April 19.

An Easter theme of rainbow colors decorated the room and table setting. Lime sherbert and ginger ale punch and cakes were served to guests.

Attending were Mrs. W. A. Cochran and Kay, Mrs. T. E. Parson, Mrs. Ralph Roden, Mrs. W. F. Buske and Mrs. James B. Collier.

Hostesses were Jerre Cochran, Latha Russell, Wanda Ready, Jere Buske, Gayle White, Patty Fallwell, Pam Roden, Brenda Collier and Mrs. Valoris Osborn.

"Through The Years" was the theme of an informal tea of Homemaking III Class members that entertained their

mothers April 20 from 1 to 2 p.m. Figures dressed in graduation caps and gowns and pictures of class members from first grades through the 12th centered the serving table. Other decorations carried out the school colors, red and white.

Punch, cake, mints and nuts were served to Mesdames Ray Castleberry, Russel O'Brian, Ella Faye Holcomb, Clyde Fields, C. E. Phillips, C. W. Wright, Nelson Welch, Cecil Floyd and Newell Harper.

Under the direction of Mrs. Valoris Osborn the following girls prepared and served the refreshments: Linda Castleberry, Karen O'Brian, Peggy Holcomb, Donna Fields, June Phillips, Janice Wright, Mikie Welch, Clarissa Floyd and Suzan Harper.

BE SURE YOU GET THE BEST LUMBER - -

ASK FOR SPIB 77

What Does SPIB Mean?

These are the initials of the Southern Pine Inspection Bureau. When they appear on lumber, it means that lumber has been skillfully manufactured, properly seasoned, expertly graded and inspected... to give long, satisfactory economical service.

In your home improvement plans - - be sure you get the BEST lumber for future satisfaction and peace of mind. Since lumber in construction ordinarily represents less than 10% of the total cost - - yet the entire structure depends on it - - it certainly doesn't pay to skimp on quality. Let us provide you with plans, financing, and all your building materials, including KILN DRIED, inspected, and graded Southern Yellow Pine lumber from one of the world's leading quality producers.

By experience and training qualified to represent the constituency of an agricultural area, such as the 91st Representative District of Texas. Will sponsor and support laws beneficial to the agricultural industry of Texas. Will oppose waste in government. Work for a constitutional gas pipeline tax, increased pumping allowable, reduction in oil imports. For repeal of auto merit rating insurance plan. For simplified sales tax law.

I have made every effort to see as many people of the 91st Representative District as possible, yet at that only a small percent of the voters have been contacted. Please accept this as a personal solicitation of your influence and support in the coming Democratic Primaries.
(Paid political advertisement)

If we have reached the point where we need tranquilizers, and at times it certainly seems that we have, then let's just keep some handy.

F. W. "Granddad" Reeve is recuperating from a long illness and it is good to see him driving to the farm, walking to the post office or digging in his yard.

Friday will be a big day in the lives of a number of young residents of this community. All students in the first grade

will get a holiday and those who will be beginners this fall will attend school.

Regular procedure for all students attending school on visitor's day is to go from one room to another until they have visited in each of the five first grade rooms.

At the beginning of school last year one little boy wasn't very enthusiastic about the idea of going to school. After much persuasion by his parents, he reluctantly agreed to go, but said, "There's really no need for me to go to school in the

**Joe B. Douglas, Jr.
Promoted At NMMI**

Joe Bailey Douglas Jr., of Friona, who has been a cadet at the New Mexico Military Institute for the past four years, has just achieved a promotion in the Corps of Cadets.

He has been assigned to command Company "K" -- one of the ten companies in the Cadet Regiment.

On February 9, he was made a First Sergeant; on Feb. 21, he was promoted to Second Lieutenant; on March 20, he became First Lieutenant -- his present rank -- and on April 21 he was appointed commander of Company "K".

At the Institute's special Easter Service last Sunday, Douglas contributed a solo to the program. He sang "Open the Gates of the Temple" by Knapp. Speaker for this occasion was Chaplain (Col.) Harold O. Prudell, who is the Post Chaplain at Fort Riley, Kansas.

Joe has been a member of the Cadet Honor Board this year, and is in line for graduation from Junior College with

an Associate in Arts degree in June.

first grade. I passed out of every room they had that day I went."

Friona High School students are working on a project where by the local school can have two exchange students next year. Several fund raising events have been sponsored to obtain funds to finance the project.

Anyone who is interested in assisting these young people in their efforts may make contributions by contacting a member of the Student Faculty Congress or Principal John R. Cook's office.

Another project that needs support of community residents is the pancake supper which is being sponsored by Boy Scout Troop 56 at the school cafeteria this evening.

What most Frionans want more than anything else this weekend is a few days of nice weather. Golfers will be playing final rounds in Friona Country Club's first invitational tournament Saturday and Sunday and they would certainly welcome some fine spring weather.

Then there will be three performances of the Jaycee sponsored Junior Rodeo. The first one will begin at 8 p.m. Friday. At that same time Saturday evening the second series of events will begin and final

events will begin at 2 p.m. Sunday.

A number of improvements have been made at the rodeo grounds, which are located southwest of town on highway 60, since last year's rodeo was held.

Entries have been received from a number of neighboring towns and from all indications

rodeo fans will be able to see some top notch performers in action at all three performances.

Plans have been made for operation of a concession stand by the Jaycee Wives organization and everything will be in readiness Friday evening.

FARMERS CO-OP GIN

Two automobile accidents in Friona this week involved parked cars. Police Chief Ben Moorman is shown here investigating the second, Wednesday at 4:50 p. m. Louis Parsons, a sailor from San Diego, was driving the 1958 sedan which collided with the back of a parked 1957 sedan belonging to Connie Dale Dodson, Friona. The first such collision occurred at 6:20 p. m. Sunday when a car driven by Newman Loafman, 16, collided with the automobile belonging to Miss Elda Hart on Main Street.

In And Around--

Someone suggested that perhaps it would be a good idea to keep a good supply of tranquilizers on hand from now until school is out. It is true, of course, that there are always a lot of things to do and places to go this time of year, but would any of us want it any other way?

Would anyone want to do away with band concerts, junior-senior banquets, graduation exercises, recitals or other activities just because there was one of each last year and the year before and the year before that?

Think it was Shakespeare who said, "All the world's a stage

and men and women are merely players." Perhaps the setting on the stage isn't too important, but the players are when they are your children and ours.

Due to the late freezes, we haven't had as many pretty fruit tree blooms as we have had the past few years, but there are a number of beautiful spring flowers blooming in yards all over town.

One of the prettiest strawberry patches I've seen is in the backyard of the Richard Perkins home. The Perkins family is also making preparations for a fine vegetable garden. They will soon be eating freshly grown onions and are

planting several varieties of vegetables.

When a man says a thing cannot be done, he only means he doesn't know how to do it.

Mr. and Mrs. Arthur Drake and family, Mr. and Mrs. Earl Drake and family, Mrs. A. O. Drake, Mrs. Frances Howard of Abernathy and Mr. and Mrs. Jerry Brown of Levelland attended an Easter dinner in the home of Mr. and Mrs. Bud Minor and family in Hereford Sunday.

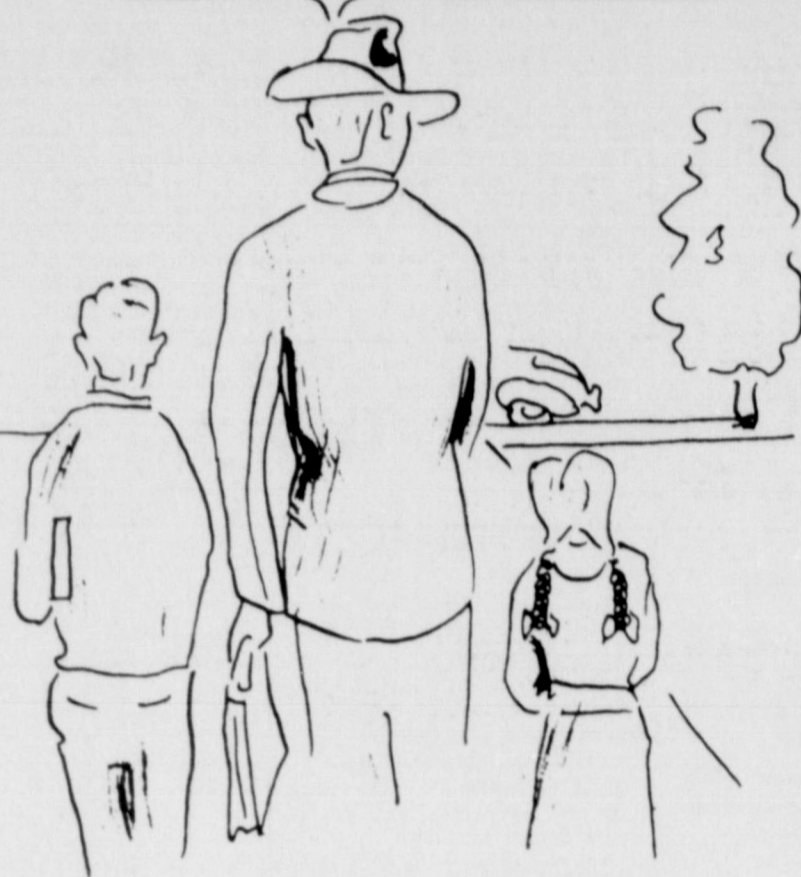

Mrs. Fay Reeve and family visited with Mrs. Reeve's parents in Merkel the past weekend.

Of Interest To
★ THE WOMEN ★

Miss Betty Louise Hefley will become the bride of Donnie Ray Renner June 3 at 2:30 p. m. in the Joseph H. Chapel at Canyon, Tex. Betty Louise is the daughter of Mr. and Mrs. J. C. Hefley of Artesia, N. Mex. and Donnie Ray is the son of Mr. and Mrs. John G. Renner of Canyon. The couple will reside in Friona.

Gaye Rosson - Travis Harrell
Wed In Double Ceremony

A double ceremony was read Sunday at 5 p. m. in the First Baptist Church of Floydada for Miss Gaye Rosson to Travis Harrell and a twin sister, Gayle Rosson Pfeiffer to Alfred Alvin Pfeiffer Jr.

The brides are the daughters of Mr. and Mrs. R. B. Rosson of Floydada. Harrell is the son of I. T. Harrell of Andrews and Pfeiffer is the son of Mr. and Mrs. A. A. Pfeiffer, Corpus Christi.

Double ring wedding vows were repeated by the couples before an altar decorated with spiral candelabra and baskets of yellow and white flowers. Rev. Floyd C. Bradley officiated.

Miss Rosson, given in marriage by her father, and her sister, escorted by her brother, Barry Rosson, wore gowns of cloud white silk organza over taffeta that were designed with scalloped Sabrina necklines and brief sleeves. Re-embroidered imported French lace formed

the fitted bodices which flowed into floor length dome skirts featuring appliques of lace. The gathered fullness in the side panels enhanced the full sweep of the chapel trains. Their fingertip veils of silk illusion draped from headpieces of organza handmade flowers. They carried white Bibles topped with colonial bouquets of white roses and stephanotis.

Wedding music was furnished by Mrs. Jimmy Simms of Houston, organist, and Holli Payne, soloist, from Floydada. He sang "Because," "Whither Thou Goest" and "The Lord's Prayer."

Miss Rosson's attendants were Hannah Kittrell, Dallas and Karen Goen of Floydada. Attending Mrs. Pfeiffer were Harriett Kittrell, Dallas, and Snow Drop Dunn, Floydada. They wore dresses of maize chiffon over silk taffeta fashioned with scoop necklines and brief sleeves. Gathered fullness highlighted the street

length bell skirts. They carried parasols of white lace showered with yellow daisies.

Phil Orman of Lockney served as best man for Harrell and Lowell Gene Miller, Lubbock, was Pfeiffer's best man. Other attendants were Ralph Carpenter, Lubbock; Dale Geon, Ellis Panco and Greg Goen, Lockney.

Brenda Davis of Andrews and Barrie Rosson were flower girls and ring bearers were Greg Goen and Kelly Rosson. A reception honored the couples following the ceremonies in the church parlor.

The brides attended Stephens College in Missouri, University of Hawaii, and are graduates of Texas Tech where they were members of Phi Mu Sorority.

Mrs. Harrell is an elementary teacher in the Roswell schools and Mrs. Pfeiffer is teaching in Lubbock.

Harrell is a graduate of Texas Tech where he was a member of Sigma Delta Chi and Kappa

Alpha Mu fraternities. He is editor of the Friona Star.

Mr. and Mrs. Harrell will be at home in Friona the first of June.

Sunnyside Quartet Sings At Black

The Sunnyside quartet from Sunray will sing at the Black Community House Saturday, April 28.

There will also be an old-fashioned community singing and the program will begin at 8 p.m.

The public is invited to attend.

Mr. and Mrs. Johnnie Bengier visited in Pampa with Mrs. Katie McMillen, mother of Mrs. Bengier, during the Easter holidays.

Texas Federated Clubs
Have Annual Meeting

The 65th Annual Convention of The Texas Federation of Women's Clubs will be held in San Antonio on May 8, 9 and 10. Convention Headquarters will be at the Granada Hotel. Mrs. Harry Griffiths, state president, has announced that Mrs. Frank Galusha will be the local convention chairman with Mrs. Henry F. Shaper, Sr. of San Antonio serving as the official hostess for the meeting.

Mrs. E. N. Smith of Marshall is the State Convention Program Chairman and she has announced the acceptance of some very outstanding speakers during the two and one-half days meeting.

Pre-convention meetings of the President's Advisory Board, the District Presidents, members of the Board of Trustees, Executive Committee and State Board of Directors will begin at 1:00 o'clock on May 8. With these preliminaries taken care of the day before, the official opening will be at 9:00 A. M. on Wednesday morning with a colorful opening by the Advancement of the Color Guards of the Joint Services, Ft. Sam Houston, and the Drum and Bugle Corps of St. Mary's University.

The business session will be held on Wednesday morning with reports from the Executive Committee, standing committees, presentation of candidates for office and the State President's address to the assembly at 11:20. Her topic will be "Our Accomplishments - 1960-62. Mr. R. L. (Bob) Hunt, Jr. of College Station will be guest speaker at the Education Luncheon and a District Presidents' Symposium will be in the afternoon. The always exciting Vogue Style Show will take place at 4:15.

For the Texas-Pioneer Dinner on Thursday evening, Mrs. Mochael Bunson will entertain the guests with her interpretation of "A Woman is Beauty." A reception at 10:00 P. M. on Thursday evening honoring

the newly elected offices will climax the 65th annual meeting of this organization of Federated clubwomen.

The Call and pre-registration material has been mailed, and Mrs. Griffiths has urged that members send their reservations as early as possible, thereby relieving the congestion at the Registration desk when the convention opens.

Party Fetes
Mrs. Green

Mrs. George Green was feted with a surprise birthday party April 19. Attending and presenting gifts to the honoree were Mesdames Carrie Shirley, Bobby Gene Mercer, O'Neal Greeson, John Hand and Homer Lindeman.

The group spent the day in Clovis, lunching at the El Monterey. They returned to the home of Mrs. Shirley and were served cake and coffee.

Quartet Presents
Public Concert

Happy Hearts Quartet will present a public concert in the Hereford High School auditorium Sunday, April 29 from 2 to 4 p.m.

Rebekah Class
Has Meeting

Mrs. Charlie Rauh was hostess to members of the Rebekah Sunday School Class of the First Baptist Church recently in her home.

Bible study was taken from the book of Psalms followed by a social hour.

Mrs. Rauh served refreshments to Mesdames M. A. Black, W. F. Cogdill, Bert Chitwood, C. W. Dixon, L. R. Dilger, Eva Roberson, Annie Scott, J. R. Southward and Earsel Taylor.

Ladies Aid
Has Study

The Lutheran Ladies Aid of the Rhea community met April 22 for a business meeting and topic study.

"Christ, the Life of all the Living" was the hymn sang by the group to open the meeting. This was followed by scripture reading and prayer given by the president.

Several projects were discussed during the business session. A quilt will be made, members are to save Betty Crocker coupons for a home caring for the retarded and to check on a book club for children of the congregation. The collection at the meeting went to the Lutheran Home.

Mrs. Chris Goetz presented a film, "Good Shephard Lutheran Home"

Mrs. Raymond Schueler, hostess, served refreshments to those attending. Mrs. Roy Zeichang became a new member.

Mr. and Mrs. Joe B. Douglas are announcing the engagement and approaching marriage of their daughter, Nelda Rhea, to Michael Gene Ellis, son of Mr. and Mrs. Eugene Ellis. Vows will be exchanged June 15 at 7:30 p. m. in the First Baptist Church. Local invitations are not being mailed but friends of the couple are invited to attend.

Mrs. Dudley Speaks At Federation Tea

Program committees of Friona Federated Woman's Clubs were hostesses to a Tea and program for members of Progressive Study Club, Modern Study Club and Friona Woman's Club and their guests, Tuesday evening in the Methodist

Church.

Mrs. L. E. Dudley of Abilene gave a book review on "Miracle of the Hills" by Dr. Emma Sloop. She was introduced by Mrs. Newman Jarrell Jr. Mrs. Dudley, State Chairman of the Education Department of Texas Federated Clubs, is a noted speaker, and has been a guest of the Friona Clubs prior to this meeting.

The program was opened with a prayer by Mrs. Roy Slagle and a welcome address was given by Mrs. Hollis Horton. "New Dimensions in Federa-

tion" was presented by Mrs. Mack Bainum highlighted with the quotation, "In small things Liberty, in large things Unity, in all things Charity."

Special musical numbers were presented by Mrs. Wm. Beene, soloist. She was accompanied by Mrs. Roy Miller.

A social hour followed the program in the Fellowship Hall. About 150 were present, including visitors from Farwell, Muleshoe and Plainview. Mrs. A. E. Boyd of Plainview, Caprock District president, was a special guest.

Guy Latta Host
Easter Dinner

Mr. and Mrs. Guy Latta entertained with a pre-Easter dinner in their home recently.

Present for the occasion were Mr. and Mrs. Leroy Burrow and Brenda of Keys, Okla.; Mr. and Mrs. Doyle Green, Jere and Tere from Pampa; Mr. and Mrs. Harry Green and Richard and Sandra McQuail, Canyon and Mr. and Mrs. Johnnie Bengier and Mr. and Mrs. John Bengier of Friona.

Teams Will Organize

A meeting is scheduled Monday at 3:30 p. m. in the Friona Lanes for anyone interested in bowling each Monday night.

This league will consist of trio teams and the purpose of the meeting is to set up league rules.

Spring Is In The Air . . .

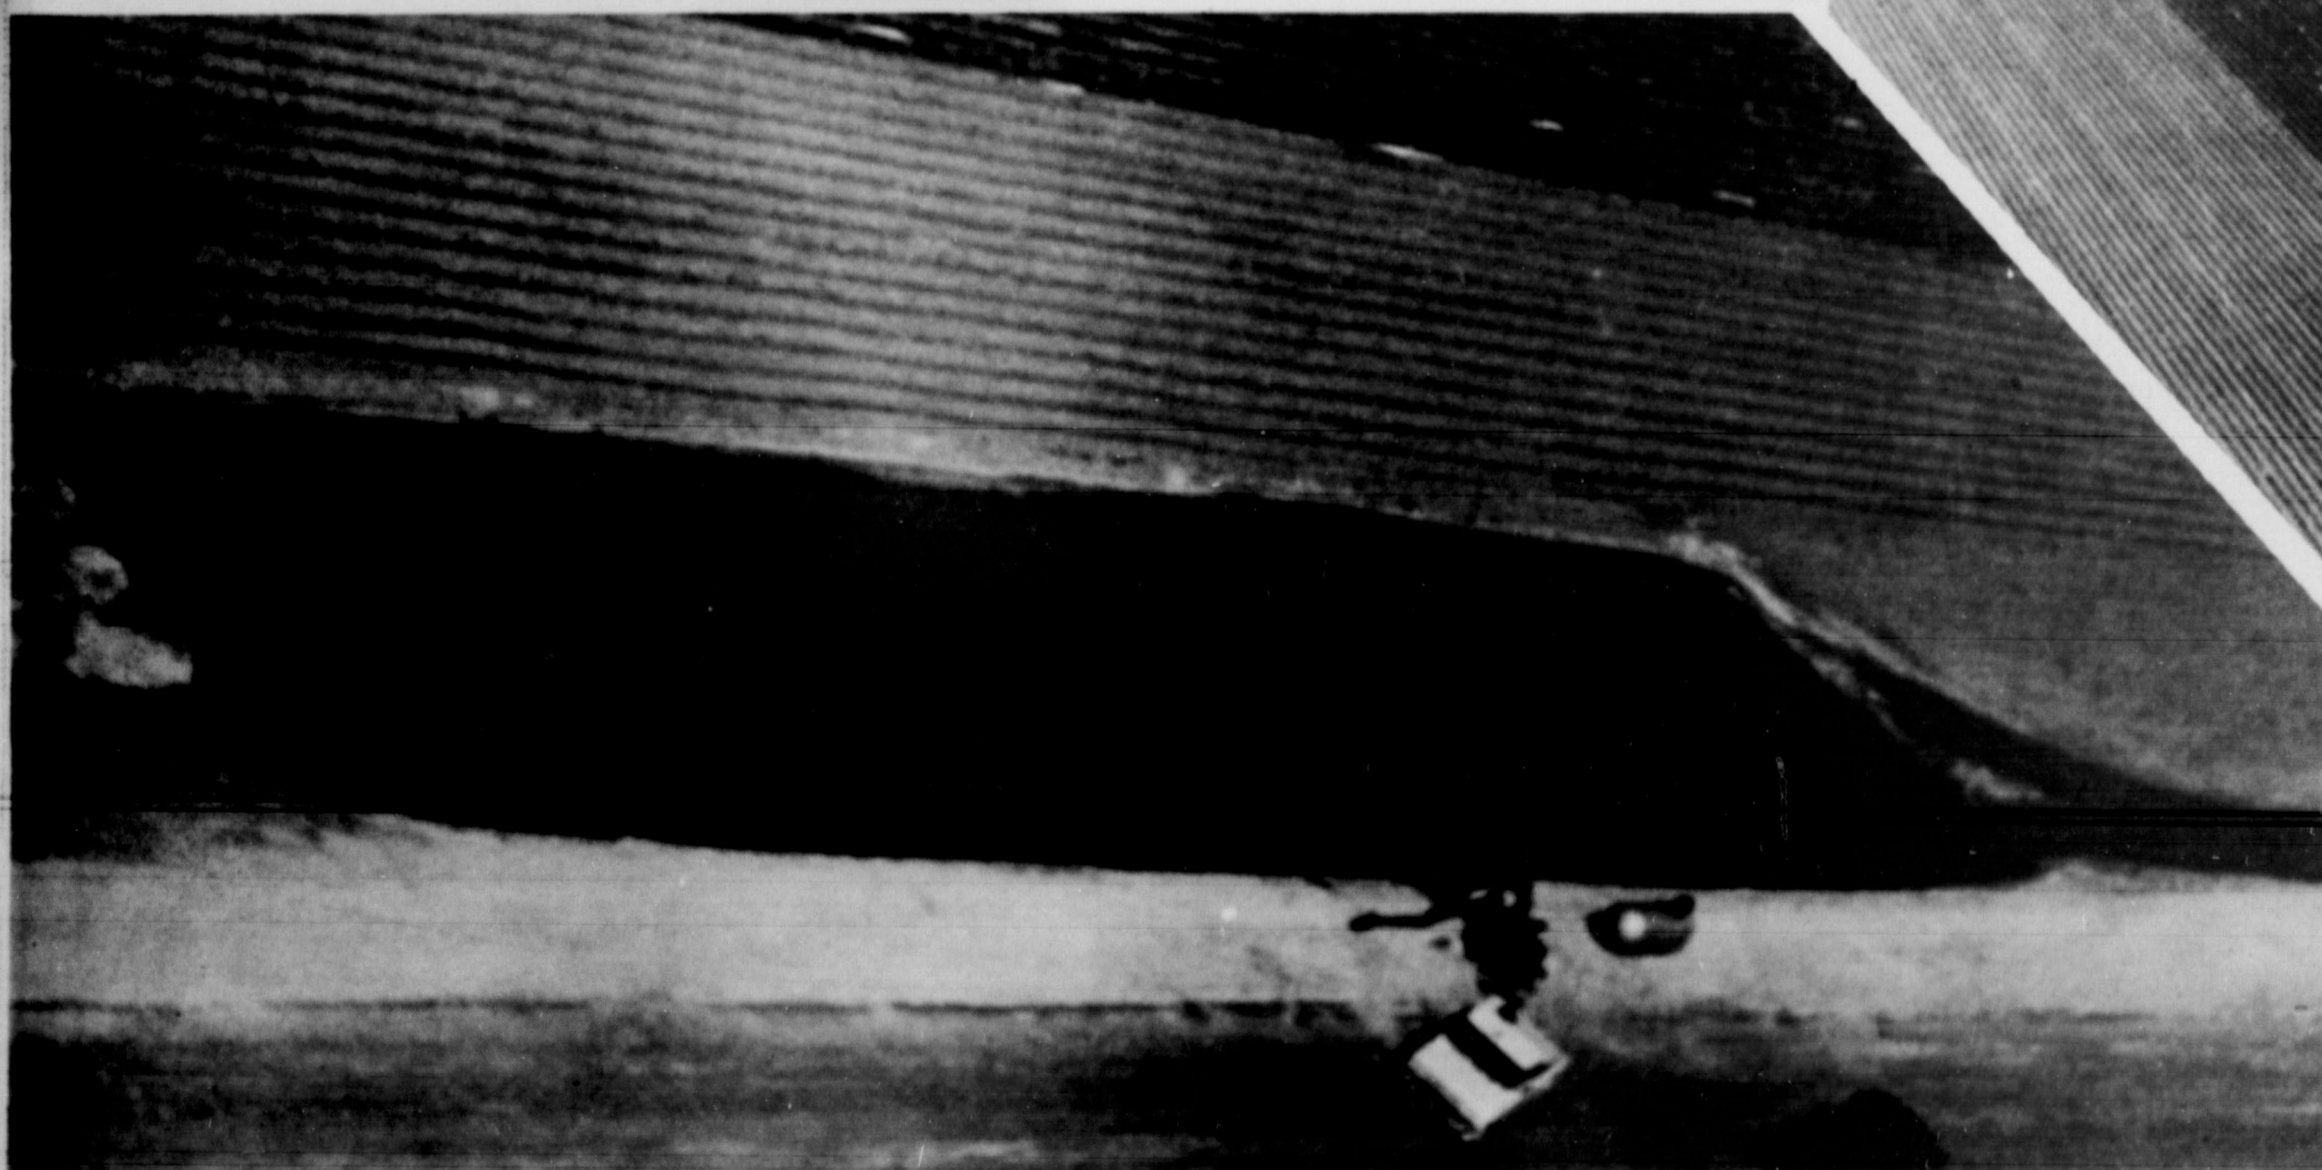

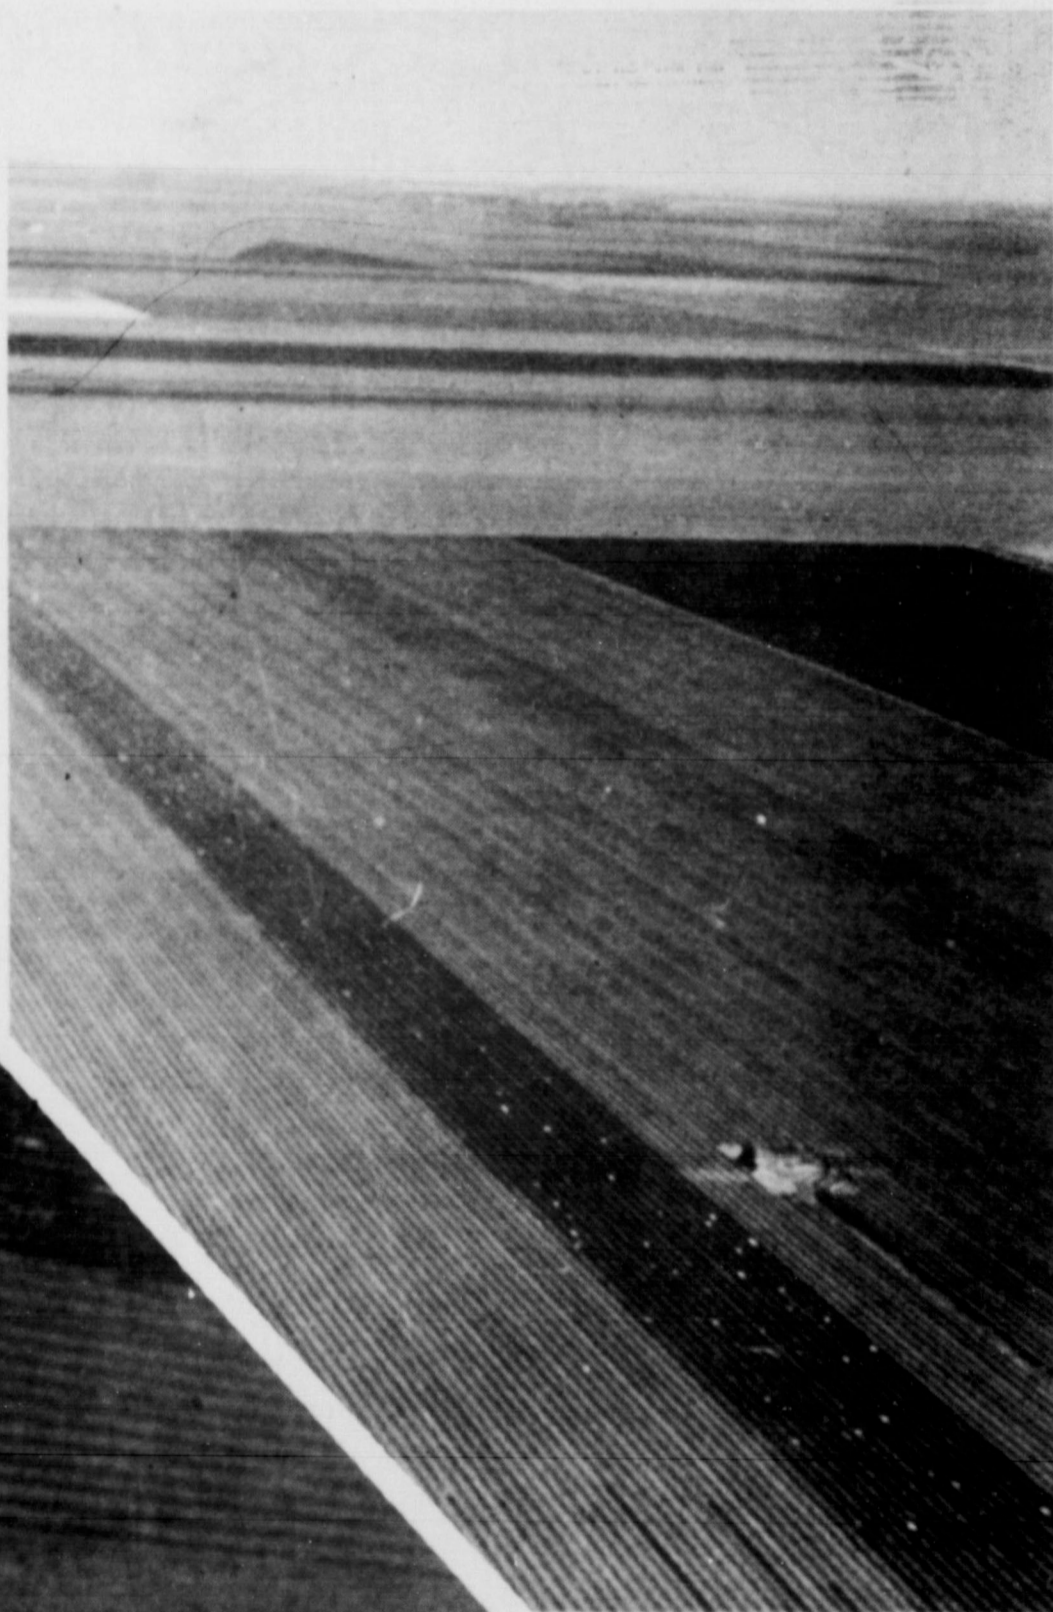

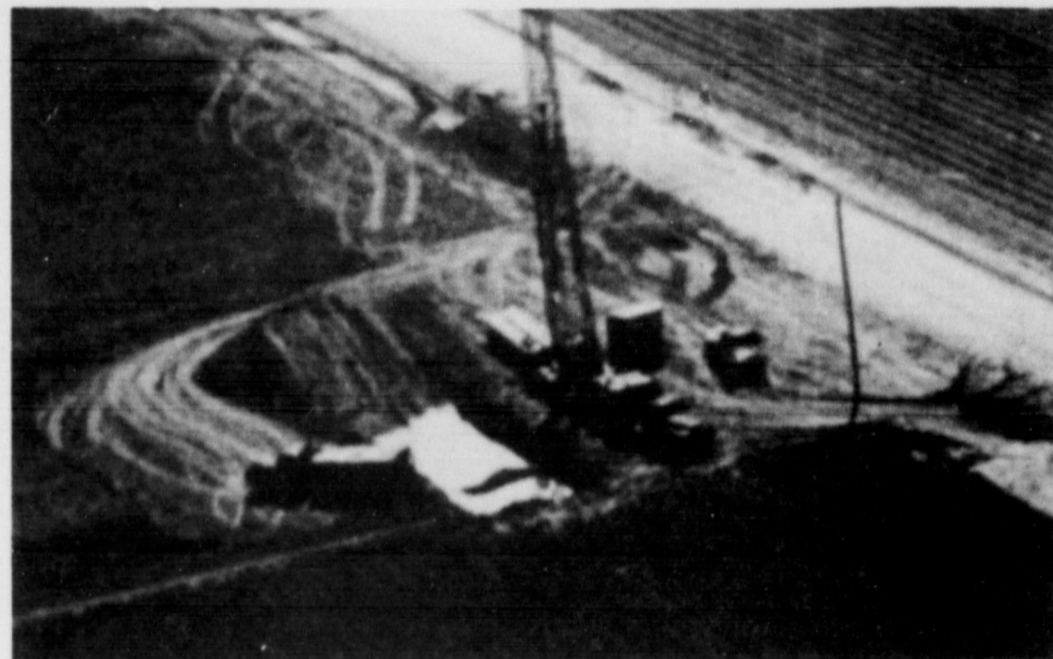

It's finally official--spring has come to Parmer County.

Since the old sod was first "busted out" at the turn of the century and the Parmer County area began its transition from cowpasture to a highly developed, intensely farmed section that boasts one of the highest per-capita income in the nation, springtime has had special meaning.

The scene today is far different from what it was sixty years ago, however. There's not a single Georgia Stock at work on Parmer County's fertile half million acres in cultivation. Today the roar of the six-row tractor, the quiet gurgle of the irrigation tubes and the clatter of an armada of cultivation and harvest equipment has replaced the snort of the horses and the Gee-Haw of the farmer.

From the air, Parmer County in the spring presents a quilt-like unfolding of symmetric beauty unmatched by any other agricultural region. Water, flecked with foam, coursing down arrow-straight rows as farmers pre-irrigate their land and make preparations for another season of multi-million-dollar activity makes an unforgettable sight.

This is Parmer County in the spring. . . 1962.

Johnson, Uvon Ford, Girl Marruffo, Paula Lopez Marruffo, Mrs. Fred Langer, Lavonia Hand, Leon Coffey, Lillian Fisher, Clarence Gaunt, Tonya Vee Ivy, Jake Lamb, Carla Jo Hartwell, Edna Baker, Mary Bagot, Frances Vera, Lois McCutchan, Judy Williams, Jessie Ross Boardman, Paula Christian, Claudine Clark.

**Bicycle Injures
Sami Sue Rector**

Sami Sue, 2 1/2 year old daughter of Mr. and Mrs. Charles M. Rector, is being treated in the Deaf Smith County Hospital for a broken leg suffered when her brother ran over her with his bicycle. The accident occurred about 6 p. m. Tuesday at the Rector home. Her condition is reported as good.

**Lazbuddie HD
Club Meets**

The Lazbuddie Home Demonstration Club met at the home of Mrs. Ralph Broyles on April 12.

Refreshments were served to seven members and two visitors. They were Mrs. Barbara Lust and Mrs. Johnny Briggs. Bonnie Blackstone gave a demonstration on making pillow tops. The next meeting will be in the home of Mrs. McGhee.

Rhea 4-H News

BY SHARON MARTENSEN

A joint meeting of the boys and girls 4-H clubs assembled April 6 in the Parish Hall of the Rhea community.

Greta Mears, president, conducted the business meeting. Future events, a dress revue and a crop show, was discussed.

A talk on "parliamentary Procedure" was presented by Miss Mears.

Guests attending were County Agents, Miss Ettie Mustil and Deryl Coker.

May 4 will be the next meeting date at the Parish Hall.

**Iowans Visit
Friona Kin**

Mr. and Mrs. Earl Adair of Redding, Iowa, spent last week visiting in the homes of Mrs. A. O. Drake, Mr. and Mrs. Arthur Drake and daughters and Mr. and Mrs. Earl Drake and sons.

Other visitors in the Drake homes were Mrs. Treva Reece of Canyon, Mrs. Frances Howard of Abernathy and Mr. and Mrs. Jerry Brown of Level-land.

Adair, a nephew of Mrs. A. O. Drake, and his wife, were on their way home after spending the winter in California.

"Memo to the groups that picket the White House bearing banners that urge our government to end nuclear testing: 'Go picket Khrushchev.'"—Clarence S. Hebda, Fullerton (Neb.) Nance County Journal.

"When Khrushchev gets through popping off his super bombs, I'd like to get his attention long enough to ask this one question, 'How do you pronounce your name?'"—J. D. Blizzard, Dillon (S.C.) Herald.

THE GEHL MIX-ALL

- GRINDS
- MIXES
- DELIVERS

LETS YOU BE YOUR OWN BOSS

The Gehl Mix-All with the swinging auger and optional crusher-feeder gives you the fastest, finest grinder-mixer in the field. You can lower your feed costs by doing your own feed formulating, grinding, and mixing and do it cheaper and in far less time than it takes to haul it back and forth.

Control the quality of your mixture with your own grain, antibiotics and other additives. You can own a PTO Feedmaker that mixes the exact amount of feed you need, when you need it... then hauls it where you want it and unloads it into bunks, bins or bags.

The four-speed auger lets you select the speed to keep the mill full... provides positive delivery of feed to the crusher. The optional crusher-feeder with sure-grip action speeds grinding of ear corn, bale slices or small grains. And continuous circulation gives you a uniform formula and top quality mixture every time. It's the perfect way to lower feed costs and increase profits on every type of livestock feeding.

Miss Karen Turner, a senior student at Friona High School, is being presented in a senior voice recital by Mrs. Eva G. Miller of the Little House of Music. The recital will be Sunday, April 29, at 3:00 p. m. in the First Baptist Church of Friona. The public is invited to attend.

Social Honors Sharon Martensen
Class Members Hosts Club Girls

Members of the Homemakers Sunday School Class of the First Baptist Church and their husbands were entertained in the home of Mr. and Mrs. W.C. Buske Thursday night with a social. Assisting the Buskes with hospitalities were Mr. and Mrs. Billy Dean Baxter.

A poem recited by Mrs. Baxter was the devotional thought, and Mrs. Granville England and Mrs. Curtis Murphree sang several numbers, followed by musical selections given by Mary Ralph Smith and Lydia Buske.

Games of 42 were played preceding the serving of pie and assorted ice cream balls and coffee. Attending were Mr. and Mrs. Curtis Murphree, Mr. and Mrs. Glynn Hughes, Mr. and Mrs. Calvin Talley, Mr. and Mrs. Clayton Taylor, Mr. and Mrs. Granville England, Mr. and Mrs. Johnny Mars, Mrs. Lawrence Cole and Mrs. Olan Turner.

Members of the Girl's Rhea 4-H Club met April 11 in the home of Sharon Martensen. Mrs. Cordie Potts and Mrs. Ray Martensen, leaders, demonstrated the making of peanut butter cookies and apricot cooler; also how to cook frozen vegetables.

Others attending were Terrie Schueler, Ruth Armstrong, and Gale Varner, a guest.

Club Presents
Safety Program

A safety program was presented to members of the Friona Home Demonstration Club April 24 in the club house.

Guest speakers were Cecil McNeil, safety officer from Amarillo, and Don Hooper, patrolman. They gave highway safety rules and McNeil presented a film showing five points of good driving. This was followed by a question and answer session.

Cake and lemonade were served to special guests, local club members and club members from Hub, Northside, Black, Rhea and Miss Ettie Mustil, H.D. agent.

Schueler Hosts
Club Luncheon

A luncheon was served to members of the Rhea Home Demonstration Club in the home of Mrs. Herman Schueler April 10.

Mrs. Cordie Potts opened the program with the game "Pass-word", with everyone participating.

Mrs. Jack Patterson, president, conducted the business meeting. Place cards for the Home Demonstration Tea were made during the afternoon.

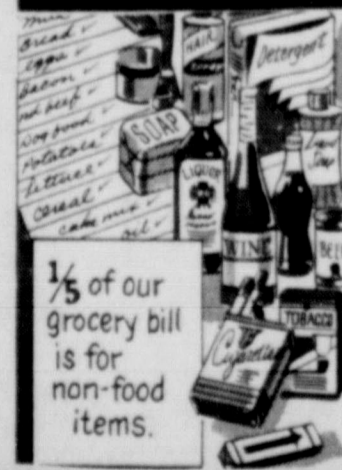

Attending were Mesdames Franklin Bauer, Elmo Dean, Leland Gustin, Jack Patterson, Cordie Potts, Herbert Schueler, Walter Schueler, Shirley Smith, Norman Taylor, Bill Brandt, Floyd Schueler and guests, Mrs. Wagner and Mrs. Sanders.

Next meeting will be at the home of Mrs. Floyd Schueler. Reported by Mrs. Ray Martensen.

RELAXED—A smooth summer look for patio or poolside is created in wonderfully cool easy-care cotton. The collarless overblouse in an avant garde print is mated with solid white pants by Jack Winter.

Requirements Same For Barbecue

The U.S. Department of Agriculture said no to a proposal which would have permitted the use of the term "barbecued" on labels for meat cooked by infra-red heat from an electronic source.

The USDA announcement on March 31 said barbecued meats prepared under Federal meat inspection will continue to be limited to products cooked by dry heat from burning hardwood or hot coals formed by burning hardwood.

The decision to make no change in present Federal requirements followed a 60-day review of all pertinent information, including comments and views received by the Director of the Meat Inspection Division.

In addition to specifying the sources of heat for cooking, Federal Meat Inspection requires that meats labeled as "barbecued" must be cooked for a sufficient period of time to permit the product to assume the usual characteristics of meat cooked over burning hardwood or hot coals from burning hardwood. These characteristics include the formation of a brown crust and the rendering of surface fat.

Chemist Advises On Soil Additives, Conditioners

New products such as soil conditioners continue to appear on the market. Some may have merit, points out J. H. Valentine, area extension soil chemist, while others are of questionable or no value.

Benefits claimed for the use of such materials may be stated in vague or misleading terms and based on opinion or pure fancy. It is usually unwise to purchase a material which bears no guarantee as to its formulation, adds the chemist. By not stating what is in the product, the seller is in no way liable, and existing laws

such as those governing fertilizers have no jurisdiction over the manufacturer or seller, explains Valentine.

The primary soil conditioner for most soils is organic matter. Soil containing a modest one percent have 20,000 pounds of organic matter per surface six inches, says Valentine. Most Texas soils, he adds, have no known bacteria deficiency since an estimated 400 to 500 pounds of live bacteria are found in an acre furrow slice of soil. This population rises and falls depending upon the amount of resi-

due returned to the soil and moisture and temperature.

Contrary to some claims made for conditioners, Valentine states, there is no known practical procedure for changing soil texture since texture refers to the size of the individual soil particles. Structure of clay soils can be improved by the addition of certain materials but the cost may run as high as \$400 an acre, the chemist said.

Valentine suggests that farmers and others consider the product carefully before buying and if a purchase is made, not to expect the material to substitute for the plant food elements commonly supplied by commercial fertilizers.

4-H Complete Plans For Method Contest

Parmer County 4-H Club teams are making final plans for the District 4-H Method Demonstration Contest to be conducted Saturday, April 28 at 9:00 a.m. on West Texas State College Campus.

To represent Parmer County 4-H Clubs will be six teams and four individual Senior division teams and individuals will compete with teams of the 22 counties of District 1. First and second winners of each of the awards contest in the district will be eligible to attend Texas 4-H Roundup in College Station, June 6-7. Junior division teams and individuals can compete in the district contest only.

Presenting 12-15 minute demonstrations in the junior division will be Nedda Foster and Cheryl Ramage in Vegetable Preparation, Vicky Kaltwasser and Connie Dennis in Poultry Marketing, and Dale Blackstone and John Gulley in Community Improvement. Individual entry in Public Speaking is Jill Mimms.

In the senior division will be Warren Gossett and Bruce Billingsley in Soil and Water Conservation, Linda Lesly and Linda Gleason in Electric, Reba and Viane Lesly in Dairy Foods, Individual entries are Janis Billingsley in Dairy Foods, Katie Blackstone in Public Speaking, and Gary Foster in Tractor Operator.

All other 4-H Members and parents are invited to attend the District Contest to gain an understanding of organizing demonstrations for more competition in the annual county contest.

According to Extension

Agents, Miss Ettie Musil and Deryl Coker. "Each team and individual must work hard with much practice for the district contest. Parmer County has just as good chance to be among the top teams if we try hard, but we're good, humble losers, too".

Secretary of Commerce Hodges has applauded the railroads for their action in reducing rates for visitors from abroad in support of the efforts of the new U.S. Travel Service. Under the arrangement, all passenger-carrying railroads in the United States and Canada will reduce inland proportional fares for passengers arriving from overseas, effective May 1. Reductions will amount to 15 per cent in coach-class fares from all ports to any interior point and return to the same or a different port.

Classing and Marketing Part Of Summer Cotton School

Plans for the 53rd annual summer cotton school at Texas A&M College have been released.

The school will be held from June 4 to July 13. Attendance for the full period is advisable, points out Professor J. M. Ward, Department of Agricultural Economics and Sociology and in charge of the school, but persons in the cotton business who are unable to remain for six weeks may enroll for two or four weeks of study.

Ward said the purpose of the school is to provide training for persons who expect to enter the cotton trade; for producers who would like to learn more about cotton marketing and for buyers who wish to review grade and staple standards or become more familiar with the elements of quality in cotton.

Such important phases of the cotton industry as grading, stapling and the determination of cotton properties and trade procedures will receive major attention, Ward said. Much of the time will be spent doing actual practice work and in

discussions, but visiting specialists will lecture on various phases of production, marketing and processing of cotton, Ward added. Detailed plans for the school may be obtained by writing Ward in care of the sponsoring department, College Station, Texas.

Miss Karen Turner, a senior student at Friona High School, is being presented in a senior voice recital by Mrs. Eva G. Miller of the Little House of Music. The recital will be Sunday, April 29, at 3:00 p. m. in the First Baptist Church of Friona. The public is invited to attend.

Social Honors Class Members Sharon Martensen Hosts Club Girls

Members of the Homemakers Sunday School Class of the First Baptist Church and their husbands were entertained in the home of Mr. and Mrs. W.C. Buske Thursday night with a social. Assisting the Buskes with hospitalities were Mr. and Mrs. Billy Dean Baxter. A poem recited by Mrs. Baxter was the devotional thought, and Mrs. Granville England and Mrs. Curtis Murphree sang several numbers, followed by musical selections given by Mary Ralph Smith and Lydia Buske. Games of 42 were played preceding the serving of pie and assorted ice cream balls and coffee. Attending were Mr. and Mrs. Curtis Murphree, Mr. and Mrs. Glynn Hughes, Mr. and Mrs. Calvin Talley, Mr. and Mrs. Clayton Taylor, Mr. and Mrs. Granville England, Mr. and Mrs. Johnny Mars, Mrs. Lawrence Cole and Mrs. Olan Turner.

Members of the Girl's Rhea 4-H Club met April 11 in the home of Sharon Martensen. Mrs. Cordie Potts and Mrs. Ray Martensen, leaders, demonstrated the making of peanut butter cookies and apricot cooler; also how to cook frozen vegetables. Others attending were Terrie Schueler, Ruth Armstrong, and Gale Varner, a guest.

Club Presents Safety Program

A Safety program was presented to members of the Friona Home Demonstration Club April 24 in the club house. Guest speakers were Cecil McNeil, safety officer from Amarillo, and Don Hooper, patrolman. They gave highway safety rules and McNeil presented a film showing five points of good driving. This was followed by a question and answer session. Cake and lemonade were served to special guests, local club members and club members from Hub, Northside, Black, Rhea and Miss Ettie Mustil, H.D. agent.

Schueler Hosts Club Luncheon

A luncheon was served to members of the Rhea Home Demonstration Club in the home of Mrs. Herman Schueler April 10. Mrs. Cordie Potts opened the program with the game "Password", with everyone participating. Mrs. Jack Patterson, president, conducted the business meeting. Place cards for the Home Demonstration Tea were made during the afternoon. Attending were Mesdames Franklin Bauer, Elmo Dean, Leland Gustin, Jack Patterson, Cordie Potts, Herbert Schueler, Walter Schueler, Shirley Smith, Norman Taylor, Bill Brandt, Floyd Schueler and guests, Mrs. Wagner and Mrs. Sanders.

RELAXED—A smooth summer look for patio or poolside is created in wonderfully cool easy-care cotton. The collarless overblouse in an avant garde print is mated with solid white pants by Jack Winter.

Drakes Attend Houston Funeral

Mr. and Mrs. Earl Drake and Bobby left Friona Tuesday for Houston, where they attended funeral services for Mrs. L. A. Winchester Wednesday afternoon. Mrs. Winchester, sister-in-law of Mrs. Drake, died in a Houston hospital Sunday afternoon.

The Drakes were accompanied by Mrs. Reedy Wortham of Lubbock. Mrs. Wortham is an aunt of Mrs. Drake.

RE-ELECT Judge Meade F. GRIFFIN to Supreme Court

Endorsed by the lawyers of Texas in their Bar Poll by a vote of 5,155 to 643. The lawyers in Judge Griffin's home county of Hale voted unanimously for him. Lawyers in his opponent's home county of Potter voted 75 to 17 in favor of Judge Griffin. Ask your attorney who is best qualified to serve on the Supreme Court. Pol. Adv. paid for by friends of Judge Griffin.

Average Water Table Decline May Have Been Nearer 1.77 Ft.

In a story published in the High Plains Farm and Home last week, dealing with the decline in the water table in Farmer county, it was stated that according to figures released by the High Plains Underground Water Conservation District the table had declined a little over four feet during the past year. The story was based on four sample wells as released by the district but thorough check of all the wells measured in the county reveals a different picture of the water situation -- especially for the last year. Using the figures of 39 test wells in the county, which were

measured in 1956, 1961 and 1962, the drop averages 1.77 feet in 1962. Water level measurements are made in January each year prior to the beginning of extensive pumping for pre-planting irrigation. Six of the test wells were either operated some before the 1961 measurement or the water level has risen in them. The six wells showed an average rise of over five feet for the year. The remaining 33 wells showed an aggregate drop of 86.43 feet or about two and one half feet drop for the year.

The total average drop of the water when all wells were included was 1.77 feet. However, the average drop in the table per year from 1956 to 1962 inclusive is 3.15 feet for a total drop of 18.92 feet average per well during the total period. The 1962 measurements also indicate that the average depth to water is 197.83 feet for the county. The measured drop in the water level of the wells ranged from as little as .12 feet to as much as 10.12 feet. Eleven of the wells showed less than

one inch change in the water level during the past year. At the same time, six of the wells showed a drop of over six feet. The location of the test wells and depth measurements are shown on the map and statistics chart in this issue. Farmers may check the figures for the nearest test well and compare them with their own wells. Both the map and accompanying statistics in this issue were compiled by the water district and released through the "Cross Section," publication for the water district.

Corral Roundup

Texas leads the nation in number of beef cattle. Count at first of year was 8,712,000 head, up 289,000 from previous year. Beef and dairy cattle combined was 9,660,000 head on Jan. 1, 1962. U.S. count is at an all time high. Latest count, 99,500,000 total. . . 66,695,000 beef cattle.

Southwestern livestock producers will benefit from construction work now under way at Moore Air Force Base in Rio Grande Valley. Giant screw-worm factory capable of producing 75 million sterile flies per week is expected to be completed by July 1. Sterile flies being raised at Kerrville presently are being released in South Texas. Southwest Animal Health Research Foundation's program to raise three million dollars through voluntary contributions under full swing. . . producers asked to report suspected screw-worm cases to county agent.

Beef production opportunities in space age will be theme of 85th annual convention of the Texas and Southwestern Cattle Raisers Association in Houston.

March 19-21. . . TSCRA president Dolph Briscoe, Jr. of Uvalde will be one of featured speakers at 1962 annual convention of Texas Livestock Auction Association in San Antonio, March 23-24.

Bill to ban vertical integration by meat packers and chain stores is getting serious consideration in hearings by a subcommittee under chairmanship of Rep. Poage of Texas. Under proposal, chain stores with annual sales over \$30 million would be barred from slaughtering and processing meat animals. Meat packers whose gross sales topped \$30 million would be prohibited from merging with chain stores or setting up their own retail outlets.

Dr. J. C. "Jack" Miller, former dean of agriculture, Texas A&M more recently Oregon State College professor is sponsoring Agriculturists Holiday Tour through Europe. Plane leaves New York on July 1.

Lenders are taking new look at cattle feeding industry in Southwest. Texas cattle feeders marketed 227,000 head of fed cattle in 1955; 548,000 during 1961. More than 50 percent of all grain sorghum holdings U.S. are in Lone Star State.

Recent Rockefeller Foundation grant of \$62,850 to Texas A&M is to support research on

fundamental problems of nutrition in ruminant animals. . . Texas A&M Field Day at McGregor, March 29 will include inspection tour of facilities and performance tested Hereford, Angus, Charbray and Brahman bulls. Santa Gertrudis Breeders International Annual Meeting will be May 5 in San Antonio.

This week's old cowboy's tale: A modern dude with striped clothes, saddle colored shoes, a loud necktie and hair parted over his nose, addressed his best girl. "If you was me, and I was you, what would you do?" She replied, "I would take off that hideous tie, buy a pair of boots, part my hair on one side, then pray to God for brains."

POLITICAL CALENDAR

The Farmer County newspapers have been authorized to announce the candidacies of the following persons, subject to the action of the first Democratic Primary.

FOR DISTRICT CLERK: Dorothy Quicel

FOR COUNTY JUDGE: Loyde Brewer (Re-election)

FOR COUNTY TREASURER: Mabel Reynolds (Re-election)

FOR COUNTY CLERK: Bonnie Warren

FOR COMMISSIONER, PCT. 2: Charlie Jefferson (Re-election)

FOR COMMISSIONER, PCT. 4: G. W. Crain (Re-election)

JUSTICE OF THE PEACE, PCT. 1: Roy Thornton (Re-election)

JUSTICE OF THE PEACE, PCT. 2: Walter Loveless

JUSTICE OF THE PEACE, PCT. 3: W. J. Parker (Re-election)

Mrs. Lloyd Killough

FOR STATE REPRESENTATIVE, 91st District: Bill Clayton

B. M. Nelson

W. T. "Bill" Miller

DISTRICT JUDGE, 154th JUDICIAL DIST. Pat Boone, Jr.

The following announcements are subject to the first Republican primary.

FOR STATE SENATOR, 30th District: John Zahn

STATE REPRESENTATIVE 91ST DIST. J. Frank Ford, Jr.

Research Foundation Tests 32 Varieties Grain Sorghum

Thirty-two varieties and hybrids of forage sorghum were tested under irrigation at the High Plains Research Foundation in 1961. There was no significant difference in the yield of the top four varieties. The yields of these four were Honey Sorgho, 27.12 tons dry weight and 39.35 tons green weight per acre; P.A.G. #3147, 26.24 tons dry and 39.68 green weight; Steckley F. S. 400R, 25.27 tons dry and 39.1 tons green weight; Sart, 23.96 tons dry and 33.99 tons green weight per acre. The dry weight yields were calculated at 12% moisture.

The four leading varieties in terms of pounds of crude protein per acre were Tracy with 5,813 pounds; P.A.G. #3147 with 5,772 pounds; Sumac M.D., 5,712 pounds; Lindsey IOIF, 5,363 pounds per acre. The crude protein per cent analysis disclosed Sumac M.D. had 14.7%; Lindsey 77F, 13.7%; Tracy, 12.8%; Asgrow MXP 3367, 12.4% and Steckley FS 300R, 12.3%.

The percent mineral content analysis showed Sumac M.D. with 17.4%; H.P.R.F. #4, 16.5%; Tracy, 14% and Lindsey 77A, 12.3%.

Data showing the complete results in the 1961 forage sorghum tests is included in report No. 37 of the High Plains Research Foundation for 1961. The report of the tests conducted by Dr. Earl H. Collister and Paul Belcher at the Foundation included data on early vigor, bloom date, plant height, lodging per cent, moisture percentage at harvest, as well as the dry and green weight.

The chemical analyses were conducted by the state chemist, Texas A&M experiment station, College Station, Texas. The analyses included the percent total dry matter, percent crude protein, pounds protein per acre, per cent crude fat, per cent fiber and per cent carbohydrates.

ANNUAL MEETING

April 26th at BULL BARN

Meeting will begin at 12 noon with a FREE BARBEQUE LUNCH for members.

• DOOR PRIZES
• BEAUTY QUEEN CONTEST

BUSINESS MEETING
At 1 P.M.
During this meeting two directors will be elected for 3 year terms

JOE HENRY PRESIDENT, of Young Farmers Ass'n. of Deaf Smith County, will give a short talk. Members of Young Farmers Ass'n will assist with the meeting.

WITH THE COUNTY AGENT

DERYL COKER

As expected in a rapidly changing agriculture, new products such as soil conditioners continue to appear on the market. Jim Valentine, Area

Soil Chemist, The Agricultural Extension Service in Lubbock, states some may have merit while others are of questionable value or may be entirely worthless. Such materials are sometimes greatly overpriced. Benefits to be derived from their use may be stated in vague or misleading terms and statements may be based on mere opinion or pure fancy.

Valentine further states it is always hazardous to purchase a material that bears no guarantee as to its formulation. By not stating what is in the product the seller is in no way liable, and existing laws such as those governing fertilizers have no jurisdiction over the manufacturer or seller.

The primary soil conditioner for this area is organic matter and if your soil contains a modest one per cent organic matter this is equal to 20,000 lbs. per surface six inches. We have no known bacteria deficiency, and it is estimated that there are 400 to 500 lbs. of live bacteria in an acre furrow slice of soil. The population rises and falls depending on the amount of residue returned, moisture, and temperature.

Contrary to some claims made for conditioners there is no known practical procedure for changing soil texture since texture refers to the size of the individual soil particles. Structure of clay soils can be improved by the addition of certain materials but the cost may run as high as \$400.00 per acre.

Valentine concludes by saying its your money - consider the products carefully before buying and do not expect them to substitute for the plant food elements commonly obtained thru commercial fertilizers.

Colorado is popularly known as "The Centennial State" because it was admitted to the Union in 1876, the 100th anniversary of American independence. . . The first Bible to be printed on American soil was not in English. It was in the language of the Massachusetts Indians. . . In 1890, a St. Louis doctor concocted a food for invalids and infants. It was peanut butter. . .

Parmer County's Candidates

MARICA LYNN MASSIE
Sponsor: Friona Future Homemakers of America
Parents: W. M. Massie, Route 3, Friona
Green eyes, dark blond hair, height: 5' 5", weight: 123.
16 years of age. Attends Friona High School, plays the piano, Secretary of Sophomore class, lettered three years in basketball, likes to cook - prefers to plan and prepare meals; speciality is making biscuits, cookies, cakes and banana nut ice cream. Also is a member of FHA.

KAY BURLESON
Sponsor: Parmer County H-D Council
Parents: T. I. Burleson, Jr., Route 1, Friona
Hazel eyes, light brown hair, height: 5' 6", weight: 125 lbs., measurements: 36-23-36.
Lettered three years in basketball, Friona High School, Hobby is bowling and swimming. Participated in Junior and Thespians play. Plays the piano and is a member of the Science Club, Named Maize Day Queen, placed second in Duncanville Queen's Contest.

PAULA KAY HOWARD
Sponsor: Bovina Future Homemakers of America
Parents: E. G. Howard, Box 101, Bovina
Brown eyes, light brown hair, height: 122 lbs, measurements 34-24-36.
16 years of age, Sophomore Class President at Bovina High School. Member of FHA and Pep Club Officer; Homecoming Queen, 1961; PFA Plow Girl; Most Popular Girl; Student Council Representative.

BONNIE COCHRAN
Sponsor: Farwell Future Homemakers of America.
Parents: E. L. Cochran, Route 1, Farwell
Height: 5'4", weight: 108 lbs, 17 years of age-Senior at Farwell High School.
Had a poem published her junior and senior year in high school. Has been a cheerleader and in FHA three years; Basketball, two years; Voting delegate, 1 year; Candidate for Miss Farwell High School, Most Beautiful, Football Queen, Miss Farwell, Best All Around.

HD Agent's Notes

BY MISS ETTIE MUSIL

Spring is really here! Fruit trees, spring flowering bulbs, flowering shrubs, and early blooming flowers are truly breath taking. Before long the all time favorite roses will be in full beauty.

Incidentally, have you checked the new tender leaves of the rose bushes and other shrubs? If not, the tiny aphids have had a feast. Before it's too late you need to take a look around the new buds and leaves.

These tiny insects can suck the buds and leaves until they become stunted or growth or even until the leaves dry and buds never open. Still one of the best insecticides to kill aphids is malathion. Weekly applications of the spray should keep the aphids and yellowish trips under control.

Be very careful in measuring and mixing 2 tablespoons of malathion to each gallon of water needed. Use measuring spoons that you have for measuring chemicals only. We can not be too careful when working with chemicals. Spoons or cups used in measuring insecticides or fungicides for the garden just should not be used in measuring food in the kitchen.

When spraying the rose bushes, any shrub, or garden vegetables always spray the insecticide with the wind direction. Be sure to wear clothing that will protect you from any drift of the chemical. If any mixture does get on your skin do wash it off and change clothing if they become dampened. Many people are seriously allergic to any insecticides. Store all bottles or cans of insecticides on a high shelf or locked out of the reach of young children who cannot read warning labels.

This malathion mixture is good to spray the arborvitae shrubs that attract flies in the spring. Aphids suck the tender

new leaves of this evergreen shrub leaving a honeydew residue on the leaves. Flies swarm around the shrub to suck the honeydew when aphids are present. When spraying the arborvitae you'll make it healthier and get rid of the flies.

Guess you have the "garden bug" too as you watch the shrubs and flowers of spring. This "bug" is beneficial because you'll have many fresh vegetables for salads, vegetable dishes, canning, and freezing. I know many of you have onion plants already planted as a first start in the garden.

Before planting a garden the soil should be broken to a depth of 8 to 10 inches. If you had the garden plot plowed last fall, now you are ready to pulverize the rough surface.

Barnyard manure should be used extensively on vegetable gardens. It should be plowed or spaded well into the soil, and used as a heavy topdressing when fitting the land for planting. Use well decomposed manure so as not to burn the plants. Manure that is not well decomposed should have been applied broadcast over the garden last fall or several weeks before planting time.

Be cautious when using poultry or sheep manures, since they contain more nitrogen than other manures and may burn the plants. Well rotted compost is good to mix with the soil a few weeks prior to planting. Compost is not a satisfactory garden fertilizer alone. Its greatest values are in improving the physical condition of the soil, and for mulching.

According to one of our many bulletins on gardening, "Vegetable Gardening", time of planting is one of the most important factors in growing vegetables successfully. Here is a general guide as to when various kinds of vegetables should

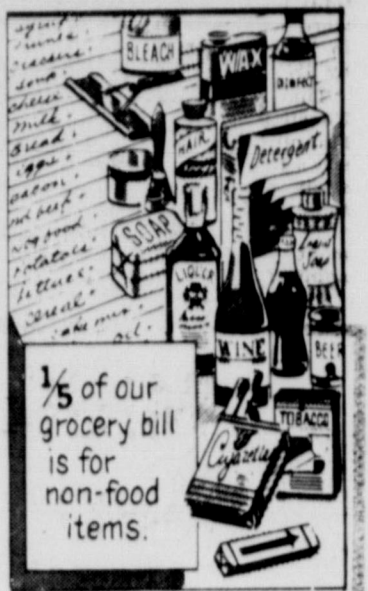

be planted.

For early spring plantings 4 to 6 weeks before the frost-free date you may plant asparagus, broccoli, cabbage plants, English peas, lettuce, onions, potatoes, and turnips. Two to six weeks before frost-free date you can plant beets, carrots, chard, lettuce, mustard, radishes, parsley.

For spring or early summer plantings at frost-free date it is safe to plant snap beans, sweet corn, cucumbers, okra, pepper plants, squash, tomatoes. Two to six weeks after frost-free date plant beans, eggplant, southern peas, cucumbers, and okra.

A recent publication, MP-548, "Bermudagrass Production in Northeast Texas," of the Texas Agricultural Experiment Station shows the value of Coastal Bermudagrass as a forage producer for this section of Texas. Copies are available from the Agricultural Information Office, College Station, Texas.

Electric Co-Op Meets This Week

Thursday, April 26 is the date for the annual meeting of the Deaf Smith Electric Co-operative, with the Bull Barn in Hereford as the site.

Members start their meeting with a barbecue lunch at noon and the business session will begin at 1. These nominations have been made for directors' vacancies:

PARMER COUNTY -- Tom

Caldwell, Bovina; Webb Gober, Farwell; Jack Patterson, Friona.

DEAF SMITH COUNTY -- Raymond Higginbotham, Rt. 1; Dick Ellis, Rt. 4; Virgil Marsh, Rt. 5 (all Hereford).

One of the highlights of the annual meeting is the beauty contest. Girls from Parmer County are shown in connection with this story. Other candidates are from Deaf Smith and Castro Counties.

Green Thumb Tips

Cauliflower plants should be transplanted early enough so that heads form during cool weather. Otherwise they will be off color and have poor texture.

There are any number of beautiful grasses which may be grown from seeds and used for winter decoration indoors. Cloud grass, quaking grass, fountain grass, animated oats, and pampas grass are some of their fascinating names. Why not plant seeds of some of these grasses this spring?

Weeds are easiest to remove when they are small. When they get big and tough, it takes a lot of pulling or hard hoeing to get them out.

Unusual in gardens, yet easy to grow is the Inca's Flower, more commonly known as Tithonia. Bright red-orange flowers on stiff stems, from August to frost, on plants about 4 feet high make this a perfect plant for screening or for the background of a border of annuals.

Pick summer squash when they are small and keep on picking them.

Back in 1947, food sales represented 88% of total grocery sales. They represented only 80% in 1959. At the same time, beer, wine, and liquor sales jumped from 2% of the total to 5%. Other non-foods were only 10% of the total in 1947, but had reached 15% by 1959.

This is reported by Cleo Fitzsimmons and Sarah L. Manning of Purdue University's Experiment Station in a study made by them in the Indianapolis area in cooperation with the U. S. Department of Agriculture's Economic Research Service.

The HAPPY HOMEMAKER

BY JUNE FLOYD

With the coming of warm weather, there's always a need for a homemaker to vary her menus and a tasty colorful salad makes an ideal variation. Young tender spring greens make a good basic ingredient for any green salad.

Whether you choose to use lettuce leaves, mustard leaves

or other freshly grown leaves depends upon personal preference. To these leaves add green onions, radishes, green pepper and a good salad dressing and you will come up with a tempting salad dish for any noon or evening meal.

If you are fortunate to have access to fresh rhubarb, you will want to try the following recipe for

RHUBARB COBBLER
3 cups diced rhubarb
1 cup sugar
2 tablespoons flour
2 tablespoons grated orange rind
1/4 teaspoon nutmeg
2 tablespoons butter
1/2 cup water
1 cup flour
1/4 teaspoon salt
4 tablespoons fat
1/2 cup milk
1 teaspoon baking powder
Mix rhubarb with sugar,

flour, orange rind, nutmeg, butter and water. Pour into a shallow baking pan. Sift flour, baking powder and salt together. Cut in fat and add milk.

Pat out soft dough and fit over rhubarb. Make air holes in top. Bake 30 minutes in oven.

Do you have a collection of corsage pins that you don't know what to do with? If so, use them for hat pins. If you want to make them more colorful, sprinkle with liquid glitter or glue tiny rhinestones and beads on them.

A salad that is sure to make a hit with the men at the table is

STRAWBERRY SALAD
1 16 oz. package sliced frozen strawberries partially thawed or 1 pint fresh strawberries
1 cup sour cream
1 cup dry cottage cheese
1 tablespoon lemon juice
Beat sour cream with rotary beater until slightly thicker. Fold in remaining ingredients and spoon into two 1-pint cartons. Place in freezer. To thaw, place carton in refrigerator about 1 hour before serving time, or thaw at room temperature a few minutes. Each carton yields 6 slices.

Another strawberry recipe you are sure to enjoy using is

STRAWBERRY DELIGHT
2 cups crushed vanilla wafers
2 eggs
1 1/2 cups powdered sugar
1/2 cup butter
1/2 cup chopped nuts
1/2 pint whipped cream
1 quart box fresh or frozen strawberries, sliced and drained
Spread half of vanilla wafers in 9 x 9 inch cake pan. Cream butter, add sugar and eggs, beat with mixer until smooth. Spread this on top of vanilla wafer crumbs. Add strawberries and sprinkle with chopped nuts. Add remaining wafers. Spread with whipped cream. Chill until firm. Serves 8.

BILL MILLEN

"Parmer County's Choice"

Mr. and Mrs. Parmer County voter, may we direct your attention to the race for State Representative in the near future and point out some of the reasons why Bill Millen is "Parmer County's Choice" in the race.

Mr. Millen, now of Muleshoe, is a successful farmer of the area who understands the problems of the irrigated High Plains better than any other candidate. He is the man we want and NEED to represent us in Austin.

As an individual, he has invested hundreds of hours of time in the interest of programs beneficial to the farming of our area. This has been at great personal expense to himself. He also has fought AGAINST damaging programs at the state and national level to keep our area prosperous.

He has defended the bracero program against heavy odds. He is a man known in Austin, Washington, and across the country for his level-headed thinking. He has spent much time and money for the Plains Irrigation Gas Users Association. He is fair, honest, capable, and --most important-- the most EFFECTIVE candidate for us in the race. No wonder he is "Parmer County's Choice"!

1. Correction of the irregularities in the new sales tax law.
 2. I believe that the Advalorem Tax should be abolished or turned over to the towns or commissioners courts.
 3. Work for a fair deal for the farmer Irrigation Natural Gas Users. (In which they would have the same privilege as the towns and villages.)
 4. A small loan regulation bill.
 5. Prohibition of obscene movies, as well as obscene books in our school libraries.
 6. Stronger lobbyist regulation.
 7. Continued improvement in our public schools and colleges.
 8. Adequate legislation and financing to attract industry and tourists to Texas.
 9. Defend the recent tax placed on gas pipeline companies.
 10. Modify the Auto Insurance Merit Rating to make it more equitable.
- I will also stand for more states rights and less centralization of government.
- Bill Millen
