LISTEN TO LUKE

In order to write this column each week, I have to scratch my head early and get started before the usual time because of Thanksgiving coming this year — almost every year — on Thursday.

Newspaper people are like everybody besides turkeys — we observe Thanksgiving, too. We get a great deal of pleasure out of writing this column. It offers us a chance to get some information to the people that might be difficult to put into a story, which is supposed to be an unbiased presentation of facts.

This column is our personal opinion as best as we can express. It is not intended to blow off steam at anyone without giving them an opportunity to get us. We hope that nothing like this has been written in any column. Each of you can, and we do, disagree with what we write. We only hope that we will as you, have the right to personal interpretation and on any and all matters that may be discussed here.

Probably if you owned a newspaper you would be raking our opinions over the coals at times. That's the way it should be. As we get older — and we do — many things seem more in need of our interest and yet we seem to try harder than ever to evade the more unpleasant task of putting in print one side of the question against the other for the information of our readers. We know there are many people who are never interested in public affairs or the outcome of a question that is started until it is settled and then the interest is only to find fault.

Well, we can only hope that everybody will be so full of turkey dressing this year that they will be in a state of forgiveness for all our past misgivings and will be in mood to start over and open hearts and minds to try to make the best of the many things that come our way.

As we see the town full of new houses filled and trailers, courts filled with new citizens, we are thankful they have come our way. We have had the privilege of meeting a great many of the fine people and have found them to be nice folks. The community should be happy to welcome them to our midst.

All the progress of the oil and development in this county mean that we will have more people than we have had before. Along with that, we have a responsibility of making and keeping conditions here favorable for new people and the old citizens who will be neighbors.

The economic picture of Sanderson has been boosted, to a great extent by the immigration of our new citizens. This progress, and the good will that is being continually between the new and the old, is making a better spirit of community for all of us.

I read a story this week of a family of six in a hurry to get to a funeral. At an estimated speed of 110 miles per hour, they hit a deer. They were late for that particular funeral but they were on time for six other funerals.

Since this columnist is on the Governor's Highway Safety Commission, we have made every effort to work with that commission in our efforts to slow down traffic and thus prevent accidents.

Many people in the state will be thankful during the coming week-end because they have someone near and dear to them because of an accident. Be sure that your survivors are not in this group.

Be on the right — be safe!

Deer, Quail Season Opens December 1

Two more shooting seasons on important species will open Dec. 1 according to the director of law enforcement of the Game & Fish Commission. Of widest importance will be the opening of quail season, with a bountiful crop reported throughout the state. The deer season west of the Pecos also will open at that time. Shooting quail will be legal until Jan. 16, but trans-Pecos deer season will end December 8.

There is a bountiful crop of quail in this area of the state, according to area ranchmen, but rugged terrain and heavy brush coverage makes hunting the birds very difficult. Most all coveys of quail seen recently have been large in number.

Deer Hides Asked By Hospitals

Austin, Nov. 24 — Deer hides to be tanned into buckskin for state hospital patients' use began piling up at the Austin Taxidermist Studio in the first week of the hunting season. Cooperation of locker plant operators is credited with accelerated collection.

Sponsored by the Volunteer Services Council for Texas State Hospitals and Special Schools, the annual collection provides soft leather from which patients fashion such items as purses, gloves, moccasins, and billfolds. Previously designated for tuberculosis patients, a sufficient supply is being sought this year for all the hospitals and special schools, according to Mrs. Malcolm Gregory of Austin, Volunteer Council Chairman.

"We're optimistic, too, that it can be done," Mrs. Gregory said, "because this year the Texas Independent Meat Dealers Association has endorsed this project and is asking its locker plant and meat industry members throughout the state to accept and ship the hides to Austin where they are cured and stored for tanning at the end of the season."

Motor freight lines for several years have hauled the hides without charge when they are marked "charity" and consigned to the Austin Taxidermist Studio 2708 Fredericksburg Road, Austin. For the past two years, Air Force Reservists have utilized a West Coast training mission to transport the collection to the tannery in San Francisco.

Light Rain Falls Sunday Afternoon

A light rain began falling just after noon in Sanderson Sunday and approximately 10-inch of moisture was reported.

The weather has been balmy during the days this week with heavy fog reported Monday and heavy fog Monday night and some light overcast here Tuesday. The nights have been relatively warm during the past several nights with temperatures in the mid-50s locally.

A heavy frost last week killed much vegetation and leaves on trees and shrubs are beginning to fall.

Carlos Dunn, president of the local Lions Club, will serve as master of ceremonies for the affair.

The source revealed the well to be on section 14 of Block 37 on the Burch Woodard ranch.

The land is a part of the large block of minerals leased on University of Texas land by the oil company. Site of the well is more closely identified as north of Independence Creek and about 3 1/2 miles north of the ranch house of Clarence Jessup.

Texas - Pacific No. 1-A Dunlap was last reported at 13,570 feet in Ellenburger dolomite. 'Mail Early' Plea By Post Office

Postmaster Clyde Griffith said this week "Christmas seems quite a way off, but nevertheless, we're starting our annual 'Mail Early' for Christmas" campaign immediately, because there's every indication that the 1958 Christmas season will set an all-time record for mailings."

The Postmaster said further that right now is the time to plan your Christmas card and gift mailings. The first thing to do is check your Christmas cards to be sure that addresses are correct.

Be sure to use only first class postage on Christmas cards out of town. All cards sent by first class mail may include a personal handwritten message, whereas a signature only is authorized on cards mailed for three cents.

Through the fine cooperation of the public during recent years, Postmaster Griffith reports that great progress has been made in getting the Christmas mails out on time. He is making advance preparations to handle the 1958 Christmas mail rush.

Christmas cards and gifts for most distant points should be mailed first, preferably well before December 10, and those for nearby points should be mailed by December 15, or at least a week before Christmas.

O. H. McAdams of Round Rock Rock visited here briefly with friends Saturday afternoon. With Mrs. McAdams, they visited on the ranch with their son-in-law and daughter, Mr. and Mrs. Frank C. Warren, for a few days.

Roadrunners Split Two Games With Rankin Girls

The Sanderson High School Roadrunners, fem cagers, split a pair of games with the Rankin girls here Monday night in the local gym. It was the B string girls who furnished the win for the local team. The A string girls lost a close one to a strong team of visitors.

In the B game, starting forwards were Susan Harkins, Vickie Littleton and Darlene McDonald; starting guards were Sue Vaughn Haynes, Diane Brown, and Darla Freeman. Substitutes were Lupe Garza, Linda Morris, Martha Flores, Beatrice Alva as forwards; and Mary Duncan, Melinda Gilbreath, Judy Denson, Pat Meeks, and Margarito Bravo as guard subs.

The local girls led all the way in scoring, with some outstanding work by both forwards and guards.

The score by periods:
Sanderson 13 18 21 32
Rankin 6 14 18 29

In the A game the starting forwards were Angie Salinas, Barbara Sudduth and Kathleen Robbins, with Susan Harkins, Lupe Garza and Darlene McDonald as substitutes; starting guards were Natalia Chalambaga, Linda Shurley, Anabella Flores; with Patty Gray and Elizabeth Lopez substituting.

The Rankin girls, state contenders last year, were given a good game by the local girls who did yeoman service and displayed a bushel of enthusiasm during the game.

There is a possibility that the Roadrunners would have been stronger contenders had some of their shots looped the basket instead of rolling around and out or bouncing off the back rim.

There was seldom more than six points difference in the score during the last half with Rankin leading all the way.

THIS IS THE ONE FOR WAGONS! 1959 CHEVY

Chevrolet's five stunning new station wagons for '59 are shaped to the new American taste with fresh, fine Slimline design. And they're beautifully practical—with roomier, quieter Bodies by Fisher, an even smoother ride, new ease of handling!

Wagons were never more beautiful or dutiful. From low-set headlights to wing-shaped tailgate, these '59 Chevys are as sweet looking as anything on wheels. They're just about the handiest things on wheels, too—from their overhead-curving windshield to their longer, wider load platform. Besides additional cargo space, you also get added seating room (4 inches more in front, over 3 inches in back). And you'll find such other practical advantages as new easy-ratio steering, Safety Plate Glass all around, bigger, safer brakes, smoother-than-ever Full Coil suspension and a roll-down rear window (electrically operated as standard equipment on the 9-passenger Kingswood). Your dealer's waiting now with all the details on why this year—more than ever—Chevy's the one for wagons.
