# **Equalization Board for School Officers Warn** Sets Hearing on June 25

The second with the second

The Board of Equalization for the Terrell County Independent School District has set their heara.m., according to information received this week.

The

The board, consisting of Jimmy Caroline, Edward Kerr, and Hugh Rose, was appointed by the trustees at their meeting on Monday night.

All three members of the board of equalization are ex-senoo? board members and are familiat with the needs of the school, the present tax structure and with county evaluations.

The purpose of the board is to set the valuations on all real and personal property in the county for tax purposes for the school.

All property owners will be given an opportunity to be heard at the June 25 meeting in regards to valuations of property for tax purposes.

Further notice will be given to the public prior to the meeting so that all property owners may be given an opportunity to attend the hearing and be heard if they so desire.

It was pointed out that the board of equalization has the first and last decision in regards to the evaluation of property within the county for tax purposes. Inequality of valuations may be taken to district court for ruling. This information is given to inform the public that the school board nor the tax assessor-collec-

# .85-Inch Rainfall Here Since Friday

According to W. E. Grigsby, .85inch of rain fell in Sanderson or. Friday of last week and there were several showers since that left only a trace of moisture in the rain gauge

Most of the rain Friday followed the twister which hit the eastern part of Sanderson about 7:15.

Ranchmen of the area reported up to 1 inch of moisture in the northern part of the county with lesser amounts generally covering the county.

There was some light hail feil in some areas but not damaging to the brush or livestock. Intermittent showers fell al-

most all day Friday and Friday night

Monday afternoon late there were some traces of a light sprinkle and heavy clouds were visible to the east and north.

Considerable lightning was visible Monday night but no rain was reported in this area.

Tuesday night was consider ably cooler than recent nights. Wednesday dawned clear and

## Twister Hits Here, **Local Drivers** Of Crack-Down Damage Sheriff Lee Billings has asked

The Times to publish the fact that a concerted effort will be made to apprehend all traffic v .olators locally in an effort to halt the accident occurrences of the past few weeks.

He stated that warnings have been issued in several instances during the past week and that future offenders will be charged with all traffic violations witnessed.

Billings stated that the accident rate has increased to such an excent that he feels the action was not only warranted but necessary.

He asked for the cooperation of all drivers of the county in his efforts to safeguard property and to uphold the traffic laws.

## Notary Oath, Bond **Renewal Deadline** Is June 1, 1959

Secretary of State Zollie Steakley has announced that he will reappoint persons now holding notary public commissions but that such persons must re-qualify by the filing of a new oath and bond with the County Clerk of his residence between June 1, 1959, and June 10, 1959.

Steakley emphasized that notaries public should not send requests for reappointment or for commissions directly to the Secretary of State. The law specifically requires the county clerks to approve the notary bonds.

Any person not now a notary public who desires appointment should apply before May 20 to his county clerk. Applications will assure prompt attention before the rush procedure of reappointing present notaries.

Secretary of State Steakley further pointed out that each person applying for a commission as a notary public must be at least 21 years of age and a resident of the county for which he is appointed. The exact name and permanent address of the applicant must be furnished the county clerk,

#### Big Year Ahead - 'They said it couldn't Austin he done And, sure enough, it

couldn't." This is the attitude of many

tired lawmakers toward the session-long struggle to raise \$200,-000.000 in new tax money.

As the regular session drew near to a close, House members, in effect, admitted they couldn't agree on a program that would do the job. House sent to the Senate the scraps of selective sales tax measure (HB 727) and a hill to increase the corporation franchise tax for one year only

There was off-the-cuff talk among House members of someone's proposing at a later date to solve the problem by cutting the appropriation bill across the board to 4 per cent less than the 1958-59 budget. This would bring such violent reaction, it was presumed, that both lawmakers and their constituents would be more receptive to new tax proposals. Senate State Affairs Committee has indicated it has no intention of trying to shove a tax program through to beat the May 12 deadline of the regular session. Full hearings have been promised from all viewpoints. Fire-Police Bill Passes

House voted 83 to 56 for a bill that would shorten hours of city firemen and policemen.

Senate already has given the bill final passage. After one more tavorable vote in the House, it will be ready to go to the Governor

Opponents tried, unsuccessfully, to get the bill amended to give local citizens a chance to vote on whether the bill would affect their cities. Supporters protested this would "kill the

A forecast of the hubbub that can be expected in the political year of 1960 was seen as the Legislature debated election law changes.

Both House and Senate gave final approval to a bill that would allow a candidate's name to appear twice on the same ballot. It is designed to allow U.S. Sen. Lyndon Johnson to run for another Senate term and accept a presidential nomination at the same time, if opportunity should arise. Senate approved unanimously; House by a 129-15 vote Liberal members, mostly from Houston, objected.

A bill to move forward two months the dates of state primaries and conventions also drew liberal protests. It would move primaries up to the first Saturdays in May and June. The state convention to name delegates to the national presidential nominating convention would be the last Tuesday in May.

#### Notes of Interest For Those Who **Plan** Retirement

Are you planning to retire in the near future and apply for social security payments? If you are, you will be interested in the information made available by the social security office in Odes-

In figuring the monthly benefits payable to workers who apply in 1959, the social security office must take account of wages and self-employment income received by the worker up through the end ol 1958. Workers now applying for their social security retirement benefits can help speed the delivery of their first social security check if they will bring with them their withholding slips (Form W-2) for 1958. when they call at the office to file their claims. If a claimant for benefits is self-employed, he should bring with him a complete copy of his income tax return for 1958, including Schedule C,which details his business income and expenses. He should ! also bring a cashier's receipt, cancelled check or other evidence showing that he has paid

his 1958 income tax. Thomas pointed out that earnings for years before 1958 have already been posted to the worker's individual social security account, but sufficient time hasn't clapsed for all 1958 earnings to be credited. This is especially

any available documents which show his age or date of birth While a birth or baptismal certificate based on a record made at the time of birth is preferable we accept many types of evidence such as life insurance policies, naturalization certificates, union, hospital or lodge records etc. Such a record should be several years old and show the date it was made as well as the worker's age or date of birth.

Workers who have reached retirement age, 62 for women or 65 for men, were invited by Thomas to call at the social security office to file their claims. or to discuss any social security problems they may have.

Remember the Little Red Hen who asked for help in planting, harvesting, and grinding her wheat? No one would help so she did the work herself. But when she asked "Who will eat my bread?" ... they were all willing to assist.

Texans find food for thought in this familiar nursery tale. Back when our rural community had no electricity, poles had to be set and the lines strung to pierce the darkness. No one was willing to do the work so rural people formed electric cooperatives and built their own electric systems. But now that the hard work has been done would you deny these democratic institutions the fruits of their labors?

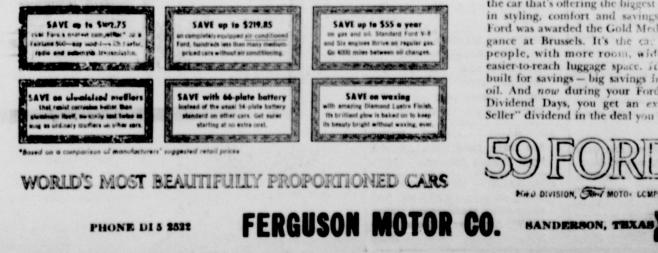

We feel that the locally owned, business managed, tax paying Texas Electric Cooperatives should harvest the fields they have been cultivating for two decades. The Electric Cooperatives of Texas brought a new way of life to our rural community. ..... They should continue to serve the areas they helped to develop.

## **Banquet Thursday** For SHS Seniors

The members of the 1959 graduating class of the Sanderson High School were honored guests at the annual junior-senior banquet which was at the C.A.C. Hall last Thursday night.

The hall was beautifully decorated by pink crepe paper streamers forming the walls and ceiling of the hall. A hallway from the entrance door was formed of the streamers and the hallway led to a stairstep which was the entrance to the banquet room.

"Song in My Heart" was the theme of the barquet and decorations of hearts of various kinds and shapes were used lavishly on the paper streamers, the table decorations and appointments. There was a large threedimension heart on the stage with a huge pile of inflated balloons at the base of the heart and covering the floor of the stage. Johnny Eaker served as master

of ceremonies at the banquet. The welcome address was given by John Massie with the response by Peggie Cooke. Dr. Bivington Reed of Sul
