

Parmer County Fights Polio Sunday

Sunday is "SPS" for Parmer County residents. That is the day chosen to kick off the mass immunization program against Polio through use of the Sabin oral vaccine.

"Stop Polio Sunday" is the slogan adopted by the sponsors of the program, the Parmer County Medical Society and the Home Demonstration Clubs of Parmer County.

Three clinics will be oper-

ated in the county, as opposed to four as originally planned. There will be clinics at Friona, Bovina and Lazbuddie.

There was to have been a clinic at Farwell, but after meeting with Farwell officials, members of the County Medical Association decided that it would not be practical to hold one, since it was thought that a majority of the population was immunized at a recent clinic

in Texico, N.M.

People in Farwell who missed the initial vaccination at Texico are welcome to get it at any of the other locations.

Those who need rides may meet at Farwell High School at 1:30 p.m. Sunday, and a bus will be taken to the Bovina clinic.

Anyone who knows of shut-ins who would like to take the vaccination are asked to call Mrs. John Sanders at 5082 in Friona

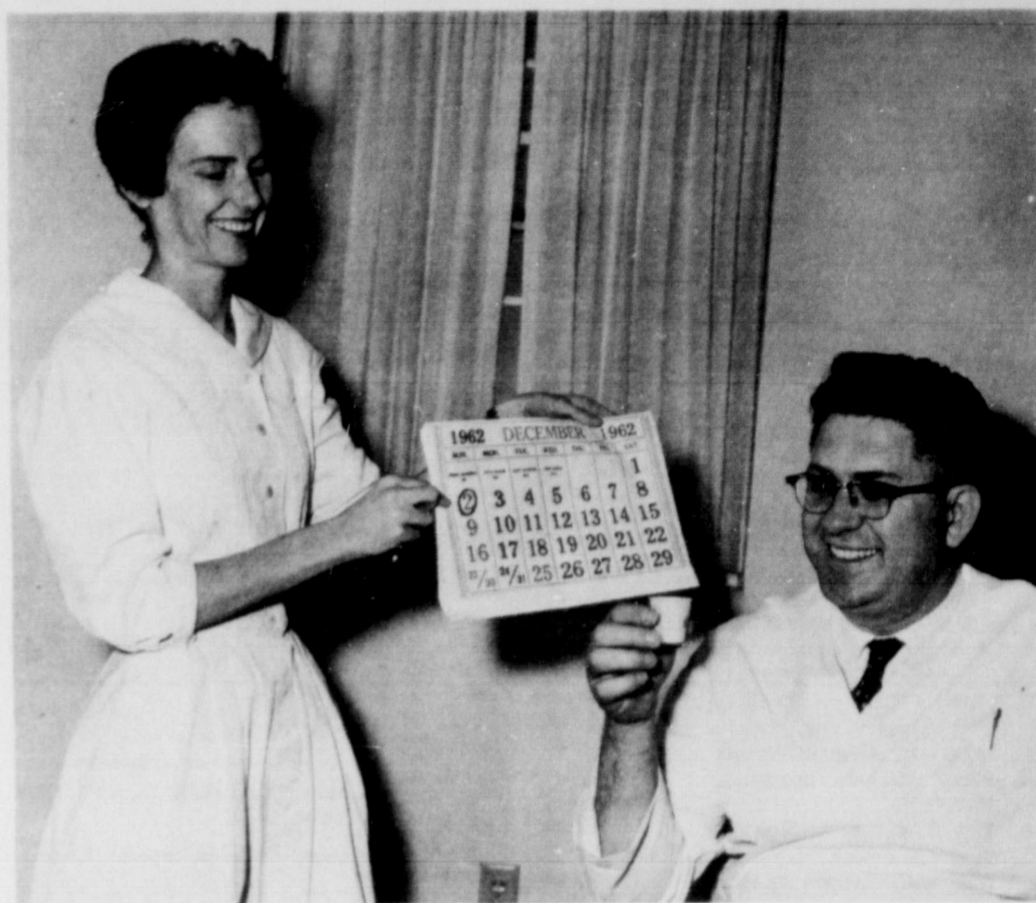

or Mrs. Ralph Price at Hub 2614, and arrangements will be made for a mobile unit to take the vaccine to the residence.

The three clinics will be held at the school cafeterias at each place. Friona and Lazbuddie will hold their clinics from 12 noon until 4:30 p.m. Bovina's will run from 1:30 p.m. to 4:30 p.m.

"A doctor, a nurse and a pharmacist will be at each

clinic to assist in giving the vaccine," stated Dr. Paul Spring, county health officer.

Spring emphasized that parents of children under 21 years of age must sign a form to enable their children to take the vaccine. A copy of the form is being run in this issue, so that parents may bring it to the clinic properly filled out, in order to facilitate the program. (Continued on page 2)

IT'S SIMPLE . . . Dr. Paul Spring, county health officer, shows how easy the Sabin oral polio vaccine will be to take, as nurse Betty Reed reminds of the Sunday date for clinics in Friona, Bovina and Lazbuddie.

There are times when what seems like logic is not sufficient.

In the discussion of the placement of a new water tower which appeared in this column last week, the small factor of friction was not considered. To some people in the business of operating and maintaining water systems may be called hydrolics.

Anyway, the idea is that one large line (say eight inches) will carry more water for a greater distance than two smaller lines (say four inches each). This is caused because of the friction of the water moving against the side of the pipe creating a restraining force on the water. (At least that is the way I understand the situation.)

The pump station on Fifth Street in the southwest part of town is controlled by an automatic switch located at the tower in the southeast part of town. When the water level falls below a fixed point in the tower, the pump is turned on. While the pumps are working, the pressure is increased somewhat in the area west of the pump station.

Here also lies a problem. When the pump is working the water is flowing both to the west and toward the tower to the east. This flow of water creates a force moving toward the tower and another flowing away from the tower toward a non-supplied end of the pipe. When the pump is switched off, the water flowing toward the tower must stop and reverse directions to supply the area west of the pump. While the force is changing, there is practically no pressure in the west area. Although a new line was installed in this area recently, the pressure is not as constant or adequate as in the areas north of Highway 60, according to the information which I have obtained.

Also, there are large mains which supply the needs of the town other than the area along the west end of Sixth.

So now we are back to the question of "in which direction will the town grow in the future?" If it is going to grow to the east on the north side of Main, I still say that the tower should be somewhere in that area. If the expansion is to continue toward the west (perhaps across Highway 60 and along the north side of the golf course) we could meet future needs and better the present situation by placing the tower in the western part of town. In the latter case, I would suggest locating the new tower somewhere on or near the school property, perhaps near the bus barn.

I am not going to try to tell the city council where to put the tower, but I will and have made my thinking on the subject known. I hope that more thought and investigation is given to the subject before thousands of dollars are spent to put up a tower. It could easily prove to be a wasted investment if located in the wrong place.

There is little question as to whether or not the tower is needed. I am told that the city has storage to supply the city for only 20 minutes if all power failed. At present, the possibility of an electrical failure is covered by an engine which may be hooked to the pump to supply water if necessary.

I will suggest that residents visit with their council members and city manager on the subject.

By the way, I have been in-

PROGRAM NEXT WEEK

Variety Show Producers Need Old Costumes

Producers of the annual PTA Variety Show sent out an SOS this week for anyone who has old-fashioned clothing, which might be suitable for costumes in the upcoming production. Especially needed, according

to Mrs. Lee Renner, are squaw dresses or square dance dresses; ladies' bathing suits from 1910 to 1920, about three black "derbies," and other dresses and hats which were in style about 50 years ago.

Anyone having such clothing is requested to call Mrs. Renner at Hub 4217.

Tickets for the production, "Souvenirs of Show Business," are now on sale. They may be purchased at two locations in

Friona, Foster's and Hurst's. The show is set Friday night, December 7 at the Friona High School Auditorium. It will start at 7:30 p.m.

Mrs. Ralph Price is chairman of ticket sales for the production. Any member of the Friona PTA also may be contacted for tickets.

The annual variety show is to present highlights of show business for the past 50 years, in 10-year sections. Kenneth Livingston and Mrs. Bill Beene are co-chairmen of the production.

Songs and skits will be presented from such Broadway hits as "Oklahoma," "Meet Me in St. Louis," and "Music Man." Local talent will be featured in the show. Among those who will sing are a trio, composed of Mrs. Aubrey Rhodes, Mrs. David McVey and Mrs. Troy Ray, which will sing "Bell Bottom Trousers."

Other local groups will also be featured, such as a men's quartet, composed of Ed Hicks, Claude Miller, Dadson Worley and J. B. Taylor, and another combo, made up of Lowell Bynum, Wayland Ethridge, Bill Spencer and Flake Barber.

Several other local singers will be featured on the program, which will offer practically every type of music. Proceeds from the program will go for a public address system for the School Cafeteria, and improvements for the PA system in the High School Auditorium.

Admission is \$1.25 for reserved seats, \$1 general admission and 50 cents for children.

Two Scouts Receive Eagle Awards Tonight

Two Friona Boy Scouts will receive Eagle Scout awards as a highlight of Troop 56's Court of Honor ceremonies at the Fellowship Hall of Friona Methodist Church tonight beginning at 7 p.m.

Tommy Jay Sanders, son of Mr. and Mrs. John D. Sanders, 1962 graduate of Friona High School, and Wayne Cason, senior at Friona High School and the son of Mr. and Mrs. Hayden Cason, will receive scouting's highest award.

A total of 13 local Boy Scouts will make advancements, with awards all the way from Tenderfoot to the aforementioned Eagle.

The Eagle award represents a total of 21 merit badges earned by the scouts, and five prior ranks passed. The two awards will mark only the second and third Friona scouts to achieve the rank.

As a sidelight to the honor court, a film about "Philmont Scout Ranch" will be shown. The banquet is being prepared by troop mothers. Friona Lions Club is sponsor of Troop 56. All parents of scouts and committeemen are to attend. Cason is scoutmaster, and Robert (Preach) Collier is assistant scoutmaster.

TOMMY SANDERS

WAYNE CASON

Temperatures

Temperatures in Friona ranged from a low of 23 on November 20 to a high of 68 both November 21 and November 27.

A trace of moisture was recorded both November 20 and November 26, according to City Manager Arley L. (Jake) Curland, who tabulates the records.

	Max.	Min.
November 20	59	23
November 21	68	32
November 22	67	29
November 23	56	39
November 24	63	34
November 25	66	34
November 26	66	44
November 27	68	30

BELL BOTTOM TROUSERS . . . A trio which will present a song by that name as part of the PTA Variety Show Friday,

December 7, is made up of Mrs. Aubrey Rhodes, Mrs. David McVey and Mrs. Troy Ray.

THROUGHOUT COUNTY

Rash Of Accidents Hospitalizes Three

A rash of accidents in the county the past week has left at least three persons hospitalized, with others being treated for injuries.

Mrs. Joe Latham, 15, was seriously injured last Saturday when the automobile she was driving collided with one driven by James Stanford Bennett, 33, Hereford.

The accident happened 3 miles south and 4.3 miles east of Friona at the intersection of two country roads. Mrs. Latham, who was expecting, was

taken to Parmer County Community Hospital in Friona, where her baby was still-born. In addition, she underwent surgery to remove a ruptured kidney, and was listed in fair condition Tuesday.

Bennett suffered broken ribs and a broken collar bone. He was transferred to the Deaf Smith County Hospital in Hereford. Another passenger in the Bennett car, Durwood Morris, 32, was also treated for injuries.

The Hereford man is em-

ployed by General Telephone Company, and was enroute to Hub where he was doing some work. Mrs. Latham was enroute to Friona where she was to do some shopping.

Also hospitalized Monday was Mary Kelly Thomas, 42, of Odessa, who sustained a neck injury when the car she was driving was struck by one driven by Roy Willis Lovelady, 21, of Star Route, Bovina.

Both automobiles were traveling south on Farm Road

(Continued on page 2)

MISS MUSIL RESIGNS

County Seeks New Demonstration Agent

The resignation of Miss Ettie Musil, County HDA for the past two years, becomes effective Friday, November 30. Miss Musil resigned to be married.

The Parmer County Commissioners' Court said that a new Home Demonstration Agent would be appointed for Parmer County as soon as one became available through the Amarillo District Extension Service office.

The court appointed a jury of view and accepted a report from another at its regular meeting Monday in Farwell.

Appointed by the court to inspect the opening of a new county road near Black, for the A. L. Black, et al petition were Clyde Hoyer, Elvin Wilson, Clyde Weatherly, Fern Barnett and Claude Blackburn.

The court accepted a report from another jury of view which inspected a road opened near Lazbuddie on the Juel Treider et al petition, and ordered the road opened.

Work began this week on a

country barn on county property in Friona. The barn will be used as a storage place for county equipment.

"We hope to finish the barn in about three weeks," said Tom Lewellen, commissioner of Precinct 1.

The building will be oval-shaped, of steel construction, and will measure 36 feet by 72 feet.

Squaws Compete In Tournament

Friona High School's Squaws will get their first real test of the season this weekend when they play in the West Texas State Invitational Tournament.

The Squaws, who have coasted to two easy wins since the regular season started, meet Tulla in the first tournament game at 5:15 Friday. The other two teams, Claude and Dimmitt, meet at 9:15 Friday.

The Squaws will play Saturday regardless of their outcome Friday. The consolation game, between losers the first day, is set for 5:15 Saturday afternoon, and the girls' championship battle is at 8 p.m.

CODE 4774

"SPS Day"

(Continued from page 1)

"Now is the proper time to take the vaccine. People should get their immunization during the winter before the summer Polio season begins," stressed Dr. Spring.

Persons of all ages are urged to take the vaccine, which offers more complete protection, as well as prevention from being a carrier of the dread disease. While a contribution will be accepted to help defray expenses of the clinics, everyone will receive the vaccine whether he contributes or not.

The second dose of the vaccine will be given in mid-January, although dates have not been set as yet.

Following is a list of questions and answers which might prove helpful to those who take the vaccine:

- Q. What is the "VP" Program?
- A. "VP" is the symbol for a mass immunization program to be held in Parmer County. "VICTORY OVER POLIO" is the goal.
- Q. Who should take the vaccine?
- A. All persons residing in Parmer County. This includes everybody, from babies to senior citizens.
- Q. When will the program start?
- A. The first date is Sunday Dec. 2.
- Q. What will happen at the Clinics?
- A. Each person will be given a dose of Type I Sabin Polio Vaccine -- two drops of vaccine on a sugar lump.
- Q. What will this cost?
- A. A donation to help defray the cost of the program may be given. Everyone will be immunized whether he contributes or not.
- Q. What time may I go to the clinic?
- A. The clinics will be open from 12:00 noon until 4:30 p.m. (1:30 - 4:30 in Bovina). It will take you just a few minutes to get your vaccine.
- Q. I have had the Salk polio injections. Should I take this too?
- A. By all means! While the Salk vaccine was a very important step, this vaccine provides more complete protection for a longer period of time. Sabin vaccine also prevents you from being a carrier of the dread virus. This

means protection for the whole community because the virus can be eliminated from the area.

- Q. Is there any danger in taking this vaccine?
- A. It has been given to millions of people here in the United States as well as millions elsewhere in the world. There have been no reactions in all these people.
- Q. What about pregnant women?
- A. They should take the vaccine. It will protect them without causing them any trouble, and it may give temporary protection to the newborn.
- Q. If I am sick, should I take the vaccine?
- A. If you are troubled with vomiting or diarrhea it would be better for you to take your vaccine at a later date.
- Q. I am a diabetic. Should I take the vaccine? What about the sugar lump?
- A. Diabetics, like all others, should take the vaccine. The sugar lump contains 9 calories, so it will not upset the diabetic. If you wish, the dose can be given to you directly from a dropper.
- Q. Does the vaccine taste bad?
- A. There is no taste to it.
- Q. Will this one dose give me complete protection?
- A. This dose will give protection to Type I only. Type III and Type II will be given later.
- Q. Who is sponsoring the clinics?
- A. The Parmer County Medical Society and Home Demonstration Clubs in Parmer Co.
- Q. Who recommends the Sabin oral vaccine?
- A. The National Institutes of Health, the Surgeon General of the United States, The Parmer County Medical Society, and your family doctor.
- Q. Why can't my family doctor give the vaccine?
- A. He can. However, because of the increasing number of cases of Type I polio in Texas, the physicians of Parmer County have agreed that the mass immunization program should be undertaken NOW.

Accidents--

(Continued from page 1)

2290, approaching U.S. Highway 60. Lovelady's young son was treated at Friona for abrasions, but was not hospitalized. Mrs. Thomas was expected to be released Wednesday.

Arlin Lee Smith, 23, of Route 2, Farwell, was injured Thanksgiving Day when he was thrown from a tractor he was driving east of Farwell on U.S. Highway 84. Smith's tractor was struck by a car driven by Don Alexander Duff, Lubbock, who stated that the brakes went out on his automobile.

Smith suffered a light concussion and skin abrasions. He was treated by a Farwell physician and then sent to a Clovis, N.M. hospital.

Two accidents resulted in minor property damage in Friona Monday morning. A pickup truck driven by J. C. Claiborn collided with an automobile driven by James R. Fortenberry, 16, at the intersection of Euclid Avenue and 10th Street.

Fortenberry was issued a ticket for making an unsafe left turn.

Another Monday morning accident in Friona found cars driven by Douglas Charles Fry, 15, and Lydia G. Perez, colliding at Main and Sixth Streets. Mrs. Perez was issued a citation for failure to yield right of way.

Petit Jury Called For Next Monday

Parmer County Sheriff Charles Lovelace this week released the names of 48 county residents who have been notified for petit jury duty Monday, December 3, at 10 a.m.

Those notified are Robert Read, Clyde Perkins, Bill Burnam, J. C. Blankenship, Mrs. Kenyth Cass, J. W. Gooch, E. D. Chitwood, Jr., Royce G. Welch, Otho Whitefield, Mrs. Fern Barnett, Wesley Hardesty, Ovid Lawlis,

Keith Garner, Pierson Adams, W.S. Crow, Dick Rockey, Dean McCollum, Joe Jesko, Joel White, Norman Taylor, Mrs. H. R. Denny, O. J. Beene,

Herbert Schueler, R. L. Jones, Jim M. Dixon, Mrs. Milton Walling, Alton Morris, Dale McCuan, Bill Burton, Ray Landrum, Mrs. Dee Chitwood, Jack Woltmon, Partain Austin, Mrs. John Dixon, Vernon Symcox, Gus Schlabs,

Mrs. Jack Patterson, Clarence Meeks, A. G. Thorn, James C. Russell, Mrs. Ellis Tatum, George H. Anderson, Myron Hillock, C. A. Black, C. W. Bradshaw, Ralph Shirley, Jack Clayton and T. C. Hukill.

Expected to come up for trial is the case of R. G. Sparks, Bovina, charged on two counts of statutory rape.

United Drive About Complete

Friona's United Fund Drive for 1962 inched its way toward the top this week, as officials hoped for its completion shortly.

As of Wednesday morning, the total stood at \$5,208, as compared to \$5,930, or about 90 per cent complete.

"We hope to have the drive completed by Saturday," said Carl Mauer, who along with H. K. (Pudge) Kendrick is chairman of the campaign.

Mauer explained that he hadn't received reports as yet from the Rhea community. He said five teams worked Tuesday, from which the reports had not been tabulated as yet.

The United Drive, which embraces all local charitable organizations into one big campaign so as to avoid several small drives during the year, has seven benefiting organizations. They are: Boy Scouts, Girl Scouts, Red Cross, Salvation Army, United Service

Organizations (USO) Medical Research Fund and Emergency Local Fund.

Friona Man To Enter Seminary

Marion Burton Harper of Friona has been approved for admission to Southwestern Baptist Theological Seminary, Fort Worth, according to Dr. Robert E. Naylor, president. He will be enrolled in the School of Theology.

Orientation and registration procedures for new students begins January 18. The seminary is in its 55th year of operation, and is the largest evangelical seminary in the world. Classes begin at 7 p.m. January 21.

Abner B. McCall, president of Baylor University, Waco, will be speaker Jan. 17 at the mid-winter commencement, one of three commencements held each year.

Total enrollment of the seminary is 2,067 students for 1962. More than 700 students now attending the seminary have paid church positions--ministers, music directors, religious education directors, youthworkers, elementary workers and other positions.

Students come from 33 states and 16 foreign countries.

Castin--

(Continued from page 1)

formed that all water lines in Friona are of Cast Iron and will not be collapsed by any fire truck in this area. In this respect, Friona is exceptional. I know of very few towns without some cement-asbestos or similar type pipe in their system.

--TH--

There is a boy with all the answers in Mrs. Aubry Rhodes' third grade class. She started out one morning by telling a story which went something like this:

"The class went hunting one day. When they came back, the girls had five rabbits and the boys had seven rabbits. When they put all of them on the table, what did they have?"

A short pause . . .

"You're going to get those rabbits all mixed up, if you don't watch out," one of the young boys answered.

Mayfields Visit In Albuquerque

Mr. and Mrs. Howard Mayfield spent the Thanksgiving Day weekend visiting in the home of Mr. and Mrs. Keith Blackburn and Jill at Albuquerque. They were accompanied by Mrs. Woodrow Lovelace and Dianne of Farwell.

Mr. and Mrs. Granville England have announced the engagement and approaching marriage of their daughter, Sharon, to Joe Lynn McLellan, son of Mrs. Lillian McLellan and the late Leo McLellan. Marriage vows for the couple will be read at 3 p.m. Sunday, December 9, by Bro. Charles Shamblin of Bovina.

Guest Speaker Featured On Study Club Program

Program topic at the Tuesday evening meeting of Modern Study Club at Friona Federated Club House was "Wills, Estates and Trusts." Featured

speaker was L. Raeburn Hamner Jr., vice-president and trust officer of Amarillo National Bank.

The opening prayer was directed by Wesley Foster, Melba Allen introduced the guest speaker, Kay Johnson, vocalist, presented "Love Is A Many Splendored Thing," and "My Hero." She was accompanied by Sharon Reeve at the piano.

Family Dinner In Hartman Home

Mr. and Mrs. Elwyn Hartman of the Rhea Community were hosts at a Thanksgiving Day dinner in their home Thursday. After dinner of turkey, dressing and all the trimmings, the afternoon was spent informally.

Guests were Mr. and Mrs. Chris Clark, Hereford; Mr. and Mrs. Jack Clark, Jackie and Janice, and Mr. and Mrs. Duane Baize, S. D. Danny, Randy and Robin all of Friona; and Mr. and Mrs. Bill Page of Forrest, N.M.

Also Mr. and Mrs. Elmer Northcutt and Tom and Mr. and Mrs. Jerry Northcutt of the Garcia Community in Deaf Smith County.

Guests are Mr. and Mrs. Hamner of Amarillo, Mr. and Mrs. Carl Maurer, Mr. and Mrs. Herschel Johnson, Kay Johnson and Sharon Reeve.

Also Wesley Foster, Mack Bainum, Frank Spring, George M. Jones, G. E. Tannahill, Alton Farr, George Taylor, Otho Whitefield, J. T. Gee, Wright Williams, Virgil Zeman, Loyde Brewer, Charles Allen, Dan Ethridge, H. K. Kendrick and O. J. Beene.

Refreshments were served by hostesses, Ethel Ruth Spring, Thelma Ford and Louise Wilson.

Of Interest To THE WOMEN

Mr. And Mrs. Joe Neal Tarter

Paula Kay Kirby Weds Joe Tarter

Miss Paula Kay Kirby, daughter of Mr. and Mrs. A. L. Kerby, of Bovina and Joe Neal Tarter, son of Archie L. Tarter of Lazbuddie, exchanged nuptial vows Thanksgiving Day at First Baptist Church of Bovina.

Rev. Jack Jeter of Happy read the double-ring ceremony.

Vows were exchanged before an archway of greenery decorated with wedding bells and white satin bows banked on either side by baskets of white mums and red carnations intermingled with emerald greenery.

Given in marriage by her father, the bride wore a street-length sheath of white brocade cotton. Her matching fitted jacket with jewel neckline and elbow length sleeves was enhanced with white fur trim. Her shoulder length veil of nylon tulle was attached to a double band of white fur, trimmed with white velvet bows. She carried a bouquet of white mums with pearl and white satin streamers atop the white Bible presented to her by the Y.W.A.

Carrying out the traditional something old, she wore her grandmother's wedding ring on a chain around her neck. She borrowed a silver and pearl brooch from Miss Jeanie Ivy and wore a blue garter presented her by Mrs. Henry Minter. She wore a penny in her shoe minted in the date of her birth.

Sandy Brown of Lazbuddie attended the bride as maid of honor. She wore a red velvet dress with a scoop neckline and a bouffant skirt. The fitted bodice was trimmed with rows of red satin ribbons. She carried a colonial bouquet of white mums and wore a white circlet hat with a brief veil.

David Tarter attended his brother as best man. Ushers were Jimmie Dale Seaton and Lynn Cox of Lazbuddie.

Traditional wedding selections were played by Mrs. Jack Jeter, organist and Miss Elaine Fuller, pianist. Mrs. Harold Hawkins, soloist, sang "Whither Thou Goest," "Because," and "The Wedding Prayer."

For her daughter's wedding, Mrs. Kerby chose a camel tan wool suit. She complimented her ensemble with black accessories and wore a corsage of white carnations.

Immediately following the ceremony, a reception was held in fellowship hall of church. The bride's table carried out her chosen colors of red and white. Centering the table was an arrangement of red carnations in a cut glass stemmed bowl which came from the home of the bride's maternal great-grandmother. Also used were two cut glass nut dishes which were wedding gifts to her maternal grandmother in 1906.

The table was laid with a white linen cut work cloth over red. Traditional wedding cake, decorated with red and topped with white wedding bells and punch served from a cut glass bowl on a matching tray enhanced with floating red carnations complimented the table. Presiding at the refreshment table were Misses Mary Ann McKinney and Jeanie Ivy.

For her wedding tripto points of interest in New Mexico the bride chose a three piece brown

and white knit suit with gold accessories. She wore a white corsage from her wedding bouquet.

The couple will make their home at Macon Apartments in Bovina where the bride will continue her education.

Tarter is a graduate of Lazbuddie High School and Fort Smith Auction school. He is engaged in farming with his father and associated with Bill Flippin, auctioneer.

Out-of-town guests attending the wedding were Miss Brenda Cheyne of Amarillo; Mr. and Mrs. Bob Hulet, Amarillo; Mrs. J. W. Evans, and Linda of El Paso; Mr. and Mrs. Ed Kerby, El Paso; Mrs. Jimmie Dale Seaton, Muleshoe; Mr. and Mrs. James Glaze and Sandra, Muleshoe; Mr. and Mrs. Floyd Bodkin, Tulsa, Okla.; Charles Gowin and J. D. Gowin of Quitaque; Mr. and Mrs. Clarence Barrett and Charles, Quitaque; Mrs. Beatrice Montgomery, Littlefield; Mr. and Mrs. Wesley Byrom, Lubbock; Miss Elizabeth Drager, Friona; Miss Sharon Odum, Dimmitt; Paul Fredrick, Texico; Mrs. Sam Bradley, Lazbuddie; and Mr. and Mrs. Clarence Mason and Darrell, Wayne Peterson, Cooper Young, Richard Chitwood and Mrs. Alton Morris, Jeanie and Carolyn all of Lazbuddie.

Thursday visitors in the home of Mr. and Mrs. Claude Edelman, Billy and Judy were Mrs. W. B. Rogers and Curtie Mae of Plainview. Mrs. Rogers is Mrs. Edelman's mother and Curtie Mae is her sister.

Mr. And Mrs. Neal Parson

Rebekahs Plan Bake Sale

At the Monday evening meeting of Friona Rebekahs in Oddfellows Hall plans were made for a bake sale to be held at Bi-Wize Drug beginning at 9 a.m. Saturday, December 1. During the business session reports were made of ten sick visits and seven cards being sent.

Refreshments were served to the 24 members present by Mrs. O. T. Patterson.

Mrs. Waymon Wilkins, Noble Grand, invites everyone in the area to attend the bake sale. All types of home baked products will be on sale.

Reception Set

Mr. and Mrs. L. R. Dilger will observe their Golden Wedding anniversary with a reception in their home at 807 Prospect Street Sunday, December 2. Calling hours will be from 2:00 to 5:00 p.m.

Church Ceremony Unites L. Russell, N. Parson

A double ring ceremony, read by Rev. Audye Wiley at Calvary Baptist Church at 3:30 p.m.

Thursday, united Latha Russell and Neal Parson.

Mrs. T. E. Parson was matron of honor and Albert Chesher served as best man. Ushers were Charles Fields and Herschel Calendar.

The bride wore a white street length dress of dacron and cotton designed with a fitted bodice, puff sleeves and a pleated skirt. Her corsage was of white carnations.

At the reception in the church dining room Mrs. Charles Love and Elaine Parson served wedding cake and punch.

Mr. and Mrs. Parson are at home in Mrs. J. P. Wilson's duplex apartment on Euclid Avenue. Mrs. Parson, a 1962 graduate of Friona High School, is employed at Piggly Wiggly.

Parson, a senior in Friona High School, is employed by Johnson's Corner Grocery.

Family Dinner Honors Guests

Mrs. Joan Shirley and children, Sherry, Karen Lou, Jerry and Terry, of Reseda, Calif. have been visiting relatives here the past week. Thursday Mrs. Carrie Shirley was hostess at a dinner in her home east of Hub honoring the visitors.

Others present were Mr. and Mrs. Pat Busby, Mr. and Mrs. Jack Shirley, Jesse and Judy and Mr. and Mrs. John Hand, Gary and Rex.

Afternoon callers were Mrs. Lester Dean and Rose Ann and Mrs. Jim Greeson.

Plans Made For Christmas Party

During the business session of the Thursday afternoon meeting of the Hub Home Demonstration Club at the community center, at which Mrs. Weldon Stringer presided, plans were

made for the annual Christmas party. Date for the party is December 6, it will be a dinner party with husbands of members as special guests. Secret

pals for the year will be revealed after dinner. A program on Christmas gift and gift wrapping ideas was presented by Mrs. Stringer, Mrs. B. O. Elder was the hostess. Guests were Mrs. W. M. Kennedy, Ventura, Calif., mother of the hostess; Mrs. Bill Middleton, mother of Mrs. T. L. Burleson, Mrs. W. D. Buske and Mrs. Buck Bentley. Members present were Mesdames Albert Cannon, Jack Shirley, A. L. Black, Buck Fallwell, Clarence Monroe, M. M. Elder, John Renner, Woodrow Fleming, T. I. Burleson, Paul Daniel, W. E. Stringer, Gilbert Wenner, Leroy Johnson and the hostess.

A lot of work is being done by a lot of people in the interest of the Sabin polio oral vaccination program throughout Parmer County. Members of Home Demonstration Clubs are busy making announcements, writing letters, making telephone calls and putting up posters to publicize the event.

of the entire county. If each family will take time to take advantage of this opportunity for immunization against polio, all the effort put into the project will be well spent.

Like any other worthwhile project, its success depends upon participation of residents

All of us have contributed money for a number of years for treatment of the malady as well as for assistance to its victims. Now, the goal of control is in sight, let's all take advantage of the opportunity and

show up at one of the places designated Sunday afternoon.

For the past week there has been activity in the building just east of the Star office. A lot of cleaning up, painting up, moving in of fixtures and building of partitions has completely changed the looks of this former feed store.

Mr. and Mrs. P. W. Hughes are making preparations to open a barbecue stand and by the time you are reading this, you may be able to purchase freshly cooked barbecue beef or pork with all the trimmings.

Readers of the Star who knew Richard Hapke when he was editor will probably be interested in knowing that he has recently been named 1962 winner of the New Mexico Farm and Livestock Bureau's annual award for outstanding agricultural reporting. He will be presented a plaque

Friona Lutheran Church Selects Name, Officers

The name Redeemer Evangelical Lutheran Church has been chosen by members of the newly organized Lutheran Church in Friona. At the present time services of the church are being conducted in Friona American Legion Hall.

Fourteen families are presently affiliated with the church. Officers are Melvin Sachs, chairman; Bill Brandt, secretary; Oliver Rieken, treasurer; Chris Goetz, Carl Schlenker and Dick Habbinga, elder-trustee board.

Norbert Schueler and Floyd Schueler, board of education;

Gary Goetz, head usher; Mrs. Bill Brandt, organist; committee on church location, Melvin Sachs, Carl Schlenker and Rev. E. A. Binger.

Three locations are presently under consideration and are being studied.

Sunday School teachers are Mrs. Floyd Schueler, nursery class; Mrs. Chris Goetz, kindergarten; Mrs. Melvin Sachs, primary; Mrs. Ray Martensen, junior; Mrs. Carl Schlenker, intermediate; Madalen Binger, senior.

Bill Brandt is junior Bible class teacher and Melvin Sachs

is senior Bible class teacher. Sunday worship services begin at 8:30 a.m. Sunday School and Bible classes begin at 9:30 a.m. A practice session for the Christmas program will begin at the close of Sunday School and Bible classes and run until noon.

Elect Officers

At a recent meeting of Interdenominational Church Women of Friona at the Assembly of God Church, Mrs. Kenneth Williams was elected to serve as president during the coming year.

Other officers elected were Mrs. Bill Stewart, vice-president and Mrs. O. F. Lange, reporter. Representatives from the various churches are; Mrs. Bill Stewart and Mrs. Dick Rockey, Friona Methodist Church; Mrs. Bill Sheehan, Calvary Baptist Church; Mrs. Alvin Askins and Mrs. Kenneth Williams, Assembly of God Church; and Mrs. O. F. Lange, Union Congregational Church.

Program topic for the coming year will be "Minor Characters of the Bible."

Next meeting of the organization will be at 9:30 a.m. December 14 at Friona Methodist Church. A speaker from Calvary Baptist Church will present the program. The de-

votional will be presented by someone selected by the Union Congregational Church, Members of First Baptist Church will be responsible for music and the Assembly of God Church will select persons to direct prayers.

WHO ARE YOU, really? Prisoner of routine at home... cog in the office machinery... speak in the population explosion? People everywhere search for identity... for purpose in life. We look for meaning as individuals.

WHO AM I?

Christians, too, can feel the lack of identity which marks life today. But Christians have found that in God's sight they do count... their life does have meaning and purpose. For they have personally discovered Jesus Christ, the Man Extraordinary. But as God's Son He is more than a man. He died and rose from the dead and lives for them today. Through Him, God enters their lives, giving them direction, meaning, and fulfillment. Do you know this Christ? Do you know yourself? You, too, can find yourself in Him. As a step in your search for identity, request this free booklet, WHO AM I?

WHY NOT FIND OUT FOR YOURSELF?

EVERYONE INVITED

in special ceremonies during the general assembly of the closing day of the Farm Bureau's state convention, which will be held in Las Cruces November 25-28.

Although Hapke has never been actively engaged in farming, he has long been interested in activities and problems of farmers. While he was editor of the Star in 1961, he won the Texas Safety Award, presented by the Texas Safety Association, as the result of publication of a special edition of the Friona Star during Texas Farm Safety Week.

At the present time Richard is editor of the Lovington Daily Leader and those of us who have worked with him are greatly pleased every time he receives an honor. Such things just couldn't happen to a nicer person.

Our apologies this week go to Sue Rodgers, a forward on the eighth grade girls basketball team. Due to an error she was listed in last week's Star as Cindy Rodgers. Sorry girls, we will try to do better in the future.

Grapevine reports, usually very reliable in Friona, are that Jack Anderson, dean of Friona barbers, plans to retire in the spring. Of course, the report isn't official, but here's the way it goes:

As soon as Shiny, who is now in barber school at Amarillo, gets his license, he is going to begin practicing in Jack's shop and Jack is just going to sit back and take life easy. Shiny is better known to a lot of people as Lee Gibson. He was born here and pretty soon after

he started to school he became employed as a part time shoe shiner at Jack's Barber Shop. Jack became interested in the industrious young man and nicknamed him "Shiny." Before very many years passed Lee decided that he wanted to be a barber when he grew up and began to save part of his pay check each week to finance a barber course upon completion of his high school work.

Last spring Lee graduated and soon enrolled in a barber college in Amarillo and is presently near the end of his course. He will go to Austin for an examination early in 1963 and upon receipt of his license plans to come back to Friona to practice.

Are Star classified effective? For an answer to that question, just ask Helen. Which Helen? In this case the answer is either of them. Recently Helen Bailey wanted to sell a dining room suite and Helen McMurtrey wanted to buy one.

A small classified in the Star brought would be seller and would be buyer together so everybody was happy about the outcome. For an ad in our classified section at a nominal cost, phone 2291. Members of Friona's Senior Girl Scout Troop plan to repair toys for needy children for their community service project. Anyone having usable toys that need cleaning or repairing to donate to the project is asked to leave them at the City Hall.

Something To Think About

8th. Street Church of Christ
Box 515 -- Friona, Texas

SOMETHING TO THINK ABOUT
How many times have you heard the old saying "Consistency thou art a jewel." Keep it in mind as you read the following. "An earnest Christian doctor had talked many times with an old friend and his wife about their salvation, but apparently without results. The old couple listened attentively, and agreed that what was said was the truth, but never rendered obedience to that truth. One day the doctor was called to their home because of sickness. He diagnosed the case, wrote out a prescription and said he would call it into the drug store so they could pick it up some time. The man, in pain, asked when he could get the medicine. The doctor, seemingly unconcerned, stated that he could pick it up and begin taking it any time next month. "Next month!" they both cried in astonishment. "Why I might be dead by then!" exclaimed the old man. "Oh, there's plenty of time," replied the doctor. But the old man insisted that he needed it right now. "Very well, you may have it right now. But why are you so hesitant about taking the medicine that the Great Physician has prescribed for your sin-sick soul?" ... Think about it my friend, have you been putting off taking the only remedy for your sin-sick soul? Shouldn't you be more concerned about your soul than anything else? Think!!! And then act before it is too late.

come to church Sunday

I WILL ABSTAIN
He was not a bad man. He was a carpenter who worked hard for a living, a carpenter who enjoyed a drink at the end of a hard day's work. He must have often said to himself, "I harm no one. It is nobody's business if I want to take a drink." No, he wasn't a bad man, but there came a time a few months ago when he bought a bottle of vodka; drank part of it, and started driving his pickup across Fort Worth. A motorcycle policeman, Eddie Kellher, stopped him for "running red lights." There was an argument. Hollis Thom pulled his pistol from the dash pocket, shot the officer twice, then ran over him with his truck. He was not a bad man. He just drank part of a half-pint of vodka, but as a result the officer will spend the rest of his life paralyzed from his shoulders down, and Thom will be in prison for a number of years. Just a little bit of alcohol, but two lives are wrecked because of it. "Wine is a mocker, strong drink is raging; and whosoever is deceived thereby is not wise." Prov. 20:1. There was a Marine Sergeant who led a group of young men to their death. Why? Because of a little vodka. Incapable of directing his own steps, he was leading others... to their death. We get 'up in arms' about T. B. and Polio, and cancer; but if alcoholism is a disease, why do we not begin a drive to wipe it out? We use radar and highway patrols to cut down traffic fatalities, why do we not seek to wipe out the biggest cause of traffic deaths... alcohol?

TO PRESENT TWO PROGRAMS

McMurry Band Appears In City This Weekend

The McMurry College Indian Band will make two appearances in Friona on December 1 and 2, appearing at the high school Saturday at 7:30 p.m., and at the First Methodist Church Sunday morning.

Friona will be the first stop on a four-day tour of the Plains and Panhandle area for the 65-member McMurry Band, announced Dr. Raymond T. Bynum, veteran director of the

college's program of instrumental music.

The McMurry Band is also scheduled to visit Pampa, Wheeler, Lefors, Hale Center and Floydada. The Abilene musicians will leave the college early Saturday afternoon. Their appearance at the Friona High School Saturday night will be sponsored by the Friona Band. Admission of 50 cents for adults and 25 cents for students will

be charged Saturday night.

Dr. Bynum's band features several interesting instruments, being one of the few bands in the country with a set of Aida trumpets and English hand bells. They are used in the high school concerts.

The concert at the high school will include these numbers: "Stars and Stripes Forever;" "Meditation from Thal's;" "Fandango;" "William Tell

Overture;" "Sax Serenade," featuring a saxophone quartet composed of Don Weathers, John Wagoner, Susan Quible and Eunice Bowen;

Also "Skip to My Lou" and "The Three Trumpeters," featuring David Jackson, Kirke McKenzie and Darryl Phillips.

The English hand bells will be used to play "Blue Bells of Scotland;" "Evening Star;" and "O God Our Help in Ages Past."

The concluding numbers will be "Post Horn Gallop," featuring David Jackson playing the band's unique new instrument called a post horn (a long bugle-type instrument); "Beguine Festival," directed by Judy Mathis, associate director of the band; "Americans We;" "Wetbacks," a marimba solo with Jerry Dean; "Ball Hat" and "Oh, What a Beautiful Morning," vocal solos by Wanda Ryan.

The church program on Sunday morning at 11 will be a different one and will include:

"Sun of My Soul;" "God of Our Fathers;" "The Beautiful Garden of Prayer," with soloists Jerry Dean and Darryl Phillips; "The Lord's Prayer" with Miss Ryan as soloist; "The Hymn Medley for Vibraharp," with Bitsy West as soloist; "The Bells of St. Mary's;" "Enough to Know," featuring vocalists Barbara Brown, Cindy Hale, Jerry Dean and Don Weathers; "The Holy City" with soloist Wes Stephens; "The Battle Hymn of the Republic;" and "My Faith Looks Up to Thee."

The McMurry Band, being affiliated with a Methodist college, is a frequent visitor to Methodist churches throughout the Northwest Texas Conference and has developed special "Worship Through Music" programs for these appearances.

THE 'WETBACKS' IN ACTION -- For its high school programs, the McMurry College Band from Abilene, which will play at the Friona High School Saturday night and at the Methodist Church Sunday morning, likes to play Latin-American music. The group pictured is known as the "Wetbacks" and features the marimba and a number of South of the Border type instruments.

CARS IN CRASH . . . These automobiles were involved in an accident near Friona last Saturday. The above automobile was driven by Mrs. Joe Latham, who is hospitalized with injuries. The bottom photo shows car driven by James Bennett, who was also injured in the wreck.

Hub Exchange Receives More Toll Circuits

Installation of additional EAS and toll circuits from Friona to Hub was completed last week in Friona, according to R. E. Saunders, District Manager for General Telephone Company of the Southwest.

Saunders pointed out that the new circuits will provide additional facilities for handling the increased usage which has occurred as the exchange has grown in addition to projected future needs.

According to Saunders the company makes periodic surveys

to determine future needs in its exchanges and makes it possible to provide them.

Friona has enjoyed increased growth over the years as reflected in the number of telephones now served and the number served in the past.

General Telephone of the Southwest now serves over 300,000 telephones in exchanges located in Texas, New Mexico, Oklahoma, Arkansas and Louisiana and is a part of General Telephone System with headquarters in New York City.

Gee Helps Direct Play At Eastern New Mexico

James Gee of Friona is student assistant director for "Monique," a murder mystery which will be the next production of the University Theatre of Eastern New Mexico University. The December 6-8 production will feature two stage veterans in the leading roles.

They are Nina McGuffin and Ronny Cox, both of Portales, who are well known for their performances in productions at Eastern and at Portales High School.

Miss McGuffin won an "Oscar" last season as the University's best supporting actress, and Cox was named best actor the year before. They will

portray an unhappy husband and his woman doctor paramour who plot the death of his wife.

The intended murder victim will be played by Juanita Mulkey, a freshman from Brownfield.

Others in the case include Carol Thomas, Tularose; Ral-finita Overton, Portales; Bill Bingham, Portales; Lester Beason, Carlsbad; Dan Ihde, Portales; and Ricky Ford, Artesia.

The drama will be staged and designed by George McKimney, technical director of the University Theatre. His student assistant will be Gee.

SCOUT CANDY . . . Troop 56 will have its annual Christmas candy sale beginning next week. Three of the Scouts indicate the tall stack of candy to be sold. They are Bobby Holder, Joel Osborn and Rex Talley.

Liberal Leave Offered By Army

The U. S. Army is again offering its liberal leave policy to young men who enlist during the coming Christmas holiday season.

According to SGT. TOM BUCKLEY, men enlisting in the Regular Army from December 10, 1962 to January 1, 1963 may request up to 15 days leave before reporting for basic training.

This liberal leave policy will allow young men to enjoy the

Christmas holiday season with their families and still draw full pay and allowances from the U. S. Army.

Those desiring further information on the Army's Christmas leave offer and the many other benefits available to young men should contact SGT. BUCKLEY at THE US ARMY ROTARY STATION, CLOVIS, N.M., or phone Clovis 763-7209, COLLECT.

The big city police chief sent six profile pictures of an escapee to the sheriff of the back hills area where the culprit was believed to be heading.

The sheriff called the big city three days later. "Did you have any luck?" the chief asked.

"Yes, siree," the sheriff drawled. "We got the first five and expect to get the other guy tomorrow."

MELROSE, MASS., FREE PRESS: "For years we have been on an ever-increasing price spiral. It would be difficult to say where it began or its cause, but as the cost of goods went up, labor demanded more pay. Although government profited by increased business, it demanded more spending and so taxes increased. The cost of unemployment benefits were increased to meet the rising costs of living, so the extra cost on business made the cost of goods increase. And so on and on and on. Of course, while all this is happening, thrifty people, retired on their savings and those on pension and fixed incomes, are the victims of the squeeze."

HUMBLE, TEX., ECHO: "President Kennedy made the best move of his almost-three years in office . . . when he declared the quarantine, or blockade, of Cuba. Indecisive as he may have been over Cuba and Berlin in the past, we say three cheers to this one. The best part about it, we feel, is the stipulation that any attack launched from Cuba will be regarded as an attack from the Soviet Union. Maybe the shoe will finally be on the foot that wears it."

If you confer a benefit, never remember it; if you receive one, never forget it.

Recent driver reaction tests conducted by the Vision Conservation Institute indicate that yellow traffic markings are 35 to 50 per cent more visible than white markings under all weather conditions.

Talking toys are being featured for Christmas morning in models ranging from a 26 inch replica of the cartoon rabbit, bugs bunny, to a scale telephone. The rabbit is battery powered and says among other things, "what's up doc?" and "how about a carrot?" Price for this talker is \$13.

TAKE SHOT . . . Danny Murphree (22) gets a shot away against Canyon, as Max Reeve (32) watches.

Chiefs Seek Win At White Deer Friday

The Friona Chiefs will be seeking their first win of the season when they travel to White Deer Friday to meet the Bucks. The Chiefs dropped a close one at Farwell Tuesday, 32-27, after being dropped by Canyon last Saturday, 49-31.

Friona, led by Larry Buckley's seven first-period points, took an 8-7 first quarter lead at Farwell, and with Buckley again showing the way in the second period with six points, led at halftime, 19-14.

The Chiefs could only manage two field goals each of the last two periods, however, and the Steers were able to take the advantage.

The Canyon game was much closer than the score indicated.

The Eagles got off to a 5-0 lead, and were ahead 12-5 at the end of the first period.

The Eagles increased their margin to 20-9 in the second period, but baskets by Bill Thomas and Dale Milner cut the score to 24-13 at halftime.

Baskets by Jim Snead and Thomas in the third period cut a 15-point lead to nine points, and Friona trailed by 10, 33-23 after three quarters.

But a cold spell in the final quarter allowed Canyon to ice away the game, as they won by a final margin of 18 points.

Friona's B team dropped a 27-29 decision at Farwell Tuesday, as Eugene Weatherly scored 13 points.

Squaws Coast To Easy Wins In Openers

The Friona High School Squaws got off to a good season start this week with a couple of easy wins, taking a 60-12 decision over Canyon last Saturday at Friona, and following that up Tuesday with a

68-18 win over the Farwell girls at Farwell.

Neither game was ever in doubt. Friona got off to a 38-8 lead against Canyon, as everyone saw action. Against Farwell, the Squaws led 14-5 after

one quarter, 28-15 at halftime and 42-17 after three quarters.

In the Canyon game, Janet Buckley took scoring honors with 14 points, Teto Jennings was runnerup with 12, and Sharon Dean scored 10.

A lot of foul shots featured the win at Farwell, with the Squaws bucketing 38 free tosses. Charlotte Nettles had 23 of them, and added four field goals to capture scoring honors with 38 points.

Teto Jennings was runner-up once again, with eight baskets and eight foul shots for 24 points.

J H Teams
Win Three, Lose One

Friona's Junior High basketball teams won three out of four games Monday evening. The seventh and eighth boys teams played Morton teams here while the girls played Morton there.

Final score in the eighth grade game was Friona, 46, Morton, 17. High scorer for the local team was Cindy Ingram with 22 points to her credit. Second high scorer was Betty Taylor, who made a total of ten points.

Guards were able to recover twelve rebounds, Martha Martin led with 4. Glenda Mings and Judy Shirley recovered two

 November 19 -- Donald Wayne Jones, Bovina, and Judith Ann Billingsley, Farwell.
 November 20 -- Joe Neal Tarter, Lazbuddie, and Paula Kay Kerby, Bovina.

Junior High--

(Continued from page 7)

each. In the seventh grade game Kay Milner led the scoring with 14 points. Belinda Mabry accounted for the other 12. Final score was 46 to 17 in favor of Friona.
 Kathy Cook and Jo Jennings caught six rebounds each. Total rebounds for the local team was 23.
 The eighth grade boys scored

an easy 26-11 win over Morton in the local gym Monday. Bill Weatherly's 11 points and five rebounds paced Friona. Bobby Jordan had eight points, getting four field goals in four attempts.
 The team hit 50 per cent of its shots, according to Coach Robert Taylor, and the defense improved from its opening game to even the record at 1-1.
 The next outing is at Clovis Saturday against Gattis Junior School in games for both the

eighth and ninth grade boys, starting at 6:30 CST. Seventh grade boys came out on the small end of a 21-18 score. Delbert Davis made eight points, for high scorer of the game, and John McFarland made six.
 Next game for this team is Monday evening at six against Olton. At 5:30 p.m. the same day the seventh and eighth grade girls will play Olton at Olton.

 Paul Yarbrough, from Austin, moved to 1105 Elm Ave. Employed by Bill Sheehan's law firm.
 Jerry Short, from Portales, moved to 613-B Pierce. Employed by Sims Texaco Service Sta.
 Neal Parson moved to 1110-B Euclid. Employed by Johnson Corner Grocery.
 James Hamilton, from Greenville, has moved to Bill's Trailer Park. He will be farming.

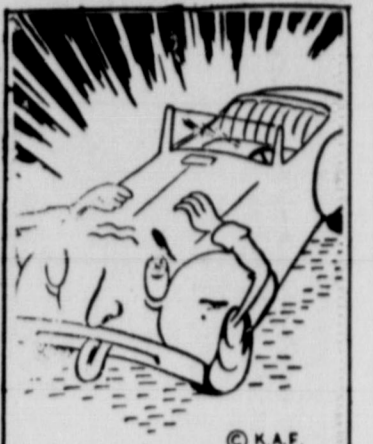

Tech Cagers--

(Continued from page 7)
 of Vernon--accounted for 79 percent of the Red Raider scoring the past two years.
 Coach Gene Gibson is expected to choose his starters from the only returning starter, Bobby Gindorf of Pampa, Harold Denney of Amarillo, Sid Wall of Dallas, Mike Farley of Lubbock, Mike Gooden of Lubbock, and Bill Murren of Atlantic City, N.J., a Decatur Baptist College graduate.
 Next week the Red Raiders meet University of New Mexico in Albuquerque Thursday and entertain University of Florida Saturday night. Both season and individual game tickets are still available.

A scientist rushed madly into the control room of the missile center and proudly announced a new discovery.
 "Men," he shouted, "there are women on the moon! We shot a communications rocket up there and got a busy signal."

HOLIDAY LOOK . . . Friona took on the holiday appearance this week with the installation of Christmas decorations across the main thoroughfares leading through town.

"Ohhhh...my achin' motor." It's a safe bet that proper "care" would have kept the car WELL a lot longer. Getting the habit of letting us check your gas, oil, battery water and tires gives longer life to cars.

Highlights and Sidelights From Your State Capital

AUSTIN, Tex. -- There have been some changes made!

Veteran legislators sworn-in for a new term of office in a mass ceremony in the House of Representatives were pleasantly aware of a change of scenery since last January's special session.

The once-dark, dusky setting for the biennial battle of State lawmakers had been transformed in their absence. Every desk, chair and table had been refurnished to a glowing light oak shade. Shiny new seats replaced the drab, worn ones in the balcony. And the brass rails were gleaming.

Most noticeable was a new \$20,000 gold wool carpet with a brown Seal of Texas woven into the section installed directly in front of the speaker's stand.

SENATE PAY PROBLEM -- About one-third of the House now have qualified for the 58th Legislature and have been added to the payroll. But the 10 new senators-elect probably won't start drawing their \$400 monthly pay until January 8, when the 1963 session begins.

A recent ruling by the attorney general that "members of the Legislature" now could qualify for the payroll brought inquiries from seven new senators as to whether they would be included. The term "Legislature" also applies to senate members.

But Sen. Culp Krueger of El Campo, acting lieutenant governor, and several other senior senators said the official opening date has been the customary time for senators to take office and they think the custom should stand.

SENATE SWEEPSTAKES -- A small glass bowl and a handful of tiny capsules will decide the political destiny of Texas Senators, come January.

Once each 10 years, Texas' 31 senators must "draw straws" to determine who will serve a four year term, and who will serve for two years.

Drawing is required by the state constitution. Normally, half the state senate is elected for 4-year terms, overlapping with the other half which still has two years left to serve. However, after each 10-year census and redistricting of the Legislature, all the senators must run for office.

Last time such a drawing occurred was in 1953. Nine senators who will face the bowl in January were around that year, and five of them drew two-year terms then.

Ten senators will start serving their first term in January, and one other will be attending his first regular session in the upper chamber.

BILLS-DRAFTING UNDERWAY -- Business really has picked up in the Texas Legislative Council the past two weeks. House committees turned to the TLC many recommendations for the 58th Legislature to consider. They provided the state's research unit with grist for numerous bills to be presented in January.

House Committee on Saving Taxes, headed by Sen. George Parkhouse, received a lot of attention during its hearings. Subjects under discussion included:

A recommendation by the committee to end taxes on intangible property, such as mortgages on homes and stocks and bonds, Dallas tax collector Norman Register claimed this would cost his city \$3,500,000 annually.

Revision of regulation of the railroad industry, which is governed by about 00's state statutes, some of them outdated.

Adoption of a merit salary plan for public school teachers. The committee's education subcommittee suggested keeping the present minimum salary scale and basing future changes on a cost-of-living index.

A recommendation by the subcommittee on highways and roads to keep two license plates on vehicles. Although the state would save \$200,000 annually by using only one plate per vehicle, police officials believe identification is easier with two.

THE DISTAFF SIDE -- Only one woman will be seated in the Senate and two in the House of Representatives come January.

They are: Sen. Neville H. Colson of Navosota, Rep. Myra D. Banfield of Rosenberg, and Rep. Maud Isaacks of El Paso.

The small percentage of women legislators (1-30 in the senate and 2-148 in the house) is far for the course in state government.

Although about 5,020,770 of Texas' 9,960,000 citizens are women, only 50 women are among the 561 appointees on 87 state boards and commissions -- less than 9 per cent -- and there are no women on the 30 boards and authorities which govern the state's waterways.

Gov.-elect John B. Connally stated in his campaign platform that he advocated "the appointment and selection of women in those areas of government in which the moral tone of the community is directly affected."

Several state agencies guided by gubernatorial appointees are responsible for the "moral tone" of the community, including: The Texas Youth Council, Department of Public Safety, State Liquor Control Board, Board of Corrections and Department of Public Welfare.

If women in Texas ask to share this responsibility, 1963 may be a political leap year.

OIL SUBGROUPS NAMED -- A recently named advisory committee of the Texas Railroad Commission has set up three committee subdivisions.

A liaison subdivision headed by J. E. Kendall of San Antonio includes J. W. Collins, Amarillo; C. G. Condra, Ft. Worth; J. I. O'Neill, Midland; Fred W. Shield, San Antonio; and E. Bruce Street, Graham.

A legal and drafting subdivision is headed by Attorney J. K. Smith of Ft. Worth. On the committee are A. R. Bal-lou, Dallas; F. H. Pannill, Midland; C. E. Thompson, McAllen; and H. R. Thompson, Houston.

The third division, a technical group, is headed by R. Clair Underwood, Wichita Falls.

Serving on this committee are M. D. Abel, Midland; E. T. Adair, Ft. Worth; Lester Clark, Breckenridge; J. W. Crutchfield, Corpus Christi; Roland Gouley, Wichita Falls; Gene Howell, El Paso; J. C. Hunter Jr., Abilene; Ed Keeler, Houston; N. E. Loomis, Longview; and John Lynch, Houston.

Liaison subdivision, says Pres. James B. Russell of Abilene, will work closely with the Railroad Commission, the Texas Research League and other associations or bodies concerned with oil and gas regulations.

TEN-POINT PROGRAM -- The governor's Committee on Children and Youth is prepared to make several recommendations to Gov. Price Daniel. They include:

Expansion of the state juvenile parole program of the Texas Youth Council.

Creation of a state home for dependent and neglected Negro children who cannot be placed in foster homes.

Raising from 14 to 16 the age limit for a child's inclusion in the aid-to-dependent children grant.

Expansion and improvement of child welfare services to deal with prevention of family breakdown.

Recommendations are based on reports from several committee members who also are

Credit League Issues Its "Ten Commandments"

Having the Christmas spirit doesn't mean you have to become a "credit drunk", says James M. Barry of Dallas, managing director of the Texas Credit Union League.

for all Christmas borrowers, Barry warns, "Your merry white Christmas can turn into a nightmare of red ink, if you don't take the trouble to see what you are letting yourself in for when you borrow money

for Christmas giving or buy your gifts on the installment plan." "The great majority of merchants and lenders are honest," says the Texas Credit Union League, "but there are those

who act like Scrooge and take advantage of the lack of knowledge of Christmas buyers and borrowers when they are filled with the Christmas spirit of giving."

The league advises everybody to shop for price and quality of credit the same as they do for gifts.

"Whether or not you understand the terms and obligations of a loan note or an installment contract makes no difference once you've signed it," Barry claims.

To help those unfamiliar with such contracts and notes, the Texas Credit Union League has written "Ten Commandments for Christmas Borrowing." They say if you follow them, you can keep yourself in the Christmas spirit the year around with no fear of opening your mail or answering the telephone because of dunning creditors.

I. Thou shalt determine the true and real costs of thy credit or loans in terms of actual coin of the realm, regardless of interest rates quoted to thee, for usurious rates are cloaked and hidden in many strange and wondrous disguises to entrap thee.

II. Thou shalt not sign thy good name to any covenant without making certain all figures have been correctly entered beforehand, nor shalt thou leave any blank spaces to be filled in later, or thee and thine shalt surely end thy days as paupers.

III. Thou shalt question all insurance charges so as to thwart thine enemies, the unscrupulous lenders, in the making of fatted profits.

IV. Thou shalt determine to whom thy hard earned money is owed for installment purchases and what be his reputation amongst men, or thou mayest discover thou art obligated and in servitude to strangers other than thy own merchant.

V. Thou shalt scan the terms of all notes and contracts to seek out hidden forfeits for late payments so thou shalt not line the pockets of dishonest usurers.

VI. Thou shalt read all fine print with due caution so that

thee and thy wife and thy children shalt not be held in bondage by the unrighteous lender.

VII. Thou shalt note the words regarding repossession of thy goods in each covenant, for the usurious lender surely shalt not show thee any mercy, yea, even though thou weep great tears of sadness.

VIII. Thou shalt understand with a clear mind which of thy chattels and goods are being offered up as security, or thou mayest be due for bitter surprises which shalt cause thee the utmost astonishment.

IX. Neither shalt thou sign away any of thy legal rights or guarantees, such as thy right to turn away goods and merchandise from thy door which are not as promised thee by those with slick tongues.

X. Thou shalt determine if there be provision for refund of thy precious interest money or carrying charges, if thy payments shall be completed ahead of their due time.

Failure to observe each of these commandments for Christmas borrowing practically guarantees you won't enjoy a happy and prosperous New Year, says the credit union league.

They also point out that these commandments will double as New Year's resolutions.

Carpenter Is Assigned To Missile Unit

Army 2nd Lt. Donnie Carpenter, 22, son of Mr. and Mrs. Harold W. Carpenter, Route 1, Farwell, recently was assigned to the 3d Artillery, a Hawk missile unit on Okinawa.

Lieutenant Carpenter is assigned to the artillery's Battery B. He entered the Army in May of this year and received basic training at Fort Bliss, Tex.

The lieutenant is a 1957 graduate of Farwell High School and received his bachelor's degree in 1962 from West Texas State College.

Highlights--

(Continued from P. 2) representatives of state agencies.

JUVENILE JURISDICTION-- Juvenile courts lose jurisdiction over minor delinquents who come of age before the court

PROJECT RESULTS . . . Martha Mae Pruett, surgical nurse, demonstrates the surgical lights at Parmer County Community Hospital for Mrs. Guy Latta, chairman of the Community Service Committee of the Modern Study Club. The club sponsors the annual Christmas Club project, which makes donations to the hospital for equipment such as the lights being demonstrated.

can commit them to the Texas Youth Council.

Atty. Gen. Will Wilson said that juvenile court "after judging a minor to be delinquent and placing him in temporary custody of his parents, has no jurisdiction once the minor attains the age of 17 in the case of a male, and 18 in the case of a female."

CENTRAL STATE OFFICE -- The state's 24 licensing boards may soon be placed under a single administrative agency.

That's the recommendation being considered by a special House interim committee studying operations of the boards.

Now each board has its own

administrative office.

The Texas House committee is studying states that reportedly save money by having a central office, thus pooling secretarial and clerical help.

Under the proposed plan, each board would continue to conduct its own examination of applicants.

HISTORICAL MEDALLIONS -- The Texas Historical Survey Committee awarded historical building medallions to 17 buildings noted for their place in Texas history.

Included were the John Dewberry home near Bullard; Gary House near Starville; Gingerbread House in Chireno; Leverett House in Overton; the county courthouse at Dickens;

Halfway House near Chireno; the W. A. Brown home in Jacksonville, and Shelby County Courthouse in Center.

Also, the Moores-Watts-Pryor home in Texarkana; First United Presbyterian Church at Ballinger; Central Christian Church in Nocona; Fort McKavitt near Menard; Episcopal Church in Graham; Mission San Saba; First National Bank in Jacksboro, and Field Officers' Headquarters at Fort Richardson.

TEXAS STANDS SEVENTH-- Texas tied with Georgia, New Jersey and Tennessee for 7th place among the "Top Ten" States in industrial development for September.

WE RECOMMEND Your Dry Phosphate Fertilizer Be Applied AFTER You Deep Break And BEFORE You Plant. The Diagrams Will Help Explain Why.

Application Of Fertilizer Before Deep Breaking Keeps The Young Plant Roots From Having Ready Access To The Fertilizer.

Application Of Fertilizer After Deep Breaking And Before Planting Throws Fertilizer Up Where The Young Plant Roots Can Get To It.

Remember Temperature Is Also A Factor In Plant Use Of Fertilizer, The Warmer The Temperature The Better The Plant Can Use The Fertilizer, The Top Ridges Will Be Warmer, Sooner Than Deep Under The Ground.

We Recommend You Take This Time To Top Dress Your Wheat

With Dry Ammonia And A Dry Phosphate Fertilizer

Ginning Total Tops 25,000 Bales; Harvest At Peak

STRIPPERS UNDERWAY . . . Cotton harvesting was stepped up in Farmer County this week, as the ginning total for the county topped the 25,000-bale mark. Charlie Owens, who farms with A. V. Campbell near Bovina, was one of numerous farmers taking to the fields this week.

Farmer County farmers, who have already harvested one of the best maize crops in the county's history, appear about to follow that up with perhaps the top cotton crop on record. With good harvesting conditions returning to the county this week, mechanical strippers took to the fields bent on "getting the crop out," and early indications are that the crop is going to be a good one. Figures compiled this week from the 16 Farmer County cotton gins showed that the number of bales ginned had reached 25,792, with estimates of the percentage of the crop already "in" ranging from very little to about one-third. If the figure represents one-third of the county's crop, then it could easily be the top cotton crop in Farmer's history, and would far exceed estimates for the county's production, which have been placed at both 60,000 and 62,000 bales in recent weeks. "We're just getting started good," says Paul Scott of Clay's Corner Gin. Scott pretty well summed up the feeling of ginners around Lazbuddie in the southern part of the county -- that most of the cotton was still in the field. Howard Baker of Lariat Gin said he thought less than one-third of the cotton in his area was harvested. "It might be 30 per cent to one-third completed in this area," stated G. W. Fleming, of Fleming & Son Gin, Hub. The cotton also appears to be making a good yield as well as

grade. "There is a lot of two-bale-per-acre cotton," said Steve Hargus of Friona Country Club Gin. He agreed that most farmers were doing as well as they had hoped, some even better. Ovid Lawlis, of Lawlis Gin in Bovina, stated that farmers in that area were doing a lot better than last year. Ray Carlile of Plains Farmers Gin, said farmers were getting grades two to three points higher than last year, and yields of three to six per cent higher. While the figure of 25,792 undoubtedly contains many bales of cotton brought into Farmer County from outside, since several gins are near the county line, it is still a pretty good yardstick by which to measure the 1962 crop, since by the same token a lot of cotton grown in the county probably is taken to gins outside the county.

Special Ruling Aids Housing For Rural "Senior Citizens"

Mr. L. J. Cappleman, State Director, Farmers Home Administration, advised the local County Supervisor, Mr. Billy R. Boling, that recent legislation amends Title V of the Housing Act of 1949 by adding new provisions which authorize loans and grants for moderate cost housing and related facilities for elderly persons and families in rural areas. It liberalizes some regulations on rural housing loans now being made by Farmers Home Administration and sets up new direct and insured loan programs. This new legislation will be administered in Farmer County by USDA's Farmers Home Administration. Rural housing loans are made by this agency to farmers and other families living in rural areas who need improved housing and cannot qualify for credit from other sources. One new provision will give those people, who are 62 years of age or over, special advantages not available under the earlier loan program. First, they can buy previously-occupied existing housing as well as improve their homes. Second, they can finance the cost of the building site as well as the dwelling with the loan proceeds; other families must own the land on which to build the homes before they can apply for a loan. Third, cosigners may be used by elderly applicants who are deficient in repayment ability. Like rural housing loans now being made by Farmers Home Administration, these direct loans will bear interest at the rate of four per cent and may be repaid over a period not exceeding 33 years. For detailed information concerning rural housing loans for the senior citizen, Mr. Billy R. Boling, local County Supervisor, Farmers Home Administration, may be contacted.

The HAPPY HOMEMAKER

BY JUNE FLOYD

For peanut butter cookies with a delightfully different flavor and texture, try the following recipe.

Peanut Butter Cookies

1 jar (12 ounces) creamy peanut butter
1/4 teaspoon salt
1 cup sugar
1/2 teaspoon vanilla extract
2 egg whites, slightly beaten

Blend peanut butter with salt sugar and vanilla. Stir in egg whites until well blended. Chill in covered bowl, 2 hours or longer. Roll on a lightly floured board 1/4 inch thick and cut in desired shapes.

Bake on an ungreased cookie sheet in a moderate oven 12 to 20 minutes. Makes approximately three dozen two inch cookies.

1 (12 ounce) carton cottage cheese
1/2 cup skim milk
2 tablespoons lime juice
1/2 teaspoon salt
1 clove garlic, crushed
1 teaspoon onion juice
dash curry powder
radishes
cherry carrots
tomatoes
cucumbers

Rub cottage cheese through fine sieve. Blend in milk. Add the next five ingredients and mix well. Chill. Wash vegetables, cut into serving pieces and chill. Arrange vegetables on plate with dip.

SOIL CONSERVATION DISTRICT NEWS

OUR SOIL ★ OUR STRENGTH

During the past two weeks members of the Farmer County Soil Conservation District board of supervisors have attended meetings with the new Farmer County Program Building committee and County Commissioner's Court. At the meeting with the commissioners a resolution was passed by the court to co-sponsor the Running Water Draw Flood Protection Project in this county. Last week technicians assisted Leon Grissom and Robert Zetsche in planning basic plans on their farms. Robert Zetsche also completed plans for his Great Plains Conservation Program contract. Leon Grissom made application for assistance in planning and application under the Great Plains Conservation Program on his farm. This plan will consist of changing row directions, installing additional irrigation pipelines, establishing a grassed waterway and converting several acres of steep cropland to grassland. John Gammon of Lazbuddie has just completed a large farm pond for livestock water. This pond will also be used for recreation as well as a place to catch his tailwater from two fields. Mr. Gammon recently sprigged 33 acres of Midland Bermuda grass on some of his steep cropland. On November 15 at a meeting in Farwell Leonard Leon Grissom was elected for a five year term as a new member of the Farmer County Soil Conservation District board of supervisors. He will be serving zone four of the district, which includes the Farwell and old Oklahoma Lane school districts.

He will be serving zone four of the district, which includes the Farwell and old Oklahoma Lane school districts.

Game Association Schedules Meeting

The Farmer County Game Association will meet Thursday, November 29 at the Bovina School Library at 8 p.m. "Several people have indicated an interest in buying pheasants to distribute in the county. They would then be able to hunt them in a year or two," said Al Kerby, president of the association. Any person interested in the program is urged to attend the meeting. Coffee and donuts will be served.

Details on the 1962 statewide swine carcass test program have been released by T. D. Tanksley, extension animal husbandman. He says the contest provides an opportunity for hog producers to get valuable information on their animals at little cost. Both commercial and purebred producers are urged to participate and details are available from local county agents or teachers of vocational agriculture.

Patrol Investigates 16 Rural Accidents In County

The Highway Patrol investigated 16 rural accidents in Farmer County during the month of October according to Sergeant W. E. Wells Patrol Supervisor of this area. These wrecks accounted for six persons injured and an estimated property damage of \$8,387. The rural accident summary for the county from January through October of 1962 shows a total of 90 crashes. As a result of these crashes there were three persons killed and 45 persons injured. The estimated property damage amounted to \$56,457. We are on the threshold of December which signals the start of our Holiday season and the cold grim "Traffic Facts." During the last five years there has been a total of 11,902 traffic fatalities in Texas. Of this total 2,354 or 20% were killed during the months of November and December. For the year thus far there has been 1,841 traffic fatalities as compared to 1,766 for the same period of 1961, an increase of 75 or four per cent with deadly November and December yet to come. "These cold grim traffic facts alone are a challenge for every responsible citizen.

Farm Facts

The European Common Market is already the biggest foreign cash buyer of U. S. farm products, according to Raymond A. Ioanes, administrator of the Foreign Agricultural Service. It includes France, West Germany, Italy, Belgium, The Netherlands and Luxembourg. Eventually, as in the U. S., there will be no restrictions on movement of goods, capital, services, and workers within the area. "The population of the Common Market as now constituted is close to that of the United States. Another 85 million persons are added by the overseas countries and territories. However, the addition of countries seeking membership or association could well bring the population to over 300 million," Mr. Ioanes notes. "A strong demand exists in the Common Market for a long list of the farm products we want to sell. The quality of our food and fiber is high, and our prices are competitive. "These factors, despite restrictions which have hampered access of our farm products to the Common Market, have generally worked in our favor—at least up to now."

FOOTSAVING EDUCATION

by James E. Edwards

Are They Tight Or Just New?

There is grave danger to a child's feet health to assume that the shoes, purchased for Easter, still fit. Granting that the shoes were worn very little and still look like new, we still have to face the fact that children's feet grow more in Spring and early Summer than they do the rest of the year. We can let out pants cuffs but shoes never stretch lengthwise. Here is the danger — garbage men don't smell garbage. They probably do when they start on the job and when they come back from a vacation but their sense of smell fades. The same "message" to the brain. Children don't feel the pinch of tight shoes if they wear them long enough to "get used" to the tightness. Most of our foot trouble is caused by ill-fitting shoes that stop hurting when the nerves stop sending the "hurt" message to the brain. After a summer of barefoot freedom in canvas shoes, sandals, or no shoes at all, it is very difficult to say whether the leather shoes are really too small or just stiffer than the ones accustomed to. Healthy feet are the foundation of a healthy body. Nothing that we buy to clothe a child for back-to-school is as important as the shoes that will keep his feet straight or deform them with bunions. Put shoe-fitting high on your back-to-school list.

HD Agent's Notes

BY MISS ETTIE MUSIL

This is my last visit with you through this news column after completing two full years since I came to Farmer County, December 1, 1960. I remember how uneasy I felt as I wrote my first column for the first week in the county.

Mrs. Betty Baldrige, then with the State Line Tribune, invited me to write a regular weekly column. Since that time I have tried to keep you up to date with research findings and what's new in home economics.

My resignation as Farmer County Home Demonstration Agent will become effective Friday, November 30. However, I shall remain in the county as a full time homemaker as Mrs. Pete Jesko. Hope to see you in the grocery stores in the county and at county events, of just come see us sometimes.

As a final note let us consider the "home shortcuts" to be of great help in taking care of the No. 1 problem of American women today--lack of time. For house care and management have you thought that you can

wash plastic shower curtains in the clothes washer and dry a few minutes at the de-wrinkle setting of the clothes dryer? Try it.

Let your clothes dryer fluff and remove dust from shag rugs, chenille items, bed and sofa pillows. Tumble draperies for a few minutes in the dryer to dust and freshen.

Do you always dread spring or fall cleaning? You can avoid spring and fall house cleaning. Consider doing thoroughly one room every week or two, doing some of every day. Thus, all areas get regular periodic cleaning and only one room at a time is then upset.

Time yourself on cleaning jobs. Know which ones can be done in 5, 10, 15, or 20 minutes. Do one or two five-minute jobs while you wait for dinner to cook, or work in a 20-minute one after dinner.

Try these time-saving shortcuts when preparing food. Cook once for two or three meals by preparing double or triple quantities of a favorite recipe and storing away in the freezer for later use.

Cook a pound of bacon in the oven at once, then freeze or refrigerate the slices flat. They will be ready on a broiler pan for breakfast in no time with no mess or grease.

Package hamburgers, bacon, chops, steaks, and sliced meat so they can be removed from the

freezer in the desired number of portions. Separate portions, in each package, with a double-thickness of wax paper. At preparation time, insert blunt knife between the pieces of wax paper, give a little twist, and the portions will separate.

Here's a very good time saver. A few minutes spent as you put away food will save many minutes in preparation time later on. Allow time after shopping to put foods away ready for immediate use. Wash, trim, chop, or freeze the food.

Buy in quantity, if your storage permits. Such things as paper items, laundry supplies, bottled goods can be purchased in sizeable quantities. A variety of canned, packaged and frozen foods can be bought in amounts suitable for your use. Buy foods in the container size which fits your serving habits. Three small packages instead of one large one may save time in re-packaging.

When buying new home furnishings, furniture or rugs, consider color or finish in relation to upkeep. Dark rugs and furniture show dust much more than light and medium tones do.

Such seeming luxuries as wall-to-wall carpeting or air conditioning may be worth the money because the carpeting will reduce floor care time, or the air conditioning will cut down dusting and cleaning chores.

Management in the home, on the farm, and in business is our all important secret of time, energy, and money. Next time you start to town make a marketing order or schedule of errands. Did you know that years ago our biggest budget went for housing, foods, and clothing. Now it's housing, foods and transportation.

COTTON ROLLING IN . . . Travis Dyer, who farms west of Bovina, typifies the cotton farmers throughout Farmer County who welcomed the spring-like weather this week by cranking up their strippers.

Vote Explained For Cotton Referendum December 11

Just what a "yes" or a "no" vote will mean in the December 11 referendum on cotton marketing quotas was explained this week by Prentice Mills, office manager of Farmer County Agricultural Stabilization and Conservation. All farmers who engaged in the production of upland cotton in 1962 are eligible to vote in the referendum.

Mills mentioned the fact that

the Administration plans to recommend new cotton legislation early in 1963. It is anticipated, however, that such legislation would supplement rather than substantially change the basic program choices to be presented for growers' determination in the Dec. 11 referendum.

"If at least two-thirds of the growers who vote in the referendum approve of quotas," he declared, "then the quotas will be in effect for the 1963 upland cotton crop, marketing penalties will apply to any 'excess' cotton produced on a farm, and price support at a level within the range of 65 to 90 per cent of parity will be available to farmers who comply with their farm acreage allotments.

"On the other hand, if more than one-third of the growers who vote oppose the quotas, then there will be no quotas and no penalties applicable to the 1963 upland cotton crop, and

price support to farmers who comply with their farm acreage allotments will be available at 50 per cent of parity, as directed by law.

"Allotments are not affected by the outcome of the balloting. They will remain in effect - whether or not quotas are approved - as a means of determining eligibility for the available price support."

Mills pointed out that, while the Secretary of Agriculture is directed by law to proclaim quotas for the next crop when the cotton supply exceeds normal, it is the growers themselves who decide whether or not quotas shall be used. Previous votes on the subject have been outstandingly favorable. Marketing quotas for the 1962 upland cotton crop were approved by 96.9 per cent of the growers voting.

The polling places for Farmer County farmers will be announced next week, Mills stated.

Lazbuddie 4-H Sets Programs

By Dale Blackstone
Lazbuddie 4-H Club planned its program for the coming year at its meeting last week. With Danny Miller presiding, the club decided to appoint program chairmen for each month of the year.

These persons will then be responsible for the program that month.

Those selected, by month, were: January--Jimmy Broyles; February--Allison Precure and John Gulley; March--Danny Miller; April--Larry Davis; May--Dale Blackstone; June--Cheryl Ramage; July--Katie Blackstone; August--

vacation; September--Charlotte Davis; October--Judy Koelzer; November--Terri Sue Mabry; December--Christmas party.

A total of 30 members and 11 guests were present for the meeting. Katie Blackstone led the 4-H Pledge.

Hair can be dried in 10 minutes with a tank vacuum. To clean the air hose, reverse it for one minute. Then wrap a towel around your head, leaving an end of the towel open so the hose can be put in to blow air through. When hair is partly dry, remove the towel and spot-dry wet areas.

NEWS FROM THE FARM BUREAU

BY RAYMOND EULER

Frank Hinkson, of the Lazbuddie Community was elected Vice President of Farm Bureau at the last director's meeting. Mr. Hinkson was also nominated to serve on the county Program Building Committee, representing Farm Bureau.

Vernon Symcox was re-elected secretary - treasurer, a position he has held for many years. Mr. Symcox farms several hundred acres between Lariat and Oklahoma Lane, and although he is a busy man, he has never missed a meeting except when ill or out of the country.

Jim Dixon, a new director, was appointed chairman of the Legislative Committee, and Ernest Kube was appointed chairman of the Commodity Committee. Mr. Kube, who lives at Farwell, is serving his second term as director.

Your Farmer Country Farm Bureau showed an increase of twenty five members over the previous year, and Texas Farm Bureau had an increase of over two thousand. Sixteen hundred attended the Annual Banquet in San Antonio, and that is six hundred over the previous largest attendance.

Several years ago, TFB delegates deleted the statement supporting the UN from its creed after a motion to that effect. In the recent convention, delegates voted favoring a resolution that would get the United

States out of the United Nations and also withdraw its support, dollarwise, beyond its own obligations. This kind of action by our nation would very likely spell the end of the organization, which, according to most constitutional believers would be the best thing to happen to it since its inception.

Did you know that 25.9 per cent of the total population of the United States is on the public payroll? Almost thirty eight million of these are Federal payees, and the balance are State and Civil payees. Do you think this is a good situation? It would indicate that the average income of the remaining people, not on public income, would be reduced by 25% to take care of these payments.

Do you know what is being taught in the school that your child attends? One of the primary targets of Communism is the mind of the child in school. Remember that Communism is the direct opposite of Christianity in every phase, social, economic, moral, etc.

CONSIDER THIS: When the wicked cometh, then cometh also contempt, and with ignominy reproach, Proverbs 18:3.

Ford ideas so contagious they started a new trend in cars!

If you think today's cars have a lot in common, credit the Ford sketches above. For these ideas sparked a revolution in car design that's reflected wherever you look on the American road.

Ford ideas have a habit of being exciting—practical, too. Consider the innovations found only in our '63s. There is Ford Galaxie's smooth new velvet ride. It cost Ford \$10 million to bring it to you, but costs you not a penny extra to enjoy. There is

Ford's full twice-a-year or 6,000-mile maintenance* schedule that cuts service worry and expense to a minimum. There's a new manual transmission that lets you shift down from second to first without coming to a stop. And for '63, there's the biggest choice of models ever offered—44 in all!

Only Ford offers all these advantages now. Other cars will eventually catch up—but if you can't wait, here's a tip. See your Ford Dealer today!

DERYL COKER

A lot of wheat fields are being affected by wheat rust at the present time. The disease attacks the leaves and leaf sheaths, producing small round orange-red pustules. They may occur on eight sides of the leaf, but they do not extend through the entire leaf tissue as stem rust pustules usually do.

Leaf rust is favored by moderately cool weather in contrast with the warmer weather required for the rapid spread of stem rust. The disease may be found in Texas nearly any time during the fall, winter or spring. It often becomes established in the fall and continues to spread slowly all winter. Infected leaves become yellow and die prematurely when infection is high.

The damage caused by leaf rust often is inconspicuous and many growers consider the disease of little importance. Closely controlled experiments show that infected leaves lose more water than normal leaves as photosynthetic tissues are destroyed. Yields are reduced because of smaller seed and reduced seed setting. During severe epidemics some varieties fail to head, plants are weakened and lodge, tillering is reduced and the production of forage is lowered.

Considerable progress has been made in developing leaf rust - resistant varieties

adapted to Texas conditions. No variety is resistant to all races prevalent in the State. Races are constantly changing in prevalence and new races may arise by hyphal fusion on the wheat plant. Varieties which are resistant at one time may later become susceptible when races of rust change or new ones arise.

Texas varieties with the highest degree of resistance to present races of leaf rust are Quana, Ponca and Frisco. Crockett and Know are susceptible in the seedling stage, but develop a high degree of resistance from the boot stage to maturity. Concho, Wearar, Mediterranean, Austin, Seabreeze and Comanche are resistant to many races, but are susceptible to others.

Also, don't forget the Income Tax Meeting which will be held on December 10 at the Hub Community Center beginning at 1:30 p.m.

Mr. James Murphrey, Farm Management Specialist and Internal Revenue People will discuss Records That Should Be Kept, Income to be Reported, Deduction and Personal Exemptions, Farm Business Expense, Depreciation and Depletions, Soil & Water Conservation Expenses, Capital Gains and Losses, Trades, Condemnation and Disease Livestock, Federal and State Tax and State Inheritance Tax.

After the meeting our Specialist will be glad to discuss personal problems and questions you may have pertaining to the above topics.

"A snob is a person who is ashamed to have his acquaintances catch him with his friends."

The new tool designed as a part of a research effort by USDA's Agricultural Marketing Service to improve methods and equipment used in tagging cotton bales has passed its first test.

B. G. Reeves, cotton ginning and mechanization specialist for the Texas Agricultural Extension Service, says use of the new tool can save money, labor and time for cotton warehousemen. The number of bales which show up with missing tags can also be reduced. The tool is a pair of pliers grooved to hold rings, with a magazine attachment that automatically feeds rings into the jaws of the pliers. The pliers can bite into the bagging and cotton, thus firmly attaching the tag to the bale.

Light-weight copper or steel wire has been commonly used for the tagging job. Such wire, threaded only through the bagging, is not strong enough to take the rough handling that occurs with mechanical equipment such as lift trucks, clamps and breakout devices. These machines often brush off, tear or mutilate warehouse tags. Warehousemen lose time and money in tracing and identifying bales without tags.

Rings used with the new tool are 12 1/2-gauge copper-coated wire. Tags have wire holes 3/8-inch in diameter instead of the usual 3/16-inch. The heavier rings hold the tags firmly in place, and the larger opening permits tags to move freely, with less chance for them to be torn off in handling operations.

The new method also permits uniform placement of the tags on bales.

Reeves says the tag rings are now being produced by more than one manufacturer and may be round, oval, oblong or triangular. All are designed for maximum strength and efficiency in the tagging operation. The tagging pliers are also being manufactured commercially, he adds.

Little time is required, the specialist explains, to train a worker to use the bale-tagging pliers. He can usually coordinate his actions in handling pliers, rings and tags after tagging a block of 100 bales. The new method works equally well on compressed or uncompressed bales, Reeves says.

New Invention Improves Bale Tagging Method

Approve Quotas Naman Urges

Texas Farmers Union President Jay Naman today urged that "eligible cotton farmers accept their responsibilities by voting for the continuation of marketing quotas and acreage allotments on December 11th, which is the date that has been set for the national marketing referendum."

Naman continued: "A large vote for this program, that has meant so much to cotton farmers, will reaffirm farmers' support for wise supply management programs and reject any contention on the part of some groups that farmers do not want marketing quotas and acreage allotments in return for a fair price."

"The cotton producer will be in a better position to present his case for a long range cotton program including such tools as direct payments, al-

ready approved for wheat and feed grains, if he will register a large affirmative vote in the referendum."

"The Cotton Advisory Committee has recently recommended an increase in cotton acreage contingent on the passage of a cotton program that will enable, through deficiency payments, the present overproduction to be moved into consumption without adversely affecting farmers' income. This does not relieve cotton farmers from the duty to support the program by voting, but rather intensifies it."

"Many Congressmen will be watching the results of the referendum to determine the attitudes of farmers toward the continuation and broadening of farm programs designed in their best interest," he concluded.

National HD Council Sponsors 1963 Traffic Safety Contest

Entries are now being accepted for the National Home Demonstration Council's 1963 traffic safety contest, officials of the national organization have announced.

"Make your community a safer place in which to live by having your club conduct a community traffic safety program," suggests Mrs. Lionel Jarvis, national safety chairman, from Cedartown, Ga.

The annual traffic safety awards program is a continuous project of the National Home Demonstration Council in cooperation with the Allstate Foundation. Any local club of a county and state Home Demonstration Council in the United States and Puerto Rico may enter the contest. Cash awards go to the top three entries.

Entries -- which should be based on a project initiated and carried out between July 1, 1962, and June 30, 1963 -- should be mailed on or before midnight, July 15, 1963. The entries should be addressed to Mrs. Jarvis, safety chairman, National Home Demonstration Council, c/o Allstate Foundation, 1710 H Street, N.W., Suite 800; Washington, D. C.

Possible projects might include improvement of rural traffic courts, safety education in schools, improvement of traffic law enforcement; improvement of rural traffic signs, signals and markings, and rural pedestrian protection. Clubs planning to enter

should appoint a safety chairman to serve through the contest, and select a committee to share the work and responsibility. The club should secure the cooperation of as many civic groups and organizations as possible.

The entry should be submitted in a simple scrapbook. It must include a typewritten report of the club's traffic safety project--who was involved, why the project was chosen, and what was completed. Publicity given the club's project should also be entered in the scrapbook.

and public speaking and were required to be in Chicago on November 23. The latter three will make the return trip with the state delegation on November 30.

Director John E. Hutchison, Mrs. Florence Low, assistant director for home economics and Assistant Editor J.W. Potts will also attend the Congress.

Mrs. Low will speak at a Wednesday morning breakfast sponsored by the Singer Sewing Machine Company for 4-H leaders and invited guests. Potts will serve as a member of the Congress' Press Committee.

The Congress is meeting for the 41st time and will be attended by 1,500 of the nation's most outstanding 4-H Club members. Each has been named a state winner in his or her demonstration or project field. Many will receive national awards during the Congress. Delegations from many foreign countries will give the meeting an international aspect.

National 4-H Club Congress is made possible through award programs sponsored by many of the nation's leading business and industrial concerns. Funds which they provide are handled through the National 4-H Service Committee, Inc., Chicago, and the Committee, along with many State and Federal Extension Service employees work together to make Club Congress a national institution.

Texas 4-H Members Attend Club Congress

A 31-boy and girl delegation will represent Texas at National 4-H Club Congress, Chicago, November 25-29. They will assemble in Dallas on November 23 and after a get-acquainted meeting and a luncheon provided by the First National Bank in Dallas, will depart by special train for the nation's number one annual 4-H meeting.

The delegates come from 23 different counties and 10 of the 12 Extension Districts in Texas. Delegation chaperons will be Marshall Crouch, assistant state 4-H leader and County Extension Agents Uel Stockard, Ellis county and Jimmy Lou Wainscott, Hidalgo county (Former Parmer County Home Demonstration Agent), Miss Peggy Wilford, assistant state 4-H leader, will accompany two national trip winners, Patricia Hancry, Lavaca county and Garry Carter, Montague county. They won trips in citizenship

and public speaking and were required to be in Chicago on November 23. The latter three will make the return trip with the state delegation on November 30.

Director John E. Hutchison, Mrs. Florence Low, assistant director for home economics and Assistant Editor J.W. Potts will also attend the Congress.

F.U. Convention Slated In San Antonio Dec. 7-8

Farmers from every area of Texas will converge at San Antonio at the Granada Hotel on December 7 and 8 for the 59th Annual Convention of the Texas Farmers Union.

Highlighting the convention program will be the appearance of a Hartington, Nebraska banker, Vincent Emmett Rossiter, who has gained nationwide recognition for his speech made before the Land and People Conference held recently in Denver, Colorado.

In the Denver speech, Rossiter told the conference on Land and People "We must restore the profit level in our basic industry of agriculture and thus the total economy, or we will be unable as a nation to sustain the more than one trillion dollars of public and private debt that presently exists at all levels of the financial system of this country."

Rositter went on to ask the

questions "When all of the farmers and rural townspeople have moved to the city and the last dollar of credit is spent duplicating facilities that are left to rot and decay in the rural areas, what then?"

Rositter refers to himself as a "dirt banker" and his varied and colorful career from farm hand to bank president might well be an Horatio Alger success story.

After graduating from high school at Hartington, Rossiter attended and graduated from St. Thomas Military Academy, St. Paul, Minn. in 1932. During the lean years of the 1930s, he worked as WPA laborer, farm hand and a salesman; and in 1936 he went to work for the Bank of Hartington as a bookkeeper. He was promoted through the various departments of the bank until he became president in 1951.

Electricity Recommended For Ice-Free Stock Water

Breaking ice on stock watering troughs or tanks is no pleasant task. It isn't necessary if an automatic livestock waterer, equipped with an electrical heating element, is installed, says W.S. Allen, extension agricultural engineer.

Water should be available for livestock at all times, he adds, even in the coldest weather. Tests have shown that cows watered automatically drank 18 per cent more water and gave 3.5 per cent more milk than cows watered twice daily. Beef cattle and hogs also need plenty of water if they are to do well during the winter months, the engineer adds.

Automatic electrically heated livestock waterers are available in many shapes and sizes and for all types of livestock. Basically, a unit consists of a water tank fed by pressure or a gravity water system, a float valve, a heating element controlled by a thermostat, and a housing to support the tank and exclude outside air movement around the tank.

Allen suggests purchasing the smallest unit that will provide ample water for your livestock. A general purpose bowl type waterer will handle up to 30 head of cattle or 60 hogs. The heating element should be immersed in the water of the tank or attached to the underside of the tank. These types, he explains, are usually more

efficient than those which warm the space enclosed by the housing.

The thermostat is an important part of the automatic waterer and one with a 5 degree range between the "on and off" operating points is desirable. Cattle or combination waterers should be insulated on the sides to conserve electricity. Covers are also recommended for reducing operating costs and as an aid to keeping the water clean, Allen says to select a unit which can be cleaned easily.

He says the water temperature should be maintained just high enough to prevent surface freezing. This will usually be between 45 and 50 degrees F. And finally, he suggests a visit with the local county agent for detailed information on selection, installation and operation of these time and labor-saving devices.

**A Message to Parmer County
Cotton Growers Concerning the**

COTTON PRODUCERS INSTITUTE

An All-out Producer Movement to Save Our Cotton Markets By Meeting Synthetic Competition through Research & Advertising.

The urgency of this action is emphasized by the severe acreage cut announced this week. This proposed acreage cut is a direct result of losing an 800,000-bale market to synthetics during recent months.

RESEARCH-

Institute funds are being used on research projects to ease the cost-price squeeze. Eleven projects are now underway, one of which is to find an effective control of VERTICILLIUM WILT.

Other projects are aimed at developing new markets through new and improved cotton products.

PROMOTION-

The Institute's promotion budget calls for expenditure of \$1 million over the next 15 months to sell American consumers on the advantage of buying products made from cotton. The U. S. housewife will be the main target of Institute advertising.

All cotton growers are being asked to participate in this program through their gins, who are cooperating with the Institute Finance plan.

By voluntary participation in this self-help effort, Cotton growers are demonstrating their ability to **BUILD FOR THEMSELVES**

A FUTURE IN COTTON.
