LISTEN TO LUKE

Well, the residents of Terrell County got the surprise of their lives this week when they awakened Wednesday morning to a white world.

This country has been needing just the kind of moisture that the snow has and there will be great benefits from it, we are sure.

There is little likelihood that there will be any fruit on trees of this area, because of recent hard and prolonged freezes that caught most of the trees right in the process of blooming.

But it looks like there is going to be some grass and weeds on these old hills.

The school board election has blossomed into a real race. There will be a disappointment to at least three of the five candidates and the two who are elected may wind up wishing they hadn't been.

The operation of the local educational facility is a man-sized job and should not be taken lightly to any degree. There is a lot at stake and it behooves all of the voters to exercise intelligence and careful consideration in the naming of the two members.

Lots of people view such things as popularity contests. In our humble opinion they should not be so taken.

From what little we hear about the operation of the school board and of what little we know of the duties of that office, we know that they have a lot of responsibility that is far-reaching.

We don't know which of the candidates is best qualified to hold the office, and we will never know which two of the five will be the best. But we are going to do a lot of listening and looking and asking to be sure that we pick the best man for the job, as far as is ascertainable for us.

We feel the same about the operation of the school that we do about the county, or the state, or our own business. We like conservatism and we think we should have only what we can pay for without undue stress or strain on any group. We think that the entire educational system should work for the best interest of everybody concerned, trying as best it can, to meet the needs of every individual, with the good of the whole underlying every action.

Terrell County has had its share of law violations recently as is shown by the action of the grand jury. We sincerely hope that such acts will be looked upon in an intelligent light by both the violators and friends and relatives.

We feel that it is the purpose of our courts to punish violators but also to call attention of the punishment to would-be violators so that other acts may be allayed or deterred.

With the cooperation of law enforcement officials, prosecutors, and the courts, violations can be held to a minimum — in Terrell County or anywhere else.

People have the type of law enforcement that they want — to one extreme or another. The type of prosecution they have is also up to them, as well as the type of adjudication.

You can't have strict enforcement, prosecution, or adjudication of laws with lax officials in any one or all three of the departments.

Each of the three branches, in cooperation with the other: good — or evil — can accomplish their aim with a minimum effort. But a conflict of purpose of any one or more of the three causes a degree of ineffectiveness and absolutely prevents a unified co-

Style Show Is Feature Of Culture Club Meet Last Saturday At Oasis Restaurant

Mrs. Will J. Murrah and Mrs. L. G. Hinkle are shown above in the costumes they made and entered in the GFWC Fashion Sewing Contest held at the Sanderson Culture Club Saturday of last week. Mrs. Murrah was named winner, with Mrs. Hinkle as runner-up in the local contest.

The members of the Sanderson Culture Club and several guests met in the dining room of the Oasis Restaurant Saturday morning for a style show. The five ladies who were participating in the GFWC Fashion Sewing Contest, modeled their ensemble for one to be chosen to represent the local club in district competition at El Paso when the Western District TFWC meets in annual session the last of the month. Mrs. J. D. McDaniel, homemaking teacher, and Mrs. Mary Lou Kellar were the judges. Mrs. Will J. Murrah was the chairman of the local contest.

A Vogue pattern was chosen for each dress or suit which was made by the five ladies in the contest. The fact was revealed that no one had spent more than \$12 for all of the materials and supplies necessary for their contest entry.

Mrs. H. E. Ezelle wore a two-piece dress of olive green boucle with the top and jacket lining of taffeta. She also designed and made the bag of matching boucle which she carried. With the costume she wore white hat and gloves and either a white scarf or white pearl costume jewelry for versatility.

Mrs. E. H. Jessup had a three-piece suit, a skirt and cape and overblouse of matching printed cotton. The suit was of green blend material. With it she wore bone-colored pumps trimmed in several shades of leather and there was a matching band on her bone straw cloche. She carried a large straw bag.

Mrs. C. F. Cox's dress and matching jacket were of toast embroidered linen. With it she wore orange crush pearlized pumps, gloves, straw hat, and costume jewelry and a large rose of the same shade was on her toast-colored leather bag.

The crimson red wool suit worn by Mrs. Murrah had below-the-elbow sleeves with deep turned-back cuffs and a gold pin was worn on the fringed loops ty-

Two More File For School Post

Last Wednesday was the deadline for filing for a place on the ballot for Terrell County Independent School District Trustee and Dudley Harrison stated that two more candidates were now in the race, bringing the total to five.

John T. Williams, an incumbent whose term expires this year, is not seeking re-election.

Voters will be asked to name two members to the board by scratching at least three names on the ballot, thus leaving not more than two names, indicating their choice of the five candidates. All voters in the county may vote for the school district trustees.

At the same time and on a second ballot, voters in all four precincts will vote for a county school district trustee-at-large, an office now held by John Harrison, who did not announce for re-election.

Officers, a local physician, and the justice of peace were called immediately after the shooting, and Raul Flores was arrested at the home of friends within

minutes after the shooting occurred. He had a .22-calibre automatic pistol in his possession at the time of the arrest, according to Sheriff Bill C. Cooksey, who was assisted by Texas Ranger F. G. Hardin.

Mrs. Chalambaga was pronounced dead soon after the arrival of the physician. She was lying near the back door of her home and had a bullet wound in her abdomen near the navel.

Deputy Sheriff Dalton Hogg, Texas Highway Patrolman Carl J. Davis, and Justice of Peace J. A. Gilbreath made a preliminary investigation, and after determining that the bullet did not pass through the body, a partial autopsy was ordered by Gilbreath to determine the cause of death. The partial autopsy, performed by a local physician, revealed the cause of death to be massive internal hemorrhaging, caused by the perforation of the aorta by a bullet.

The back screen door had been torn loose from the latch and the bullet had been fired through the glass portion of the back door, according to evidence and according to the testimony of Mrs. Marina Flores, daughter of the deceased and wife of the accused in the case. Mrs. Flores was in the room with her mother at the time of the shooting, according to the information given local officers.

Flores' bond was set at \$5,000 by District Judge Roger Thurmond following the indictment by the grand jury and he is being held in the local jail in lieu of the bond.

ASK ABOUT YOUR TELEPHONE BILL

We know how important it is to you that the bill you receive from us for your telephone service each month is correct. And we try very hard to see that it is always right.

Most calls are billed with the help of marvelous new electronic machines. These machines help us to hold down our cost of billing—which means holding down the price you pay for telephone service. It would be almost impossible to do the whole billing job by hand.

Though our electronic machines are almost miraculous in their speed and accuracy, it is still possible, once in a while, for something to go wrong. For that reason we have dependable telephone people checking and double-checking the bills at every key point in the process.

In the telephone business, we combine machines and people for the utmost accuracy in your telephone bill. Like any other part of your telephone service we are always looking for new ways to improve it while holding down the price you pay.

TELEPHONE MONTH

March is a most magnificent month for telephone people. It marks the anniversary of two important dates in telephone history.

On March 3, 1847, Alexander Graham Bell was born in Edinburgh, Scotland. Twenty-nine years later, on March 10, 1876, in Boston, he made the first telephone work. After its invention, it took just a few years for the telephone to travel as far as Texas. Our first telephone exchange was opened in Galveston in August, 1879.

Since that time, telephone service has grown, until today there are more than 75 million telephones in the United States. They carry more than 290 million telephone calls each day.

On this 86th anniversary of the invention of the telephone, our goal is the same as it was on March 10, 1876 . . . to make your telephone service more valuable, more dependable and more useful to you every day.

She wore a floor-length gown of Spanish lace over taffeta, fashioned with a sculptured bodice, round neck and long pointed sleeves. A pleated flounce of the lace was around the bottom of the bouffant skirt.

Her shoulder-length veil of tulle edged in lace was attached to a coronet of pearlized flowers. The same flowers formed the bridal bouquet which was tied with white satin loops and streamers.

The members of the wedding party were Mr. and Mrs. Eleno Marquez, Mr. and Mrs. Pres Escamilla, Misses Gloria Hernandez, Ercilia Gonzales, and Francis Bustos; Alberto Escamilla Urbano Martinez, and Maria Hernandez. Miss Juanita Valles was the maid of honor. Ciella Silvas, cousin of the bride, was the flower girl and Juan Manuel Salazar, nephew of the bridegroom, was the ring-bearer.

Cheapest way to dry is the sun...

Best way to dry is electric

There's no doubt that sunshine is the cheapest way to dry clothes, but it's also the old-fashioned, hard work way. And drying clothes in the sun exposes them to fading, wind-whipping and air-borne dirt.

Modern homemakers know the best way to dry clothes is electric, with precise temperature settings for every drying job. See your electric dryer dealer soon. Ask about the special cash discount and generous wiring allowance now available. Get the electric dryer you've always wanted and save.

operative effort and effective ness.

Texans will have an opportunity, it appears, to express their opinions concerning legalizing horse racing in Texas and abolishing the poll tax. The expression may or may not mean much to the future of Texas, but one's opinions should be expressed.

We are unequivocally opposed to both proposals.

The poll tax — \$1.75 is little enough to pay for the privilege of voting, and if abolished, would be paid in some other form of taxes. And in our opinion a person who will not, or cannot pay the tax, has little business voting anyway. It's kinda like the requirement of literacy — a person who cannot read or write has no business in the naming of officials — in our humble opinion.

There are those here and over the rest of the state who would be happy to vote every adult in the county regardless of their intelligence or ability to earn a living. Such practices would lead only to corruption and more such occurrences as the Duval County Box 13 scandal.

A person who participates in an election should have some intelligence and a little pride and a person who has both will have \$1.75 and know how to read and write.

We will oppose the horse racing referendum because we feel that it is morally and basically wrong and its followers and allied associates breed or are associated with big-time hoodlums.

For the people who can afford to go to the races and bet on the horses there is not the same atti-

NOTICE

This is the second statement that I have been forced to make to counteract rumors that are being circulated regarding my conduct if elected your County Judge.

You can be assured that I have always made my own decisions and will continue to do so without interference from any source. I shall go into office with no strings attached, a definite independent, working with and for all the people in Terrell County.

I have been giving consideration to this campaign for four years. The decision to announce for the office was my own. I am doing my own campaigning, paying my own expenses and I assure you that any more propaganda which you may hear will be a willful concoction of schemes to defeat a man who will give the people a fair and impartial administration. My conscience will be clear with a fair and unbiased effort to make you proud to be a citizen of Sanderson and Terrell County.

I truly hope that no more statements will be required to combat untrue and vicious tales.

Your support and confidence are solicited and will be appreciated.
H. E. Ezelle. (Pd. Pol. An.)

Mr. and Mrs. Ruel Adams and Mrs. Lee Grigsby went to Odessa Saturday, March 3, when a new Eastern Star chapter was constituted in that city.

The new chapter to be known as the Floyd Easterling Chapter, Number 1074, is named for the late husband of Mrs. W. F. Easterling of Del Rio, past grand matron of the Grand Chapter of Texas, O.E.S., who is the "mother" of the local chapter and is well known here.

CARD OF THANKS

To my dear friends, I send my heartfelt thanks for all your kindness during the time I was confined to my bed. I sincerely appreciate your visits, flowers, lovely food, cards, and the many inquiries about my health.

My thanks to Dr. C. H. Robinson who was always ready to help when I needed him.
