SANDERSON, TEXAS, FRIDAY, APRIL 27, 1962

LISTEN TO LUKE

We think that something more should be said concerning the referendums that are listed on the bottom of the ballots to be voted on May 5. There are three propositions, one pertaining to abolishing the poll tax, and two pertaining to pari-mutual betting in Texas.

These propositions are not to be made law or not to be made law, according to the vote of the people, but the outcome of the vote will probably indicate whether or not the legislators will be interested in going along with any of the matters.

A strong opinion expressed for or against either of the propositions will give the representatives free rein to vote according to the mandate of the people and present or not present constitutional amendments accordingly for popular vote.

We have read and heard wide and diverse opinions expressed pro and con on all the measures, and both sides to all of them have good arguments. Each person in the state is not only entitled to his opinion, but he is also supposed to express it.

This can be done at the polls on these particular matters, and they are done without the prying eyes of any mortal to know how you voted. But when it comes to hiding your vote from your conscience, be careful!

We see nothing wrong, legally morally, or otherwise, with the poll tax. It seems to be a sane method of raising a little money and it withholds the privilege of voting from few, if any, who are interested in voting or know how to vote intelligently.

We favor keeping it. There is nothing wrong, legally, morally, or otherwise, in running one or more horses against others. We enjoy the beauty of horses and the thrill of the race, ourselves. But when it comes to pari-mutual betting, we can best explain our position by letting General Albert Sidney Johnson, former chairman of the Texas Department of Public Safety, do our talking on this matter for us.

We know that there are some benefits to stockmen from raising race horses, and some benefits to towns where the tracks are located, but there is another side.

— But we'll let General Johnson say it: "Perhaps the most regrettable long-lasting aspect of the horse race period in the 30's was that it educated a whole new generation of people to the actual methods and means of horse race gambling, both at the tracks and through the bookies. Lots of well-meaning citizens, the majority with modest or low incomes, most of whom had never before bet on the horses, went to the tracks and gambled. Many of them, during this period, were introduced to and contracted the gambling fever — and it's stayed with them through life. On days when they couldn't get to the tracks, they placed their bets with bookies.

"A race track environment invites and encourages people who otherwise would never gamble to sabotage their wages, savings and investments," Johnson said. "It is inconceivable that we would willingly want to 'legalize' all over again a race track environment for the gambling education of another generation here in our state."

Your vote will express either an agreement with Gen. Johnson or a disagreement with him.

Mrs. Keesey Kimball and her sister-in-law, Mrs. Clarence Chandler Jr., of Alpine visited here Monday in the home of Mr. and Mrs. Clarence Chandler. The Clarence Chandlers Jr. have recently moved to Alpine.

Miss Terry Jean Hodgkins, valedictorian

Buddie Joe Hahn, salutatorian

High School Principal A. J. Riess this week announced the two seniors who would be the valedictorian and salutatorian of the May graduating class. They are Terry Jean Hodgkins, daughter of Mr. and Mrs. J. R. Hodgkins, who had a four-year average of 95.64, and will be the valedictorian; and Buddie Joe

Hahn, son of Mr. and Mrs. A. J. Hahn Jr., with an average of 95.17 for four years, who will be the salutatorian. The averages were figured as of the end of the fifth six-week period of this term in order to give the students an opportunity to plan and prepare their graduation addresses.

Cub Scouts Have Pack Meeting Tuesday Night

The Cub Scouts attending the monthly pack meeting Tuesday evening displayed musical instruments which they had made since "music" was the theme for the month.

Mrs. L. H. Lemons' Den sang several songs, playing accompaniment on their instruments. A barber shop quartet was featured in one of two skits presented by Mrs. J. R. Hodgkins' Den.

A painting by Mrs. L. R. Hall was presented to Mrs. Ben Causey, who has served as coordinator for the Cub Scouts for so many years.

Bobcat pins were given to five new Scouts: Damon Harrison, Ronnie Stewart, James Druse, Richard Hodgkins, and Bob Murrar.

Three boys were advanced to Boy Scouts and welcomed by Bill Hance, Scoutmaster. They were Scotty Holland, Jack Whistler, and Joe Williams.

A gold arrow to the Wolf Badge was presented to Narciso Lara; silver arrow to Wolf Badge to Steve Litton, Douglas Athas, and Jerry Jones; gold arrow to Bear Badge to Rudy Villarreal; two silver arrows to Bear Badge to Oscar Escamilla, one arrow to Larry Turner, John Hope, Walter Shoemaker, Mack Turner, and Jimmy Hill; Lion Badge to Jack Whistler.

These new facilities," Rutherford said, "should bring many additional visitors to the park. We are also hopeful that at a little later date two additional lodges will be constructed, perhaps in the Rio Grande area and in the Castolan area."

Boy Scouts Hike Last Weekend

Boy Scouts of the local troop made a two-night hike April 13 and 14 to the Felix Harrison ranch. Twenty boys made the trip.

The group left Sanderson at 5:30 p.m. Friday under the supervision of L. A. McBee and Bob Turner. Bill Hance joined the group Saturday morning and the other two adults came to town. Hance was joined Saturday night by D. E. Anderson, both of whom stayed with the group during the remainder of the hike.

After breakfast Saturday morning the Scouts reconnoitered the general area. Darrell Howard won a rock-throwing contest. The boys went arrowhead hunting after lunch and Vernon Thompson found a perfect point and Terry Kessler found a good point. A short period of swimming and splashing came later in the afternoon.

The group found a carving in a rock, apparently a map, and enjoyed speculations about it. After breakfast Sunday morning the Scouts broke camp, arriving in Sanderson in time for worship services at their respective churches.

New Accomodations Hoped To Boost Travel To Big Bend

New tourist accommodations bringing major improvements to Big Bend National Park have been announced by Con. J. T. Rutherford.

The funds will not involve expenditures by tax funds, but will be spent by a private firm — National Park Concessions, Inc.

Details of the company's expansion of facilities were revealed to Con. Rutherford, chairman of National Parks Subcommittee, by the president of the company.

Total improvement will cost about \$800,000. First phase improvements will include a new central main lodge building, to be located in the Basin area; 20 new modern overnight room accommodations and a new service building in the Rio Grande Village area.

The central lodge building will house a lounge area, various sales shops, large dining room, coffee shop, kitchen and registration-information office. The overnight rooms may be in the form of individual cabins.

The service building at Rio Grande Village will include service station facilities, a snack bar and a supply or grocery store to handle basic foodstuffs and camping needs.

It is hoped that the first phase can be completed in 1963. "These new facilities," Rutherford said, "should bring many additional visitors to the park. We are also hopeful that at a little later date two additional lodges will be constructed, perhaps in the Rio Grande area and in the Castolan area."

The current budget, which has been approved by the House, contains \$12 million for Big Bend Park improvements on roads, trails, and other facilities and also contains some \$450,000 for restoration at Fort Davis National Historic Site.

National Parks Director Conrad Wirth has described these two projects as "top priority" in the Parks System improvement program.

Ranch Club To Meet Tuesday

The Ranch Home Demonstration Club will meet Tuesday morning, May 1, in the Legion Hall with the members bringing sandwiches for the lunch to be served at noon.

After the meeting, the members are inviting the ladies of the community to a tea from 4:00 to 6:00 p.m. in the Legion Hall. At that time gift suggestions for graduates and brides will be displayed on attractively decorated tea tables.

Mrs. H. E. Ezelle and Mrs. C. C. Mitchell are co-chairmen for arrangements for the tea.

Screwworms Found In Terrell County And Nine Others

Screwworm cases have been confirmed in 10 West Texas counties, according to Dr. R. G. Garrett, executive director of the Texas Animal Health Commission, and Dr. John L. Wilbur, the veterinarian in charge of animal disease eradication for the U. S. Department of Agriculture in Texas.

Dr. Garrett and Dr. Wilbur both urged ranchmen to take immediate steps in an attempt to prevent outbreak of other cases.

Dr. Garrett said that one early-treated case now can prevent 10,000 screwworm cases six weeks from now.

"Cooperation is what we need right now," Dr. Garrett stated.

Confirmed cases were reported in Terrell, Brewster, Pecos, Cockett, Presidio, Reagan, Tom Green, Kimble and Menard counties.

The veterinarians stated that it was their opinion that the spread of screwworms demonstrates the natural tendency of the screwworm fly to take advantage of the warm and humid weather at this time of the year.

They requested that ranchmen exercise the "do-it-yourself" control as follows:

1. Frequent rechecking of the flocks and herds for possibility of screwworm infestation. 2. Frequent retreatment of infested animals and Corral or Korlan spraying of infested and adjacent herds or flocks. 3. Postpone surgical procedures as it is consistent with your program.

4. Spray flocks and herds that might be expected to become infested. 5. Maintain contact with livestock inspectors for the latest information and advice on screwworm control.

6. Continue to report and send in samples from any wound suspected of being infested with screwworms. Take these to the county agent or send to P.O. Box 969, Mission, Texas.

Sunrise Service Held Easter Morning Here

The Sanderson Rotary Club sponsored the annual Easter sunrise service Easter which was at the football field Sunday morning, beginning at 6:30.

A brass quartet composed of David Hardgrave, Bobby Hatchel, Kenneth Moses, and Buddie Joe Hahn, directed by W. J. Morris, played musical selections to open and close the service.

The invocation was given by the pastor of the Methodist Church, Rev. F. E. Curry, and the benediction by Rev. John W. Byrd, pastor of the Presbyterian Church. Rev. Noe Montez, pastor of El Buen Pastor Church, read the Bible passages. Rev. Irl Richardson, pastor of the Baptist Church, gave the Easter message, using the subject, "Good News From a Graveyard".

A choir composed of members from the churches led the congregational singing and sang "The Holy City" as a special number. Mrs. R. S. Wilkinson was pianist or the choir directed by Mrs. Harriet Graham.

Coffee and doughnuts were available for those attending the service.

Presbyterian Women Have Spiritual Enrichment Meetings

The members of the Presbyterian Women of the Church had meetings at the church for five consecutive afternoons through Friday last week, an annual spiritual enrichment period. Rev. John W. Byrd brought the messages each afternoon, following Jesus' activities through Holy Week. A period of devotion, worship and meditation preceded each service.

Shown above are the 20 young ladies representing the sheep council areas of the nation, who were in San Angelo recently to compete for the title of Miss Wool of America. They are pictured in the patio of the Texas Sheep & Goat Raisers' Association headquarters the afternoon of the pageant. From this group: Miss Wool of Texas, Miss Carolyn Barre, who has represented the state industry this last year, was crowned the new Miss Wool of America.

Easter Travel In Park Sets New Record

The final tabulation of travel figures for the three-day Easter period, Friday through Sunday has been completed. Superintendent Stanley C. Joseph announces that the three-day period saw a record total of 3,164 people entering Big Bend National Park in 904 cars.

Enlarged facilities constructed under the National Park's Mission 66 program, made it possible for a record number of people to use camping facilities in the park. A total of 1,500 people camped out in both the Basin and Boquillas areas of the park.

Even with this large visitation to the park, space was available for campers at all times in overflow areas.

The concessions accommodated 337 people for the three nights. Many others who did not have advance reservations utilized facilities in adjacent towns.

Strawberry cactus, ocotillo, and prickly pear are in bloom now in the park.

New Coach Hired By School Board

A new athletic director and head football and track coach was hired by the board of trustees at their meeting Tuesday night.

Paul Hatem, a graduate of SMU with a bachelor and master's degree, will move his wife and baby girl here this summer and assume the duties of coach to open the fall season this year.

Mr. Hatem was assistant football and head basketball coach at Childress, was head coach at Hubbard and comes here from Roscoe where he has been for two years.

Supt. Matt Bader stated that the assistant coach would be named at a later date. Bader stated that Hatem comes to Sanderson with good recommendations from schools where he has been employed and good recommendations from other coaches. He stated that Mr. Hatem also had excellent academic grades.

Mr. Bader stated that Hatem would be teaching physical education, drivers' education and some history course.

Five High School Students Make 'A' Honor Roll

Five students in Sanderson High School were on the "A" honor roll for the fifth six-weeks period, according to Principal A. J. Riess. They are: Buddie Joe Hahn, Terry Hodgkins, and Kenneth Moses in the 12th grade; Barbara Cates in the 11th grade; and Jack Bogusch in the 9th grade. Miss Sylvia Lee Wood, daughter of Mr. and Mrs. Sid Wood had an emergency appendectomy Saturday night in an Alpine hospital. She was brought home Tuesday.

John T. Shaffer, Former Resident, Buried In Ballinger

Murray Hill received word last week of the death of his father-in-law, John Thomas (Tom) Shaffer, 87, a retired harness and saddle maker who died in a Temple hospital Wednesday morning. Funeral services were held in Ballinger Friday.

Mr. Shaffer operated a saddle and harness shop in Sanderson for many years in a shop located where the Peavy Insurance Building now stands. It was a frame building with more resemblance to a house than a business, and was a thriving business at one time.

Shaffer moved to Ballinger from Sanderson in 1948, later moving to San Angelo where he made his home with his daughter, Mrs. Nedra Hill, until her death four years ago. Since that time he has been hospitalized in Temple.

He is survived by a son R. H. Shaffer of Temple, a daughter, Mrs. J. M. Durden of San Angelo; also two sisters, a brother, seven grandchildren and 13 great-grandchildren.

Lions Broom Sale To Be Saturday

The Sanderson Lions Club will have a broom sale Saturday, April 28. Items for sale will be those made by the Blind Caravan of Texas and Lighthouse for the Blind and percentages of the sales will be shared by the Lions and the Caravan and Lighthouse.

The Lions Club's share of the proceeds will go to sight conservation work in the local club.

The merchandise will be displayed at the Turner Hotel corner of Persimmon and Oak Sts. and housewives are asked to come by and make their purchases if there is a chance they will be missed during a house-to-house canvass.

BIRTHS

Mr. and Mrs. M. F. Gutierrez received word last week of the birth of a daughter to their son, Matias F. Gutierrez Jr., and wife in Milledgeville, Ga. April 15. She was named Rhonda Michelle.

Joe N. Browns Have Son The baby boy who will make his home with Mr. and Mrs. Joe N. Brown was born Wednesday, April 18, and was named Charles Franklin. Mrs. Dorothy Bristol, Mrs. Brown's sister, accompanied Mr. Brown on the trip to bring the baby to Sanderson Sunday.

Cong. Rutherford Visits Here Tuesday

Congressman J. T. Rutherford home for a brief period during the Easter holiday recess of Congress, visited in Sanderson Tuesday afternoon.

Flying in from Ozona, Rutherford was guest at an afternoon coffee reception, and later departed by plane for Alpine. Approximately 25 attended the reception.

When he landed in Sanderson, Rutherford had logged approximately 1,150 miles in five days with visits to 11 counties and 25 communities.

"With only about one working week to cover some 19 Texas-sized counties, it is necessary for me to spend but a brief period in each city I visit. I must be back in Washington Monday, April 30, to assume my post of duty. A bill I authored, and which will be beneficial to the growers of extra-long staple cotton in West Texas, will be before a Congressional subcommittee for hearings on that date. Unless I am there, no other person can advance it and speak out for West Texas interests."

"I have committee assignments tailored to West Texas needs," he said. "Serving on the Interior and Insular Affairs Committee. I am on the Reclamation and Irrigation, Mines and Mining and National Parks Subcommittee. I am chairman of the latter.

"All this means I am in a position to work at the most basic level of Congressional activity on irrigation and reclamation projects, on petroleum industry measures and on national park problems — and Texas' only national park, Big Bend, is in the 16th District as is its only national historic site, Fort Davis."

Rutherford also serves on the House Armed Services Committee, which, has legislative jurisdiction over the majority of our national defense plans and programs.

The Congressman, who has introduced a bill he believes can "realistically and helpfully" assist the oil industry by limiting foreign oil imports, pointed out that he appreciated the support trust and confidence received in past elections from the people of Terrell County.

He has carried Terrell County by good margins each year since being elected to Congress.

Defense Class To Have Last Session

The last meeting of the adult class in Civil Defense Preparedness will be Thursday evening (tonight) at 7:00 p.m. in the high school library. Judge R. S. Wilkinson, F. M. Wood and several others will outline the civil defense plans for Terrell County. Any interested persons are invited to attend the meetings.

Mrs. Jim Duke of Sterling City is visiting here in the home of her daughter, Mrs. W. R. Balkum, and family.

IT'S NOT LENGTH OF SERVICE BUT TYPE OF SERVICE THAT COUNTS

To complete his program for Texas and our people, Governor Price Daniel is asking only for a total of eight years as Governor — no more than is permitted for most officials from County Judge to President and Vice President if they are elected to two four-year terms.

Thirty-four States have four-year terms for Governors, and 19 permit re-election to a second term or a total of eight years.

All Texas County and District officers, except House members, are elected for four-year terms.

The two-year term for Governor is an outmoded relic of the past—34 States having gone to four-year terms.

The people should not be denied the right to re-elect a Governor who is fighting for their best interests simply because he has served two or three short two-year terms, for

Daniel Backs Import Bill

Gov. Daniel sent telegrams to the governors of the other 31 oil producing states, and asked them to join him in supporting an oil imports limitation amendment. U. S. Congressman Tom Sneed of Oklahoma introduced the proposal. It would require oil imports to be cut to the 1956 ratio with U.S. production.

At the 1957 Governor's Conference, Daniel was successful in getting 32 gubernatorial signatures on a petition to Pres. Dwight D. Eisenhower, urging mandatory import controls. But he feels that nothing has been done to prevent imports from supplanting domestic production.

Daniel said that the recent schedule of eight-day allowables in Texas has resulted in a loss of more than \$100,000,000 for the state. May will be another 8-day producing month.

Agricultural War On

About 40,000 bushels of sweet

potatoes worth \$100,000 are in danger of being ruined by the sweet potato weevil, according to State Agriculture Commissioner John C. White. Some 1,200 growers in 10 counties plan to join the state in a two-month battle against the pest.

About \$15,000 will be spent to dust sweet potato crops and some 100 storage houses in Anderson, Cherokee, Houston, Leon, Madison, Nacogdoches, Rusk, San Augustine, Shelby, and Trinity counties.

White says the war against the Kaphra beetle, which devours grain, has been won at a cost of \$100,000. But every precaution is being taken to prevent another invasion from out-of-state.

On the positive side of the planting problems, the agriculture commissioner said South Texas cotton farmers have been given a 10-day extension — to midnight April 30 — to plant, or replant where seeds failed to

No Secrets Allowed in Schools

A Texas law that says that public school authorities can suspend or expel a student who solicits members for a fraternity or other secret society, also prohibits other organizations from doing so. Attorney General Will Wilson has so ruled.

The law allows the formation in schools of Boy Scouts, Hi-Y,

Girl Scouts, DeMolay, Rainbow Girls, Pan-American club scholarship societies, and other "kindred education organizations sponsored by state or national education authorities".

But any "public welfare" group which isn't on the list of specifics is forbidden.

Boat Traffic Big Problem

As warm weather inspires the owners of 177,082 motor boats to launch their crafts on Texas'

The said Commissioners' Court will meet at the Court House in Sanderson, Texas, at 10:00 o'clock A.M. on the 14th day of May, 1962, to receive and consider all bids submitted and will award said leases to the highest and best bidder, after public hearing and consideration, except that if, in the opinion of the said Commissioners' Court, the highest and best bid submitted does not represent the fair market value of said lease or leases on all or any portion of said land, then said Court may, in its discretion, reject all bids submitted.

Witness my hand this 9th day of April, 1962.

R. S. WILKINSON
County Judge
Terrell County, Texas, 11-36

Henry J. LeBlanc Sr., president of SCOT, called a meeting of the board for the same day in Fort Worth. There members will review the McGee Bend Dam project and other U.S. Corps of Engineers' plans which relate to impoundments on drainage systems in the state.

New Highway Markers

The 57th Legislature failed to appropriate funds for advertising Texas' tourist attractions out of state. But the Texas Highway Commission has come up with a dazzling device for pointing out places of interest to travelers once they get in the state.

Historic sites and other spots of unusual interest will be pointed out by big, cast-aluminum markers such as those used in Virginia. These markers will be erected at roadside parks and turnoffs, so drivers can pull over and read the legends at leisure. Markers are three feet wide and four feet, 10 inches high and look like they're made of Swedish steel. They'll be mounted on six-foot aluminum poles.

Two already have been erected at a cost of \$1,000 each. One placed two miles northwest of Tyler, marks the site of the largest Confederate Army prisoner of war camp west of the Mississippi. It was paid for by the grandson of a Union soldier who spent some time there.

The other was purchased by the Odessa Chamber of Commerce to point to the famous meteor crater near Odessa.

On May 4, a third plaque will be set up at McCamey. It will mark Castle Gap, the old Butterfield Stage pass.

Attorney general ruled that such markers are necessary for maximum use of modern highways, and thus okayed the expenditure of state funds for future plaques.

Cost of plaques can be reduced to \$700 each in mass lots. A committee headed by George W. Hill of the State Historical Survey Committee and composed of representatives from the Highway Department, the Parks Board and the Game and Fish Commission screens all recommended sites. About 100 spots are being considered right now.

TELEPHONE TALK

by Jim Brower, Manager

TV BIRTHDAY

Just 35 years ago, on April 7, 1927, an epoch-making experiment was completed.

Special equipment developed by Bell Telephone Laboratories flashed an image of Secretary of Commerce Herbert Hoover from Washington, D.C., to New York... and television was born.

SPRING'S-A-RINGIN'

Today, Bell Labs' search for new knowledge continues. The transistor, the Bell solar battery, and Direct Distance Dialing are three of its developments. Bell Laboratories' continuing research helps make your telephone service better all the time.

This year, spring's-a-ringing with more home telephone conveniences than ever before. Here are three:

HOME INTERPHONE—a home communications system that lets you talk throughout your home... and even answer the door... by telephone.

EXTENSION TELEPHONES—in a wide choice of spring-like colors to brighten your home. And extension phones save time, steps and effort.

BELL CHIME—calls you to your phone in one of three ways: a loud bell, a soft bell, or a melodic chime.

There are lots of others, too, and they're easy to order. Just call the Telephone Business Office or ask any telephone serviceman.

JUST IN CASE
To keep your telephone operating 'round the clock, we use special oversize batteries, much like the one in your car, to furnish the electricity. We keep them charged with generators which operate on commercial power.

Should Sanderson's commercial power fail, these batteries can provide enough electricity to keep your phone operating for several hours.

In addition, we have stand-by generators which can provide service indefinitely, if necessary. Planning for emergencies is one way we assure you of dependable, uninterrupted telephone service.

Call by number. It's twice as fast.

Chris Hagelstein and Miss Edmondson Wed Saturday Afternoon in Mullin, Texas

Mr. and Mrs. Ele Chris Hagelstein are at home on the Hagelstein ranch north of Sanderson after returning from a short wedding trip to San Angelo, Midland, and Odessa.

The bride, Eloora Louise Edmondson, is the daughter of Mr. and Mrs. John Dennis Edmondson of Mullin and the granddaughter of Mrs. Joe Edmondson, also of that city.

Mr. Hagelstein, son of Mr. and Mrs. Ele Hagelstein, who ranch in Terrell and Crockett Counties, is also a grandson of prominent ranchers of this area, Mrs. Mamie B. Hagelstein of San Angelo and Mr. and Mrs. Hugh Childress of Ozona.

Moore Eubank, minister of the Church of Christ, officiated at the double-ring marriage rites at 3:00 o'clock Saturday afternoon in the First Methodist Church in Mullin. Easter lilies decorated the church and the bridal pair stood beneath an arch topped by wedding bells and flanked by tall seven-branched candelabra.

Mrs. Dennie McBride of Zephyr was the pianist, playing the traditional wedding marches and accompanying Mrs. Glenn Calder and Mrs. Connie Todd who sang "Always" as a duet.

The bride was escorted by her father who gave her in marriage. She designed and made the wedding gown of ivory satin which she wore. The long-waisted, sculptured bodice had a sweetheart neckline and long petal-pointed sleeves. Pleats formed the train on the skirt which was attached to the waistline with roses of the satin. The bridal veil of illusion cascaded from a coronet of pearls and pearlized flowers. A corsage of feathered lilies, worn with her going-away dress, centered the arm bouquet of Easter lilies. She wore an heirloom necklace a sunburst pin of pearls centered with a diamond, on a gold chain, the necklace having been worn by the bridegroom's grandmother and mother at their weddings.

Mrs. Graham Childress of Ozona, cousin of the bridegroom, was the matron of honor. She wore a dress of blue chiffon and carried a colonial bouquet of Easter lilies and carnations.

Ele Hagelstein served as best man. The ushers were Jerry Brown of Wichita Falls and Fletcher Coates of Ozona, cousin of the groom Reid Holmsley of Ozona and Lynn Auld of Lovington, N.M., lighted the candles.

Mrs. Jimmy Smith registered the guests in the bride's book at the reception in the church which followed the wedding. Miss Lucy May Burris was the hostess. The bride's cake, iced in

Thursday Club Plays Bridge In Mrs Nance's Home

The Thursday Bridge Club was entertained in the home of Mrs. Austin Nance last week. Homemade ice cream, cake, and coffee were served for refreshments.

In the card games, high score prize went to Mrs. Jack Riggs, second high to Mrs. W. H. Goldwire, with Mrs. S. H. Underwood and Mrs. Goldwire holding slam prizes and Mrs. Weldon Cox was low.

Also present were Meses. C. H. Spencer, A. J. Hahn Jr., G. E. Babb, Dan Riggs, Web Townsend, E. J. Hanson, J. A. Gilbreath, and H. E. Eletcher.

Mr. C. L. Surratt will return home in a few days from Adamsville, Ga., where she has been visiting relatives for several weeks.

Mr. and Mrs. Alfred Bendele of Marathon and her mother, Mrs. Elma Riley, visited here with relatives and friends Monday.

Excerpt From An Editorial San Antonio Express 4-19-62 "NEW BLOOD, FRESH IDEAS FOR COUNTY PROGRESS"

"The big issue with reference to courthouse races this year is 'progress'."

"Nearly every courthouse in the country is still doing the same old things in the same old way."

"Nearly everybody in the land knows that significant improvements can — and should — be made."

"Rival candidates for top offices represent, generally, the viewpoint of the old way versus a willingness to explore and support constructive change."

"New blood, fresh ideas, bold-but-sound planning need to be injected into the tired structure of county government."

Your support will be appreciated. H. E. Ezelle. pd. pol. ad.

WOMEN SUPPORT WILSON

"Texas women have distinguished themselves in business, education, science and government. As your Governor, I intend to submit legislation that will give women equal rights under the law. I see no justification for placing women at a business and professional disadvantage."

— Will Wilson
Clare Boothe Luce says in McCall's: "The most discriminatory laws against women, in matters of property, divorce, adultery, and care for minor children, are in Texas. Progress is being made in most states to eliminate such laws; but in the great — and in many ways, wonderful — state of Texas, the situation is getting worse. Texas has the shameful distinction of legally treating its women more like idiots, chattels, and infants than does any other state. . . ." — McCall's P. 24, March 1962.

Who's For Equal Rights? WILL WILSON . . . former District Attorney and Supreme Court Judge . . . now Attorney General and Your Candidate for Governor of Texas.

He pledges to use the powers of that great office to see that the equal rights amendment is passed.

WILL WILSON also proposes to strengthen Texas laws covering desertion and child support to protect those women and small children left without means of livelihood.

Just What is This "Equal Rights" Amendment?
It is a proposed amendment to the Texas Constitution that provides: "Equality under the law shall not be denied or abridged because of sex."

Why is it Necessary?
Archaic Texas laws place an unfair burden on women in management of property and other affairs, causing needless expense and even hardship.

What Laws Discriminate?
There are 44 Texas laws that discriminate against women — including criminal laws, labor laws, contract and property laws, and laws regarding children's care, among others.

How Can I Help?
By voting for WILL WILSON for Governor of Texas.

YOU'VE GOT EVERYTHING GOING FOR YOU!

Here now! This year there's a car that changes your mind about the cost of beauty — and advanced engineering, too. It's the magnificent, masterful Mercury Monterey for 1962, the only new car that's got everything going for you. It's beauty that beckons, then take a long, loving look. The Monterey is sheer elegance in steel, a timeless sculpture that turns your garage into an art gallery. It's advanced engineering that you dote on, peer in and look for yourself: Self-adjusting brakes, 30,000 miles between major lubrications, 6,000 miles between major oil changes. Dozens of industry-leading innovations like that. And, when it comes to investment, that's really where the new Mercury Monterey has everything going for you. It is priced just a whit more than ordinary-looking, ordinary-riding, ordinary-featured cars. This is the year you don't have to compromise between beauty and a bargain, between elegance and economy. Mercury Monterey. The one car that's got everything going for you.
