the air concerning the lity or need of a hospital Terrell County. We do not snow how far plans have proed, or what is in the mill, we can certainly agree with

There are certain things about a proposal that we do not w, about whether or not a ital for the county is possibut few people would oppose desirability of one.

The citizens of the county have taken advantage of the pital facilities in Alpine, Fort bekton, and other places, and etimes at an expense to the ers in those counties. Many he patients have been able pay their hospital bills and re paid their bills, but many nts have not paid their bills one reason or another, which caused this burden on the payers of those counties and practices are not right, in

There will be few who would that if a person can, he inly should pay his nospital or any other bill that is a st debt. But we doubt that the of taxpayers of Pecos and wster Counties will always be illing to foot the bill for the mses of hospitalization of errell County folk who do not cannot pay their bill at the

The mere fact that the counties are our neighbors have seen to build and staff a hospital is available to our citizens een a blessing for us and of-

But we should look into the ssibility of standing on our on two feet, if possible.

It may be that the cost of the ulding maintenance and opration would be so big that it ould be impossible for the taxyers of the county to handle. at again, it might not.

It wouldn't cost much to find

It might be well to know the elings of some of the taxpays of the county on the subject. you will drop a card expresing your opinion, and sign your ame to the card, then there ould be a group get together to arn more details. The interest spressed by a signed card ould not necessarily mean oping or favoring the project at y later date, but merely a refendum on how you feel about right now, or if you are interted in pursuing the matter or

Naturally a signed card only ould be acceptable since anymight stuff a bunch of ungned cards or letters in themves, which would not be a rendum expression.

3rd Anti-Polio Dose Allison Test Hole To Be Given Soon

The last dose of the Sabin Oral Vaccine, Type III, will be given here on Friday, March 29, and Sunday, March 31, according to plans announced this week by L. E. Muller, chairman of the project from the American Legion sponsors of the program.

On Friday the vaccine will be given to the school children and will also be available in the high school auditorium from 1:00 to 5:00. Sunday afternoon the vaccine, again on sugar cubes will be available to everyone from 12:00 to 5:00 p.m.

Again it is being urged that everyone avail themselves of the opportunity to take the vaccine. If anyone has had the Salk vaccine, the adviseability of having the Sabin oral vaccine too is being stressed since the latter has proven so effective.

While no charges will be made for the vaccine, as in the past program, anyone desiring may make a contribution.

Permission slips will be given to everyone before they are given the dose-of Type III vaccine. The permission slips must be signed before the vaccine will be given. This ruling and the above findings are printed to answer the discussions that have arisen nation-wide over the Type III

A special advisory committee on Oral Poliomyelitis Vaccine of Surgeon General Luther L. Terry, stated:

"With respect to vaccinations among adults: Because the need immunization diminishes with advancing age and because potential risks of vaccine are believed by some to exist in adults, especially above the age of 30 vaccinations should be used for adults only with the full recognition of its very small risk. Vaccination is especially recommended for those adults who are at higher risk of naturally occurring disease; for example parents of young children, pregnant women, persons in epidemic situations and those planning foreign travel."

Football Field Ready To Sod

The work of completely re-soding the playing field at the local gridiron has progressed to the stage where seeding, sodding, and water is the next effort.

Individual members of the Eagle Boosters and interested citizens have spent many hours of hard work at the field to bring the project to the present stage of completion.

New dirt has ben hauled in and levelled on the field, the entire field plowed and levelled again and now is ready for the planting of grass seed or sod.

A parking area has been provided inside the field by levelling of the area north of the dump north of the field, and some dirt has been placed on the dump on the south side of the field and between the south

fence and south dump. With the assistance of local soil conservationists, the proper mixture of fertilizer and other ingredients for maximum growth and benefits of the entire project is planned in the re-sodding.

The ground on the field previously had been packed to a cement-like hardness and penetration of water for the sustenance of the Bermuda grass was impos sible, and the turf had been diminishing tremendously during the past season.

It is hoped that the care in planning the current project will assure a longer-lasting and better looking turf on the playing

She plans to take a good long rest for at least a week, for she said she would become very restless after that time and would have to find something to do to keep herself busy, something besides reading and rocking in her rocking chair

Warning issued To Taxpayers

Taxpayers who fail to report ALL taxable income for 1962 are liable to be called to account for it. In fact, they may be subject not only to the tax, but also to interest and penalties."

This warning came this week from Samuel Haslam, Adminis trative officer of the Internal Revenue Service in Del Rio.

Numerous types of income besides salaries and wages must be included in the preparation of federal income tax returns if

While the forms themselves and the accompanying instruction booklets detail several of the most common types of income which must be reported," the IRS representative said, "taxpayers are reminded that interest on savings accounts and Series 'E' U.S. Savings Bonds, tips, and most dividends and profits on sales of real or personal property, are taxable income."

First Junior High Track Meet Said To Be Grand Success

Coaches and fans who witnessed the first annual junior high track meet here Saturday were high in their praise for the meet and of the future benefits of the meet for the participants.

Coach Paul Hatem, who supervised the meet and was responsible for its being stated that there was a lot of work and a lot of anxiety preceding the meet but the words of the participants and their coaches made the work and worry seem negligible.

The meet was divided into two divisons - 7th grade and 8th grade - and the times recorded by the winners in each event will go down as records until broken in future meets.

Preliminaries were held be ginning at 10:00 a.m. Saturday and the finals began at 1:00 p.m. Prior to the beginning of the finals, the meet queen and her

Sheriff's Office Is Burglarized

The sheriff's office was burglarized sometime during the night on Thursday of last week. Nothing was taken from the office, as far as is known, but the drawer in which money is kept in the day time during office hours was pried open.

Entrance was gained into the office by the use of a round tool which broke the door facing near know just what he was after and went to the drawer in the count er where cash is kept when the office is open, and the drawer was pried open. The burglary was discovered when the custodian, Pilar Rodriguez, came to the court house that morning.

Sheriff Bill C. Cooksey stated that there were many things in the office that could have been taken if the burglar had wanted valuable items, and there were many things that could have been destroyed or mutilated if vandalism had been the motif He stated that it was his opinion that the person who entered the office knew that there was a possibility of finding money in the drawer.

The cash, the sheriff said, is always locked up in the vault any time the office is not open.

other growing things. It is also time for us to start

These things - while they are now in the past - are still in the current thoughts of all those interested in law enforcement because the losses have all been to taxpayers of the county, and they could have been losses to single individuals or families.

It should go without saying but we are going to say it that the officers would appreciate any information leading to the apprehension of party or parties guilty of using the explosive at the school, the burglary of the sheriff's office, and the theft of the county pick-up.

You can very easily sit back and say that those things are the job of law enforcement officers and no concern of mine. We believe this to be untrue. It is our job, collectively, as responsible and moral citizens, to aid in any way in the apprehension of the guilty parties.

Local officers are not all-powerful. They do not know everything and they will admit it. It is impossible for them to know the activities of every person in the county at all times and prevent all crimes or violations.

We do feel they are conscientious, and are doing what they can do. We feel also that the apprehension of any of the guilty ones will be because of a good break, since seldom do such people leave their calling cards.

Boy Scout Charter Renewed This Week

The charter of the local Boy Scout troop was renewed Monday night at the regular meeting of the board of directors, according to J. R. Hodgkins.

The Scouts will go on a hike all day Saturday.

At the meeting of the board of review Monday night, the group passed on the accomplishments of Terry Kessler and Eric Cooksey, who passed from first class Scout to Star Scout; and Joe Williams who passed from tenderfoot to 2nd class Scout.

Tilden Stewart, Don Holt, and Jerry Floyd, assistant Scoutmasters, gave creditable performances before the board of reivew for additional merit badges.

HOW DID YOU VOTE SUNDAY?

Shall our churches be closed? YOU voted Sunday about this question. IF YOU ATTEND your church REGULARLY, your

IF YOU DO NOT ATTEND your church, your vote is "YES" In Russia, the Communists closed many churches and are trying to stamp out Christianity

In England, the government closed churches because they were bombed and unfit for services.

In Germany, the Nazis closed churches because Jesus Christ was

In America, church members close churches because they do not appreciate Christianity enough to ATTEND services. Americans often MISTAKE "Freedom of Religion" for "Freedom from Religion." Satan WANTS every one of our churches closed. He is getting as many church members as possible to HELP him. You say, "I would NEVER HELP him to close my church". But IF you DO NOT ATTEND REGULARLY and SUPPORT your church and its leaders, that is just WHAT you are doing!

You keep OTHERS from ATTENDING by your INFLUENCE

Your ACTION tells your pastor he is UNNECESSARY and serving an UNWORTHY CAUSE. You tell him that the Message of God he has FOR YOU is NOT WORTH listening to.

Your FAILURE to ATTEND your church is an INSULT to God. for you say, by your ACTIONS, that you do not CARE to WOR-SHIP God, and that you DO NOT NEED God in your life; that you DO NOT NEED the Fellowship with God's people.

Your INDIFFERENCE and NON-ATTENDANCE encourages the UNBELIEVERS and LOST SINNERS in their DEFIANCE and RESISTACE toward God.

You PROFESS to BE a Christian, by your church membership, yet you SHOW little CONCERN for your own soul and less vet for theirs. This ACTION of yours makes LOST SINNERS feel comfortable in their UNCONCERN.

HOW DID YOU VOTE?

HOW can your LOST FRIENDS be brought to REALIZE the importance of SALVATION THROUGH Christ when professors of Christian faith IN Him, like YOU, are so COLD as not to AT-TEND your church and WORSHIP God? If you DO NOT AT-TEND your church, you PROBABLY also NEGLECT your Bible and Prayer to God, you do not GIVE the Lord His Tithe, and you ALLOW SIN to CREEP INTO your life.

To tell you the TRUTH about yourself, you are a WITNESS AGAINST Christ and His Gospel of Salvation. WHO would WANT your RELIGION, since it has NOT CHANGED YOU, and MEANS so LITTLE to you?

HOW shall YOUR CHURCH carry out her MISSION to the spiritual NEEDS of the people of our community, WHEN church members like YOU, DISCOUNT her MESSAGE before the people of our community?

Don't forget you are also a WITNESS to your children and the children of your neighbors, AGAINST the Church of Jesus

YOUR TESTIMONY to those boys and girls is that the God of YOUR CHURCH is not WORTH BOTHERING ABOUT! You have THINGS more important to DO!

You are TEACHING them BY YOUR EXAMPLE, that church and Christian Truth may be all right for CHILDREN, but it is UNNECESSARY for YOU!

This may not BE WHAT you WANT to say to the children and to other people, but it is the IMPRESSION your CONDUCT toward Christ and His Church, LEAVES upon their formative minds and hearts

Remember that YOUR ATTITUDE toward your church and Jesus Christ REVEALS your LOVE or LACK of LOVE for God! Christ, the Head of the Church, will Be YOUR Judge. He KNOWS, NOW, whether you are VOTING for YOUR Church. His Church, to BE CLOSED. BEGIN next Sunday to ATTEND your church REGULARLY.

STOP making childish EXCUSES. Do not ALLOW your CON-DUCT to DESECRATE the Lord's Day. DETERMINE by God's grace that Satan cannot COUNT on your VOTE to CLOSE the doors of YOUR church. (Heb. 10:24-25)

A \$3,000,000,000 budget bill has been passed by the House of Representatives.

Before it cleared the House and went on to the Senate, the bill elicited several cries of anguish from some who protested agency bequests as too small and some who claim certain allotments were too big.

Rep. Forrest Harding of San Angelo claimed appropriations for the State Armory Board and the State Board of Control were oo big, since they involved \$1,000 salary raises for executive directors of those agencies.

tep. Terry Townsend of Brady claimed deputy comimssioners in Texas Eduction Agency draw a total of \$14,800 more than the eslature authorized.

Townsend also tried to cut out a \$250,000 appropriation to improve the newly-donated Wheaty Ranch in Blanco County as a state park. He claimed the money was needed for established parks. But this move failed.

High Cost of Flying Another attempt to cut a speeific recommendation out of the budget bill almost was success-

Rep. James Cotten of Weatherford tried to get the House to "ground" the State Land Office airplane. He pointed out that \$100,00 is appropriated annually for operation and maintenance of a high-powered Land Office

Cotten showed a photostatic copy of the plane's flight log for the year ended October 1962. He stated, "In a year's time, only 68 flights were recorded. Sixteen were test flights to familiarize

Rep. Joe Chapman of Sulphur Springs disagreed. He said that the plane is necessary for aerial surveys and photographs to confirm the 1941 state land survey.

Cotten insisted that the Land Office should hire commercial aerial photographers, as the Texas Water Commission does

Cotten's amendment to strike out the plane appropriation failed by a narrow 72-68 vote. Low Cost of Education

Complaints about too-low appropriations came from members * who said allotments for higher education in 1964-65 are too small.

The last Legislature appropriated \$159,600,000 from the State General Revenue Fund for higher education in 1962-63.

State college administrators requested \$243,000,000 for the coming two years. Former Gov. Price Daniel and the Legislative Budget Board recommended \$226. 000,000. Gov. John B. Connally

He didn't say whether he had any hope of getting the allotment Rep. Hugh Parmer of Fort for higher education boosted.

County Buying May Be Easier Rep. Vernon Beckham of Denison got a green light from the House Committe on Counties on his bill to raise the amount a county purchasing agent may spend on emergency purchases without advertising for competitive bidding

Reps. Henry Grover and J. C. Whitfield of Houston won approval from the House State Affairs Committee on their bill to require competitive bidding on public school purchases above

Sales Tax Freeze Fails

An attempt by Rep. John Allen of Longview to pass a constitutional amendment to freeze the state sales tax at two per cent and keep food and drugs exempt failed by a 72-64 vote.

However, food may remain safe from the sales tax if a measure by Rep. Ben Atwell of Dallas and Rep. Charles Wilson of Trinity passes. They have proposed legislation to simplify sales tax bookkeeping for grocers. Since grocers have been the ones fighting for a blanket tax. this bill may satisfy them.

Tuition Raises Proposed

Representative Atwell picked up a recommendation by the Commission on Higher Education to double state college tuition and filed a bill to raise it from \$50 to \$100 a semester.

Gov. Connally has ignored the Commission's suggestion.

Rep. Dick Morgan, Republican from Dallas, chose a "good com promise". He introduced a bill to raise tuition to \$75 a semester.

Children of members of the Texas National Guard who have ben killed in the "cold war crisis" since 1950 will be provided free tuition in state colleges, if a bill by Representative Parmer is passed

States' Rights Stand The House passed a resolution

to ask Congress to call a constitutional convention to leave leg islative reapportionment to state legislatures. Rep. Bill J. Parsley of Lubbock said, "This may be the last time the state can take a stand on what may be the last of state's rights.

If the proposed amendment is adopted by a sufficient number rurally-dominated legislature, despite urban growth

Housing For Aged Eligible by FHA

L. J. Cappleman, state director, Farmers Home Administration advised the local county supervisor, R. J. Adams, that recent legislation amends Title V of the Housing Act of 1949 by adding new provisions which authorize loans and grants for moderate cost housing and related facili-

ties for elderly persons and families in rural areas. It liberalizes some regulations on rural housing loans now being made by the Farmers Home Administration and sets up new direct and insured loan programs.

This new legislation will be administered in Terrell County by USDA's Farmers Home Administration. Rural housing loans are made by this agency to

FRIDAY, MARCH 22, 1963

ranchmen and other families living in rural areas who need improved housing and cannot qualify for credit from other sources.

One new provision will give those people, who are 62 years of age or over, special advantages not available under the earlier loan program. First, they can buy previously-occupied existing housing as well as improve their homes. Second, they can finance the cost of the building site as well as the dwelling with the loan proceeds; other families must own the land on which to build the homes before they can apply for a loan, Third, cosigners may be used by elderly applicants who are deficient in repayment ability. Like rural housing loans now being made Farmers Home Administration, these direct loans will bear interest at the rate of 4 per cent and may be repaid over a period

not exceeding 33 years. For detailed information concerning rural housing loans for the senior citizen, Mr. Adams may be contacted at the courthouse every third Wednesday and the following Thursday

Yes, there is no greater need of the residents of this commungy than a small modern hospital. Almost every week we read the names of citizens who are receiving hospital care in Fort Stockton, Alpine, Del Rio, Odessa. San Angelo, and other dis-

or injured, we must rush em by ambulance these long stances, hoping that we shall rive in time to save them. Only me will tell when one will edlessly die on the way to one of these distant hospitals.

Now, hospitals just don't hap n Santa Claus won't bring one Sanderson. Hospitals cost noney, lots of money, yet every mmunity of any size, isolated s we are here, must have a moern, efficient hospital for its ople. Our lack of hospital fa ilities is perilous for us here because of our aged population and the prevalence of coronary attacks. No heart patient's condition should be aggravated by an hour's trip in an ambulance to a hospital, but our doctors ave no choice but to send them on for hospitalization and treat-

We prefer that Private Enterrise would establish a hospital here. We believe Private Enterhings and think it is most important in the future of our com unities and our nation, yet it is wident after all these years that Private Enterprise has not given

Training School Girl Scout Leaders Begun On Tuesday

A training school for leaders and prospective Girl Scout leaders was begun Tuesday morning when the group met in Fellowship Hall of the Methodist Church. Mrs. J. A. Gilbreath, who attended training school sessions in Monahans in December, is leading the school.

The object of the training is to prepare the leaders for the new Girl Scouting program to be inaugurated in September

Two more sessions will be held and anyone interested who may have missed the first session is urged to attend the next session which will be Tuesday, March 26, at 9:30 a.m. at the church.

Foreman Praised For Committee Work

Congressman Carl Vinson (D-Ga.), chairman of the powerful House Armed Services Committee, this week expressed high praise for Texas' newest Republican member of the House of Representatives, Congressman Ed Foreman. Chairman Vinson is a Congressional veteran of 51 years service, the senior member of the House of Representatives, and a Democrat from the 6th Distrist of Georgia. Congressman Vinson is considered the Father of the Armed Services Committee, being the chairman since its inception, except those years of Republican control. Congressman Foreman is the youngest member of the 88th Congress, one of the newest members on the Armed Services Committee, and a freshman Republican Congressman from Texas' 16th District.

In a debate that originated on the floor of the House of Representatives. Congressman Vinson said, "Mr. Chairman, I do want to congratulate the gentleman from Texas (Mr. Foreman), a member of the Armed Services Committee, who is making an outstanding record."

Motorcyclist Injured

Raymond G. Marshall, 17, bare ly escaped fatal injuries when thrown from his motorcycle on Tuesday morning. He was enroute to Keesler AFB, Miss., from Concord, Calif.

The accident occurred about seven miles west of the S. L. Stumberg ranch on U.S. 90. The youth lost control of the vehicle and it crashed into a large cut in the hills. He was thrown 40 or 50 feet from the machine and the fact that he was wearing extra and heavy clothing and a crash helmet was thought largely responsible for him not receiving more severe injuries.

The Sanderson ambulance took him to an Alpine hospital. He was said to have been suffering from shock and the full extent of his injuries was not known
