LISTEN TO LUKE

The county hospital committee seems to be making some headway in getting together figures, facts, and opinions to show to the Commissioners Court for their consideration. They have not yet revealed any specific plans for anything, as far as we know, and we would agree that such should not be done until the whole project is ready to present for approval or rejection. Someone would think the hall should be six inches longer, or the wall two inches lower, or something like that.

These decisions will all have to be made by someone who has authority and without the advice or consent of every citizen of the county who has an opinion — and we all do.

Sometimes we get a little ahead of ourselves in forgetting that when someone is named to do a job, they have to be given a certain amount of authority or they can't do the job. If the time comes when we have a hospital board and they appoint an administrator, he has to ask the board every time sheets are changed on a bed, then the board has taken too much authority or given too little to the man they hired, in our opinion.

In other words, why hire an administrator if the board is going to have to give all of the answers and make all of the decisions.

If they start building a hospital and use the color of floor tile we don't like, we'll just have to close our eyes when they wheel us down the hall. But in case anyone wants to know, we like a light color sprinkled with glitter.

We hope that all of the state — yes, even all of the nation — sits up and takes notice at what has happened at Crystal City. The poor people in that place have gotten themselves in a real mess they might never get out of!

Any time you have outside influences coming in to have a little to say about an election, you are going to hear a lot from them in how the elected will run things.

It is true in a family, in a town and in a nation. Outside influences don't know — and don't care — about what makes a little town tick, what the economic structure of the place is, what the little projects of the community, and where the backbone of the life of the community is located. When those vitals are stirred up, made ineffective, or interrupted, when they are disturbed, disrupted, and in other methods are rendered not completely competent, then the entire community falls to pieces.

And when you have disinterested factions electing officials, you are going to have disinterested officials dictated to by disinterested people.

The community life of Sanderson and Terrell County has been demonstrated time and again in seasons of stress, peril, sickness, catastrophe, fun, and all other of the emotions of man.

We could demonstrate this by several things that have occurred and are occurring and possibly will occur.

The first and foremost is that we have a group of people who live together here in harmony — for the most part — interested in the general welfare of the community. Its churches, schools, its government, law enforcement, youth activities, and on and on down the list. When a family is in trouble, neighbors flock to aid, when a job needs doing, we all pitch in together to get it done, as has been demonstrated in too many ways to enumerate.

True, we don't have all the things we'd like to have, and being human, we probably never

'Fun Day' Proves To Be Success

"Fun Day" proved to be a big success locally, according to the committee in charge of the various events. The afternoon and evening were occupied with attractions for young and old.

In the afternoon various carnival-type concessions were set up on the court house lawn for the entertainment of participants.

The concessions included a pony ride and goat cart for the kids, trampolines, a shooting gallery, snow cones, cold drinks, and duck looping.

The sponsors of the events were both surprised and amazed at the interest in the duck looping which grossed approximately \$68.50. It consisted of efforts to throw plastic rings over the heads of three tame ducks placed in an enclosure.

Proceeds from the snow-cones was over \$50.00, while the shooting gallery took in approximately \$32.00 and the trampolines about \$22.00.

Serving of a barbecue supper began at 5:00 o'clock.

That evening, beginning at 8:00 o'clock at the football field, about 35 boys and girls tried their hands at calf riding. Each contestant received an ice cream bar immediately after his ride and the crowd was liberal in applause for the efforts.

Several girls of junior high school competed in 50, 60, 100-yard dashes, low hurdles, and a shuttle race to round out the entertainment for the night.

Approximately \$625.00 was netted by the Eagle Boosters Club from the efforts of the committee.

The committee expressed their appreciation for the cooperation in making the day a success.

J. R. Hodgkins

Terrell County probably can lay claim to a very unique feature among the counties of Texas in that all of the post offices (both of them) have acquired new postmasters within the past seven months.

On September 20, 1962, J. R. Hodgkins was named postmaster of the Sanderson office after serving as acting postmaster for three weeks. Clyde Griffith retired on May 31, 1961, after 27 years as local postmaster. Jolly J. Harkins was then named officer in charge in the interim until Mr. Hodgkins received his appointment.

With the retirement of Raymond Farley, postmaster at Dryden for over 20 years, on Sept. 29, 1961, Buster Winn was named acting postmaster. Upon his resignation a year later, Mrs. Vic Littleton was appointed acting postmaster on October 1 and she received her appointment as postmaster last week.

The local postoffice has a second-class rating and the full-time employees are Harkins and Mrs. D. R. Elrod with Mrs. Felix Har-

Mrs. Vic Littleton

rison and Mrs. B. R. Stavley as part-time employees.

The post office at Dryden has one employee, Mrs. Buster Winn, an indefinite clerk. One mail route from the postoffice on Mondays and Thursdays to the El Paso Natural Gas Plant, 25 miles, is carried by John Baker.

The Dryden post office has for many years been in the house now owned by Mr. and Mrs. B. R. Farley. Last Tuesday the post office opened in new quarters, the side of the building now occupied by the Dryden Mercantile Co. in the section formerly used for a stock room and feed storage. There are now 65 boxes, 26 of which are used by the residents at the gas plant.

In recent months it has been revealed that there will be a new post office location and building for Sanderson. There is an option on the lots for the building and plans have been drawn.

The new location is planned for the lot just south and west of the present location, fronting on Downie Street.

Historic Plaques To Be Presented On Tuesday Evening

Tuesday evening at 6:30 in a brief ceremony at El Buen Pastor Methodist Church, a Texas historical medallion will be placed on the building. The medallion will be accepted on behalf of the congregation by Nicolas Flores, one of the surviving charter members of the church who has also held continuous membership.

Immediately after that ceremony, a medallion will be presented at the old Sanderson State Bank Building. N. M. Mitchell, president of the bank, will accept the medallion.

The medallions were bought by the Terrell County Chamber of Commerce after designation of the two old buildings was granted by a state committee in charge of the project. The ceremonies were arranged by Mrs. N. M. Mitchell, chairman of the Heritage Committee of the Sanderson Culture Club.

A cordial invitation is extended to everyone to be present for the ceremonies.

Notaries Public Renewals Due Before June 10

Secretary of State Crawford C. Martin announced that all qualified Notaries Public desiring re-appointment for the new term ending June 1, 1965, must re-qualify by the payment of the required fee and the filing of a new oath and bond with the County Clerk of his residence between June 1, 1963, and June 10, 1963.

Martin emphasizes that Notaries Public should not send requests for re-appointment or for commissions directly to the Secretary of State. The law specifically requires that the county clerks approve notary bonds.

Any person not now a Notary Public who desires appointment should apply to his County Clerk between April 1, 1963, and May 29, 1963. Applications during this period will assure prompt attention before the rush procedure of re-appointing present notaries.

The Secretary of State further pointed out that each person applying for a commission as a notary public must be at least 21 years of age and a resident of the county for which he is appointed. The exact name and permanent address of the applicant must be furnished by the county clerk.

County Clerk Ruel Adams has urged all notaries public and those planning to apply for a commission to observe the above dates.

Legion Dance To Be May 15

Tommy Allen and his orchestra, featuring Jeanne Carroll will furnish the music for the dance to be sponsored by the Clarence Hallie Mulkey Post of the American Legion on the slab south of the Legion Hall on Wednesday, May 15.

The dance will be at 9:00 p.m. and the admission prices will be \$5.00 per couple.

A cordial invitation is being extended to everyone in the community to attend the dance.

Hospital Group Meets Last Week

The county committee for the hospital project, appointed by the Terrell County Commissioners, met last week to go over their latest findings and decisions. The committee consists of Troy Druse, Edward Kerr, and James Word, with County Judge R. S. Wilkinson as ex-officio member.

Chairman Druse reported a concerted effort on the part of the entire committee and unanimity of agreement on the proposals thus far presented concerning the needs and details of the proposal.

They stated that they felt the complete plans and findings of the committee would be presented to the Commissioners Court soon.

State Capitol NEWS

By Vern Sanford Texas Press Association

Gov. John B. Connally signed 27 bills into law... then he and Lt. Gov. Preston Smith left the state. Their departure was to permit Sen. Martin Dies Jr. of Lufkin to take over as "Governor for a Day".

Each bill applied to a special area of interest. For example: 1. House Bill 16 interests state banks. It exempts them from the state sales tax and franchise tax so long as federal banks are exempt. Saves them \$1,000,000 a year.

2. House Bill 614 interests hunters. It puts a "no hunting" sign on Duval County for the next five years.

The laws go into effect late in August.

Voters' Registration A registration system to take the poll tax's place is all but decided by the Legislature.

Senate-passed bill calls for a 25c registration fee in lieu of the \$1.50, or \$1.75 poll tax. It retains the present system of registering voters each year.

An effort was made to try to include the Texas League of Women Voters' plan for permanent registration, but it was turned down.

House took the 25-cent fee provision out of the bill. So a House-Senate conference committee will have to settle this dispute. Another House amendment would require rural people and those residing in small towns to register every year, if they are over 60 years of age.

At present, these people are allowed to vote without registering at all.

Entire registration revision hinges on a constitutional amendment to repeal the poll tax. This bill passed the Senate but is

Ligarde has introduced alternate bills to set up an educational program under the Texas Education Agency, through the urging of the Texas Committee on Migrant Farm Workers.

There are about 127,000 illiterate migrant farm workers in the state. In addition there are 800,000 other adults who rate as illiterates and who would also be eligible for courses if a plan is adopted.

Decision by Texas A&M board of directors, to make the college coeducational provoked introduction of a House resolution against the board's decision. Also a bill designed to prevent entrance of females.

1962 Voters' Registration

State Comptroller Robert S. Calvert reported a total of 2,020,183 voter registrations issued for this year. This included 1,654,805 poll tax payments and 365,378 exemption certificates, to be used in any elections held through January 31, 1964.

Loving County issued the least poll tax receipts - 90. Harris County, the most - 282,768.

Stamp Sales Up

More than \$9,000,000 was taken in by the state from the sale of wine, liquor, and cigarette stamps in April. This represented an increase of \$720,000 over the April 1962 revenue.

Rev. and Mrs. F. E. Curry will leave Sunday afternoon for Artesia, N.M. where she will visit her parents while he attends the annual session of the New Mexico Conference of Methodist Churches in Alamogordo. Rev. Curry has served as pastor of the Sanderson - Dryden charge for the past three years.

The much-opposed revision of the State Criminal Code now has the approval of the District and County Attorneys' Association through an endorsement by its president, Alton Griffin, of Lubbock.

Endorsement applies to the House Criminal Jurisprudence committee's version of the State Bar Association's plan for streamlining the code. House version is so different from Sen. Dorsey Hardeman's bill which passed the Senate, that it may be a long, hard fight for approval. And there's less than three weeks left in this session. It must end by May 17.

The bride wore a gown of ivory organza, chapel-length, with short sleeves and scoop-neck, appliqued with flowers. A crown of pearls held her ivory illusion veil. She carried a bouquet of a white orchid surrounded with stephanotis and white roses.

The bride, a 1957 graduate of the Glenbrad High School, Glen Ellyn, Ill., is now employed by the Continental Illinois Bank and Trust Co. of Chicago.

District 6 - District 6, THDA, Meets In Monahans

More than 200 were in attendance at the District 6 meeting of the Texas Home Demonstration Association, held in the First Baptist Church, Monahans, Tuesday of last week. The Ward County Home Demonstration Council was host.

Mrs. C. E. Wells, Odessa, district 6 director, called the meeting to order and presided during the sessions of the day.

Judge Carl D. Estes extended a welcome for Ward County.

Rev. H. Ray Baker, pastor of First Methodist Church of Monahans, gave the invocation and Rev. Don Rhymes, pastor of Immanuel Baptist Church of that city, brought the devotional, stressing the importance of the home in developing the right kind of society. He said, "The home is the heart of society, and determines the society in which we live."

Mrs. Maynard Gaines, state treasurer of THDA, represented the state board at the meeting and brought a brief history of the organization, which is 37 years old. She marked the progress of the organization in awarding 4H scholarships, from the first one of \$200.00 to the present three of \$500.00 each awarded each year. In 1946 THDA started a further contribution to 4H Club work by giving \$100.00 each year to each of the 12 districts in the state, each district to decide how best to use the money in forwarding 4H Club work in the district. This money is derived from clubs all over the state who voluntarily donate 25c per member per year.

Mrs. Gaines pointed out that the role of the homemaker today is one of action. Her most important job, she believes, is to continue her education by working in the church of her choice and taking part in civic and community affairs.

Jim Reese of Odessa spoke on "Citizenship", a most important phase of the THDA program. He told of his visit to Washington, D.C., as a Jaycee delegate from Texas earlier this year and quoted from many interviews and speakers, including one in the Russian embassy. He quoted the Communist as saying: "God never helped a Communist; I see no evidence of the existence of a God."

Mr. Reese pointed out that "apathy is our problem today", and urged every citizen "to let your Congressman know how you feel about what is going on in Washington, by either talking to them in person, or writing to them in Washington, then they will know better how to represent you." In closing, he said: "A representative government under God is the best thing this

Assisting the hosts at the serving table were Misses Marcelina Pena, and Gloria Gutierrez, Mrs. Sabas Flores, and L. E. Muller. Dancing and informal conversation furnished diversion for the evening.

After the party some of the girls went to the home of Miss Margarita Pena for a slumber party.

She has worked there for the past five and one-half years and will return to continue her duties in August.
