

Carlton Newell, who has had charge of the Star's job printing department for the last year and a half is leaving Friona after this week to return to the Sooner State.

Newell, who was associated with Altus Printing Company before he came to Friona, has accepted an offer to return to his former place of business.

We certainly wish the Newells a lot of luck in their new venture.

Taking Newell's place as lessee of the Star's job shop will be Robbie Osborn, Robbie, who got his initial experience in offset printing at Plains Publishers here in the same building, has been working with Carlton for the past couple of weeks, and a smooth changeover is anticipated.

We know that Robbie will continue the trend of top-notch job printing for the Friona area, which means the best and quickest service possible.

For one thing, Robbie will, after the first of the year, be able to devote more time to Friona than Newell was able to. Because of other obligations, Newell had to spend a certain amount of time in Farwell and Clovis periodically.

The Parmer County Community Hospital fund drive continues. As of the first of the week, a total of \$15,603 had been raised. One of the drive teams, captained by Mrs. Claude Osborn, has raised four-fifths of her goal.

Charles Allen, drive chairman says he is still confident that the \$50,000 goal will be met. "I think the rest will come in. It is just a matter of the workers going out and getting it," Allen said this week.

The Star's Cotton Bowl football contest is over, and has been the most successful in its four-year history. Once again we'd like to thank everyone for their interest in the contest this year, as well as the merchants who sponsored the contest.

Congratulations to Kenneth Watkins for winning the grand prize. The Watkins family becomes the first "repeater" in the contest, although it was Mrs. Watkins who won the prize two years ago.

Speaking of the contest, we'd like to tip our hat to Mrs. Ralph Broyles, Mr. and Mrs. Broyles who live out on Route 1, are among the weekly "faithful." They mail their entries in each week.

Last week, when four people tied for first place, we originally had Mrs. Broyles down as the outright winner. We phoned to tell her, and she said "You mean I missed that many and still won?"

We asked her to come in and have her picture made, and still disbelieving, she came into the office. First thing she wanted to do was check her blank. She couldn't believe we were right. Sure enough, we weren't. On the game between TCU and LSU she had picked TCU, which was wrong, but John Getz had overlooked in grading, because of the similarity in the two.

So, by pointing out our error, Mrs. Broyles forfeited first place in the weekly contest. We have several people check with us during the year to make sure we haven't counted too many of their games wrong (and sometimes this happens, too). But this was the first time to my knowledge that someone pointed out that we gave them too many right answers. And it cost her \$5.

If we had a sportsmanship prize in the contest, it would surely go to Mrs. Broyles.

You'll notice a special eight-page tabloid sports section in this week's issue, sponsored by some 65 sports-loving community-minded merchants.

The "special" contains a thumbnail rundown on the season, a look at how it compares (very favorably) with others at FHS, and complete statistics on the 1963 Chiefs.

Also, we have a preview section on both the Chieftain and Squaw basketball teams. We spent a lot of hours the past weeks adding yardage figures, researching into the records and interviewing former players.

(Continued on Page 2)

FFA WINNERS . . . The senior farm skills team was one of the teams taking top honors at the district leadership contests last Saturday. Standing, left to right are Jackie Clark, John Taylor,

Travis Graves and Joey Taylor. Kneeling are Danny Murphree and Larry Johnson.

**OTHER TEAMS ALSO PLACE**

**FFA Wins Three Firsts  
In District Contests**

Friona Future Farmers of America chapter again made off with the lion's share of awards at the district leadership contest in Muleshoe.

Entering six contests, Friona FFA won the first-place banner in three, winning the right to represent the district in the Area I contest next month.

The three other teams which entered also placed. Those teams winning first place were the Senior Farm Skills, Junior Farm Skills and

FFA Quiz. The Radio Broadcasting team was second to Littlefield's team, while the Senior Chapter Conducting team was fifth and the junior team was sixth.

Members of the winning teams are: Senior Farm Skills -- John Taylor, Joey Taylor, Jackie Clark, Danny Murphree, John Taylor, Travis Graves and Larry Johnson are alternates, Junior Farm Skills -- Mike Wooley, Mike Smith, Don Hoover and Tommy Jarecki, FFA Quiz--Bobby Jordan, Bob Carrothers, Jim Bob Jones and Mike Riethmayer.

The teams will be presented their banners at the District FFA Banquet next Tuesday at Littlefield. At the banquet, a district sweetheart will be chosen from candidates from each chapter. Friona's chapter

**HIGH SCHOOL AUDITORIUM**

**CTA To Present Local  
Talent Show Tonight**

Friona's Classroom Teachers Association will present an all-local talent show tonight at Friona High School Auditorium. Curtain time is 7:30 p. m. General admission of \$1 for adults and 50 cents for children will be charged.

Featured on the show will be songs by soloists, duets, trios, quartets, and one by the entire cast. On one number, the audience will be asked to join in and sing.

In addition to songs, a square dance and virginia reel will be presented, as well as a waltz, comedy acts and readings.

The show has been divided into three divisions: Western and Folk; Popular and Show, and Southern and Dixieland.

Some of the solos which will be heard include "St. Louis Woman," by Mrs. Bill Beener; "Ol Man River," by John Hansen, and "I Gave My Love a Cherry," by Jean Coker.

Duets will be sung by Bill Wooley and Mrs. Mack Ragsdale, Mr. and Mrs. Bill Ellis and a twin piano number will be presented by Mrs. Ray and Mrs. H. E. Barnett.

A men's quartet composed of Claude Miller, Ed Hicks, J. B. Taylor and Bill Ellis will sing a number in the Western division, and a Negro spiritual in the Southern division.

Bill Wooley and Mrs. David McVey will do a comedy act. Judge Barker and H. L. (Hank) Outland will do an "end man" act.

A women's trio made up of Mrs. Tommy Paris, Mrs. Leonard Coffey and Mrs. Harvey Neal will sing a number in the Folk division. Another women's trio, composed of Mrs. Raymond Cook, Mrs. Kenneth Neill and Mrs. Curtis Murphree will sing a medley of Stephen Foster numbers in the Southern division.

A mixed quartet will also sing in the latter division. It is made up of Mr. and Mrs. Tommy Paris, Mrs. O. J. Beene and Wayland Ethridge.

All the men in the cast will take part in a number, "Standing on the Corner" (Watching all the Girls Go By). The girls?

(Continued on Page 2)

**New Friona Business  
To Open Saturday**

Boyd Machine and Supply will hold its grand opening in Friona Saturday, November 23, from 8 a.m. to 6 p.m. The new business is located at the corner of Sixth and Main Streets, in the building formerly occupied by Johnson's Grocery.

James (Dub) Boyd, Hereford, is owner. He owns a similar business in Hereford. "We've had many dealings with Friona people in Hereford, and can promise them the same courteous service and line of supplies at our new Friona location," Boyd said.

Bert Brown, who has been with Boyd at Hereford will be

shop superintendent for the Friona business. Harrell Mays will be assistant superintendent.

The company will feature complete automotive machine work; valve grinding, cylinder re-boring, cylinder head milling, rod re-sizing and piston pin-fitting.

A complete stock of rebuilt motors and re-ground crankshafts. Boyd's will re-build motors, and will carry wholesale auto parts.

The public is invited to visit the newly-remodeled place of business and enjoy coffee and donuts Saturday between 8 a.m. and 6 p.m.

LES GIRLS . . . These raving beauties will have a special part on tonight's talent show sponsored by the Classroom Teachers Association. From the left are Anita (Bailey) Clements, Joella (Joe) Eivans and Lionella (Lionel) Young. If you want to see their act, don't miss tonight's show.

**UF Drive  
Kickoff  
Slated**

Friona's United Fund Drive will hold its kickoff breakfast on Thursday morning, December 5, according to Bill Sheehan, chairman of this year's local drive.

A new organization to benefit from the drive this year will be the American Field Service, which sponsors the foreign exchange student program in Friona.

This year's goal has been set at \$7,000, according to Sheehan. The amount is about \$600 more than was raised last year. Budgets on all former organizations benefitting from the drive will remain the same, with the exchange student fund gaining the balance.

Organizations which benefit from the United Fund Drive.

(Continued on Page 2)

**Banquet Slated  
Saturday Night**

The 1963 Chieftains will be feted at a football banquet Saturday at 7:30 p.m. at the school cafeteria.

Highlighting the banquet will be the presentation of the "Fighting Chieftain" award by the Friona Booster Club.

Sponsoring the banquet are the Chieftain Mothers.

**Temperatures**

November 14	64	33
November 15	67	34
November 16	78	46
November 17	77	35
November 18	53	25
November 19	61	29
November 20	60	36
Moisture: .19 inches on the		19th.

Mr. and Mrs. Kenneth Watkins will be making their second trip to the Cotton Bowl game in three years on New Year's Day as a result of the Friona Star's football contest, and now Mrs. Watkins can feel "paid back."

When they went to the 1962 game following the 1961 contest, it was on the basis of Thelma's entries, which won the contest grand prize. This year, Watkins led the field, edging out Clarence Monroe by the bare margin of one point.

Going into the final week of the contest, Watkins and Monroe were all tied up. They picked all games identically with the exception of the Green Bay-Chicago Bear professional game, and Watkins won the grand prize by picking Chicago correctly.

"We're real thrilled to have won. We really enjoyed it the last time," Watkins said this week. In addition to the two tickets, \$55 in expense money is also awarded.

In third place for the grand prize was last year's winner, C. H. Veszey, who was four behind Watkins' final score of 81.

"We are exceptionally pleased with the interest shown in the contest," stated John Getz, advertising manager of the Star and promotion director of the contest. "We had a total of 167 entrants in the contest during the season," Getz said.

The increase must have made for keener competition for the grand prize, because Watkins' total points were seven more than last year's winner. Winning the final week's contest was Owen Drake, breaking a tie by guessing closest to the Friona-Olton final score. Drake picked eight games right, and missed the tie - breaker by 16 points.

Three other entrants tied for second and third place money. They were Jarrell Wright, Stan Benge and Lois Norwood. They also picked eight games, and were 21 points off the tie-breaker score.

Also getting eight right but finishing out of the prize money was Raymond Milner, 23 points off.

The final "top ten" in the race for grand prize reads as follows:

Kenneth Watkins, 81; Clarence Monroe, 80; C. H. Veszey, 77; Mildred Agee, Maynard Agee and Jarrell Wright, 75; Karen Agee, Dennis Howell and Thelma Watkins, 74; Jimmy Maynard and Mack Ragsdale, 73.

Local businesses sponsoring the contest this year were Friona Farmers Co-op Gin, Hub Fertilizer, Reeve Chevrolet, Friona Wheat Growers, Friona Country Club Gin, Bl-Wize Drug, Friona Motors, Ethridge-Spring Agency, Parmer County Pump and Parmer County Implement Companies and Chester & Fleming Gin.

GETS GRAND PRIZE . . . Kenneth Watkins, right, is presented the grand prize of two Cotton Bowl tickets and \$55 expense money by Friona Star editor Bill Ellis.

**Squaws Open With  
64-53 Happy Win**

Friona's Squaws opened their 1963-64 season with a win at Happy Tuesday night, 64-53, but the win may be costly.

The Squaws, defending district and regional champs, lost the services of senior guard Carolyn Herring for an indefinite period. Coach Baker Duggins fears she may be out for the entire season following a knee injury Tuesday.

Junior Annette (Tito) Jennings paced the Squaws with a 37-point output in the season opener. Friona lost four starters on fouls, including Jennings.

The B-team also won, 57-25, paced by Frieda Floyd's 23 points.

The Squaws got off to a 17-6 first quarter lead, as Jennings

tossed in 11 points. Friona had a 36-16 halftime edge, as Jennings scored 12 more.

Happy outscored Friona, 13-12 in the third quarter, but the Squaws still led, 48-29.

The B-team had an even easier time. They had quarter leads of 13-4, 31-15, and 43-22 in coasting to the win.

Other scoring in the varsity game was 12 points by Charlotte Nettles, nine by Rose Ann Greeson, three by Sheryl Long, two by Linda Jo Davis and one by Lois Moyer.

Scoring for the B-team were Lanore Jackson, seven and Janet Rushing, 12.

Rushing suffered a sprained ankle, but isn't expected to be out of action long.

**Chieftains, Squaws  
Open Season Here**

Friona High School will kick off the basketball season Friday night here by hosting Bovina teams. The Squaws' game will begin at 7 p.m., followed by the Chieftain-Mustang clash.

The Squaws already have a win for the season, beating Happy Tuesday, 64-53.

For a rundown on both the Chieftains and Squaws for 1963-64, see the special sports section in this week's Star.

**Community Observance  
Scheduled Wednesday**

The fourth annual Community Thanksgiving Service will be held next Wednesday night at the Friona Methodist Church, beginning at 7:30 p.m.

Rev. Audye Wiley, pastor of the Calvary Baptist Church, will deliver the Thanksgiving message. The service is interdenominational in nature.

Bill Spencer, music director at the host church, will direct a choir composed of choir members from the various churches. Spencer invites all who will to attend a special choir rehearsal Sunday at 4 p.m. at the Methodist Church.

Pastors of each of the churches cooperating will have a part on the special program. An offering is received each year for local charity needs, and to carry on the work of the

Ministerial Alliance.

One of the alliance's added responsibilities is the voluntary chaplain service at Parmer County Community Hospital.

**Star Publishes  
A Day Early**

The Friona Star will publish a day early next week because of the Thanksgiving holiday. In order that the newspaper may be circulated prior to the holiday.

The Star management asks that this be kept in mind, so that all news and advertising must be turned in by Monday night next week only, in order to insure publication.

## News From LAZBUDDIE

BY MRS. C. A. WATSON

The Lazbuddie High School Basketball Team schedule is as follows: Nov. 1, Thursday at Hart, The 25th Monday at Farwell, Dec. 5-6-7 (TFS) Farwell Tourney, Dec. 12 Thursday, Bovina at Bovina, The 17 Tuesday Bovina at Lazbuddie, The 19 on Thursday at Springlake, Jan. 9 Hart at Lazbuddie, Jan. 13 Monday at Sudan, Jan. 16 Thursday, Farwell at Lazbuddie, Jan. 23 Bovina at Lazbuddie, Feb. 6-7-8 (TFS) Springlake Tourney, Feb. 13 Thursday, Sudan at Lazbuddie, Feb. 20-21-23 District Tourney at Bovina. All the above games will start at 7 p. m.

Little three year old Neil Fuquey, son of Mr. and Mrs. Andy Fuquey, received two breaks in his arm as well as other bruises when his arm was caught by a fanbelt on a combine on the Joe Frank Paul home near Lazbuddie, Sat. The

combine was running idle at the time. His father was working on the machine when the accident happened. The child was rushed to the Green Memorial Hospital in Muleshoe for treatment. Neil is at home at present.

Mrs. Annie Vaughn and Myrtle Steinbeck went to Frederick last week for a visit

with friends and relatives. \* \* \* \* \* Visiting Mr. and Mrs. T. L. Byrd during the weekend were Mrs. Buddy Letcher and son, Tucumcari, and Mr. and Mrs. Willie Strong and grandchildren from Muleshoe. \* \* \* \* \* Mrs. J. J. Haun from Aztec is visiting the Don Schumann (See Page 4, Sec. II)

sweetheart is Rose Ann Greeson.

The area leadership contests will be held Saturday, December 7 at Plainview.

## Public Service Changes To Envelope Type Billing

Electric service bills for Friona customers will come in envelopes beginning next week, it has been announced by H. L. Outland, Manager for the Southwestern Public Company.

The change from the postcard bill, which has been in use for a number of years, is the result of the installation of new electronic billing equipment, Outland said.

"I think the chances are slim that anyone would throw away an envelope with our company's return address on it, without first seeing what it contained,

### UF Drive --

(Continued from Page 1)

which seeks to eliminate several small drives yearly are the Boy Scouts, Girl Scouts, Red Cross, Salvation Army, Texas United Fund, local emergency fund and American Field Service.

### Star lites --

(Continued from Page 1)

ers. We hope you enjoy the section, and hope that it will be one you will want to keep, or mail to Uncle Joe. In anticipation of this, we're printing some extra copies, just in case.

but it seemed wise to point out, at the start of this new billing procedure, that the statement will be coming in an envelope in the future", Outland said.

The new envelope, white in color with a green block, is clearly marked on the outside as an electric service bill. Enclosed along with the new statement is a return envelope. The stub from the bill should be enclosed with the payment, the same practice that has prevailed in the past.

H. L. Outland said Friona customers would be billed at the same time of the month that they have been in the past.

Outland pointed out that there is a feature in the new billing system which might encourage more customers who have checking accounts to use the bank draft method of payment. He said that the objection to this method on the part of some customers in the past has been that they didn't know how much their bank account had been changed.

Under the new billing system, the customer using the bank draft method of payment will receive a copy of his statement at the same time that the billing for Friona customers is made. The statement will be clearly marked that it should

not be paid because a bank draft will be drawn, but it will inform the customer of his monthly charges for electric service.

A small pamphlet, announcing the new billing procedures, will be enclosed in the first statements, scheduled to go out next week, Outland said.

## THANK YOU

I wish to take this opportunity to thank those of you in Friona and the surrounding area who have patronized my office with your printing needs. I have enjoyed working with the people of Friona and I hope you will continue to let my successor serve you as I have.

# Of Interest To THE WOMEN

## Showers Courtesies For Janet Snead

A bridal shower in the home of Mrs. James Procter from 2 to 5 p.m. Thursday and a lingerie shower in the home of Mrs. Ronnie Castleberry Saturday afternoon were courtesies for Janet Snead, who will become the bride of Clyde Woodard Saturday of this week.

Hostesses for the bridal shower were Mesdames John Hand, Jack Shirley, T. I. Burleson Jr., Newman Jarrell Sr., Lucy Welch, Leonard Nettles, Glenn Floyd, D. C. Herring, Cordie Potts, Eddie Joe Hall, Truett Johnson, Jimmy Buckley, Elvin Wilson and Van Nichols.

Fall flower arrangements were used in the entertaining rooms. The serving table was

covered with a white cloth and centered with a silver bowl of fall flowers and artificial fruit. Assorted breads and spiced punch were served.

Guests were registered by Mrs. Jimmy Underwood of Lubbock, cousin of the honoree. Corsages were presented to Mrs. J. B. Snead Sr., grandmother of the bride-elect and Mrs. R. E. Snead, who is her mother.

After gifts were opened they were displayed on tables covered with white cutwork cloths.

Mrs. Harold Batts and Mrs. Ira Bruce Parr were co-hostesses for the shower in the Castleberry home. A miniature bride's cake topped with fall

flowers and fruit was served with coffee and spiced tea.

Those attending and sending gifts were Phyllis Brooks, Faye Gibson, Marilyn Ridley and Jo, Jenny Cassels and Jeff, Gwen Green and Todd, Judy Fields, Linda Chesher and Cathy, Kitty Black, Carol Ray and Geneva Floyd.

## Date Set For Annual Dinner

Date for the annual Thanksgiving dinner at the Black Community House has been set for Sunday, November 24. This meeting will be the regular monthly meeting for November. Every resident of the community is urged by Foyce G. Welch, president of the organization, to attend the dinner. Each person is asked to go to the community house immediately after church services so dinner can be served by 1 p.m.

A musical program has been planned for the afternoon and anyone interested in hearing good singing will be welcome to attend. Guest artists appearing on the program will be the Sunnyside male quartet from Dumas and Sunray.

## Our Methodist Heritage Topic Of Discussion

"Our Methodist Heritage" was the program topic of the Wednesday morning meeting of Kolwvvia Circle of the Woman's Society of Christian Service of

## Federation President Speaks To Club Women

Mrs. Bill Davis, president of Caprock District of Texas Federation of Women's Clubs, from O'Donnell, was guest speaker at a Federated Tea at Friona Methodist Church Tuesday evening. Mrs. Roy Burdett of Lamesa was also a special guest. "Federation" was the topic Mrs. Davis chose to speak on. Members of Friona's three federated clubs, Friona Woman's Club, Modern Study Club and Progressive Study Club invited members of federated clubs in surrounding towns to be their guests.

Mrs. Davis, who was introduced by Mrs. Walter R. Riethmayer, president of Progressive Study Club, also outlined her program of work for the year and asked cooperation of clubs in assisting South Plains Boys Ranch at Tahoka. The meeting began with pray-

er by Mrs. Wesley Hardesty and singing of the club collect by members of Progressive Study Club directed by Sarah Barber and accompanied by Mary Sheehan at the piano. A salad supper at Federated Club House preceding the meeting honored the visitors. Those attending besides Mrs. Davis and Mrs. Burdett were Mesdames Sloan H. Osborn, Frank A. Spring, George Taylor, Wesley Hardesty, U. S. Akens, John Bengner, Phillip Weatherly, Tom Bob Jarboe and Walter R. Riethmayer.

Hostesses for a social hour in Fellowship Hall following the meeting were Mesdames Thomas Rhodes, Billy Joe Mercer, Travis Harrell and Mack Ragsdale. Mr. Roy Burdett, juvenile officer of Dawson County, accompanied his wife and Mrs. Davis to Friona and was a guest during the social hour.

## Party Honors Mrs. Lewellen

Mr. and Mrs. Joe Lewellen were hosts at a birthday party in the home of Mr. and Mrs. Tom Lewellen Monday evening honoring Mrs. Delton Lewellen, who was observing a birthday.

Following a game session refreshments of birthday cake, coffee and cold drinks were served by the host couple.

Others present were Mr. and Mrs. Loyd Messenger and daughters, Carrie, Cindy and Christy; Mr. and Mrs. Teddy Fangman; Mr. and Mrs. Dee Taylor; Delton Lewellen and daughters, Donna and Pam. Also Mrs. T. A. Kelley and daughters, Randy Lou and Audrey Ann; Mr. and Mrs. Gary Goetz and Tonja; Donnie, Bobby, Katy, Jody, and Jay Lewellen.

Weekend visitors in the homes of Mr. and Mrs. Jim Maynard and Karen and Mr. and Mrs. Jimmy Maynard and Don were Mr. and Mrs. Kenneth Williams and children and Mr. and Mrs. Jerry Maynard and children of Stratford. The visitors are all former Friona residents.

## Rose Marie Stone Weds Larry Mabry

In a double ring ceremony at Salem Avenue Baptist Church in Lubbock at 8 p.m. Saturday, Rose Marie Stone became the bride of Larry Wayne Mabry. Wedding vows for the couple were read by Rev. Dr. E. Ray Tatum.

The bride is the daughter of Mr. and Mrs. C. O. Stone, 514 East 35th St. and the bridegroom is the son of Mr. and Mrs. Walter R. Mabry, Friona.

Miss Joan King, Lubbock, was maid of honor and Laverne Mabry, brother of the groom, was best man. The bride wore a pale blue wool dressmaker suit and a corsage of white rosebuds. Mr. and Mrs. Mabry are at

home at 1921B 22nd, St., Lubbock. She is a senior at Monterey High School and he is a sophomore finance major at Texas Tech. He is a 1962 graduate of New Mexico Military Institute.

## Hospital Aux Meets Thursday

There will be a meeting of Parmer County Community Hospital auxiliary in the meeting room of the hospital at 3 p.m. Thursday (today). Several items of interest will be discussed and all members are urged to attend by Mrs. Marty Martinez, president.

The auxiliary sponsored rummage sales are still in progress and anyone desiring to assist with this project in any way is invited to contact Mrs. Martinez or any member of the organization.

## Mrs. Schueler Heads Ladies Aid

In an officer election of Fhea Lutheran Ladies Aid at Parish Hall Thursday, Mrs. Raymond Schueler was elected head of the organization for the coming year.

Other officers elected to serve with her were Mrs. Roy Ziechang, vice-president; Mrs. Chris Drager, treasurer; Mrs. Herbert Schueler, secretary; Mrs. Walter Schueler, Christian growth chairman.

A Thanksgiving Day dinner at Parish Hall following worship services at the church Thursday.

Arrangements have been made to send birthday money collected during the year to the Lutheran Brazil mission.

Refreshments were served by Mrs. Herbert Schueler, hostess.

## Maize TOPS To Elect Officers

All members of Maize TOPS are urged by Martha Mae Pruitt, president of the organization, for the Monday evening meeting in the Community Room of Friona State Bank.

At this time new officers for the coming year will be elected. This club was organized March 18, 1963 with eight charter members. Officers serving with Mrs. Pruitt have been Ilene Osborn, vice-president; Dolly Bender, secretary; Marlene Drake, treasurer; Mabelle Hartwell, weight recorder; and Lucille Latta, reporter.

Since organization the membership has grown from eight to twenty three and a total of 426 1/2 pounds have been lost. The three top losers have been Virginia Drager, 66 pounds; Dolly Bender, 60 pounds and Marlene Drake, 44 1/2 pounds.

Three members who have reached goals they set for themselves are Mae Magness, Mabelle Hartwell and Louella Drake.

## Sale Set For Saturday

Announcement has been made of the annual bake sale and bazaar, sponsored by members of Congregational Women's Fellowship.

Sales will begin at 9 a.m. Saturday, November 23, at Bl-Wize Drug. Pies, cookies, nut and fruit breads, cakes and other baked items will be available.

Anyone desiring to special order any particular baked product, may call Mrs. Walter Loveless and delivery will be made at the specified time. Items to be featured at the bazaar are dish towels, pillow cases, aprons, hotpot holders, pillows, crocheted items and other articles suitable for home use or for Christmas gifts.

Mrs. O. F. Lange and other members of the organization invite everyone in the area to attend this bake sale and bazaar.

## Woman's Club Has Thanksgiving Meet

Highlight of the Wednesday afternoon meeting of Friona Woman's Club at Federated Club House was a Thanksgiving program. The scripture reading was taken from the Book of Psalms and was read by Mrs. Joe Moyer.

Mrs. Moyer was also program director and introduced Rev. Audye Wiley, guest speaker for the afternoon. He emphasized the importance of freedom of religion. Some of the things he emphasized that persons should be thankful for included: (1) freedom of religion, (2) our homes (3) living in a Christian nation.

Mrs. Wesley Hardesty presided over the business meeting and read a letter from a former member of the club, Mrs. Annie Wright, who recently observed her 78th birthday.

A box of gifts was prepared for residents of Gristown and will be mailed in time for Christmas.

Mrs. M. B. Buchanan and Mrs. C. W. Dixon, hostesses, Lubbock.

## Couple Honored

Mr. and Mrs. Glen Williams observed their 25th Wedding Anniversary Sunday, November 17th. They were guests of honor at a dinner in the home of Mr. and Mrs. Dale Williams and Tammy. Also attending were Mr. and Mrs. Sam Williams and Mr. and Mrs. Bill Pruitt of Lubbock.

## Visit Children

Mr. and Mrs. E. S. White spent last weekend with Mr. and Mrs. Robert Holder and children at Fort Worth. Mrs. Holder is a daughter of the couple. The Whites were accompanied by another daughter, Lois, who remained at Fort Worth. On the way home the couple visited in the home of Mr. and Mrs. Roy Campbell and family at Lubbock.

## Millions of families are taking big financial risks they don't know about Are you?

A national survey recently revealed the following two startling facts. If either one applies to you, you are risking financial ruin:

- Two-thirds of all the families in the United States are not protected by insurance against theft... loss of personal property... or liability for injury to another person.
- One-third of all American families do not have insurance on their furniture and other household possessions (even though some have insurance on their homes).

To be sure you are sufficiently protected against fire, accident, vandalism, and other hazards, see an independent insurance agent.

As your local independent agents we are pledged to serve you first. We select the best policies for you from those offered by several competing companies. And when you have a loss, we'll help you get your claim settled quickly, fairly, without red tape.

To find out how we can take the big worries out of insurance for you, call on us any time. Just look for this seal.

"DID YOU LACK ANYTHING?" (Luke 22, 35)

Sometimes a subtle reproach is more effective than a weapon. This is especially true when the reproach is intended to stimulate a resolution of amendment. It is most notably true, when the reproach is directed toward a person of fine instincts - one who will be hurt deeply by the consciousness of having failed to meet the expectations of friendship or the demands of duty.

There is no need for me to ask if Our Lord's words to the Apostles apply also to me. The answer is obvious. They do. He has been magnificently generous. I should therefore ask: "Why do I not make adequate return to Our Lord for His gifts to me?" To that answer is, because I spend too much time and devote too much attention to myself - to my comfort, food, relaxation, fine clothing. Forgetting Our Lord's lessons, I neglect to follow the rule He laid down for His disciples - to leave everything in His hands, I concern myself with possible ways of winning the first seat and the center of the stage. In one word, I am always busily engaged with my past, present and future interests.

Let me come to grips with reality. Let me not shrink from facing the truths You taught, dear Lord. Let me study the picture that You have drawn. It makes plain the serious consequences of wilful delay, of stubborn blindness, of that forgetfulness which is equivalent to disobedience. If I fail to keep my eyes open when I am on the brink of danger, I cannot be excused from fault. If I do keep them open, I shall hardly act as if I were unaware of the shortness of life, the approach of death, the eternity of judgment; and I shall have the unspeakable bliss of being welcomed to Heaven as Your faithful friend and servant.

## FRIONA On The Move

Mr. and Mrs. Bill Taylor have moved from 1001 Summit to Bill's Trailer Park. The Steve Hargus family moved from 402 Grand to G. B. Buske's rent house at 1012 Walnut. E. A. Martin moved into Uncle John White's house at 1511 Elm Street.

Mr. and Mrs. Buddie Fallwell and children moved to a farm in the Hub Community. Mr. and Mrs. Carl Osborn moved to a farm near Lariat. Mr. and Mrs. James Brown and family moved from Dimmitt to 918 Washington. He will be manager of Harry's Super Market when it is completed.

Mr. and Mrs. Robert Wright and children moved from 1311 Main to 1306 Euclid. Mr. and Mrs. Donald Powell, formerly of Hart, have purchased Ken's Drive In on East Highway 60 and will be open for business soon.

Emmett Sherman moved from 907 Prospect to New Mexico and Mr. and Mrs. Clifford Buckner and children moved into the house he vacated. J. Tom Taylor moved to Oklahoma from 906 Jackson and Elmer Baker moved there.

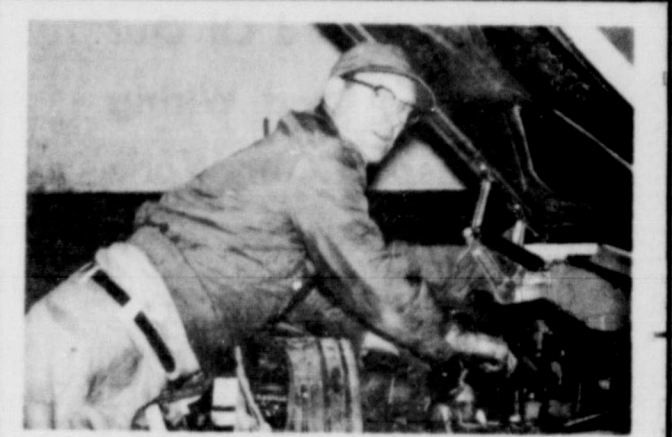

DADS PLEASED . . . It was a great year for football fans in Friona, and the dads were no exception. This group is shown cheering the team on during "Dad's Night" against Olton.

## School Open House Proclaimed Success

About 180 parents attended the open house during American Education Week at Friona Elementary School last Tuesday and Thursday, according to J. T. Gee, principal. "From the school's standpoint, the open house went very smoothly, and was less disturbing to the school routine, having the parents visit by designated hours. Also, those

parents with children in the upper grades will now be less rushed during public school week next spring," Gee said. A total of 160 new books were sold through the Progressive Study Club, most of which went into the various classrooms, although some parents purchased books for their children's own use. A window display at Foster's Department Store was sponsored by parents and teachers from the first four grades.

**ASK ME ABOUT MY BUSINESS**

## Don's Drive In Is Now Open

Mr. and Mrs. Don Powell are operating the drive-in on East Highway 60 in Friona formerly known as Ken's Drive-In. It is now known as "Don's Drive In." The establishment will feature regular drive in and fountain service.

## Dr. Thorn To Speak Here

Dr. W. F. Thorn, pastor of the Calvary Baptist Church of Lubbock will be the speaker at the annual ladies' night meeting of the men's brotherhood of the First Baptist Church next Tuesday at 7 p.m.

## Bake Sale Date Set

Members of United Pentecostal Missionary Society have completed plans for their annual pre-Thanksgiving Day bake sale. Cakes, pies, cookies, and other baked products will be on sale at Ethridge-Spring Agency Wednesday, November 27.

Persons who would like to place special orders are asked to contact Mrs. Joe Johnson at Johnson's Food Market.

## School Menu

MONDAY: Corn dogs, potato salad, English peas, cookies, hot rolls & butter, chocolate milk.

TUESDAY: Tamales, pinto beans, greens, onions, peach cobbler, corn bread, bread & butter, milk.

WEDNESDAY: Fried chicken, potatoes, green beans, tossed salad, pear halves, hot rolls & butter, milk.

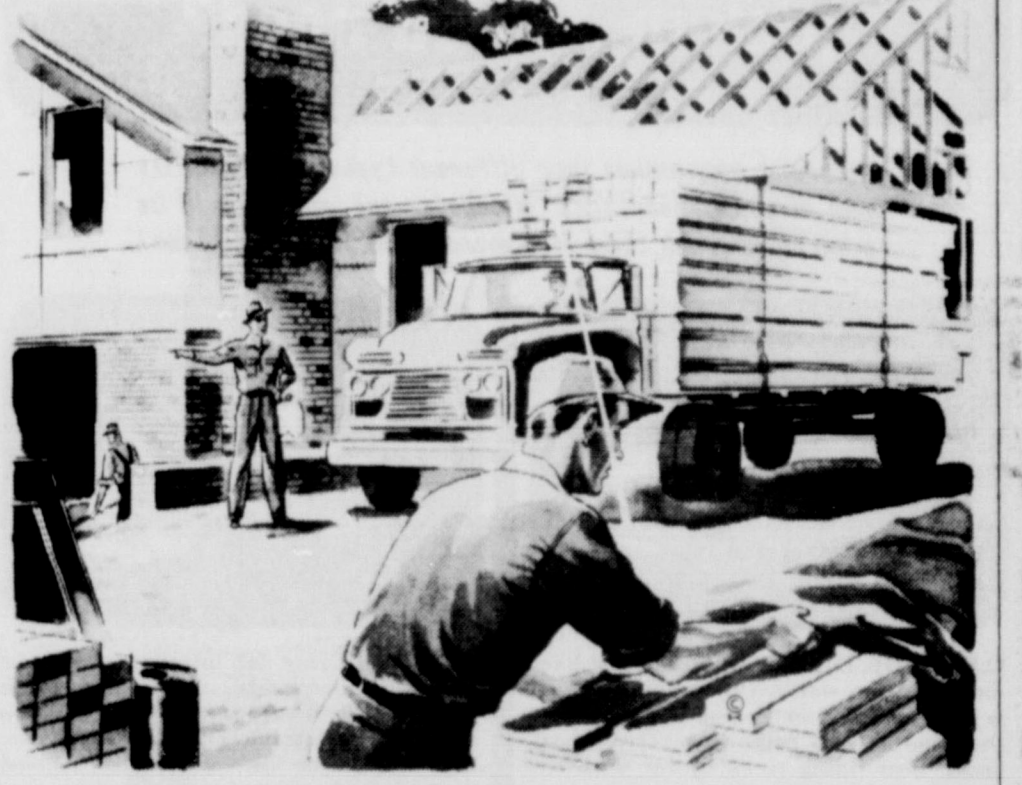

The way a father can best keep his teenage son away from the family car is to tell him to wash it.

## Four Frionans Attend Meeting

Mrs. Pearl McClain, Mrs. Irma Stark, Mrs. Ethel Bengler and Mrs. Martha Evelyn Bates, teachers and retired teachers of Friona, attended the November meeting of Delta Xi Chapter of Delta Kappa Gamma in the Dimmitt High School library Saturday.

A panel discussion "Changing Sociological Patterns in American Culture" was the highlight of the program, which was directed by Mrs. Merlin Kaul, Mrs. Avis Smith served as moderator and panel mem-

bers were Mrs. Claudie Ola Brown, Mrs. Frances Kennedy and Mrs. Eunice Kennedy.

Miss Della Stagner, president, conducted the business meeting. Committee reports were given and Mrs. Louise Hilburn and Mrs. Kaul led the club collect.

The December meeting will be in Borina December 7.

Doug Milloy

Conscience is the still, small voice that tells you somebody's looking.

Coffee cup conversation up and down the street last weekend was generously sprinkled with hunting talk. Several bird hunting enthusiasts were planning trips and supplies were being purchased. According to reports I heard Monday several Friona sportsmen had good luck and killed their limit.

The saddest hunting story was so sad I offered to get my crying towel before the would be bird hunter got to the end of it.

He left Friona Saturday morning well equipped. He took his favorite hunting dog, trusted gun and several boxes of ammunition and went a hundred miles or so southeast to supposedly good bird hunting country. After paying a hunting fee, walking miles and miles and really trying to find some birds to shoot, he returned home empty handed.

After telling his wife he was going to quit hunting for this season and all time to come, he dismissed the matter from his mind and might have joined the ranks of "has been" bird hunters had it not been for a telephone call from a friend the next morning.

This friend had the perfect set up to offset such an unpleasant experience and made the proposition sound so good he was able to revive the disappointed hunter's interest in the sport.

So, loaded with guns, dog, ammunition and a will to do better, my hunter friend took off east to a spot below the caprock and spent the entire day tramping around through all the places quails are supposed to

be found and then... returned home late that evening without even seeing a single bird.

Football season is over and in spite of the fact that the local boys lost their last two games, most Frionans feel that Coach Don Light, his assistants and team members are to be commended for doing a fine job.

Local ag boys have done it again. In district competition at Muleshoe Saturday members of Friona's FFA chapter made a fine showing for themselves and congratulations are in order to them and their sponsors, Mr. David McVey and Mr. Bennie Pryor.

A large crowd turned out for the FHA Tasting Bee at the cafeteria Friday evening. The long tables were laden with some of the most beautiful and tasty dishes I've ever seen and tasted in one evening.

Think each dish should have had a teaspoon in it instead of a tablespoon for dishing up the samples. There were so many tempting looking dishes that it was real difficult to decide which ones to leave off.

With the able instruction of Mrs. Dalton Caffey and Mrs. David Eddington, future Friona homemakers are going to be wonderful cooks.

Everyone in the area should attend the Variety Show at the auditorium Thursday evening. This event is being sponsored by Friona Classroom Teachers Association and will feature the best local talent in several fields of entertainment.

For an evening of fun for the whole family, be sure to attend this program.

"God never closes the door in a man's face without opening a window."

There were two Chinese laundries in New York just a couple of doors from each other. One was owned by D. Wong and the other by Jim Lee.

One day a man left some shirts in the Jim Lee Laundry, and when he called for them went by mistake to the other. The proprietor solemnly examined his claim ticket and said "Solly, but you're in D. Wong laundry."

## Which type Chevrolet pickup do you need?

Chevrolet now makes four different types, each with its own distinct advantages. Whichever one you buy will be a lot more truck than your money bought the last time!

**FLEETSIDE.** Based on sales, the best liked pickup in the world. Outstanding feature is its large body extending clear out over the wheels. Two body sizes. Two wheelbases. Best riding truck by far, with coil springs all around and independent front suspension. Cab and body have double-wall construction. Chevrolet Fleetside—best for all-around use.

**STEPSIDE.** Has flat interior body walls and convenient side steps between cab and rear fenders. Comes in same two sizes as the Fleetside plus one bigger size. Big model has heavier frame, 4-speed transmission and leaf-spring rear suspension for maximum payloads. Standard engine is 230-cu.-in. Six. A 292 Six or 283 V8 is available at extra cost.

**RAMP-SIDE.** Nobody else makes a pickup exactly like this one with a ramp at the side. The ramp makes loading easy because of its 16-inch rise. Truck also has a conventional tailgate. Body and frame-floor assembly are very rigid because they are welded together. Has larger 95-hp air-cooled engine this year. Independent coil spring suspension all around.

**EL CAMINO.** If you want a pickup as good looking as any car on the road, this is the one! It can work hard, and look like a million dollars doing it—the only pickup in the world with Body by Fisher! # Polished Mustangs Top Chiefs In Finale, 21-6

Losing the last game of the season isn't so bad when you've won eight of the previous nine games played.

Friona was so much better off following its 21-6 loss to Olton's Mustangs last Friday night at Chieftain Stadium that most of the fans didn't seem to be bothered too much about the loss.

The Chiefs were still in the ball game until late in the third quarter when Olton scored a pair of quick touchdowns to push Friona into a hole, 21-0. Friona drove 69 yards after taking the opening kickoff. However, they lost the ball on fourth

down at the Olton 15, lacking a yard making the first down. Olton promptly began an 85-yard touchdown drive, led by the running of halfback George Jones, who was simply unstoppable most of the night, as far as Friona was concerned. Jones plunged over for the TD with 1:16 to play in the quarter, and booted the point for a 7-0 Olton lead.

In the third quarter, Olton drove 72 plays, and again couldn't be stopped until posting another score. It came with 3:21 left in the quarter, making the count 14-0, visitors.

Friona missed a possible chance to score when S. D. Baize couldn't hold onto a Gary Renner pass, and two plays later lightning struck when an Olton tackle intercepted a Renner pass and lumbered 25 yards into the end zone for six more easy points for Olton.

The two touchdowns came within 41 seconds of each other. Friona finally got a drive going which culminated in a touchdown but by then it was late in the game.

Milton Hargus returned a punt to the Olton 44-yard line. The Chiefs picked up a first down to the 33, and two good gains by Renner put the ball at the Mustang nine. From there, he passed to Baize, who snagged his fourth TD pass of the year, but it was too little too late for the Chiefs.

Olton gained 296 total yards, most of any team all year against the Chiefs. The Mustangs completed three of seven passes, becoming the only team to complete a pass against Friona in district play.

The Mustangs had 17 first downs to 11 for Friona. Dodd led Friona's ball-carriers with 87 yards.

## How Friona's Opponents Fared

Following are the results of Friona's football opponents in their final games of the season Friday night. Chieftain opponents are listed in all capital letters.

## Junior High Gives Schedule

Friona's seventh and eighth grade basketball teams begin their season Saturday with games for the boys at Portales. First home game will be next Tuesday, when the Muleshoe girls meet the seventh and eighth girls here, with the boys playing at Muleshoe.

December 7, the seventh, eighth and ninth grade boys meet Gattis of Clovis here. January 6, Dimmitt comes here for all games.

On Monday, January 13, Muleshoe boys are here and the girls play there. January 16-18 finds the boys in the Friendship tournament at Clovis.

Farwell boys are here Jan. 20, and the girls there. On Feb. 3, the seventh and eighth boys and eighth grade girls play Canyon there. All teams go to Dimmitt for games Feb. 10.

## Boosters Change Meeting Time

Friona Boosters Club voted to hold meetings on the first and third Monday nights at 7:30 p.m. for the balance of the year.

The club received a letter of appreciation from the Chieftains to the Boosters for their support during the year.

Boosters voted for the Fighting Chieftain, who will be presented at the football banquet Saturday night.

## PASS RECEIVING

Player	PC*	NYG*	TD
Baize	1	9	1

\*TCB--times carried ball;  
NYG--net yards gained; AVG--average per carry; PC--passes caught.

Friona's highest score of the 1963 football season was 40 points against Happy. Their biggest margin of victory was 38-0 over Bovina. Last year's highest score was also against Happy, in a 24-20 loss.

The highest number of points scored by the Friona Squaws last season was 82 in the regional finals against Tulla. The Hornettes' 80 points in the game were the most they allowed in posting their 26-8 season record.

Friona's luck changed all the way around for the 1963 football season. The Chieftains won the coin toss eight out of ten times. That also turned out to be their winning percentage in the 8-2 year.

## GENERAL TELEPHONE TOWNS ON THE MOVE

### Memphis wins new Textile Plant

Today, because of aggressive leadership, this Texas Panhandle town boasts an active new textile plant making sheets for national distribution. What is more important, the plant's parent company is the world's largest manufacturer of textiles using all known fibers.

This new industry is the Hall Plant of Postex Cotton Mills, a unit of Burlington Industries, Inc. It is designed to have in excess of 100 employees, mostly women, and is an important addition to the economy of this 3500 population community. It is another reason we say big things are happening in General Telephone towns.

These towns are on the move. Community improvements are under way, local resources are being developed, new businesses, new industries are coming in. If your town seeks additional information about expansion, perhaps we can help. Just write our Community Development Department, Box 1001, San Angelo, Texas.

## GENERAL TELEPHONE OF THE SOUTHWEST

## Four Frionans Attend Meeting

Mrs. Pearl McClain, Mrs. Irma Stark, Mrs. Ethel Bengler and Mrs. Martha Evelyn Bates, teachers and retired teachers of Friona, attended the November meeting of Delta Xi Chapter of Delta Kappa Gamma in the Dimmitt High School library Saturday.

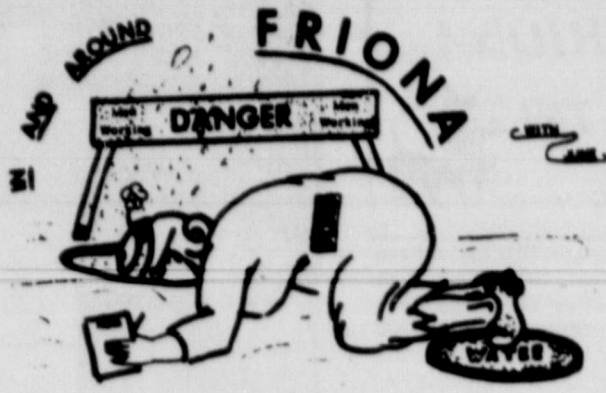

A panel discussion "Changing Sociological Patterns in American Culture" was the highlight of the program, which was directed by Mrs. Merlin Kaul. Mrs. Avis Smith served as moderator and panel mem-

bers were Mrs. Claudie Ola Brown, Mrs. Frances Kennedy and Mrs. Eunice Kennedy.

Miss Della Stagner, president, conducted the business meeting. Committee reports were given and Mrs. Louise Hilburn and Mrs. Kaul led the club collect.

The December meeting will be in Bozina December 7, Doug Milloy

Conscience is the still, small voice that tells you somebody's looking.

Coffee cup conversation up and down the street last weekend was generously sprinkled with hunting talk. Several bird hunting enthusiasts were planning trips and supplies were being purchased. According to reports I heard Monday several Friona sportsmen had good luck and killed their limit.

The saddest hunting story was so sad I offered to get my crying towel before the would be bird hunter got to the end of it.

He left Friona Saturday morning well equipped. He took his favorite hunting dog, trusted gun and several boxes of ammunition and went a hundred miles or so southeast to supposedly good bird hunting country. After paying a hunting fee, walking miles and miles and really trying to find some birds to shoot, he returned home empty handed.

After telling his wife he was going to quit hunting for this season and all time to come, he dismissed the matter from his mind and might have joined the ranks of "has been" bird hunters had it not been for a telephone call from a friend the next morning.

This friend had the perfect set up to offset such an unpleasant experience and made the proposition sound so good he was able to revive the disappointed hunter's interest in the sport.

So, loaded with guns, dog, ammunition and a will to do better, my hunter friend took off east to a spot below the caprock and spent the entire day tramping around through all the places quails are supposed to

be found and then... returned home late that evening without even seeing a single bird.

Football season is over and in spite of the fact that the local boys lost their last two games, most Frionans feel that Coach Don Light, his assistants and team members are to be commended for doing a fine job.

Local ag boys have done it again. In district competition at Muleshoe Saturday members of Friona's FFA chapter made a fine showing for themselves and congratulations are in order to them and their sponsors, Mr. David McVey and Mr. Bennie Pryor.

A large crowd turned out for the FHA Tasting Bee at the cafeteria Friday evening. The long tables were laden with some of the most beautiful and tasty dishes I've ever seen and tasted in one evening.

Think each dish should have had a teaspoon in it instead of a tablespoon for dishing up the samples. There were so many tempting looking dishes that it was real difficult to decide which ones to leave off.

With the able instruction of Mrs. Dalton Caffey and Mrs. David Eddington, future Friona homemakers are going to be wonderful cooks.

Everyone in the area should attend the Variety Show at the auditorium Thursday evening. This event is being sponsored by Friona Classroom Teachers Association and will feature the best local talent in several fields of entertainment.

For an evening of fun for the whole family, be sure to attend this program.

"God never closes the door in a man's face without opening a window."

There were two Chinese laundries in New York just a couple of doors from each other. One was owned by D. Wong and the other by Jim Lee.

One day a man left some shirts in the Jim Lee Laundry, and when he called for them went by mistake to the other. The proprietor solemnly examined his claim ticket and said "Solly, but you're in D. Wong laundry."

## Which type Chevrolet pickup do you need?

Chevrolet now makes four different types, each with its own distinct advantages. Whichever one you buy will be a lot more truck than your money bought the last time!

**FLEETSIDE.** Based on sales, the best liked pickup in the world. Outstanding feature is its large body extending clear out over the wheels. Two body sizes. Two wheelbases. Best riding truck by far, with coil springs all around and independent front suspension. Cab and body have double-wall construction. Chevrolet Fleetside—best for all-around use.

**STEPSIDE.** Has flat interior body walls and convenient side steps between cab and rear fenders. Comes in same two sizes as the Fleetside plus one bigger size. Big model has heavier frame, 4-speed transmission and leaf-spring rear suspension for maximum payloads. Standard engine is 230-cu.-in. Six. A 292 Six or 283 V8 is available at extra cost.

**RAMP-SIDE.** Nobody else makes a pickup exactly like this one with a ramp at the side. The ramp makes loading easy because of its 16-inch rise. Truck also has a conventional tailgate. Body and frame-floor assembly are very rigid because they are welded together. Has larger 95-hp air-cooled engine this year. Independent coil spring suspension all around.

**EL CAMINO.** If you want a pickup as good looking as any car on the road, this is the one! It can work hard, and look like a million dollars doing it—the only pickup in the world with Body by Fisher! You can order an El Camino as plain or as fancy as you wish: bucket seats, air conditioning, 4-speed transmission, power brakes are some of its extra-cost options.

# Moisture Comes During Harvest Intermission

Moisture, in the form of light rain, stopped all harvest operations in the Farmer County area the first of this week, bringing to a close the most favorable, uninterrupted harvest weather in many years.

The moisture did not come violently, but in the form of general rain, without any wind, Monday night, and lasted into early Tuesday in the form of drizzle.

While rainfall isn't exactly what the farmers of the area had on order at just this moment, the showers are not regarded as hazardous to the condition of the crops -- so long as they don't worsen or invite real winter weather.

The grain sorghum harvest is now over 90 per cent complete and is considered in the "clean-up" stage. And since cotton stripping has begun on only a very limited scale, an intermission of sorts exists in the harvest activities.

The rain was fitted neatly into this niche.

A "hard" freeze -- ranging in the vicinity of 26 degrees -- occurred Sunday night and set the stage for complete natural defoliation of the cotton crop.

Less than 10 per cent of the 1963 cotton harvest is expected to be hand-picked. The crop has been very late in maturing, although it is finishing out very nicely and farmers on the whole are more than satisfied with prospects after a dismal growing season.

Gins are running, but they are operating at much less than peak load conditions.

## THE HIGH PLAINS FARM AND HOME

### November 18-23 Texas Farmers Union Week

Governor John Connally has proclaimed the week of November 18-23 Texas Farmers Union week in recognition of this statewide farm organization's growth and contribution to Texas agriculture during this year. The annual state convention at Lubbock on November 22nd and 23rd climaxes the week long observance of the accomplishments of the farm group.

Farmers Union is known as the "Farmers Farm Organization" because it limits its membership to farmers and ranchers. It is the oldest general farm organization in Texas, and the second oldest in the nation. The 1963 convention in Lubbock will be the sixtieth annual convention of the Texas affiliate to the National Farmers Union. The state office of Texas Farmers Union is at Waco, and the headquarters of National Farmers Union is at Denver, Colorado.

Tony Dechant, Secretary-Treasurer of National Farmers Union, will address the convention banquet session on Friday night, November 22, and other speakers including Senator Ralph Yarborough will also appear on the program.

A panel discussion of proposed legislation of cotton, feed grains, and wheat will feature Elbert Harp, President

of the Grain Sorghum Producers; Leo Witkowski, President of the Texas Wheat Growers Association; Dan Davis, President of the South Plains Cotton Marketing Association; and John Vernon Stiles, a member of the cotton advisory committee to the secretary of agriculture.

George Bickel, assistant to the president of Rocky Mountain Farmers Union, will address the Texas Farmers Union convention on the "Affect of Vertical Integration in Livestock Feeding on Producer Prices."

Bickel, economist and researcher, was recently employed by market and producer groups in Colorado to document a complete study on the possibility of market manipulation by packer and chain store owned feeding operations in the Denver area.

Several newly chartered counties will be represented at the meeting of the Board of Directors of Texas Farmers Union which will convene on Thursday, November 21, prior to the convention. The Board, which is composed of county presidents from each of the chartered Farmers Union Counties, will discuss plans for expanding the membership and services provided by the organization for the coming year.

"An exciting program for the young people attending the convention this year has been planned," according to State President Jay Naman, and "there will be a special luncheon and

style show to honor the ladies who are present."

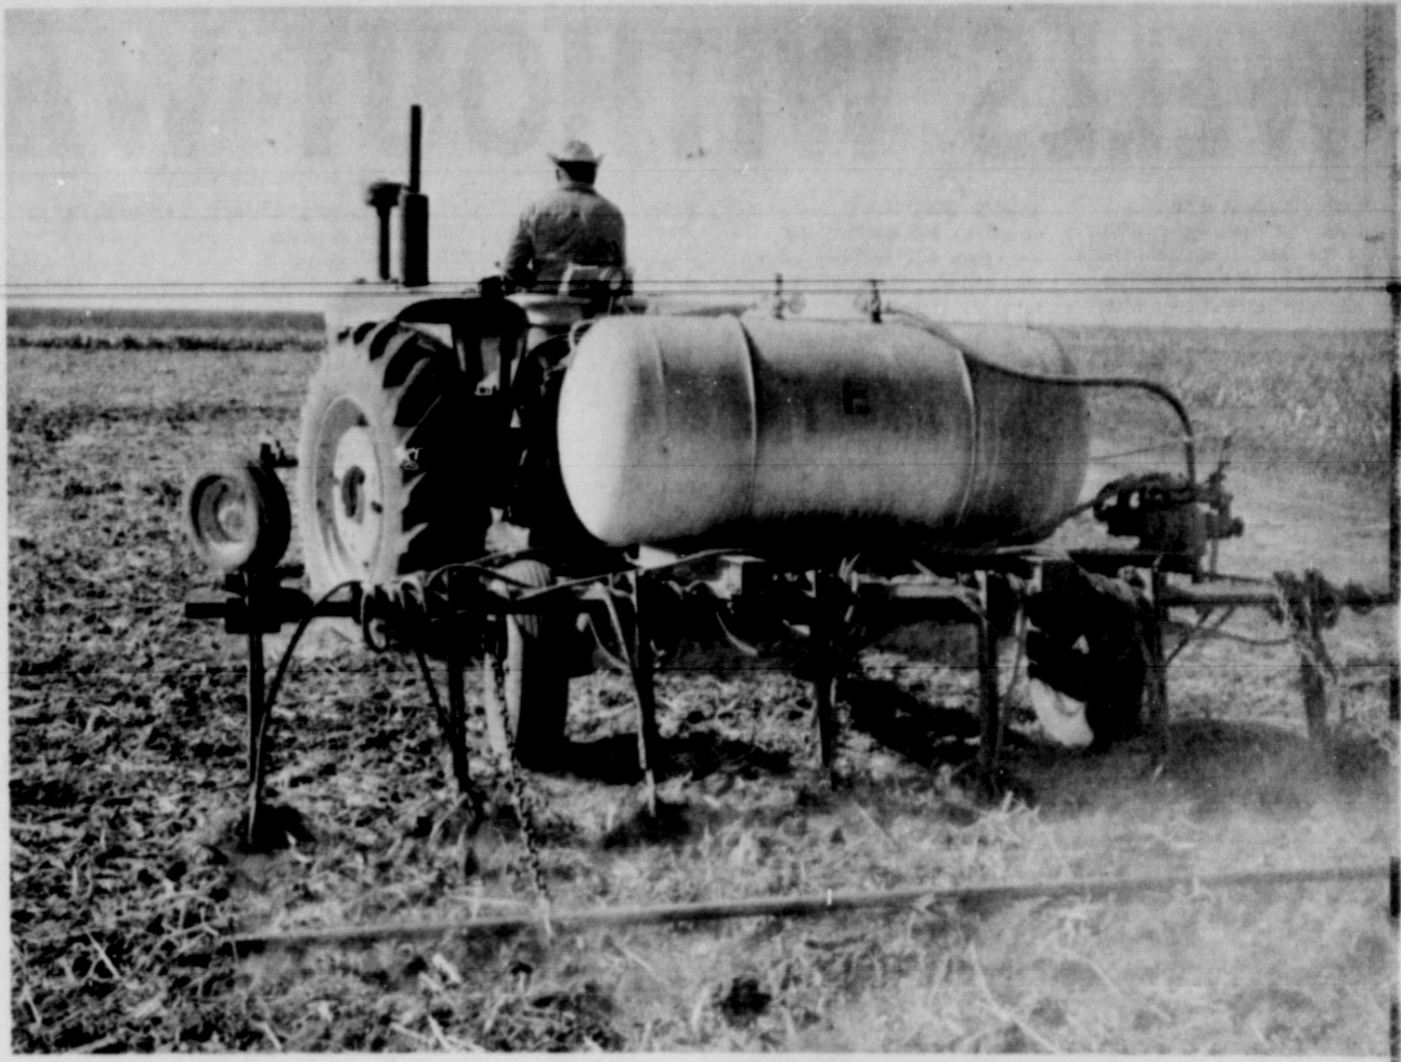

"Many delegates representing newly organized Farmers Union counties from the Rio Grande Valley to the High Plains will add to the enthusiasm for the largest and most interesting state convention ever held in Texas.

The program which is adopted from the resolutions sent in by organized Farmers Union groups throughout the state will be sent to the National Farmers Union convention at St. Paul, Minnesota in March for adoption in the national program.

Delegates from Farmer County to the state convention are J. C. Redwine, Mrs. Leon Smith Sr., and Mrs. Freeman Davis, all of Lazbuddie; and Travis Dyer and J. V. Bouldin of Bovina.

Leon Smith, president of the Farmer County Farmer's Union, says here will be others who will attend, including himself and Sam Bradley, secretary-treasurer of the organization.

Smith reports that the county group has had a "constructive year," and that membership is up. Membership is currently 126, which is up approximately 30 from just a year ago, Smith says.

Decomposition of heavy stubble is speeded by the application of fertilizer, tests have shown conclusively. In this application, made on the James Mabry farm in the Hub community, anhydrous ammonia is applied after the stubble has been shredded. This is another efficient farming practice that helps make possible the 7000-pound yields that are typical of High Plains irrigated farms--including this one.

## Overproduction .. A Surplus Or Strategic Reserve

This nation has an abundance of two strategic defense items--Armed Forces and Agriculture. The first gets much deserved public praise while the second is generally misunderstood and harshly criticized.

Yet, our agricultural abundance is just as important a defense reserve as our military might. And the farmer plays just as big a role in national defense as our fighting men.

We all understand and don't complain about the fact that over 50% of every tax dollar goes into military spending. But a host of people get indignant over the 6 cents which goes to promote a healthy farm economy--and this 6 cents has performed production and defense miracles that are the envy of the world.

The confusing cloud of controversy that surrounds the American farmer tends to obscure the fact that an abundance of foodstuffs is our greatest asset. Without food, you don't have anything. You don't have the power to wage a sustained war nor power to maintain stable peace. And this nation couldn't possibly be enjoying the level of prosperity existing today.

Is food a "scandalous surplus"? When viewed in the same light, all those guns and planes and military men in the armed forces today are actually surplus items. They are in the same category as the wheat, corn and cotton we have stored in our warehouses.

"Oh," some will argue, "There's a difference! We need the military men and equipment to defend us." That's true. But we also need that food in production and on reserve as a strategic defense item. And stockpiling food is a good deal less expensive than maintaining the army, the navy and the air force.

It is surprising to see how many politicians and business leaders look on food as a non-

strategic item. Yet, it is an admitted fact, that agricultural failures in Russia are the main cause in the breakdown of the Communist time-table to enslave the world.

So it appears that farmers are continually being "city-slicked" in regard to telling everybody the difference between surpluses and strategic reserves. And those who criticize agricultural program costs are completely unaware of the enormously greater expenses which the government incurs by subsidizing the post office, the air lines, the shipping lines, the railroads, and hundreds of other businesses and industries. Food, after all, is the mightiest weapon for war and peace that we have.

More than 2000 people are presently hospitalized in Texas state TB hospitals. Of these about 130 are children. 12 years of age or under. Other patients are in federal, municipal or private hospitals, or under treatment at home.

### On The Farm In Farmer County

By DERYL COKER  
County Agent

Dixon Hubbard, our Livestock Specialist will be here on November 26, at 10:00 A.M. If you should have feeding problems, or problems of any nature concerning livestock, you could meet him at my office at 10:00 A.M., on November 26, or let me know and if time would permit, we might be able to visit your farm or feedlots.

Livestock feeding is certainly going to fit a great deal of our farms in one way or another and it is time that we learn as much as possible on livestock production and feeding and fitting it into our farming operations.

The Soil Samples sure have been coming in from the Lazbuddie area, and I certainly think that Foster & McGehee Fertilizer business should be congratulated for the interest they have taken in helping their farmers collect and send in soil samples.

Our office will be glad to furnish any fertilizer business or company with Soil Sample material or work with you any way possible.

The soil sample is still our best tool and best scientific method to determine the fertility needs of a particular field. A sample of soil representing the field is analyzed by chemical means to determine soil reaction (pH), organic matter,

available phosphorus, available potassium, available calcium and soluble salts.

The results of soil analyses are used with other information as a basis for fertilizer recommendations to insure more net profit from money invested in fertilizer. In nearly all cases the soil sample was given as the greatest return per dollar spent year to year.

WHY TEST?

Soil Tests aid in determining:

1. The need for nitrogen, phosphorus and potassium.
  2. The need for lime, gypsum or other soil amendments.
  3. The most profitable rate of fertilizer to use.
- SOIL TESTS WILL NOT TELL YOU:
1. What your land will grow or what to plant.
  2. How much your crop will yield.
  3. If your soil is infested with disease, insects or nematodes.

## WHAT'S IT COST?

■ It's getting close to turkey time and, even during those gay holiday family dinners, we are all interested in saving money -- certainly we don't want to waste any ■ And, when it comes to savings your new electric range will shine. ■ You'll get little, if any meat shrinkage (and that includes the turkey). ■ You'll retain more nutrients in the vegetables you cook electrically and that contributes to better health for your family. ■ But that's what we've come to expect of modern electric living -- biggest bargain in your family budget. ■ Oh yes, the average family cost for cooking the clean electric way? ■ Just 7¢ a day! ■ ■ ■

**ELECTRIC SERVICE . . . the biggest bargain in your family budget**

## 11 Accidents Investigated

The Texas Highway Patrol investigated 11 accidents on rural highways in Farmer County during the month of August, according to Sergeant W. E. Wells, Highway Patrol supervisor of this area.

These wrecks accounted for 8 persons injured and an estimated property damage of \$8,380.00.

The rural traffic accident summary for this county from January through October of 1963 shows a total of 93 accidents resulting in two persons killed, 39 persons injured and an estimated property damage of \$55,162.00.

The Sergeant said, "Don't walk yourself to death," that is a slogan we would like you to remember for the rest of the year. November and December are noted as dangerous months in traffic and especially for pedestrians.

During these last two months of 1962 in Texas there were 65 pedestrians killed and 768 injured in collisions with motor vehicles. There are many reasons for this: longer hours of darkness, bad weather, pedestrians not visible to drivers, holidays and lack of drivers and pedestrians concentration.

The veteran patrol supervisor stated some tips to aid both the pedestrian and drivers. Always wear something light colored when walking after dark. If possible, carry some kind of light, walk on the left side of the road.

# WELLS WITHOUT WATER?

Wells Without Water - not a forecast but a grim possibility. This is not about a foreign land, but right here in Texas, so reports Jim Valliant, Associate Water Engineer of the High Plains Research Foundation.

Texas is faced with the possibility of "wells without water" unless soil and water conservation becomes more widely used. Can this be true of an area which produces 40 per cent of the nation's grain sorghum, 16 per cent of the nation's cotton, 60 per cent of the nation's castorbean crop and 90 per cent of the nation's sesame? Look at some of the facts.

Wells that now pump 1,000 gallons per minute will be reduced to 800 gallons per minute, then 600 gallons per minute, and so on down. This trend is ALREADY evident - in 1950, 66 per cent of the wells pumped over 700 gallons per minute; in 1963, ONLY 35 per cent pumped over 700 gallons per minute.

Also water levels have declined as shown by the fact that in 1950 about 57 per cent of the wells had a pumping lift of over 125 feet. Now in 1963, over 80 per cent of the wells have a pumping lift of over 125 feet. This has increased the cost of an acre-foot of water from about \$7.00 in 1949 to near \$10.00 in 1962. This increase has occurred even though pumps and motors are more efficient and fuel is cheaper.

It takes a good productive soil to grow high yielding crops, and in turn, good soil without water is unproductive. Producers cannot continue to irrigate sloping lands down the slope. Not only are they wasting water, but they are removing topsoil by erosion. It has taken nature hundreds of years to build this topsoil that can be removed by man in a few short years.

Land forming can be practiced by man to improve the soil, or it can be neglected until the

land is unproductive. Results from three years of testing at the High Plains Research Foundation show land forming by parallel bench leveling will not only eliminate erosion and reduce water used, but will also increase yields and net returns. The bench-leveled land yielded 1,000 pounds per acre more and netted \$20.00 per acre more than sloping land on 50 per cent less water with grain sorghum.

With cotton, the bench produced 48 pounds of lint more per acre on about the same amount of water. However, there was no run-off on the benched land, thus no erosion or waste water. These benches also trapped and held all rainfall, again preventing erosion and making more efficient use of the rainfall.

More efficient irrigation and land formation are closely related. However, there are several steps that can be taken for more efficient irrigation under all land conditions. On sloping

land, cutback irrigation can be practiced except on Pullman soils.

Cut-back irrigation is irrigating until the row is out, then rather than continuing to irrigate at the same rate and allow the water to run out the end of the field, cut-back the rate of flow so that the water will be absorbed before it runs out the end of the row.

Contour farming will also reduce erosion and run-off. Timing of irrigation according to the stage of plant development, which is in balance with correct amounts of fertilizer, will increase irrigation efficiency and net returns. For example, an irrigation at preboot grain sorghum will return higher yields than an irrigation earlier or waiting until first fruit. Cotton irrigated at first square will usually reduce yields, thus making less efficient use of irrigation water.

All of these things together with land forming are essential

for more efficient use of irrigation water and rainfall.

Artificial recharge of surface water to the underground formation is the best way of utilizing lake water. A recharge well is in reality a multi-purpose well as it serves more than one or two purposes. It is, first of all, an irrigation well which serves as a source of water whether the lake contains water or not. Secondly, it is a recharge well which will drain a lake, making the lake available to put into a row crop or grazing program.

Jim Valliant states that recharge or multi-purpose wells do have to be installed and maintained correctly. There is some work involved in a proper recharge program, but the end results justify this.

The "life" of the High Plains - WATER - can be prolonged if better land and water management, more efficient irrigation and artificial recharge is practiced.

## At Home In Farmer County

By CRICKET B. TAYLOR  
County HD Agent

### Laundry Research

Normal home-type laundrying cannot always destroy or prevent the spread of many disease producing organisms, according to study conducted by Agricultural Research Service textile bacteriologists. The most important of these from stand point of health hazard are pneumonia, kidney infection, carbuncles and some that cause intestinal disturbances.

In case of sickness or if laundry is done in a coin-operated machine, an effective disinfectant is needed.

To get the USDA approval, a laundry disinfectant must kill many kinds of bacteria and be reasonable in cost. Also, it must not leave a residue that would be harmful to the skin and must not change the color

or other properties of the fabric.

Agricultural Research Service offers these suggestions to help you select and use commercially available disinfectants in your family wash.

Read the label on the container. Look for the word "disinfectant", then read the list of active ingredients.

If you choose a pine oil disinfectant, get a product that contains at least 80% pine oil.

Phenolic or pine oil compounds may be added to the wash (after detergent has had time to do its work) or add to rinsewater.

Note the strength of disinfectants. A product with a high percentage of active ingredients may cost more, but you won't have to use as much. For example, if you need a cup of a

product that has 3-percent active ingredients, you would need only half a cup of a 6-percent product. Pine oil disinfectant may be purchased in most grocery stores. Phenolic disinfectants may be purchased at any store that carries industrial supplies.

From the cost standpoint, a product that is primarily a disinfectant is usually more economical than an all-purpose cleaner containing additional ingredients such as detergents or whiteners.

Follow directions on the label in using the disinfectant. Heed all cautions or warnings. They are placed there for your safety. To make certain you use the right amount, find out how many gallons of water your machine holds. Then calculate the amount of disinfectant needed.

Most people need not die of tuberculosis. Death can usually be prevented if the sickness is discovered early.

About 40 million Americans have TB germs in their bodies. At least one out of 20 of them may come down with active tuberculosis during their lifetimes.

### SOIL CONSERVATION DISTRICT NEWS

### 1964 Cotton Referendum Date Set For Dec. 10, 1963 And Cotton Choices Defined

Just what a "yes" or a "no" vote will mean in the December 10 referendum on cotton marketing quotas is explained below:

The basic program choices are:

1. If at least two-thirds of the growers who vote in the referendum approve of quotas, then the quotas will be in effect for the 1964 upland cotton crop, marketing penalties will apply to any "excess" cotton produced on a farm, and price support at a level within the range of 65 to 90 per cent of parity will be available to farmers who comply with their farm acreage allotments.

2. On the other hand, if more than one-third of the growers who vote oppose the quotas, then there will be no quotas and no penalties applicable to the 1964 upland cotton crop, and price support to farmers who comply with their farm acreage allotments will be available at 50 per cent of parity, as directed by law.

All farmers who engaged in the production of upland cotton in 1963 are eligible to vote in the referendum.

Allotments are not affected by the outcome of the balloting, they will remain in effect -- whether or not quotas are approved -- as a means of determining eligibility for the available price support.

While the Secretary of Agriculture is directed by law to proclaim quotas for the next crop when the total cotton supply exceeds normal, it is the growers themselves who decide whether or not quotas shall be used. Previous votes on the subject have been outstandingly favorable. Marketing quotas for the 1963 upland cotton crop were approved by 93.7 per cent of the growers voting.

Allotments for individual farms will be made available to growers within the next few weeks, so that farmers may have the information prior to the December 10 referendum.

Polls will be set up in the office of each cotton gin in the county with the exception of the gins in Farwell and the polling place in Farwell will be in the ASCS Office.

In the U. S., 250,000 Americans have active tuberculosis at this moment, but tens of thousands do not know they have it. It is from these people that tuberculosis spreads to others.

### NEWS FROM THE FARM BUREAU

BY RAYMOND EULER

The 30th Annual Texas Farm Bureau Convention was a very successful and interesting session. Almost fifteen hundred members registered, the largest delegation in history. Membership had reached 89,401 by the first of November, (Parmer County's membership reached 555, five over the quota of 550)

Most commodity organizations were represented by a Farm Bureau delegate from their organizations and there was much discussion on some topics before a vote was taken. But congeniality reigned among delegates because of a common cause of retaining freedom for farmers along with an opportunity for a better net income.

It is always a privilege to hear the governor of Texas address Farm Bureau, and John Connally delivered a good address. Congressman Joe Kilgore made a very good talk along the lines of constitutional government. Marvin McLain, Assistant AFBF Legislative Director, former assistant to the Secretary of Agriculture emphasized the importance of farmers retaining the right of decision in the operation of their farms rather than expecting a bureaucrat, like he used to be, to do the job for them.

Mr. and Mrs. H. P. Hamilton served as voting delegates from Parmer County, and we were sorry four or five more were not able to attend and serve. The sad note of the convention was the announcement of the death of Marvin Carter who many knew and respected as organizational director in the late forties and early fifties. He attended a meeting or two in this county while holding that position of importance.

We remember it took five

The two-way or "roll-over" plow is utilized to good advantage by many High Plains farmers, especially when they do such fall plowing as is shown above. In the left picture the tractor is headed east. In the right picture it's headed west after the driver has turned around and "rolled" his

plow to an alternate angle. This method of plowing eliminates blind furrows, and the tractor driver maneuvers a lot like the airplane spray pilot who swoops into a u-turn after each row to return right where he left off. Pictures made on the Paul Daniel farm in the Hub Community.

years to get pickups recognized as passenger cars for speed limit purposes, and now that is to be done over again. Farm Bureau has a resolution that can possibly be implemented faster this time.

CONSIDER THIS: A man's heart deviseth his way; but the Lord directeth his steps, Proverbs 16:9

### Tech Professor In Research Work

DENVER -- Dr. B. L. Allen, associate professor of agronomy and range management at Texas Tech, cited the influence of parent materials on the soil structure in the Papaloapan Basin, Veracruz, Mexico, in a research paper he presented Tuesday (Nov. 19) before the annual meeting of the American Society of Agronomy here.

Dr. Allen's study, a Rockefeller Foundation research project, determined the origin of

the various soils in the Papaloapan Basin and established its mineral content. His information showed that the soil's parent materials have a definite influence not only on the outward appearance of the soil, but on its structure as well.

Research of this type provides information on the capabilities of the soil and what it can be best used for.

Dr. Allen is a member of a 10-man delegation from Texas Tech attending the four-day annual meeting. The Tech delegation also includes Dr. Arthur W. Young, head of the agronomy and range management department, Dr. Clark Harvey, professor of agronomy and range management, two graduate students in agronomy and range management, and five undergraduates.

### GSPA To Meet In Plainview

The Grain Sorghum Producers Association will hold directors meeting in Plainview Tuesday, November 26. Elbert Harp of Abernathy, Association president, indicated that approximately 30 farmers from throughout the High Plains will participate in the meeting.

Harp said that in addition to giving direction to the area-wide organization program it is expected that the Directors will enter into discussions and gain information which will be helpful to them as they conduct local meetings in their individual counties during the next several weeks.

One of the newest grain sorghum production innovations, that of solid drill planting grain sorghum combined with flame cultivation this past year on the Frank Moore farm in Hale County, will be reviewed as Bedford Forest of the High Plains Research Foundation presents the results which pushed sorghum yield from 5400 lbs. to 6900 lbs.

During the business session President Harp has indicated that the Directors will study the current policies being advocated by various groups for future feed grains legislation and evaluate them in light of their effect on grain sorghum production.

He said the group will also set a date for its regular Annual Meeting to be held in the spring and adopt a policy relative to working with and for area grain sorghum interests in various counties which may not have Association membership participation.

Association directors from Parmer County expected to participate will be Tom Caldwell of Bovina and Gabe Anderson, Jr., of Bovina.

### Proper Care And Roasting Of Turkey Stressed By Home Economists

Every year after Thanksgiving time and around Christmas time, we have many reports of intestinal "flu", up-set stomach and cases of food poisoning. Many times it can be traced back to the improper care of turkeys before or after cooking and this is especially true of chicken broth, gravies or stuffed turkeys.

Chicken, turkey or meat broths are ideal culture for the growth of bacteria (when left at room temperature) that cause food poisoning. Sometimes the up-set stomach is only a mild case of food poisoning.

**SOME DON'T TO REMEMBER**

- Don't partially roast a large turkey one day, leaving it out of refrigerator overnight, and complete the roasting next day.
- Don't freeze a roasted stuffed turkey.
- Don't leave drippings or broth of turkey or chicken at room temperature for more than an hour. Refrigerate until ready for use.
- Completely thaw bird before roasting.
- Refrigerate left over chicken or turkey at once.
- Refrigerate stuffing and gravy at once. These spoil quickly if kept warm very long.
- Heat left over gravies and stuffing thoroughly to serve.

**SIMMERED BIRD (TURKEY OR CHICKEN)**  
If you have simmered a chicken or turkey, cook it quickly this way: Lift bird from hot broth to wire rack to cool. Cool

kettle of broth in cold water in sink, changing water and changing broth often. At end of 1/2 hour (no longer) put both bird and broth in refrigerator at once. Use within three days.

There are two popular methods of cooking turkey. That of roasting, with the rich full roasted flavor, by means of dry heat. The other is baked turkey, that has a steamed flavor and is cooked with a cover over the turkey.

**ROAST TURKEY**  
Correct roasting is slow cooking by dry heat (on a rack) in an open shallow pan. No water, no cover.

To thaw frozen turkey; follow label direction on package or thaw in original wrapper in refrigerator, allowing:

Ready to Cook Weight:	App. Thawing Time:
4 to 12 lbs.	1 to 2 days
12 to 20 lbs.	2 to 3 days
20 to 24 lbs.	3 to 4 days

**Prepare Turkey for Oven:**  
Season neck and body cavities lightly with salt and sprinkle with pepper. Do not Salt Outside Skin of bird. If you wish bird stuffed, place enough dressing in neck to fill out skin nicely. Fasten neck skin to back (with skewers or needle and thread.) Stuff body cavity lightly. Close opening to hold dressing. Bring leg ends together and tie to tail. Grease skin well with softened non-salted fat.

**TO ROAST:**  
1. Start oven at 325 degrees F  
2. Place turkey, with breast side up on wire rack in shallow open pan. When turkey starts to brown, cover top and sides with piece of cheesecloth dipped in non-salted fat or salad oil. If the bird is more than 12 $\frac{1}{2}$  lbs., you may want to wrap end of leg bone to prevent drying. If cheesecloth dries, remove and moisten with some of drippings in pan. When turkey is about two thirds done, cut string between drumsticks. Do not puncture skin with fork, this lets out juices.  
Approximate 22 to 25 minutes per pound (dressed weight)

may be allowed for roasting.

TIME TABLE FOR ROASTING STUFFED TURKEY
Ready to Oven Approx. cook weight temp. time
8-14 lbs. 325 deg. 3 1/2-4 hrs.
14-30 lbs. 300 deg. 4 - 8 hrs.

### FOOTSAVING EDUCATION

by James E. Edwards

### Our Children Have Very Narrow Heels

Narrow heels are "tough". They contribute much to the fact that seven out of every ten of us acquire foot defects before our feet are fully grown.

The difficulty is compounded by the fact that all heels are narrower when the foot is going forward than they are when we are throwing our weight onto them. The cushion of the heel spreads in weight-bearing.

If a manufacturer made all of his shoes with extremely narrow heels, the spreading of the heels of the feet would ruin the counters of the shoes in a short time.

The ideal answer, of course, would be handmade shoes but at what price? The second best answer is a shoe-fitter who can choose the right shoes for your child.

# Western Fertilizer Plans Production by January 15

The completion date of Western Ammonia Corporation's 3 1/2 million dollar plant at Dimmitt, Texas is continuing into its later stages with the first day of production tentatively set for early 1964, with a target date of January 15. This announcement was made public by E. J. McMillan, vice president and general manager of the company.

The Western Ammonia Corporation received its charter to do business in the state in February of 1963 for the purpose of constructing and operating an ammonia products plant and related facilities to be located southeast of Dimmitt.

This plant will produce anhydrous ammonia fertilizer which will be its major product but will also engage in distributing and retailing many types of fertilizers under the trade name of Western Fertilizers.

The plant's daily production of ammonia will be approximately 150,000 pounds. Facilities for storing up to 12,000 tons of the finished product are being provided.

The plant's general management and administrative offices will be located at the plant site in Dimmitt. It is estimated that initial employment will be near 30. The immediate objective will be to produce and supply the local area with anhydrous ammonia and other fertilizers.

"Our plant is located primarily to service this area of highly

developed irrigated farming so as to have a close relationship between producer and farmer and to fulfill the fertilizer needs of this area more fully," McMillan said. "Our plant will have the most modern equipment and will utilize the most effective methods in supplying the farmers of this area with a performance proven product and will make available to them the latest techniques to obtain maximum results."

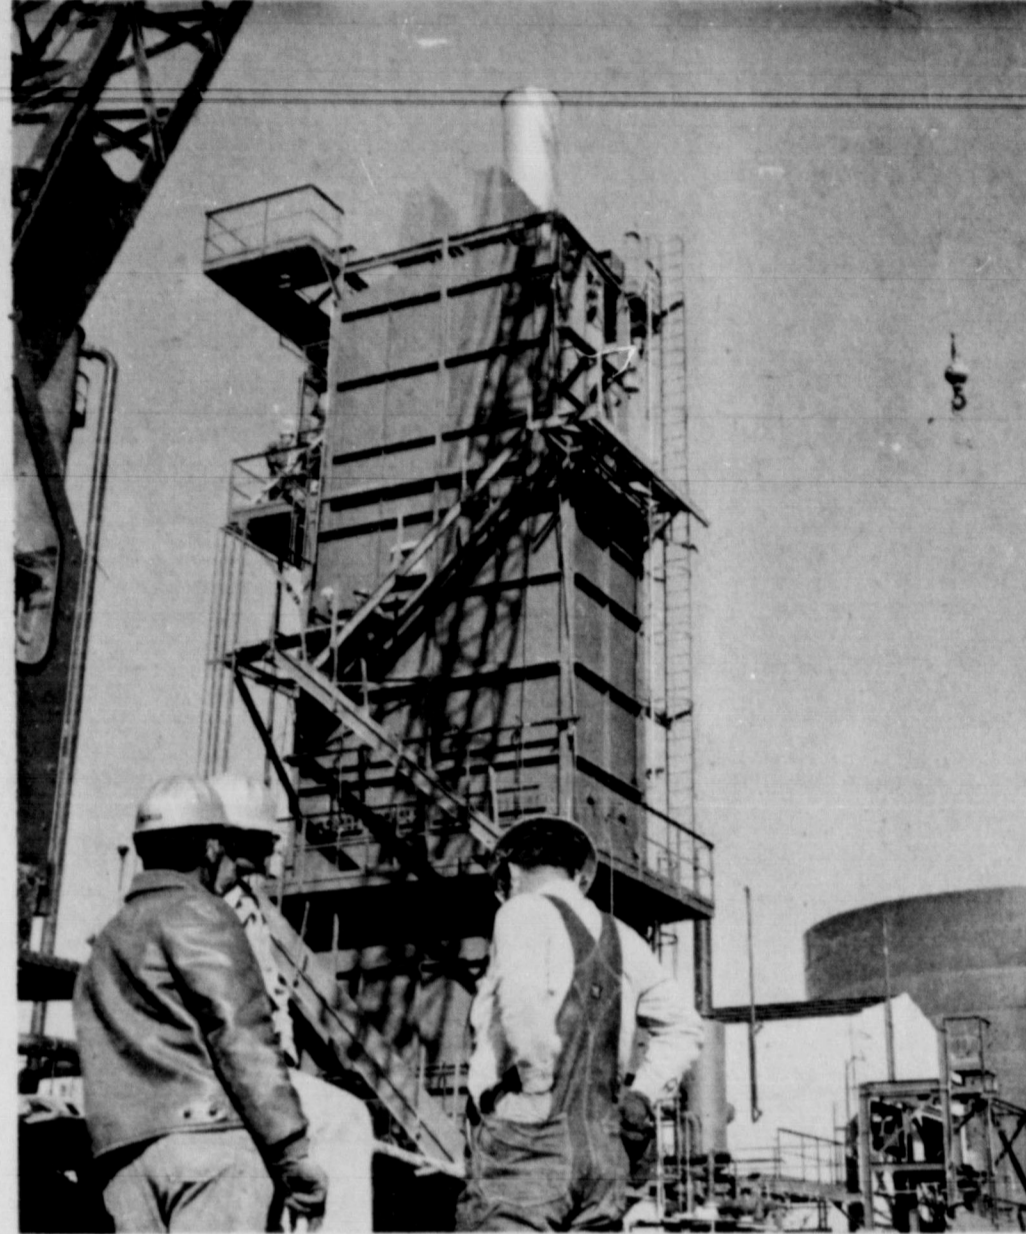

"Dr. William Bennett, former soil chemist at Texas A&M, has become associated with our company and will make available his many years of experience and extensive knowledge in the field of agriculture to our customers. Dr. Bennett will assist farmers in this area on fertility problems and advise with them in their fertilizer use program to obtain a more efficient and profitable use of fertilizer."

The Western Ammonia Corporation plant is under construction contract to three companies. The major process equipment is under contract to the Foster Wheeler Corporation of Livingston, New Jersey. The refrigeration plant, water treatment plant, maintenance building, railroad track scales and truck scales are being installed by the Orteoff Construction Company. The 12,000 ton storage tank is being erected by the Chicago Bridge and Iron Company.

Dimmitt is a convenient site for the plant, since the raw materials required for the production of anhydrous ammonia are air, gas and water, all of which are available in adequate quantities in Castro county. The project plant life should be in excess of 30 years which is a conservative estimate given by the experts.

The executive offices of the firm are located in Midland, on the 11th floor of the T-J Tower building. Its officers are:

George H. Landreth, president; Roy E. Campbell, execu-

Workmen pause to survey the imposing processing facilities of Western Fertilizer which are under construction near Dimmitt. The plant, which is the only one of its kind on the High Plains, will use natural gas from a Pioneer Gas Company line that passes through the area, and couple it with underground water and plain air to produce anhydrous ammonia fertilizer.

utive vice president; Edmond J. McMillan, vice president and general manager; Robert M. Liebrock, secretary, vice president; F. H. Callaway, treasurer, assistant secretary.

DARRELL MARTIN  
Western Ammonia Sales Mgr.

## INSIDE INDUSTRY

Invention of the grain harvester was something of a father-son operation . . . Robert McCormick had been working vainly to perfect a satisfactory mechanical harvester for 15 long years and finally gave up, in disgust, in May 1831 . . . His oldest son, Cyrus, who had some success in developing minor time-saving farm implements, decided to take over . . . Amazingly enough, within a few months, the 22-year-old youth had built a reaper that worked . . . This was the first real success in the mechanization of a harvesting process that had been done solely by hand since the days of the ancient Egyptians . . . Basically, the first horse-drawn McCormick reaper had seven essential elements: a straight knife with a serrated edge and reciprocal or vibrating motion; a platform behind the knife to receive the cut grain; fingers or guards extending from the platform to keep the grain from slipping sideways; a revolving reel to hold the grain against the knife and lay the cut stalks on the platform; forward draft from the right or stubble side by means of shafts attached in front to the master wheel; a divider on the left side to separate the grain to be cut from that to be left standing and a master wheel to carry most of the weight of the machine and furnish power . . . Young McCormick, something of a perfectionist, was not satisfied with the reaper's performance even though it assuaged all who saw it . . . He went on improving the machine for some years, selling only an occasional machine in response to pressure from friends . . . In 1840 McCormick finally decided that his invention was good enough to be marketed on a broad scale . . . The panic of 1837 had wiped out both his and his father's financial reserves so they had to plunge deep into debt to finance the manufacture and marketing of the reaper . . . The gamble paid off handsomely and by 1850 sales had soared into the thousands; the McCormick enterprise was on its way to becoming one of the greatest and most fabulously successful in industrial history.

## Fat Cattle Market Under High Pressure

Liberal marketings of fed heifer beef, 600-750 pounds was quoted in Denver at \$36.25 to \$37.25, down a full dollar from last month. At Chicago, Choice steer beef dropped \$1.50 to \$2.00. In New York, Choice steer beef 600-700 pounds sold at \$39.50 to \$40.00, compared to \$41.00 to \$41.50 at last month's close.

With increasing feed costs and lower slaughter cattle prices, feedlot operators find themselves in a serious cost-price squeeze. Feeder cattle prices worked lower this month as cattle feeders attempted to bring their replacement costs more in line. Rains in many areas of the state improved pasture and range conditions and forced movement of cattle was slowed. There appears to be a considerable volume of yearling cattle yet unsold. Prices for all classes of feeder cattle were \$1.50 to \$3.00 lower with even greater declines on plain heavier weight kinds. Wheat pasture prospects look good, but additional rain is needed for full development.

Compared to the previous month, dressed beef prices closed \$1.00 to \$2.00 lower, with the most price pressure on the heavier weight carcasses. At Los Angeles, Choice steer beef 650-700 pounds sold at \$39.50 to \$40.00, down \$1.00 from last month. Good and Choice calf 200-300 was selling at \$47.00 to \$49.00, down slightly compared to last month. Good steer beef 500-700 pounds sold in Houston at the month's close at \$40.00 to \$42.00 compared to \$41.00 to \$42.00 last month. Good calf at Houston in the 250-350 weight range brought \$41.50-\$43.00, down \$1.00 from last month.

At San Antonio, Good steer and heifer beef 400-600 pounds sold at \$38.00 to \$40.00 compared to \$39.00 to \$42.00 last month. Good calf also declined \$1.00 during the month. Choice

## NOTICE TO BIDDERS

Notice is hereby given that Farmer County will accept bids at the office of the County Judge, Court House, Farwell, Texas until 10:00 o'clock A.M. on December 9, 1963 for the purchase of three (3) automobiles with the following specifications:

1. Four door sedan, solid white color
2. Automatic transmission
3. Not less than 280 cu. inch engine, and not less than 115 inch wheel base.
4. Alternator
5. Side mirror and spot light.
6. Black wall tires, standard size.
7. Hot water heater and radio.
8. Two speed electric windshield wipers, and windshield washer.
9. Tinted windshield.
10. Heavy duty radiator.
11. Seat belts for front seats.

LOYDE A. BREWER,  
COUNTY JUDGE,  
FARMER COUNTY, TEXAS.

## CLOVIS LIVESTOCK

CLOVIS (UPD)— USDA Clovis Livestock:

Cattle 4,000. Two-day totals 5,100. Compared to last Thursday slaughter steers and heifers too few to establish trend. Cows fully 50 lower. Bulls 50 to 1.00 lower. Feeder cattle and calves 50-1.00 lower early and stock cows weak to 50 lower.

Slaughter classes: Utility and commercial cows 11.75-14, few high-yielding commercial and standard 14-15.30, Canner and cutter 8.50-13, Utility and commercial bulls 15.50-17.70, Cutter 14-16.

Feeders: Choice 450-650 lb. steers 21-23.50, Good 18.50-22, Medium 15.50-19.50, Good and choice 650-800 lb steers 18-21, medium 15-18.75, Choice 450-600 lb heifers 19.50-22.50, good 17.50-20.50, medium 15-18.50, Few good and choice 600-750 lb heifers 17-20, Choice 250-480 lb steers 23.75-27, Good 21.50-24.50, Medium 18-22.50, Choice 250-450 lb heifers 21.50-24.50, Good 19-22.50, medium 17.50-20, Medium and good stock cows 10.50-15, Few good and choice 15-17.20, Few medium and good aged stock cows 82-110 per head. Medium and good cow and calf pairs 135-170 per pair.

Hogs 100. Barrows, gilts and sows steady, U.S. No. 1-3 200-240 lb barrows and gilts 14.75, No. 1-3 180-190 lbs and 250-280 lbs 4.25-14.50, No. 1-3 300-600 lb sows 11.50-13.

Tuberculosis is contagious, not inherited, can strike anyone.

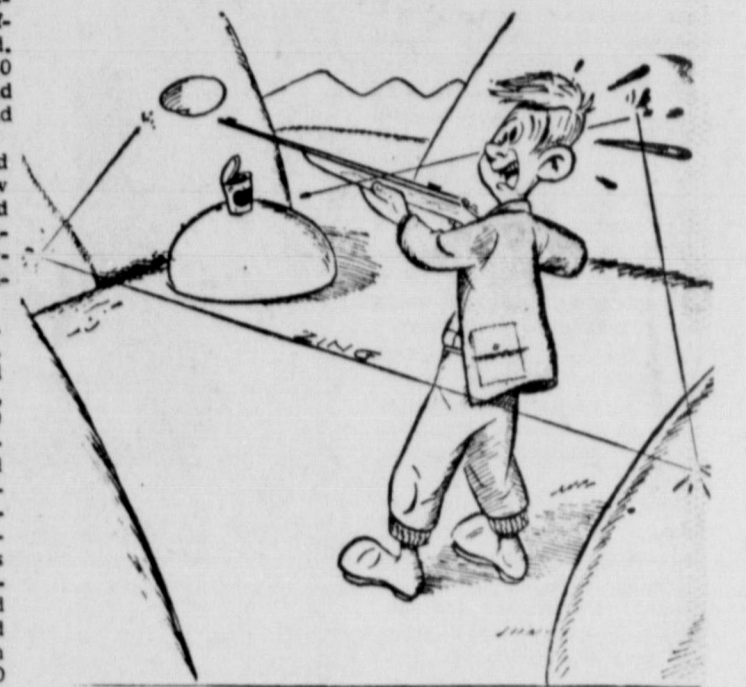

Tuberculosis usually has no symptoms in the early stages.

Tuberculosis can be cured if found early and treated properly.

## Wildlife Willie

by Charles Hjelt

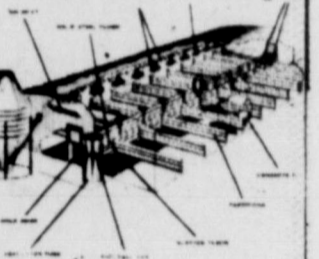

NEVER SHOOT AT A FLAT HARD SURFACE OR THE SURFACE OF WATER!

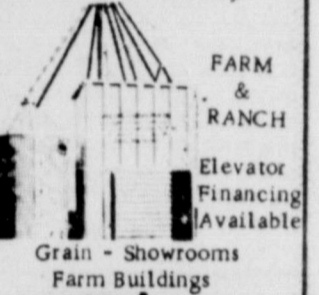

Measures recommended by eradication program experts that will aid in the battle to eliminate the screwworm from the Southwest include frequent inspection of livestock, treatment of wounds with smears and sprays and collection of samples from infested wounds so that positive identification of the insect can be made.

Sexually sterile screwworm flies are released near farms and ranches where screwworms are reported. The sterile males mate with native females, thus causing the eggs that are laid

# '63 Season: G-r-r-r-eat

## Winning Record First Since 1958

By BILL ELLIS  
Editor, Friona Star

According to the record, the first football team at Friona High School was organized in 1921. There have been numerous times in the ensuing years when coaches, players and fans alike must have wondered why they ever bothered.

But, ever so often, a season like the one just ended would come along, and Friona football fans readily admit that the "lean years" are worth it, after all.

By compiling an 8-2 record, the 1963 Chieftains not only broke their 27-game losing streak, but became the talk of the football world by going from such a losing streak to an eight-game winning strutt.

The Chiefs, with Don Light making his debut as head coach at Friona, posted their first winning season since 1958, when Friona finished with a 6-3-1 mark under Clyde Hudrinn.

The 8-2 record is the best in 28 years at Friona. In 1935, the Chieftains lost only to Hereford, although the exact number of games played isn't certain. So, the 1963 team may have set a record for number of victories. At least, no one has produced bona-fide proof that Friona had won eight games in a season previous to this year.

Fans sensed a change in things in the opening minutes of the season opener here against arch-rival Farwell. The Chieftains took the opening kickoff and began a steady march. They didn't give up the ball until they had driven 70 yards for the touchdown and taken a 6-0 lead.

Milton Hargus's thrilling 85-yard kickoff return and 92-yard run from scrimmage packed the second quarter with excitement, and erased a temporary 7-6 Farwell lead, shooting Friona into a 20-6 halftime lead, one they were not to lose.

Farwell rallied for a 20-13 deficit, but Hargus added a 40-yard clincher in the 26-13 upset, snapping the losing streak, and beating Farwell for the first time since 1958.

If fans wondered whether they could believe their eyes, the team gave them a partial answer against Sudan in the second game. With Hargus, Everett Cee and Doug Dodd carrying the mill, the Chiefs overcame a 14-8 Sudan lead for a 28-14 win.

Hargus duplicated his 92-yard run in the Sudan game, scoring twice, running his total to 30 points in the first two games. The team faced a test in the third game at Memphis. A disciplinary problem robbed the team of some starters, but Memphis couldn't have been convinced of this, as the Cyclone was tamed, 33-14.

The Chiefs scored on their first offensive play, Cee going 30 yards up the middle, and Friona was never threatened.

Another test faced Friona in its fourth game at Plains. The Cowboys were potentially the best team the Chiefs had faced. Friona spluttered for the better part of the first quarter, Plains taking a 13-0 halftime lead.

The Chiefs finally began to move, however, and after chipping the lead to 13-8, there was no stopping the rampaging warriors from scoring the winning touchdown in the final minutes of play in a 15-13 thriller.

Hargus' Cowboys were the next brand of Cowboys to learn that 1963 was no year for Cowboys when Indians (Chieftains) are concerned. The Tribe scalped the homecomers for 40 points, their season high, in taking a 40-14 win.

Dodd was the offensive star, scoring twice and booting four extra points. Against Bovina the following week, the Chiefs turned on the defense, and the offense took care of itself. Although holding just a 12-0 lead at halftime, Friona had allowed their county neighbor just one first-down and 18 yards. It was still just 18-0 entering the final quarter, but before the

(Continued on Page 3)

HITTING THE HAY . . . Football has strange effects on both coaches and players. One habit noticed by the Star photographer in this candid shot was the coaches' peculiar liking for a nibble of grass from the turf at Chieftain Field. For their benefit, maybe a different "flavor" should be planted next year, to sort of change it up.

### Four All-State In Four Years

Four players from Friona High School have been named to all-state girls basketball teams in the past four years.

Named in 1960 were Jacquelyn Magness and Lawana Houlter, while Janet Buckley and Kay Burleson made the team last year.

### Record Runs

Milton Hargus, junior halfback, ran 92 yards for touchdowns against Farwell and Sudan, but this isn't a school record.

J. W. Baxter ran 97 yards from scrimmage in the 1958 team's 15-12 win, and if this isn't the all-time record, we'll gladly stand corrected.

Friona's 1963 Chieftains, by scoring 213 points, scored more points than the last two years combined, and the most since the 1959 team, which won 4 and lost 6. That team scored 220 points.

# GOOD NUCLEUS Squaws To Defend Titles

Eleven lettermen were on the squad as the Friona Squaws open their 1963-64 basketball season. Returning starters included forwards Annette (Tid) Jennings, and Charlotte Nettles, who were the top two scorers for the Squaws, the number three team in the state in class AA last season.

Coach Baker Duggins still is faced with replacing half of his starting lineup which won the district, bi-district and regional titles a year ago. Players lost by graduation were all-district performers Janet Buckley, Kay Burleson and Shandra Hoover.

"I think we have the girls to replace our losses. The rest of the teams in our district may expect us to be 'down' this year, but we may fool them," Duggins says.

The Friona coach explained that two teams in District 3-AA, Morton and Mulshoe, lost no starters, and Dimmitt lost just one. Norton was second to Friona last year, and Dimmitt third.

"We're as good fundamentally right now as we were this time last year. Of course, last year's team imposed with each game, and we'll have to do the same again," Duggins states.

Among the returning lettermen are starters Jennings, who compiled an 18.5-point per game scoring average last year, and Nettles, who had a 17.2 scoring average. Jennings scored 634 points in 34 games as a sophomore to pace the team. Another junior who started last year is Glenda McClellan, the team's top rebounder as a sophomore. Also, Carolyn Herring, who

SQUAW LEADERS . . . Coach Baker Duggins and the three captains of the Friona Squaws get together. The captains are, left to right, Carolyn Herring, Charlotte Nettles and Glenda McClellan.

# Duggins In Ninth Year As Squaws' Head Coach

## HAS IMPRESSIVE RECORD

Coach Baker Duggins begins his ninth year as head coach of the Friona Squaws this season, and the popular redhead will be out to add to the already impressive record posted by his girls basketball team.

In eight years, Duggins' teams have won the district championship five times, bi-district three times, and twice have gone to the state tournament.

The 1960 Squaw team went all the way to the state finals before bowing to Buna, 66-63. Last year's team won, third place in the state tourney, after dropping their opening game there.

In the past seven years, Duggins' record at FHS is 183 wins and only 26 losses, for a winning percentage of 87.6, or an average of 26 wins per year, or just 3.7 losses. His first year, 1955-56, was a building year, as the team broke even.

The best record for a Duggins-coached team at Friona from a percentage standpoint was in 1958-59, when the team finished with a 28-1 mark, losing to eventual state champion Abertown in bi-district.

Duggins, a graduate of Panhandle AAM, Goodwell, Oklahoma, worked in the circulation department for two years before entering the coaching and teaching field.

In 1951, Duggins went to Beaver, Oklahoma, where he was assistant football coach and handled both boys and girls basketball. "We won district with boys and girls, but just had one team to beat in district," the redhead says, pointing out that travel distances caused the two-team district set-up.

After a year at Beaver, Duggins was lured from the Sooner State to Stratford, where he coached three years, winning district two years with his girls teams, and going to regional one year.

### Duggins' Friona Record

NEW COACH DEBUTS

Chief Basketball Team To Feature Experience

Four players who started most of Friona's basketball games last year, including the team's top scorers, are among the candidates for the 1963-64 Chiefs basketball team.

The players are Larry Buckley, 6-3 junior who led the team in scoring last year, as a sophomore, Danny Murphy, 6-3 junior, who was second in the scoring derby last year, and S. D. Balize and Dale Miller.

Balize, a senior, was fourth in scoring last season, and Miller was fifth, so the Chiefs return four of their top five scorers from last year's young team, which finished the season with a flash, placing third in district play with a 4-4 record.

The Chiefs will make their debut under a new coach, C. W. (Dob) Dukes, who replaced Vernon Scott as assistant football coach and head of the boys

basketball program this year.

Although Dukes is more widely known lately for the success of his girls basketball teams at Sun-down High School, which won 93 games and lost only 10 the past three years, including three straight state championships, he's no stranger to the sport as played by the boys.

As a matter of fact, Dukes started out coaching both boys and girls at Bula and later at Lutz-bodde, in fact, at both Bula and Lutzbodde, Dukes was in charge of the entire athletic program.

The best his boys team was able to place at Lutzbodde was second in 1955, but he had the misfortune to be in the same district with the Friona Mustangs that year, when the Mustangs powered their way to the state meet.

Actually, the Chiefs lost just three seniors off their 1962-63 squad, Billy Thomas, Max

Heene and Dwight Bates, Thomas

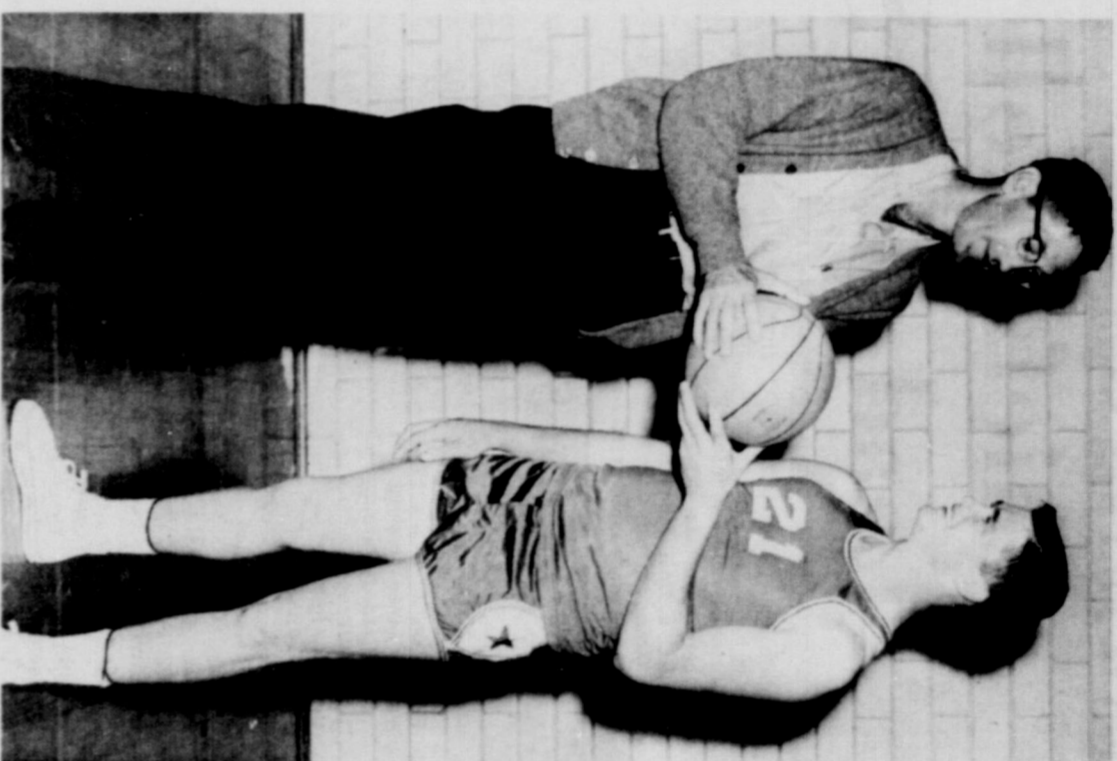

was third-leading scorer, and Heene was sixth, although he was a strong man on the boards.

The Chiefs posted a mediocre-sounding 9-17 record last year, but lost several heartbreakers. They would have placed higher in district except for two overtime losses. In district play, the Chiefs averaged 50.1 points per game, to 46.3 for their opponents.

Another returning letterman this year is Jim Sneed, who was the top free-throw shooter last year as a sophomore reserve. Others out for the team who saw action in 1962-63 are Wayne Jones, Doug Dodd, and Milton Harigus.

Gary Henner, who played as a sophomore but didn't come out last year, is again out for the team.

Those reporting for the squad include seniors Jones, Balize, Bob Welch, and former juniors Buckley, Miller, Sneed, Dodd, Jackie Sowers, Ronnie Brookfield, Danny Murphy, Milton Harigus, Darrell Collier and Jerry Cass. Sophomores up from the freshman team are Travis Graves, Lonnie Ellis, Joe Mabry, Eldon Long, Bob Sims, Tim Herring and Eugene Westheely.

TWO TALL MEN . . . Coach C. W. Dukes chats with 6-3 Larry Buckley, who was the Chiefs' leading scorer last year as a sophomore.

1963 Scoring

	G	FG	FT	TP	AVG.

\*Graduated

Chiefs Lead--

(Continued from Page 5)

against Bostona. The Mustangs made the lowest first downs of any 1963 Friona opponent, six. Bostona also had the lowest rushing and total offense marks of any season opponent, 31 and 53 yards respectively.

A total of four teams were held to no passing yards, with Dimmitt having the least success, failing on 12 passing attempts to complete a pass against Friona.

Olton, in the final game of the season, rolled up the highest yardage total, against Friona, with 251 rushing and 296 total. Most yards given up by passing was to Suda, which gained 107 yards in the second game of the season here.

The Chiefs averaged 21.3 points per game to 10.8 for opponents, comparing to 6.6 and 35.2 last year.

The 106 points allowed by the Friona Chiefs in 1963 were the least since the 1952 team gave up 103 in nine games for Raymond Cook's district champs. His 1951 team was even more defensive-minded, allowing just 39 points all year in finishing 7-2.

Friona's 20-0 win at Dimmitt October 25 was the first Friona win over the Bobcats in 19 years. Although they haven't played every year, Friona's last win was 30-0 by the 1944 team which tied Hereford for the district title.

Winning Record..

(Continued from Page 2)

Mustangs could draw the curtain, Friona had cashed in for 20 more points, including a "heads up" touchdown by Balize, who recovered a kickoff in the Bostona end zone.

That left the season record at 6-0, gave the Chiefs an open date, and time to work on their district opener against Dimmitt.

The Bobcats hadn't lost a game to Friona since 'way back in 1944, and Friona was out to make up for lost time. The Chiefs scored the first time they had the ball, Gary Renner hitting Balize on a 122-yard pass play on fourth down that shot the Chiefs out from 7-0, Dimmitt just never could go against the fired-up Chiefs. The Bobcats' only scoring threat was held on the Friona six-yard line, and this seemed to break their back. Friona made off with a 20-0 district-opening win.

The Chiefs met the first in a series of three hard-hitting teams when the Morton Indians came to town November 1. Morton was big and strong. They marched steadily for the game's first score, and led 6-0 at halftime.

But Friona came back, and Tommy Baxter became the hero by scoring the tying touchdown. Dodd blared the spotlight by calmly splitting the uprights for a big 7-6 win, extending Friona's incredible about-face winning streak to eight games.

The team went to Muleshoe bent on felling the Mules' bid to repeat as district champions. For almost three quarters it was a standoff, Friona turning in a fantastic defensive effort.

But Muleshoe broke the ice, and Friona couldn't make its offense click. The Mules thus snipped the Chiefs' streak, but the 13-0 win was much harder for Muleshoe to come by than last year's 42-0 breeze.

Olton had a week's rest while the Chiefs were taking their jumps at Muleshoe. So the Mustangs were hale and hearty when they came here for the season finale. Olton took a 7-0 lead at halftime, then scored two touchdowns within a minute of play late in the third period, for a commanding 21-0 edge. By the time the Chiefs scored their only TD, there was less than three minutes to play.

So, the Chiefs had to settle for an 8-2 record, but that in itself is the best in many years, and is even more impressive considering the odds they were battling in overcoming a "losing tradition."

Record Given

Following are the season records for all years available through records of the Friona Star, Friona High School, and local residents.

YEAR	RECORD	PTS.	OPP.
1963	8-2	213	108

COACH DON LIGHT

Coach Light Praises Work Of 1963 Chiefs

Coach Don Light stated following the final football game of the season "This isn't been a short season? The boys really came along a lot faster than we had hoped prior to the season."

Light stated that the opening win over Farwell was the big factor in Friona turning out on 8-2 season record. "The coaches thought all along that if we could win the first game, we'd have a good year."

The Friona coach said the coaching staff didn't use any special psychology prior to the Farwell game. "We simply pointed out things that the boys needed to do in order to win. We convinced the boys that if they did them, they would beat Farwell."

Light thought the team was lucky in regard to injuries. "We had the reverse of any year I have coached," he said. Glenn Herring had to have a knee operation, and this was about the most serious injury on the team.

"We sure appreciate the support by Friona fans and the community as a whole," Light said.

About next year, the Friona coach says "We're losing some good seniors, and some will be hard to replace."

One thing about it, the future-maker has a full year to work on that problem, rather than a few short weeks, as has been prior to the season.

# SENIOR FULLBACK Gee Leads Team In Four Statistical Departments

Everett Gee, senior fullback, captured four team honors for the 1963 football season just ended, according to statistics tabulated by the Friona Star. Gee won the individual rushing title with 651 yards gained, was the scoring leader with 44 points, punting specialist with a

EVERETT GEE

35-yard per kick average, and returned nine kicks 179 yards. One of the team's three captains, Gee had a 6.1-yard-per-carry average in the rushing department, on 107 carries. He overtook teammate Milton Hargus in district play to win the title. Hargus, who started the season with a flash, gained only 30 net yards in district play; he finished with 590 yards for the season.

Doug Dodd, last year's rushing champion, was third with 475 yards, although gaining 164 more yards than he did last year. In fact, Gary Remmer, who was fourth this season with 317 rushing yards, topped the figure for last year's leader, which was 311 yards.

Gee won the scoring derby, which was almost equally divided among five players. His two-point conversion by running against Sudan enabled him to edge Remmer, 44-42 for the title. Both scored seven touchdowns. Doss, who likewise was the scoring leader a year ago, was third this season with 37 points, which was 17 more than he scored in 1962. Milton Hargus was next with 36 points, and end S. D. Baize scored five touchdowns for 30 points.

## Eighth Graders Were Victims Of 'Closies'

Friona's eighth grade team completed just a 1-6-1 season record, but a glance at the scores proves that the record is deceptive. For instance, the team lost four of its first five games by four points each. The team led at halftime several times, only to lose in the second half. Delbert Davis was the team's top scorer. Defensive standouts, according to Coach Tom Jarboe, were John Bill McFarland, Larry Graves, and Fandy Ellis. On offense, Ruben DeLeon, Davis, Frankie Altman and Ronnie Stevick stood out. Hickey, Hurst, Ellis, Fandy Altman and Frankie Altman did a good job learning different assignments and "filled in" anywhere needed, Jarboe said. Longest run from scrimmage for the year was by Altman, 75 yards against Morton.

# Chiefs Roll Up Big Statistical Lead Over Season Opponents

Despite losing their last two games of the season, the Friona Chiefs still held a wide lead over their opponents in team statistics, a final completion of the season. The Chiefs made a total of 152

first downs for 388 yards, 106 for their ten opponents. Friona ran the ball for 2,520 yards on the ground, over 1,000 more yards than their opponents, who picked up 1,436

Some contrasting figures from last year's team statistics revealed the following comparisons: Opponents averaged 18 first downs in 1962 to mine for Friona. They rushed for an average of 318 yards per game, and passed for 84 yards per game to 33 for the Chiefs.

DISTRICT STATISTICS (FOR DISTRICT GAMES ONLY)			
Category	Friona	Opponents	
First Downs	107	651	
Yards Gained Rushing	75	590	
Yards Gained Passing	91	475	
Total Offense	86	317	
Passes Attempted	42	273	
Passes Completed	9	91	
Per Cent of Passes Completed	21.4	33.3	
Number of Punts	4	44	
Punting Average, Yards	10	35	
Number of Penalties	1	7	
Yards Penalized	7	34	

Friona passed for 388 yards, some 53 more than their opponents, although the opposition attempted more passes, 86, to Friona's 57. The Chiefs were able to complete 20 passes, or 35.1 of all they threw, to 19 for their opponents, who clicked on just 22.1 per cent of their passes, speaking well of Friona's pass defense.

While Friona's passing percentage (.346) compares on a par with 20 tries) wasn't impressive in itself, its pass defense of just 25 attempted (just 12 per cent) was a fabulous accomplishment.

INDIVIDUAL RUSHING

Everett Gee	0	0	0
Totals	9	9	137

The longest run from scrimmage by a member of the team was 40 yards by Johnny Barker. Longest touchdown pass was from Barker to Danny Carthel, 25 yards. Longest punt return was 55 yards by Gonzalez, and most touchdowns passed caught were two, by Carthel.

Friona racked up its season high totals in first downs, yards rushing and total offense against class B county rival Bowling. The Chiefs had 23 first downs, 417 yards rushing and 451 total yards.

INDIVIDUAL PUNTING			
PLAYER	NO.	YDS	AVG.
Everett Gee	15	505	33.7
S. D. Baize	1	43	43.0
Totals	16	548	34.3

"Of course, some of the boys didn't get to play much in our games, but they did their part by playing defense and running offense against our first-unit every day. They worked with a hard as the rest, and with a year's

Friona's rushing yardage for district against the Bobcats (66) and also gained the most total yards, 230.
