Political Announcement

I should like to inform the vot ers of Terrell County that, be cause of the insistence of numerous friends that I can be of service to the community as a trustee of the Terrell County School District, I am announcing my candidacy. I had considered this before, but had decided against it. It seems that my decision disappointed a number of people. I have resided in Sanderson for the past twelve and onehalf years. I have had children in school for twenty-four years four of whom were graduated from the Sanderson High School four of whom are presently enrolled in the local schools. I do not confine my interest to my own children, but am interested in the welfare of all children.

Over the years, I have made a point of acquainting myself with the procedures involved in operating the schools; and have made it my business to keep abreast of things concerning the schools

The only qualifications which I can truthfully offer are honesty, integrity, years of experience budget-wise, and a sincere desire to be of service to the citizens of Terrell County, especially to the children and to the tax-payers Your support will be greatly appreciated, and, if sufficient to elect me, will assure you of fair and impartial service. Mrs. J. M. Jones.
