

LISTEN TO LUKE

By Albert:---
One of the big gripes of the printing industry over the years has been the fact that they were not able to compete with the post office department in the sale of envelopes.

Uncle Sam still won't let us print the stamp on the envelopes, but his price is getting more in line with regular retail prices now.

We would ask that you investigate those prices before you place your next order for stamped envelopes printed.

We read recently, and have not had a chance to comment on the fact that the governor recently advocated the inclusion of \$25 to \$50 millions of dollars in the next budget for the purchase of additional land for state parks, and the LBJ state park was specifically mentioned.

Whose vote is he trying to get?

There is in this week's paper, a story about the coming of a representative of the Sears Roebuck foundation to Sanderson on February 7 to tell the people here what his organization can do to help us get a doctor.

There is also, on Page Five, the Medical-Economic Survey reprinted for the information of the people

These figures are an estimate of what is going out of town in the way of travel expenses, doctor bills, etc., some of which would not be spent out of town if there were facilities and people here to take care of the needs in this category.

This information, and relief from the expense related to it, should be of interest to everyone who has any interest in the town or who has any friend that does.

Besides the economic value, there is also the unpredictable value of having a competent and efficient doctor on hand to meet the needs of the sick people here and in case of an emergency.

No one here knows what the man will recommend or what information he may have. There is no way to know whether or not we think anything of what he might happen to bring, only to be on hand and hear it for ourselves.

With the way that rumors have been flying around lately, it might be well for all to be at the courthouse on that date and hear what the man has to say, otherwise there will be such a distortion to what might be said that it would be unrecognizable.

The story is going around that the boy who spent a lot of time and money in an effort to find himself found that he was the son of the people who tried for years to tell him who he was.

One rumor that we ran down this week was the one about the reported funds that were available for dam construction that were not being used.

In contacting County Judge R. S. Wilkinson he stated that no funds were on hand, promised, or allocated for the construction of a dam or dams in Terrell County, and there had been no state money received or sent for

Letter Sets Date For Tour For Dam Survey

County Judge R. S. Wilkinson received a letter Tuesday morning of this week setting the date for the tour of the watershed to establish a priority for the dam work proposed.

The letter follows:

"It is the practice of the State Soil and Water Conservation Board to make tours and hold informal hearings in watersheds prior to considering them for priorities under Public Law 566. We have a number of watersheds throughout the state that the Board has not visited and the Sanderson Canyon watershed is one of these. Since we plan to grant additional planning priorities in March or April, 1966, it is necessary that we visit all the watersheds that appear to be ready for planning priorities between now and then.

"We have tentatively scheduled the Sanderson Canyon watershed for February 23. The tour beginning at 10:00 a. m. and the informal public hearing at 1:30 p. m.

"Our group will probably consist of four people from the State Soil and Water Conservation Board and one person from the State office of the Soil Conservation Service.

"We suggest that the number of people making the tour be kept small since it is easier to get around with fewer cars than with a large group. Tours usually do not last more than two hours. The hearing will be informal and it will be left up to you to make whatever arrangements you want for it including someone to preside. We primarily will be listening. Of course, we will want anyone that has something to say pertaining to the project to have the opportunity to say it. In other words, we do not want any of the informal hearings to be closed.

"If this date is satisfactory to you please let us know where we should meet you to begin the tour and where the hearing will

January 31st Deadline For Incentive Requests

Producers are reminded that the final date is January 31 for signing applications for incentive payments on shorn wool, unshorn lambs, and mohair marketed during 1965. According to E. E. Harkins Jr., chairman of the Terrell County ASC Committee, a mohair payment will definitely be required this time, since the national average price of mohair dipped below the support price of 72¢ per pound.

A producer may participate in this voluntary program by filing complete records and information concerning sales at the ASC office. Considerable checking and rechecking must be done to compile this information from the sales documents and transcribe it to application forms. The producer who waits until the last day risks a long wait.

Persons filing timely applications will receive their payments in early April of this year. Payment rates will be announced the last week in March after national averages for the two products are determined.

County Judge Asks Re-Election

County Judge R. S. Wilkinson has authorized The Times to announce his candidacy for re-election, subject to the action of the Democratic Primary May 7, 1966.

Judge Wilkinson stated that if re-elected he would continue to work for all of the people of the county in every way connected with the duties of his office.

He stated that he would also appreciate all of the votes and support given him by all of the voters of the county.

Mr. and Mrs. Rudolfo Arredondo have received word that their son, Pfc. Rudy Arredondo, is in Pleiku, South Viet Nam. He is a member of the 3rd Brigade of the 25th Infantry Division that was airlifted from Hawaii for Pleiku and will go into combat soon.

Dr. McWilliams Dies Friday In Del Rio Hospital

Dr. W. R. (Rex) McWilliams, Sanderson's only doctor for the past 18 months, died in a Del Rio hospital early Friday evening. After several weeks of failing health, he was taken by ambulance to the hospital Friday afternoon and died a few hours after being admitted.

Funeral services were held in Cleburne Sunday afternoon and interment was made in that city.

After graduating from the Baylor School of Medicine, Dr. McWilliams served his internship in Shreveport, La. He came to Del Rio to practice general medicine in 1932 and operated the Medical and Surgical Clinic on the top floor of the Del Rio National Bank Building until the Val Verde County Hospital was opened. After closing the clinic, he moved to Big Spring where he worked for the VA Hospital and then moved to Sanderson. His office and equipment were lost in the flood last June, but he continued limited practice in his home.

Mrs. McWilliams left Saturday for Del Rio and friends took her to San Antonio where she went by plane to Dallas and was joined there by her daughter, Mrs. Diane Charles, when she arrived from California. Their other daughter, Mrs. Barbara Kay Allen, and family of Linden went by train to Cleburne on account of the hazardous road conditions.

Besides the widow and two daughters, other survivors include his mother, Mrs. W. A. McWilliams, of Cleburne, and three grandchildren.

Miss Susan Couch, who is attending a business college in San Antonio, spent last weekend here with her parents, Mr. and Mrs. Herman Couch.

John T. Williams, who was hospitalized in Alpine for about three weeks for treatment of a stomach ulcer, was brought home last Friday and is recuperating satisfactorily at his home.

Sears Foundation Man To Talk Here February 7

A representative of the Sears-Roebuck Foundation will be in Sanderson Monday, February 7, to talk to local citizens about the possibility of help being given in securing a doctor for Sanderson.

The meeting will be in the district court room in the courthouse at 7:30 p. m. on that date.

The Foundation does not accept the responsibility of actually securing the services of a physician, but does all that it can to let doctors know of the circumstances as they actually exist so that those who are interested may look further into the situation.

The Medical Economic Survey that is printed on page five of The Times of this week, is the kind of information that is made available to interested physicians to help them determine the extent of their interest.

The representative of the Sears Foundation will also make some recommendations as to ways in which the community may help in getting the services of a physician locally.

All citizens of the community are encouraged to attend the local meeting and take an interest in the proceedings.

It has been pointed out that the community is under no kind of obligation to take any steps following the meeting on February 7, that it is informational and in no way binding upon anyone.

The local Medical Economic continued to second page

This view of the Sanderson school taken about 1901 shows the entire student body and faculty, Miss Nettie Carpenter. The building is across the street from the Eagle Lumber Co. as can be seen by the houses in the right background, all of which have been razed or moved. Dudley's Texaco sits in the location that is in the far right in the picture. The photo was loaned by W. H. Savage.

Sears Foundation —

do not wish to be included in this round of tours and hearings, please advise us.

"We hope you will give us a quick reply since we need to firm up our schedule as soon as possible."

Judge Wilkinson stated that the answer to the letter would be written immediately.

Gas Plant News . . .

Mrs. Don Patton was hostess at a supper Thursday night in her home. Several games were played followed by each guest opening a gift brought by their "secret pal". New names were drawn and will be held secret for the next three months. Several activities were discussed for Valentine Day. Sandwiches, potato salad, and cake were served with cold drinks to 14 guests.

Mr. and Mrs. Richard Sowers were weekend guests with their daughter and family in Junction.

Mr. and Mrs. Aubrey Mobley, Randy, Robby, and Marlene, were visitors with his parents in Denver City over the weekend.

Miss Barbara Cates visited here last week with her parents, Mr. and Mrs. H. G. Cates, before returning to Baylor University for the second semester.

Funeral Services in Alpine
for Mrs. Santiago Vasquez

Funeral services were held in Alpine last Wednesday for Mrs. Santiago Vasquez, 76, a 30-year resident of that city. She died in her home Monday night. She and her late husband moved to Alpine from Terlingua where he was a mine worker.

She is survived by two sons and three daughters including Mrs. Simon Fuentes of Sanderson.

Pallbearers were all grandsons and were Carlos Vasquez, Herman Fuentes, Simon Fuentes Jr., George Fuentes, Evodio Salas, and Julio Quesada.

Mrs. W. J. Hawley was in San Antonio for medical treatment for a few days last week.

Mrs. Joe Chandler and her mother, Mrs. Lena Stavley, are in an Iran hospital for medical treatment.

New Teacher Moves Here

Norman Gladson, a mid-term graduate of Sul Ross College, was added to the faculty of the Sanderson High School last week and is teaching math, bookkeeping economics, and physical education.

Mr. and Mrs. Gladson and their two-month-old daughter are residing in the Savage rent house vacated by Mr. and Mrs. W. W. Smith.

NEWSMEN PICK A QUEEN—Dale Evans, singer, song-writer, author, movie-radio-TV star and Queen of the Cowgirls, has been named Texan of the Year by the Texas Press Association. Announcement of her selection came from Don Coppedge, chairman of TPA's Texan of the Year Committee and publisher of the Waxahachie Daily Light. Uvalde-born Miss Evans is the wife of Roy Rogers, popularly known as King of the Cowboys. Rogers will accompany his wife to San Antonio where the newsmen will present the special award to Miss Evans during TPA's Mid-Winter Convention, Jan. 28-29. Winn Crossley, association president and publisher of the Madisonville Meteor, said this is the first time in the history of the state's largest newspaper organization that a woman has been selected as Texan of the Year.

Junior High Teams To Play In Alpine Tourney

Teams of boys and girls will participate in a Junior High Basketball tournament in Alpine this weekend. The teams were chosen from the intramural teams which have been competing for several weeks. The girls are: Annie Adams, Rhonda Louwien, Linda Lopez, Gwyn Mansfield, Elizabeth Turner, and Maria Lopez, guards; Gina Hardgrave, Monica DeLeon, Sylvia Saenz, Nancy Harkins, Brenda Carter, and Marsha Monroe. The managers are Barbara Brown and Candace Cooksey. The boys chosen for the all-star team are Bill Littleton, M. Lira, Butch Spann, Manuel Olivias, Johnny Freeman, E. Martinez, Leslie Hall, Ross Dunn, Tommy Couch, and Oscar Rodriguez. The teams will also play in a tournament in Iraan on February 11-12.

HAPPINESS IS BEING ALIVE! Kent and Kristie Johnson, children of Mr. and Mrs. Ralph Johnson of Houston, chat with the 1966 Texas Heart Fund Chairman, Lt. Governor Preston R. Smith. Both children are happy, healthy and alive today because of corrective heart surgery made possible through research carried out by Heart Associations with funds voluntarily contributed by the people of Texas. Kent and Kristie represent the many quiet victories being won daily through research in the battle against America's 20th Century Health Epidemic—Diseases of the Heart and Blood Vessels. The annual Heart Fund Drive is held each February.

Explorer Scouts Are Re-Organized

The Explorer Scouts were re-organized recently and held the election of officers Monday at their regular meeting. The advisors are: C. H. Hornsby, Gary Bonine, Ray Fitzgerald, and Jim Turner. The officers elected were: Gene Hope, president; John Black, vice-president; Alton Yeary, secretary; Vernon Thompson, treasurer; David Shoemaker, sergeant-at-arms; Terry Davis, quartermaster; John Sutes, chaplain. The group made arrangements with M. G. Northcut for the use of his barn for a meeting place. They plan to construct some appliances for exercising and games for further use of the barn. All boys of Explorer age, 15-18 are welcomed and urged to join the group which meets at 7:30 on Monday nights.

Big Lake Drops Eagles By 60-23

The Big Lake Owls dropped the Sanderson Eagles by a 60-23 score there on Tuesday night of last week in a conference game. Joe Mendez led the scoring for the Eagles with 8 points. In the B game it was a repetition of the A-tilt with the locals losing 62-24. Ochoa hit for eleven points to lead the scoring.

Mrs. J. A. Gilbreath Hostess Tuesday For Bridge Club

The members of the Tuesday Bridge Club and several guests were invited to the home of Mrs. J. A. Gilbreath for a desert-bridge. She served cinnamon cherry cobbler, tea, and coffee.

Mrs. James Caroline held high score in the bridge games; Mrs. Jack Riggs was second high, and slam prizes were held by Mrs. W. J. Murrah and Mrs. R. S. Wilkinson. Also present were Mmes. W. H. Goldwire, Roger Rose, W. A. Banner, Jim Neal, S. H. Underwood, C. E. Litton, Herbert Brown and Hugh Rose.

Ranch Home Demonstration Club To Meet Tuesday

The Ranch Home Demonstration Club will meet Tuesday, February 1, in the Legion Hall at 10:30 a. m. The hostesses are Mmes. J. Garner, H. P. Boyd, and Ray Caldwell. Members are requested to bring sandwiches.

Mrs. Jack Riggs Is Hostess For Thursday Club

The Thursday Bridge Club met in the home of Mrs. Jack Riggs last week. The high score prize went to Mrs. W. H. Goldwire, second high to Mrs. Dan Riggs, slam prizes to Mrs. J. L. Schwalbe, and Mrs. C. H. Stavley and Mrs. Schwalbe was low.

Also present were Mmes. A. J. Hahn, Herbert Brown, and G. L. Babb. Mrs. Riggs served pecan pie topped with whipped cream, tea, and coffee for refreshments.

Mrs. Wilkinson Is Hostess To Wednesday Club

The Wednesday Bridge Club was entertained in the home of Mrs. R. S. Wilkinson last week. She served a smoked turkey dinner to her guests at 1:00 o'clock. In the card games, high score prize went to Mrs. Jack Riggs, who with Mrs. C. P. Peavy, held the slam prize and Mrs. Peavy was second high.

Also present were Mmes. Tol Murrah, S. L. Stumberg, E. J. Hanson, Herbert Brown, W. W. Sudduth, and Jim Kerr.

Baptist W. M. S. Has Circle Meeting Monday

Members of the Baptist W. M. S. had their circle meeting on Monday morning in the church with Mrs. Ernest Couch leading the program on "Missionary Education".

The names on the Birthday Calendar were read by Mrs. O. D. Gray who led the period of special prayer.

Also present were Mmes. C. B. Card, Charles Homsby, and James Word.

Miss Eloise Farley, Texas Tech freshman, was a weekend visitor with her mother, Mrs. E. E. Farley, and Beverly.

Presbyterian Women Meet On Monday

The executive board meeting of the Presbyterian Women of the Church was in the home of Mrs. David Mitchell, president, Monday afternoon. Plans were made for three meetings for next month: February 21, the book, "God's Troublemakers" pertaining to the ecumenical missions and relief, will be used as a study in Fellowship Hall at 1:30 p. m.; on February 23, a retreat for the women of the church from 10 a. m. to 2 p. m. and on February 25, World Day of Prayer will be observed at a meeting in the church at 4:15 p. m.

The general meeting of the organization followed in the home of Mrs. A. C. Garner. Mrs. Mitchell opened the meeting with prayer and the devotional on "A Call to Repentance and Expectancy".

Mrs. Pinky Carruthers was the moderator for the program on "The Church In the World Serves". This is the first of a four-part program series pertaining to worship and work of the church. After the hymn "I Am Thine, O Lord" was sung, Mrs. R. A. Gatlin gave the dismissal prayer.

Mrs. Garner served fruit cocktail cake, tea, and coffee during the social hour.

Also present were Mmes. E. E. Farley, Jolly Harkins, W. E. Hill, C. C. Mitchell, Sid Harkins, Bill Smith, E. F. Pierson, J. D. Nichols, W. H. Savage, N. M. Mitchell, and Bob Moon.

Guests of Mr. and Mrs. V. G. Ross were their daughter, Miss Edna Dunagan, of Bishop, California, a granddaughter, Mrs. V. L. Stoddard, and her children of Las Vegas, N.M. Mrs. Dunagan also plans to visit her brother, L. A. McBee, in Eunice, N.M., before returning home.

Mrs. Tom Smith of Langtry was a weekend visitor with her mother, Mrs. W. J. Ferguson, and Mr. Ferguson.

Range Management Benefits Told

by Chesley Wilson
Range management is a term used by many people to describe the operation of a ranch that has become involved with trying to improve the land. Around the turn of the century ranchers did not know that one day they would ride in vehicles to check on various items on their land instead of riding horses. By the same token, they did not know that grasses could be killed out by grazing and that different varieties of unpalatable and sometimes poisonous weeds and brush would replace the bare areas.

Livestock cannot be used as a basis for determining whether or not the land is properly stocked. They will appear in good condition for a time after they have done their damage to the better forage plants. By watching the grass a person can determine his use and stocking rates.

Rangeland that is continuously grazed and never gets a rest or deferment during the growing season cannot be expected to make any improvement in its stocking capacity.

Areas that have had brush control, pear control, chiseling, or any other major type of disturbance should be deferred the first growing season. This is because the moisture is released to any grass that is there to use better than any other time.

There is usually disturbed soil that will take the rain into it readily. After a few hard rains, the ground will seal over and a deferment the next year will not bring the results desired on the disturbed areas.

Other factors that may or may not fit into a range management program are crossfences, adequate water, brush control, range seeding, and erosion control measures.

With proper grazing, rest periods, and some of the other factors that may be needed, a person will have a range management program that will provide a healthy range for his livestock.

Mr. and Mrs. Bill Stavley visited with relatives and friends during the between-semester holidays, returning to Texas Western College, El Paso, on Tuesday.

W. J. Ferguson Jr., was returned to a Fort Stockton hospital Sunday afternoon.

LBJ Order PO Service Increase

President Johnson has directed Postmaster Lawrence F. O'Brien to take steps to increase window service where needed in some 15,000 postoffices, and to resume six-day-a-week parcel-post delivery in 6,091 cities.

Post office window service on Saturdays and, in cases, Sundays would be authorized on an as-needed basis in nearly 15,000 offices.

Postmasters would be authorized to resume selling money orders on Saturdays as part of the window service restoration in the cities where money order sales have been curtailed.

Postmaster General O'Brien said that the service improvements would be a meaningful step in the President's program to upgrade the quality of Federal services.

Post office window hours and parcel post delivery services were cut back by the Post Office Department as an economy measure in May 1964.

Big Lake Wins Ozona Tourney

The Reagan County Owls of Big Lake won the invitational tournament in Ozona last weekend beating Ozona in the finals.

Sanderson was one of the 16 teams in the meet and played Wall, going into the championship bracket, losing later to Ozona by 61-25.

Sanderson's win over Wall was by 37-33 with Carlos Garza netting 14 for the winning cause.

In the game against Ozona, Travis Harkins had high-scoring honors for the Eagles with 10.

I. G. Robertson, Formerly Of Sanderson, Dies January 17

Funeral services were held in San Antonio last Wednesday afternoon for Ivy Guy (Robbie) Robertson, 72, of that city who died Monday, January 17. He was a former Sanderson resident when he was SP agent here and had resided in San Antonio for the past 16 years.

His wife died in San Antonio about a month previously.

He is survived by a daughter, Mrs. Norma Swift, of San Antonio; two sons, William W. Robertson of Austin and Ivy G. Robertson Jr., Corpus Christi; also six grandchildren and two great-grandchildren; three brothers and two sisters.

Army Offers Specialist Program to School Seniors Who Qualify

The Army Graduate Specialist Program offers High School Seniors an opportunity to choose the exact technical schooling, vocational training or travel for which they qualify, says the Army recruiting service.

To be accepted as a Graduate Specialist a senior must first be physically qualified and pass certain qualification and aptitude tests.

Local United States Army recruiters are authorized to send seniors to El Paso where they can be mentally and physically examined to determine particular qualifications and aptitudes. The army provides free transportation, food and hotel lodging.

Examinations are scheduled on Saturdays beginning on February 26. Seniors will depart from home on Friday afternoon or evening and return on Saturday. If qualified, a chosen course or field will be reserved

until after graduation. Graduate specialist appointments are limited, and applicants are selected on a first come - first served basis.

Further details are available from SFC. Frank Singenstreu, room 163, Federal Building, Carlsbad, New Mexico. The area recruiter may be called collect by interested recruit prospects at TU 5-2098, Carlsbad.

Sanderson Flood Story Ranks Second in '65

Among Texas editors using the United Press International report the strangling of two Texas University co-eds on July 18th was voted the biggest 1965 story by the editors who made 15 first place votes for that story.

Second place went to the flood at Sanderson on June 11, six editors rating it as first place.

The third ranking story was the election on November 2 for the 10 proposed amendments to the Texas Constitution.

Weekend visitors in the Raymond Fierro home were Florenzia, Mary Carol and Belen Fierro of Marathon.

More Local Property Razed

Two properties belonging to the Joe Kerr Estate were razed last week, and the useable material moved to Brackettville by E. A. Bayer, who had bought and razed several houses on Oak St. belonging to Mrs. Jim Kerr and the house belonging to Mr. and Mrs. George Escobar.

The latest properties to be razed are the building which was formerly a cafe and near the store and the house east of the Community Public Service Co. office which was last used for a museum that was established by the Explorer Scouts.

Keith Mitchell Jr., a student at New Mexico State University in Las Cruces, spent the weekend here with his parents, Mr. and Mrs. G. K. Mitchell and sister, Lellee.

Mr. and Mrs. F. J. Barrett, accompanied by Mrs. Austin Nance, went to Dallas last week. The Barretts had physical examinations and Mrs. Nance visited her daughter, Miss Vannah Jo Nance.

Rev. Bob Moon was in Odessa the first of last week for a Presbytery meeting.

Medical-Economic

SURVEY

Prepared by
THE SEARS-ROEBUCK FOUNDATION
SUBJECT COMMUNITY: SANDERSON, TEXAS

The purpose of this survey is to evaluate the community and its trading area as to medical habits, economic potential and ability to support a doctor.

Population Composition

Sanderson is in the southwestern part of Texas, 64 miles south of Fort Stockton. The principal economies are ranching, employment with the railroad, and tourist trade. The religious denominations consist of Presbyterian, Methodist, Baptist, Church of Christ and Catholic.

- 7.8% of the population is over 60
- 27.5% of the population is between 40 and 59
- 21.5% of the population is between 21 and 39
- 43.2% of the population is under 21.

Hospitalization

In the last 12 months, 14.6% of the people in Sanderson and vicinity were hospitalized. These people visited hospitals in the following towns:

Fort Stockton	64 miles	26.7%
Alpine	85 miles	51.7%
All other		21.6%

Our survey breaks down the causes for hospitalization into the following categories:

Medical	55.3%
Surgical	35.7%
Obstetrical	5.0%

Sickness in the Area

In the last 12 months, there was an estimated 7,836 separate illnesses which necessitated 7,517 individual visits to the doctor. This means that approximately 25 patients a day visited doctors in the following towns:

Alpine, Texas	85 miles	45.4%
Fort Stockton	64 miles	36.3%
Del Rio	120 miles	6.9%
San Antonio	240 miles	3.7%
Sanderson		2.3%
All Other		5.4%

Distance Traveled

In order to visit out-of-town doctors, Sanderson patients traveled collectively 1,367,000 miles round trip annually. This amounts to a daily round trip distance of 4,500 miles or approximately the same as driving from Sanderson, Texas, to New York City and return every day.

Economic Potential

Estimated expenditures over a 12-month period for medical care based on Office Calls Only	\$ 41,690.00
Estimated expenditures for medicine	\$ 31,000.00
Estimated expenditures for gas and oil driving to and from out-of-town doctors' offices	\$ 27,340.00
TOTAL	\$100,030.00

Insurance

67% carry some form of hospital insurance
55.3% carry health insurance

Person to Contact

Doctor Sees Birth Defect Prevention With March of Dimes in Major Role

By JOHN E. ALLEN, M.D.

Medical Director, March of Dimes Birth Defect Center
Metropolitan General Hospital, Cleveland, Ohio

During the past 10 years, medical science has moved forward at an incredible rate in the treatment of birth defects. In the next decade, we may see almost as much progress toward preventing many of these afflictions.

For thousands of years, infants have been born misshapen, babies have entered the world with missing or withered limbs, mentally retarded, with open spines or water on the brain. Barbaric and even civilized societies such as the Greek and Roman destroyed these babies ruthlessly. They knew of no way to aid them. Superstitions about evil spirits and tainted blood abounded—and in some areas still do.

We no longer destroy these babies, but until just recently they were often shamefully neglected or banished to custodial institutions to live out what life was left in them.

Then, in 1958, The National Foundation-March of Dimes, which had led the successful onslaught against polio, brought its powerful resources to bear against birth defects.

One of the most important effects of this move was to encourage a more profound concern for the fate of the more than 250,000 American babies born each year with birth defects.

March of Dimes Role

The March of Dimes served as a cohesive force that brought together the medical profession, research scientists, various private or governmental agencies and the public to wage the organized fight so long needed in this area.

Thus, another medical Armageddon was launched. The war continues.

Through surgery, through chemical agents and dietary measures, we are today saving thousands of infants and, through rehabilitation, getting them into our schools so that they may become useful citizens.

In the repair of certain birth defects, surgical refinements are now developed every year. In the case of myelomeningocele—a fairly common form of open spine where part of the spinal cord protrudes through the back of the infant—we are constantly improving techniques of repairing the disorder, and of reducing complications to a minimum. In hydrocephalus or "water on the brain," where blocked cerebral fluid threatens eyesight and can cause mental retardation, we constantly refine our techniques of inserting a plastic tube and valve in the head to drain off the liquid exerting the damaging pressure. In this brain operation, I think it is fair to say that we can also guard against infection, such as meningitis, with mounting success.

In the course of the last 10 years, I am certain, too, that most neurosurgeons generally operated sooner in the cases of certain birth defects, and have become able to diagnose with more accuracy. In that way, we are increasing the survival rate of these babies, leaving intellect and optic nerves intact.

As our knowledge here has expanded in 10 years, we have been able to improve our methods of teaching about anomalies and their treatment in our medical schools.

I believe it is accurate to say that today we are holding the line fairly well with these children born with a severe defect.

With the tools at hand, we are certainly saving more lives and lengthening survival.

The time has now come to think not so much in terms of treatment but of prevention. In other words, we should concentrate on finding preventive agents as potent and effective as those developed by The National Foundation-March of Dimes in the case of polio.

I am convinced that in the future we will be able to anticipate birth defects in humans and prevent them by various chemical and biological agents—just as for some years now we have been able to provoke birth defects, and also prevent them, in certain strains of animals. I believe that what is possible in the animal kingdom is certainly feasible in human beings since we are just off-shoots.

Detection is Likely

I believe that fairly soon medical science should be able to detect the likelihood of defective infants born to a marriage of certain partners. We know that some families are prone to a high incidence of defects in their children down the generations. It does not require excessive imagination to see the time coming when, by the use of some agent to change the chemical environment of the sperm and the egg when they first unite, this couple could marry without danger of producing malformed babies.

So, in just a few years we have progressed a long way toward making life more en-

DR. ALLEN

durable and more useful for these tragically stricken infants—and their parents. I am optimistic that in another few years we will have solved at least some of the mystery now surrounding means of preventing these calamities. That will be the beginning of the era when we make the age-old dream of prevention of birth defects come true.

Group Named For Collecting 'Dimes' In East Sanderson

Mrs. Ray Hernandez, who will head the group of women making the house-to-house canvass in the eastern part of town for the Mothers' March of Dimes has released the names of her helpers as follows: Mrs. Jose Hinojosa across the bridge; Miss Gloria Garcia and Mrs. Pablo Ochoa Jr., Pine St.; Miss Rita Fuentes and Mrs. Carmen Fuentes, Hackberry St.; Mrs. Rosa Rivera and Mrs. Eutimio Rodriguez, Mansfield St. and Fourth St.; Miss Nora Olivares, Fourth St.; Miss Wally Silva, Third St.; Mrs. Augustina Bustos, Oak St.; Miss Lupe Bustos, Fifth St.

Calendar of Events

- Saturday-Jr. Duplicate Club
- Monday - Baptist WMU, Mothers' March of Dimes concluded, last day to pay poll tax
- Tuesday-Ranch Club
- Wednesday - Wednesday Club, Rotary Club
- Thursday-Thursday Club, Kiwanis Club, Lions Club

Mrs. Jack Turner was in an Alpine hospital for several days last week for medical treatment.

Monday will be the concluding day for the Mothers' March of Dimes in Sanderson. A large team of workers has been making a house-to-house canvass for contributions to the fund. Anyone who may have been missed and who would like to make a contribution to the fund is requested to turn their porch light on Monday evening and one of the ladies will call for the contribution.

The major role of the March of Dimes fund this year is for the treatment of birth defects and the study of preventative measures for birth defects. When polio was taking such a large toll of victims and the resulting crippling effects, the funds were used for that purpose, but with the small incidence of polio in recent years, the importance of something that might be done to relieve and prevent crippling birth defects has taken a priority.

Local Peoples' Niece Marries in Colorado

Local relatives have received word of the marriage of their niece, Miss Laura Mae Zajac, to Vernon LeRoy Mitchell, son of Rev. and Mrs. Wayne Mitchell of Calhan, Colo. The bride is the daughter of Mr. and Mrs. Steve Zajac, also of Calhan.

The bridegroom's father was the officiating minister for the wedding ceremony in the Calvary Baptist Church on December 27.

The bride, a May graduate of the Calhan High School, has been employed in that city. Her husband is serving in the U. S. Navy.

The bride's father, who was in the U. S. Army in WWII, was stationed at Lozier Canyon to guard the railroad bridge. Her mother, the former Lano Allen, was a granddaughter of the late Mr. and Mrs. W. H. Mansfield. She is also a niece of Marvin Allen.

Among Our Subscribers

New subscribers include Mrs. Nellie Lea of Del Rio; Pete Snelson of Midland; Mrs. Margaret H. Davis, Milford, Calif.; W. C. Burk, Sanderson.

Renewals have come from Martin M. Rodriguez, San Antonio; M. B. Stroud, Santa Maria, Calif.; Southwestern Bell Telephone Co. Fort Stockton; James E. Felts, Fort Stockton; Paul J. Blakeslee, Orange, N. J.; N. S. Stirman, Denver, Colo.; W. T. Frazier Jr., Anaheim, Calif.; Manuel Garcia, R. A. Gatlin, S. H. Underwood, J. D. Nichols, all of Sanderson.

Mrs. H. A. Smith has returned to San Antonio after spending a few days here to visit with her friends and attend to business.

Hal Tyler Jr. Weds Saturday

Mr. and Mrs. Hal Tyler are residing in San Antonio following their marriage Saturday in Somerset Methodist Church.

Mr. and Mrs. Gus C. Maske of Somerset are parents of the bride. The bridegroom is the son of Mrs. Ruth Tyler of Arlington and Hal S. Tyler of Del Rio, all of whom are former residents.

Jack Tyler of Arlington, brother of the bridegroom, served as best man.

All-Stars Picked In Alpine and Iraan Include Local Cagers

Suzanne Downie, guard, and Pam Stavley, forward, were selected to the all-tournament team in the Alpine tourney January 5.

On the same weekend the boys were playing in the Iraan tournament and Tommy Gray received the same honor.

Jess Fisher's Father Dies In Alpine Hospital Friday

Funeral services were held in Fort Davis Saturday for Jesse C. Fisher, 86, old-time cowboy and rancher in the Davis Mountain country since 1895. He had been in failing health and an invalid for several years and died early Friday in an Alpine hospital.

His wife, the former Winnie Estelle Davis, survives; also four daughters and three sons, including Jess C. Fisher of El Paso, a former Sanderson resident.

Mid-Term Honor Roll For SHS is Announced

Principal A. J. Riess has released the mid-term honor roll for the Sanderson High School as follows:

Ninth Grade, Rosa Linda Valles; Tenth Grade, Steve Allen, Eleventh Grade, Lucila Galvan; Twelfth Grade, Carla Dunn.

Other honor students making four "A's" include: Shirley Golden, Oralia Munoz, Christine Ochoa, Jack Whistler, Amelia Escamilla, and Carlos Garza.

Mrs. J. M. Corder is visiting in Barstow with her son-in-law and daughter, Mr. and Mrs. Ed Leatherwood. Mr. and Mrs. Sid Harkins spent the weekend there with her mother and the Leatherwoods.

Mrs. Herbert Brown, Mrs. A. D. Brown, and Mr. and Mrs. Ruel Adams were business visitors in Alpine Monday. The Browns also visited with Mrs. A. D. Brown's daughter, Mrs. E. J. Foley, and family.

Fire prevention experts advise: —Remove flammable trash as soon as practicable, and don't let it accumulate more than necessary.

Political Announcements

The Sanderson Times has been authorized to announce the following names of candidates for office, subject to action of the Democratic Primary on May 7, 1966:

For State Senator, 25th District of Texas:

DORSEY B. HARDEMAN
Tom Green County
(re-election)

W. E. (Pete) SNELSON
Midland County
(re-election)

For County Judge:
R. S. WILKINSON

For County Treasurer:
MRS. GINETTE LITTON

Attention Americans---

MOTHERS' CRUSADE FOR VICTORY OVER COMMUNISM: whose address is P. O. Box 943, Mesa, Arizona 85200, has drawn up a petition protesting aid and trade with Communist countries. The original of this petition will be presented to Rep. Gerald Ford, House Minority Leader and copies will be sent to many Congressmen.

The petition reads as follows:
PETITION TO THE UNITED STATES HOUSE OF REPRESENTATIVES

PROTESTING AID AND TRADE with Communist Countries and URGING the INTRODUCTION and ENACTMENT into LAW of a BILL BANNING AID AND TRADE with Communist Nations. We, the undersigned, favor military action against Communist aggression but we know that military warfare must be accompanied by economic and psychological warfare, if we are to achieve VICTORY. We are absolutely OPPOSED to the United States' policy of "PEACEFUL COEXISTENCE" whereby Aid and Trade with our Communist enemies is being expanded by the United States and her allies, while our boys are risking their lives in mortal combat.

Non-strategic, as well as strategic materials, which help the economy of any Communist nation, in any way, releases funds which the Communists are able to divert for their military build-up to be used against the free world. Scrap iron and other so-called non-strategic material was sent to Japan during the thirties. It came back to us in the form of bombs and bullets on our boys on December 7, 1941, at Pearl Harbor.

Our UNITED STATES CONSTITUTION states that giving AID AND COMFORT TO THE ENEMY IS TREASON. Article III, Section 3.

COMMUNIST SUCCESS MEANS OUR DESTRUCTION:
WHY, THEN SHOULD WE HELP COMMUNISM TO WIN???

This should be of deep concern to every freedom loving American, and they aim to give every citizen a change to sign this. If you want to let your Congressman and Representative know that YOU protest aid to the enemy, please be sure that your name is on this petition.

Contact Mrs. James Word to sign this or for information about it. We urge both MEN and WOMEN to sign.

Culture Club Hears Report On Radio Free Europe

The Sanderson Culture Club met last Thursday afternoon in the home of the president, Mrs. S. D. Harrison.

After reciting the Club Collect in unison, the National Anthem was sung to open the meeting. Mrs. Harrison has called a meeting of the club members at her home on Thursday, February 3, at 4:00 p. m. to make plans for the annual reports. A meeting of the committee on Community Improvement will be held prior to the called meeting.

Mrs. L. H. Gilbreath gave a report on two articles from recent issues of the General Federation Magazine. The article on "Weary Waters" concerned water pollution and the writer's opinion that secondary biological treatment of waste water offered the cheapest, most rapid and best solution to the water shortage which may come as soon as 15 years hence unless measures are taken now to provide more water for growing populations and their needs. Mrs. William Hasenbrook, G. F. W. C. President, gave a resume of her recent trip to Radio Free Europe and her impressions. Despite efforts of the Communists to "jam" the broadcasts of RFE, the citizens of those countries look forward to the broadcasts which are more popular than TV programs that are available only a few hours daily.

Mr. L. G. Hinkle and Mrs. J.

O. Little displayed posters which they had made concerning the use of leisure time which was the subject of the program. The members offered their opinions as the subject was discussed by them with emphasis given to two kinds of leisure and ideas were projected for some things that might be done to meet the need of local youths during the summer vacations when they have some leisure time.

Mrs. Harrison served refreshments from a table covered in a hand-crocheted cloth and centered with an arrangement of red stock. Mrs. Little served "Tomorrow's Salad" and Mrs. Harrison served hot spiced tea, Cookies, mints, nuts, and party crackers were also on the table.

Other members present were Mmes. A. D. Brown, W. H. Savage, R. A. Gatlin, E. E. Farley, W. J. Murrah, H. E. Ezelle, and H. C. Goldwire.

Miss Corina Garza and Manuel Villarreal Jr. are announcing engagement and approach to marriage of their daughter, Miss Corina Garza, to Manuel Villarreal Jr., son of Mrs. Manuel Villarreal. The wedding will take place on February 20.

Methodist WSCS Program Led By Joe Little

Prayer by Mrs. L. H. Gilbreath opened the meeting of the Methodist Woman's Society Christian Service which met at the home of Mrs. Clyde Hig-

Announcement was made of a fifth-Sunday dinner to be held at the church Sunday, Feb. 27, C. S. to provide the bread and coffee; also of the World of Prayer to be observed on Feb. 25, the meeting to be at the First Presbyterian Church.

Mrs. Gilbreath reported on articles from Methodist Publications, "A Japanese Christian" and "Economic Opportunity in Mexico."

Mrs. J. O. Little was the operator for the program on "Where Women Are", providing a chart with a cross for a comparison of eight areas in which women are found were noted and discussed by Mmes. L. G. Hinkle, H. E. Ezelle, W. J. Murrah and Gilbreath, and Miss Billings. The hymn "Jesus, Lead Me" and prayer by Mrs. Little opened the meeting. She had read several Bible passages. In closing, the hymn "Beneath the Cross of Jesus" was sung and the Mizpah Benediction read in unison.

Also present were Mmes. Irma Robbins, Darwin Schrader, H. C. Goldwire, W. T. Attaway, and Lillian McAllister.

Mrs. Higgins assisted Mrs. Gilbreath in serving fruit salad, nuts, mints, tea, and coffee.

Bridal Shower Honors Melba Flores

A bridal shower honoring Miss Melba Flores was at the home of Mrs. Eleno Marquez Sunday evening. About 60 guests attended.

The hostesses were Mrs. Greg Hildez of Odessa; Misses Anna Lopez, Paula Picasso, and Carola Escamilla. Miss Catarina Picasso registered the guests.

In the dining room, where the chinaware was displayed, a power arrangement was on the table. Other gifts were displayed in the living room.

After several games the guests were served sandwiches, potato chips, cookies, punch, and cake. The serving table was covered with a white lace cloth and the centerpiece was a lamp with a bride and groom in front.

White napkins with "Jimmy Melba" in silver were used.

The hostesses, the bride's mother, Mrs. Julian Perez, and Mrs. Santiago Zepeda, mother of the bridegroom-elect, wore white corsages.

Mrs. Walter Thorn has returned home from an Alpine hospital where she had received medical treatment for several days. She had surgery scheduled but it has been postponed.

FORD 7-LITRE HARDTOP

When we go skiing, we go in style...in our '66 Ford. I choose the speed I want with the automatic speed control...select the music I want with the stereo tape player...and relax with one of the world's quietest rides.

(I should have stayed in the car.)

Ford sales are booming! One reason—engineering magic like this:

New stereo tape player option with easy-loading cartridges. ■ New station wagon Magic Door—swings out like a door for people and down like a tailgate for cargo. ■ New automatic speed control option. ■ A ride so quiet that owners of European luxury cars — from a handcrafted Jaguar to a \$14,000 Mercedes — have said, after a demonstration ride in a Ford XL or LTD, that it was even quieter than their custom-built cars. ■ Quiet-test a '66 Ford for yourself.

Mr. and Mrs. Joe Hill Jr.

Mrs. Ray Brotherton has moved from Dryden to Comstock and is employed there in the postoffice as relief clerk. She had spent several days at her home last week to move her household effects to Comstock.

Listen to Luke — continued from Page One

this purpose. He added that the money that had been promised to the county for the reconstruction of certain county-owned property had not been received and that all of the work had been completed for which the state had promised to pay.

The status of the dam project is outlined in the letter published this week from the State Water Board, and there is nothing to the rumor that is mentioned above, the judge said.

This is just one of the many rumors that are making the circles these days, and most of them have about the same background.

WHAT TO DO IF THE LIGHTS GO OUT IN YOUR HOME

Clip and Save

If the lights should go out suddenly in part of your home, the cause may be an overloaded or a "short" circuit. Here is what to do to restore service:

If your home is equipped with a fuse box:

First: Disconnect lamps and appliances that were in use on the circuit that went out.

Second: Open the main switch. Make sure your hands are dry and stand on a dry surface while doing this.

Third: Replace the blown fuse with a new one of the proper size, usually 15 amperes.

Fourth: Close the main switch to restore service.

Fifth: Check lamp and appliance cords for signs of short circuits before you reconnect them. Worn places in cords or plugs that permit wires to come together are frequent causes of "shorts."

If your home is equipped with a circuit breaker panel:

First: Disconnect lamps and appliances that were in use on the circuit that went out.

Second: Push the open circuit breaker handle to the extreme "off" position.

Third: Return the handle to "on" position.

Fourth: Check lamp and appliance cords for short circuits before reconnecting.

If the lights go out in all parts of your home, check to see whether your neighbors have lights. If their windows are dark, there may be a local power equipment failure. Report the interruption to our office.

If you are bothered with frequent blown fuses, your home may lack sufficient circuit capacity to carry your electrical load. Installation of additional circuits will remedy this situation.

Never put a penny behind a blown fuse and never replace a blown fuse with a fuse of a larger size. This eliminates the protection provided by the correct sized fuse, and may result in permanent damage to the circuit wires within the walls of your home. Such damage may lead to fire.
