Prior to winning their banners at the state leadership contest, the teams won first place in the district and area contests respectively, in order to qualify for the state finals.

Members of the junior farm skills team are Mike Wooley, Tommy Jarecki, Mike Smith and Don Hoover.

Those on the senior farm skills team are Joey Taylor, Jackie Clark, Danny Murphree, John Taylor and Larry Johnson.

Vocational Agriculture instructor David T. McVey accompanied the teams to the state leadership contests.

On Friday afternoon and Saturday morning the State Board of Student FFA officers under the leadership of State President Benny Mays of Sulphur Springs met in joint session with the State Board of Directors under the guidance of Clemon Montgomery, Executive Secretary of the Texas Association of Future Farmers of America. Plans were developed for the annual awards and degree check next June and for the state FFA convention to be held next July.

Garland Martine, a junior Agricultural Education major from Hearne and president of the Sam Houston Collegiate FFA Chapter, opened the general session Saturday afternoon with warm words of welcome and high praise for the contestants.

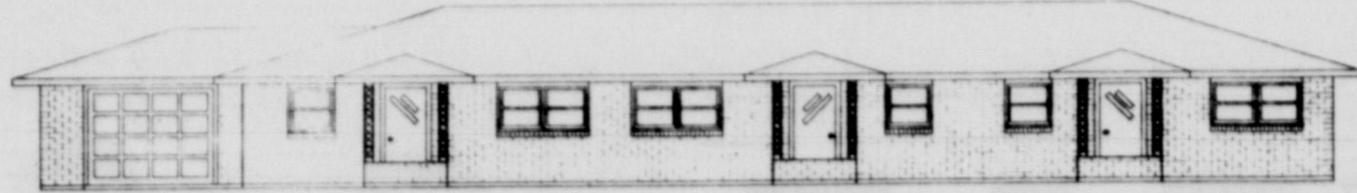

Mr. George Morton, Dean of Men at Sam Houston and representing the administration of

the college, extended to all guests a very hearty welcome to Sam Houston and to Huntsville, the Mr. Vernon of Texas. He also had high praise for the Future Farmer organization and the fine contribution it is making to the education program of the state and nation.

Collegiate FFA president Garland then presented the contest judges, team advisors, and other special guests. Farm Radio judges were Thomas E. Moore of the Houston Lighting and Power Company; Buck Buchanan, director of the agriculture department of the Houston Chamber of Commerce; and L. J. Walton, news director of KSAM in Huntsville. Twelve outstanding teachers of Vocational Agriculture and FFA Advisors from over Texas served as judges for all other contests. These judges were: Robert Stifford of Fredericksburg, Don Herring of Goliad, Charles Young of Giddings, Bob McCurry of Dtholl, Henry Williams of Marlin, and F. C. Gibbs of Decatur.

Also judging were Harry Stracener of Judson, Harold Cowley of Harrold, Scottie Cooper of Meadow, Gene Beyer of Buckholts, A. B. Frazier of Burleson, and Donald Booth of White Deer.

The Sam Houston Collegiate FFA Chapter, sponsoring organization of the State FFA Leadership Contest, provided attractive banners for the top four teams in each of the six contests. The Collegiate FFA also presented certificates of participation to all sixty teams.

NEW APARTMENTS . . . This is an architect's drawing of the elevation view on one unit of two tri-plex apartment buildings to be constructed in Friona by George Taylor. Each unit will be similar. (See story, page 1)

postpone its game with Army, and rumors were that the team might not accept a spot in the Cotton Bowl, but when the Naval Academy downed West Point in their season finale, they lost little time accepting the chance to play Texas.

FHS --

(Continued from Page 1)

flurry. Gene Weatherly sank a layup, was fouled, and made it a three-point play. He later added another free toss, to cut Farwell's lead to 14-7, but that was as close as Friona could come.

The Steers used a fast break to run up a 29-13 halftime lead.

Friona tried to press in the second half, but Farwell clung to a 40-20 lead going into the final quarter, and outscored Friona 20-15 in the final frame.

At halftime, the Steers had a rebound advantage of 23-8, and this didn't improve much as the game wore on. Danny Murphree was the only Friona player in double figures, with 10 points in the team's lowest output of the year.

The Chiefs played without regular starter Larry Buckley, out with a virus. In a "B" game, Farwell took a 30-18 win. Milton Hargus paced Friona with 12 points.

"Why is there seldom time enough to do a job right, but always enough time to do it over?" — Ernest L. Henes, Wellington (O.) Enterprise.

Williams, Wright Are Club Prize Winners

Sam Williams won the 12-gauge Browning automatic shotgun given away by the Friona Booster Club at its regular meeting night. The gun was featured as a fund-raising drive, during which 611 tickets were sold at \$1 each.

Also as a highlight of the meeting, Jarrell Wright won a 12-pound turkey in an unannounced drawing, for those members of the club present at the meeting.

The boosters authorized purchase of 400 feet of 16MM movie film for the use of basketball coaches C. W. Dukes

and Baker Duggins. Next meeting of the club will be Monday, January 6, at which time the club meetings will be held the first Monday of each month.

Chieftains End Skid By Topping Claude, 65-38

Just like in football, the Friona Chieftains have to roll up a losing streak before they begin to win. In football it was 27 straight games, but after just seven basketball losses, the team decided they had had enough.

The win came against Claude, a team which had previously beaten Friona. The Chiefs met the Mustangs in the consolation bracket of the Tula tournament, and made the win a convincing one, 65-38.

However, the team failed to

win its final tournament game, dropping a 51-40 decision to class AAALittlefield in the consolation finals. The Chiefs had fallen to strong Canyon team, 74-54 in the opening round.

Friona was without the services of guard Danny Murphree, a regular starter, throughout the tournament. Murphree was with the FFA leadership teams in the state contests.

It was an uphill fight all the way in the Canyon game for the tournament opener. Canyon jumped out in front, and took a

16-9 first quarter lead, as just two players, Gene Weatherly and Larry Buckley scored for Friona. In fact, Weatherly had seven of the Chieftains' nine points.

The Chiefs remained cold in the second quarter, and Canyon led at halftime, 33-19, as Weatherly and Buckley had scored 17 of Friona's 19 points --12 by Weatherly.

Friona got better balanced scoring in the second half, but so did Canyon, and the Eagles outscored the Chiefs, 41-

35 during the second half and made off with the win.

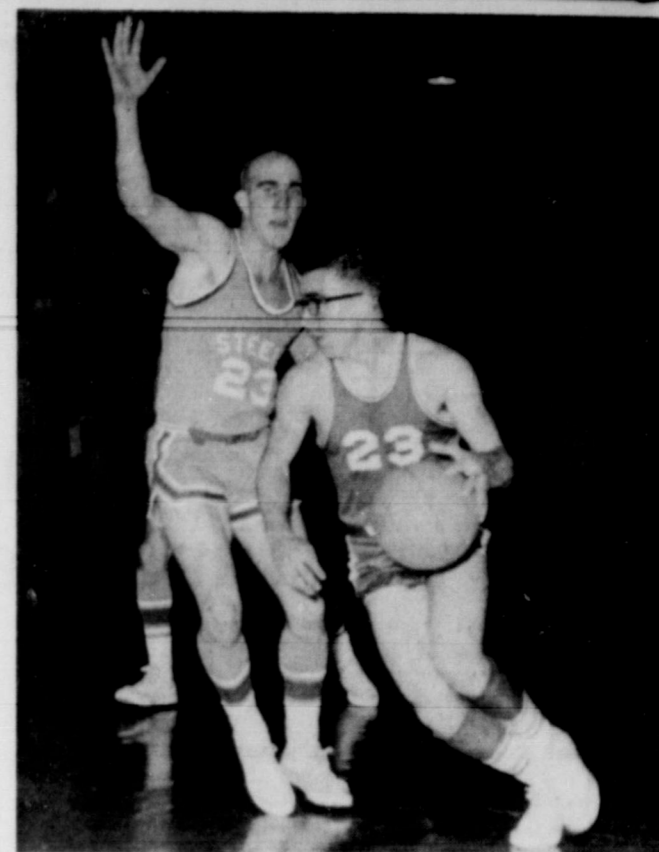

Against Claude, the Chiefs gained some revenge for their loss in the West Texas tournament. Again, it was Buckley and Weatherly who did all the scoring, with Friona taking a 15-11 first quarter lead.

The Chiefs began to pull away in the second quarter, scoring 18 to 12 for Claude, and rolling to a 33-23 halftime lead.

Reserves played much of the third quarter and all of the final frame, as Friona ran to a 51-29 three-quarter lead. Claude mustered just six points in the third quarter.

Friona's battle with Littlefield was close for most of three quarters before the Wildcats took command. Both teams scored 11 points in the first quarter, as Weatherly paced Friona with six.

The Wildcats outscored the Chiefs by two in the second period, to take a 27-25 halftime edge. Littlefield began to pull away in the third quarter, which

MAY I PASS? . . . Danny Murphree tries to dribble goal-ward, but finds a stumbling-block in the form of Farwell's Danny Lindop. Murphree was Friona's leading scorer in Tuesday's game, won by the Steers, and Lindop was one of Farwell's top scorers.

ended with the 'Cats ahead, 37-29. Friona couldn't close the gap, and the game ended with the Chiefs on the short end of a 51-40 score.

Weatherly, Friona's giant sophomore, led the team in scoring during the three-day meet, canning 50 points in three games. Buckley had 34.

Parmer Agent Reviews County

Some 420,000 acres of land in Parmer County is now under irrigation, according to County Agent Deryl Coker's report for 1963. This acreage is supplied by 2,500 irrigation wells. Some 45,000 acres of cultivated land in the county still is dryland. The remainder of the 576,999 acres is still native grass. Coker said that probably the county's gravest problem is water supply sufficient to irrigate all of the crop land. He said that the water supply was dropping around three feet each year and that if such continued, a severe water shortage might exist after 20 to 50 years. The population of Parmer County has almost doubled since 1950. In Coker's description of the county, he stated that the number of farm families and the average farm size had remained about the same in spite of the addition of irrigation water. The average age of a farmer in Parmer County is relatively young, 37 years old. All have electricity in their homes and most of them have telephones. There are 20 elevators, 16 cotton gins and 20 fertilizer

dealers in the county. Farm organizations are Farmers Union and Farm Bureau. Two commodity groups are the Parmer County Cotton Producers Association and the Parmer County Grain Sorghum Producers Association.

The county depends almost entirely on agriculture. The average farm gross income is \$43,000 with a net income of \$11,000. The county averages \$17,000,000 from grain sorghums, \$7,500,000 from wheat and \$10,000,000 from cotton.

Vegetables bring in some \$2,000,000 and livestock \$4,500,000. With the present farm program there are a large number of diverted acres and acres without any allotment and farmers are constantly searching for new crops to grow on these acres.

Pheasants Thriving

Parmer County is well stocked with pheasant at the present time, County Agent Deryl Coker stated in making his annual report for activities during 1963. He said that farmers in the county had bought and released 1860 of the birds this year. Coker credited the wildlife committee for the pheasant inhabitation. He said the project started in the summer of 1962 when some 200 persons attended a pheasant dinner and showed their interest in beginning the pheasant project in Parmer County.

The program which was accepted by those attending the dinner, proposed that individual landowners purchase the pheasant at \$2 per bird. An alternate plan was to trade an equivalent amount of milk for birds. They were to be furnished mostly by Gunn Bros. Game Farm in Amarillo. The wildlife committee is pleased with the prospects for raising pheasant in Parmer County and believe that they will multiply sufficiently for the county to have a hunting season for pheasant within the next few years.

OFFICERS OF THE FARWELL HD CLUB: left to right, Mrs. C. L. Mahaney, treasurer Mrs. Floyd Embry, secretary, Mrs. Lee Meeks, president, Mrs. Don Tarbet, vice-president and Mrs. Joe Crume, county council representative.

HD Club Organized In Farwell

Several ladies of the Farwell area gathered in the home of Mrs. C. M. Meeks, Tuesday morning to organize a Home Demonstration club, Mrs. H. R. Cocanagher, a member of the Northside club at Friona and chairman of the Education Committee of the county HD Council presided over the meeting until officers were selected after which time Mrs. Lee Meeks, new president was in charge. Also present and assisting with the meeting were Mrs. J. L. Taylor and Mrs. Henry Haseloff, members of the HD Educational committee.

Mrs. Walter Kaltwasser, County THDA Chairman of HD Clubs spoke to the assembly on the THDA work and its relation to HD Club work. She stressed the fact that one gets out of club work what he puts in and told the ladies to "put forth your best efforts and you will be abundantly rewarded." Cricket Taylor, County HD Agent, was also present and spoke to the ladies on the aims and objectives of HD work. Officers for the newly organized club are: Mrs. Lee Meeks, president, Mrs. Don Tarbet, vice-president, Mrs. Floyd Embry, secretary, Mrs. C. L. Mahaney, treasurer and Mrs. Joe Crume, county council delegate. The club will meet the first and third Fridays in each month from 1:30-3 p.m. with next meeting set for January 3 in the home of Mrs. C. L. Mahaney, 508-1st St. All ladies interested in becoming members of the club are invited to attend the meeting.

Charter members of the new club, which will be called the Farwell HD Club are: Mmes. Don Tarbet, Lee Meeks, Joe Crume, George D. Magness, Floyd Embry, L. C. Herington, C. L. Mahaney, C. M. Meeks, Truman McKillip, Ray Campbell, Bill Roberts, Johnnie St Clair, G. L. Medley, Grady Herington, W. M. Roberts, Buck Bradshaw, J. T. Ford, Adolph Haseloff and Ernestine Schooling.

Tax Planning Time Here

Considerable income tax savings may be gained by spending a little time reviewing your farm records now, says C. H. Bates, farm management specialist with the Texas Agricultural Extension Service.

A farmer's or ranchman's net income may vary considerably from year to year due to fluctuation in yields, changes in price and production costs, he explains. However, some planning by the taxpayer who pays by cash, as the farmer does, can help level out year to year income and save tax dollars, according to the specialist. The producer must study business records before the end of December and make an estimate of the taxable income. If the prospects for taxable income appear to be high, the taxpayer may reduce it by paying for needed business items before the end of December, says Bates. Repair parts for machinery, paints, seed, tires, and reasonable amounts of fertilizer are some items which may be paid for in advance.

If the taxable income prospects point to a rather low figure for the year, the process should be reversed and steps taken to increase income as much as possible. This can be done by obtaining payment for all products sold through December and carrying some repair and other maintenance costs over to January, with the hopes that next year's income may be more favorable.

Some farmers pay more taxes than they should because they fail to take advantage of depreciation on purchased livestock, Bates continues. Depreciation also provides an important tax management opportunity since new purchases of equipment items, irrigation facilities and similar items may be subjected to the 20 per cent first year depreciation. Assets having six-year useful life, and not in the real estate category are usually eligible for this treatment, says Bates.

Dividend payments of 5% will be paid to stockholders of the Muleshoe Federal Land Bank Association, Manager Ernest Kerr announced today. Kerr said the dividend checks would be mailed after January 1, 1964 to the association's 450 farmer-rancher stockholders.

The Muleshoe Association is one of the 73 farmer-rancher owned association in Texas served by The Federal Land Bank of Houston. The local association makes Land Bank loans in Bailey and Parmer counties. The directors are Gordon Duncan, President, Muleshoe; H. E. Schuster, Vice President, Muleshoe; A. L. Hartzog, Bovina; Jim Claunch, Bula; and Morris Douglass, Muleshoe.

Selling a house generally is the biggest financial transaction faced by the average family, next to buying a new home. When the time comes to sell, the two most important considerations will be to sell it quickly and at the best possible price. Home economists suggest that home owners consider these points that can help to do both: Best time to sell, how to get the best price, how to determine the price, professional selling vs. self-selling, selecting a realtor, and the prospective buyer.

On The Farm In Parmer County

BY DERYL COKER
County Agent

This year as you drive through the county, take notice of the cattle on wheat pasture. In the past, this wheat pasture has been worth about \$10. per acre for grazing. This is a good return. I believe the number of cattle on wheat is increasing each year, or at least it seems that way to me.

Now I'm not going to say that these cattle will make any money this year, for if the market keeps going down, its a cinch they won't. I notice that livestock organizations are up in arms over the amount of beef being imported into the United States and this is as it should be.

There are several bills before Congress that would raise or limit the amount of meat that could be imported into the

United States. It certainly won't hurt anything for you to write your Congressman and let them know you are interested, one way or the other.

Total beef imports last year ran around 11% and this could increase. Most of this beef is coming from Australia and New Zealand. The West Texas Chamber of Commerce is sponsoring a Sugar Beet Development Tour to Denver, January 12-15, 1964. The cost of the tour is \$87.50 which includes transportation and other reservations. December 20 is the deadline, so if interested be sure to get your check in, or come by my office for further information. If a farmer is going to grow beets I'm sure it would be a worthwhile trip.

Federal Land Bank Declares Dividend

Dividend payments of 5% will be paid to stockholders of the Muleshoe Federal Land Bank Association, Manager Ernest Kerr announced today. Kerr said the dividend checks would be mailed after January 1, 1964 to the association's 450 farmer-rancher stockholders.

FOOTSAVING EDUCATION by James E. Edwards

Desegregate Health Education?

The steady increase of automation in industry makes it quite obvious that recreation, on a huge scale, is going to be essential for the safety of our country.

In spite of criticism from many sources our schools have been and are doing wonderful work in teaching recreational activities that our youth can enjoy most of their lives.

This is not a criticism of modern education because, for hundreds of years, now, we have been piously reciting "sound minds in strong bodies" and neglecting to add "on needlessly deformed foundations".

Beef Carcass Research Progresses At Texas A&M

Beef carcass research at Texas A&M University encompasses the identification of desirable carcass characteristics from the standpoint of quality, palatability and cutability.

Research at Texas A&M is designed to identify sires responsible for the production of carcasses which will yield at least 48 per cent of the carcass weight in boneless closely trimmed chuck, rib, round, loin and rump.

Identification of these superior cattle will assure the home-maker of a steak or roast which is lean, yet very tender and tasty, Orts explained.

Quality and palatability characteristics being investigated

are tenderness, color of lean and marbling.

Research also is being conducted at all the major livestock shows of the state to determine the estimated cutability of all high-placing steers. This information is being made available to county Extension agents in an attempt to provide

4-H Club Work Needs Inspiration: Coker

The biggest problem in 4-H is keeping boys and girls interested and also keeping parents and members working toward improving the clubs, County Agent Deryl Coker reports.

Coker said that a large portion of 4-H work had depended upon the adult leaders but that time was a major item for both the leaders and the agent.

4-H club enrollment dropped drastically when it was taken out of the schools. There are about 100 boys and girls enrolled in the community clubs in Parmer County with only about 50 of this group completing projects and turning out record books.

Coker said that a large portion of 4-H work had depended upon the adult leaders but that time was a major item for both the leaders and the agent.

The objectives for 1963 were to re-organize 4-H clubs in the community clubs with inspiration, business, program and recreation and to encourage parents to participate in 4-H club activities.

"As we go along," the agent said, "more leaders will need this training."

This year two of the joint clubs certified for a certificate for doing outstanding work. Some 60 4-H members exhibited livestock in 1963 either at the county livestock show or the state fair.

The committee and county agent, Coker said, need to continue to work toward keeping members interested in 4-H because we are losing a large majority of members after they reach the age of 14 years.

a yardstick for use in selecting steers for shows of the future.

Basic measurements which agents can use from this data are covering over the ribeye, fat thickness and overall cutability in identifying sires which have produced the superior carcass at the show.

club work, and, therefore the boys and girls are not getting the leadership practice they need.

4-H club enrollment dropped drastically when it was taken out of the schools. There are about 100 boys and girls enrolled in the community clubs in Parmer County with only about 50 of this group completing projects and turning out record books.

Coker said that a large portion of 4-H work had depended upon the adult leaders but that time was a major item for both the leaders and the agent.

The objectives for 1963 were to re-organize 4-H clubs in the community clubs with inspiration, business, program and recreation and to encourage parents to participate in 4-H club activities.

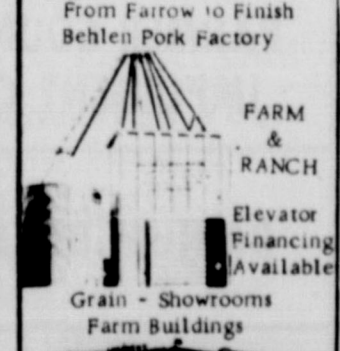

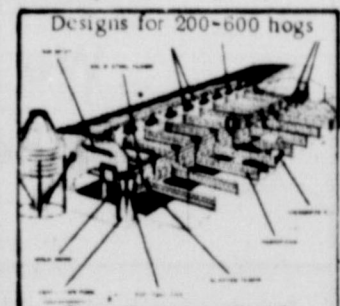

"As we go along," the agent said, "more leaders will need this training."

This year two of the joint clubs certified for a certificate for doing outstanding work. Some 60 4-H members exhibited livestock in 1963 either at the county livestock show or the state fair.

The committee and county agent, Coker said, need to continue to work toward keeping members interested in 4-H because we are losing a large majority of members after they reach the age of 14 years.

The committee and county agent, Coker said, need to continue to work toward keeping members interested in 4-H because we are losing a large majority of members after they reach the age of 14 years.

An important point to consider if you are shopping for a household appliance is whether service is available, says Mrs. Wanda Meyer, home management specialist with the Texas Agricultural Extension Service.

TRAINING IMPORTANT IN MONEY MANAGEMENT Money management training for a child should begin early, so the experts in this field say.

1. Start allowances early. A regular allowance, even small, helps give the child a sense of responsibility.

2. Encourage your child to earn. Money a child earns on his own is money he values most.

3. Help choose savings goals. Children are quite goal-minded, and are generally eager to save when they have definite goals in mind.

4. Teach children money management. You as a parent that handle your own money well—Your actions are more impressive than words.

5. Let children share in money decisions—in informal family councils on money matters.

The 4-H clubs have written guides for leaders and members that outline lessons for teaching money management. These are available to parents who would like to be leaders of a small group of boys or girls.

For young married couples, a bulletin called "Money-Family Style," is free and may be helpful.

Texas farmers and ranchmen with the necessary resources—land, capital, labor and the managerial ability to combine them into an efficiently operating unit—should have a good year in 1964, believes John G. McInaney, economist for the Texas Agricultural Extension Service.

Here are his reasons. Economic activity for the nation is expected to continue at a high level during 1964. Consumer incomes after taxes are running about 5 per cent above 1962 now and further gains are expected in 1964.

The domestic market for agricultural products looks good, says the economist. The immediate outlook for agricultural exports is about the best ever, he adds.

Farm output continues to rise and 1963 is expected to set a record high for the sixth consecutive year. With average growing conditions, farm output in '64 will remain high and could set a new record, says McInaney.

The cost-price squeeze will still be an important factor in farm income, but with so many farmers also doing off-farm work, per capita personal income of all people living on farms from all sources is expected to be near the 1963 record level.

The outlook calls for further increases in farm assets, chiefly due to the continued rise in farm land values. Though farm debts also continue to increase, the equities of farmers and other farm property owners are increasing at a faster rate, says McInaney.

1964 Cotton Allotments For High Plains Counties

LUBBOCK -- Figures received this week by Plains Cotton Growers, Inc., from the Texas State Agricultural Stabilization and Conservation Committee office revealed a 21,630-acre increase for 1964 in the base cotton allotment for the 23 counties in PCG's territory, or slightly over one per cent.

The increase for the High Plains came in spite of the fact that the state's total allotment for 1964 was reduced 30,657 acres, from 6,869,104 to 6,838,347.

The national cotton allotment for 1964 was set at the 16 million acre statutory minimum, as it was in 1963.

The base allotment for each of the 23 counties, together with the comparable figure for 1963, is attached.

Table with 4 columns: County, Original Allotment 1964, Original Allotment 1963, Increase 1964. Lists counties like Bailey, Borden, Erisco, etc.

Urbanization is having its effects upon the pattern of land use in Texas. The acreage in cities and densely populated suburbs increased more than threefold from 1945 to 1959.

Lard, one of the oldest shortening agents, is also one of the best, says Frank Orts, Extension meats specialist. It is economical to use, is rich in food factors necessary for growth and health and in energy production, he adds.

Pork Production Reflects Demands

The swine industry is producing a much more desirable meat product now than it did a few years ago, and indications are that the quality will continue to be improved in the future.

Hog producers are putting forth an intensive effort to produce the kind of product the housewife wants, Donald J. Osbourn, Extension Service assistant animal husbandman, emphasizes.

Production has been geared to producing the most amount of red meat possible with the least amount of fat and still retain

the juiciness, flavor and tenderness of the meat, Osbourn adds.

These accomplishments have been made because of the definite goals set up by everyone associated with the swine industry. Hog producers, meat packers, breed associations and research people throughout the United States are all agreed that more meat and less fat is desirable.

They have taken these steps to help reach their goal: 1. Breeders and universities have set up test stations in every state where individual breeders can test their hogs to see if they are producing meaty, fast-growing hogs.

2. Each breed association has set up a certification program which recognizes the hogs that are truly meat-type. Promotion programs call attention to these meat hogs.

3. Packers are paying a premium for meaty hogs that are not over fat.

TRACTOR BLAZE . . . Friona firemen are shown extinguishing a blaze which engulfed a tractor belonging to Clarence Martin. The fire happened about noon Tuesday.

4-H Club Sees Special Film

County Agent Deryl Coker showed a film on "Grooming a Show Calf" at the regular meeting of the Friona 4-H Club December 8.

The club is beginning a series of lessons on electricity. Next meeting for the 4-H'ers is January 13.

Five kinds of drugs orbited the earth with Astronaut Cooper on his famous flight into outer space. They included a stimulant to increase alertness; a relaxant; a pain killer; an anti-nauseant; and an antihistamine.

What have a sniff of snuff and a diesel locomotive in common with the New York Stock Exchange? Answer, according to The Exchange magazine, is their common stock. Some 98 per cent of all snuff produced in this country is made by companies listed on the Exchange, and all diesel electric locomotives are manufactured by listed companies.

Scales In China For Maneuver

William J. Scales, seaman apprentice, USN, son of Mr. and Mrs. William L. Scales of Friona, is participating aboard the radar picket destroyer USS Duncan in a coordinated United States and Government of the Republic of China amphibious warfare exercise titled "Big Dipper" along the southern coast of Taiwan.

The exercise involves some 3,000 Navy and Marine Corps personnel, 20 ships and 100 aircraft of the U. S. Seventh Fleet. These forces will conduct amphibious and helicopter assault landings over separate beaches on D-day, Dec. 2 to destroy and expel a hypothetical aggressor force which has attacked and invaded Taiwan.

After all aggressor held objectives are taken, the troops and equipment will return to normal operations.

FIRE HAZARDS

The Texas Safety Association reminds homeowners to place Christmas greens where they cannot be ignited by lighted candles, a spark from the fireplace or other sources of flame. And, always use paper table cloths and cotton batting for trimming which is marked fire resistant.

come to church sunday What does Christmas mean to you? You are troubled. In a way, as to just what ought to be bought as a present for different individuals. Sometimes you are pushed about as you go from store to store seeking these different gifts. It is cold to get outside, and there are many things you could be doing instead of all this shopping. It will take more money than most of us have to buy what we want to give. We say that Christmas is getting too commercial, and we need to do something about it. The fact is, getting out into the cold to do our shopping for Christmas gifts, getting pushed a little as we do it, spending more money than we should, and taking a little of our time is the only way we are going to get gifts to buy. Most of us buy the things we give for Christmas. You can call it commercial if you want but this is the way it is done now and this is the way it has been done in the past. -- It may be that our Christmas spirit has not been lost beneath all these activities of Christmas. It may be that we have hid our spirit of Christmas beneath these things. -- Or perhaps we have lost this Spirit somewhere else and we are just making excuses. I do not know what Christmas means to you, but I do know what Christmas means -- "For unto you is born this day in the city of David a Saviour, which is Christ the Lord. St. Luke 2:11. Russell McAnally Pastor, Friona Methodist Church

Cynthia Patterson Listed In Who's Who

Cynthia Patterson, a former Friona student and a 1961 graduate of Bovina High School, was among 33 juniors and seniors chosen to represent West Texas University in the 1963-64 edition of "Who's Who Among Students in American Universities and Colleges."

According to an announcement by Elizabeth Davidson, assistant professor of history, who serves as chairman of the committee, winners were chosen from nominees submitted by the University's departments and student organizations.

Academic and campus leadership qualities are top priorities for selection. The West Texas winners join student leaders throughout the nation in the volume as the country's outstanding collegians of the year.

Miss Patterson, is the daughter of Mr. and Mrs. Jack Patterson of the Rhea Community. She was active in basketball, band, FHA and other school activities while a high school student.

She is a junior at West Texas and is majoring in English and biology. Her activities there include membership in Delta Zeta national social sorority; Alpha Chi, national honor society for juniors and seniors; Beta Beta Beta, international honorary biology society.

Also Sigma Tau Delta, honorary English fraternity; Kappa Delta Pi, national professional fraternity for honor students in education; Student Senate;

CYNTHIA PATTERSON

Student Union Board; and is president of Hudspheth Hall, girls dormitory, this year.

She was also a candidate for Homecoming Queen in 1962 and sophomore favorite in 1963.

Of Interest To THE WOMEN

Girl Scout Activities Have Christmas Theme

Two recent meetings by Girl Scout Troop 93 have had Christmas as the central theme.

On December 9, the troop started Christmas gifts for their mothers, which were waste baskets made from 3-gallon ice cream cartons, covered with burlap and trimmed with felt.

The scouts made plans for their Christmas party, which was Friday, Dec. 13. They decorated on Thursday prior to the party. Each girl brought a friend and an exchange gift.

At the party they played games, sang Christmas carols and had refreshments. Girl Scout collapsible drinking cups were given the girls as gifts from their leaders.

Guests were Becky Neill, Sally Howard, Sandra Williams, Donna Jo Parks, Gayetta Gable, Jane Rushing, and Randy Kelley.

Troop mothers assisting with the party were Mrs. Flake Barber, Mrs. J. P. Sims, Mrs. J. E. Knight. Also attending were troop leaders, Mrs. Charles Rector, Nergis Yazgan and Mrs. W. R. Riethmayer.

On December 16, the troop finished making their Christmas gifts and went caroling. The girls visited Eddie Allen, their adopted brother, took him a toy truck, and sang "Rudolph, the Red-Nosed Reindeer," and "Santa Claus is Coming to Town."

Eddie's grandmother, Mrs. Orma Coffman, played several Christmas songs on her organ for the group, and told of going with her father, an organ salesman, to help him sell organs.

Eddie and Hal Blackburn served the troop cookies and candy. Next stop was at the home of Mrs. Pearl Kinsley, where the girls sang two songs, and then to Mrs. Whaley's home, where they also sang and presented her with a gift.

During the holidays, the girls are to work on the "My Home" badge.

Deaton Home

Bernie Deaton, son of Mr. and Mrs. E. F. Deaton, who has been at Gonzales Warm Springs

for treatment returned home early this week and will be here until about February first. Reports indicate that he is making satisfactory progress.

WSCS Members Host Annual Christmas Party

For the past several years members of the Woman's Society of Christian Service of Friona Methodist Church have honored older women of the church with an annual Christmas party.

Tuesday afternoon's party began with a prayer led by Mrs. Kenyth Cass in Fellowship Hall. Mrs. Cass also welcomed the guests.

Christmas decorations were used. A wreath interspersed with colored balls and flanked by red candles formed the centerpiece. As guests registered each one was presented a holiday corsage.

"If We Had Been In Bethlehem" was the title of the program, which was directed by Mrs. Andy Hurst Jr. She was assisted by Mrs. J. W. Baxter II, narrator, Mrs. Mack Ragsdale, soloist, and Mrs. Dorothy Hough.

A nativity scene formed the

background. Refreshments of tea, coffee and Christmas cookies were served by the hostesses, Mrs. Ernest Anthony, Mrs. Dick Rocky, Mrs. Guy Latta, Mrs. Floyd Rector, Mrs. J. H. Boyle, Mrs. Jerry London and Mrs. Howard Ford.

Special guests signing the register were Mesdames T. A. O'Brian Sr., Jim Shaffer, Joe Collier, Charlie Doak, Luce Vestal, A. W. Anthony Sr., Will Osborn, Hazel Kendrick, Pearl Hand, U. S. Akens, Joe Moyer, Jake Lamb, J. R. Phillips, Roy Slagle and A. A. Crow.

Mrs. Bill Raybon and Mrs. Glenn Floyd were also guests.

Others present included Mesdames Jake Outland, Kenyth Cass, Arthur Drake, Ernest Tannahill, George Jones, Billy Sides, Russell O'Brian, Mack Ragsdale, Dorothy Hough, I. T. Graves, Andy Hurst, Earl Hawkins, J. K. Anthony and Ed Clark.

Altar Societies Meet Jointly

St. Ann's and St. Teresa's altar societies met in joint session in Bovina Parish Hall Monday, Rev. Father Clavor Giblin led the meeting in prayer.

Twenty members were present. The handling of old clothing was discussed. There will be a general church cleaning for St. Ann's and St. Teresa's on December 23.

The meeting was closed by prayer by Rev. Father Clavor Giblin.

Refreshments were served by Mesdames Joe Schilling, Leon Schilling, Al Reznik and Dan Koelzer.

TEA HONORS OLDER WOMEN--Mrs. W. C. Osborn, Mrs. T. A. O'Brian Sr. and Mrs. A. A. Crow, seated, were three of the honored guests at a tea at Fellowship Hall of Friona Methodist Church Tuesday afternoon. Mrs. Howard Ford, Mrs. J. H. Boyle, Mrs. Ernest Anthony and Mrs. Kenyth Cass, standing, assisted with hospitalities.

Delta Chi Chapter Meets In Bovina

The Delta Xi chapter of Delta Kappa Gamma held their December meeting in the home-making cottage at Bovina with a 9:30 brunch and program with the Bovina members as hostesses.

Theme of the program was "Changing Religious Patterns in American Culture." The group sang the Delta Kappa Gamma song and "Sing, Work, Honor, Love."

Mrs. Joe H. Coffee of Amarillo was unable to be present for a planned address, but Mrs. Eloise McDougal of Hereford spoke in her absence. She used "Love" as the theme of her talk.

Eight new members were voted into membership of the organization. They were Mrs. Helen Coffman, Mrs. Margaret Bell and Mrs. Jimmie Winian, all of Hereford.

Also Mrs. Elsie Can and Mrs. Frances Clark, Farwell; Mrs. Olive H. Staley, Mrs. Barbara Eves, Bovina; and Mrs. Mary Pryor, Friona.

The Delta Kappa Gamma chorus arranged by Mrs. Merlin Kaul, sang "One Little Candle."

The January meeting will be at Raney's Restaurant in Hereford with members of the Hereford chapter as hostesses. New members will be initiated at this time.

Those from Friona attending the meeting were Mrs. Irma Stark, Mrs. Pearl McClain, Mrs. Ruth Carter and Mrs. Ethel Bengner.

Black Community Has Annual Christmas Party

The December meeting of the Black Community was a Christmas party with a tree at the Community House Saturday evening.

A program of carols by the group, songs, scripture reading of the birth of Christ, duets and exercises by the children, was directed by Johnny Mars, program chairman. He was assisted by his wife, Mrs. Travis Stone and Mrs. Gene Welch.

As the children finished singing "Here Comes Santa Claus", Old Santa appeared in person with a bag of treats for each person present.

The bags contained oranges, apples, nuts and candy and were packed and presented by Tri-County Elevator, Black Grain Co., Prewett Elevator and Black Mercantile.

A vote of thanks and unanimous expression of appreciation was voiced for these firms for their generosity.

Host couples were the Lewellen families. They served cookies, coffee and Christmas punch to about 60 persons.

Jarrell Wrights Return From Trip

Mr. and Mrs. Jarrell Wright returned home Saturday after spending three days touring John Deere factories at Waterloo, Dubuque and Moline, Illinois.

Wright was honored during a three day trip awarded to John Deere dealership personnel by the company in recognition of outstanding tractor sales achievement. He is associated with Herring Implement Company.

In addition to touring the factories, the couple took sight-seeing tours and attended a schedule of special events along with about 300 other persons from Texas, South Dakota, Nebraska and Iowa.

Wright was selected for the trip, called "Flite '63" as a result of his contribution to the excellent tractor sales record made by the local firm during the past year.

Club President Baptist Primaries Feted At Christmas Party

Mrs. Ann Carthel, who has served as president of Black Home Demonstration Club for the past year, was honored with a surprise shower at the annual Christmas party of the organization.

The meeting began with a luncheon at the Western Wheel in Hereford at noon Thursday. The program was highlighted with Christmas quotations, poems, stories and games followed by a gift exchange.

Mrs. Beulah Mae Deaton was a guest. Members present were Mesdames Geneva Ivie, Helen Fangman, Carrie Tatum, Beulah Lookingbill, Ann Carthel, Mildred Barnett, Mildred Welch, Maxine Price, Anna Mae Hays, Ruth Fish, Ruby Stone, Ethel Benger, Christine Braxton and T. J. Presley.

Next meeting of the club will be the third Thursday in January.

The Primary girls and boys of the First Baptist Church enjoyed a Christmas party, December 13, from 4 p.m. until 6 p.m.

Refreshments of sandwiches, potato chips, cookies, candy canes, and grape punch were served as the girls and boys arrived from school. Games were played until 5:30. Afterward, the groups were divided for a period of worship. The Primary III girls gave a program, "Christmas Around The World."

Mikala Renner, Cindy Barnett, Teresa Bingham, Donna Kay Lewellen, Katie Lewellen, and Carolyn Murphree each told of how Christmas was celebrated in Mexico, Poland, United States, Palestine, Ireland, and Denmark. The group was then dismissed in prayer by Rudolph Renner, Jr.

Others attending besides the ones mentioned above were: Holly Hart, Vickie Pryor, Lisa Taylor, Pamela Lewellen,

Cindy Johnson, William Bailey, Mike Hughes, Gary Mingus, Blayne Baxter, Bobby Lewellen, Tommy Pemberton, Curtis Gable, Dorothy Johnston, Dorothy Latham, Patti John Talley, Gary Stone, Bill Fallwell, LaQuita Graham and David Barnett.

The teachers attending were: Mrs. Wesley Hardesty, superintendent of Primary I, Mrs. Johnny Mars, superintendent of Primary II and III, Mrs. Dave Thompson, Mrs. Dan Lacey, Mrs. Raymond Cook, Miss Faye Southward, Miss Katherine Brand, Doyce Barnett, and Rudolph Renner, Jr.

LIFE OR DEATH
The Christmas season is a good time for a bit of soul-searching on the question: "Am I my brother's keeper?" The Texas Safety Association reminds drivers: When you are behind the wheel, LIFE or DEATH is in your hands.

HAVE PARTY. . . Members of the First Baptist Primary department had a Christmas party last Friday at the church. Seated, left to right are Katie Lewellen, Carolyn Murphree, Mikala Renner, and Donna Lewellen. Standing are Teresa Bingham (left) and Cindy Barnett.

Vocal Selections Highlight Program

Members of Mrs. George Treider's second grade class, under the direction of Mrs. Raymond Cook, presented three vocal selections at the Wednesday afternoon meeting of Friona Woman's Club at Federated Club House.

from **The Bible**

Jesus said unto him, Go, and do thou likewise.—(Luke 10:37).

God, the knowing that with Him all things are possible, that transforms our prayers into meaningful form.

Faith is the fuel and the power that activates the door of good. Thus it is our faith in

nesday afternoon meeting of Friona Woman's Club at Federated Club House.

Roll call was answered with a Christmas quotation or poem. "A Christmas Meditation" was presented by Mrs. John Benger and Mrs. O. F. Lange related "The Legends of Christmas."

Sixteen members were present for a gift exchange, which was followed by singing of Christmas carols. A box of gifts was packed for the state hospital at Wichita Falls.

Refreshments of party sandwiches and cranberry salad were served by the hostesses, Mrs. Lillian McLellan and Mrs.

Carl Maurer. A Christmas prayer in unison closed the meeting.

Christmas Dinner Served Sunday

Rhea Lutheran Ladies Aid sponsored a Christmas party at the Parish Hall Sunday for congregational members. After the morning services, a Christmas dinner was served.

Special honored guests were the new members of the church, Mr. and Mrs. Leland Gustin and family. The afternoon was spent in singing, games and visiting.

Bake Sale Slated

Announcement has been made of a Christmas bake sale to be held at Ethridge-Spring Agency beginning at 9:30 a. m. Saturday by the Women's Missionary Society of United Pentecostal Church.

Cakes, pies, cookies and other baked products will be on sale. Anyone wishing to special order any item is invited to call Mrs. Frank Griffith at 3402.

SHORT AND SWEET

There is no record of any commemoration of Christmas during the life of Christ. . . Christian tradition says that Christmas was first celebrated in A.D. 98. . . However, it was well into the fourth century before the celebration of Christmas became general. . .

Actually, it wasn't until about A.D. 340 that December 25 was established as the uniform date for the celebration. . . The date was fixed after a very careful investigation by Christian authorities. . .

Several centuries ago the celebration was confined to solemn rejoicing and religious dedication, with none of the modern gaiety. . . The New England puritans even banned joyous yuletide demonstrations in those days. . . Eventually, New Englanders and other Americans followed the lead of the New York Dutch settlers and succumbed to the charm of Saint Nick or Santa Claus. . .

Even so, the jolly gent had a flourishing career long before he reached our shores. . . More than 1,600 years ago there was a St. Nicholas, a Turkish bishop whose countless works of charity made him a legend in his own time. . . Martyred in A.D. 342, he became the patron saint of all children of three nations, Greece, Holland and Belgium. . .

TOUGHEST COMPETITION

Squaws Roll On; Capture Tulia Tournament Title

After meeting perhaps their toughest competition of the season, Friona High School's Squaws managed to escape from the Tulia tournament still having an unbeaten record, and

Which of 3,323 competing companies offer the best insurance for your car, home, or business?

It's hard to know. How can you tell which of these insurance companies are financially strong... which pay claims promptly, fairly? Because they are competing companies, the coverage of their policies, the premiums, and other features sometimes differ. An independent insurance agent knows. He deals with a number of these different, competing companies. Because he is independent, he's free to select the policies that meet your needs best. And if you have a loss, he helps you with all the details.

with their second tourney championship in two weeks.

The Squaws handled Canyon, 63-52 in their first tournament game on Thursday, then had to scrap to beat Spearman, 53-50 on Friday night, in their closest game to date. In the finals Saturday, the Frionans again came from behind for a 72-61 victory over Roosevelt.

"I'm the proudest of our free throw shooting than anything else during the tournament," commented Coach Baker Duggins, who pointed out that the team connected on 84 per cent of its free shots in the three games, or 74 of 89, to be exact.

It was free throws which kept the Squaws unbeaten in their battle with Spearman, class AA power from the North Plains. Spearman outscored the Squaws, 44-30 from the floor, but Friona topped the Lynxettes, 23-6 from the foul line. In this game, the Squaws hit a torrid 92 per cent of their free throws, 23 of 25.

Against Canyon, the team was ahead all the way. Tito Jennings scored five field goals in the first quarter to pace the team to an 18-10 lead.

Jennings scored 10 more points, and Charlotte Nettles added nine in the second quarter, as the Squaws took a safe 39-27 halftime lead.

Nettles edged Jennings for high point honors, 27-26, and the rest of the points were divided among four players.

In the Spearman contest, the Squaws fell behind, 12-10 after the first quarter, as they could score only two field goals. Friona picked up its scoring somewhat in the second quarter, outscoring their opponents 14-9, and took a 24-21 halftime lead.

All three forwards, Jennings, Nettles and Linda Davis, contributed points and perfect free-throw shooting in the third quarter, giving Friona a

five-point spread, 39-34, at the end of the quarter.

Spearman trimmed the Squaws' lead in the final quarter, but Friona held on for a 53-50 victory, to advance to the tourney finals.

When the Squaws met Roosevelt Saturday night, it marked two unbeaten teams squaring off. The class B powerhouse took advantage of early Friona coldness to rack up an 11-9 lead at the end of the first quarter. Six points by Davis kept the Squaws in the ball game.

Friona rang the bell for 24 points in the second quarter, all forwards scoring with regularity, and took a 33-25 halftime lead.

It was much of the same in the third quarter, with the Squaws outscoring their opponents, 21-16, to take a 54-41 lead into the final quarter.

Nettles led scoring with 28 points, with Jennings and Davis each scoring 22, for a balanced offense by the Squaws.

"Davis turned in a good tournament performance. She came in after Sheryl Long was injured and did a bang-up job," Duggins said. Davis scored 38 points in the two final games.

Named to the all-tournament team from Friona were Jennings, Nettles and Glenda McClellan, termed by Coach Duggins the "top rebounder" in the tournament.

Tech Winds Up Non-Conference Cage Schedule

Texas Tech's Red Raider basketball team will play only one game during the holidays before launching Southwest Conference play against University of Arkansas here Jan. 4.

Coach Gene Gibson's Raiders face the Phillips 66ers, an AAU power, at Bartlesville, Okla., Dec. 28, in an exhibition. Del Ray Mounts, all-Southwest Conference for the Raiders a couple of seasons back, plays for the 66ers.

Tech has a 3-4 record after slamming Oklahoma University, 95-66 Tuesday. Other wins have been over Nebraska and previously unbeaten Alabama; losses to New Mexico, Kentucky, Wyoming and Kansas. The Raiders will be out to even their season record in a contest against Auburn tonight in the Coliseum.

FIRE PROOF SANTA'S SUIT

Santa's suit or your child's costume for a Christmas play can be made fire proof with a solution of nine ounces of borax and four ounces of boric acid and one gallon of hot water. Saturate fabric and hang to dry. The Texas Safety Association says this method must be repeated after each washing -- and don't forget Santa's whiskers.

VERSATILE... Sharon Dean, left, was one of the Friona Squaws who saw action both on offense and defense against Farwell. She is shown on defense in the first half of the game which Friona won, 62-31.

Raiders Given Team Honors

Texas Tech footballers, recipients themselves of high honors this past season, voted teammates three awards announced Monday.

End David Parks of Abilene was named the outstanding lineman, halfback Don Anderson of Stinnett outstanding back, and guard Bill Shaha of Dumas best team player.

Parks, first team All-America choice of the Associated Press, Boston Record-American, and Sporting News, will play in the Shrine East-West game, and the Senior Bowl. He and Anderson were all-Southwest Conference, the latter winning all the sophomore-back-of-the-year honors. Shaha and Parks co-captained the Red Raiders this past season.

WATCH FOR LIGHTS

The Texas Safety Association reminds drivers to watch for traffic lights during the holiday season. Don't let festive store and street decorations distract you.

WRAPPINGS CAN BE DANGEROUS

The Texas Safety Association says accumulations of paper are fire hazards and suggests that you dispose of gift wrappings as soon as possible. Have a waste paper basket or carton handy for getting rid of paper.

BE PREPARED

The Texas Safety Association urges motorists to be prepared for weather conditions which make driving hazardous. Check your tires for traction and remember, on ice, reinforced tire chains, give up to five times as much traction as regular tires.

TAKE THE WORRY OUT OF WINTER DRIVING

ENCO EXTRA GASOLINE

Enco Extra's winter formula prevents stalls due to carburetor icing! It helps you start easier, warm up faster, gives you full power faster in stop-and-go driving.

extended-Life UNIFLO MOTOR OIL

Instant lubrication protects your engine from friction damage caused by cold starting. Uniflo lasts longer -- exceeds the requirements of every car manufacturer.

ATLAS Perma-Guard ANTI-FREEZE

This guarantee goes with Atlas Perma-Guard: If your anti-freeze protection varies more than five degrees above the protection point you originally specified, we'll add the necessary anti-freeze at no cost.

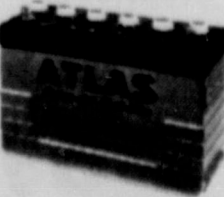

ATLAS Plycron TIRES

Atlas Plycron tires put more rubber to work for you the whole year long. Enjoy easier steering, a smoother ride and up to 25% greater comfort. Driving is easier, and safer, too!

ATLAS Perma-Ful H-D BATTERY

This Atlas Heavy-Duty battery puts out all the power your car needs. Its extra-long life means low cost-per-mile, too.

ASK ME ABOUT MY BUSINESS

As Christmas approaches...

...all of us see many changes in this world of ours. But the relationship with the people we serve remains unchanged... for we can progress only as we earn your friendship. The Christmas season, dedicated to good-will among men, is an appropriate time for us to voice our thanks, and to tell you how much we have enjoyed serving you. All of us here at General Telephone wish all of you and yours a very

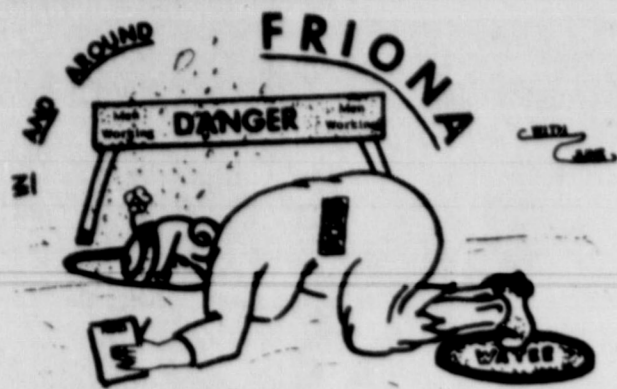

MERRY CHRISTMAS and A GOOD NEW YEAR.

GENERAL TELEPHONE OF THE SOUTHWEST

HUMBLE OIL & REFINING COMPANY
America's Leading Energy Company

Our apologies this week go to members of the former Parent-Teacher Association in Friona. Last week two small paragraphs were dropped off a story about the final meeting of the organization.

In these two paragraphs it was stated that money left in the treasury would be used to purchase permanent educational materials for the school and that all records pertaining to the activities of the organization would be stored in Superintendent Farr's office.

Several homes and places of business in Friona have original decorations that are very attractive. Many local residents have talent and use it in so many ways to make our town more beautiful.

The "Season's Greetings" on our front window, truly a work of art, was painted by Carol Ellis and we are very grateful to her for doing it for us.

A local high school boy was sent to the store for some flocking material for a Christmas tree. He inquired of the salesperson, "Where is that smocking stuff for Christmas trees?"

Of course, everyone in hearing distance had a good laugh and the young man was somewhat embarrassed.

One of the most beautiful trees I've ever seen anywhere was beside a motel in Shamrock. Someone had used a number of West Texas tumble weeds, some silver spray, a lot of lights and some tedious labor to construct an object of beauty for passersby.

The base of the tree was formed by placing tumbleweeds in a triangle about ten feet each way then more weeds were

used to form a pyramid about sixteen or eighteen feet high.

The weeds must have been secured by tiny wires but they were not visible. A coat of aluminum paint reflected colors from the lights. There may be prettier trees in the area, but I haven't seen them.

Plans are being made for the annual ex-students reunion and several persons are working hard to make this event a success. If any of our readers have addresses of former students with whom contact may have been lost, officers of the organization would appreciate having this information.

More new homes are going up in the Drake Addition. Mr. and Mrs. Elmer Euler will soon be moving into theirs. Buster and Nell Davis have already moved in and several others are under construction.

If we found an empty barrel it makes much noise. A barrel which is full will not make much noise. The air space inside of an empty barrel carries the sound waves back and forth, increasing the noise.

This is true also of people. Persons who have not learned much are always noisy. They do not think of the other people. They yell, talk loudly, tramp, and make all kinds of disturbance.

When a person's mind is full of knowledge, of politeness, of culture and refinement, he remembers to do the right thing, and does not make unnecessary noise.

A man never gets so confused in his thinking that he can't see the other fellow's duty.

Rural Accident Report Given For November

The Texas Highway Patrol investigated 17 accidents on rural highways in Parmer County during the month of November, according to Sergeant W. E. Wells, Highway Patrol Supervisor of this area.

These wrecks accounted for five persons injured and an estimated property damage of \$8,555.

The rural traffic accident summary for this county from

January through November shows a total of 110 accidents resulting in two persons killed, 44 persons injured and an estimated property damage of \$63,717.

The veteran patrol supervisor announced that every effort will be put forth, including a rigid enforcement program, to try and stem the tide of traffic deaths during the holiday season.
