SANDERSON, TERRELL COUNTY, TEXAS

LISTEN TO LUKE

By Albert: ---
 According to information released by the State Board of Insurance, Texas is divided into zones, and the rates for liability, collision, and comprehensive insurance are set strictly on the basis of the amount of insured coming from within that zone.

There will be no one to blame if the insurance rates continue to climb, except the motorists. The likelihood of blame rests now with every single driver in the state. And every time you hear of an accident in this area, you can say that there is another possible raise in insurance rates.

Now there is an alternative. Two, for that matter. You will be able to drop your insurance or we can all improve our driving.

The improvement of our driving habits will best be accomplished by tighter restrictions on driving through better law enforcement and stiffer penalties.

Enforcement can best be accomplished by urging officers to apprehend the violator, urging the Department of Public Safety to put on more men for a tight watch for violators, to urge the legislature to put stricter laws at the hands of jurists so the punishment may be a deterrent for future violations.

Meanwhile, all of us will have to adopt a get-tough attitude on driving habits, realizing that obeying the law we decrease traffic accidents and consequently our insurance rates.

We continue to hear and read about more strict gun laws in the state since guns have been the weapons used in the destruction of so many people lately. But the legislature was pretty lenient in their passage of some of the laws that deal with violators in recent months. The law on drunk drivers was relaxed considerably, for example, for second and subsequent offenses.

Then again, our laws seem to tolerate looting, burning, and bombing by certain groups trying to accomplish a cause, to give a point, etc. There is a growing tendency for some who do not have guns now to acquire them for the protection of themselves, their families, and their property.

Men have never been smart enough to work out by themselves all of the answers to their own problems, yet they continue to do so.

 We were at the Bloys Camp meeting for two days last week and it was most enjoyable for several reasons.

When one is able to find inspiration from worship in such beautiful surroundings as can be found in the Fort Davis area now, it is doubly blessed.

 The August issue of the organ of the Texas State Teachers Association, there is a report that Mrs. Burn Anew That Federal Dollars Dangerous."

Sixteen Work Out For Football

Sixteen boys are working out for football for the Sanderson High School Eagles, according to Coach Clay Barrow. He said that the boys made up in enthusiasm what they lack in numbers and size.

Barrow and his assistant mentors, Jack Cosby, Norman Gladson, and Roger Goertz stated they were most enthused with the fire and desire that the boys were showing in their workouts this week.

Two-a-day workouts have been going since Monday of last week for the following boys:

Center, Milton Lemons, Alejandro Escamilla; guards, Tommy Hayre, Vernon Thompson, Emilio Martinez, Francisco Fuentes; tackles, Glynn Haynes, John Stutes, Pablo Ochoa; ends, Andrew Rivers, Tommy Gray, Eulalio Ybarra; fullbacks, Ramon Gonzales, Juan Barron; halfback, Ray Adams, Ray Chalambaga; wingback, Junior Garcia; quarterbacks, Pat Little, Frank Garcia.

Managers are Tom Allen and Jimmy Hill; Joe Ponce is trainer.

HOWARD W. ROGERS PROMOTED TO E-2

Howard W. Rogers, son of Mrs. Iva Rogers of Dryden, received an early promotion to Army pay grade private E-2 on completion of basic combat training at Fort Bliss Aug. 6.

He was awarded the promotion two months earlier than is customary because of his score in firing the M-14 rifle, high score on the physical combat proficiency test, and his military bearing and leadership abilities.

Mrs. Ray Brotherton was here Wednesday to take her granddaughter, Brenda Babb, of San Antonio, who had been visiting here with friends, to Comstock for a few days visit with her grandmother and her uncle, Emmitt Brotherton, and family.

'Cave Man' Captured After Shoot-Out Following Burglary of Dryden Station

Alfredo Hernandez, the long-sought "cave man" wanted for the November 4 shooting of Terrell County Sheriff Bill C. Cooksey, is in a San Antonio hospital recovering from gunshot wounds received at the time of his capture last Friday night.

Hernandez was reported to be slightly improved the first of the week. He has gunshot wounds in the jaw, knee, and abdomen.

Officers have been watching several places in the Dryden area hoping to catch the "cave man" when he attempted to get some supplies of food. Sheriff Cooksey and Texas Ranger A. Y. Allee Jr. were in the old Purple Sage Cafe last Friday night just after midnight and saw a man approach the front of Joe Vasquez service station. He picked the lock and entered the station.

According to the report of the officers, Hernandez was told to halt as he came from the front door of the building. He ignored the command and opened fire at the officers as he ran around the side of the building. He ran around the building before he was downed. Cooksey was armed with a shotgun and pistol and Allee was armed with a .30-30 rifle.

It was stated that 17 shots were fired within about a minute.

After the capture, Cooksey's billfold, which had been taken from him last November when he was shot, was in Hernandez' pocket. Lewis Cash, who was with Cooksey last November, also made identification that Hernandez was the one who had shot Cooksey.

The injured man was taken to a Del Rio hospital by Deputy Sheriff Dalton Hogg and he was advised to go on to San Antonio with Hernandez because of the condition and location of his wounds.

There has been no word as to the probable date of release of Hernandez from the hospital.

An indictment had been drawn up against the unknown assailant of Sheriff Cooksey by the Terrell County grand jury which used an identification of the man since his name was unknown. He is

under tight security guard in the hospital during his recovery.

An effort will be made to link Hernandez to the burglary of the Bradford residence and postoffice in Pumpville when Pelham Bradford was shot in the leg when he surprised the burglar last June.

Cooksey was shot in the back and leg last November when he went to a cave east of Dryden to investigate some stolen articles which had been reported found in the cave by a man working for Indio Calzada on his ranch. Hernandez was in the cave and came out when Cooksey, Cash, and Bennie Ray Ross approached the cave. He was walking around a bush when he turned and fired at Cooksey, hitting him in the leg. He shot him again as he hit the ground, the bullet striking him in the back. He took Cooksey's gun and wallet and forced the finder of the cave to drive him south of Dryden for several miles before he got out of the pickup.

A widespread search at that time failed to flush the "cave man", as he came to be known, out into the open.

About six months ago there was a report that a suspect had been seen southwest of Dryden and Deputy Hogg and Highway Patrolman Malcom Bolinger left Sanderson with dogs and horses in an effort to track and capture the man. En route to Dryden the

The picture below, taken about 1912, shows F. B. Carter, hotel manager on the left, and Chris C. Gates, postmaster and owner of the racket store, and two unidentified boys. The edge of the dress of some girl is shown inside as she peeks around the door during the photographic process. A racket store was the name given a variety store then and the sign on the window and on the post at the left denotes such a business. The sign above the door is hung with bailing wire and the original picture shows the signs might have been hung just for the picture. This is on the south side of the Terrell Hotel. Aspirin is said to be the world's most universal drug, more widely used than any other in medical history... It is a member of an ancient family of drugs known as salicylates which occur naturally in such fruits as oranges, apples and grapes as well as in certain flowering plants... In Greek and Roman days, it was common for people to extract salicylates from willow bark... Hippocrates, the father of medicine, recommended leaves of the willow tree to ease the pain of childbirth... Today, Americans take enough aspirin to provide the entire United States population with two tablets per person each week...

Oranges, the world's leading fresh fruit, were cultivated in the Orient as early as 2,200 B.C... They were introduced to America in 1493 by Columbus... Dolls were popular in America, long before the days of Columbus... Indian tribes twisted corn husks into figures for use in ceremonies and as children's playthings... The first major step toward modern architecture was taken 4,000 years ago when an ingenious Greek invented the "post and lintel"—two columns supporting a horizontal crosspiece... Later, a clever Egyptian discovered how to take the columns away—and the arch was born... New York's old Pennsylvania Station was modeled after a single room in ancient Rome's Baths of Caracalla... The Ainu remain one of Japan's mysteries... Although they live among Mongoloid people, the Ainu look more like Europeans... Most have light complexions, round eyes, heavy beards and wavy black hair... They speak a language unrelated to Japanese.

The largest check ever recorded was for \$642.6 million... It was drawn in 1956 by the Ford Motor Company for the Ford Foundation and represented receipts from the public sale of Ford common stock... Canada supplies one-quarter of all the Christmas trees sold in the United States...

"Magazine" comes from two Arabic words—*makhazine* ("warehouse") and *khazana* ("to store up")... The word was brought to England by 16th century travelers and gradually came to mean a storehouse or treasury of information... In 1731, it first appeared as a name on the still flourishing "Gentleman's Magazine" which described itself as a col-

lection of subjects "to treasure up"... Rival publications soon adopted the world until periodicals monopolized the terms... car and trailer were wrecked and the men injured and hospitalized. About three weeks ago, officers from all over West Texas assembled in the Dryden area to make a systematic search since a man answering Hernandez' description was seen by Roy Deaton on his ranch southwest of Dryden. The hunt failed to turn

up the wanted man and it was decided to watch several places in the Dryden area that had been frequented by a man presumed to be the "cave man".

"During the past three weeks," Sheriff Cooksey said, "Roy Deaton has been most helpful to us in keeping track of the wanted man and letting us know of his actions. This has been at some risk to himself and his family since it was Deaton who notified local officers immediately after he had talked to the man about three weeks ago. The people of Dryden have all been most cooperative and helpful in developing a pattern of the movements of the man so that we were able to capture him."

Cooksey was also grateful for the help that had been given him by officers of this area in the search for and ultimate capture of Hernandez.

"During the past year, the people in the Dryden area have been living in some danger of their lives," Cooksey stated. "It surely is a relief to us all to

know that the man will no longer be free to roam around the country pilfering for his needs, and putting all the people there in danger of being shot or injured."

Mrs. H. W. L. Johnson was in an Alpine hospital for several days last week for medical treatment.

Mrs. H. C. Goldwire went with her sister, Mrs. W. H. Schooler of Big Lake, to San Luis Potosi, Mexico, to visit with Mrs. Schooler's daughter, Mrs. Ben Burkholder, and family.

It is hereby declared to be the policy of the State of Texas to encourage the optimum development of the limited number of feasible sites available for the construction or enlargement of dams and reservoirs for conservation of the public waters of the state, which waters are held in trust for the use and benefit of the public. The proceeds from the sale of the additional bonds authorized hereunder deposited in the Texas Water Development Fund and the proceeds of bonds previously authorized by Article III, Section 49-c of this Constitution, may be used by the Texas Water Development Board, under such provisions as the Legislature may prescribe by General Law, including the requirement of a permit for storage or beneficial use, for the additional purposes of acquiring and developing storage facilities, and any system or works necessary for the filtration, treatment and transportation of water from storage to points of treatment, filtration and/or distribution, including facilities for transporting water therefrom to wholesale purchasers, or for any one or more of such purposes or methods; provided, however, the Texas Water Development Fund or any other state fund provided for water development, transmission, transfer or filtration shall not be used to finance any project which contemplates or results in the removal from the basin of origin of any surface water necessary to supply the reasonably foreseeable future water requirements for the next ensuing fifty-year period within the river basin of origin, except on a temporary, interim basis.

"Under such provisions as the Legislature may prescribe by General Law the Texas Water Development Fund may be used for the conservation and development of water for useful purposes by construction or reconstruction or enlargement of reservoirs constructed or to be constructed or enlarged within the State of Texas or on any stream constituting a boundary of the State of Texas, together with any system or works necessary for the filtration, treatment and/or transportation of water, by any one or more of the following governmental agencies: by the United States of America or any agency, department or instrumentality thereof; by the State of Texas or any agency, department or instrumentality thereof; by political subdivisions or bodies politic and corporate of the state; by interstate compact commissions to which the State of Texas is a party; and by municipal corporations. The Legislature shall provide terms and conditions under which the Texas Water Development Board may sell, transfer or lease, in whole or in part, any reservoir and associated system or works which the Texas Water Development Board has financed in whole or in part.

"Under such provisions as the Legislature may prescribe by General Law, the Texas Water Development Board may also execute long-term contracts with the United States or any of its agencies for the acquisition and development of storage facilities in reservoirs constructed or to be constructed by the Federal Government. Such contracts when executed shall constitute general obligations of the State of Texas in the same manner and with the same effect as state bonds issued un-

der the authority of the preceding Section 49-c of this Constitution, and the provisions in said Section 49-c with respect to payment of principal and interest on state bonds issued shall likewise apply with respect to payment of principal and interest required to be paid by such contracts. If storage facilities are acquired for a term of years, such contracts shall contain provisions for renewal that will protect the state's investment.

"The aggregate of the bonds authorized hereunder shall not exceed \$200,000,000 and shall be in addition to the aggregate of the bonds previously authorized by said Section 49-c of Article III of this Constitution. The Legislature upon two-thirds (2/3) vote of the elected members of each House, may authorize the Board to issue all or any portion of such \$200,000,000 in additional bonds herein authorized.

"The Legislature shall provide terms and conditions for the Texas Water Development Board to sell, transfer or lease, in whole or in part, any acquired storage facilities or the right to use such storage facilities together with any associated system or works necessary for the filtration, treatment or transportation of water at a price not less than the direct cost of the Board in acquiring same; and the Legislature may provide terms and conditions for the Board to sell any unappropriated public waters of the state that might be stored in such facilities. As a prerequisite to the purchase of such storage or water, the applicant therefor shall have secured a valid permit from the Texas Water Commission or its successor authorizing the acquisition of such storage facilities or the water impounded therein. The money received from any sale, transfer or lease of storage facilities or associated system or works shall be used to pay principal and interest on state bonds issued or contractual obligations incurred by the Texas Water

Development Board, provided that when moneys are sufficient to pay the full amount of the full amount of outstanding interest to accrue thereon, any further sums received from the sale, transfer or lease of such storage facilities or associated system or works may be used for the acquisition of additional storage facilities or associated system or works or for providing financial assistance as authorized by said Section 49-c. Money received from the sale of water, which shall include standby service, may be used for the operation and maintenance of acquired facilities, and for the payment of principal and interest on debt incurred.

"Should the Legislature enact enabling laws in anticipation of the adoption of this Amendment, such Acts shall not be void by reason of their anticipatory character."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this state at an election to be held on the first Tuesday after the first Monday in November, 1966, at which election all ballots shall have printed thereon the following:

"FOR the Constitutional Amendment authorizing the issuance of an additional \$200,000,000 in Texas Water Development Bonds and providing for further investment of the Texas Water Development Fund in reservoirs and associated facilities."

"AGAINST the Constitutional Amendment authorizing the issuance of an additional \$200,000,000 in Texas Water Development Bonds and providing for further investment of the Texas Water Development Fund in reservoirs and associated facilities."

Sec. 3. The Governor of Texas shall issue the necessary proclamation for the election and this Amendment shall be published in the manner and for the length of time as required by the Constitution and laws of this state.

Social Security Changes Cited

Changes in the social security law may be of importance to various widows in this area, according to H. P. Thomas, manager of the Odessa Social Security Office.

One of the changes reduces from 62 to 60 the age at which a widow may qualify for benefits on her late husband's account. If she chooses to receive her checks at the earlier age, her benefits will be 13 1/2% less than she would get at 62.

On the average, a widow who requests that her benefits be paid before age 62 will receive about

the same amount in total benefits over the years, according to Thomas.

Other changes concern widows whose benefits stopped because of remarriage. Under the new law, a widow who remarries after age 60 will receive either one-half the retirement benefit of her former husband, or a wife's benefit based on the earnings of present husband, whichever is higher.

Also, regardless of age, if a widow remarries and the subsequent marriage terminates, she can again receive payments on

her first husband's account. However, a widow under age 60 must have a child in her care who is also eligible for benefits.

More detailed information about widow's benefits, as well as other provisions of the Social Security Act, can be obtained from the Odessa Social Security Administration by asking for leaflet 1965-5.

For the convenience of those who might like to visit the district office after regular hours, 8:30 to 4:30, the Odessa office is open until 8:30 p.m. each Thursday on a regular schedule.

T. W. McKenzie returned home Friday from El Paso where he had spent several days with his wife. W. G. Shoemaker accompanied him on the trip to visit his brother and family.

New Hunting License
In Effect by September

New hunting and fishing licenses will be mailed to licensed dealers in all 254 counties of Texas at a new record early date.

The licenses are not good until September 1, beginning of the new fiscal year.

Also, the old licenses will be necessary for sportsmen to have on their person through August 31.

The licenses will be distributed through approximately 2,500 dealers, mainly stores featuring hunting and fishing equipment, as well as many bait stores.

The Department said the "sportsmen's credentials" will be in the hands of the agents well in advance of the new fiscal year to preclude any necessity for hunters and fishermen having to line up.

Individual fishing licenses cost \$2.15 for both residents and non-residents. Resident hunting licenses cost \$3.15.

Non-resident hunting licenses cost \$25. A special \$5 five-day non-resident license entitles the holder to hunt migratory birds, for five consecutive days, mainly waterfowl and doves.

This license is popular, the Department notes, with visitors patronizing the Rio Grande Valley white-winged dove harvest in early September and with duck and goose hunters who come from distant mid-west areas in late November and December.

There are many resident fishing exemptions described in the Texas Park and wildlife Department's official hunting and fishing guide but basically persons 17 years of age and under 65 must have the regular state licenses.

Mr. and Mrs. Malcom Bolinger and children are visiting relatives in Canyon for a few days.

T. O. Moore Jr., Miss Linda Early Wed Saturday

The First Baptist Church was the setting for the Saturday marriage of Miss Linda Kay Early of San Angelo and Thomas Owen (Buddy) Moore Jr., son of Mr. and Mrs. T. O. Moore of Sanderson. Mr. and Mrs. James H. Early of San Angelo are the parents of the bride.

Billy Early, brother of the bride, lighted the candles in the seven-branched candelabra in the altar space. The candelabra were flanked by white wicker floor baskets filled with greenery and white spider mums tied with white satin ribbons.

Rev. J. C. Hancock, pastor, officiated at the single-ring marriage rites at four o'clock in the afternoon.

Mrs. C. C. Eggleston sang "The Wedding Prayer". She was accompanied by Mrs. Hancock, organist, who also played pre-nuptial selections and the traditional wedding marches.

The bride's father escorted her to the altar. She wore a formal gown of white delustered satin, made by her mother, having a fitted white lace coat with long tapered sleeves. The coat opened at the waist to reveal a portion of the skirt in A-line effect. Her waist-length veil was caught to a white pearl circlet. On the white Bible, which she carried, was a bouquet of white flowers.

Miss Nancy Ellen Gallemore and Miss Mary Ann Cupps of San Angelo were the bride's honor attendants. They wore A-line dresses of pink bonded crepe fashioned with round necks and they carried a single long-stemmed white carnation.

The bridegroom's father was the best man. G. C. Eggleston was the groomsman and Mike Wood and John Sutherland of San Antonio ushered.

A reception in the Legion Hall followed the wedding. The bouquet of the bride decorated the table covered in a white cutwork cloth where the bridegroom's cousin, Miss Sharon Trlica, of Dallas, registered the guests in the bride's book.

The bride's table, laid in white linen had a centerpiece of white gladiolus, and carnations with white candles in crystal holders to each side. The three-tiered cake topped with a miniature bride and groom was at one extremity and the crystal punch bowl filled with pink punch at the other end. Pink mints and nuts were also on the table.

The bridegroom's table, covered in a gold linen cloth, was centered with brass scales filled with gold grapes and flanked by gold candles in brass candlesticks. Coffee was served from a brass urn and the chocolate cake was decorated in orange flowers.

Alternating in serving were Mrs. Marvin Wood and Mrs. Larry Heinatz, sisters of the bridegroom; Mrs. Paul Langley, Mrs. Jack Burkhead, and Mrs. Louis Trlica, aunts of the bridegroom; and his cousin, Miss Jean Ann Burkhead.

Members of the house party were Mmes. O. D. Gray, James Word, and G. W. Kyle.

When the couple left on their wedding trip, Mrs. Moore was wearing a two-piece cotton suit, white accessories and the corsage from her bridal bouquet. They will reside in Sanderson where the groom is employed by the Southern Pacific Railroad. He is a graduate of the Sanderson High School and attended San Angelo College.

Friday evening, Mr. and Mrs. Moore were hosts for the rehearsal supper served on the patio in the back yard following the rehearsal. The couple presented gifts to their attendants. Mrs. F. M. Wood and Mrs. C. E. Litton assisted the Moores in serving.

Mr. and Mrs. W. C. Burk and children moved Friday to Laredo where he will be senior patrol inspector in the U. S. Border Patrol.

dent of the United States in that election.

"(c) Notwithstanding any other provision of this Constitution, the Legislature may enact laws and provide for a method of registration, including the time for such registration, permitting absentee voting for electors for President and Vice President of the United States in this State by former residents of this State (1) who have removed to another state, and (2) who meet all qualifications, except residence requirements, for voting for electors for President and Vice President in this State at the time of the election, but the privileges of suffrage so granted shall be only for such period of time as would permit a former resident of this State to meet the residence requirements for voting in his new state of residence, and in no case for more than twenty-four (24) months."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this State at an election to be held on the first Tuesday after the first Monday in November, 1966, at which election all ballots shall have printed thereon the following:

"FOR the Constitutional Amendment permitting persons qualified to vote in this State except for the residence requirements in a county or district to vote for Presidential and Vice Presidential Electors and for all state-wide offices, questions or propositions, and permitting citizens of the United States recently arrived or departed from the State to vote for Presidential and Vice Presidential Electors."

 The "categorical" restrictions, so they say, make it difficult to force anything but tighter federal controls, ultimate nationalized curriculum, and thus, they say, stagnation of education progress.

It is our humble opinion, based strictly on what has been seen and heard, that the Texas Education Agency has set the standards for equipment and teaching aids up to the level of possibilities with federal money and thus "forces" schools' taking advantage of this possibility of financing their needs.
 We agree with the substance of what the TSTA paper says, we agreed with it two years ago, or five years ago, or 15 years ago. There is no need to buy a collar and leash for a dog if you are not going to hold one end!
 The TSTA says that most educators had rather look to Austin

or am I repeating myself!
 Parents interested in knowing what is happening to the tires and transmissions on their automobiles might check the market in the street by the drug store and in front of Dudley's Texaco Station. A close look will show the rubber actually piled up on the sides and ends of the market.
