THE SANDERSON TIMES

VOLUME 63, NUMBER 4

SANDERSON, TERRELL COUNTY, TEXAS 79848

FEBRUARY 27, 1969

LISTEN TO LUKE

Alberts---

We got our hand called again last week. Doc Anderson was the first sheriff of Terrell county and he was killed in 1877. George Fenley was the sheriff.

 Our new U. S. Attorney General recently said: "The simple fact is that crime is intimidating us - is forcing us to change the fabric of our society, and our inability to control crime is our partnership with national disaster. The evidence is conclusive - crime is crushing us."

There is a story in The Times last week about the vandalism which has occurred to the school since last fall. We feel this should be brought to the attention of the citizens of Terrell County.

Leaving out everything else - person possibly could - this cost to the taxpayers that is warranted.

And since a person - especially - can't leave out everything else, there is something that has to be said.

The loss to society of the wisdom and goodness of youth is the greatest loss that we can suffer from this. Coddling, protecting, hiding, defending, rationing, and in any other way permitting these things to continue on and on, in our own opinion, is not the treatment that our youth of today and tomorrow deserve.

This eternally getting away with vandalism on the part of the young people leads them to believe, possibly, that they can continually get away with destruction or taking of things that do not belong to them. One thing leads to something bigger unless a vandal or thief sees the error of his ways naturally or is forced to do so. The influence of unpunished crime is not good for other people who see and know there is no punishment - no retribution by society of criminals or thieves.

We have the obligation as Christian citizens for the influence for the right.

A few - and we think it is - people involved in these things are not proud of their nor can any responsible person be proud of them. The more they are made to realize their responsibility as young men, the sooner they can get their heads in self-respect and we can all be proud of all our young people.

Day of Prayer To Be Friday

World Day of Prayer will be observed here on Wednesday, March 5, the annual observance being postponed from the first Friday in Lent.

The service will be in the First United Methodist Church and will begin at 4:15 P.M. A cordial invitation is being given to the women of the community to attend the service which has been planned by the women's organizations of the Presbyterian and Methodist churches.

Jackets Presented To Eagle Gridsters

Eight boys received their football jackets in an assembly last Friday in the high school auditorium.

They were: 4-year letterman John Stutes, 3-year letterman Lalo Ybarra, 2-year letterman Jerry Greenleaf, and 1-year lettermen James Alexander, Juan Falcon, Buddy Carr, Ray Chalambaga, and Dimas Lopez.

Under a new U.I.L. ruling, a boy may receive only one \$20 award (jacket) in his four years of high school for participating in a sport. The other three years he will receive a \$3.00 token award. The boys may choose their jacket whenever they want it but some schools leave it to juniors and seniors.

The other Eagles who chose letters were Emelio Martinez, Hector Chalambaga, Manuel Salas, Bill Littleton, Johnny Freeman, Ray Arredondo, Robert Barron, Brad Harrison, Leslie Hall, Manuel Olivas, Randy Louwien, Blain Chrisman, Rolando Rodriguez, Oscar Lopez, Rudy Villarreal, James Phillips, Ronnie Stewart, Damon Harrison, Bob Murrah, Greg Richmond, and Jackie Deaton.

Egglestons Report On Pyote Trip

Mr. and Mrs. George C. Eggleston went to Pyote last Friday to take a pick-up load of articles for the West Texas Children's Home there. During their visit they were escorted through the facility by the superintendent, Fred Conradt, who explained all of the details of the home to the Egglestons.

They reported that there are presently 136 children in the home, ranging from 3 to 16 years of age. Forty per cent are Anglo, 40% of Mexican extraction, and 20% Negro. Six new dormitories are abuilding and 126 more children are expected as soon as the dorms are completed. Any couple under 50 with no children at home, high school education, who are interested in becoming dorm parents at a very attractive salary, are urged to apply to Mr. Conradt for the job.

Rare Tree Planted By SHS Biologists

The biology classes of Sanderson High School planted two Ginkgo biloba trees in front of the building Tuesday.

The Ginkgo is one of the rarest of all living plants, a single of a single genus, the last survivor of an entire order, according to Mrs. R. C. Holcombe, biology teacher.

The following is her story of the tree: "Many years ago a priest of China found the curious tree in the forest and planted it in the temple gardens and preserved the species".

The Ginkgo has deciduous leaves that are wedge-shaped and two-lobed. The leaves grow in clusters at the tips of spurs spaced along the branches. Its seed-bearing structures look like fruits but are structurally more like cones placing it in the class Gymnospermae.

The trees were purchased by money donated by the class.

FTAers Win Trophy For 'Best Projects'

The Sybil M. Savage chapter of Future Teachers of America, Mrs. R. C. Holcombe, advisor, was the winner of the "Top Ten Projects" award at the FTA convention in Austin last week. The competition was among all schools of the state, regardless of size.

Their project was "Teachers' Chores" and the local members worked five hours or more helping teachers.

Those attending the convention from Sanderson were Mitzi Cash, Gina Hardgrave, Barbara Brown, and Christine Downie.

They attended various sessions and heard talks by Ralph Wayne, a representative from Plainview and Dr. J. E. Morgan, founder of F. T. A.

Miss Downie, president of the local chapter, received the trophy for the group.

Band Hall Is Victim of Vandals

The band hall was burglarized on the weekend of February 14-15, according to word received from Mr. Card Thursday of last week. Children apparently were guilty of the vandalism, stated Mr. Card, due to the nature of their actions once inside the building.

Entrance was gained by tearing off a screen and breaking out a window. Once inside the person or persons poured cold drinks over music, a typewriter and over many items and generally messed up the interior of the building. There was no evidence that any items were taken from the building.

Other Vandalism Done to School Property

Other vandalism done to the school property during this year, according to Supt. Ken McAllister included:

Burglarizing equipment room at gym and taking bows and arrows;

Shooting arrows into score board at grid field causing severe damage;

Burglarizing concession stand at football field, taking some merchandise, scattering other unedibles;

Breaking door on concession stand just few nights later and repeating actions inside;

Burglarized pink house east of junior high building, ransacked and scattered equipment, used inoperable commode;

Broke out windows in pink house;

Smeared excrement all over outside doors at elementary building;

Our Flag - Show It Proudly!

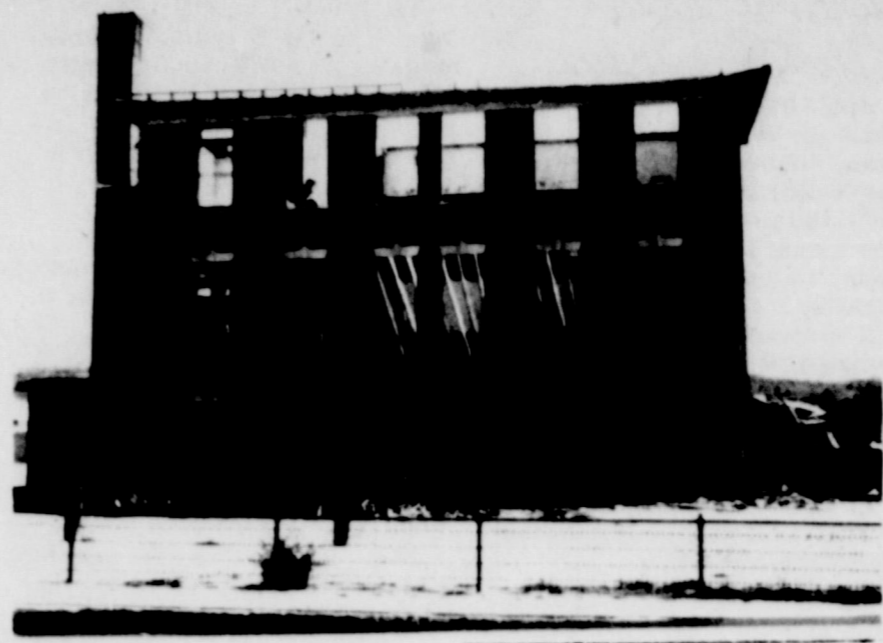

We Americans cherish our Stars and Stripes. It has given us heart and hope and strength ever since this nation was born. It has flown in times of trouble and in times of triumph as a symbol of America's unquenchable ideals, ever since those ideals were first proclaimed. It flies today as a sign that Americans, proud of their country's stirring heritage, are determined to carry the American dream forward.

Millions of us fly the flag or display replicas of it in the windows of our homes and offices and automobiles. Millions more will soon have an opportunity to do so. The February issue of Reader's Digest will have a detachable

American flag decal inserted in every one of its 18 million copies; the Digest will offer additional copies at cost to individuals and organizations. This project will constitute the widest distribution in history of the American flag.

When we fly the flag each day, we salute the blessings we enjoy in this great country. We express our support of the American credo: one nation indivisible, with liberty and justice for all.

Whether you have a full-sized flag or a small reproduction, display it proudly. If we all "show our colors," we shall also show that we know what a privilege it is to be an American.

We have the mind of Christ. —(I Cor. 2:16).

Life may seem complex and difficult, but the Christ Mind in us knows the way; the Christ Mind is able to penetrate all darkness and clarify all confusion in our thinking. The Christ Mind knows our needs, our longings, our desires and even when we do not seem to know what it is we are seeking. Just remember, the Christ Mind directs us.

Twenty-Eight Here For Library Workshop

Twenty-eight ladies, representing libraries of the area including Sanderson, gathered in Fellowship Hall at the First Presbyterian Church Tuesday morning for an all-day workshop on classification and cataloging of library materials. The day's program consisted of practical help in the details of processing library books and a work period during which the librarians catalogued several titles.

Mrs. Marjorie Heyer, coordinator of technical services at El Paso major resource center, was chiefly responsible for conducting the workshop.

Workshops for the libraries of the nine counties in the eastern Trans-Pecos region are scheduled periodically as area service of the El Paso Public Library, designated as a major resource center for the region.

Librarians and assistants came from Marfa, Imperial, Iraan, Rankin, Sanderson, and El Paso.

At noon six executive board members of the Terrell County Friends of the Library joined the group for lunch. A Mexican casserole, bean salad, fruit salad, hot rolls, sherbet, cookies, tea, and coffee were served. The invocation was given by A. H. Zuberbueller. Mrs. W. H. Savage, president of the local Friends of the Library, introduced the members of her board and the out-of-town visitors.
