SANDERSON, TERRELL COUNTY, TEXAS 79848

FEBRUARY 19, 1970

LISTEN TO LUKE

By Albert: ---

There have been many bushes around our end of town putting on new leaves in recent days. We hope they are not trying to convince us that it is spring, because there is not a chance that they could this time of year. Maybe the latter part of April we will be convinced that spring began in February, but not now!

Just because the botanical chemistry has caused some sap to start running, not knowing that we always have some colder weather in April, is no sign that we won't this year. There is always some sap running some part of the winter and some saps pay no attention to the seasons and keep running all year long.

Figures that appear in the news are interesting - and we are not talking only about those figures that are depicted in "minis" and in bikinis, etc. We are talking about numbers.

One of the interesting figures we have noticed recently concerns the eligible voters in the county now and in 1960. There were then 779 voters who had paid their poll taxes and some unknown number in addition who were eligible to vote but were exempt from the poll tax because of being over or under age. The number of registered voters in the county this year is 796.

It would seem that the population of the county has decreased since 1960 a little bit, but the number of voters seems to be pretty close to the same. There could be reams of column copy written on the possibilities of "why", but suffice it to say that these are the figures and you can go from there with your own reasons.

Another figure that intrigues us - number that is - is the one concerning the school census figures now and in comparison with 1960. There were then 683 students enumerated in the county. This year there are 467, or a drop of 216 in the past 10 years, this is almost 1/3 by new or old math.

Another connection with this figure that is interesting is the cost of education now for this number of local students and the cost for the education then of our enrollees in institutions of learning. The drop in scholastics is not reflected in the voter registration by any means, and if one would consider that the drop of scholastics was commensurate with a decrease in adult population in the county then there should have been some kind of a voter decrease.

Taking a figure of an average of three children to the family, the decrease in scholastics represents 72 families or 144 adults, add these two together - adults and children - and we get a decrease in population of about 360 people in the county during the past 10 years. This is a figure based on really nothing tangible and is only for speculation and column-writing.

The real population of the county will be known after the census figures come out following this year's count.

One of the things to be pointed out in the consideration of continued to back page

The tree in the front yard at the home of Costulo Calzada at 613 E. Mansfield was in full bloom Monday of this week when the picture above was taken. Besides the blooms, small leaf shoots were also visible over the limbs. March 20 is the first day of spring.

Harveys Restaurant Is Re-Opened

Harvey's Restaurant opened Sunday under new management. Mrs. Roxy Burge and Mrs. Wanda Hoffman are the new owners and operators of the restaurant. Hollis Haley was the former owner and operator.

The new owners came here from Del Rio and have experience in restaurant work.

LATER NEWS - - -

A fire which broke out in the kitchen of Harvey's Restaurant Tuesday night about 7:30 did considerable damage to the interior of the building and caused the closing of the business until repairs and clean-up could be effected.

Mrs. Hoffman and Mrs. Burge stated that they were anxious to serve the people here and would do their best to have a place that would be comfortable and pleasant and every effort would be made to have good food at all times. They asked the understanding and patience of the people during the first few weeks in business here. Several improvements are planned to the business, all of which, they hope, will make for a more popular place for local people to have their meals, coffee, and snacks.

All of the "old" crew will be employed by the new operators and Florentino Ochoa will be working a few hours daily in the kitchen in a supervisory capacity.

Mr. and Mrs. Pete Vincent of Del Rio, former residents, were weekend visitors with Mr. and Mrs. Weldon Cox.

Skeletal Remains Are Identified

The skeletal remains that were found recently in Sanderson Canyon just east of town were positively identified, according to Sheriff Bill C. Cooksey. The remains were those of a Negro male, whose skeleton was found earlier on the F. J. Barrett ranch.

Following the first finding of the skeleton the hands were removed since there was some mummified skin intact which could possibly leave identifiable prints. These prints were used for positive identification and the relatives contacted to notify them of the death of the man. They requested that the remains be buried locally. The polyethylene bag used to bury the remains was mistakenly identified as a black raincoat and the body was disinterred by the flood in 1965. The original find of the skeleton occurred many months after death and the remains were scattered to some degree at that time. The findings of the pathologists following the recent search noted the removal of the hands, but otherwise identified the remains as a male, were within one year of his true age, and 1/2-inch of his height.

Sheriff Cooksey stated the pathologists asked permission to keep the skeletal remains that were found recently for study there.

Two persons remain missing from the time of the flood.

The theme, "An Evening in Paris" and a color scheme of pink and gray were noted in the annual Sweetheart Banquet given by the local chapter of Future Homemakers of America. The banquet was prepared and served by the girls in the Homemaking Cottage Thursday evening.

Pink and gray streamers imprinted in silver were on the walls and in the south end of the cottage was a banner with "Evening in Paris" in silver. A typical French scene was on the north wall. The tables were covered in pink and pink flowers were at intervals down the center. The French theme was also noted in the place cards, napkins, decorations on the speaker's table, and the menu.

Miss Juanita Castro, president, extended the welcome and the invocation was given by Monica de Leon. Stella Calzada was in charge of the entertainment and Beth Clifford introduced Dr. A. N. Clanton who talked on the danger of accidents to children.

Hector Chalambaga and Mark Crosby were introduced as the chapter beaux.

Miss de Leon was presented with a certificate from McCall's patterns and named as their correspondent.

A salad set was presented to Mrs. Wandah Alexander, home-making teacher and FHA sponsor.

Sixty attended the banquet including the girls and their dates, Mr. and Mrs. Wayne Mitchell, Supt. and Mrs. C. B. Card, Mrs. A. N. Clanton, Mrs. Alexander, Mrs. Ray Clifford and Mrs. Alberto Calzada, FHA Mothers, and Mr. Clifford.

Heart Sunday To Be This Week

Sunday, February 22, has been designated as "Heart Sunday" and marks the culmination of the 1970 Heart Fund Drive with Mrs. Clyde Higgins as local chairman. Her workers have been making a house-to-house canvass during the past two weeks. Anyone who may have missed making a contribution and who desires to do so may contact Mrs. Higgins.

Based on 1969-70 budgets of the Association, it is estimated that the current year's funds will be expended as follows: from each dollar, 32¢ for research, 20¢ for public education, 15¢ for professional education, 13¢ for community service, 9¢ for management and supporting services and 11¢ for fund raising.

Easter Seals Letters Mailed

The 1970 Easter Seal Appeal will open in Terrell County on Monday, Feb. 23, according to Chas. G. Riggins, who serves as Easter Seal representative for the county.

Mr. Riggins said that Easter Seal Appeal letters would begin arriving at homes in the county about March 1.

He is the local contact to request rehabilitation services from the Easter Seal Society for Crippled Children and Adults of Texas. These services include physical and occupational therapy, speech and hearing program and special information services to help solve the many problems faced by the families of handicapped children and adults.

Last year 20,378 handicapped people received help from the Texas Society, Riggins explained. But the costs of providing expert professional care are rising, and more money than ever will be needed, he said.

Funds help support 20 centers in Texas, where crippled children and adults are treated, regardless of their ability to pay. Walkers, wheelchairs and related services are provided to those who cannot provide for themselves.

A fast-breaking and accurate basketball team from the Van Horn High School ended the season for the Sanderson cagers last Friday night in the zone play-off game. The 7A district championship was decided in the Sul Ross gym and Sanderson lost 92-62.

The Van Horn Eagles seemed to take some of their tactics from recent professional basketball games seen on television, double-teaming the dribbler and forcing him to throw the ball under pressure, then taking their chances on interceptions. The turn-overs in favor of Van Horn were decisive and their accuracy at the basket was high.

The first quarter ended 23-18 in favor of the winners, but from then on it was Van Horn's ball game all the way.

Blain Chriesman scored the most points for Sanderson with 13, followed closely by Bill Littleton with 12, Randy Louwien and Emilio Martinez with 10 each, Leslie Hall 9, Ronnie Stewart 2, Pat Mott 3, Mack Turner 2, and Ikey Billings 1.

Turner is the only player to be lost to graduation this year.

Tommy Hall is the basketball coach for Sanderson High School.

In the girls' play-off between the eastern and western zones, Iraan won handily over the Clint fens to advance to the bi-district competition.

Miss Lali Munoz, a student at Our Lady of the Lake College in San Antonio, went to New Orleans, La., with her roommate, Miss Jan Sazzo, and spent four days there during the Mardi Gras. She also visited many places of interest while there.

Civil Defense' Talk Given For Auxiliary

The Legion Auxiliary met on Tuesday evening in the Legion Hall with 14 members present.

Mrs. W. H. Dishman, chairman of Civil Defense and National Security committee, introduced Sheriff Bill C. Cooksey who told of plans for civil defense on the local level and gave a resume of the radio communications made available in the past year between the different law enforcement officers and other agencies that might be called upon in times of disaster.

Dr. and Mrs. A. N. Clanton had been invited to the meeting by Sheriff Cooksey and the two men participated in a question and answer period which proved very informative to the group. The idea was advanced that there should be some volunteer help trained and made available locally to assist the doctor and his wife in case of a local disaster when the facilities of the medical center would be used as the time element involved in caring for victims in an emergency would be very important. Eight persons can be cared for at the center at one time and four persons may be carried in the ambulance.

Refreshments of bean dip, Fritos, cake, tea, and coffee were enjoyed during an informal discussion period. Hostesses were Mmes H. E. Ezelle and G. W. Kyle.

During the business session which followed, the names of the three junior girls selected by the high school faculty as possible delegates to Bluebonnet Girls State were presented by Girls State chairman, Mrs. E. E. Farley. A delegate and two alternates were named and the reservation for one delegate has been sent in.

A contribution was made for "Nickles for Nicaragua", a project to provide classrooms for Nicaraguan children.

Mrs. Mark Duncan gave a report on the Legislative Bulletin.

Mrs. Peavy reported that she had the flag pins for sale, also the Legion Auxiliary pins.

figures concerning school enrollment, cost of education, etc., is the increase in the valuations on the tax rolls over the years. Some of the increase is through the raising of valuations of property on the tax rolls, some of the increase is due to the addition of new properties within the county, such as the gas plant, the producing wells, the pipe lines, etc., some of which have been added within the past 10 years, and there has been the inevitable striking from the tax rolls certain properties, such as buildings and houses that have been razed, abandoned, etc., plus those that were destroyed in the flood.

Things come and things go. Things change and so do people.

If you have a preference in considering an outdoor or indoor Easter sunrise service, the local ministerial alliance, who plans the event each year, is willing to listen to your preference and use those as a basis for setting the plans.

Attendance at the outdoor services has not been good - considering the number of people who could attend - and there is an effort being made to increase the attendance.

Attendance at the sunrise service is not being boosted for the sake of a greater appreciation for the efforts of those who read, sing, and speak at the service. There is much more to it than that.
