STEN TO LUKE

Albert: ---

time is drawing close election of three school members for a 3-year

We would like to think the voters are not interested in conducting a popularity contest of some kind. There is a whole lot more to running a school than meets the eye. We offered a free 200-word explanation of the purposes and reasons for their entering into the contest to all of the candidates who didn't get any takers, so we are interested you will ask each of them.

First, one presumes that six people are in a race for the office. If there is some dissatisfaction, or a kind of an axe to be ground, or something. But we have not heard one single reason for the interest at this time. We have heard from some who are not candidates about the expense that was incurred.

But there are laws governing everything from the location of a school to the route and distance a bus is driven and any deviation from these laws is not considered dangerous but opens the door for severe criticism.

There are - and always will be - those who are interested in the particular phase of school operation and center all of their attention on that one thing. This can be wrong, in our humble opinion, if it were a mathematical or a manual training subject. The selection of administrative personnel, the handling through all of the requests and needs and wants of everybody to come up with a solution for the school's operation, the setting of policies for the activities of the students, the teachers, the naming of curriculum, various activities in which to participate and the setting of salaries for all school personnel, working with the board of equalization and with the tax people in financing the financial operation of the district, then the handling of those controversial issues which come up from time to time, all comprise a part of a school board member's job. It is a party to and part of which is going to be effective. We must be concerned and involved in all phases and parts of a school's activity.

We do not go much for this representative idea - although we can see some merit to some of it. But we must be sure to us that each member of the board is working for the betterment of the school rather than trying to do some partisan act.

We could be as interested in that the business department got an adding machine as we are in a new cross-reference system, or the science department was in getting more equipment for that department, or a sports fan in helping that department, but if anyone centers their efforts only in one of those departments, then the school could get top-heavy. We should tennis players have the equipment furnished as we should continue to back page

Flood Control Plans Call For 10-Year Project

The work plan approved last week by the sponsoring organizations proposes a 10-year period for completion, according to the information revealed in the plan. The necessity for the duration of this time is the scope of the project and the necessary accomplishments for the insurance of success of the project. In the work plan is needed land treatment measures, 11 floodwater retarding structures, and approximately 1,800 feet of channel improvement. Land treatment measures are those which will contribute directly to watershed protection and reduction of floodwater damages. This work will help to insure the effectiveness of the floodwater retarding structures.

The total project installation is estimated to be \$4,880,161, \$85,655 of which is estimated to be the local cost and \$4,590,328 estimated to be that funded under Public Law 566.

The watershed is composed of 216 square miles of land in Terrell, Pecos, and Brewster Counties.

The Terrell County Commissioners Court will be responsible for the operation and maintenance of the structures following their completion.

Co-sponsors of the project are the commissioners courts of the three counties, the Big Bend, Trans-Pecos, and Rio Grande-Pecos River Soil Conservation Districts.

Technical assistance for the surveys, planning, engineering work plans, and the accomplishment of the actual project will be by the Soil Conservation Service, Department of Agriculture.

Mrs. Marvin Allen Dies In Stockton, Rites Wednesday

Mrs. Marvin Allen died Monday afternoon in a Fort Stockton hospital one week after being shot in the side with a shotgun. She had been in critical condition since being admitted Monday morning of last week.

Funeral services for Mrs. Allen were in the First Baptist Church Wednesday morning with Rev. E. H. Carson, pastor, officiating. Jones Funeral Home of Ozona was in charge of the arrangements and burial was in Cedar Grove Cemetery.

Eddie Allen, 46, was born in Rankin on July 4, 1923. She had been a resident of Sanderson for about nine years. She was a member of the Auxiliary to the B. of R. T. and president of the American Legion Auxiliary.

Besides her husband, she is survived by a son, Bobby Lee Dobbs of El Paso and a sister, Mrs. Quincy K. Early of Snyder.

The shooting occurred at her home on Cargile St. about 8:00 a. m. and according to officers who were called to the house, indications are that she was in the front yard at the time she was shot. She was picked up there by ambulance attendants and taken to Fort Stockton.

Water Rates Are Lowered Here

The directors of the Terrell County Water Control and Improvement District #1 have reduced the water rates to residential customers only for the summer months beginning April 1 and continuing through September 30.

This reduction will affect all residential customers that use over 4,000 gallons of water per month. The present rate is 80¢ per 1,000 gallons after the first 4,000 gallons used per month; the new rate will be 60¢ per 1,000 gallons after the first 4,000 gallons.

This reduction is an experiment. The directors want to find out how much this reduction will affect revenue as future operations will be based on the results.

It was pointed out that the district has certain bond obligations to meet, plan for the maintenance and upkeep of the existing wells and mains, and also plan for future changes, expansion, or well exploration, any or all of which could affect future rate adjustments. They stated that they hoped to be able to stay with the current adjustment for the benefit of the users of water in the district.

'Restless Ones' Plans 3 Showings

"The Restless Ones," considered the most successful motion picture yet produced by Evangelist Billy Graham, will be shown in Sanderson on March 31, April 1 and 2 in the Princess Theatre. It is sponsored by the local Ministerial Alliance.

With the accent on youth, this feature-length film deals imaginatively and dramatically with the teen-age crisis. With a background setting provided by the 1963 Billy Graham Los Angeles Crusade, and artfully woven into the story pattern, "The Restless Ones" is a hard-hitting, bold approach to our social problems. The picture dares to be different, and has a story which will stir the heart and mind, according to reviews.

As one reviewer said, "Here is a picture that tells the world the truth and comes up with an answer, not an easy answer, but an answer from beyond us." This answer will satisfy, challenge and inspire young and old alike and will appeal to churchgoers and non-churchgoers. The Christian message comes through in the midst of a realistic teen-age situation, cleanly and without cloying. Swift-moving plot episodes highlight the opportunities facing the church.

Law Officers Of Area Organize

Thirty-five West Texas law officers attended an organizational meeting of the Big Bend Area Law Enforcement Association in Alpine last Thursday.

Jean Pate, police chief at Alpine was elected president of the organization, Sheriff Bill C. Cooksey as vice-president, Chester Wilson, senior patrol inspector of the U. S. Border Patrol in Alpine, as secretary-treasurer.

The Association is open to everyone involved in law enforcement in the Big Bend and surrounding area. The next meeting on April 8 will be in Alpine. Subsequent meetings will be held in area towns to be designated.

The meeting involved writing the constitution and by-laws of the organization. The group also set as their objectives to promote and advance the science and art of police administration and crime prevention; to develop and create a climate where the members may exchange information and experience for the advancement of the agencies represented and to secure a closer official and personal relationship among the members.

Officers attended from Alpine, Marfa, Fort Davis, Fort Stockton, San Angelo and Sanderson. Other officers in Del Rio, Van Horn, Valentine, Seminole and Garden City have expressed an interest in joining the group.

Snow, Sleet, Rain All in One Day

Snow, sleet, and rain fell over this area all day Friday and put some very beneficial moisture into the ground. Rain began falling before daylight and continued slowly but steadily all day. The temperatures dropped as the day progressed and about 6:00 p. m. the precipitation turned to snow and sleet, covering the ground lightly.

There was some hazard to driving conditions on the roads to the north and west of Sanderson Friday night following the sleet, but it soon melted and there was not a freeze locally Friday night.

There were little traces of the snow and sleet left locally Saturday morning but to the north and west of town the evidence became heavier.

Over one inch of moisture was in local gauges as a result of the 12 hours of falling weather.

The coverage of the moisture was general over the county, according to all available information, and ranchmen were very expressive of their gratitude for the wetness and the prospects of a good spring for grasses and weeds on the pastureland.

There are six candidates for the places on the school board; Mrs. J. M. Davis, T. J. Stewart, Santiago Flores, N. M. Mitchell Jr., Herbert Brown, and E. E. Westbrook.

Three trustees will be elected for a 3-year term.

GRAVESIDE RITES TUESDAY FOR LISA ANN CLANTON

Graveside rites were conducted Tuesday morning for Lisa Ann Clanton, 10-day old infant of Dr. and Mrs. A. N. Clanton. They had brought her to Sanderson from San Antonio on Monday of last week to live with them and she became ill on Saturday, necessitating taking her to the hospital in Alpine where she died Sunday afternoon.

Rev. Albert Peak, pastor of the First United Methodist Church, conducted the service. The Geeslin Funeral Home of Alpine was in charge of the arrangements.

Mrs. J. A. Gilbreath arrived by plane in Odessa Friday after a week's visit with her mother who is ill, and other relatives in Tucson, Ariz. Mr. Gilbreath met her in Fort Stockton and they brought their grandchildren, Shaun and Sharnan Edwards, to Sanderson for a visit. Their mother, Mrs. Melinda Edwards, will join them here for the Easter weekend.

There will be an Easter sunrise service Sunday, March 29, at the elementary school. The service will begin at 6:45 a. m. and all residents of the county are urged to attend the worship service. In case of inclement weather, the service will be in the activity room at the elementary school.

Harrison, minister of the First Presbyterian Church, will give the invocation; Rev. Albert Peak, First United Methodist Church minister, will give the offertory prayer. It's Time For Dog Registration

"It's time again for the registration of all dogs in Terrell County," according to information put out this week by Mrs. Ginette Litton, county treasurer, who has charge of keeping records concerning the registration.

A law passed by the commissioners' court requires the registration of all dogs in the county and requires that all dogs be penned or tied up at night. The move was an effort to cut down on the loss of livestock by ranchmen who own land near town by eliminating stray dogs or dogs that do not have an owner.

METHODISTS, PRESBYTERIANS TO HAVE SERVICES TONIGHT

There will be a special worship service of dedication at the Presbyterian Church on Maundy Thursday (tonight) at 7 o'clock. The pastor, Rev. R. A. Harrison, will be assisted by the young people of the church at the service.

At the First United Methodist Church there will be a communion service beginning at 7:30, according to an announcement by Rev. Albert Peak, pastor.

LIBRARY FINES DISCONTINUED

There will no longer be assessed fines for books overdue at the library, according to information released Monday. Instead of fines, there will be a bank for readers to deposit an amount of money they think is fair for keeping books beyond their due date. This saves the trouble and expense of keeping records, billing, and time for making change and is a practice that is being used successfully in other libraries, according to those who work in the local facility.

It is hoped that this method meets with the approval of local library users and that they will cooperate by the use of the little bank for their deposits of fines.

New books received recently by Terrell County Public Library includes:

- "In the Death of a Man" - Egan
- "The Laughing Policeman" - Wahloo
- Non-fiction books include: "The Bridge at Chappaquiddick" - Olsen
- "Shut up and Eat Your Snowshoes" - Douglas
- "Wellington - Fears of the Sword" - Longford

...weds Don Deaton

Miss Deborah Kay Cochran, daughter of Mrs. Billie M. Cochran of Del Rio, became the bride of Don Randall Deaton, son of Mr. and Mrs. Jack Deaton of Sanderson, on Saturday, March 7. Rev. John W. Platt, pastor, officiated at the double-ring marriage rites in the First United Methodist Church in Del Rio at 5:00 o'clock in the afternoon.

Bright orange and white gladiolus decorated the church.

Charles Deland Montgomery, uncle of the bride, gave her in marriage. Her floor-length gown of white linen had a scooped neckline and was overlaid with illusion applique and lace daisies and fern. The short sleeves were trimmed with similar lace. Daisies held her shoulder-length veil and she carried a bridal bouquet of pink sweetheart roses, and baby's breath with rosettes and satin ribbons.

Mrs. Michael Anderson of San Antonio was the matron of honor and Miss Lois Deaton, the bridegroom's sister, was the maid of honor. With their floor-length gowns of apricot crepe with white lace appliques on the bodice, they wore

garden hats in apricot tones with matching ribbons and each carried a single white rosebud.

Danny Hodgkins was the best man and Michael Anderson of San Antonio the groomsmen. Jackie Deaton, brother of the bridegroom, served as usher.

A reception in the House of Friendship of the church followed the wedding. The tables were laid in white net, the bride's table being centered with silver candelabra holding white tapers. The three-tiered wedding cake, topped with a miniature bridal couple and decorated with satin and net, was served by Mrs. Jay Calk of Eagle Pass. Miss Judy Riggs of Kingsville served the bridegroom's cake and Miss Judy Jones of San Antonio ladeled the punch.

The couple is at home in Dallas where he is employed as a respiratory therapist at the Dallas Institute of Pulmonary Diseases.

The rehearsal dinner was given on Friday evening by the bridegroom's parents in LaCasa Grande Restaurant in Del Rio.

*Culture Club Plans
Treat for Honor Society*

The Sanderson Culture Club was entertained in the home of Mrs. H. E. Ezelle last Thursday afternoon with Mrs. H. C. Goldwire as co-hostess.

A devotional thought and prayer by Mrs. C. B. Card opened the meeting. Plans had been made to entertain the members of the high school's Honor Society at the Texas Day luncheon in April but conflicts caused the club to make plans to provide another treat for the Society. The club members will have guest privileges and will have a salad luncheon at the Legion Hall on Saturday, April 18, at one o'clock. Representative George Baker of Fort Stockton will be the guest speaker. Plans are being formulated by Mesdames R. A. Gatlin, C. F. Cox and H. E. Ezelle.

Mrs. N. M. Mitchell and Mrs. W. H. Savage will go before the men's luncheon clubs and hope to spark interest and plans for a clean-up campaign in the community in the near future.

Mrs. Mary Cox told of several articles found in the GFWC Magazine.

Mrs. N. M. Mitchell Jr. gave a survey sheet to each member to be given back to her as plans are made for the coming club year's programs.

The foreword and introduction to the focus on "Transportation and Travel the World Over" were read by the members and then Mrs. R. A. Harrison gave helpful and interesting tips on how to be a better

tourist. Mrs. Jessup told of her experiences on her recent trip by plane from Dallas to Los Angeles, Calif., to visit a daughter and family.

Dainty and colorful refreshments were served from a tea table covered in a hand-crocheted cloth overlaid in pink and centered with an arrangement of Spring flowers.

Mrs. Jessup served the tuna fish with a peanut butter dressing and Mrs. Harrison was at the silver tea and coffee service. Also on the table were carrot and cucumber pickles, mixed nuts, peach sherry, ripe olives, party crackers and cream O' cherry pie.

Herman Chandler Recalls Story After Seeing Old Horse

On a recent trip to deliver some horses to California with his brother, Clarence Chandler, Herman Chandler stopped in Benson, Ariz., enroute home and saw his Appaloosa horse which had been turned out to rest by his present owner, Retired Colonel Ladd Harlan.

The horse has a unique history. Once Chandler's favorite roping horse and valued at \$6,000, the horse was stolen in 1954 from the Chandler ranch on Independence Creek. During the flood in that area then the horse was the only means of transportation Chandler had. Later, when they were on a business trip to San Angelo, on returning the horse was missing and machines working the road had obliterated all traces of the horse's tracks or the tracks of anyone who may have taken him.

For seven years Texas Ranger Jim Nance of Sierra Blanca, who was residing here at the time, assisted Mr. Chandler in trying to locate the horse. He was advertised extensively over the nation as "lost, strayed, or stolen". Finally, through "tips" from Mexico, Ranger Nance located the horse in 1961. He had been ridden across the Rio Grande and later sold to Charley Lindenborn who owns a ranch between Sabinas and Monterrey, Mexico, and who used the animal as his personal mount for five years.

Much credit also was given to General Quinones in Mexico who gave valuable assistance in several ways before the horse was returned to his owner.

On the recent trip when Mr. Chandler "nickered" to his horse, the animal recognized him and came running to him although he had not seen him for several years.

Now 23 years old, the horse is used only for exhibition.

The proposed project is for the reconstruction of an existing county road to provide for a two lane highway. Approximately 120 feet of right of way will be required to provide for current design requirements established by the Texas Highway Department.

Maps and other drawings showing the proposed location and geometric design and any other information about the proposed project are on file and available for inspection and copying at the Resident Engineer's office at W. 5th St. Box 949, McCamey, Texas. Also, the drawings showing the proposed geometric design have been placed on file with Terrell County.

well as for the track teams? Is it more desirable to have more play-ground equipment for the elementary school than to put in better or additional shop equipment? Is there a top-heavy situation in the home-making department, or are we paying too much for janitorial supplies and service? Do we need to spend more money on a progressive maintenance and improvement of existing facilities or start thinking about cutting down on the upkeep of the present properties? Shall we sod the new track or re-work the football field or air-condition the gym? How much of an increase in taxes do we need if we compete with area schools in teacher salaries or teacher acquisition? What is going to be our policy in the regulation of student and teacher dress, chaperones for various trips, etc? Should there be any changes in any of these areas of the school's operation?

These are just a few of the many hundreds of questions that come before a school board or for which they are responsible directly or indirectly.

Who can best serve? One of the important things to us is the fact that the board should be the choosing of a large percentage of the qualified voters. Even if you don't
