LISTEN TO LUKE

Sometimes we get so involved in things that we forget all of the things we are involved in. We have reference to our missing out on the announcement of the change of time to what it should have been all along. We hope that there were not many who had to wait an hour for church services to start Sunday morning because of our forgetfulness. We remembered to set our own clocks back an hour, but we forgot to announce the change in the paper.

Sorry about that!

There was some real progress made in the clean-up effort. And we hope that this will inspire help in appearance of our town and we feel that the benefit will be mostly to those who did the work of cleaning up their property, in the pride which is theirs for making care of their responsibilities.

There were some who said that they had some cars on their property which were not "junk" and that "thank you", I don't want to get rid of them. "Nobody asked you to, sir," he said.

We stuck our necks out just a little bit by trying to urge the clean-up campaign in the first place. And a clean-up is just what we intended to urge - and that means litter, debris, trash, weeds, garbage, junk, etc., that clutters up a place. We could have thrown in a plug for a little painting here and there, but we didn't since that's clean-up, too!

We would not suggest under any circumstances that anything owned by anyone else is junk. If we owned some of it - or if someone else owned some of the "valuables" we have - it might be considered junk. But anything anyone wants to keep is theirs to keep, the same as any property a person wants to keep in whatever condition is his to keep that way.

One good friend and loyal reader announced very plainly that he did not understand what I was trying to say in the column last week. It was simple English, we thought! We object to the use of plain words in newspapers that have always been designated by --- or (6%)\$?@# "\$6%!

If we said what we were trying to say, we would be guilty of doing what we think should not be done by newspapers.

And we would not try to be prudish, but frankly the spelling or pronunciation of some of those signs and symbols look and sound better than some of the words said publicly.

There seems to be a slow - and we hope deliberate - awakening and arousal to the things that have been going on in our nation: reckless and wanton vandalism by rioters; wasteful destruction of property by student dissenters and their taking over, or attempting to take over building or institutions of learning; a deterioration

Nancy Harkins is shown with her father, E. E. Harkins Jr., in front of the band after receiving the title of "Football Sweetheart" by a vote of the members of the Eagle team. Manuel Olivas and Leslie Hall made the presentation along with a bouquet of red roses, an autographed headgear, and a title ribbon. She is a senior.

Anna Salazar receives her crown as "Miss SHS" and a congratulatory kiss from Marilyn Sanchez, "Miss SHS of 1969", after the honored student's name was revealed at the ceremonies last Friday night when Sanderson hosted the Iraan Braves. She was also presented a bouquet of red roses and a title ribbon. Anna is the daughter of Mr. and Mrs. Juan Salazar and is a senior. Other candidates for the title were Nancy Harkins, Mitzi Cash, and Clelia Silvas and the election was by the student body.

One Killed In Lozier Wreck

One man was killed and four were injured in a one-car accident on the west end of the Lozier Canyon Bridge early Saturday morning. The victim was Sixto Arndazola, 46, and the injured were his wife and three children, all of Fresno, Calif.

The victim was pronounced dead at the scene by Dr. A. N. Clanton, Terrell County Health Officer, and the injured were taken to the Brewster County Memorial Hospital in Alpine. Geeslin Funeral Home in Alpine handled the arrangements for Arndazola.

According to Terrell County Sheriff Bill C. Cooksey, who investigated the accident, the car collided with the west end of the bridge at Lozier Canyon at about the right front wheel of the vehicle.

Body Found In Rio Grande Friday

A male body was found in the Rio Grande River Friday morning by a Temple man who was making the trip down the river from Stillwell Crossing to Langtry. The body was on the John Harrison ranch, south of Dryden, according to Sheriff Bill C. Cooksey.

A Border Patrol plane from Marfa went to the scene Saturday morning to confirm the find and a group went to retrieve the body from the river. Death by drowning was ruled by Peace Justice W. G. Shoemaker.

According to information received there was no identification on the body and fingerprints were impossible to obtain, making identification of the body impossible since the body had been in the river for several days.

Eagles Back in Win Column With Defeat of Braves, Clint Next

The Sanderson Eagles took advantage of several miscues by the Iraan Braves to put together a 21-0 win here last Friday night in their second conference game. This was the first loss of district competition for the Braves who are now tied with Sanderson for second place. Rankin won over Clint and Van Horn beat Socorro, leaving Rankin and Van Horn tied for first place.

Clint and Socorro each have lost two conference games. Sanderson will play Clint here Friday night. In their first offensive series, the Braves miscued on a lateral which was picked up by Bill Littleton on the Iraan 21-yard line. The Eagles pushed to the 5-yard line from where Halfback Leslie Hall ran over. He kicked the extra point following the TD.

In the same period Iraan was in a punt formation and the snap from center was over the head of the punter and Jim Cash recovered the ball on the Iraan 20 to end the first quarter. On the first play from scrimmage in the second period, Quarterback James Druse carried over for six points and the point-after try failed. Very shortly after the ensuing kickoff, Druse and Cash teamed up to recover another bad pass from the Iraan center to the punter, giving the Eagles the ball on the Iraan 1-yard line from where Fullback Manuel Olivas scored. He caught a pass from Druse to add two points and the final scoring of the Eagles.

The last half of the game was scoreless.

Statistics showed Sanderson trailed in first downs 9-10, leading in yards rushing 152-119, and total yards gained 155-139. The Eagles were able to complete only 1 pass of 12 tries and it was for only three yards, while the Braves completed 4 of 18 for 20 yards. Sanderson had one pass intercepted and Iraan had three. Sanderson punted nine times and Hall had an average of 32 yards per punt. The Braves punted six times for a 35-yard average. There were 20 turnovers in the game.

Eagles who saw action in the game against Iraan included Santiago Flores, Bill Littleton, Druse, Cash, Olivas, Kendrick Harrell, Hall, Randy Louwren, Damon Harrison, Raul Ybarra, Ray Arredondo, Blain Christman, Roger Sanchez, Steve Litton, Juan Saenz, and Ronnie Stewart.

Mrs. Tome Zepeda loaned us the picture of a snow man built a long time ago in Sanderson. Susano Munoz is peering over the snow man, Chon Sotelo is in the center and Luis Cobos Sr. is standing at the right.

Balloting For General Election To Be Tuesday

Balloting in the general election will be on Tuesday, Nov. 3. Besides the candidates that are nominees from the various political parties, there will be seven constitutional amendments for Texans to consider.

There are no opposed races locally or in the district, but some state and national congressional posts are contested by candidates of the two major political parties - the Democrats and Republicans.

There has been a state-wide appeal to the eligible voters to get them to go to the polls on Tuesday to express their choice in the candidates on the ballot. The apathy of the voters has been given as one of the reasons for the apparent decline in many facets of our nation's life and it is hoped that the interest will be manifested by the majority of the qualified electorate.

Voting will be at the courthouse, at the Dryden Methodist Church, at the Sid Harkins Ranch, and at the El Paso Natural Gas Co. camp in the four precincts of Terrell County. Polls are open from 8:00 a. m. to 7:00 p. m.

Halloween Plans Told By Head Witch

Activities for Halloween have been announced by Mrs. Louise Causey, chief witch in charge of the goblins and their fun.

"Trick or treat" activities will be from 6:30 to 7:30 p. m. by pre-schoolers and elementary students, according to Mrs. Causey.

The Band Boosters are sponsoring a talent show at the high school auditorium to begin at 8:00 p. m. and is expected to last until about 9:30. Local Historians Featured in Mag

The fall issue of "Texas Historian" carried the picture of Mrs. W. H. Grigsby and a number of the local Texas Historians who wrote papers on Texas history last spring.

The picture was carried with a two-page spread on the 1971 Texas Historians Writing Contest.

Those historians whose picture appeared in the magazine were the first members of Gbap Chapter 248 to do research papers in the writing contest. For this reason their picture appeared in connection with the article on the writing contest.

The historians were Jake Murrah, Hanna Sullivan, Vicki Haley, Elaine Brown, Deborah Carson, Ricky Marquez, Sandra Villarreal, Billie Kay Cooksey, Ja Chriesman, Jimmy Davis, Melba Montalvo, and Darrell Cooke.

The local unit of Texas Historians elected Ricky Marquez as their president at their first meeting of the current year. Other officers are Bobby Hunn, vice-president; Hanna Sullivan secretary; Patti Hope, treasurer; and Joanna James, reporter.

Mrs. Grigsby will sponsor the local group again this year for 7th and 8th grade students.

Why Preston Smith

Preston Smith believes in working hard. For you. And that's why he's doing such a good job as Governor of Texas.

When Preston Smith entered public service, he didn't start by asking Texans to elect him Governor. That would have been foolish, because being Governor carries great responsibilities. And it demands the clear, steady judgement that comes only from experience.

Preston Smith had the good common sense to work his way up—gaining insight into how our state government functions.

He served six years each—as State Representative... as State Senator... and as Lieutenant Governor. Only then, when he felt fully qualified, did he seek the Office of Governor.

Now, after two years he has expanded the duties of the Governor's Office to better serve all the people of our State.

Yes, Preston Smith believes in hard work. For 20 years, he's been working for Texas—doing a good job. You can help keep him as Governor. Vote. Vote for Preston Smith on Tuesday, Nov. 3.

Preston Smith

is doing a good job. Let's keep him working for Texas.

(POL. ADV.—Paid for by the Committee for the Re-Election of Preston Smith, Mickey Smith, Chairman.)

TB&RD Directors Attend Meeting

C. G. Riggins and Mrs. A. J. Hahn, Terrell County representatives, Mrs. H. E. Ezelle and Mrs. C. P. Peavy attended the board of directors meeting of the Trans-Pecos Tuberculosis and Respiratory Disease Association on October 17 at Indian Lodge near Fort Davis. Dr. Lea R. Hutchinson of El Paso conducted the meeting.

Business of the all-day meeting included a report stating that Christmas seals are to be mailed on November 6. Frederick L. Schumm, executive director, announced that the 1970 Christmas Seal campaign kick-off buffet luncheon will be October 31 at the Rowdway Inn in El Paso. Board members are asked to urge interested persons to attend.

Dr. George M. Leiby of El Paso, who recently conducted the TB Survey and chest clinic in Fort Stockton, discussed TB along the border in the Trans-Pecos area. He stated that medication has changed the approach of treatment and that length of stay in the hospital can be shortened to about six weeks. Once a person is on medication the possibility of infecting another person is remote. When a patient shows response to medication, he is sent home.

The TB surveys' prime target is to trace household contacts in order to treat new cases. The most important aspect in the survey is to minimize contact from infected persons.

Mr. and Mrs. E. T. Lawrence of El Paso returned home Thursday after visiting with Mr. and Mrs. T. W. McKenzie for several days. The McKenzies took them to Amistad Dam and Del Rio one day while they were here.

Mrs. O. L. Holly of Mineral Wells has returned home after visiting with her son, Jack Cosby, and family.

Mrs. Zoe Wisdom of Tucson, Ariz., who had been a visitor in the home of her daughter, Mrs. J. A. Gilbreath, in recent weeks

left Sunday for Amarillo after receiving word that her sister-in-law, Mrs. Ray Smith, had to be hospitalized there and her brother had arrived home by plane Friday to convalesce from a recent serious illness in Austin.

Mr. and Mrs. H. E. Fletcher returned home last week from a visit in Lake Tahoe, Nev., with Mr. and Mrs. T. E. Bryan.

Sid Harkins, Dudley Harrison, N. M. Mitchell Jr., and Herbert Brown returned home Sunday night after a hunting trip to Montana.
