VOLUME 68, NUMBER 41

SANDERSON, TERRELL COUNTY, TEXAS 79848

NOVEMBER 12, 1970

LISTEN TO LUKE

By Albert: ---
We got some interesting mail during the week past - we usually always do, but some of this was interesting in another way.
One of the items we got was a copy of the new train schedules for the Southern Pacific's tri-weekly passenger service. It makes us wonder why there is going to be a hearing concerning the continuation of this service. We were of the opinion that the new service and schedule was only a temporary schedule and service allowed until the hearings and decision could be held and made.
And maybe that's right! Who knows?
The other bit of interesting mail we got was from a high-ranking official in our state government thanking me for "the very fair and professional coverage of the recent political races. You were most objective in your reporting of the activities of all candidates and parties."
---And, for once, we had absolutely nothing to say about the candidates, races, issues, amendments, parties, in any way whatsoever!
It makes us wonder if there is not some "sugar" being passed out to the news media. We may not appreciate the "sugar" fully, since we question the intent of the donor, but we do not deny that the man is a "politician".

Recently, we would have welcomed a few more allies in our remarks and actions about the possible continued increase of taxes locally and what is done with tax money and what needs doing - in our opinion - with tax money. Recently we have heard expressions that indicate strongly that we had a lot of allies all of the time, but they were some kind of a "silent assenter".
The failure of the proposed constitutional amendment No. 3, which would have revaluated agricultural land according to its productivity, brought out the fact that many ranchmen - we know about them particularly - feel that ranch land is already reaching the limits in taxation causing some difficulty in making the industry pay. And with proposed and known increases in taxes, it is going to be even a greater burden.
And with the recognition of this fact of life and taxes, we pose this question: If it takes "X" number of taxes dollars to support the county and schools, and the taxes paid by any one segment - ranches, oil and gas, utilities, railroad, and private property - is decreased, then the difference has to be made up by the other segments. This is simple arithmetic - old or new!
What all of the segments can do is to try to see that there are no wastes in the expenditure of our tax dollars, buy what we need within our tax income potential, and try to hold the line of taxes and expenditures within some bounds of reason! This is not just within the

Robber Saturday Is Involved In Deputy's Murder

An incident beginning in Sanderson Saturday afternoon resulted in the death of a deputy sheriff of Val Verde County and a charge of murder against a California man.
Sergio "Sam" Marquez, owner and operator of the Sanderson Gulf Station, had gone to get some change and left his 14-year-old son, Ricky, at the station during his absence. A car pulled into the station and while Ricky was checking under the hood, the lone occupant of the car opened the cash register in the station and took the money, according to the young man. The youth, despite his fright, copied the number of the license plate of the vehicle and had a good description of the vehicle and driver, a 20-year-old Negro man.
Very shortly after the robber left the station, neither did he pay for the gas, the Texas Highway Patrolmen - Ben Lockhart and Tommy Lowrance - came into the station to have their car serviced. This was about 5:00 p. m. Saturday.
The officers were told of the incident and they left going eastward to follow and try to overtake the vehicle with the robber in it. They picked up Deputy Sheriff Dalton Hogg on the east side of town. They radioed ahead to officers to stop the vehicle and a road block was set up near Comstock and at Devil's River in an effort to stop the suspect.
The suspect ran through both of those road blocks, according to reports and later arrived at a third road block which had been established about 12 miles west of Del Rio.
Val Verde Deputy Sheriff D. W. "Blackie" Bowers, 45, who had been on the force only a month, was standing outside his patrol car at the third road block when the car approached at a high rate of speed. It went through the road block and Bowers fired a shotgun at the oncoming auto only moments before he was struck by the auto, killing him instantly.
The suspect's auto then hit a by-stander's auto and went out of control and struck a guard rail. As the man came out of the auto he has fired on by the officers, according to the reports. The wounded suspect was taken to Del Rio for treatment and later transferred to San Antonio where he is reported in a serious condition.
It was reported that the auto driven by the suspected robber was stolen in California.
Mrs. J. R. Coker and Gaylia returned home Sunday after being in Midland while Mrs. Coker received medical treatment. They also visited Mrs. Coker's daughter, Mrs. Joyce Crow, and family.
Mr. and Mrs. George Nall of Santa Anna and Mrs. Julia Graham of San Angelo returned home Sunday after attending funeral services for their cousin, Mrs. John Neel.

Mrs. John Neel, 93, Old-Time Resident, Interred Friday

Mrs. Lillian M. Neel, 93, died in a Fort Stockton hospital last Thursday morning after a long period of failing health. After going to a nursing home in Fort Stockton, she had been hospitalized several times for medical treatment, the last time was for three weeks.
Funeral services were Friday afternoon in the First Methodist Church of which she had been a member for about 40 years. Rev. Melvin A. Walker, pastor, officiated. Burial was in Cedar Grove Cemetery with the Owens Funeral Home of Fort Stockton in charge of arrangements.
Pallbearers were Jim Nance of Sierra Blanca, F. C. Hardin, H. E. Fletcher, Ruel Adams, Weldon Cox, and Carlton White.
Mrs. Neel was born March 16, 1877 in Mason County. On May 26, 1898, she was married to John Neel in Goliad and they came to Sanderson in 1919. He died in 1945.
Survivors include a daughter, Mrs. Sam Harrell of Sanderson; a granddaughter, Mrs. W. P. Pendleton of El Paso; two great-grandchildren, Julie Pendleton of El Paso and Barry Pendleton of Sanderson.
MRS. J. T. WILLIAMS WINS GOLF TOURNEY FLIGHT

She was presented a trophy for the honor.
Mr. and Mrs. T. J. Stewart and children, Ronnie and Sheryl, went to El Paso last weekend to visit his mother.

Eagles In 2nd With Socorro Win Crucial Games This Weekend

The Sanderson Eagles moved an undisputed second place in District 6A standings Friday night of last week with the defeat of Socorro 20-6 and the loss of Rankin to Iraan 14-13. Van Horn held on to their lead with the defeat of Clint 55-13.
Leslie Hall had the scoring honors in Socorro, going in for two touchdowns, one on a 45-yard pass play initiated by the quarterback James Druse and the other on a 37-yard run. Manuel Olivas scored for the Eagles on a 3-yard plunge. The 2-point conversion was by Santiago Flores Jr. after the touchdown pass play.
Olivas' score was in the first period, and the other two were in the second and third periods. Socorro's score was in the second frame and was from the 1-yard line.
Sanderson led in all departments of the statistics, having 435 yards total offense to 285 for Socorro; 14 - 13 first downs; 6 completions of 13 passes with no interceptions, to 2 for 9 by Socorro, who had 5 intercepted.
Athletic Director Willie Myers reported that Manuel Olivas had his best night for a long time with 158 yards total offense. He was high in his praise for the offensive effort of the Eagles and listed Santiago Flores as doing outstanding work on the defense and honorable mention going to Raul Ybarra and Roger Sanchez for their work in recovering fumbles, and to the defense effort for the interception of the five Socorro passes.
Coach Myers stated that injuries had hurt the Eagles this week - Olivas has a cracked rib, Hall a sprained ankle, and Randy Louwien has a chipped bone in his hand, plus some bad bruises on several others.
Sanderson will host the Rankin Red Devils Friday night for the last game of the regular season.
Socorro and Clint will be paired in the last game of the season as will Iraan and Van Horn.

BILLIONS "DOWN THE DRAIN"

The total estimated cost of traffic accidents in this country during the first half of 1970 was more than \$7.2 billion. That's enough to build 360,000 homes costing \$20,000 each.

The dollar cost involves more than just the automobile. Lost wages, productivity, disruption of schedules, medical expenses, property damage (of others), service costs of insurance, must be considered too. The loss in human life and crippling injuries is incalculable.

The Insurance Information Institute has reported that during the first half of 1970 the number of traffic accidents was up 8.7 per cent over the preceding year. Now that winter is approaching with its shorter daylight hours, and more inclement weather, driving becomes even more hazardous. Simple common sense dictates that every vehicle should be carefully checked before winter driving becomes a reality.

Ranch Club Meets Last Tuesday

Mrs. E. H. Jessup was the presiding officer when the Ranch Home Demonstration Club met Tuesday morning in the Legion Hall. She led the members in reciting the Pledge of Allegiance to the Flag and Mrs. H. E. Ezelle led them in singing the National Anthem. A poem: "Are You An Active Member?" was read by Mrs. Jessup. Miss Ona Mae Lee of Fort Stockton, home demonstration agent, gave the program on "Nutrients". Rev. M. A. Walker gave the invocation for the luncheon that was served at noon. Arrangements of small chrysanthemums decorated the tables covered in turquoise-colored cloths. Members brought covered dishes and the hostesses, Mrs. H. E. Gatlin and Mrs. J. W. Sanders, provided the desserts and drinks. After lunch there was a business session when Mrs. C. T. Winkle, Triple-E chairman, gave a report of the Fun Festival at Iraan on October 14 and Mrs. Ezelle reported the THDA convention in Galveston in September. The group decided to have the annual Christmas party in the home of Mrs. Ezelle on Friday, December 4, with each member requested to bring a gift and a "White Elephant" gift. For the "show and tell", Mrs. Gatlin displayed a white felt Christmas tree skirt which she had made and the colorful appliqued Christmas motifs were trimmed with beads and sequins. Mrs. Jessup gave the closing prayer. Other members present were Mmes. L. E. Muller, T. H. Eastman, J. W. Caruthers, M. A. Walker, Greene Cooke, Jack Hardgrave, Mark Duncan, T. W. McKenzie, Bryan O'Banion, a new member, and S. H. Underwood, a guest. Guests for the lunch were J. W. Sanders, J. W. Caruthers Jr., Rev. Walker, and Beth Clifford.

IT'S A BITTER PILL TO SWALLOW! But Here's the Low-Down. It nearly breaks our hearts to see our stocks of Quality Merchandise GO ON SALE at the ridiculously low prices you see advertised here! . . . But there's not much we can do about it for we have a serious inventory problem. WE'RE OVERSTOCKED with far too much merchandise for a store our size. We're NOT having financial difficulties—NOT TRYING TO RAISE CASH—NOR are we in distress. We simply must dump Surplus Stocks at any cost to adjust our inventory. We have altogether too much of everything with a serious overstocked condition that is not healthy for any business. We're an aggressive firm, maintaining an enviable reputation and selling only the top brand name lines. But—like all well-rated firms there comes a time when mistakes occur and adjustments are in order. That's why profit is not the object of this sale. DUMPING STOCKS—REDUCING INVENTORY and stimulating business is OUR ONLY REASON for this sudden and drastic move. We consider it good business to take our losses now—swallow our pride and admit our mistakes. Nothing wrong in that—is there? Presbyterian Circles Reception Honors Meet This Week

Circle I of the Presbyterian Women of the Church met in the Fellowship Hall Monday afternoon. Mrs. David Mitchell, chairman, read excerpts from "In Quest of the Least Coin" and highlights of articles on "Stewardship" from The Presbyterian Woman.

After the hymn "He Hideth My Soul" had been sung, Mrs. E. E. Farley led in prayer and gave the lesson on "Sin" which was a continuation of the study of the Book of Romans, using Romans 1:18-24; 2:12; 3:24. A discussion period followed and Mrs. W. H. Savage led the dismissal prayer.

Rev. R. A. Harrison, pastor, asked the assistance of the ladies in the service for Nov. 29.

Mrs. C. C. Mitchell, hostess, served pecan pie, topped with whipped cream, and iced tea for refreshments. Also present were Mmes. H. A. Couch, R. A. Gatlin, Sid Harkins, Ernest Jessup, E. F. Pierson, G. K. Mitchell, R. A. Harrison, N. M. Mitchell, and A. H. Zuberbuehler; also two visitors, Mrs. Leola Hill and Mrs. F. E. Cauttrel of Andrews.

Circle II met in the home of Mrs. E. E. Harkins Jr. with Mrs. Pinky Carruthers as moderator. Mrs. Charles Stegall led the "Least Coin" fellowship and Mrs. J. A. Gilbreath stressed "Stewardship".

The hostess served tea and coffee with sweet rolls at the Tuesday morning meeting.

Others present were Mmes. F. D. Fisher, N. M. Mitchell Jr., Joe N. Brown, Jolly Harkins, and A. C. Garner.

Mr. and Mrs. G. E. Babb attended the "chili cook-off" at Terlingua last weekend and also visited at Stillwell Crossing.

Mr. and Mrs. Horace E. Fletcher, newlyweds, were honored at an informal reception last Thursday evening in the Legion Hall with several friends of Mr. Fletcher serving as hosts for the occasion, which was to introduce his bride. New Hunting Guide Lists All Seasons And Limits For Area

It's going to be a good year for the hunter in Texas.

Texas Parks and Wildlife Department studies indicate good populations of game birds and animals in most sections of the state. Only in a few areas are surveys indicating a decline in game species.

A disappointing white-winged dove season in the Lower Rio Grande Valley already is history. Most of the birds apparently flew across the border into Mexico before the season began, and shooting generally was slow on the Texas side of the river.

Likewise, the mourning dove season now underway in both the North and South Zones has been poor in some areas, but fairly good in others. A statewide dove harvest survey being conducted by Department biologists and game management officers is expected to clarify the state's dove picture considerably after the season's end.

In many parts of the state, deer and turkey hunting promises to be the best in some time, and bobwhite quail prospects are surprisingly good in spots.

As usual, forage and cover conditions were dependent on the weather, and Mother Nature was not altogether kind during the year. Drought conditions in the spring and early summer in parts of the state hindered production of deer and pronghorns and also affected quail nesting.

However, just as things were getting serious, general rains soaked the state and triggered a sharp increase in forage for the upcoming winter period.

Only in a few areas are Department game management officers and biologists predicting vastly improved hunting this year. Conversely, only a few areas are expected to be on the decline. In general the statewide picture is about average.

If one hunting hotspot had to be picked, it probably would be the brush country of South Texas.

DEER

West Texas and Panhandle: In the western part of the state where both mule deer and white-tailed deer are found, predictions are that the crop will be about the same as last year for both species. White-tails in the Permian Basin area, however, are improved over last year. The animals are in good physical condition, with fine antler growth. Early drought conditions which hurt

the pronghorn herd also bothered mule deer in the Trans-Pecos, but later rains should help provide winter food.

Central Texas and Edwards Plateau: An excellent fawn crop should help, although food is not always plentiful. The acorn crop is poor. In the Possum Kingdom region, areas of high deer density appeared to get the best weather and should be in excellent shape for hunting. Heads are about like last year, which means only average.

TURKEY

West Texas and Panhandle: A real "success story" in the western part of the state has been the extension of the range of wild turkeys into areas of the Permian Basin north from the more traditional range in the upper Edwards Plateau. Turkeys also are plentiful in sections of the eastern Panhandle, particularly along the Canadian River, where a few decades ago the species had almost been wiped out. Prospects are good this year, thanks to an excellent hatch and spotty but widespread rains. Food appears plentiful in most of the range.

Central Texas and Edwards Plateau: Good to excellent year is in store for most of the area, with a lot of young birds out of the nest. Population is

Mr. and Mrs. W. R. (Bill) McDonald have returned home from San Antonio where he was examined by a cardiac specialist. It is hoped that he will respond satisfactorily to different medication that has been prescribed.

also fair to good in the Possum Kingdom area.

QUAIL

West Texas and Panhandle: There should be a bumper crop of quail in the Permian Basin. The situation is not so good, however, for blue quail in the Trans-Pecos, where dry weather at the wrong time may hurt hunting. The eastern part of the Panhandle looks good; the western part not so good.

Central Texas and Edwards Plateau: Quail population is good in Possum Kingdom area, but more scattered. Hunters are advised to hunt early in the season.

Mr. and Mrs. Don Allen and Gary went to Abilene last week to visit their sons, Steve and Tom Allen, who are students at Abilene Christian College.

An Electric Water Heater is QUIET, COMPACT, CLEAN

... only an abundance of hot water on tap tells you it's there.

A modern electric water heater is flameless, so it's quiet. The heating elements are completely immersed in the water so they heat quickly and efficiently. An electric water heater requires no flue, no ventilation... it is compact... can easily be placed under kitchen drainboards, in closets or under stairs. Since an electric water heater produces no external heat, it's safe to install it anyplace that it will fit. And clean? It's as clean as electric light. See your appliance dealer soon for a modern flameless electric water heater.

county, but within the state and nation!

There is talk about an increase in the sales tax or initiating a state income tax. It seems to be an unpopular subject to mention cutting out a little on the expense here and there.

But, too, there are those who would disagree on what is necessary and what is not.

But everybody gripes when it is time to pay whatever tax it is they pay - if any.

We notice around town that a number of the "Yield Right-of-Way" signs have been bent, pushed over, painted, or otherwise damaged.

It's difficult to keep things when there are those who have no pride whatsoever and are bent on destruction.

There are those who have put in some hard work and/or lots of money in trying to clean up the town, and there are those who are interested in keeping the town attractive.

Walls of vacant buildings and streets were not made for home-decorating aspirants and would-be artists - nor were the "yield" signs.

Pride in our town goes into all parts of our community and should be by people of all ages in our community.
