SANDERSON, TERRELL COUNTY, TEXAS 79848

ISTEN TO LUKE By Albert:

The column was all planned last week after some experiences of ours. We planned to point out all of the fields of expertise available locally and how readily available all of the expert advice is and at no cost. All you have to do is to voice a question about something, and all at once you have all of the facts. For example, we heard one discussion about automobile mechanics (the verb, not the noun) by two people, neither of whom were mechanics. And who would think to ask a rancher for the best kind of advice about sheep? That's a question to pose to an autobile mechanic! Insurance explanations can be best explained by a grocer, probably, than an insurance salesman, and the grocer would also best know the rates and benefits of the policy, too! Etc., etc., etc., etc., and etc.

And newspaper people are not excluded from the expertise. They are experts on who is an expert. We have joined the ranks!

When you are able to just sit around and listen, it's interesting how you can find out so much technical, financial, industrial, political, social, religious, mechanical, agricultural knowledge.

But we were so busy with other things, we didn't get around to doing all we had planned to do.

Dad was admitted to a murs-

VEE Vaccine Being Given Here

Dr. Paul Weyerts contacted The Times Sunday afternoon to explain the work that is being done in Terrell County in an effort to innoculate all horses against the recent outbreak of Venezuelan Equine Encephalomyelitis.

He stated that he worked in Sanderson and close to town Saturday vaccinating horses, and Monday morning began working in Alpine with later schedules taking him to Marathon, and all across the north part of Terrell County, with the southern part of Terrell County being worked the latter part of the week. Dr. Weyerts emphasized strongly the need for all horses to remain on the premises where they were and to contact him in case they are not contacted for vaccination, as the quarantine law abthorizes the confiscation and destruction of any animal picked up on the highway in violation of the quarantine. Dr. Weyerts stated that there was a very strict control of the vaccine concerning its issuance to veterinarians, and its use by them in the statewide effort to control the disease.

Vaccine Clinic To Be July 30

The second immunization clinic of the summer will be on Friday, July 30, at the Sanderson Elementary School at 1:00 p.m. Dr. A. N. Clanton, Terrell County Health Officer, has arranged for the clinic with the cooperation of the State Department of Health.

The second polio vaccine will be given along with the diphtheria-tetanus innoculation, all of which are required of students of all ages entering schools, colleges, and universities this fall.

Cheerleaders from Sanderson High School received a superior award at the cheerleaders school on Tarleton State College campus July 5-9. Receiving the award from Nancy Stewart, representative of the National Cheerleaders Association, are Susi Robbins, Juanita Ybarra, Sheryl Stewart, Peggy Louwien, Maje Harrison, and Jackie Bob Riggs.

SP Changes Work, Pay, Divisions

According to information received last weekend, the terminal facilities for the Southern Pacific Railroad at Del Rio were abolished under work rules set by the railroad.

Pool freight districts from San Antonio to Del Rio and from Del Rio to Sanderson are abolished; the district between Sanderson and El Paso has be en established.

The orders also abolish all assignments of firemen in road freight and yard service.

A new "method of pay" rule applicable to firemen, conductors, brakemen, switchmen, hostlers, and hostler helpers has been posted in the local railroad office.

LIBRARY FRIENDS TO MEET

The "Friends of the Terrell County Public Library" will meet Tuesday, July 27, at 8:00 p.m. at the library. All members and persons in-

terested in the library are asked to be present.

Mrs. T.W. McKenzie and Mrs. Ben Martin returned home Sunday from a trip to El Paso.

Dee Gray of Bay City, has been visiting his parents, Mr. and Mrs. O. D. Gray.

Mustard growing on the ranch of Mr. and Mrs. Tom Parsons in about 1934 was pretty tall, as attested by the picture sent us by Mrs. Earl Stirman, their daughter. The Parsons ranch was about 22 miles south of Sanderson. Mrs. Parsons's mother is on the right and Mrs. Parsons at the left.

ing home in Fort Stockton Saturday. Conditions necessitated it, as far as we were concerned, and our concern goes a long way!

Things have been hectic during recent weeks, with physical and mental taxation running high. We have neglected, either through oversight or because of pre-occupation with our own evaluated "more important things", some parts of our business and we ask your understanding and tolerance. In such a time, there are many things we do that we do not like to have to do, but our own evaluation of necessities and resulting action caused us to neglect some things that we feel may not have been neglected other times, nor should they.

Please forgive us, and try to understand! We feel that we are now more able to think of other things and pledge a sincere effort to tend to business a little closer.

One wonders why VEE should be a problem in West Texas where the rains have stayed away so long that it is impossible for "potholes" to exist where mosquitoes can multiply or even survive! We have been wondering how any of the little critters can survive in our neighborhood, and we wonder even more how they have been getting into the house. It seems that they may be born from the air!

We were not so concerned about contacting sleeping sickness - at least before we heard of any possible dangers

DR. CLANTON TELLS OF 'WIGGLER' CONTROL

Dr. A. N. Clanton, Terrell County Health Officer, told The Times Tuesday that he had received word that there was little chance of the presence of the VEE-carrying mosquito in Terrell County, but that it could invade the area if it was not already here. He said that he had learned that the use of diesel oil around edges of waterings, or use of 5% Malathion was the recommended preventive for "wigglers", or reproduction of the mosquitoes.

Mrs. Henry Goldwire of Irving was a Sunday visitor with her mother-in-law, Mrs. H. C. Goldwire, and family.

Dr. Clanton stated that if anyone has not begun their polio series, they should take this series and tell those in charge that this is their first in the series of three doses of the vaccine. He also stated that if anyone missed their rubiolla vaccine at the last clinic, that he had some of the state-furnished vaccine on hand and would give it free of charge as long as the vaccine lasted if people would bring their children to his office.

At the clinic to be July 30, Dr. Clanton stated that there would be no charge of any kind for the vaccine, but as at the last one, a contribution of 50¢ would be accepted for the Sanderson Emergency Squad to buy some emergency supplies.

DEL RIOAN NAMED PROBATION OFFICER

District Judge George Thurmond Friday named Richard Perez of Del Rio to the newlycreated position of juvenile probation officer for the fivecounty 63rd judicial district.

The position was created by the Middle Rio Grande Development Council through the Texas Criminal Justice Council, and is financed by a grant from the latter.

Perez will personally supervise juveniles who are placed on probation in the county courts in each of the counties.

Office Supplies at The Times

To Mr. and Mrs. Antonio Rodriguez of San Antonio was born a daughter, their second child, on July 14. She weighed eight pounds and four ounces and was named Ana Lisa. Mrs. Rodriguez is the former Irma Martinez.

BENDELES TO REUNIONS

Mr. and Mrs. Alfred Bendele attended a reunion of the Bendele family in Koenig Park at Castroville June 13 with 350 attending.

Then on July 2-5 they attended a reunion of the Grant family on a ranch north of San Antonio with 32 attending. Mr. and Mrs. Harvey Rogers also attended the Grant reunion and Mr. and Mrs. Charlie Cash and daughter, Charlene, of Alpine, and Mrs. Elma Riley, the ladies' mother, was the oldest one at the re-. union.

All attended the installation service of the Patterson Masonic Lodge in San Antonio when Mrs. Riley's son, W. G. Riley, of that city was installed as master with all of his family attending the service. The Bendeles remained in San Antonio to also visit Mr. and Mrs. Jimmy Mills and other relatives and en route home visited in Uvalde with Mr. and Mrs. F.H. Talbot.

Mrs. K. H. Stutes and son, John Dewey, were weekend visitors in El Paso with her other son, Kenneth Stutes, and wife.

But their existence is a fact, and one that is not pleasant even though there may not be a VEE-carrier in the county!

Isn't it odd? People have a landfill to cover up a dump ground to make a park so people will have a place to dump garbage!

50 18-Year-Olds Able To Vote Here

There are 50 18-year-olds registered for voting in Terrell County in elections this year, according to information supplied by Mrs. A. J. Hahn, deputy tax assessor-collector in the office of Terrell County Sheriff Bill C. Cooksey.

Persons 18, 19, or 20 years of age who are presently registered to vote may vote in all elections in the county, according to information receiv ed by The Times after the law went into effect July 1.,

SP/4 DON RHODE NAMED. SOLDIER OF THE MONTH

Word was received by Mrs. H.B. Louwien that her son-inlaw, Sp/4 Don Rhode was named Soldier of the Month for July 1971. He was chosen in competition with candidates selected from all units of the Division Support Command who had demonstrated leadership, courage, and professional knowledge.

The Texas Sheep and Goat Raisers' Association honored one ofits oldest past presidents in Del Rio this week at their 56th annual convention. The organization presented S. L. Stumberg with the Fred Earwood Memorial Award.

The Earwood Award is the highest award of distinction given by the Association. Following the death of Fred Earwood, friends and associates brought about the formation of a special fund to memorialize him. Each year some deserving person whose contributions exemplify Earwood's dedication and efforts for the welfare of all sheep and goat producers is recognized.

Mr. Stumberg was president of the TSEGRA from 1945-46. He was known far and wide as the man who "would travel anywhere at anytime for the sheep industry. " During his very active years as an official, Stumberg made many trips to Washington in behalf of the industry.

Mr. Stumberg served on the National Wool Growers Association where he first be gan advocation of some kind of check-off program to give incentive to ranchmen in bad years. Also, he was instrumental along with Ray Willoughby of San Angelo in the organization of the American Sheep Producers Council.

The Stumberg ranch holdings are large near Sanderson. Mr. Stumberg has practiced range management and improvement for more than 30 years. As a result, the ranch is a real show place for conservation.

Mr. and Mrs. Claude G bson of Fort Worth visited their sonin-law and daughter, Mr. and Mrs. Will J. Murrah, and sons, Jake and Bob, recently.

Mr. and Mrs. Will J. Murrah and boys, Jake and Bob, visited Galveston and in Houston with Mr. and Mrs. John Woodward recently and went deepsea fishing.

Mr. and Mrs. A. D. Lock and children of Odessa visited her aunt and uncle, Mrs. Leslie Carter and Elton Loden, last week. Mr. and Mrs. Carter were here for her sister-inlaw's funeral.

Mrs. Petra Flores Dies In California

Mrs. Petra Garza Flores, 77, died in San Jose, California, June 7 and burial was on June 10 in that city.

She was born September 16, 1894, and lived in Sanderson most of her life until about five years ago when she went to California.

She is survived by her husband, Nieves Flores of Sanderson; three sons, Alberto Moreno of San Jose, Selso Moreno of San Antonio, and Jose G. Garcia of Sanderson; three daughters, Mrs. Octaviano Lopez and Mrs. Felix Lozano of San Jose, and Mrs. A mapito Lopez Sr. of Andrews; ne many grandchildren and

re.t-grandchildren. Out-of-town relatives who attended the funeral services include Mr. and Mrs. Jose G. He puts the accent on Service to help you live better electrically

It takes more than poles and wire to provide your good electric service. It takes trained men with know-how and experience. Such as your CPS electric serviceman. Seeing that you get dependable electric service is the most important part of his job. Whether it's connecting a new customer, checking voltage or answering a trouble call, he works constantly to see that you get the kind of electric service you have a right to expect. He takes time to do the little things, too, such as removing a youngster's tangled kite from power lines. He puts the accent on service to help you live better electrically!
