LISTEN TO LUKE

By Albert:---

Last week a person who does not live in Sanderson came into the office to tell us that she had been reading The Times and recently was interested in keeping up with the clean-up project of the Sanderson Culture Club. She wanted to tell us that she had noticed particularly some lots on the main drag that were clean of weeds and brush and that in her opinion this looked much better than some of the areas along the same street that were covered with weeds and litter.

And we agreed!

It takes some time and maybe even some money and/or some work to clean things up, but most anyone will admit that property, like people, look a little better when cleaned up!

People are funny! We had some readers who thought we might be advertising a beer in our remarks last week about the throwing of cans onto local streets.

It is doubtful that with all of the talk about ecology, that manufacturer mentioned would want the dubious honor of being indirectly responsible for a lot of clutter of streets or highways anywhere!

The image of the drink or the drinkers is not enhanced by the fact that they add greatly to littering the streets with the empty containers.

The Girl Scouts are doing their best to help their leaders and other interested adults in their quest for funds to maintain their organization. We have been looking at the posters that have been placed in many windows of the business area and noticing with interest what Girl Scouting means to the poster-makers, as well as reading about that subject from papers submitted for publication. One of the posters we thought was real cute - it says that Girl Scouting teaches kindness to animals and lists lions, among other creatures. Kindness to lions was taught in Boy Scouting, too! I guess it was, because we certainly plan to continue being kind to all of them we see!

In the paper this week there is the list of honor students in the high school, two weeks ago we had the list of the junior high honor roll, and also this week the story about the initiates into the National Honor Society and the nomination of three

Miss Rosalie Kerr ... named "DAR Good Citizen"

Miss Rosalie Kerr has been named as the DAR Good Citizen of Sanderson High School. The selection is made on the basis of a paper written on "Citizenship" and a faculty rating.

Three girls were nominated for the honor by the senior class and included Jackie Bob Riggs, Vangie Calzada, and Miss Kerr.

The Comanche Chapter of Daughters of the American Revolution in Fort Stockton sponsors girls from this area and a tea will be given for the girls and their mothers to honor the "good citizens" of each of the respective schools.

Mr. and Mrs. Ed Kerr are the parents of Miss Kerr.

3-NIGHT HALLOWE'EN BY SOME PRANKSTERS

Some local pranksters took three nights to use up all of their tricks, according to information received by some local citizens. Saturday and Sunday nights were also used to strew paper on trees and shrubbery in front of certain houses and to throw eggs onto fronts of certain houses.

Unrestricted times for Halloween pranks works hardships on many people and embarrassment to the Head Witch and others who place extreme confidence in the young people.

G. E. BABB'S BROTHER DIES

Funeral services were held in Calais, Ma., October 18 for Jay Babb, brother of G. E. Babb, who had died two days previously after a short period of failing health.

He had never married and made his home with his sister, Mrs. Mildred Marston, of Calais who is the only survivor other than Mr. Babb.

The panel of pictures above shows a sampling of the goblins, witches, spooks, and other Halloween spirits portrayed by the "little ones" of Sanderson. Mothers were escorting some of the smaller children and teachers were escorting those students in the lower grades. The junior band and Eagle band accompanied the marchers.

More Rain Falls Thursday Night

Almost two inches of rain was reported by several residents of Sanderson and up to three inches was reported received on some ranches of the area last Thursday night. The showers began falling early in the evening locally and the heavy part of the rain was at about 1:00 a. m. on Friday.

Heavy lightning and thunder accompanied the rainfall early in the evening causing some damage to television sets.

Area ranchmen state that the moisture is most beneficial and penetration has been deep and effects are beginning to show.

Very warm days have prevailed recently and nights have been warm with heavy dew in the early morning. Heavy fog has prevailed during several of the early mornings, on Saturday lasting until shortly after noon.

There was a light drizzle or mist falling most of the day Friday and Sunday morning another light drizzle fell during the early-morning hours.

The "quadrangle" at the Sanderson Air Station is pictured below. The air field and buildings were constructed by the 464th Aero Squadron A. S. A. and then occupied by Flight "B" of the 90th Squadron Air Service from November 26, 1919, to June 30, 1921. Only pictures, history, and memories survive the local air station. The two buildings are said to be barracks for the officers. Carlton White loaned us the picture.

girls for DAR Good Citizen and the selection of one. All of these honors are - or we should think they were - the most coveted awards of the students. It just seems real good to us that there is such a long list of honor students and those who have attained to honors in those departments. The development of intelligence and citizenship are certainly a part of the planned instruction of a public educational system.
We salute those students who attained the goals mentioned and also those who tried diligently but didn't make it.
The only shame should be to those who did not care! And we doubt there were many of them.

J-V Team Loses To Alpine B-Team

The Sanderson Eagles B team lost their first game of the season on October 21 to the junior varsity in Alpine. The score was 28-14.
Alpine scored in the first period and second quarter, holding a 16-6 edge at the half.
Sanderson scored in the second frame, but failed to convert the extra point. Jimmy Davis made the first Eagle TD.
Carlos Munoz added six points to the Eagle score in the third period with Robert Kline adding two more points to narrow the score to 16-14.
The Bucks scored two more touchdowns in the fourth period and failed on both PATs to put the final score to 28-14.
Norman Gladson is coaching the junior varsity team.

Jr. High Gridders Beat Imperial

The Sanderson Junior High School football team, coached by Don Ivey, won over the Imperial juniors by 22-6 there on Thursday of last week.
Kendall Billings scored two of the touchdowns and Frank Luevano scored one TD and converted the PAT twice on runs.
Sanderson had one score in each of the first three quarters. Imperial's lone touchdown was in the final frame and the point after touchdown try failed.
Coach Ivey stated that several of the boys on the team were not able to play due to injuries, but that all 14 of the boys on the roster saw action in the tilt in Imperial. They include, besides Billings and Luevano, John Finley, Bernie Castro, Clay Mitchell, Richard Munoz, Travis Watson, Mario Arredondo, Steve Couch, Paul Hinkle, Conn Sumrall, William Corbett, Johnny Couch, and Billy Walton.
Sanderson led in first downs by 12-6; in rushing yardage by 235 to 38. Imperial had 5 of 8 passes complete for 84 yards, and Sanderson completed 2 of 6 for 37 yards. Imperial intercepted two of Sanderson's passes.
The team will go to Iraan on Thursday for their finale of the season.

Voter Registration Law Clarified

Some of the information concerning voter registration was misleading and slightly inaccurate and is being clarified to help prospective voters qualify for the privilege.
Registration will continue to within 30 days of a state or national election. A voter may register at any time during the year, but his voting eligibility will be determined by the time he votes in relation to the date of the election.
A citizen may register by mail on application forms which conform to state standards. A voter who is registering for the first time might save time and effort by going to the office of the sheriff to register.
A person who votes in party primary, state or national election automatically re-registers to vote for three years and any act of voting during the three years extends his eligibility for three additional years.
A citizen is allowed to register his wife, parents, or children.
If you move your residence at any time, you must re-register to vote.
Some of the information published in The Times last week concerning voter registration was misleading and slightly inaccurate and is being clarified to help prospective voters qualify for the privilege of voting.

Forget the weather on washdays. With cold, frosty days approaching why hang clothes outdoors when you can dry them indoors in comfort in an automatic electric dryer. The gentle tumbling action and controlled electric heat of an electric dryer can make wrinkles disappear from permanent press clothes. They come out looking neat and smooth ready to wear without a touch of the iron. An automatic electric dryer costs less to buy, less to install and is economical to operate.
