Merry Christmas

LISTEN TO LUKE

Peace on Earth,
Good Will
Toward Men.

By Albert: ---
May we share this personal experience with you?
When Luke was in the hospital on Easter Sunday following one of his stroke incidents, he had been unable to talk intelligibly. I was sitting in the room with him while mother was out getting a bit of relief from continually caring for him. Dad was quiet and I thought him to be asleep, when he said very audibly, clearly, and distinctly:
"Glory to God in the highest, peace on earth, good will to men."
These words, which he subconsciously recited, we repeat, and add our sincere wishes for your happiness in 1972.
Albert and Zee
"Neve --- and Luke.

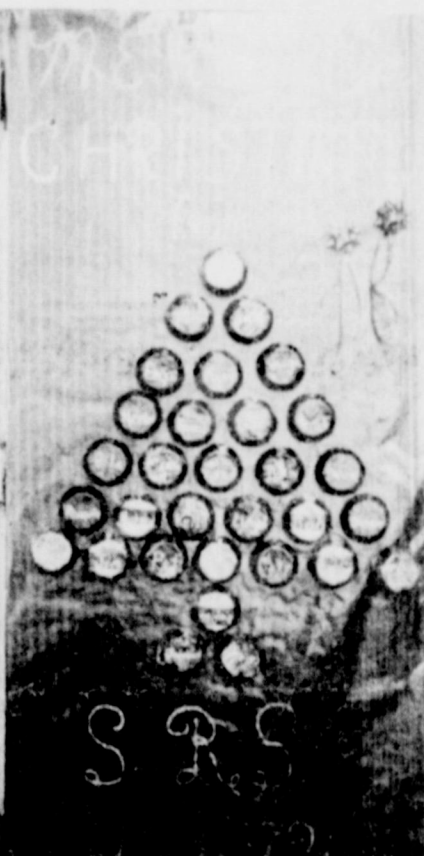

First place in the religious category of doors in Sanderson High School went to the sophomore class and is pictured above on the left. The door depicts the three wise men and a star whose beam goes to the words "Love, Hope, Peace". The non-religious category was won by the senior class and is shown on the right above. The message is "Merry Christmas from Seniors '71-'72" and the tree design is formed by vari-colored cups bearing the names of all members of the class. The reflective paper of which the decorations were made caused the lack of detail in the pictures. The Sanderson Culture Club sponsored the contest and judging was Friday afternoon by Mrs. C.B. Card, Mrs. Larry DeVasto, and Mrs. R.R. McDonald.

A small cash prize was given by the club to the winner of each category with another prize also going to the seniors for the best all-around door decoration, amounted to \$23.25.

A scene which occurred almost 2,000 years ago is depicted in our "old picture" spot this week, owing to the season and the fact that we wish to recognize the beautiful work done by Mrs. Roland McDonald and young people of the Methodist Church. The figures are life-size, beautifully colored, with meaningful facial expressions. We could have captured more detail, possibly on film in the daytime, but we sacrificed this to more realistically depict the original occasion. The four figures include the angel, at left, with the annunciation, the shepherd kneeling and shielding his eyes from the brilliance of the heavenly light, and the two standing shepherds at the right.

Alien Register Due Before Feb. 1

Howard L. Adams, District Director of the Immigration and Naturalization Service, El Paso, estimated that more than 72,000 aliens will report their addresses in the district during the annual federal alien address report program in January of the new year. Mr. Adams pointed out that all non-citizens, except those in diplomatic status and foreign representatives of certain international organizations, are required to file the address report each January even though their address is unchanged since the last report. In addition, aliens who may be absent from the United States must file their address reports with the Immigration and Naturalization Service within ten days after they return to the United States. According to Mr. Adams, address report cards will be available at all immigration offices and at all post offices beginning January 3, 1972. The immigration official emphasized the importance of filing the address reports as required by federal statute, reminding that wilful failure to comply with these requirements may lead to serious consequences.

Classes Set For Treatment Of Sick, Accidents

The State Department of Health is sponsoring a course in emergency care of the sick and injured. Classes will be held in Sanderson Elementary School, January 10-13. Ambulance attendants and others interested in emergency care are urged to attend the four-night course. It is offered free of charge. Experts in the field of emergency care agree that ambulance personnel must be prepared to make a quick survey to determine medical priority and to perform life-saving measures. Physicians and other medical personnel throughout the state of Texas are giving their time to provide the instruction needed to reduce the number of fatalities and injuries occurring each year. The school was arranged by the Sanderson Emergency Squad.

New Equipment In Gymnasium

Athletic Director Willie Myers notified The Times this week that installation had been completed on two additions to the physical education department, each of which had been received with pride by the coaches and the students involved.

There is a new weight machine in the gymnasium purchased by the Eagle Boosters and presented to the school which would enable up to 15 boys to work on weights at one time. The machine is designed to permit the exercise of all muscles of the body by the use of the various stations.

Supt. C.B. Card stated that the Eagle Boosters had paid \$1,000 toward the total cost of \$2,500 and had two years to pay for the machine with no interest charged during that time. He stated that there was a consideration being investigated of the school's applying \$500.00 out of the physical education department's budget toward the total cost of the machine.

The second piece of equipment purchased is a new score board in the gymnasium donated by senior classes as follows: seniors of 1970 - \$251.52; 1971 seniors \$378.83; 1972 seniors - \$150.50 or a total cost of \$780.93.

Coach Myers stated that the new score board showed which team had called time-out, and bonus shots, extras over the old score board, as well as indicating the score, period, and the buzzer.

Christmas Party For Club Last Thursday In Card Home

The Sanderson Culture Club met last Thursday afternoon in the home of Mrs. C.B. Card with Mrs. C.F. Cox as co-hostess.

To open the meeting, Mrs. E. E. Farley lighted an Advent wreath as she explained the meaning of the use of the wreath at the Christmas season. Mrs. R.A. Harrison read Luke 1:26-27 and then the story "Nazareth and Mary".

Two new club members were introduced, Mrs. A.J. Pagitt and Mrs. R.R. McClellan, and Mrs. N.M. Mitchell Jr. presented each with a red rose, the club flower, tied in white and red, the club colors, after a brief introduction of each. She then pinned a corsage on Mrs. Harrison, who will be moving from Sanderson soon after the first of the year and expressed the appreciation of what she had meant to the club.

Announcement was made of a meeting called for Monday, January 17, when annual reports will be made. The meeting, in the home of the president, Mrs. Card, will be at 3:00 p.m. The resignation of Mrs. Dudley Harrison was accepted.

Mrs. Farley told of the recent custom of decorating a tree at the Presbyterian Church with Chrismons made by some of the women and several Chrismons were displayed.

After mentioning several local traditions, cups of egg nog without the alcoholic content were passed around to be sipped. The beverage was served in the McKee family at breakfast on Christmas morning, in keeping with a tradition.
