LISTEN TO LUKE

By Albert---

We noticed one the other day that caused us to make a note for a future subject to write about. There are many things that come to mind as interesting to the degree that we consider them as a subject for our column as we think they may be interesting to at least "some" of our readers. The information may not be earth-shaking, or even of any special interest, but it has some interest to us, at least at the time of noting and at the time of writing.

To get back to the subject: A carton marked "Imitation Margarine".

We thought it would have been more clever to have said "Imitation Substitute for Butter".

We can remember distinctly, when dad was writing this column and margarine was gaining some prominence in the mouths of Americans, the words flowed in condemnation of any substitute for butter. It was ridiculous, in fact, to consider that there could be a substitute for butter! Every cow in the nation should go on a strike and quit giving milk until and unless they took margarine off the market - or marketed it for what it was - only a poor substitute as a spread for our daily bread - and mighty poor at that. The popularity of margarine and the elimination of glass milk bottles are probably the two things that were most responsible for dad's high blood pressure and resultant senility and strokes. Those two things, plus the four terms of FDR, that is! And particularly the 2nd, 3rd, and 4th. And if there was another contributing factor, it had to be the first term of LBJ!!!

But back to the subject, again: We can remember, after we got to Germany during the BIG WAR, they had ersatz coffee, ersatz tea, and ersatz this and that. "Ersatz" meant "imitation", we think.

"Imitation margarine" is a lot like saying: Imitation ersatz coffee.

Yes, margarine is coming up in the world.

Butter now has a peculiar taste to us!

Since we referred to dad, it might be - we hope - of interest to some of our readers that his condition is pretty stable. My last visit was Saturday afternoon and he seemed about as alert mentally as he has been in some time. This condition changes almost with the changing of the minute hand on the clock, but it was a visit which meant more to us, at least. He seems to be suffering no ill effects from the two broken ribs received in a fall just before Christmas. Probably they are about healed now. He was moved into the room with Ed TenEyck - Bill's father, and everyone in the nursing home feels that this was a good move. We hope that it works out as best for all concerned. His weight and strength loss seem to have stabilized.

Cold Weather Lingers In Area

Cold weather, clear blue skies, with little wind have persisted in this area during the past two weeks. Temperatures have been below 20 several mornings during the past several days with the days being considerably warmer as the sun shone brightly during the day-time.

There has not been much damage to ranch pipelines that we have heard about, in spite of the cold that dipped as low as 9 recently.

There was a brief flurry of light snow locally during the extreme cold, and some snow was reported north of Sanderson, but it did not stick to the ground.

The temperatures are expected to be in the 70s locally before the week is up, indicating the extremes to which the thermometer is fluctuating.

Some Work Done On Local Streets

Some work has been done to improve the condition of local streets within the past few days. More work is planned for additional improvements and equipment and employees of Precincts 2 and 3 will be aiding in the project, according to information received by The Times.

Dirt has been hauled in and used to fill in shoulders which were badly washed and worn and asphalt has been used to fill in some of the holes in the black-topping.

CHARLIE BROWN HAS RESERVE CHAMP LAMB

Charlie Brown, son of Mr. and Mrs. Joe N. Brown of Sanderson, had the champion crossbred lamb in the Pecos County Livestock Show Saturday of last week in Fort Stockton. The lamb was also named reserve champion of the show.

The lamb was bred by Benny Rusk on the Bullis Gap ranch.

Mrs. Zada Sanders went to Alpine Saturday to visit her father, B.L. Van Cleave. Mrs. Alfred Bendele accompanied her and visited with her sister, Mrs. Charlie Cash, and family and returned her mother, Mrs. Elma Riley, who had visited there for a week.

Don Allen Is Named To Post On School Board

Don Allen was named to fill the vacancy on the school board at the regular meeting of that group on Monday night of this week. The appointment will be until the election of board members in April.

The vacancy was created by the resignation of David Mitchell who accepted a post as commissioner of precinct 3.

Allen is manager of the local water utility and has been a life-long resident of Terrell County.

The sixth current Pennsylvania producer in a field which began in Pecos County, was assured with a flowing of natural gas at the rate of 2.1 million cubic feet daily at Texas Oil & Gas Corp., Midland, No. 1-A Noelke. The well is in section 5, Block A2, TCRR Survey, five miles southwest of Sheffield.

Flow was through a 16-64-inch choke and perforations at 8,494-688 feet, with tubing pressure of 1,550 pounds. Testing continued.

The field also has one Ellenburger and two Connell gas producers.

The well is in Terrell County and is a 5-8ths-mile southwest and the same distance southeast extension of the field.

Steer Roping To Benefit WTBR

The Sanderson Rodeo Club will sponsor a steer roping on Saturday afternoon, January 29, to benefit the West Texas Boys' Ranch.

All of the proceeds of the roping will go to the Boys Ranch, according to officials of the local sponsors.

There will be a 3-steer average with entrance fee of \$24.

All ropers and spectator fans are urged to support the project and help the Boys' Ranch.

The roping will be at the club's arena north of town.

In the Duroc class, Scotty's pig placed 7th, and "Roosty" had pigs that placed 3rd and 9th.

In the heavyweight crossbred class, "Roosty" had pigs that placed 4th, 8th, and 10th, and Scotty's pig won 7th.

Illness Causes School Closing

Illness has caused the closing of local schools for several days. Sore throats, upper respiratory infections, and "the plain old flu" are said to be the source of illnesses, according to reports heard.

Monday of last week there were over 60 absences in local schools, and when about the same number were absent on Tuesday, Supt. C.B. Card decided to close the schools.

The average daily attendance, which affects the local financial structure of the operation of the school, was given as one of the reasons for closing the schools, and the other was to try to prevent a greater spread of illness due to the close contact of association of the students.

Monday morning of this week there were almost 70 absences and the students were again sent home and the effort to re-open the schools would be on a day-to-day basis, depending on the number of absences, according to information received.

Many of the families affected by the illness that is going around, have several or all of the members of the family ill or the illness has made the rounds of all members of the family, some having relapses or the illness the second time during the past few weeks.

Doctors in neighboring towns state that there is no immunity available for the illness, but that proper rest, lack of exposure to those who have the illness, and common sense precautions were the only steps of prevention known, according to reports.

Mrs. T. Maxey Hart of San Antonio sent us this picture and some others to be used in our series. This 1943-44 cage team includes: front row - Dudley Harrison, manager, Robert Joe Dishman, Will J. Murrah, Doyce Wells, Willie Grigsby, Temple Stumberg, Charles Daniel, David Thompson, Tom Holley, coach. On the back row is Jimmy Davis, Lowell Jessup, Harry Brown, Francis Grigsby, Bill Savage Jr., Bosco Yeates, Al Dishman, and Earl Pierson Jr.

Registration Of Voters Pushed

Voter registration is proceeding successfully, according to Sheriff Bill C. Cooksey. The number of registrations was approaching 600 on Monday and the number was expected to go well above the 700 figure before registration ends in time for voting in the school election in April.

Registration by a voter must be 30 days prior to any election to qualify him to vote in that election, and registration may be at any time in the year.

Cooksey stated that there were several groups and persons interested in a maximum registration, particularly of the 18-21-year-olds, who will be eligible to vote this year for the first time, and others were also working to get a maximum registration of all potentially qualified voters.
