## LISTEN TO LUKE

By Albert: ---  
Since we have joined the ranks of self-appointed experts we can have wider opinions on wider subjects. We are sure that this one is going to draw some disagreements, but maybe it will also draw some sobering thoughts.

There were several things that caught our attention during the past week on the tube --- there usually always is!

We wonder if the telecasting of the Olympic events from Japan are commercials all the way or an effort to please the sports enthusiasts!

There was remark after remark like: "The reason the U.S. bobsled team doesn't have a chance is because there is not one bobsled team in the nation." "The speed skaters from this country did very well considering the fact that there is only one 500-meter rink in the nation". Etc., etc.

And the commentators went on to state that a bobsled run costs only over a million dollars; and a skating rink of the 500-meter variety only so many hundreds of thousands; ski slopes are X-dollars, etc., etc., etc.

And certainly the Swedish hockey teams are better. They are subsidized by the government and given cars, television sets, furnished apartments, etc. etc., etc.

We are not going to argue against the fact that the more participation you have in bobsledding, the greater the chance of a better team. And the same thing is true with all of the other sports. And a government-supported hockey team probably could become more proficient than one that is made up of strict amateurs who get together about two months before the Olympics to begin practice together.

One would think that these accomplishments should be a national goal - winning the gold medal in every Olympic event - if one paid too much attention to the commentators on the telecasting this year!

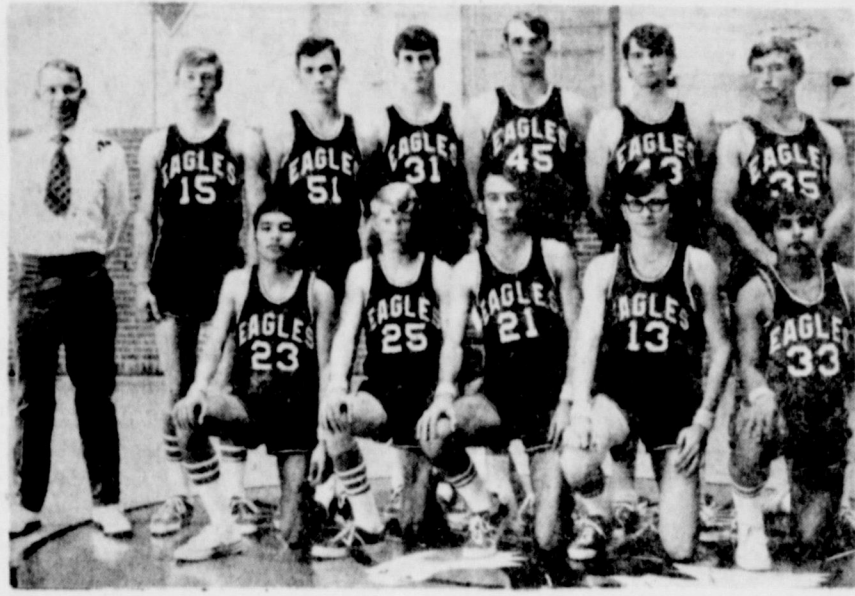

We stayed up every night watching those advantaged and disadvantaged athletes competing in the various events and established our status as an athletic supporter so we have done!

Now to the heart of the subject: It seems that we as a nation and as individuals could have a national goal that supercedes the development of super-athletes for Olympic contests.

And another item along this line: the revelation by Col. Wilson Spier, head of the Department of Public Safety of Texas, that the figure of gambling bets placed in the state during the football season was in the billions, and that organized crime was involved.

OK, that's sufficient grounds for all of us to get busy and eliminate those figures, that condition, and the possibility. It's a violation of the law, so get with it!

And the second heart of the subject: We need to re-establish our values. We need to

The Sanderson Eagle cagers and their coach are pictured above. They will play Clint Saturday night in Monahans for the district championship. The team is composed of, back row: Coach Tommy Hall, James Druse, Bill Mott, Blain Chriesman, Ike Billings, Pat Mott, Randy Louwien; front: Ricky Marquez, Bobby Kline, Steve Litton, Bob Murrach, and Carlos Munoz.

## Lee Dudley In Commissioner Race

Lee Dudley has announced his candidacy for the office of Commissioner of Precinct 1 of Terrell County. He is seeking the nomination of the Democratic Primary on May 6.

Dudley, in asking for the support and vote of the people, stated that he did not claim to be able to do the job better than anyone else, but that he would do his best, if elected, to fulfill all of the duties of the office. He said that he felt qualified for the office and would devote all the time necessary to the business and duties of the office.

## Girl Scout Cookie Sales To Begin

Local Girl Scouts in the Junior and Cadette troops will be selling cookies to Sanderson residents beginning Friday, February 11. The cookies will be available until February 19.

The boxes will be larger this year - family size - and will sell for \$1.00 each. The varieties of cookies this year includes assorted sandwiches, mint, butter-flavored shorties, peanut butter, and pecanettes.

A portion of the proceeds stays with the local troop and all other profit goes to maintain camping facilities at Mitre Peak and Hat-A for the Girl Scouts. It has been stated that this is the only source of funds for maintaining the camp sites.

## VISITING MINISTER SUNDAY AT PRESBYTERIAN CHURCH

Rev. and Mrs. J. Elroy Weikel of Corpus Christi were here last weekend for him to preach at the Sunday morning service at the First Presbyterian Church. He is associate minister of the Grace Presbyterian Church in that city.

There was a tea Sunday afternoon in fellowship hall at the church for the church members and friends to visit with their guests.

## District Cage Title On Line Saturday

The district cage title will be decided Saturday night in games played in Monahans at the high school gymnasium. The games were originally scheduled for Friday night, but were postponed so that certain officials could be obtained for the game, according to Coach Tommy Hall.

The Sanderson Eagles will meet the Clint Bulldogs at 8:00 p.m. and Iraan girls will play the Clint girls in the opener at 6:00 p.m.

This is the meeting of the winners of the eastern and western zones of the girls' and boys' basketball teams.

## Ranchmen Hear Referendum Info

About 75 ranchmen were present Saturday afternoon for the meeting of District I members of the Texas Sheep and Goat Raisers' Association. The group named new directors for the district, heard details of the referendum for predator control, and nominated representatives on the predator control committee from the district and for the committee-at-large post.

The meeting which began at 11:00 a.m. was hosted by directors and members of District I. Luncheon was served at noon and resumed following the meal at St. James Hall in Sanderson.

New directors named for the district included Jack Shely, Steven Lee Stumberg of Marathon, Louis Woodard of Fort Stockton, and Jim Espy of Fort Davis. All of the retiring directors were re-elected with the exception of Russell White of Marfa, who asked not to be considered for re-election.

A detailed explanation of the plans for predator control, administration, and financing were given by Sutton Allison, president of TSEGRA; John Cargile, 1st vice-president; and Bill Sims, executive-secretary.

There will be one committeeman named from each of the six districts of TSEGRA in the state and three members-at-large. The nine committeemen will finalize and carry out the plans for predator control, which was named as the Number One need of the TSEGRA. The members of District I Saturday named Sid Harkins as the committeeman, and also nominated Woodard and "Tiny" Earp of Crane as nominees for committeemen-at-

large. It was pointed out that nominations were not closed and other nominations may be made for district committeeman or committeeman-at-large by the signature of the nominee and 10 other qualified voters.

The referendum vote for the predator control proposal will be March 28, 1972, and is restricted to stockmen, generally, and not a consideration of the general public.

Mr. and Mrs. Charles Hornsby were in Alpine Friday for him to have medical attention.

Mrs. Tony Calzada loaned us the picture below which shows the 4th grade in what was then the Lamar Ward School, now the Band hall. W.A. Matthews was the teacher in 1941-1942 and the photo includes: front row - Willie de la Rosa, Mateo Ruelas, Juan Salazar, Genaro Valdez, Rodolfo Hernandez, Ruben Rodriguez, Mary Blanch Salinas, Gloria Marquez Jacinta Venegas, Beatriz Hernandez, Rita Escamilla, Dionisia Villegas, Paulina Madrid; second row - Ruben Saldivar, Baldemar de la Cerda, Carmen Olgin, Chey Ochoa, ----, Rosanna Olivares, Celia Marufo, Concha Valadez; third row - Alejandro Marquez Jr., Juan Rivera, Regino Galcon, Raul Florez, David Glorez, ----, Amelia Fuentes, Erminia Cerda, Odilia Celeya, Manuela Madrid, Petra Hernandez; fourth row - Herbenia Barrera, Erminia Bustos, Lala Escamilla, Edelmira Coronado, Oralia Lopez, Espiridon Montalvo, Adrion Rodriguez, Jose Fuentes, Jesus Parada, Joe Chavez.

## Grand, Petit Juries Meet This Week

The grand jury of Terrell County in the 63rd Judicial District Court convened for 1972 Monday morning. They were instructed and sworn by District Judge George Thurmond of Del Rio.

An indictment of assault with intent to murder without malice was returned against Richard Sowders in an altercation which occurred recently at the El Paso Natural Gas Plant in the eastern part of the county. Bond on Sowders was set at \$5,000.00, and the accused has been released on bond pending trial.

Three indictments were returned against persons charging them with burglary. These charges grew out of the burglary of the Rancho Grande Bar in Sanderson. The accused persons have not yet been arrested following the indictments.

Two petit juries were impaneled, one to hear a case which began Wednesday morning - a civil suit in which Mr. and Mrs. W.G. Shoemaker are plaintiffs and Mrs. Eve Whistler is defendant. Suit grew out of an airplane crash north of Dryden in July 1968, which took the lives of Whistler, his son, Jack, Walter Shoemaker, son of Mr. and Mrs. W. G. Shoemaker, and C.D. Carroll.

### EAGLES BEAT IRAAN

The Sanderson Eagles won over the Iraan Braves in their final cage game of the regular season by a score of 61-55. Sanderson held a 6-point margin also at the half. The game was Tuesday of last week in Iraan.

Blain Chriesman got 9 points, Pat Mott 8, Bill Mott 12, Randy Louwien 18, and Ike Billings 14. Steve Litton, James Druse, and Bob Murrah also played.

The Eagles had a 4-0 district record and 20-4 season record under Coach Tommy Hall.

### EAGLES PRACTICE MONDAY NIGHT WITH IMPERIAL

The Eagles went to Imperial Monday night for a practice game and won 100-44.

Louwien netted 29 points, Pat Mott 17, Billings 12, Bill Mott 10, Litton 10, Murrah 9, Chriesman 7, Kline 4, and Druse 2.

### Increase in Local Telephones Noted

More than 730 telephones were in service in Sanderson as of December 1, a healthy increase of 4.4 per cent during 1971, Don Lincoln, manager for Southwestern Bell, said today.

"Telephone growth is considered a good indicator of overall economic growth," Lincoln said. "The addition of 32 phones last year shows that Sanderson is on the grow."

Lincoln said Sanderson residents are using their phones more, too. "In November, 2,650 calls were dialed here on an average business day. That's an 11.7 per cent increase over November, 1970."

"Growth and expansion are likely to continue for the town's communications system," Lincoln said. "Telephone engineers predict that Sanderson will have 825 telephones in service by the end of 1975."

He added that a record \$150 million construction budget has been set for Southwestern Bell's San Antonio Area, of which Sanderson is a part. The 1972 budget includes expenses for central office equipment, buildings and additional plant facilities, such as telephone cable, in an area covering approximately the western two-thirds of Texas.

D.K. O'Keeffe made a business trip to Denver City last week and also visited with his mother there.

Mrs. Juan Ramirez Sr. returned home Monday after visiting in Andrews with her son, Isaac Ramirez, and family for a month and a half.

### School Week To Be Mar. 6-10

Texas Public School Week has been set as March 6-10 in Texas and will be observed locally.

There have been many developments in education since the public schools were established in Texas 118 years ago. During this special week the public schools of Texas hold open house for everyone. It gives those who are interested the opportunity of seeing how our schools are equipped, staffed, and how the children are taught.

Visitors will be welcome at the schools during the special week, according to Carlton White, chairman of the local observance of Texas Public Schools Week.

The special week is to urge active interest in the school systems.

Mrs. Wayne Jordan was returned home Tuesday from an Alpine hospital and is recuperating satisfactorily from major surgery.

Mr. and Mrs. Jolly Harkins were in Bertram last week to attend funeral services for her aunt who died after a short illness.

# 93 years of progress ...better living electrically

When Thomas A. Edison introduced the first successful electric light bulb he contributed more than better lighting. He showed that electricity was a valuable tool for man. Just as electricity has played an important role in the achievements of almost a century, it is now an important factor in cleaning up pollution... helping provide a cleaner, healthier place to live today and tomorrow.

Richard C. White  
...seeks return to Congress

Congressman Richard C. White this week authorized The Times to announce his candidacy for re-election to the U.S. House of Representatives for the 16th District of Texas for the fifth consecutive term. His candidacy is subject to the action of the Democratic Primary on May 6.

Congressman White cited the value of seniority, faithful attention to his elected duties, and a long list of legislative accomplishments for the area and nation as the basis of his request for the citizens of the vast 14-County District to reelect him as their representative in the nation's capitol. He pointed out that his Congressional group which entered the House in 1965 is approaching the mid-point in seniority, and he estimates this group will move up measurably following the 1972 general elections.

"My seniority is even more meaningful on the two Committees to which I have been appointed," the Congressman said, "and a sub-committee chairmanship is coming closer to reality. This will mean additional influence for West Texas. My ability to gain a seat on the much sought-after House Armed-Services Committee, and my increasing position of strength in its structure will be extremely important to the 16th District in the years ahead, particularly considering that the Congress has ordered some heavy cuts in the overall strength of our armed services," Congressman White said.

He is also on the House Post Office and Civil Service Committee.

Congressman White's 97% record of attendance is one of the highest in the House of Representatives, and he maintains that his voting record is a close reflection of the will of the people of the District.

He stated that he has established a prolific legislative record during his tenure in Washington including sponsorship of many successful bills directly affecting his District, such as the Guadalupe National Park bill, the Chamizal National Memorial and Chamizal Highway bills, Scenic Rivers with a Rio Grande study requirement, Mountain Standard Time bill for El Paso County, removal of salt cedar from the Pecos River, and acquisition for the North-South Freeway, and others; has been a strong supporter of water development and flood control for West Texas, education measures, retaining and measures, retraining and employment programs, and anti-pollution and anti-crime measures.

He has authored 24 bills during the present session of Congress and co-sponsored 20 other bills during the present session.

Andres Falcon is now employed at the Big Bend Gas Company. Glenn Stout is driving the transport truck for the firm.

Visitors with Mr. and Mrs. Herbert Brown last weekend were their daughters, Miss Barbara Brown, a student at Angelo State University, and Mrs. Kenneth Andrews, Mr. Andrews, and their children, Toni and Jerry, of El Paso.

have a re-alignment of our principles.

A million dollar bobsled run, a multi-thousand 500-meter rink, a good skiing slope, and the cost of stopping multi-billion dollar betting - not counting the cost of the bets - could go a long way in curing some of our nation's ills, even if we just consider the word "ills" literally, such as cancer, multiple sclerosis, birth defects, mental health, etc., and figuratively: air and water pollution, abolition of some ghetto areas, improved educational facilities, etc., etc.

Maybe it just depends on how you look at it!

L.E. (Pete) Snelson  
State Senator asks re-election

Senator W.E. (Pete) Snelson of Midland announced that he is a candidate for re-election to the Texas Senate from the 25th District, which includes Terrell County.

Senator Snelson is currently serving as president pro tempore of the Texas Senate and as such is second in line of succession to the office of Governor of Texas. He served as the acting Governor of Texas on two occasions last year when the governor and lieutenant governor were absent from the state.

"I am seeking to return to this office on the basis of my record of service to the people of the area and state," said Senator Snelson.

"Representing the largest senatorial district in the nation and its diversity of interests is a challenging and rewarding experience, and I am grateful for the confidence which the people have expressed in my past service," said Senator Snelson.

"The 63rd Legislature will face many momentous decisions in such areas as financing public schools, welfare reform, changes in the area of the state's courts, revamping of legislative procedures and the enactment of a meaningful code of ethics," said Senator Snelson. "I believe my experience can help in obtaining the best solutions possible."

As a member of the 62nd Legislature Senator Snelson serves as chairman of the Oil & Gas Committee, vice chairman of Education and chairman of the permanent subcommittee on public education and vice chairman of the local and consent calendar committee. He also served on the committees on administration; agriculture and livestock; claims; constitutional amendments; environmental matters; finance, which handles senate appropriations; legislative, congressional and judicial districts; nominations; state affairs; transportation and water and conservation.

In addition, he is a member of the five-man Senate General Investigating Committee. During the regular session, the committee conducted a thorough investigation in the shortcomings of state banking and insurance laws that came to light as a result of the failure of the Sharpstown State Bank. The work of this committee resulted in the drafting of nine bills, eight of which were passed by the Legislature.

**HARRISON WINS HONOR AT A&M UNIVERSITY**

Brad Harrison of Sanderson has earned "Distinguished Student" ranking at Texas A&M University. The undergraduate honor is awarded students who have excelled academically. Recipients must earn at least a 3.25 grade point ratio (out of a possible 4.0) during the grade period. Harrison, freshman agricultural engineering major, is the son of Mr. and Mrs. Felix Harrison.

February 11 is "Cookie Day" when Junior, Cadet and Senior Scouts throughout the 16 county Permian Basin Council will start knocking on every door selling Girl Scout Cookies. The girls will be selling five different varieties of cookies: assorted sandwich, mint, butter flavored shorties, peanut butter, and pecanettes. Each "family sized" box sells for \$1. Troops receive a 10 cent commission on each box sold for their troop treasury. All other proceeds remain in our Council. These funds are used to improve, maintain and develop council-owned properties and camps. Cookies also pay for equipment used at these camps and for troop camping, plus providing camp erships for girls who need financial assistance. There is no other source of income for these purposes - cookies alone do it! The annual cookie sale begins Friday, February 11, and will continue through February 18. Say "yes" when a Girl Scout knocks on your door and enjoy delicious Girl Scout cookies.

**CUB SCOUT NEWS**

**MRS. KERN DIES**

Mrs. Clyde Higgins received word this week of the death of Mrs. Paul B. Kern of Nashville, Tenn., widow of the late Bishop Kern who died in 1953. Her death was on January 26 and she was almost 92 years old. She and her two surviving sisters have been in a Methodist retirement home in Nashville for the past eight years. The word of her death came from Dr. and Mrs. Campbell Kern of Booneville, North Carolina, former residents, and he is the son of the deceased.

Mrs. Jim Kerr returned home Sunday from San Antonio where she had a medical check-up and also visited relatives for a week.

Marcos de la Cerda is a patient in an Alpine hospital.

Mrs. David Mitchell is in O-zona with her mother, Mrs. Grant Richardson, who is ill.

Gene Black entered an Alpine hospital Sunday morning for the treatment of kidney stones according to reports.

Mr. and Mrs. T.W. McKenzie made a business trip to El Paso the first of the week.

Mr. and Mrs. K.H. Stutes went to Alpine Monday for him to have medical attention.

Mrs. Cruz Marquez and Mrs. Ola Brooks were in Alpine Friday for medical attention.

Mrs. Jim Neal and children of Rankin were weekend visitors with her parents, Mr. and Mrs. Irvin Robbins, and Susi.

**Watershed Control Urged to Develop Natural Resources**

"Watershed projects are assuring a dependable water supply to 78 communities and are providing more than 5 million visitor days of recreation annually," Under Secretary of Agriculture J. Phil Campbell told the Natural Resources Management and Conservation Committee of the National Association of Manufacturers.

Asserting that these projects have given new life to many communities by "creating thousands of new jobs," he added that it is "no more than a good beginning on the total job that must be done. Annual flood and sediment damage in upstream areas still exceeds a billion dollars.

"Action is needed and is feasible in almost 9,000 watersheds, comprising 726 million acres, or about one-third of all land in the United States," Mr. Campbell said. "Municipal and industrial water supply storage is needed in about 3,000 project areas, improved water quality is needed in about 4,400 watersheds, and recreation, fish and wildlife development is needed in about 6,500 areas," Mr. Campbell noted.

Thus far, projects have been completed in 3 per cent of the 9,000 areas and projects have been approved for about 12 per cent of the total, he said.

When all the projects are completed, the potential prevention of flood damages will total nearly \$14 billion, some 2,800 communities will be assured of a dependable water supply, and 200 million visitor days of recreation will be provided annually. "These are almost astronomical figures," Mr. Campbell said, "but they illustrate the tremendous importance of the watershed program to the American environment and the American people.

Be steadfast, immovable.— (1 Cor. 15:58.)

When we are centered in Christ and established in our Christ identity, we are more than equal to changing conditions in the outer. If we are changing jobs, if we are moving to a new home, if we are moving to a different city or country, if we are changing schools — any such major change in our life calls for adjustment to new circumstances, to new surroundings, to different personalities. At such times the realization of our Christ identity is most helpful. We are at peace with ourselves; we are happy where we are.

## Easter Seal Sale To Begin Feb. 28

Charles G. Riggins will head the 1972 Easter Seal Appeal in Terrell County, it was announced by Rodney D. Hargrave, Dallas, President of the Easter Seal Society for Crippled Children and Adults of Texas. He is one of 223 men and women throughout Texas who are serving in the capacity.

Residents of Terrell County will receive the annual Easter Seal Appeal letters in the mail beginning February 28. The Easter Seal Appeal is conducted yearly to provide disabled persons and their families treatment and services.

Special emphasis is being given in the 1972 Easter Seal Appeal to the disabled citizen or his family in Terrell County who may need assistance and not know where to obtain it. Any disabled person can contact Mr. Riggins at the Riggins Jewel and Gift Shop in Sanderson, who will refer the request for services to the Easter Seal Society. A determination of the extent and type of assistance needed and the most efficient means of obtaining that assistance will be made. Arrangements for needed treatment or service will be made by the Easter Seal Society.

## CARD OF THANKS

It would be impossible to express our appreciation to everyone who helped make our chili supper such a huge success. However we do wish to thank Bill Ten Eyck and Pat Harris for furnishing the ice; the Sunshine Biscuit Company for crackers; Lone Star Brewery for napkin packs; Mrs. Barton Massey and Walter Thorn for ordering supplies; the decorating committee; and especially the Band Dads who served. Joe Blatchford and his bands added the musical touch to a successful evening.
