## LISTEN TO LUKE

By Albert---  
Ranchmen in this part of Texas are having their troubles with screwworms the same as in all other parts of the country where the pests have been previously. There is much concern over the situation as it has existed all summer and hopes that the things that are planned will soon begin and will be effective against the killers of stock.

The screwworms are not only killing and crippling the domestic animals, but they are also bound to be hitting the deer population in the same way and this is a concern of the ranchers, also. During the past few years ranchers of this area have been building up hunting leases and realizing some kind of an income from the deer on their ranges. If this part of their operation is also being hit by the screwworms there is no known way of doctoring the deer, and the losses will be greater.

And this year was promising to be one of the best for the deer population, as it had been building up since the time the sterile fly program had been put in operation. There may be some disappointed hunters over the area this year.

Local football fans got a kick out of the win by the Eagles Friday night here, although the win over the Class B school was one that really was expected. One thing that impressed us about the game was the lack of penalties against the Eagles, and the lack -- particularly -- of the major penalties like for unsportsmanlike conduct. We also saw no laxity on the part of the officials in their failure to call such violations which makes everything come out right.

The lack of penalties, in other words, was because there were no violations that were obvious to the officials. We like this kind of playing and this kind of officiating! We know, as well as anyone, the heat that can be generated in the thickness of a contact sport like football. And we also know well the value of curbing tempers when they become heated in the flurry of football.

In our humble opinion, keeping a good "cool" might have prevented the Russian win -- for even the third time -- in the Olympics final basketball game. But we will hesitate to admit that the "cool" of the American players was being tested to the extreme during the three-time farce!

To follow what was said in the first part of this column about the screwworms:

With the large number of dogs there are running loose and possible predators of the livestock in pastures surrounding town, a nip by a dog on a lamb or grown sheep now means probably a dead sheep.

Much of the time of the rancher now is being spent in looking for and doctoring "wormies", and there are enough of them, according to

## Demo Committee Names Hogg As Party Nominee

The Terrell County Democratic Executive Committee, met recently in a called session and accepted the request of Sheriff Bill C. Cooksey to the general election ballot as the nominee of that party for the office of sheriff, tax collector-assessor. At the same time, it was the unanimous opinion of that committee to place the name of Dalton Hogg on the ballot as the nominee of the Democratic Party.

The unprecedented action in Terrell County, so far as is known, was due to the timeliness of the resignation of the nominee of the Democratic Primary in comparison with the primary and the general election.

Hogg has served as deputy sheriff for about 12 years and has been appointed as sheriff, succeeding Cooksey after the date of his resignation - September 15.

The Democratic Executive Committee for Terrell County is composed of Charles Stavley, chairman; Mrs. H.E. Ezelle, Graham Childress, and Tommy Hayre, chairmen from precincts 1, 2, and 3. There was no chairman named in precinct 4 due to the lack of a majority of any candidate who received votes for that post.

## Hit-Run Causes Death of Fidel Veliz, 53

Fidel Veliz was the victim of an apparent hit-and-run driver shortly after midnight Friday. The accident occurred at the corner of Oak St. and Fourth St.

State Highway Patrolman Tommy Lowrance stated that the accident occurred between 12:30 and 12:45 a.m.

Local officers are asking that anyone having any information that might lead to the apprehension of the person that hit Veliz to please contact them.

Veliz died about 5:30 a.m. in an Alpine hospital. He was 53 years old.

Rev. John Pierce, priest of St. James Catholic Church, said Mass at 2:00 p.m. Monday at the church and burial was in Santa Rita Cemetery under the direction of the Geeslin Funeral Home of Alpine.

day at the church and burial was in Santa Rita Cemetery under the direction of the Geeslin Funeral Home of Alpine.

Veliz was born April 19, 1919, in Sheffield. He had lived in Sanderson all of his life. He is survived by a sister, Mrs. Alejandria Hernandez, of Sanderson; and two brothers, Cleto Veliz and Catarino Veliz, both of Sanderson.

Sheriff Bill C. Cooksey stated Tuesday morning that the clothing of Veliz had been sent to Austin to see if identification of automotive paint can be obtained for comparison with local cars, as it has been ascertained that possibly the paint could be traced as certainly as a finger-print, Cooksey stated.

He has also been in touch with the District Attorney for information about evidence, etc., in case that more proof is found in the investigation by the sheriff's office, Highway Patrolmen, and Texas Ranger Alfred Allee Jr. of Ozona.

Mrs. H.E. Gatlin received word Monday that her sister, Mrs. Charles Chase of Toledo, Ohio, had her leg amputated Sunday but was in satisfactory condition. Her other leg was amputated in November.

Mrs. Carl Davis loaned us the old picture from the collection of her Uncle Ellis "Mac" McDougal that we are using this week. Written on the print is "Old Pitch Fork Kid" with no other explanation. The original print shows plainly a bull whip tied on the back of the saddle, what looks like steel stirrups, knee-high boots with the pull strap on the outside. The rider has a pipe in his mouth and the bowl of the pipe leans away from the smoker if the stem were straight out. The country looks like the picture was taken in this area. We would appreciate any information about "The Pitch Fork Kid".

## Eagles Beat Longhorns 42-14; To Go To Bracketville Friday

The Sanderson Eagles won their first outing of the current season over the Class B Buena Vista Longhorns by a score of 42-14.

Scoring by the Eagles was: In the first period Chago Flores on a keeper play, went over the goal line from the 1-foot mark, the try for the point-after-touchdown conversion failed. Kendrick Harrell scored from 8 yards out and Flores threw a pass to Floyd Watson for the 2-point conversion -- 14 points for Sanderson at the end of the first period.

In the second period, the Eagles only scored one touchdown - a pass from Flores to Juan Saenz good for 18 yards and the TD, and the PAT conversion was a pass from Flores to Bill Mott -- 8 points in the second period.

Flores went over from the 1-yard line to begin the scoring in the third period, and the try for the point-after was a pitch-out to Jim Cash who tried a pass over the right end of the line that was no good. Flores threw to Saenz for another TD pass, good for 11

yards and the score, and Cash ran the 2-pointer over after the touchdown -- 12 points in the third frame.

The reserve backfield accounted for the final tally by the Eagles on a well-executed pass play, Robert Kline, back-up quarterback, threw to Ricky Marquez for a 22-yard touchdown play. A pass try for the points-after-try was no good.

The second period was the one for the Buena Vista Longhorns, with their first score by Danny Primera from 8 yards out, with the pass for extra points being incomplete. Their second TD was by Bob Borron from 9 yards out with Primera running the ball over for 2 points, and accounting for all of the 14 points scored by the team from Imperial.

Sanderson looked good in their first outing, showing some need for improvement in the defensive effort against the tight plays. They looked good on their running and blocking against the weaker team.

The statistics of the game continued to second page

what we hear, without having local dogs adding to that number.

Something that we cannot understand -- and pardon us if we are misunderstanding -- is how can people disregard the fact that each sheep that is killed by dogs or dies as a result of injuries by dogs, is a loss of over \$20.00 to the rancher, and continue to permit their dogs to run loose without feeling some obligation to the rancher for that loss? or to stop permitting their dogs to run loose?

It just seems basically right to us that if we insist on not controlling our dogs, then we must be responsible for any losses to anyone caused by the dog.

Maybe it's just the way we look at it!

## Eagles Beat

as reported by Athletic Director Willie Myers were as follows:

	Sanderson	Imperial

There were no injuries in the game against Imperial, and at this writing the Eagles were full strength for their game against Brackettville.

### Voter Eligibility Rules Repeated

Mrs. A.J. Hahn, deputy tax assessor-collector, asked The Times to relay the information to all persons interested in voting in the general election, that there are certain qualifications they must meet before they are eligible to vote.

If a person has registered in the precinct in which he expects to vote and in the precinct in which he lives, then he is eligible to vote in the general election. If he has moved from the precinct in which he registered, then he will have to re-register before he will be eligible to vote.

If a person becomes old enough to vote, then he must register where he lives and intends to vote.

Mrs. Hahn stated that there are many details to the eligibility laws that are complicated to try to briefly explain in a newspaper story, but if a voter moves or wishes to change his voting place, then he must go to the office of the voter registrar where he has moved or where he wishes to vote so that he may become eligible to vote.

**YOM KIPPUR DAY OF ATONEMENT**

September 18, 1972  
Hebrew Date: Tishri 10, 5733

In Jerusalem, Jews gather at the "Wailing Wall" (The only remnant of an ancient temple in that city) on Yom Kippur, the final day of the Ten Days of Penitence. Here at the site of religious pilgrimages down through the centuries, worshippers observe Yom Kippur. This scripture from The Living Bible is the authority for observance of Yom Kippur:

*"This is a permanent law. You must do no work on the tenth day of the seventh month of the Hebrew calendar, but must spend the day in self-examination and humility. This applies whether you are born in the land or are a foreigner living among the people of Israel; for this is the day commemorating the atonement, cleansing you in the Lord's eyes from all of your sins. It is a Sabbath of solemn rest for you, and you shall spend the day in quiet humility; this is a permanent law. This ceremony, in later generations, shall be performed by the anointed High Priest, consecrated in place of his ancestor Aaron; he shall be the one to put on the holy linen garments, and make atonement for the holy sanctuary, the Tabernacle, the altar, the priests, and the people. This shall be an everlasting law for you, to make atonement for the people of Israel once each year, because of their sins." (Leviticus 16:29-34)*

*"Nine days after the Festival of Trumpets, all people are to come together before the Lord, saddened by their sin, and they shall offer sacrifices by fire to the Lord. Don't do any work that day, for it is a special day for making atonement before the Lord your God. Anyone who does not spend the day in repentance and sorrow for sin shall be excommunicated from his people. And I will put to death anyone who does any kind of work that day. This is a law of Israel from generation to generation. For this is a Sabbath of solemn rest, and in it you shall humble your souls and be filled with remorse; this time for atonement begins on the previous evening and goes on until the next evening" (Leviticus 23:26-32)*

### ROSH HASHANAH FESTIVAL OF TRUMPETS

SEPTEMBER 9-10, 1972  
Hebrew Date: Tishri 1, 5733

This painting by Morris Katz depicts a rabbi blowing a shofar (ram's horn), symbolizing God's summons to the people for self-judgment. The sound of the shofar heralds Rosh Hashanah—the Jewish New Year. This scripture from The Living Bible is the authority for Rosh Hashanah.

"The first day of the seventh month (of the Hebrew calendar) is a solemn time for all the people to meet together for worship; it is a time of remembrance, and is to be announced by loud blowing of trumpets. Don't do any work on the day of the celebration, but offer a sacrifice by fire to the Lord" (Leviticus 23:24-25)

Now the Lord said to Moses, "Make two trumpets of beaten silver to be used for signaling the breaking of camp. When both trumpets are blown, the people will know that they are to gather at the entrance of the Tabernacle. But if only one is blown, then only the chiefs of the tribes of Israel shall come to you. Different trumpet blasts will be necessary to distinguish between the summons to assemble and the signal to break camp and move onward. When the travel signal is blown, the tribes camped on the east side of the Tabernacle shall leave first, at the second signal, the tribes on the south shall go. Only the priests are permitted to blow the trumpets. This is a permanent instruction to be followed from generation to generation. When you arrive in the Promised Land and go to war against your enemies, God will hear you and save you from your enemies when you sound the alarm with these trumpets. Use the trumpets in times of gladness, too, blowing them at your annual festivals and at the beginning of each month to rejoice over your burnt offerings and peace offerings. And God will be reminded of his covenant with you. For I am Jehovah, your God" (Numbers 10:1-10)

from  
**The Living Bible**

ROSH HASHANAH is the Jewish New Year, and is traditionally regarded as the first day of Creation. This holy day marks the beginning of the Ten Days of Penitence, which is devoted to prayer, solemn festivities and rest from work.
