SANDERSON, TERRELL COUNTY, TEXAS 79848

JANUARY 18, 1973

LISTEN TO LUKE

By Albert: ---

The \$19,648.00 received from the Revenue Sharing fund by Terrell County recently was only a quarterly payment, according to our understanding of the fund. The money, returned to each municipality by the federal government, is -- as is most all government donation -- earmarked for only certain things and cannot be spent for anything that may come under the whims of the commissioners' court, or applicable governing body in each municipality.

The money may be invested and the interest spent on other projects, according to information we have received, but the money received from the federal government in this fund, may be spent only for the following, according to our source of information: public safety, such as police and fire departments; environmental protection (garbage, sewer work, etc.); public transportation such as streets and airports; health -- caring for aged, including buildings; recreation; social services (taking care of indigent); and financial administration - purchase of non-budgeted items such as bulldozers and other expensive equipment.

It is reported that the money must be kept separate from other funds and regular reports must be made on expenditures from this fund.

If the first payment is followed by three others of a similar amount, this means a total of \$78,592.00 per year received by Terrell County in the revenue sharing project.

This fund is like any other give-away program--it costs too much to gather the fund and then re-allocate it to the recipients. And the second draw-back to it is the fact that we might get accustomed to getting the money and plan ahead for the use of it --like the ranchmen did with their land and ranch improvement doles that were recently eliminated -- than then we might well consider that it should be given to us and feel ourselves put upon if they ever do eliminate the program, which they could well and easily do!

The responsibility of wise spending of the money is extremely great and we would not covet that obligation of the commissioners. There are so many things that we need and so many things that we could use, there will always be some little disagreement on how it should be spent.

It, like so many other things, depends on how you might look at it!

We have had many thoughts recently about lots of things -- many of which we cannot express through this medium -- but one we can express is about the way we see some things beginning to shape up. We are going to have to make some decisions, and with every decision there is going to be a consequence. There always is! The environmentalists and ecologists fuss about what hap-

THE SANDERSON TIMES

The difficulty of picturing ice is not the intent of publishing the picture, but an effort to show how ice covered everything exposed to the elements Wednesday night of last week. The large water willow tree with many, many small limbs and large limbs, was literally a mass of ice early Thursday morning. The winter-wonderland-appearance had disappeared by noon due to the clear and warm sunny day.

Doctor Possibility Looms Strong For Sanderson

The possibility of a doctor for Sanderson and Terrell County looms strong, according to Troy Druse, president of the Trans-Terrell Medical Center, Inc. February 1 is the date that is set for learning of the possibility, Druse stated.

Kirchner Associates has been retained by the National Health Service Corps to make a survey of towns to qualify for aid in securing a physician and in contacting local officials, made arrangements for a survey which determined Terrell County's qualification for consideration for a physician under the terms of the National Health Service Corps. The application for participation in the program has been sent in and it will be considered February 1, according to Mr. Druse.

If the application is approved for placing a physician in Sanderson, Druse outlined the following facts and considerations that will be the obligation of the local people or organizations: furnish suitable space and equipment for the doctor's practice (the present building is adequate, with a possibility of the need of some additional equipment); furnish office personnel necessary to assist the doctor in keeping all records and collecting fees; have, but not provide adequate housing; reimburse National Health Service Corps a small part of fees collected. Druse stated that a doctor, an M.D., would be committed to two years in Sanderson.

It was the opinion of Mr. Druse that the doctor assigned to Sanderson would be one who

B. R. Farley, 75, Dies In Del Rio, Is Interred Here

Beverly Raymond Farley, 75, died in a Del Rio hospital last Friday after a long illness. He was a former resident of Sanderson and Dryden and had lived in Del Rio for the past three years.

Funeral services were in the First Baptist Church here Monday afternoon with the pastor, Rev. Paul Tatum, officiating. Burial was in Cedar Grove Cemetery beside his late wife, Mrs. Beulah Burdwell Farley.

Pallbearers were Larry Choate, Aubry Harrell, Don Allen, C.B. Card, Lewis James, and C.O. Cash.

He was born on August 22, 1897, at California Wells, Val Verde County, near Del Rio. The Farley family moved to Dryden in 1900. He served as postmaster at Dryden for 22 years, retiring in 1961. He was a veteran of World War I.

Survivors include a brother, Van Farley, Odessa; two sisters, Mrs. C.A. Brotherton of Del Rio and Mrs. Harry Nutter of Big Lake; four step-children, Mrs. Ernest Miller, of San Antonio, Mrs. Eric Beecroft of Uvalde, Mrs. Buster Winn of Alpine, and Jimmy Merritt of Eagle Pass; also numerous nieces and nephews.

Miss Candace Cooksey of Odessa visited here with friends for several days last week before going to San Angelo where she attends Angelo State Univ.

Johnny Freeman and Glenn Haynes have gone to work as mechanics for the S.P. Railroad and are stationed at Uvalde.

Ice Covers All of West Texas Last Week; Warm Weather Begins On Sunday

Thursday morning of last week most local people were able to see a rare sight that was most spectacular!

A heavy fall of precipitation on Wednesday night, accompanied by heavy freeze, caused a thick coating of ice on everything out in the weather. The spectacular view afforded local residents was the Sanderson Cable Co.'s tower, just west of town, ice-covered and glistening in the early-morning sunrise. The 440-foot tower and all of the guy-wires had a thick coating of ice that was plainly visible in the bright sunlight which soon melted away all of the ice.

Temperatures were reported down to 8° in Sanderson early Thursday morning.

Two vehicles were wrecked east of Sanderson on U.S. 90 as a result of icy conditions on the highway. One of the vehicles slid off of the approach to the overpass east of town about three miles and overturned. Another car was badly wrecked when it ran off the road east of Dryden, according to reports. None of the occupants of either of the cars was seriously injured, according to information given The Times.

Two vehicles of the Big Bend Gas Co. were involved in accidents during the recent icy spell, according to information given The Times last week.

Ronnie Kight was uninjured when the transport truck he was driving jack-knifed on US 285 north of Sanderson.

Bud Stirman was driving a delivery truck which overturned north of Dryden after hitting an icy spot and sliding off the road. He received multiple minor cuts and severe bruises.

LIBRARY FRIENDS TO MEET

The first quarterly meeting of 1973 for the Friends of the Terrell County Public Library will be Monday evening, Jan. 22, at 7:30 in the library. Mrs. Irvin Robbins, president, is urging the attendance of all of the members.

Send The Times to someone

With him were Raul Dominguez, who received a broken leg and is hospitalized in El Paso, and his brother, David, who was not injured. There was extensive damage to both trucks, it was stated.

The youths are sons of Mrs. Atilano Rodriguez who is in El Paso with Raul who is reported to have had severe breaks and it was advised that he be taken to an orthopedic surgeon after he was taken to Alpine for treatment.

Schools were closed for two days last week due to the icy road conditions and the inability of the school bus to run from the El Paso Natural Gas Plant in the northeastern part of the county. Teachers had in-service duty one of the two days that students were dismissed.

Long distance telephone service was disrupted for about 48 hours out of Sanderson due to ice on the "carriers" on lines between Sanderson and Fort Stockton, according to Bill Smith, local telephone maintenance man.

Traffic was tied up here for about a day due to the icy conditions of the highways.

There was no interruption of electric service locally due to the bad weather.

Warm weather came to this part of the country Sunday and during this week has been very balmy shirt-sleeve weather during the daytime. Heavy frosts have been prevalent during most of the nights recently.

Cloudless skies and little or no wind has been the customary weather this week.

On Saturday of last week there were heavy gusts of wind blowing throughout most of the day, but a noticeable warming and clearing trend.

W.A. Cochran, at the right, and two of his helpers are ready to get at the milking chores in the picture loaned us by his granddaughter, Mrs. E. E. Harkins Jr. Clean pails and milk cans and late-afternoon shadows attest to the waiting chores. The picture was made in 1916.

pens when coal is used as a fuel in large quantities and what happens when coal is mined from pits as in being done in large quantities in the south. The coal pits ruin much more land than that from where the coal is mined, and the burning of coal adds much pollution to the atmosphere, so we are told. And we share this concern. But if I were sitting here freezing to death or needing the things made by manufacturers who burn coal, then where would my concern be?

By the same token, we also share the concern of those who are worried about the use of artificial fertilizers, hormones, pesticides, and herbicides by food growers, both in vegetable culture and animal feed lots. But if there are dangers from the use of those things and if I am sitting here starving to death while I am freezing to death, I might change my mind about their use!

The problem is not really that simple, nor is the solution. But there are going to be some decisions forthcoming, and there will also be consequences to those decisions. There always are!

And while all of those things are happening, and all the time this paper is being prepared, I am extremely concerned over the fact that RPW Zee is going to have a hysterectomy Friday morning in Odessa. It is elective surgery (as long as she elected to have it before some real trouble developed) as this is one factor in her favor. And we are praying that there are going to be some other factors in her favor also!

He stated that he had been in contact with the Corps personnel for some time, and that they had carefully considered the application and the survey and checked out several phases of the survey and application that they might be assured of the need that exists and the services available, mileages, population, etc.

Medical Center Directors Up For Re-Election Jan. 23

The Trans-Terrell Medical Center, Incorporated, will hold its annual election of directors on Tuesday, January 23, 1973, in the county court room in the courthouse in Sanderson. The meeting will begin at 7:00 o'clock, according to a letter being mailed out to the stockholders of the corporation.

The bottom of the letter contains a proxy authorization for anyone who is unable to attend the meeting and would like to be represented. Each person has only one vote which may be expressed personally or by the proxy so authorized.

The call for the meeting states that there will be three directors elected and other such business as may be brought before the directors will be transacted.

The directors whose terms expire this year are: R. S. Wilkinson, treasurer; Troy Druse, president; and Sid Harkins.

Eric Cooksey is now working as a clerk for the S.P. Railroad and is living in one of the A. T. Freeman apartments. He has been attending UTEP, El Paso.

'Y' Beautification Planned by YPCC

The Young Peoples Chamber of Commerce met in the courthouse last Thursday evening in regular business session. Plans were discussed for the beautification of the "Y" area west of town at the intersection of Highways 90 and 285. Final plans will be made at the next meeting for the digging and bringing in of the plants.

Plans are already underway for the annual July Fourth celebration here. Among other activities, the club is sponsoring the dance which will be in St. James Hall with the music to be furnished by The Country Squires of Fort Stockton.

Mrs. Jolly Harkins had dental work in Fort Stockton Tuesday.

Legion Auxiliary Backs Memory of Holidays Original Dates

Legion Auxiliary met in home of Mrs. W.H. Savage Tuesday evening in regular monthly business session. Mrs. Dalton Hogg president.

Members were urged to write immediately to their state representative and senator in support of legislation to be introduced at the current session of Congress for the observance in 1973 of Armistice Day on November 11 and Memorial Day on May 30 as originally intended instead of the change set by the national congressional act in recent years.

Contribution to The American Seminar at Freedoms Foundation, Valley Forge, next year was voted with the support of the Americanism League. Mrs. E.E. Farley, to be nominated as a nominee to be sent from the Department of Texas to the seminar.

Farley stated that since she will be a study of the American Indian in the American Department this year

with the focus of our Indian heritage, she would like to present something on the Lipan Indians at each meeting. Her request was granted.

The group voted to send in a registration for one delegate to Bluebonnet Girls State, the selection of the delegate to be made in the near future.

Mrs. C.P. Peavy gave a report on membership and Mrs. Clyde Higgins volunteered to solicit 1973 membership dues which must be paid this month.

Mrs. Pat Harris gave a summary of pending legislation pertaining to servicemen.

The singing of the National Anthem and prayer by Chaplain Ezelle closed the meeting.

Mrs. Savage and her co-hostess, Mrs. Farley, served refreshments from a lace-covered table. Carrot cake, cookies, chips, and dips were served with tea and coffee.

Also present were Mmes. Jim Kerr, L.E. Muller, L.H. Gilbreath, Mark Duncan, and T. W. McKenzie.

Mrs. Ross Stavley visited in Lubbock during the holidays with her son-in-law and daughter, Mr. and Mrs. Jim Halsey. Bryanann and Lisa Stavley accompanied their mother on the trip.

Ranch Club Officers Installed Last Week

Mrs. Mark Duncan installed the new officers for the Ranch Home Demonstration Club at the meeting last Tuesday morning in the Legion Hall.

Mrs. H.E. Gatlin was installed as president; Mrs. H.E. Ezelle, vice-president; Mrs. Duncan, secretary-treasurer; Mrs. Ray Clifford, Triple-E chairman; reporter, Mrs. T.W. McKenzie. Mrs. Gatlin named the chairmen of her standing committees including: culture, art, and recreation, Mmes. Ezelle, Duncan, and McKenzie; citizenship, Mrs. Richard White; health, Mrs. E.E. Harkins; family life, Mrs. James Clark; safety, Mrs. W.H. Poitevint; telephone, Mrs. T.H. Eastman.

Mrs. McKenzie was named "clubwoman of the year". Mrs. White gave the invocation for the luncheon served at noon. The members brought covered dishes to add to the roast beef provided by the hostesses, Mmes. L.E. Muller, Poitevint, and Eastman. Sprays of sweet peas trailed down the center of the long table. Arrangements of flowers of fake fur were on the mantel and a basket of spring flowers

on the speaker's table.

After lunch, Mrs. Ezelle gave a travelogue, showing colored slides and narrating a trip through Yellowstone National Park and Alaska which she and Mr. Ezelle made several years ago.

Twelve members, including Mrs. Jack Whiting, a new member, attended the meeting and Mrs. L.H. Gilbreath was a luncheon guest.

Baptist W.M.U. Has Pastor-led Bible Study

The Baptist WMU met last Tuesday morning at the church for Bible Study with the pastor, Rev. Paul Tatum, giving the lesson from Mark 4:1-5 and 43.

Mrs. O.D. Gray read the names on the Birthday Calendar and led the circle of prayer. The dismissal prayer was given by Mrs. H.G. Cates.

Also present were Mmes. G. H. Carter, A.N. Farley, Paul Tatum, V.E. Keyes, Gene Black, and Harvey Rogers.

Bonhomie Club

Six members of the Bonhomie Club met last Wednesday afternoon in the home of Mrs. Harvey Rogers. Several kinds of home-made candy were available with coffee, tea, and cold drinks when the guests arrived and while they enjoyed a period of conversation and visiting.

For refreshments, Mrs. Rogers served chicken salad, party crackers, pickles, olives, potato chips and carrot cake.

The members voted to pay a yearly assessment to have a miscellaneous fund available for club projects.

There were two guests, Mrs. C.S. Cash and her daughter, Miss Charlene Cash, of Alpine and the members attending were Mmes. L.R. Hall, Ray Caldwell, W.J. Ferguson Jr., T.W. McKenzie, F. G. Grigsby, and O.J. Cresswell.

Mr. and Mrs. Rosalio Sanchez of San Antonio were holiday visitors with their daughter, Mrs. Ritchie Munoz, and family.

Rev. M. H. Stroup, Former Minister, Dies December 30

Funeral Services were in Hagerman, New Mexico, on Jan. 3, for Rev. Miller H. Stroup, 67, who died in Carlsbad, N.M., on December 30 after a long illness. He was a former pastor of the local First United Methodist Church.

Rev. Stroup had been hospitalized for more than a month in the Regional Medical Center at Carlsbad, returning in early December to the extended care unit at Landsun Home, a Methodist retirement center, where he died.

He was admitted to the Arizona Conference in 1937, transferring to the New Mexico Conference in 1943 and serving churches in both New Mexico and Texas until his retirement five years ago at Springer, N. M., where he went from Sanderson.

Besides his widow, he is survived by a daughter, Mrs. Rose Marie Gammons of Arlington; a son, Miller H. Stroup Jr. of Whittier, Calif.; a sister and four granddaughters.

Three Brazilians To Visit Here In Local Homes

Three Brazilian students will arrive in Sanderson Saturday night for a month's stay here with two families as a part of a student-exchange program sponsored by Lions Interantional.

Myriam Azevedo de Almeida, 20-year-old junior student, and Andre Vaz de Mello Fernando, 17-year-old freshmen student, will make their home with Mr. and Mrs. Barton Massey and their children, Wynne and Randy.

Gualteo Atalde Sieira, 20-year-old university student, will live with Rev. and Mrs. Richard White.

The students are supposed to be here about a month. They will arrive at Midland-Odessa Regional Air Terminal Saturday afternoon and will be met by their sponsoring families.

Mrs. Massey stated that she and her family were anxiously awaiting their new experience with the visiting Brazilians and she was glad that there were to be three of them here. The 17-

year-old young man stated that he had no knowledge of the English language on the report that was relayed to the Masseys while Miss Azevedo has a "fair" knowledge of the English language. Mr. Sieira also stated that he has some knowledge of English. Rev. and Mrs. White are in Oklahoma this week where he is attending a young-ministers' seminar and at this writing did not know of the arrival of their visitor whom they will meet enroute back to Sanderson this weekend.

W.W. WILKINSON DIES

Wesley W. Wilkinson of Luling, a brother of R.S. Wilkinson, died in his home Wednesday night of last week, apparently of a heart attack. Funeral services and burial were in Waelder Saturday.

Mrs. R.S. Wilkinson was visiting in Cuero and she met her husband in San Antonio for the trip to Waelder and the funeral and they returned home Sunday.

Survivors include another brother, Carl Wilkinson, of Harwood; three sisters, Mrs. George B. Bear of Waco, Mrs. E.A. Lewis, Tyler, and Miss Erna Wilkinson of San Antonio; also a son.

Pecos Trail Assn. Former To Boost Visitation to Area

The Pecos Trail Association was organized soon after the first of the year when representatives of seven cities met in Odessa. The group will concentrate efforts on developing and promoting the recreational, historical, and cultural attractions along the 450-mile area highway that has been designated as the Pecos Trail. Representatives from Odessa, Midland, Pecos, Monahans, Fort Stockton, McCamey, and Rankin are presently active in the association with eight other area towns expected to join soon, according to Frank Lokey, chairman of the Association, from Monahans. The places expected to join include Sanderson, Ozona, Iraan, Sonora, Junction, Del Rio, Rocksprings, Brackettville.

Gene Cummings, mayor of Fort Stockton, is treasurer of the association, and other officers and directors of the organization will be named in 90 days.

Wain Miller of the Midland Reporter-Telegram, is chairman of the association's media committee. His group has been

given the responsibility of organizing a promotional and publicity campaign for the reformed association. The initial planning session is set for Thursday afternoon at the land-Odessa Regional Air Terminal.

Five Band Students In Regional Contest

College Students' Rio Grande Trip Marred by Cold

Students from the University of Missouri may have difficulty in believing that the weather in West Texas is wonderful in the winter-time. Especially the students who were in West Texas last week for a canoe trip down the Rio Grande.

The group began their canoe trip down the Rio Grande on January 5. They started in the Big Bend National Park. That night high winds blew up and three canoes capsized the next day. There were 18 in the party and they made efforts to dry out their clothing each night when they made camp. After four bitterly cold days and nights on the river, the group of canoeists met their friends on a ranch south of Sanderson.

The group arrived in Sanderson Wednesday and were told by truck drivers that the roads were passable and started to Fort Stockton.

About 30 miles north of Sanderson, the bus with the students and the pick-up pulling the trailer which was loaded with the canoes, came to a hill at the bottom of which was the butane transport of Big Bend Gas Co. The truck had jack-knifed on the icy roads and was unable to move. The bus struck the side of the truck and three of the students were injured: two girls suffering back injuries and a young man received a fractured kneecap.

Some of the group drove the pick-up truck to an oil rig where the highway patrol and an ambulance were summoned. The injured students were taken to the hospital in Fort Stockton and oilfield workers, the highway patrol and the pick-up truck took the students to Fort Stockton and those not hospitalized were lodged in the Fort Stockton fire hall.

One of the students, with the help of the Pecos County State Bank, arranged for money from her home to be sent to the students for bus fares home.

The First Baptist Church in Fort Stockton loaned their bus to transport the students to Monahan's to catch the bus home and the injured remained for further recuperation before starting for home.

The pick-up, which was following the bus, failed to navigate the hill and the canoe trailer being pulled overturned.

Mohair Council Meeting Set For January 31st

The annual membership meeting of the Mohair Council of America has been rescheduled for 10:00 a.m. Wednesday, January 31, at the Hotel Cactus in San Angelo.

The meeting, one of the most important business sessions to be held by the Council this year, had to be rescheduled when severe, icy weather kept a quorum of members from being present on the January 10 meeting date.

"It's absolutely essential that every mohair grower who possibly can attend this meeting so they can take part and help direct the Council's activities," said Noel Fry of Del Rio, Council president. "The money being spent on advertising, promotion, publicity, and new market development programs is grower money," Fry declared. "Every grower should be interested in how this money is being used to help the mohair industry." Fry said every grower that received a mohair incentive check in 1972 is a member of the Council.

General business activities will include election of new directors and officers, approval of the 1973-74 budget, decision on a proposed by-law change, and special reports on current and future advertising, promotion and publicity programs and new market development work.

Herbert Brown and Sid Harkins are directors of the Mohair Council of America.

Incentive Filing Deadline Jan. 31

January 31 is the latest date on which 1972 wool and mohair applications may be filed in order for producers to receive incentive payments in April, according to Lee Dudley, chairman of the Terrell county Agricultural Stabilization and Conservation (ASC) committee.

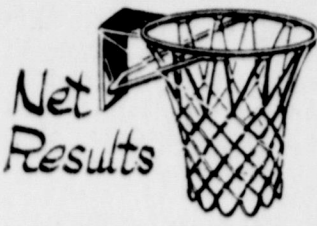

To file for incentive payments on 1972 marketings of wool, unshorn lambs, and mohair, a producer need only provide sales documents and fill out a short application form, Dudley said. Sales documents should include name and address of the seller, date of sale, net weight of wool or mohair sold, number of head and live-weight of unshorn lambs sold, gross and net proceeds, and name, address, and signature of the buyer or the marketing agency making the sale.

The incentive payment price is 72 cents a pound for wool marketings with payments based on a percentage of each producer's returns from the sales. The percentage will be that required to raise the national average price received by all producers up to the 72 cents incentive price.

Mohair payments are figured in the same way as wool, with a support of 80.2 cents a pound.

The ASC Committee Chairman also said that the wool and mohair payment program will continue unchanged for 1973, with the same level of incentive prices. These prices are in accordance with the law which requires that support shall be at these levels for each of the three marketing years through 1973.

Mr. and Mrs. Edward Kerr were in San Angelo last week for her to have treatment for an allergy and they are in El Paso this week for him to attend a special school pertaining to appliances handled by Kerr Mercantile Co. Harris and Mrs. Peggy Sullivan, who had been visiting with them in Odessa while they had medical check-ups, back to Sanderson Saturday and remained for an overnight visit.

EAGLETTES OVER FT. DAVIS

The Eagles pulled one out of the hat Thursday night of last week in the defeat of Fort Davis 48-47. Fort Davis had led a lead all during the game, with the Eaglettes pulling up late in the final frame and putting in the winning score in the final seconds of the game.

Peggy Louwien led scoring with 25, Sheryl Stewart had 15, and Susi Robbins had 7. Janice Carter also saw some action as forward. The guards were Linda Hagelgans, Alice Goldwire, Janet Harrall, and Vonda Wallace.

The score by periods:
Sanderson 4 18 35 48
Fort Davis 11 27 39 47

B-EAGLETTES LOSE TO FORT DAVIS

In a very peculiar game played by junior varsity girls of Sanderson and Fort Davis here last Thursday night, the visitors won 49-40. The Fort Davis girls only had six players available for the game and one of the guards dislocated a knee early in the first period. The balance of the game was played by Fort Davis with only two guards. In the final period, one of the Fort Davis forwards fouled out, leaving only two forwards to carry on the contest. Sanderson's junior varsity girls' coach, Larry DeVasto, pulled one player from each end of the court to even up the contest in player numbers, but Fort Davis still won the game. Jo Ann Hagelgans led scoring with 20 points, Bryanann Stavley had 10, Debra Druse 6, Gaye TenEyck 2, and Wynn Massey 2. The guards were Wynne, Debra Tulk, Yolanda Rodriguez, and Darlene Vawter.

EAGLES BEAT WINK

The Sanderson Eagles beat the Wink Wildcats in a district game by 91-47 there Friday of last week. Bill Mott led scoring with 24, Ike Billings had 21, Bill Roberts 15, Ricky Marquez, Jake Murrh, and Kendall Billings had 6 each, Carlos Munoz scored 5, Floyd Watson and Darrell Cooke each had 4.

The score by quarters was:
Sanderson 22 43 66 91
Wink 10 20 33 47

The junior varsity Eagles lost to Wink 30-35 there Thursday night. Kevin Phillips led the scoring with 9, Ja Chriesman and David Carter each had 6, Bobby Spence 4, Donald Jones 3, and Jimmy Dayis 2. Steve Couch also saw some action. Paul Hinkle, Billy Walton, and Bobby Hunn also made the trip.

EAGLE JV LOSES TO IRAAN

There was a misunderstanding between Iraan and Sanderson junior varsity boys' teams Tuesday night. Sanderson had a practice session right after school and then had to begin play at 5:00 p.m. against the Iraan JV. The misunderstanding was whether it was JV boys or girls that was to have come here for a game. The Eagle JV lost the fray 24-42.

Steve Couch led the scoring with 8, Ja Chriesman had 7, and Kevin Phillips had 6, Jimmy Davis 2, and Bobby Spence scored 1. David Carter, Don Jones, Paul Hinkle, and Billy Walton also saw some action.

IRAAN GIRLS WIN

The Iraan girls won handily over the Eaglettes here Tuesday night 60-33. The

Bravettes had a 32-16 half-time lead.

Susi Robbins led the scoring for the Eaglettes with 13. Peggy Louwien had 12, Sheryl Stewart 6, and Janice Carter 3. Guards were Alice Goldwire, Linda Hagelgans, Janet Harrall, and Vonda Wallace.

EAGLES BEAT BRAVES

The Eagles had a squeaker win over the Braves Tuesday night 67-52. Bill Roberts netted 29 points to lead the scoring for the Eagles. Ike Billings had 19, Bill Mott 10, Ricky Marquez 5, Floyd Watson 2, with Darrell Cooke, Jake Murrh, and Kendall Billings also seeing some action.

The Braves and Eagles were tied at 8-8 at the end of the first period and the Eagles held a 30-25 margin at the half, and a 45-43 lead at the end of the third frame. During the final quarter, Iraan tied up the score at 62-all with less than two minutes to play. The Eagles held the Braves scoreless during these final

seconds, netting five points themselves for the win.

Sanderson's height advantage did not seem to be so much the factor in the win as their fast-breaking offense. The height advantage was used some in blocking shots on the defensive for the Eagles who were pressed offensively on their every offense.

The average cost of drilling oil and gas wells in the United States increased last year to \$19.03 per foot, the highest figure on record, according to the American Petroleum Institute. The number of wells drilled was only 25,040, the lowest total since 1946.
