

BATTLE FOR BALL... Dale Milner (35) battles for the basketball with Denver City's Mike Vernon, Other Friona Chieftains, left to right, are Larry Buckley, Ray Braxton, Gene Weatherly and Danny Murphree. Denver City took advantage of Friona's bad start to post an 81-66 win.

IN BI-DISTRICT GAME

D.C. Mustangs Eliminate "Cinderella" Chieftains

The clock finally struck "midnight" for the Friona Chieftains and their "Cinderella" basketball season Tuesday night at Whiteface. The Chiefs, in the basketball playoffs for the first time in 20 years, ran into a polished herd of Denver City Mustangs, and the playoff-experienced Mustangs made off with an 81-66 victory to win the right to advance to the regional semi-finals Saturday.

Denver City, which has been in the playoffs more times in the past several years than most folks (probably including their fans) can even keep up with, sprung a full-court press at the Chiefs to start the game.

Friona was expecting the press, but they didn't expect to go to pieces over it the way the Chiefs did. The first quarter of the game saw the Chieftains "lose their heads" for perhaps the first time this season.

"We were as tight as a drum. I knew the team was too tightly wound, but we had an opportunity to relax after arriving in Whiteface, and hoped they had settled down enough," said James Anglin, who led the team to a district title and a fabulous 22-5 record in his first year as Chieftain coach. The team was last in district (tied) with a 4-20 record a year ago.

Denver City jumped into a 6-0 lead, and the scrambling Mustangs were swiping inbounds passes from the Chiefs after scores. Trying to keep short passes from being stolen, Friona started sending long passes downcourt. More often than not, they went completely over the intended receiver and out of bounds. A few times during the period, Friona was able to simulate a fast-break off the long passes, only to miss easy lay-in shots when they presented themselves.

Dale Milner gave Friona its first basket after 2:26 of play, to cut the score to 6-2, but DC quickly ran up a 10-3 lead with 3:52 left in the quarter. Milner finally scored a lay-in to make the score 12-5, but Denver City responded with leads of 14-5, 16-7, and finally got a 10-point lead at 19-9, making it 11 on a three-point play with 22 seconds left in the quarter. 20-9, Milner's two free throws cut it back to nine, 20-11, as the quarter ended.

The second period was when Friona missed its golden opportunity to cut the lead, which kept mounting steadily, from nine to 11 to 14 to 15 points midway of the period. Almost everyone on the team had at least one crack at a lay-in shot during the period, but the team couldn't have made one with a ladder.

Lt. Copley Graduates

First Lieutenant Don W. Copley Sr., son of Mr. and Mrs. Alexander W. Copley of Muleshoe, Tex., has been awarded U. S. Air Force silver pilot wings upon graduation from flying training school at Craig AFB, Ala.

Lieutenant Copley is being assigned to McGuire AFB, N. J., for flying duty in a unit which supports the Military Air Transport Service mission of providing global airlift of U. S. military forces and equipment. The lieutenant, a 1957 graduate of Muleshoe High School, received his B. S. degree in mechanical engineering from Texas A&M University in 1961. He was commissioned upon completion of the Reserve Officer Training Corps program. Lieutenant Copley's wife, Patsy, is the daughter of Mr. and Mrs. A. W. Anthony Sr. of Friona, Tex.

Cummings Goes To TFA Meet

Doyle Cummings, a director of the Texas Fertilizer Association, attended a meeting of the organization last Friday at the Koko Palace in Lubbock. Subject of the meeting was to discuss a membership drive. The group also proposed some form of legislation including ways of controlling the use of herbicides.

Denver City finally had a 16-point lead, its longest of the game, at 33-17 with just over three minutes to play in the half. Friona was able to put on the only thing resembling a rally in the first half, to outscore the Mustangs 13-9 thereinafter of the period, and go to halftime trailing by 42-30.

As almost everyone had expected they would do, the Chiefs threw the full-court press back at Denver City to open the second half, and for a time it looked as though even the polished Mustangs might, as Friona had done earlier, get rattled.

The Chiefs cut the lead, to the excitement of their fans, from its 12-point margin at halftime to a five-point edge with 5:40 to play in the third quarter, 46-41, having scored 11 points to Denver City's two. Milner had scored eight of the Friona points, three on a three-point play at 5:00 to cut the lead to 46-39.

However, Denver City regrouped, took command of the situation, and before the Chiefs

could dent the scoreboard again, had regained a 10-point lead at 56-46, and Friona could never seriously threaten again.

For one thing, fouls hampered the Friona cause. Gene Weatherly had gotten into foul trouble early in the game, and Danny Murphree, who seldom ever runs into that kind of trouble, received his fifth foul early in the final quarter and had to leave the game. Larry Buckley got his fifth personal midway of the final period, to give Friona three starters on the bench and quell any hopes of a last-minute comeback, which fans had seen the team do on occasion this year.

Buckley's basket cut the margin to 58-49 with a minute left in the third quarter, but a field goal and a free throw resulting from Weatherly's foul gave Denver City three more points before the period ended, as they regained the 12-point edge the Mustangs had at the quarter's start, leaving it 61-49 after three.

With starters leaving as regularly as the whistle blew in

the final quarter, ten points was as close as the Chiefs could come. They trailed 66-56, 68-58 and 70-60 before DC finally put on the steam and ran the count to 78-64 shortly after Buckley, the third starter to be lost, left the game.

This wrapped it up as far as Friona was concerned, and Coach Anglin emptied his bench to enable his entire 10-man squad to see some action in the bi-district game.

THE FRIONA

STAR

VOLUME 43 NUMBER 22

14 PAGES

STAR
★
Lites
by Bill Ellis

Tuesday was another one of those days for which West Texas is famous.

We had it all, from blinding dust to blinding snow, within the space of hours. Unfortunately, it was all happening with the temperature around 12 degrees, and that didn't help any. It was the kind of snowstorm that most people had just as soon do without. Not even the farms benefit from what little moisture fell Tuesday. With the wind blowing 40-50 miles per hour, it blew all the snow into the "bar ditches" and turn-rows.

.....
About all that was accomplished was to diminish the usual following that would have gone to the Chieftains' bi-district game, as many fans hesitated to get out in such disagreeable weather.

As we remarked to Raymond Cook, high school principal: "You might know something like this would happen, what with the Chiefs winning district for the first time in 20 years."

We don't know whether the difference in crowd size had an adverse effect on the Chiefs or not, but it was apparent that they weren't "up to par."

.....
It happened again. For several years now we've had the junior livestock show scheduled on the same weekend that the Squaws are in either a regional tournament or state tournament. Last year it went down to the wire and the show officials decided to postpone the show.

We tried to be helpful and suggested that they try to avoid such conflicts by moving the show either up or back for this year.

M. C. Osborn, show superintendent, says his thoughts after last year's show was to hold it in February, but the first thing he knew it was down for the first weekend in March once again.

.....
Complicating the situation this year is the fact that not one but three county schools have teams which are capable of gaining playoff tournaments the same weekend of the tournament.

Officials say they will go ahead with the show as planned.

.....
Really "all shook up" — Coach James Anglin says that the Chiefs were "all tied up in knots" prior to Tuesday's bi-district game. Even the managers were, he said.

We believe it, because glancing at the scoreboard, the team scorekeeper had written in the "where played" blank: Meadow. The game was played at Whiteface.

SUBDIVISION REGULATIONS

Council Starts Action To Amend Ordinance

The first step toward amending the controversial City Ordinance 357 (Subdivision Regulations) was taken at a special meeting of the Friona City Council Monday night.

The City Attorney and City Manager were directed to draw up an amendment to the ordinance, to incorporate a contract-type arrangement whereby the city would share in the cost of development with individual developers.

Proposed changes for the ordinance are to be presented at the next regular meeting of the council, which will be Monday.

The ordinance regulating the development of subdivisions has been much-discussed since it was passed some 18 months

ago. The regulation calls for developers to bear all the cost of putting in new subdivisions, including water and sewer mains.

Changes to the present ordinance would allow developers to receive a payment from the city for a percentage of the cost, providing that the developer bring the area into the city limits.

Members of the council have voiced the opinion that the present ordinance is a hindrance to growth, pointing out that the city government should do all in its power to encourage growth.

However, City Manager A. L. (Jake) Outland prevailed upon the group to let the ordinance

continue in force for a full year, to see how it was accepted.

Several developers expressed the fact that they would be forced to develop their property and leave it outside the city limits, as much property now is, unless the ordinance was changed. Two developers, Nelson Welch and Eric Rushing, attended Monday's meeting.

"Blizzard" Dumps Blowing Snow

Tuesday's "blizzard" left about two and one-half inches of snow in Friona, according to official records at the city hall. All the snow that was caught in the city's gauge melted down to .03 inches of moisture, however, and that probably is a pretty concise picture of how much good the snow did most people in the way of moisture.

The low Tuesday night reached five degrees, after a high of only 16. The day before the mercury had reached 66 degrees.

A trace of snow was recorded February 20.

Temperatures the past week were as follows:

DATE	MAX.	MIN.
February 17	55	24
February 18	59	30
February 19	62	32
February 20	66	24
February 21	41	23
February 22	66	16
February 23	16	5

entering the council race standing at a week from Saturday.

Two of the three city incumbents this week made it known that they would seek re-election to second terms. They are aldermen Ed Hicks and Glen Stevick. Alderman Joe Talley, who along with Hicks and Stevick were elected to the council

DEADLINE NEARS

School, City Need Candidates For Jobs

No one has filed for the school trustee election, with deadline for filing rapidly approaching—next Wednesday. Two members' terms are expiring, Ellis Tatum and W. R. Mabry, but neither has expressed himself as to the coming election.

Only two candidates have filed for positions on the Friona city council, with the deadline for

HOSPITAL ADDITION... H. E. Barnett, administrator at Parmer County Community Hospital, scans the progress being made on the new wing for the hospital, which is adding 10 new rooms with a possible capacity of 20 additional beds. The drive to finance the addition is still underway, and contributions are being accepted.

Squaws Get Their Shot At Bi-District Monday

The Friona High School Squaws, who should be regarded as playoff veterans if anyone can be, go after their fifth bi-district championship in nine years on Monday, when the team

meets Slaton in the "first round regional" playoff game.

Friona, which has won its district title seven times in the last nine years, has gone on to win the bi-district playoff game four times in the past six years.

Stock Show Remains Set For March 4-6

Members of the Board of Directors for the Parmer County Junior Livestock show met this week to consider the possibility of changing the dates of the show, due to conflicts with possible playoffs involving county teams.

The Board decided to go ahead with the show as planned, on March 4-5-6, which will conflict with the girls' regional and boys' state basketball playoff dates.

Parmer County currently has three teams with the possibility of being involved in three separate tournaments at the same time the "climax" of the stock show is scheduled.

Current plans have the swine and lambs to be weighed in on Thursday, March 4, with their show held the next day. Calves will be shown on Saturday, and the sale will be held Saturday afternoon.

.....
The game will be at Plainview High School's gymnasium. It will begin at 7:30 p.m. With official playoffs starting, there is no "second chance" for the team starting with this game. Any loss will eliminate the team from the defense of its state title.

.....
The Squaws have fared pretty good against teams from District 4-AA the past two years in the bi-district game. In 1963 they won a real thriller from Post, 55-53, then last year they thumped the same team, 73-41.

Back in 1959 and 1960, Friona girls met Abernathy, currently a member of their district, in consecutive years in the bi-district match. The Squaws lost, 63-56 in 1958, when Abernathy went on to win the state title. Friona came back for a 49-29 win the next year, when the Squaws went to the state finals before losing.

Hale Center furnished the opposition for two bi-district games back in 1957 and 1958. Hale Center won the 1957 match,

47-44. Friona got revenge the next year, 59-57.

.....
The Slaton girls won their district championship for the first time in several years. Their team record isn't known, but isn't believed close to Friona's 24-6. Slaton played only four district games, since only two other schools in District 4-AA have girls teams, and finished district play with a 4-0 mark.

The Squaws, on the other hand were members of District 3-AA, which was crowded with four teams rated in the top ten for class AA in the state. Friona had to battle all the way to win district with a 9-1 record. At that, their only loss was to Floydade, a second-ranked team in the state, on the Whirlettes' home court.

While the Squaws will be after their fifth bi-district win in recent years, Coach Mel Williams, in his first year as Friona coach, will be out to make it "two for two" on his personal record.

In 1960 at New Deal, Williams' team won district, beating rival Roosevelt twice. His team won its bi-district game, going to the class B regional tournament at Canyon, where it lost a semi-final match to Cotton Center and had to settle for third place.

TEACHER FOR A DAY... Sandra Schilling, right, is shown as she filled in for Mrs. T. E. Lovett last Friday. She is pointing out the "February Birthdays" exhibit in Mrs. Lovett's room to two students, John White and Patti Crump. (See story inside)

Dear Sirs:

How does a person thank a community? That is probably a strange statement but that is what I'd like to do.

I have had several trips to a hospital for surgery, babies being born etc. In my lifetime. Most of them have been big, efficient, and well run impersonal hospitals. But this I'd like to say to the people of Farmer County and Friona. There is one of the finest I have stayed in. It's immaculately clean and cared for. Everyone is most kind and considerate of the patient and the patients family. I'm just so proud of it I want to tell every one.

When I learned more of the background of this fine institution, its growth and development I'm even prouder of this community.

We aren't natives and I knew not much of the Texas Panhandle before moving here but I am learning all the time. It has given me such a fine sense of security knowing from actual experience, what a fine hospital this community has. Everyone should be extremely proud, I am. Even if I had no part in securing it, I only hope I can help support it and aid in its growth. A feeling I hope every Panhandle feels. If not, I'm sure they will if they have just returned from a week's stay in it, as I have.

Sincerely,
Mrs. Jack Carrothers

NOTICE

Pursuant to the provisions of the Communications act of 1934, as amended, notice is hereby given that on February 4, 1965, H. K. Kendrick, B. J. McDonnell, William H. Sheehan, Joe Shields, and Frank A. Spring, A Partnership d/b/a Farmer County Broadcasting Company, tendered for filing with the Federal Communications Commission an application for a new standard broadcast station to be located at Friona, Texas, and to operate on the frequency of 1070 kilocycles with a power of 250 watts, daytime, only. The main studio and transmitter location will be 2.5 miles Southwest of Friona on Highway U. S. 60. The overall height of the antenna system, above ground, will be 197 feet.

Candidates Needed--

(Continued from Page 1)

In 1963, says that he will not run for re-election.

Anyone wishing to be a candidate for the council should apply at the Friona City Hall by March 6. The election will be held on Tuesday, April 6. School board candidates may contact Superintendent of School Alton Farr.

The Jesuit Padre Kino introduced cattle ranching to the Indians of Sonora about 1700.

Population of Phoenix, Arizona quadrupled between the census of 1950 and that of 1960.

Current Comments From . . .

PERRYTON, . . .

Preach Loftin is doing quite well in his job with the Texas State Library and says he enjoys his work better than anything he has ever done. He has an office in the most beautiful building on the Capitol grounds and it is well worth a visit to it if you are ever in Austin. One thing that Preach and the rest of the people at the library are proud of is the recently completed mural which stretches some 45 feet across the main lobby of the library building. This was painted by an Englishman, son-in-law of famed American artist Peter Hurd, and depicts familiar scenes in Texas history.

Harold Hudson in the
Ochiltree County Herald

TULIA, . . .

When we consider the many, many opportunities which are ours every day to spread a little sunshine and when we are brought face to face with our dire neglect, we find it difficult to soothe our conscience.

THAT THE WORLD is full of troubled people, we know all too well.

We have it within our power to ease these burdens. And the cost of this priceless balm is nil, perhaps a telephone call, perhaps a letter, perhaps a visit, perhaps a few words of friendship or sympathy expressed by a card.

WE ALL ARE prone to phone that neighbor or acquaintance when we want to call his hand for something he has done which displeased us, when his dog treads on our lawn, when his trash blows into our yard. We are quick to tell him what it is about him we don't like. We all call the newspaper when it left out our story or perhaps let a mistake slip by. But why not be just as diligent in spreading goodwill as we are in dispensing gloom?

H. M. Baggarly in
The Tulia Herald

FLOYDADA, . . .

That anachronism known as the Electoral College is once more under fire on Capitol Hill.

Scarcely had the new Congress opened for business when bills were introduced in both Senate and House proposing that something be done to update and streamline the process of picking the country's President and Vice President.

The Phoenix, Arizona, Republic says: "We believe it would be unfortunate for Congress to repeal right-to-work, thereby forcing workers to join labor unions. We believe that compulsory unionism infringes upon an individual's freedom of association, freedom of choice, and freedom of conscience. It can no more be defended than compulsory membership in a particular religion or a particular political party. And it is incompatible with a free society."

This is nothing new. Propositions of the same nature have been regularly advanced in each of the past several years. And just as regularly they have been quietly pigeonholed and forgotten.

The time has come for some down-to-earth realism and action instead of talk on the subject.

A valid case has long since been made against the ponderous procedure under which electors met six weeks or so after the balloting to affirm what everybody already knew had happened, and then wait another three weeks or so to inform Congress of the outcome.

The inequities inherent in allocation of all of a state's electoral votes to the winning candidate regardless of how minuscule his margin may be have likewise been well established.

The Floyd County Hesperian

CANADIAN, . . .

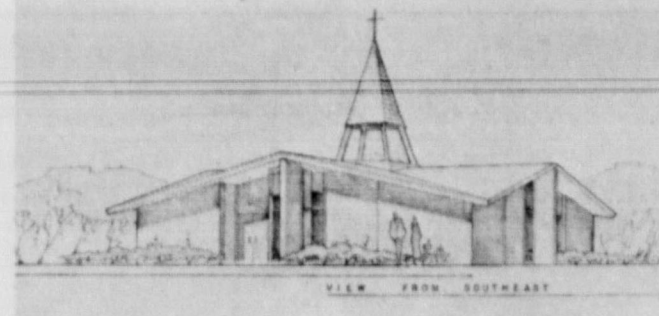

Action of Air Force Academy officers in tossing out not only those cadets who were guilty of cheating but also all those who had no part in the cheating but did have knowledge of it and failed to report it may seem harsh discipline to the average citizen . . . but don't shed too many tears for the "innocent" cadets who suffered along with the guilty. They all knew what the score was when they signed up.

We are not defending the "honor code" of the service academies . . . we think it somewhat ridiculous . . . but the fact remains that it is well publicized and no cadet ever passes through the portals of the Air Force Academy, or of West Point or Annapolis, without being made fully aware of the code and without taking a solemn oath to uphold it.

And there's not a single member of the Corps at any of the service academies who is there under duress. Every man Jack of 'em applied for admission, was glad to be accepted, and was duly impressed with the solemnity of the "Honor Code" when he took the oath. And a salient section of the Code of Honor is that every gentleman cadet solemnly swears that he not only will not cheat himself but that he will "rat" on his comrades who do. (The Naval Academy, in this respect, is an exception).

The Canadian Record

What Lutherans Teach ---

By Fred Beversdorf, Pastor ---

"For He (the Father) hath made Him (Christ), who knew no sin, to BE SIN, for us; that we might be made the righteousness of God in Him." H Cor. 5, 21.

Jesus Christ Overcomes the sin problem. While none of us have exactly the same amount of money or talent or age span, all of us have one thing in common. We all have sin. How we handle it is all important.

Can we pay for sin? Can we work it away as a debt? Can we just forget it? No!

Jesus Christ has solved it FOR us. How ugly that it had to be that way, but how necessary. That's how our sins were punished - with death. When we believe this, the problem of the guilt and penalty of our sins is gone.

But the other part of the problem, the matter of sin's continued power in our lives, is also solved by Jesus Christ. When we believe in Jesus Christ as Savior, He comes into our body and life as Lord thru the Holy Spirit. The Spirit becomes our real life and power. He is eternal. Our flesh and will be-

come crucified with Christ, and the Spirit life of God flows thru us in thoughts and acts of love. Only when we hinder or do not let God's Spirit guide and lead us do we again sin. For these sins we must make confession and God will again forgive for the sake of Christ.

Thus Jesus Christ overcomes the sin problem for us and in us.

School Lunchroom Menu

March 1-5, 1965

Monday -- frito pie, ranch style beans, vegetable salad, banana nut cake, hot rolls and butter, milk.

Tuesday -- hamburgers, potato chips, chocolate milk, fruit jello.

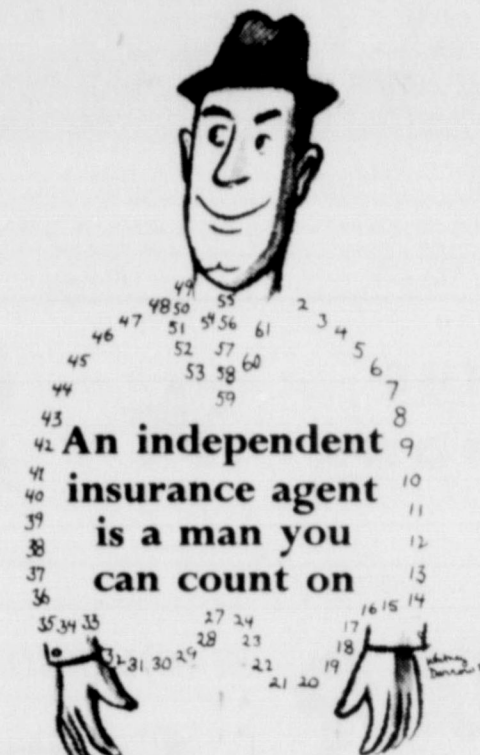

Wednesday -- fried chicken, mashed potatoes and gravy, green beans, cabbage and apple salad, coconut pie, hot rolls and butter, milk.

Thursday -- pork chops, potatoes, English peas, apple sauce, chocolate cake, hot rolls and butter, milk.

Friday -- pinto beans, cheese sticks, greens, onions, apple cobbler, cornbread, bread and butter, milk.

FTA Members Gain Practical Experience

Members of Friona High School's Future Teachers Association are gaining some practical experience at trying out their chosen profession through the cooperation of the elementary school system this year.

Through the cooperation of elementary principal J. T. Gee and Tom Jarboe, and FTA sponsor, Mrs. Frank Truitt, the future teachers have been assigned to home rooms in the elementary grades.

The students have already taken opportunities to spend periods observing these teachers in their homeroom routines, and lately have gotten some first-hand teaching experience.

Last Friday, for example, six faculty members from the first four grades were assigned to spend the day in the Andrews school system, observing techniques there. While they were gone, their "student assistants" took over their classroom duties for the day.

Each teacher had left behind complete lesson plans, so the high school students had guidelines to go by in presenting the lessons for the day.

Those who took over as teachers last Friday, with the teachers they were replacing in parenthesis were Mary Ann Roberts (Mrs. Doug Stephenson), Sandra Schilling (Mrs. T. E. Lovett), Martha Martin (Miss Jo Phillips), Donna Fulk (Mrs. Aubrey Rhodes), Myrtle Latham (Mrs. David T. McVey) and Lydia Buske (Mrs. Lois Miller).

Other members of the FTA who have been assigned to home room teachers, with their corresponding teachers, are as follows: (These students likewise will have had an opportunity to have teaching experience this school year.)

First grade -- Glenda Minus (Mrs. O. J. Beene), Lou Cochran (Mrs. Marine Dunn), Diann Gibson (Sharon Britt), and Judy Phipps (Mabel Jones).

DOWNTOWN BLIZZARD. The above shot was taken at noon Tuesday during the height of the sudden snowstorm which reduced visibility to almost zero.

Hospital Notes

February 16 thru 22
ADMISSIONS
Kirk McCormick, Farwell;

Second grade -- Janet Rushing (Mrs. Otto Whitefield), Beverly Fenton (Mrs. George Treider), Madalyn Binger (Mrs. Troy Ray) and Darla Howell (Mrs. Jackie Hight).

Third grade -- Janet Stevick (Mrs. Loyde Brewer) and Brenda Hawker (Claudette McInnis).

Fourth grade -- Lydia Buske (Mrs. Lois Miller), Darlene Wilson (Mrs. James Hamilton), Terri Lynn Wilson (Mrs. Tom Bandy) and Brownie Cole (Alton Peak).

Fifth grade -- Shirley Phipps (Mrs. R. L. Bates), Merylene Massie (Mrs. Benny Pryor), Pat Burton (Mrs. W. L. Edelman), Carol Struve (Mrs. Grady

Dodd), Becky Balls (Mrs. Fay Reeve), Linda Davis (Mrs. Glenn Carter), Jeanne Taylor (Tom Bandy) and Janell Daniel (Miss Barbara Stone).

Others with assignments are Susie Carmichael (Mrs. Raymond Cook), Linda Outland (Mrs. Marilyn Telford) and Natalie Marruffo (Mrs. Tom Carroll).

DISMISSALS

Kirk McCormick, Herb Bruns, Kirk Wright, Ella Wise, Littleton Thomas, Estelle Caffey, Pearl Cervantes, R. G. Wiley, Earlene Jordan, Katherine Parr, Lora Mae Hargus, Irene Anthony, Rhonda Boggs, Quanna Anglin, Lewie Martin, Jack Morris, Alonkeeve, Larry Hill, Rose May Pierce, Salome Chavez and baby boy, Darla Ivy, Rosa Wiley, J. P. Macon, Grace Paul, Wesley Mote, Jerome Erdman, Jr., Edith Han-nold, Mary Bingham, Martha Schilling and baby girl, baby girl Thompson, Mrs. Carroll Bennett and baby girl.

Not my will, but thine, be done. (Luke 22:42).

In our acceptance of the Lord's perfect plan of goodness, we must not attempt to inject our personal will into things; we should have faith in the knowledge that He is the best judge of what is good and right.

The Importance Of Dance Education!

There are many reasons you may have been wishing you could arrange dance lessons for your child, and yet there may be other advantages you have not considered. Just what can dance classes under a properly trained teacher offer your child?

The right kind of dance training developed a sense of rhythm and a love for music; it improves posture and coordination, and it strengthens the body and feet of the student. It is recommended for congenital flat feet, sway backs and some other physical defects. It gives a child a sense of belonging and accomplishment; it helps him learn how to work with groups, how to take instruction, and if continued is good training in self-discipline.

Who will it help? All sports require rhythmic movement, and dance is that study of movement in time and space that basketball and football coaches are discovering is a great help to their players. There is the too-thin child who needs to develop those pipestem legs, or the too-chunky child whose puppy fat is slow to disappear-- dancing classes are very good for these conditions. There's the tomboy with six brothers who knows more about climbing trees than how to walk like a lady, and the mouse who is afraid of school, where he will have to stand before the class and read; the overgrown elf and the emotional storm who need a physical outlet for their energy.

And last but not least, there is the talented child whose sense of grace and rhythm cries out for development. For her (or him) there is the possibility of a career as a dance teacher, or at least a hobby for a lifetime of enjoyment.

Best of all, our classes are fun and your child will learn to enjoy the fellowship of working with other boys and girls to pleasant music. Your child's education is not complete without some dance training. Dance lessons in Friona have been changed from Sat. to Fri. afternoon for your convenience. American Legion Hall. For further information call 247-2555.

Guest Explains Choral Reading

Mrs. Pearl McClain, a guest at the Monday afternoon meeting of Girl Scout Troop 268 at American Legion Hall, introduced and explained choral reading to the seventeen scouts present.

Plans were also made for the annual Father-Daughter ban-

quet, to be held in the school cafeteria March 8. Several members of this troop are making plans to attend the Caprock Council birthday party at Lubbock March 13.

Leaders present were Mrs. Louis Welch and Mrs. C. L. Vestal Jr.

SHARON DEAN

Sharon Dean Named Dear Good Citizen

Sharon Dean, a senior in Friona High School, will represent Friona as the Daughters of American Revolution Good Citizen in a contest being sponsored by the Mary McCoy Barnes Chapter, Daughters of American Revolution of Plainview.

Mrs. W. K. McCaskill, regent, and Mrs. Dave Thompson, chairman of the good citizen committee conferred with Principal Raymond Cook concerning this contest which is open to senior girls.

Winners will be presented a Certificate of Award, and a pin when they are honored by the chapter in March.

Mrs. McCaskill stated that her chapter is sponsoring fourteen schools in the contest.

Alton Farr, superintendent

stated that he is happy to have Friona High School cooperate in the contest, which is sponsored by an organization known world wide for its outstanding work in the fields of education, history and patriotism.

Miss Dean, the daughter of Lester Dean, is a member of the Student-Faculty Congress, Future Homemakers of America and National Honor Society. She is also head cheerleader, was a member of the Junior Class play, a Matze Days Queen candidate and a member of the Friona Squaws.

Mr. and Mrs. Ben Grote of Mason, Texas, were weekend guests in the home of Mr. and Mrs. Bill Lyles, Neel, Cary and Libby. The Grotes are parents of Mrs. Lyles.

Of Interest To THE WOMEN

Old Mexico Studied By Club Members

"Sunnin' South Of The Border" was the theme of the program of study at Modern Study Club's Tuesday evening meeting at Federated Club House.

The meeting was opened with members repeating the club collect in unison.

Mrs. Ross Ayers spoke on "Transportation In Mexico." Mrs. J. G. McFarland chose "Tourist Circuit" for her topic of discussion.

An illustrated talk on arts and crafts in Old Mexico was presented by Mrs. George Tay-

lor. An assortment of articles made by natives of the country was displayed on a table.

During the social hour refreshments of chips, dips, cookies and hot punch were served by Mrs. Aubrey Rhodes and Mrs. Charles Allen, hostesses.

Twenty members were present.

Fourteen Attend Fellowship Meeting

Fourteen members of Woman's Fellowship of Union Congregational church were present for the Wednesday afternoon meeting in the church basement.

"Using Our Resources" was the title of a devotional presented by Mrs. Walter Lovelless. Mrs. Carl Maurer presented the program. Her topic was "You Are Rich."

During the social hour refreshments were served by the hostesses, Mrs. Ralph Wilson and Mrs. B. E. Sanders.

Family Fish Fry In Renner Home

Mr. and Mrs. Rudolph Renner Sr. were hosts at a fish fry for all their children at noon Wednesday. Fish, which was caught recently by sons of the couple, was served with French fries, hush puppies, vegetable salad and chocolate pie.

Those present were Mr. and Mrs. John Renner, Mr. and Mrs. Lee Renner, Mr. and Mrs. Rudolph Renner Jr., Mr. and Mrs. Delmar Renner, Mr. and Mrs. Billy Dean Baxter and Mr. and Mrs. Doyce Barnett.

Some of the grandchildren were also present.

The Lee Renners, who have moved to Wilcox, Ariz., were presented with a pole lamp from other members of the family.

Daughter Born To Carroll Bennetts

Mr. and Mrs. Carroll Bennett became parents of a baby girl at Farmer County Community Hospital at 9:45 p. m. Saturday. She was named Carol Ann and weighed 6 lbs. 8 ozs.

Carol Ann is the first child for the couple. Grandparents are Mr. and Mrs. M. P. Bennett and Mr. and Mrs. Buck Fallwell all of Friona.

Great-grandparents are Mr.

and Mrs. Leon Hart and Mrs. Dess Fallwell, also of Friona. Mr. and Mrs. Tom Bennett are paternal great-grandparents.

Mrs. Bennett is the former Barbara Fallwell.

Second Son For Gerald Wrights

Mr. and Mrs. Gerald Wright, Clovis, became parents of a baby boy at Clovis Memorial Hospital at 9:35 p. m. Thursday. He weighed 7 lbs. 9 ozs. and was named George Ernest.

The Wrights, former Friona residents, have another son, Gerald Ewel, 3. They lived here several years before moving to Clovis.

Gransparents are Ewel Wright, Byars, Okla. and Mr. and Mrs. M. M. Cooper, Portales.

Dixons Host Class Party

Members of the LLL Sunday School class of the First Baptist Church met for a "42" party at the home of Mr. and Mrs. Jim Dixon last Thursday night.

Refreshments of cake, coffee and spiced tea were served. Those attending were Mr. and Mrs. Dave Allen, Mr. and Mrs. Charles Allen, Mr. and Mrs. M. C. Osborn, and Mr. and Mrs. Joe Allen of Rhea.

Friona Lodge Members Win District Contest

Highlight of the joint district meeting of Rebekah lodges at Oddfellows Hall Monday evening was a contest in conducting a funeral ceremony.

Teams from Dimmitt, Friona

and Hereford were in competition with one another. Members of the Clovis lodge served as judges. First place went to Friona and second to Dimmitt.

Fifty-seven members of the three chapters were present. Thirteen were from Dimmitt; eleven from Hereford, and ten from Clovis.

A salad supper followed the business session and contest. Members of the Friona lodge were hostesses.

Wyly Family Reunion Held

Mrs. Alta Wyly, Mr. and Mrs. Bob Wyly and Chris and Mr. and Mrs. W. H. Evans all of Friona were in Floydada Friday for a family reunion in the Porter Wyly home.

Other family members present were Mr. and Mrs. Elton Wyly, Hereford; Mr. and Mrs. Odell Purdy, Amarillo; and Mr. and Mrs. Wilson Wyly and son, Billy, Fort Pierre, South Dakota.

Carol Owen On WT Honor Roll

Carol Owen, Friona sophomore, is one of 93 undergraduate students listed by Dean Walter H. Jiniper on the fall semester honor roll at West Texas State University, Canyon. The honor list is comprised of students who compiled a semester average of at least 2.5 of a possible 3.0 for at least 15 semester hours work.

A speech major, Miss Owen is the daughter of Mr. and Mrs. Joe Owen of Friona. She is a 1963 graduate of Edna High School.

Two Frionans Elected Aggie Club Officers

Two Friona students were recently elected to serve as officers of the Aggie Club of Lubbock Christian College, Lubbock.

Bob Welch, son of Mr. and Mrs. Nelson O. Welch, was elected vice-president and Ronnie Procter, whose parents are Mr. and Mrs. James Procter, was elected secretary.

Welch and Procter are both 1964 graduates of Friona High School and are members of Lubbock Christian College livestock judging team. Welch is taking a pre-veterinary course and Procter is an agriculture economics major.

Other officers elected were John Coats, president, and Eddie Moudy, treasurer.

Donna Jo Parr Honored Monday

Donna Jo Parr, who observed her 13th birthday Monday, was honored by her mother, Mrs. Bruce Parr, with a dinner party and movie in Clovis that evening.

Guests were Becky Nellis, Rhonda Ragsdale, Roxanne Hall and Gayetta Gable.

FOR THE BEST IN USED CARS... SEE YOUR OLDS DEALER FOR A LATE-MODEL VALUE-PRICED USED CAR!

Two girls who between them have compiled quite an "iron man" (or woman) record are completing their senior years this season at Friona High School.

Glenda McClellan and Annette (Teto) Jennings will graduate after the current season. Many opponents on the South Plains and West Texas are probably saying "It's about time," for the two have played the better part of the past four years as varsity basketball players.

Miss McClellan, an all-state selection last year as a junior, became a starter at guard as a freshman, while Miss Jennings also started several games that year.

Beginning with their sophomore year in 1962-63, the two players have started in every game their team has played. The team's bi-district contest against Slaton at Plainview will see the couple starting in their 99th consecutive game.

That's a record that will be hard to top by future candidates for the Squaw team.

Baker Duggins, who coached both girls three years before stepping down as girls coach at Friona, says Glenda is the only girl to move up and become a starter since the school has fielded a freshman team.

"She became a starter by Christmas her freshman year. However, her father had an accident, Glenda had to miss practice sessions, and we were forced to put her in reserve for a time. She played at least 50 per cent of the time that year," Duggins recalls.

Duggins remembers debating along with other coaches when Glenda first began playing basketball in the seventh grade as to where she would best help the Squaws -- on offense or defense. It was decided that because of her natural ability and tremendous jumping potential,

she would make a stellar guard. Glenda didn't let the coaches down.

Miss McClellan, competing in a girls track meet as an eighth grader, high jumped 4-6 and broda jumped 15-0, Duggins recalls. "She would've been a tremendous track prospect if we had had a girls track program," he says.

While Miss McClellan has been the team's leading rebounder the past three years, Miss Jennings has been the leader at the other end of the court.

In three years, and through the team's first 30 games this season, Miss Jennings had scored 1,948 points, and has her sights on her third straight team scoring crown.

Back when the girls were freshmen and Miss McClellan's father had his accident, Teto took her place on the traveling squad to the state AAU girls tournament at Duncan-

1944-45 Champions

LAST CHAMPS. . . The last basketball district champions from Friona High School was the 1944-45 team shown above. From the left in the back are W. C. Reid, R. B. Miller, W. B. Norwood, Bob Roden, Dean Hall, (hidden player), Robert Laceywell and Emmett Day, Jr. In front are Wayne B. Stark and coach Kenneth Houlette.

LONGTIME TEAMMATES. . . Glenda McClellan (left) and Teto Jennings, both of whom saw varsity action as freshmen, will each start in their 99th consecutive game. Teto, who has been the team's leading scorer three years, has scored 1,948 points in her varsity career going into tonight's practice game at Roosevelt, lacking 52 more points to reach the magic figure of 2,000 points for her career.

ville. Miss Jennings saw a lot of action in the four-game meet, playing at the guard end.

Teto's "iron man" stretch hasn't been achieved without some hardships. As a sophomore, she suffered both a cracked thumb and a sprained ankle during the season, but refused to be dislodged from the starting lineup. She played all 34 games as the team finished third in state.

One girl played four years while Duggins coached the team. She was Lawanna Houlette, now Mrs. Wilbur Moore of Dumas, who played from 1957-60 on four district championship teams, one of which (1959-60) was the first of three teams Duggins took to the state tournament, finished second.

However, at that time Friona did not have a freshman team and those girls tried out for the varsity team.

The two current members of the Friona Squaws aren't setting any record for number of games played, as at least two players from teams at Friona in the 1944-48 era also played four years, and the Squaws played more games in those days.

Mildred Mingus (now Mrs. Maynard Agee) Mildred Taylor (now Mrs. Jim Rule), both still Friona residents, played overlapping careers on teams that went to the McKamie League state tournament five straight years. Both played every game as freshmen. In fairness to present-day players, it might be pointed out that in those days, almost every girl in school had to be a candidate for the team.

At any rate, Mrs. Agee played in every game for four years (145 straight games), and Mrs. Rule played in 148 games involving three common years. She missed a couple of games her senior year due to a senior play conflict.

Both of the former members of the Squaws hold one thing in common that will be impossible for any future player to equal. They appeared in 16 state tournament games (in the McKamie organization) in four years. Nowadays, state tournaments on the AA level have only two games.

Next year there will be two pairs of shoes awfully hard to fill on the girls' team at FHS.

ROOSEVELT STOPS TRIBE

Girls Win One, Drop One Tilt

The Friona Squaws won a game and lost one in two tough practice games the past week, both involving district champions.

Last Thursday the team saw its home winning streak snapped in a 67-63 thriller to the unbeaten Roosevelt girls, whom the team plays again tonight at Roosevelt.

Then on Monday the team travelled to Sundown, where they edged the Roughettes, 58-53 to get back on the winning track. Since district play ended, the Squaws have won two and lost two against top-notch competition, all of which is expected to be as tough as any game in bi-district or regional, should the team advance to that tournament.

The Squaw-Roosevelt battle gave the fans their money's worth, even if the home team

lost. Friona had the lead several times in the first half, as both teams sought to gain the advantage. Friona got in foul trouble early in the game, and ended up without a one of its starting guards on the floor.

Linda Davis' two free shots gave Friona a 2-0 start. The team took leads of 4-2 and 7-5 before Roosevelt went ahead, taking a six-point lead at one point, 13-7, before the Squaws roared back to trail by just one at the quarter break, 19-18, as Miss Davis popped a basket with the clock having just one "tick" left in the quarter.

Davis, who came up with the highest-scoring game of her varsity career with 29 points, also canned a jump shot as the second quarter started to send Friona ahead, 20-19. The game was nip and tuck the rest of

the half, as the lead switched back and forth. The visitors had a 35-32 lead at intermission.

Both Glenda McClellan and Shirley Phipps had four fouls at halftime, and Shirley left the game after only a couple of minutes deep in the second half, and Glenda followed a minute later. With Roosevelt having run up a 46-34 lead, it looked hopeless with these starters out.

However, the Squaws fought determinedly, pulling to within five, 50-45 at three quarters. Then, with Janet Rushing at a guard slot to take advantage of her height, the team gave the fans a thrill by erasing a nine-point Roosevelt lead to trail by just two, 63-61, with 1:40 to

play in the game.

Friona couldn't get the right break to tie up or go ahead, and foul shots by Roosevelt enabled that team to win its 34th straight game without a loss this year.

At Sundown the Squaws never trailed, although the Roughettes were in the game all along, trailing by just one, 42-41 after three quarters. The score was tied at one point in the third quarter.

Friona hit a good 44 per cent of its field goal shots to capture their 24th win of the year against six losses.

In a girls "B" game Monday, Friona downed Sundown, 51-47, to close out their year with a 15-0 record. Betty Taylor's 21 points led the Squaws.

Anton Succumbs To Fired-Up Chieftains

"We didn't look like ourselves tonight," was the way Anton Coach Jack Aldridge summed up the practice game here last Thursday after the Friona Chieftains had beaten his team, 73-51 and snapped Anton's 16-game winning streak.

The Bulldogs, champs of District 6-B, had been completely buffeted by the Chieftains' full-court press. When the smoke had cleared, Friona had rung the bell for 35 points more than Anton's opponents had averaged prior to the game (38).

Baskets by Larry Buckley and Dale Milner paced the team to a 9-2 lead in the first quarter. Anton, which tied the score only once at 2-2, pulled to within three, 11-8 late in the quarter,

but Milner's lay-in gave Friona a 13-8 lead at its conclusion.

A flurry of baskets as the second quarter began, aided by several thefts by Friona, shot the team from a 14-9 lead to 26-9 before Anton could score again. By the time Anton got its scoring going, the Chieftains had a 20-point lead. It was 18 points, 35-17 at halftime.

Friona quickly assumed a commanding 25-point margin as the second half started, and maintained that practically throughout the period. It was 51-26 at the quarter's end. Reserves took over action in the final quarter, and they didn't slow the pace down much, although allowing Anton to almost match its point produc-

MEDICAL CARE OR

"MEDICARE"

WHICH DO YOU WANT?

TEXAS today has one of the nation's finest, most comprehensive programs of medical care for the aged. These programs—the Texas approach, we call it—include medical benefits to Old Age Assistance recipients and extensive health cost protection through the use of special insurance plans for the aged. The Texas legislature is also expected to implement a medical care plan for those who are not on Old Age Assistance but who do need help in meeting medical expenses.

Consider these facts:

- 229,000 needy aged, representing 30 per cent of Texas' entire aged population, now have a Blue Cross-Blue Shield health insurance policy paid for by the State.
- This State program provides hospital, medical, surgical, x-ray, and nursing home benefits.
- 72% of the aged in Texas now have one or more health insurance policies.
- Through the "Texas 65 Health Insurance Plan," Blue Cross' "Senior Texan Service," and other special programs offered to the aged by private companies, health insurance is available to all who want it at a reasonable cost.
- Studies by Belden Associates indicate that only a small percentage of the aged actually still need and want help in paying health costs (these aged would be covered by the program now being considered by the Texas Legislature).

In view of these facts, the national "medicare" tax proposal (the King-Anderson bill,

H.R. 1) is not needed. "Medicare" benefits are very limited, covering about one quarter (25%) of the total yearly health care costs of the average aged person. "Medicare" would not cover physicians' services or surgical charges, nor would it cover the cost of drugs outside of institutional care.

The "medicare" proposal is an extremely expensive one. While we all are starting to enjoy a reduction in federal income taxes as a result of action by Congress last year, the "medicare" program would cost an estimated \$1.7 billion dollars in additional taxes the first year. "Medicare" would increase payroll taxes to cover everyone over 65—even the wealthy. The employee who now pays a maximum tax of \$174 annually would find the amount for Social Security benefits and "medicare" increased to \$291 by 1971. Employers would pay a similar increase for each employee, thus resulting in higher prices for goods and services.

The Texas approach of providing medical, surgical and hospital care to those who need it is a more comprehensive, more economical program than "medicare," and it provides more benefits. If you object to paying higher payroll taxes for an undesirable, unneeded program, write your Congressman today. Ask him to oppose the "medicare" tax proposal, mentioning the programs for the aged now available in Texas. Ask him to support the Herlong-Curtis Elder Care Bill (H.R. 3727), which would make possible the broadening of the existing Texas program to provide medical, hospital and nursing home care for those few remaining aged who are still in need of help.

For further information, see your doctor or any member of the

TIERRA BLANCA MEDICAL SOCIETY

Bowling Notes

Top adult performances this week were turned in by Joan King and Inez Sherley in the 9 O'Clock Scholars league as SIB Gin displaced Friona Plumbing as leaders. Larry Elmore fired a 235 game in the Couples League.

A group of grandmothers are planning to get together for instruction at the Lanes in afternoons under the guidance of Betty Rector, instructor. Any interested in learning to bowl with the emphasis on fun should contact her.

An Amarillo team won the Lutheran Church men's tournament team title here last Sunday and Pastor Fred Beversdorf of Friona and Hereford won the individual high series award in the annual tourney.

Anton Falls--

(Continued from Page 2)

tion of the first three quarters, as the Bulldogs outpointed Friona 25-22 during the melee. Three Friona players, Buckley, Milner and Travis Graves, were in double figures. Buckley had 17, Milner 15 and Graves 12.

Winners in the team event were: A junior high boys team comprised of Jerry Teel, Rex Talley, Leslie Jerecki, Larry Rector and Norman Mohr with a 2301 series, high school girls, Gail Varner, Barbara White, Judy Phipps, Darlene Wilson, Mary Roberts, 2636; high school boys, Jerry and Wade Coker, Bobby and David Harper, Courtney Owens, also 2636.

Singles winners were Ronnie Reed, high school boys, 636;

First "TABY" Tourney Is Termed Successful

A total of 69 Friona youngsters came out to bowl a series, some in the singles, some doubles and some in team events, to make the first Friona City TABY tourney a whopping success this past weekend. The winners did not automatically qualify for representing this house in District play at QC Bowl in Lubbock next month, but did add points to their credit toward this goal. Their tourney effort will be evaluated along with school grades, league attendance, and league averages. Those to go to Lubbock will be announced next week.

Elizabeth Drager, high school girls, 597; Truman Rust, junior high boys, 594; Lupe Hernandez, junior high girls, 575.

Doubles winners were Jerry Coker and David Harper, high school boys, 1172; Barbara Lloyd and Elizabeth Drager, high school girls, 1207; Larry Rector and Truman Rust, junior high boys, 1037.

The annual Men's City association tourney is being held this week at Friona Lanes. Singles, doubles and team winners will be determined before Sunday night's bowling concludes. A couples sanctioned "ragtime doubles" will also be held all this week. The tourney,

under the management of Buford Hartwick, is run by the Men's Association. Only Association members can compete.

In league play, another ladies beginners league to last 14 weeks got underway last week. Adams Drilling clinched first place in the men's Industrial League with just two weeks to go and another short term men's league will start soon. Anyone interested should contact the lanes. Four teams are in the thick of the fight for the couples league title in the waning stages of this league, with Varner-Massey in first place.

SELECT RIGHT CLEANSER

The kind of cleanser you use on your bathroom fixtures can have a decided bearing on how well the finish lasts.

A harsh, gritty cleanser will soon scratch and mar the surface. Try this test to check the abrasiveness of a cleanser. Put a small amount of cleanser between two pieces of glass. Rub them together. If the glass is scratched, the cleanser is too harsh to use on the bathroom fixtures.

INVESTIGATE NEW FOOD ITEMS

When you go food shopping, take time to shop around -- for

Lately we have been saying much about Household Cleaning products, mostly because that has been a timely subject for homemakers in the Home Demonstration Clubs since a study of these products.

Here is a way to check the abrasive qualities of cleaners.

every week new food items are available.

Take extra time occasionally to look for the new items. Read the labels before you make a selection -- for the labels provide a lot of helpful information. You may be accustomed to buying a higher quality product than needed for a particular use. A different brand may contain ingredients you prefer, and may cost less, too.

The real cost of an item may not be what you pay. The cost of a pound or a can is often misleading if you do not check the number of servings. This is especially true when purchasing cuts of meat -- where the cost of a serving is the real yardstick for cost.

Meat with a large amount of bone, at a lower price, often will cost more for a serving than a meat with less bone that costs more per pound. Careful shopping will help to stretch the food dollar while you serve tasty meals to your family.

and sizes.

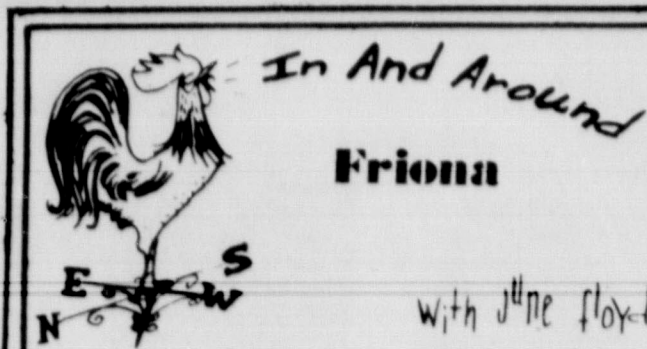

Anyone who has a Brownie, Girl Scout or leader's uniform that no longer fits is asked to take it to Mrs. Vestal's house. Then, anyone needing any type of uniform is asked to contact her.

There will be a Father-Daughter banquet March 8 at the school cafeteria and on March 13 there will be a council-wide birthday party at Lubbock.

Club Members Study Problems Of Youth

The Lazbuddie Home Demonstration Club met Monday at 2 p.m. in the home of Mrs. Adrian Weir with nine members in attendance.

The program on "School Dropouts and Dating Practices" were presented by Mrs. Jimmy Briggs. Data on local school dropouts were revealed and found to be low in percentage wise with only four youth dropping out in the past two years. This figure was low compared to the state figure of 37% who did not finish high school and the national figure of one out three who did not finish high school. Characteristics of school dropouts, early danger signs and how a community is affected were all revealed in the program. The answer given was prevention -- Prevention

Are you an average newspaper reader? After reading the item which appears below, reconsider the question then answer it truthfully for your own evaluation.

It has been re-printed a number of times and first appeared in Editor's Forum, December 1964, I think.

"A Montana weekly newspaper editor, with a little time

is the best cure! The dating ladder was presented showing the different phases of dating and steps that should be climbed for different age groups.

Plans to attend the "Home Show" in Lubbock, changes of programs, 4-H demonstrations were discussed during the business session. The next meeting of the club will be March 8 with a program on "Lighting" by the Rural Electrical Association.

on his hands in between calls from readers, placed his tongue in cheek and listed these things as constituting a good newspaper in the eye of the average reader:

1. My name.
2. A front page story showing how crooked the city government is most of the time.
3. My wife's name.
4. A feature story showing 25 ways on how to cheat on income tax forms.
5. My kids' names.
6. Local news item about the affair my neighbor is having.
7. A classified ad offering a new home for \$4000.
8. More news about law-breakers.
9. Less news about law-breakers. (I was picked up last night and I should not have to pay a fine, nor be publicized.)
10. An editorial condemning

high school teachers for being too liberal with "Fs".

11. A wedding picture of the groom instead of the bride when he is more handsome than she is pretty.

12. A sports picture of me when I bowled 163.

13. A full page of local news, a full page of national news, 16 pages of sports, 26 pages of comics, one page of divorces and three pages on all the domestic troubles in town.

14. More advertisements on things that merchants are giving away.

15. Less stuff about how cute everybody else's kids are. My kids are better looking than they are.

16. A complete biographical sketch about the "most important citizen in town," and spell my name right.

.....

About middle of the morning Tuesday there was a disagreement among Star employees about whether the "big blow" we were having was really in the blizzard class.

Joe Mace, the advertising manager, insisted that we were having a first class blizzard and some of the rest of us were maintaining that we had seen much worse storms.

Upon consulting Webster's New World Dictionary of the American Language, the navy

had to give in. The definition of the word "blizzard" is: "A severe snowstorm with high wind; a violent blow."

None of use could deny that the storm of the day measured up to the definition.

.....

Bovina Blade Editor Dolph Moten came up with an idea I had never even considered in the field of working crossword puzzles. Will some of my crossword puzzle fan friends help me out on a solution to his question.

After I had told him that the Bible, dictionary, encyclopedia and other reference books were handy tools to use in completing a puzzle, he asked the question: "Isn't that kind of like cheating?"

After considering his question, I'm beginning to wonder about the stand I took when I disagreed with him.

.....

Have you ever stopped to think? If things don't seem to be going your way, perhaps you're on the wrong road.

Mr. and Mrs. John Blair, Fort Worth, were Sunday night guests in the home of Mr. and Mrs. Robert Zetzsche, Bobbie and Robin. Mrs. Zetzsche is a daughter of the couple.

News From LAZBUDDIE

BY MRS. C. A. WATSON

The Lazbuddie Junior Livestock show will be held at the Agriculture Building in Lazbuddie Thursday of this week. The members plan to show entries at the Stock to be held at Friona in the near future also.

.....

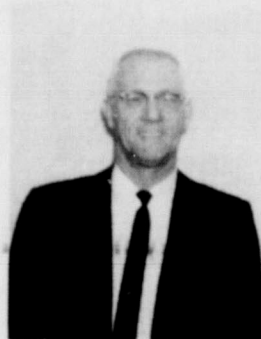

Scotty Windham and some members of the FHA and 4-H attended the show in El Paso recently. Bobby Gleason had third place on his heavy weight Poland and 6th place on his light weight Poland. Bobby also had 5th place on the light weight Duroc. Theresa Seaton was third place winner on middle weight Hampshire with Rickie Seaton placing 4th on middle weight Hampshire. The hogs brought the club members a good sum of money and they are to be congratulated for their fine winnings as there were several hundred entries at the El Paso Show.

PITTSBURGH PAINTS keep that JUST PAINTED look longer

On The Farm In Parmer County

By JOE VAN ZANDT
County Agent

Several people have asked me when the best time is to find me in my office. Monday's are usually the best time to catch me around the office. If you want to discuss anything with me, Monday will be your best bet to find me in the Courthouse.

FERTILIZER USE

It is good to see that many of you have had soil tests made on your farmland this winter. Several of you have gotten your reports back and wondered about the fact that no phosphate fertilizer was recommended. Generally this is happening where you have been using phosphorus and have gotten responses before.

We believe you are getting some phosphorus residue built up on some of these soils to where you have enough phosphorus residue to last for one or more years now.

If you had good representative sample taken from your land then we feel that the soil test results are accurate.

If you are in doubt about not using any phosphate fertilizer on land where you have gotten results in the past, at least give it a try on 4 or more rows.

Test for yourself on your own land the response from phosphorus. To be an accurate phosphorus test you need to apply equal amounts of Nitrogen and only vary your level of Phosphorus.

I am interested in seeing and knowing how our crops turn out that are fertilized according to a soil test made by our Texas Agricultural Extension Service laboratory at Lubbock. If you want to have any fertilizer demonstrations on your farm in cooperation with the County

Agent please let me know. I will be glad to help you set one up where we should get some accurate results.

COTTON CONFERENCE

A Western Cotton Production Conference will be held in Lubbock, March 2 and 3 in the Ko Ko Palace.

The meeting will start at 9:00 a.m., both morning and last through each day. Very interesting topics are on the program. These include: Quality and High Plains Cotton; Balanced Nutrition and Water for Cotton; Efficient Use of Irrigation Water; Red planting on the High Plains; Control of Diseases and many other very worthwhile subjects.

I plan to attend this and if you want to ride down with me, let me know.

If you are interested in being brought up-to-date on Cotton production attend this conference in Lubbock on March 2-3.

RAT TROUBLE

Now is the time to fight rats. With cold weather, rats move from outdoors into houses and farm buildings in search of food and shelter.

Just 50 rats can eat enough grain annually to feed a cow for a year, but they waste and contaminate many times more food than they eat. If you see one rat, you can be sure that there are others.

Rats carry more than 35 known diseases to man and animals. There have been about 9 known cases of Typhus fever in Texas the last few months. Many of these were likely caused by rats. They also know on anything that comes between them and their food supply—grain bags, paper cartons and wooden containers—

and start fire by damaging wire insulation.

How do you get rid of them? By removing their shelter, starving them out, and rat-proofing buildings. Use concrete, galvanized sheet metal, brick, hardware cloth or aluminum. Build foundations and basement floors and walls with concrete. Store grain and other feed on pallets and rat-proofed rooms.

Poisoning is the most effective way to kill rats. Use a good bait, put it in a proper place and service the bait station regularly. Always keep poisoned bait away from children and animals.

Most practical chemicals are anticoagulants which include products such as fumaryl, pival and warfarin. These chemicals are usually mixed with grains and can be purchased ready-mixed.

It is important that plenty of bait be available at all times during a baiting period of 10-14 days.

BUYING NURSERY STOCK

Home owners can head-off later troubles by purchasing only disease-free and healthy plants.

The following suggestions are for those who may soon be buying transplants or nursery stock. If at all possible, check the roots systems to see they are free of such diseases as rots, galls or knots. Avoid buying any plant that does not have a healthy appearing root system.

Also, make sure the stems of the plant or plants are healthy in appearance. Dead areas or cankerous-type lesions often found on stems may later develop and kill the plant. Then too, diseases can be carried to healthy plants already growing

Lazbuddle News--

(Continued from page 6)
Lazbuddle judging team Bobby Redwine, Bobby Gleason, Ronnie Mayfield and Eddie Carthel were 8th place winners. Ronald Mayfield was 12th in individual judging.

Mr. and Mrs. Joe Tarter were in Quitsaque Sunday to help through the planting of those with disease.

When purchasing bulbs, make sure they are not discolored and do not have scab type lesions on the surface. Healthy bulbs will have smooth surfaces free from spots and pittings.

Watch for signs of leaf spots on evergreens and check their color for uniformity and healthy growing condition. It may be money spent to buy the top grades of nursery stock.

Most plant diseases can be prevented and the logical starting point for a disease control program is the planting of disease-free stock.

On Friday, February 26 in the First State Bank at Dimmitt starting at 1:30 p.m., a Vegetable Growers meeting will be held.

Topics to be discussed include: sources of Nitrogen, Phosphorus, and Potassium, variety testing, crops research and vegetable production practices.

This meeting is sponsored by the West Texas Vegetable Growers Council, Texas Experiment Station and Extension Service.

All interested vegetable producers are invited. If you want a ride with the County Agent, please give me a call as I plan to attend.

celebrate the 88th birthday of his grandfather, J. G. Gowins. Approximately 30 were present for the occasion.

Mr. and Mrs. John McFarland from Brownfield visited Sunday with the Marvin Mimms family. Mrs. McFarland and Marvin are twins.

Mr. and Mrs. George Crain, Mrs. James Robinson, Ethel and Tressie Webb visited relatives in Malone last week.

The Raymond McGehee family have as guests this week Mr. and Mrs. John Hudson from Bowling Green, Ohio.

Mrs. Raymond Treider Jr. and Ragena left on train Sunday to attend the funeral of Mrs. Treider's grandmother, Mrs. James Sneed 85 of Bremmer Mo. Funeral services are at Bremmer Mo. Wednesday of this week. Mrs. Sneed was the mother of Mrs. Charlie Neeley formerly of Lazbuddle.

Mrs. Claud Blackburn was in Lubbock the first of the week to help care for the children of the Raymond Lesters. Mrs. Lester the Blackburns daughter, is suffering from pneumonia.

Mr. and Mrs. Orville Burnett, Bart and Laura were in Plainview Sunday visiting his brother and family the Neil Burnetts.

Recent visitors in the John Littlefield home were Mr. and Mrs. Wayne Wesley from Pettit and Mr. and Mrs. Kim Wesley and children, Morton.

The Wabash River was named for the Indian word "ouabache" meaning white.

ANOTHER REPORT...

"Even though I got a late start last year, 7-21-0 gave me real satisfying results. Using 100 lbs. of 7-21-0 with 100 lbs. of anhydrous, one patch made 7400 lbs. as compared to 6400 lbs. last year. Since I couldn't wait for the plant to reach the fertilizer, it was all sidedressed for immediate availability. Western's 7-21-0 gave me the results I needed."

Wayne Foster
Parmer County Farmer

...A REPORT OF SATISFACTION

An important by-product of any company is the man who openly admits when he's satisfied with the service. You will find that Western Ammonia has the know how, equipment and products to give the best satisfaction there is in a fertility program. Also Western is now offering the new high analysis liquid ammonium phosphate 11-37-0 and new 11-20-0-11S in place of lower analysis 7-21-0. You'll find Western has complete facilities for all your dry fertilizer needs.

Young Farmers To Organize Local Chapter

A meeting to organize a Friona chapter of the Young Farmers of America will be held tonight at 8 p. m. at the school cafeteria.

Active membership will include those through the age of 35. Associate membership may be given to persons of all ages.

David T. McVey and Benny Pryor, vocational agriculture instructors at Friona High School, are backing the formation of the local chapter.

Toll Takers Aren't Exactly Cooperators

Tired of Lower farm prices—Higher consumer prices? Join the Texas Farmers Union—help do something about changing it!

FARMERS UNION BELIEVES: that farmers should run their own farm organization—not middlemen, not processors, not retailers.

FARMERS UNION BELIEVES: in more farm bargaining power—in a better wheat program, a better cotton program, and a better feed grains program.

FARMERS UNION BELIEVES: in preserving and improving rural communities and in a stronger rural America.

FARMERS UNION BELIEVES: in parity of income—for family farmers, comparable with that of non-farm industry.

FARMERS UNION BELIEVES: in supporting the National Commission on Food Marketing to find out why prices paid by consumers in the supermarkets have increased while prices received by farmers have gone down—and in doing something to correct this situation.

IF you believe in this too, join with 750,000 other farm families across the United States who are now Farmers Union members.
