THE SANDERSON TIMES

VOLUME 68, NUMBER 14 SANDERSON, TERRELL COUNTY, TEXAS 79848 APRIL 3, 1975

It Depends on How You Look At It!

We look at some things differently, perhaps, from other people, and some things look different to us than to other people, perhaps. But this is the way things should be, according to the way we look at it.

One of those things is the idea that we have about the tax refund that is to be given us!

BIG DEAL!

Those families that are fortunate enough to get a \$200 rebate will average out about \$16.66 per month for this year. Now that's a lot of money to throw back into the economy of the nation - if it is thrown back into the economy.

Possibly with a multiplication of the total taxpayers to get this amount, the sum will be something that will be great, but the word should never be mentioned about the help to the recipient of the rebate right then and there. \$200 just doesn't amount to that much any more!

And if that rebate was not given, then we would not owe so much money!

All segments of our population have a difficult time understanding that a gift from the government, is a gift we are making to ourselves, and paying some bureaucrats to make the gift to us.

Anyone who criticizes any other segment of our population for accepting a gift from the government has no right to accept a gift themselves!

What's sauce for the goose, is still soup for the gooster!

And another thing that we just don't understand is all the ruckus that is being raised over the 55-miles-per-hour speed limit and laws trying to circumvent, help, and otherwise do everything but discourage excessive speeds!

The unwritten and unstated consideration seems to be that since people insist on driving faster, there is little or no sense in trying to enforce the strict intent of the law - to cut down on excessive use of motor fuel and to save lives - with the former the prime reason for the passage of the law in the first place.

Voting has been heavy by the absentee method in the school board race, but relatively light in the other two elections, where there are no contestants.

The elections on Saturday are expected to draw a proportionate amount of interest.

Freezing Weather Hits This Area

Buzzards, mesquite, yucca, ground hogs, rheumatism, and other weather predictors are worthless!

Freezing weather hit this area Friday night, Saturday, and Saturday night.

Thermometers dipped below 32-degrees locally Friday night, with colder weather in the northern part of the county. Local efforts to preserve apricot, peach, and pecan crops for later this summer seemed to prove futile as water sprinkled on the trees froze into icicles. There were reports from north of Sanderson that young fruit was dropping from the trees by late Saturday afternoon and a hard freeze.

There was some evidence of weeds curling up brown on Sunday following the second night of freezing weather.

FIRST AID CLASS HELD

The multi-media first-aid course had an attendance of 18. The group met all day Saturday, March 15, in the Legion Hall for the eight-hour course, the first of the first-aid classes to be sponsored here by the Red Cross. O. M. Nix and Wayne Sears of Fort Stockton were instructors. Preference was given to those working with the Boy Scouts and Girl Scouts as it is imperative that they have the course. Another class will be arranged after the Easter holidays.

Mr. and Mrs. Ben Martin went to Marathon Sunday to visit their son and daughter-in-law, Mr. and Mrs. Ben Edward Martin. Their grandsons, Bob Martin, and his wife of Odessa and Russell Martin with his wife and baby of Phoenix, Ar., were also visiting there.

Mr. and Mrs. Charlie Cash were weekend visitors here with her mother, Mrs. Elma Riley, and family.

New Cookbook Recipes Sought

Rather than try to mail a letter to every resident in the county, Mrs. N.M. Mitchell Jr., who is chairman of the "Friends of the Library" cookbook committee, has outlined rules concerning the recipes in an ad printed on the back page of The Times.

The popularity of the first edition of the "West Texas Cookery" caused the recent action of the Friends of the Library to have the second edition made and ready by the Bicentennial celebration here on July 4 as a money-making project.

It is hoped that there will be an enthusiastic response to the plea for recipes also for clever sayings and household hints to be included in the cookbook. The deadline for recipes in April 30, 1975, and Mrs. Mitchell is urging everyone to get their recipe in as soon as possible so that proof-reading and composition can start soon in order to get the copy in the hands of the publishers by the deadline they have set.

Residents are asked to submit new recipes, not reprints of any in the previously published cookbook by the "Library Friends".

Welcome To This World

Jo Mr. and Mrs. W.O. O'Rourke was born a daughter, their second child, on Friday, March 27, in an Alpine hospital. Her birth weight was nine pounds and 15 ounces and her name is Erin Lynn.

Mr. and Mrs. Nicky Hahn and boys of Odessa were weekend visitors with their parents, Mr. and Mrs. A.J. Hahn.

Mr. and Mrs. T.O. Moore left Sunday for Abilene to attend funeral services for her brother who died Saturday, a victim of cancer, according to reports.

Polling Saturday In 3 Elections

Terrell County voters will be able to vote in two elections Saturday, and residents in the local water district will have an opportunity to cast a third ballot.

In the water district election there are two announced candidates for two places on the board of directors, both for a three-year term: Weldon Cox, seeking re-election, and Tommy Corbett.

In the county school board election, there is one candidate announced from precinct 1 - Mike Fielding, one candidate announced from precinct 2 - Mrs. Barry Pendleton, and one candidate announced for the at-large post - Mrs. A.N. Farley.

The only contested race is the one for board of trustees of the Terrell County Independent School District. There are three candidates for two posts, each a three-year term: W.E. TenEyck, re-election, and Alex Escamilla and Charles Stegall.

Voting will be at the courthouse for all of the elections for Sanderson residents, and for the convenience of voters in the area of Dryden, at the Dryden Methodist Church; in the area of the Herman Couch ranch, a polling box will be there; and those more convenient to the El Paso Natural Gas Plant may vote there in both the county school board and the independent school district trustee races.

Polling places will be open from 8:00 a.m. to 7:00 p.m. and only registered voters in the county can vote.

Mrs. John Simmang of Brenham sent the picture shown below of Jim Stovell, Vincent Bohlman (her brother), and Harry Newton standing, with Tom Stovell and Barton Robertson seated in front of the theatre in the Bohlman Building about 1930. The show was "Convoy" and the picture between Jim and Vincent shows two men boxing.

cant lots resulting from the razing of certain houses in Sanderson, is much better, according to the way we see it, than the old dilapidated structures that occupied the lots.

We hope that other owners of structures in the process of falling down, will be able to see the advantage of cleaning off some local lots.

They just look better, don't they!

Eagle Tracksters In Monahans Meet

Sanderson Eagles were in Monahans Friday of last week to compete with other Class A and B schools in a cold-weather meet. Sanderson was 10th place with a total of 18 points, following Rankin, Sundown, Clint, Dawson, Monahans B, Balmorhea, Wink, Grandfalls, and Bronte. There were 29 teams in Division II.

Ricky Marquez won the mile run with a time of 4:28.9, the only one to place in the first three places at the track meet. His closest competitor was the Class A premier contender in West Texas, whose time was 4:37.8.

Bernie Castro placed 4th in the 880 with 2:05.9; the 440-yard relay team - Tony Calzada, Charlie Munoz, Mario Arredondo, and Juan Zepeda, placed 5th with 46.6. Their best previous time was 48.9. William Corbett won his heat in the mile run with a time of 5:05.6, which was the 5th best time in that event. Zepeda, who competed in the mile for the first time, placed 6th with a time of 5:15.0. Sanderson's mile relay team - Calzada, Castro, Ja Chriesman, and Marquez, won their heat easily with a time of 3:38.9, but in the race against the clock, there were four better times in the other heat.

George Black, track coach, stated that the boys all looked real good at Monahans in the crowded and bad-weather meet and that the times in many of the events were the best-ever for some of the tracksters and he was real proud of their performance.

Mr. and Mrs. M.E. Hope went to San Antonio for him to have a medical check-up and he has returned to work. En route home they visited in San Saba with Mrs. C.R. Short, and in Rankin with their son, John Hope, and family.

Dear Friends of the Terrell County Public Library:

Plans are now underway for the Second Edition of the "West Texas Cookery". We would like to have your favorite recipes in the new cookbook. Rules to follow when submitting your recipes are:

1. Give all new recipes. This is to be an all-new cookbook; please, no repeats from the first cookbook.
2. Be sure all ingredients are included.
3. Give recipes with accurate baking time, temperature, number of servings, and baking pan size when needed.
4. Be sure all abbreviations can be understood; when in doubt, spell the entire word.
5. Categories will include:

Breads	Meats
Vegetables	Desserts and Candies
Pies	Mexican Dishes
Salads	Cakes
Cookies	Extras and Nibblers
Home Canning & Preserving Recipes	
6. Deadline to get your recipes in will be April 30, 1975.
7. Send your recipes to: Cookbook Recipes
Box 336
Sanderson, Texas 79848
or give to Mrs. Dick Sullivan or Mrs. N.M. Mitchell Jr.

If you have any clever "sayings" or household hints we would like for you to include these also.

The cookbook will be ready for the opening of Bicentennial on July 4, 1975, and will be the greatest ever, with lots of new goodies; so don't miss your chance to have your favorite recipe in the new "West Texas Cookery"!
