## Jurors Named for February Term of 112th District Court

A light docket will feature the February term of district court which convenes in Rankin, February 7th, with petit jurors convening on the 14th. A few divorce suits are scheduled to come before Judge W. C. Jackson of the 112th judicial district.

Grand jurors summoned are: J. M. Poe, C. C. Hawks, G. J. Cockrum, B. F. Wilkerson, W. W. Rose, Lloyd Bowden, Victor Baron, Ernest McKinney, Yale Key, R. E. Elms, and J. P. Fussell, of McCamey; L. H. Caruthers, J. W. Langford, Hudson Hanks and Maurice Black of Rankin; and R. W. Kellon of Crane.

Petit jurors called are: E. C. Gillette, Otha Eddleman, Ben Mechalep, Joe Conger, L. E. Windham, J. A. Taylor, John Cole, J. G. Herrington, A. D. Ashinhurst, A. M. Gassaway, J. H. Nall, Paul Moore, Arthur Ogletree, C. C. Barrett, R. L. Caruthers, A. F. Schnaubert, J. V. Brooks, Frank Robbins, Fred Pounds, T. E. Swinnea and Jimmie Boyd of McCamey; and W. H. Bursleson, J. W. Powell, Harper Weatherby, H. Wheeler, Geo. Stephenson, Bill Elrod, J. T. Dameron, W. M. Hill, Tom Workman, John Christy, Jack Walcher, A. J. Mitchell, W. C. McDonald, P. L. Crandell and E. G. Branch of Rankin.

Supt. and Mrs. John G. Prude had as their guests over the week end his mother, Mrs. A. G. Prude, and his sister, Miss Martha Prude. They had been visiting Mrs. Easley in Georgetown. John Robert Prude accompanied them to Alpine Monday as they were returning to their home in Fort Davis.

## Warning

There have been a number of complaints to the city in regard to cattle running loose in the city limits. Mayor Pearl Rankin states that a man has been employed to put stray cows in the pound and owners must then pay to get them out.

## Bond Premier to be Shown at Grand Theatre

A bond premier will be shown at the Grand Theatre on Tuesday, February 1, and only those persons purchasing a bond of any denomination, may see the show. The title is "Destination Tokyo" starring Cary Grant and John Garfield. This picture was Life Magazine's picture of the week in the last issue.

The bond may be purchased through any of the clubs or organizations, it may be bought at the bank of either Rankin or McCamey, or at the post offices. At all of these places tickets for this show have been left. In case the bond has not been bought a person may buy his bond at the Grand when he comes to the show. The Grand is a bond selling agent, just as the post office or bank and have them on hand at all times for the duration.

Sarah Jane Hollen of Ashland, Ohio arrived th elast of th eweek and will be employed at the Elliott & Waldron Abstract Office here. She is the niece of Mrs. Tom Workman.

Mrs. Pearl Atkins of Christoval visited Mrs. Maurice Black Monday.

## Victory Play at School Next Thursday Evening

On next Thursday night a victory play will be presented in the high school auditorium. It is under the direction G. Hannaford and is a royalty play in three acts. The admission will be 25 cent war stamps for adults and 10 cent war stamps for children. The PTA is sponsoring the play.

The title of the play is "The Home Front", written by James C. Parker and presented by special arrangement with the National Drama Co., Memphis, Tenn.

In "The Home Front" you will find a typical American family, the Dales, and discover how each individual member confronts wartime problems.

You will anxiously await the fate of an American convoy, of which Tim Dale's secret armor piercing shells form a part.

You will see how Axis agents work in this country and how Americans react to such activities.

You will also meet Mr. Theodore Dale, the greedy munitions manufacturer; the girl whose sweetheart is overseas; the tongue wagging arm-chair strategist; the mother who sends her son off to war; the crippled boy who wants to fight and a Polish refugee whose parents were killed by the Nazis.

Everyone is urged to see this play.

## Entertain Soldiers

Mr. and Mrs. Roy Bell entertained around fifty of the soldiers who spent the night here Thursday evening with a party in their home. A group of high school students were also there for the entertainment. The soldiers were with the 13th Armored division out of Camp Bowie at Brownwood.

## Girls Win District Games Boys Lose Theirs in District Playoffs Sat.

Coming out of the cellar to take both games played Saturday, the McCamey Badgers proved to be the upsetting factor in the district roundrobin playoffs in Big Lake, last week end. By winning their games they put Rankin and Reagan in a tie for first place and they deadlocked with Iraan for third place.

The first game was called at 2:00 o'clock with the Badgers contesting Iraan. The Badgers took the lead early in the first quarter and held it through the game until the last few minutes when the Braves tied up the game. With only a few seconds of the game left, Pat Pauley sunk a field goal but the time keeper ruled the game had ended so a three minute playoff was called. Pat Pauley then intercepted a Brave's pass, dribbled down the court, and made two points for the Badgers. A minute later he made another goal and the Badgers had a 4 point lead. Iraan then made a free pitch and the game ended, McCamey 33, Iraan 30.

The next event was a game between Rankin and the Reagan Owls. Rankin lost their first game of the district round-robins being played with this game when Reagan defeated Rankin by a score of 22 to 8. Holland of Reagan was high point man with 12 points.

The Rankin girls then shellacked the Iraan girls and gained the right to play Big Lake in the volleyball finals. This was a close game with Rankin winning, 28 to 25.

At 7:00 o'clock Rankin played Iraan with their lead at stake. This proved to be one of the most exciting games of the tournament be-

## Sale of Bonds in County Falling Short of Sales in Previous Drives; Women's Day Saturday

The figures revealed today on the number of bonds sold show sales are about one-tenth what they were in the last drive after corresponding length of time had gone by. At this particular time, there is as much need for the sale of bonds as in the previous drives. There is no bigger reason to buy bonds ever than to buy them because maybe just that extra bond will save the life of one more boy that's all it is really. There are so many things that enter in—machinery—equipment of all kinds—out back of that is the lives of other Americans, who have the same rights, but they are offering their lives instead of dollars.

Upton County's quota is \$218,000.00. That sum is to be raised in just a little over two weeks.

There are three reasons given for the bond drive: The successful prosecution of the war; the economic stability of the nation; and the attainment of our national and personal postwar aims. They are all worthwhile, but the simple words "Back the Attack" are sufficient for the present.

The women's War Bond committee is sponsoring another bond selling contest among the women's organizations to help raise the county's quota. For each bond sold the purchaser will get a ticket to the Bond Premier at the Grand. Also for each bond sold during the

cause the score was tied most of the time, but just before the whistle blew to stop the game two Rankin boys made personal fouls and the Iraan boys made both free pitches count and the game ended 20 to 18 in favor of Iraan. Prude of Rankin was high point man of the game with 10 points.

The Rankin girls then won in volleyball over the Reagan team, and in winning of this victory put them champions of the tournaments in volleyball. The score of this game was tied during the entire game with the exception of the last minute and a half. One minute before the whistle blew the score was 20 to 18 in favor of Big Lake. It was Rankin's serve and three points were made making the score 21 to 20.

At 9:00 o'clock the Badgers went up against the Reagan Owls with a chance to throw the lead back into a tie. The end of the first quarter found the Badgers in front with a 4 to 2 lead. At the half the Badgers had a lead of a slender 3 points, McCamey 7, Reagan County 4. At the end of the third quarter the Badgers had a 6 point lead and the game was tied 16 to 16 at the end of the game. During the first minute or two of the playoff, Bob Pauley made a field goal and the Badger defense proved sufficient to stave off all Reagan county attacks on the Badger goal.

The final playoffs will be in McCamey February 5th.

4th War Loan Drive, the purchaser receives a chance on the German war helmet which was picked up on the battlefield of Italy last month. The 4th War Loan drive was started off in Upton county, Saturday, January 22nd with a personal canvas of all citizens by the men and women's war bond committee. A sticker showing "We bought an extra war bond in the 4th War Loan drive" was given with each bond purchased. The goal is a sticker in the window of every house in Upton County by the time the drive is over.

"Starve the Squander Bug" is the theme song of the women's big day Saturday. Money that is spent on non-essentials could be put into war bonds.

The following organizations are selling bonds in the women's contest:

The Eastern Star of Rankin; the Home Demonstration Club of Rankin; the McCamey Girl Scouts; McCamey Home Demonstration Club; McCamey Garden Club and Garden Home Demonstration Club; Women's Study Club of McCamey; Eastern Star of McCamey and the American Legion Auxiliary of McCamey.

Prizes in this contest go to the three Women's organizations who sell the most bonds during the drive. The contest started January 22nd and will continue until February 14th. W. R. Edwards, county chairman of the war bond committee is raising money for the prizes by personal donations. Also Mrs. C. T. Stern of the Women's War Bond Committee, will give 3 prizes to the individuals who sell the most bonds during the 4th war loan drive, regardless of the club contest. Anyone in the county may enter the personal bond selling contest.

## Freedom of Thought To be PTA Subject

Freedom of Thought will be the general subject next Tuesday when the Parent Teacher organization meets at the school house. The leader will be Mrs. G. Hannaford. Prayer will be offered by Mrs. Ross Wheeler and a program put on by the first second and third grades. The address for the afternoon will be given by Supt. John G. Prude. This is Observance of Brotherhood Week and also Founders' Day Tea will be served. Hostesses will be Mrs. Andy Mitchell, Mrs. Tyson Midkiff, Mrs. John Hyde and Mrs. Bertha Lyle.

Mrs. Delbert McEwen had the cub scouts at her home Tuesday afternoon with Den Chief Ralph Daugherty, Jr., in charge of affairs. A new member is John L. Schlagal.

## Electricity is Cheap

THERE'S plenty of waiting in line during these wartime days. But, there is no waiting for electric power. Yes, the demand for electricity is the greatest ever. But *business managed* companies have been able to produce all the electric energy needed for war production and still have ample supply for your domestic needs without rationing!

The simple, startling fact about electricity without rationing is that while the cost of living has been climbing up, the cost of electric service has been dropping down.

Today, the average American family gets about twice as much electricity for its money as it did 15 years ago. Perhaps you haven't noticed the reduction in your own rates because you have been adding appliances and using more and more electricity. But the saving is there, as you may use twice as much for the same money.

In view of wartime costs of production and taxes, electricity has become just about the biggest bargain on the market. The reason is that your electric company — under careful business management — has devoted all its energy and experience toward keeping the service good and the price down.

**SNAPPY FACTS ABOUT RUBBER**

Inflatable rubber barges for the U. S. Navy are "cured" at B. F. Goodrich in a steam vulcanizer that is 42 feet long, 10½ feet in diameter, weighs 35 tons and has a door that alone weighs 10 tons. It's a record for size and turns out the 25-foot barges at a rate of one every 30 minutes.  
Synthetic rubber plants already completed and those scheduled for construction will have an annual rated capacity of 850,000 long tons. Before the war the United States consumed about 600,000 long tons of rubber annually. Now, however, our supplies must be shared with the United Nations.

**DRAFT: Tighten Deferments**

In an effort to ease the dad's draft, Selective Service officials called a halt to the granting of occupational deferments to youths between 18 and 21, except those engaged in agriculture.  
As a result of the order, at least 115,000 non-fathers are expected to become eligible for induction, although 11,000 dads between 18 and 21 will fall under the new regulation.  
High school students are to be allowed to complete their education, but college deferments will be suspended except for critical courses like medicine, dentistry or veterinary, and the number of youths permitted to major in scientific fields after graduation will be restricted to 10,000.  
Although 446,000 fathers were expected to be called by January 1, only 90,000 actually were inducted.

**RUSSIA: Polish Boundaries**

Declaring that it does not consider prewar Poland's 1939 borders unchangeable, Russia proposed the creation of new frontiers along lines suggested by Great Britain in 1919, which would place White Russia and the western Ukraine in the Soviet union.  
Brought to the fore by the Red armies' advance into the disputed territory of prewar Poland, the boundary question has found the Poles' government-in-exile in London insisting on restoration of the prewar frontiers. In its latest proposal, Russia suggested that the Poles annex other territory inhabited by its people, like East Prussia, to lay the foundation for a postwar state.

**Reds Surge On**

As argument over the Polish eastern boundary went on, Russian forces surged forward in eastern prewar Poland and gradually hammered down the German front in the great Dnieper bend.  
With one eye peeled on Allied movements in western Europe where invasion preparations were underway, the German high command fought a defensive war, refusing to throw in its mobile reserves into a large scale action in the east.  
Instead, the German policy appeared to be maximum resistance to the Russian steamroller until superior forces necessitated a withdrawal, and repeated troop movements along the wide front to prevent a complete Russian breakthrough to their rear, where encirclement might trap their entire forces.

**EUROPE: Pound Balkan**

As the invasion hour drew near, huge Allied forces were being massed in Britain, with the Germans saying reconnaissance showed that the attack might take the form of a pincers movement against the continent.  
As both sides girded for the showdown in the west, U. S. fliers struck hard at German supply and communication centers in the Balkans, particularly pounding the Bulgarian capital of Sofia, hub for railroads radiating to Rumania and Yugoslavia.  
In Italy, U. S. troops continued their advance, beating through tangled German defenses with machine gun and mortar fire, after heavy artillery preparation.

**LABOR DRAFT: Urged by FDR**

To hasten the war's end, President Roosevelt urged enactment of a labor draft as part of a broad wartime legislative program, which also included:  
1. A bill to tax all unreasonable individual and corporate profit;  
2. Continuation of the present law to rewrite war contracts to remove excessive costs;  
3. A law placing minimum prices on farm products and ceilings on consumer prices through subsidies.  
4. Continuation of the price and wage fixing law, expiring June 30.  
Of the labor draft, FDR said: "... I recommend . . . a national service act which for the duration of the war will prevent strikes, and, with certain appropriate exceptions, will make available for war production or for any other essential services every able-bodied adult in this nation."

**Freeze Security Tax**

With the social security reserve fund for 1944 estimated at five times the amount of payments due in any of the next five years, the senate cast a 48 to 17 vote to keep the social security payroll tax at 1 per cent each for employee and employer.  
Although Senator Barkley (Ky.) declared extension of the low rate now would only mean increase of the rate later on to meet cost of disbursements, Senator George (Ga.) said the present 1 per cent rate would "completely protect the solvency of the old age and survivors benefit fund."  
Retention of the present rate would save employees and employers alike 1½ billion dollars a year over the proposed doubling of contributions, Senator Vandenberg (Mich.) said. The senate's action marked the third time it blocked a rise in the rate.

**SOLDIER VOTE**

Gov. Ellis Arnall (seated) signs soldier vote bill.

First state to pass legislation on soldier voting, Georgia's bill calls for ballots to be sent servicemen overseas after they have registered through applications mailed to them by request of themselves or friends. Servicemen will return the registration applications and then the ballots by mail.  
Designed to simplify balloting by the state's 250,000 servicemen, Georgia's soldiers' vote bill was passed after five days' debate, then speedily signed by 35-year-old Governor Ellis Arnall.  
Second state to shape a soldiers' vote bill was West Virginia, which permits a serviceman's family to register for him, with ballots returnable up to election day.

**HIGHLIGHTS . . . in the week's news**

**INCOMES:** A decline of 3 per cent in individual incomes was noted in November, compared with October, the commerce department reports. Nevertheless, November figures were 16 per cent, or 12 billion dollars, above the November, 1942, totals, which were about 10½ billion dollars. Total income for 1943 is estimated at 142 billion dollars, highest in history.

**BABY CARRIAGES:** All restrictions on the use of steel in manufacture of baby carriages, pushcarts, strollers and walkers have been removed by the WPB. Improvement in the steel supply is given as the explanation. An estimated 800,000 metal carriages will be produced during the year, if steel becomes available in sufficient quantity.

**AGRICULTURE: Wheat Loans**

Completion of loans on 127,277,693 bushels of wheat by the Commodity Credit Corporation during 1943 showed a sharp drop from the 386,297,664 total of 1942.

During 1943, farm stored wheat was estimated at 43,585,791 bushels, and that in warehouses at 83,641,907.

**Feed for Southwest**

To help relieve feed conditions in storm areas of the Southwest where wheat pastures have been covered by snow, Commodity Credit Corporation has made an emergency allocation of 20,000 tons of soybean meal. Southern cottonseed mills are processing this cake, with extra allotments being made from the government's share of a special crush of 13,000,000 bushels of soybean.

**Hog Embargo**

A steady stream of trucks, sometimes forming a waiting line two blocks long, delivered 57,000 hogs to Chicago's sprawling stockyards on the opening day of last week's marketing, and when the first two hours of buying had filled packers' needs, there was a ho'dover of 77,000 pigs.  
Many receipts were credited to loads received from other crowded markets, the farmers again were asked to curtail shipments as the War Food administration considered imposing an embargo on deliveries. As a result of the glut, Chicago yards paid an average of \$13.20, compared with \$14.60 last year.

**MODERN OPERA: Executes Son-in-Law**

In action as melodramatic as any Italian operatic tragedy, Benito Mussolini's reorganized Republican Fascist government executed the Duce's former foreign minister and son-in-law, Count Galeazzo Ciano, to death for plotting to overthrow the old regime.  
Also executed were four other members of the Fascist grand council, which voted to overthrow Mussolini during the early hours of July

Count Ciano in palmier days.

25 after a full night of stormy debate. Thirteen others were sentenced to death in absentia, among them being Count Dino Grandi, who helped sell Fascism abroad in the 1920s.  
Dark, dapper and ambitious, Ciano was known as the "personality diplomat," holding a position of influence in the Duce's government after his marriage to Mussolini's daughter, Edda, who bore him two children. At the end, neither the Duce nor Edda intervened in his behalf.

**SOUTHWEST PACIFIC: Tanks Lead Way**

Pressed back by fighting U. S. marines on Cape Gloucester, New Britain, Jap troops gave ground only after vicious combat, in which both sides used artillery to batter at defense positions through heavy jungle foliage.  
To the west, Australian units continued their march up the coast to join up with U. S. forces, which landed at Sador 60 miles to the north. Jap machine gun and mortar fire slowed the Aussie drive to a walk, but the enemy were scattered when tanks were brought up to lumber through the rugged defenses.

With part of the naval personnel getting a long-needed rest, the remainder were working double-time supplying Allied ground forces in the Southwest Pacific area, with many at their posts since last April.

**YOUNGEST MOTHER: 10 Years Old**

Reputed to be the youngest mother ever to give birth to a child in the U. S., a 10-year-old Negro girl bore an 8 pound 8 ounce girl in Monahans, Texas, through natural delivery.  
"The child never did know what was happening," said her physician, Dr. J. E. Cook. "She had been told she was going to have a baby, but she wanted to get right up and go out and play with the other children."  
Even for a 10-year-old girl, the young mother is small, Dr. Cook said.

**CANT FIGHT**

Members of congress are barred from the armed forces, the President ordered following a conference with the attorney-general. It was decided that the Constitution forbids a man from serving as a legislator and a soldier or sailor at the same time.  
Apparently only two representatives would be affected: Henry Jackson of Washington, state, now a private in a tank destroyer unit, and Albert Gore of Tennessee, stationed at Camp Shelby.

**Reply That Should Answer Multitude of Questions**

During a question period following a lecture, a man arose and put a foolish query to the speaker. The latter replied: "The logic of your question makes me think of another. Can you tell me why fire engines are always red? You can't? Well, fire-engines have four wheels and eight men. Four and eight are twelve. Twelve inches make a foot. A foot is a ruler. Queen Elizabeth was a ruler. The Queen Elizabeth is the largest ship that sails the seven seas. Seas have fish. Fish have fins. The Finns fight the Russians. The Russians are red. Fire-engines are always rulin'. Therefore, fire-engines are always red.

Midwinter Jellies Pep Up Menus!  
(See Recipes Below)

### Get Your Spreads!

Are you low on brown points? Then set the jelly and jam kettles boiling with midwinter fruits and make some delicious spreads to save points.

Last summer when homemakers were putting up their fruits they discovered they did not have enough sugar for putting up all the jams and jellies they would like, but now they have probably caught up on the sugar and can boil the juices they saved into delicious, quivery jellies. Use the jellies and jams on biscuits and muffins when the butter is scarce. It seals first aid and appetite appeal to menus.

For those of you who did not put up juices for winter jelly-making, there are plenty of fruits in season now that make delightful spreads. Out with the kettles and colanders, with jelly glasses and paraffin and here we go:

### Orange Marmalade.

(Makes 6 6-ounce glasses)  
3 1/2 cups prepared fruit (about 1 1/2 pounds)  
2 1/2 cups sugar  
1 3-ounce box powdered fruit pectin

Prepare fruit. Use peels from 6 medium-sized oranges and 2 lemons. Cut in quarters. Lay quarters flat; shave off and discard half of white part. Put peels through chopper twice. Add 1 cup sugar, 2 1/2 cups water, juice from 1 medium-sized lemon and 1/4 teaspoon soda. (This 1 cup sugar is in addition to measurement given above.) Cover. Heat to boiling. Simmer 30 minutes, stirring occasionally. Measure sugar into dry dish and set aside until needed. Measure prepared fruit into 3 to 4-quart kettle, filling up last cup or fraction of cup with water if necessary. Place over high heat. Add powdered pectin, mix well, and continue stirring until mixture comes to a hard boil. Pour in sugar at once, stirring constantly. Continue stirring, heat to a full, rolling boil and boil hard 2 minutes. Remove from heat, skim, pour quickly. Paraffin hot marmalade at once.

### Honey Orange Jelly.

(Makes 6 6-ounce glasses)  
1 cup juice  
3 cups honey  
1/2 bottle fruit pectin

To prepare juice, squeeze and strain juice from 2 medium oranges. Measure juice and honey into a large saucepan and mix well. Heat to boiling over high heat and at once add fruit pectin, stirring constantly. Then heat to a full rolling boil and

Lynn Says  
Jelly Hints: Consistency and flavor are the most important points in making jelly. Careful cooking can give you a high score on both.  
To jell, fruit juices must contain pectin or must have it added from a commercial product. Pectin must be combined with the correct proportion of sugar in the presence of acids and mineral salts to form jelly.  
Prolonged cooking destroys the power of pectin, especially in the very acid fruits. This is the reason that no more water than necessary should be used in cooking the fruit.  
Best jellies are tender and quivery and translucent. They should cut easily but break with a clean, sharp line.

boil hard 1/2 minute. Remove from heat, skim, pour quickly. Paraffin hot jelly at once.

### Grapefruit Marmalade.

(Makes 2 to 3 pints)  
1 grapefruit  
1 orange  
1 lemon

Slice fruit very thin, remove pulp from peel. To each pint of pulp, use an equal quantity of water and 1 1/2 times as much sugar. Let come to a boil. Remove from fire, let stand overnight. Boil the shredded skins of the fruit in twice their bulk of water until tender, then let stand overnight in the water in which they were boiled. On the next day, heat the skins to the boiling point, then add pulp mixture and boil rapidly until thick enough to congeal when tested. Pour into sterilized glass jars and seal.

If you can spare a few points for the crushed pineapple called for in this recipe you can make a colorful and tart jam that will delight the family no end:

### Winter Jam.

3 cups cranberries  
1 cup diced apples  
1 1/2 cups water  
1 cup crushed pineapple  
3 cups sugar  
Juice and grated rind of 1 lemon

Cook the cranberries and apples in water until they are clear and tender. Add the lemon, pineapple and sugar. Mix well and boil the mixture rapidly until it is thick and clear. Pour into sterilized glass jars and seal at once.

Colorful and spicy is this next jam with all the relish and tang that only cranberries can give:

### Cranberry Jam.

8 cups cranberries  
1 cup each, water and vinegar  
6 cups sugar  
1 tablespoon ground cinnamon  
1/2 tablespoon ground cloves  
1/2 tablespoon ground allspice

Mash cranberries lightly. Add vinegar and water and cook until soft. Put through a coarse strainer; add sugar and spices. Cook 8 minutes, stirring constantly. Pour into sterilized jars and seal immediately.

And now for those of you who have bottled grape juice on hand. Here is an excellent jelly that is quickly made with powdered fruit pectin:

### Grape and Orange Jelly.

(Makes 7 6-ounce glasses)  
3 1/2 cups sugar  
1 1/2 cups bottled grape juice  
1 1/2 cups canned orange juice  
1 box powdered fruit pectin

Measure sugar into a dry dish and set aside until needed. Measure juice into a 3- or 4-quart saucepan and place over hottest fire. Add powdered fruit pectin, mix well, and continue stirring until mixture comes to a hard boil. Pour in sugar at once, stirring constantly. Bring to a full rolling boil and boil hard 1/2 minute. Remove from fire, skim, pour quickly. Paraffin hot jelly at once.

### Catching Soup-Fin Sharks Is a Lucrative Business

To catch soup-fin sharks, West coast fishermen now use large hooks, baited with mullet or kingfish, that dangle at the end of six-foot chains, says Collier's. They are hung at 25-foot intervals along a 1,000-foot master chain.

Within a day or two, the catch of three long chains usually averages 25 sharks, whose livers alone, owing to the heavy demand for their oil, have a market value of some \$1,500.

Only One Ration Book Per Person Should be Kept by Families

All persons or families holding more than one War Ration Book Three or Four per person should return the extra books to the nearest War Price and Rationing Board.

No person may legally apply for or have more than one War Ration Book. However, a few families have acquired extra books in one way or another. In some instances, different members of the same family applied for other members. Frequently, books thought lost have turned up. Errors and misunderstanding on the part of the registrars and rationing officials may have accounted for a few.

Although the majority of such duplicate books have been sent back to the OPA, some persons apparently fear to return them in the mistaken belief that they may be accused of wrong doing. Such is not the case. All persons are urged to return duplicate books at once.

Many extra books are in the hands of families because members have joined the Armed Forces, or have died. These books should be appropriately marked and returned.

Rankin H. D. Meeting

The Rankin Home Demonstration Club has had two interesting meetings this month. They are studying varieties of fruit adapted to this country. Bad weather prevented the planting of trees, but a box of tomato seed was planted.

The club also studied common diseases of fruit trees and vegetables and methods of controlling them.

Foundation garments were made at a special meeting. The club voted to put on a paper drive.

The County Council of H. D. Clubs will meet in McCamey the first Thursday in February. All members are urged to be present.

H. D. Agent Urges Canners to Repair Pressure Cookers Now

Start now, before March, if possible, to have any repairs done on a steam pressure canner and have the gage adjusted, so it will be in order for the canning season. Mrs. Nettie B. Messick, County H. D. agent, said that at the recent National Food Preservation Conference in Chicago, pressure canner manufacturers stated that they could handle such jobs much faster right now before production of 1944 canners get into full swing. Canners put into order now will be ready for the first Spring vegetables.

The National Conference recommends the steam pressure method of canning all non-acid vegetables, that is, all common vegetables except tomatoes. The War Production Board has authorized manufacture of 400,000 new pressure canners this year. Every old pressure canner that can be put into good shape to preserve food for civilians will be needed as this is only 50,000 more canners than was manufactured in 1943.

Repair parts will be obtainable for all standard makes of pressure canners, manufacturers state. Before sending a gage to a manufacturer because it seems inaccurate, check the safety valve to be sure it is working right. Many a gage registers inaccurately simply because the safety valve of the canner is clogged stiff with grease and food. This can be remedied at home through cleaning. Remove

Volleyball and Basketball Games Here Sat. With Barnhart

On Monday night Rankin volleyball and basketball teams went to Barnhart. The Rankin girls won by a score of 42 to 31 and the boys were defeated by a score of 18 to 12.

Barnhart will return the games here on February 1. The first game will start at 7:15. There will be two basketball games and one volleyball game. Everyone is invited. The admission will be 25c for adults and 15c for school children.

Upland H. D. Meeting

The Upland Home Demonstration Club met in the home of Mrs. Tyson Midkiff Monday morning at 10. Plans were made to sell bonds and other business attended to in the business meeting. Mrs. Nettie B. Messick, county home demonstration agent, discussed kind and varieties of fruits most adapted to this locality and a demonstration was given on the correct method of putting out fruit trees and grape vines.

A covered dish luncheon was served to the members present.

The next meeting will be held in the home of Mrs. G. M. Baxter when feather and down comforts will be made.

Must Return Outstanding Gasoline Coupons in Purchasing New Car

Motorists and automobile dealers of Upton County were reminded today by M. B. Conatser, chairman of the local War Price and Rationing Board, that the new plan designed to assure the return of outstanding gasoline ration coupons for all new and used automobiles and trucks that are sold is now in effect.

Since January 1, persons buying new or used vehicles from anyone whether a dealer or a private individual, have had to obtain a duplicate receipt for surrendered gasoline rations from the seller in order to be eligible for a gasoline ration.

Under the plan, the owner of a vehicle intending to sell it must return to the board, in person or by mail, all unused ration coupons issued for the vehicle. After it receives the coupons the board will issue in duplicate, a receipt for surrendered gasoline rations. Both copies of this receipt together with the tire inspection record are to be given by the seller to the person buying the car or truck.

Like private individuals who sell their cars, automobile dealers are to obtain duplicate receipts for each car they have for sale, and will deliver both copies of the receipt to the buyer when a car is sold. Each dealer should have reported his inventory as of December 31 to the local Board by January 11. The board will send the
