O. R. (Ross) Brewer Dies Suddenly at His Home Wednesday

O. R. (Ross) Brewer, 52, died suddenly at his residence in McCamey Wednesday afternoon from a gun-shot wound self inflicted. Mr. Brewer had been a resident of McCamey for three years, coming here from Midland. He had operated the Texas Consolidated Oil Company lease near McCamey until it was sold in 1943.

Mr. Brewer was born in Maryville, Tenn., August 20th, 1891, and spent his boyhood days there. Came to Texas in 1919, settling first in Ranger, Texas. He had been engaged in the oil industry all his life.

Funeral services will be held in McCamey at the First Baptist Church, definite time not being set pending the arrival of his son Jack Brewer, in the Navy stationed at San Diego, Calif. The Rev. John H. Stout, local pastor will officiate. The remains will be taken to Midland for final interment.

Survivors, other than the widow, include one daughter, Mrs. Mark Haesly, Artesia, N. M.; one son, Jack, San Diego, Calif.; one brother, O. S. Brewer, Artesia, N. M.; and one sister, Mrs. C. B. Reeves, Whittier, Calif.

Pall bearers are to be: R. A. Barger, Don Donovan, Jack George, John Frierson, B. H. Koger, and Bud Fisher.

Harris-Luckett Funeral Chapel is in charge of funeral arrangements.

Election Notice

The Board of Trustees of the Rankin Independent School District has ordered an election to be held Saturday, April 1st, at the High School building, between the hours of 8 a. m. and 7 p. m., for the purpose of electing two trustees.

The two members whose terms expire are Walton Poage and W. C. McDonald.

John Christy has been named judge of the election and he will appoint two assistants.

Any person desiring his name to be placed on the ballot should see Judge Wm. R. Edwards or call at the Journal office.

F.B.I. Picks up Upton Prisoner, Sheriff Notified

Sheriff J. E. Simco, left Wednesday for Seminole, Okla., to return John H. Phillips, who was indicted by the Grand Jury of the 112th District Court on the 14th day of June 1943.

Phillips was indicted for assault with intent to commit rape. He was picked up by the F. B. I. and Simco was notified by D. A. Bryce, special agent at El Paso, Texas.

Successful Volleyball Tournament Is Hed Here Last Saturday

The Invitation Volleyball Tournament which was held in the Rankin gym on March 11 proved successful, the coach, Mrs. B. T. Hatchell, reports. Six good volleyball teams participated and everyone who attended enjoyed the contests.

The Imperial girls proved too much for all competing teams as they won the meet by defeating Kermit three out of five games.

Rankin won the consolation bracket by defeating Fort Stockton.

The all-tourament team was as follows:

Darita, Kermit, Lawrence, Fort Stockton, Owens, Barnhart, Heflin, Buena Vista, Atkins, Buena Vista; Bell, Rankin.

Mrs. Hatchell and all the Rankin girls expressed a desire to thank each one who helped to make the tournament a success.

School Census Being Taken This Month

A school census is being taken this month of all children of school age. Daphne Snell was appointed census trustee, and Patty Burress, assistant, Miss Mary Jo Warren is in charge of Spanish speaking school census. The census is to be completed by the end of the month.

If a child is six years old on Sept. 1st and under 17 on that date he should be registered.

Victory Gardens

By Mrs. Nettie B. Messick

The people of Upton County did a good job with victory gardens last year, but there are plenty of reasons why we should have more and better gardens in our county in 1944. Most of the victory gardeners were new at the job, and if you're in this group, you've had lots to learn. For instance, the soil should be worked carefully. Spade deep and get the fertilizer and coppers well mixed and the soil pulverized. Coppers should be added as the minerals in this soil tie up the iron so that vegetables can't utilize the iron and thus they turn yellow and die soon.

Make your garden as large as you can care for—no larger. If possible, it should be large enough to supply the family with all their fresh vegetables for table use during spring, summer and fall, and with plenty of vegetables to can for use during the non-productive season.

Red Cross Field Men Tackle Yanks' Problems Overseas

One of the very important functions of the American Red Cross is the direct communication it affords between the fighting man and his people back home. Here Red Cross Field Director John L. Barnes (left), of White Plains, N. Y., gives a message to Sgt. William J. McDonald, Jr., of Mamaroneck, N. Y. Picture was made in Sicily outside a straw Italian hut with the rear headquarters of the 1st Division near Mt. Etna.

Box Supper Brings \$50.30 Last Friday Night

The sum of \$50.30 was taken in from the box supper at the school last Friday night which was sponsored by the cub scouts under the supervision of their den mother, Mrs. Ross Wheeler.

The money taken in will go toward getting uniforms for the cubs. Ralph Daugherty auctioned the boxes and was assisted by Dynn Lowery.

Mrs. Wheeler expressed thanks to those who contributed in making the box supper successful.

Upland Home Demonstration Club Meets

The Upland Home Demonstration club met Friday, March 10th at the home of Mrs. Clint Shaw for an interesting demonstration on restyling clothes and personal grooming problems.

The club voted to send an Easter box to the boys in the McClosky Hospital. They also voted to collect scrap paper.

Mrs. Tyson Midkiff was elected as a delegate to the district meeting, May 11 in Stanton and Mrs. Walton Haral was named as alternate.

A covered dish luncheon was served after the business meeting.

Regardless of what else you plant, include plenty of green leafy vegetables and yellow vegetables, plus lots of tomatoes. Tomatoes are fruits containing vitamin C which should be served six times a week, and leafy green and yellow vegetables should be served daily.

The need for food by the United Nations, our armed forces, and the liberated countries will be greater in 1944 and Extension workers who attended the victory garden conference in New Orleans say that civilians will find on the grocery shelf this year about 4-5 of the canned fruit and vegetables that they found last year. For these reasons it is very necessary for everyone to be a victory gardener. Texas goal is one million victory gardens "kept busy" during 1944.

The Rev. and Mrs. Seth Hughes entertained the members of the intermediate B. Y. P. U. at the parsonage Thursday night, March 16. Refreshments were served after playing games.

Kelly Bean Night To Be Staged Here Next Week To Be Big Affair

The citizens of Upton County will be given an opportunity to pay their respects to Pvt. Kelly Bean at the High School auditorium in Rankin, Thursday evening, at 8 p. m., March 23rd.

Kelly has just arrived from the McClosky Hospital at Temple and is visiting his family and friends in Rankin and expects to return to the hospital about the first of April to have an artificial limb fitted, having lost his right arm in the Italian Invasion.

Highlighting the evening's entertainment will be talks by Sen. H. L. Winfield of Fort Stockton and Judge Hunter Metcalfe of Marfa. Also the McCamey High School band has consented to be here to play a few numbers.

Everyone is cordially invited to attend this party and arrangements are being made to put on a feed for which the people of Rankin are noted and to have a program fitting for the occasion. Program arrangements are being made by J. D. Starnes.

Let's all turn out, and show Kelly that we appreciate having men like him who are willing to make sacrifices such as he has in order that Freedom may reign throughout the world. Let's make it an affair that Kelly will long remember.

Pvt. Bean was inducted into the service December 2, 1942, at Monterey, Calif., and received his basic training at Camp Roberts, Calif. He was sent across in June, 1943, and was First Scout in Infantry, with the 45th Division, the first to enter Sicily. He was in the 5th Army which was composed of the 36th and 45th Divisions and also were first to enter Italy. They crossed the Volturno River and were surrounded by Germans within 2 hours, with all supplies cut off. It was 24 hours before the lines were broken and relief given by the 36th Division. The company went back across the line and reorganized and on Sept. 14th, Pvt. Bean's third day in Italy, he was wounded by artillery shell, losing his right arm.

After being wounded he was evacuated to North Africa to the General Hospital and in October was with the first of the wounded troops to be returned from Italy to the United States. He was sent first to Stark Hospital, N.C., then transferred to McClosky General, Temple, Texas on Nov. 18th. On March 9th he left the hospital on a 21-day furlough. He was the first of the wounded group from Italy to receive a furlough.

Pvt. Bean is the son of Mr. and Sam Bean of Rankin and attended the Rankin High School.

Senior Room Mothers Entertain Monday Night

The Senior Class room mothers Mrs. C. Snell, Mrs. J. T. Dameron and Mrs. C. L. Burress entertained the High School students with a 42 party in the dining room at the school, Monday night. The faculty members were also included as guests. High score award in the 42 went to Mrs. Hatchell, for women and Dan St. Clair. Low score went to Daphne Snell and Clayton Dameron. The St. Patrick's motif was carried out in the refreshments served.

Mr. and Mrs. Kenneth Fowler and sons of San Angelo visited with friends here Thursday. Rankin was home to Mr. and Mrs. Fowler a number of years. He will leave the states next Wednesday for foreign service with the Civil Service department.

W. F. Clendenen left for San Angelo Thursday morning to meet Mrs. Clendenen and their daughter, Mrs. Purcell A. Reary. Mrs. Clendenen has been in Denver, Colo., with her daughter who underwent an operation.

Mr. and Mrs. Walton Poage were among those from Rankin at the Fat Stock Show in Fort Worth over the week end.

Upton County 4-H Club Take First Place in 15 Muttons at Fort Worth

Upton County 4-H Club boys had the first prize lot of 15 mutton lambs shown at the Fort Worth Live Stock Show judged last Saturday. They had second place in the lot of 15 wool lambs also. The prize lambs of the boys had been sold at the Midland auction the week before and were not shown in the Fort Worth Show.

County Agent C. Snell and his boys were on hand for the judging. Attending from Rankin were Casbeer and John Snell, Fields Edwin Branch and from McCamey Bobby George Johnson, David and Bob Pauley and Frank Robbins.

Legion Field Representative to be Here Mar. 24

J. H. Mitchell, Field Representative for the American Legion will be in McCamey, Friday, March 24th. Anyone with veterans Claims or wishing information concerning veterans, may call at the Chevrolet Garage on this date and Mr. Mitchell will be glad to help in any way.

Thomas T. Edwards, Post Service officer, Post No. 421, McCamey, Texas.

Gift Box for Soldiers at McClosky Hospital Being Prepared

A gift box is being prepared for the boys in McClosky Hospital who have seen service overseas.

Anyone desiring to leave a gift to be sent to the hospital may leave it at the home of Mrs. Walton Haral where it will be cared for and mailed with others to the hospital.

Proud Parents

Mr. and Mrs. James Neal, formerly of Rankin, are parents of a baby boy, born March 6th in an El Paso Hospital. He has been named Joe Franklin and weighed eight pounds at birth.

Mr. and Mrs. Henry Neal returned last Wednesday from the ranch near El Paso and were accompanied by their grandson, Jimmy. They are returning the last of this week.

Miss Mildred Simco arrived here Thursday for a visit with her parents, Sheriff and Mrs. J. E. Simco. She is from Abilene.

Mr. and Mrs. Ed Guy Branch attended the Fat Stock Show in Fort Worth over the week end.

Mrs. L. Z. Titsworth left Saturday for Camp Parks, Calif. where she will join her husband who is in training there with the Seabees.

Mrs. J. T. Lagford spent the week end in Odessa with relatives.

Lt. and Mrs. J. Linton Clark and Esther, and Mr. and Mrs. W. R. Clark and Mary Frances of Big Lake spent the week end in Ballinger with their family.

Major and Mrs. Roy Priest of Dallas were in the city last week on business and visiting old friends.

Sgt. and Mrs. Grady Boyd of Midland visited his parents Mr. and Mrs. S. H. Boyd, here this week.

Mr. and Mrs. Hazel Yocham spent Tuesday and Wednesday in San Angelo.

Mr. and Mrs. Jack Marshall received word from their son, Pvt. Jack Marshall, Jr. that he would be here this weekend while en route from Sheppard Field, Texas to his new training station at Walnut Ridge, Arkansas. He will take up radio or radar there.

Stf. Sgt. Joe Lowery of Camp Sibert, Alabama was the guest of Mr. and Mrs. Dumn Lowery Tuesday and Wednesday.

Kellogg's ALL-BRAN Muffins

2 tablespoons shortening	1 cup sifted flour
3/4 cup sugar	1/2 teaspoon salt
1 egg	1/2 cup Kellogg's All-Bran
1 cup boiling water	1/2 cup baking powder

Blend shortening and sugar thoroughly. Add egg and beat well. Stir in All-Bran and milk. Let stand until most of moisture is taken up. Sift flour with salt and baking powder; add to first mixture. Stir only until flour disappears. Fill only until flour disappears. Fill only until flour disappears. Bake in hot oven (375°F.) about 20 minutes. Yield: 8 large muffins.

*For spiced muffins, add 1 tablespoon molasses to creamed mixture, spoon cinnamon to dry ingredients, and 1/2 cup raisins, add 1/2 cup chocolate chips to dry ingredients.

And remember, too, Kellogg's ALL-BRAN is itself a rich, natural source of the whole grain "protective" food elements—protein, the B vitamins, phosphorus, calcium and iron!

WEEKLY NEWS ANALYSIS

National Income Reaches Record Level; Reds Press Closer to Baltic States; See-Saw Fight Marks Anzio Beachhead; U. S. Reinforced in Admiralty Islands

Marshall Islands—Caught off Jaluit atoll in Marshalls by U. S. naval planes, this Jap freighter was strafed and bombed and set afire.

NATIONAL INCOME: Record Level

Boomed by the war effort, the national income of the nation's 50 million workers soared to 142 billion dollars in 1943, with about two-thirds of it spent for goods and services, the department of commerce announced.

Reflecting the country's full swing into high speed production during 1943, income increased 26 billion dollars over 1942, but reflecting the continued shortage of civilian goods, expenditures only went up 8½ billion dollars.

From July to March, government spending reached 60 billion dollars, with 56 billion dollars paid out for the war effort. During this period, government receipts totaled 25 billion dollars, leaving a deficit of almost 35 billion dollars. Because of the recent fourth war loan drive, the government had a cash balance of 19 billion dollars.

Beverage Purchases

Of the 90 billion dollars that consumers spent for goods and services in 1943, six billion dollars were expended for alcoholic beverages, the department of commerce revealed. This brought expenditures for liquors up to \$46 per person, compared with \$39 in 1942 and \$26 in 1939.

Despite the record expenditures for alcoholic beverages, however, less liquor was actually drunk, price increases accounting for the rise. Less than 74 million gallons of hard liquor were consumed in 1943, compared with 83 million gallons in 1942. Wine consumption dropped below the 1942 level of 112 million gallons.

Total beer consumed increased during 1943, however, chiefly because of a rise in demand from 10 million to 44 million barrels of the bottled type.

SOLDIER VOTE: Compromise Bill

In an effort to give servicemen overseas every chance to vote and yet protect states' rights in supervising elections, congressional conferees drew up a compromise bill.

Under the bill, servicemen overseas from states with no absentee voting laws could use the blank federal ballot with only the names of the political parties designated if their governors approve, or, servicemen from states with absentee voting laws could only use the federal ballot if they fail to receive their state ballot by October 1.

So far, 20 states are reported to have adequate absentee voting laws, while nine others are considering such laws or about to convene their legislatures to take up action on the issue.

RUSSIA: Fighting; Diplomacy

Nibbling deeper into Nazi defense lines, Red troops pressed ever closer to the Baltic states of Estonia, Latvia and Lithuania, while German forces clung bitterly to their positions behind Russian forces at the southern end of the 800 mile front.

In Finland, there was agitation for better peace terms from the Russians as a basis for withdrawing from the war, with opposition to Moscow's proposals for restoration of the 1940 borders and discussion about disposition of northern Finnish territory.

Crossing the Narva river, Red troops advanced 15 miles into Estonia, while other Russ forces converged on the Latvian gateway of Pskov. Far to the south, the Reds met bitter German resistance as they tried to whittle down Nazi lines to the rear of General Vatutin's troops in Poland.

EUROPE: Hold Ground

With concentrations of heavy enemy artillery pouring shells onto their beachhead, and with strong German armored forces stabbing into their lines, U. S. and British troops under command of Allied Gen. Harold Alexander held their own in see-saw fighting below Rome.

Gen. Alexander

Meanwhile, Allied bombers continued to blast at Nazi fighter-plane plants in Germany to reduce aerial resistance to a second-front and further attacks on European war industry.

Three times the Nazis lashed at Allied lines below Rome with tanks after heavy artillery preparations, and three times gallant U. S. and British troops gave way, only to bounce back in savage counterattacks restoring lost ground.

PACIFIC: Gain Admiralties

Fighting with their backs to the wall in Japan's crumbling string of defensive outposts, enemy troops bitterly resisted U. S. landings on the Admiralty islands to the north of New Britain and the Solomons. Bringing in strong reinforcements, Gen. Douglas MacArthur's command maneuvered the Japs into spreading their limited strength, however, and robbing them of concerted striking power.

As U. S. doughboys tightened their grip on the Admiralties, American warplanes ranged the whole breadth of the battle area, continuing to pound the big enemy base of Rabaul on New Britain, former feeder point for Jap barges supplying outlying islands. Occupation of the Admiralties put U. S. bomber forces directly in the path of enemy cargo shipping sailing southward to Rabaul, further weakening the once formidable base.

AGRICULTURE: Corn Ceiling Sticks

Shortly after OPA had advised the Chicago Board of Trade president, Philip O'Brien, that the \$1.16 price ceiling on corn would stick through 1944, the War Food administration announced allocation of wheat for food, feed, alcohol, export and lend-lease would begin before June.

O'Brien's statement that the country was consuming more wheat than it produced was substantiated by department of agriculture statistics which show that over one billion bushels of the grain disappeared in 1943 against harvesting of 850 million bushels.

Support Egg Prices

Continuing its policy of supporting egg prices at parity, the War Food administration announced that it would pay an average of 30 cents per dozen for the period ending April 15.

Since January 1, WFA bought the equivalent of 3,980,000 cases, or 119,400,000 dozen, of shell eggs. Actually WFA purchased only 280,000 cases of shell eggs, although its acquisitions of dried eggs were the equal of 3,700,000 cases.

Continued WFA carlot purchases were on the basis of U. S. wholesale No. 1 and No. 2 extras, with 45 pounds minimum net weight.

HIGHLIGHTS . . . in the week's news

LEGISLATION: To discourage governmental agencies from issuing directives that do not express the intentions of congress, Rep. Wolcott of Michigan suggested at a committee meeting that hereafter all acts when passed have this footnote added: "By God, we mean it!" He also proposed that all legislation be written in words of one or two syllables.

JET PLANES: An article in the official publication "Air Force" states that the new jet-propelled planes can travel at least a hundred miles faster than the present propeller-driven planes. This is because air becomes compressible at speeds of 450 miles per hour, and the effect becomes apparent on the propeller. The jet-driven plane is not bothered by this phenomenon.

IRELAND: Affected by War

Although war has not come to Ireland, its effects are being felt in the emerald island where the river Shannon flows, with lack of materials contributing toward the closing of many industries.

Recruitment of 130,000 Irish for work in Britain, and enlistment of another 100,000 Irish in the British army have helped relieve unemployment in the country, however. Even so, at least 50,000 are idle. In an effort to hold skilled help for post-war production to balance the nation's economy, many closed industries are keeping people on their payrolls.

Certain Irish industries are booming, especially those canning meats and milk for Great Britain. With woolen goods imports cut, Irish textile mills also are humming to produce material for the home market. In all, industries generally are operating at 66 per cent of capacity.

ARGENTINA: Quell Revolt

Turbulent South American politics took another dramatic twist with an Argentine army officer's attempted revolt against the new government of ultra-neutral Gen. Edelmiro Farrell, which ousted ex-President Pedro Ramirez because his regime was inclined toward a declaration of war against the Axis.

Because the powerful "Colonels' Club" of army chiefs was behind the move to replace Ramirez, however, the rebellious officer found himself standing alone, with no indication that his 1,000 troops were pining for action. After marching from the capital of Buenos Aires, the rebels surrendered unconditionally.

Argentina's swerving back toward a strict policy of neutrality after the Ramirez government's wavering away from it, revealed that country's insistence on maintaining its complete political independence, linking it up with its sister republic of Bolivia to the northwest.

COLLEGE EDUCATION: Would Change Titles

Claiming that professors' titles do not always reflect the real achievements of their holders, President Robert M. Hutchins of the University of Chicago proposed abolishing all teaching distinctions like professor, associate professor, assistant professor and instructors, and calling them all merely "members" of the faculty.

Hutchins' proposal was his latest in a long list of changes he has recommended for streamlining higher American education, the most noted one adopted so far allowing students to complete an ordinary four year course in two years.

Under Hutchins' latest plan, neither present salaries nor jobs would be affected by classifying all teachers merely as members, but some complained that in hard times when compensations would be stabilized, they would not be able to offset economic loss by obtaining more prestige through higher titles.

Burma Front

Fighting raged along Burma's mountainous western border country, with Allied troops freeing two divisions of British-Indians trapped by Japanese moving against their rear (lower arrow). In two other sectors, the Allies drove against the enemy in the China hills (middle arrow), and fought to clear a supply road to China in the north (top arrow).

WOOL: Stocks Plentiful

Although the nation now has adequate supplies of wool or clothing, the two-pants suit with a vest is still forbidden by the War Production board. The reason is the shortage of manpower, since it takes more work to make those extra garments. It's the same with pleats in women's dresses, but insufficient rayon goods for linings is another reason given.

Imports of wool from Australia were not halted by the Japanese navy, as was feared. Between 500 and 600 million pounds were brought in last year and in 1942. This, plus a domestic crop stimulated by a subsidy of 18 cents a pound has resulted in a stockpile of large proportions.

DIAMONDS

Germany reportedly is receiving industrial diamonds from the Belgian Congo mines by an ingenious smuggling route.

A half million carats have been reaching the Reich from Congo annually, according to London sources. The diamonds are consigned to neutral Turkey and travel across Egypt, which is under British sovereignty. From Turkey the stones progress through the Axis-controlled Balkan states to Germany, it is believed.

Beware Coughs That Hang On
Creomulsion relieves promptly because it goes right to the seat of the trouble to help loosen and expel germ laden phlegm, and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes. Tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough or you are to have your money back.

YOU WOMEN WHO SUFFER FROM HOT FLASHES
If you suffer from hot flashes, weak nervous, cranky feelings, are a bit blue at times—due to the functional "middle-age" period peculiar to women—try Lydia E. Pinkham's Vegetable Compound to relieve such symptoms. Taken regularly—Pinkham's Compound helps build up resistance against such distress. It helps nature! Also a fine stomachic tonic. Follow label directions.

WATCH YOUR Kidneys!
Help Them Cleanse the Blood of Harmful Body Waste

Your kidneys are constantly filtering waste matter from the blood stream. But kidneys sometimes lag in their work—do not act as Nature intended—fail to remove impurities that, if retained, may poison the system and upset the whole body machinery.

Symptoms may be nagging headaches, persistent headaches, attacks of dizziness, getting up nights, swelling, puffiness under the eyes—feeling of nervous anxiety and loss of pep and strength.

Other signs of kidney or bladder disorder are sometimes burning, scanty or too frequent urination.

There should be no doubt that prompt treatment is wiser than neglect. Use Doan's Pills. Doan's have been winning new friends for more than forty years. They have a nation-wide reputation. Are recommended by grateful people the country over. Ask your neighbor!

NIGHT COUGHS

YOUR CHILD'S coughing at night—caused by throat "tickles" or irritation, mouth breathing, due to a cold—can often be prevented by rubbing throat and chest with VICKS VapoRub at bedtime.

VAPORUB'S poultice-and-vapor action loosens phlegm, relieves irritation, helps clear upper air passages, thus tends to stop mouth breathing and invite restful sleep. Try it!

SNAPPY FACTS ABOUT RUBBER

In 1912 tropical America produced their greatest output of rubber—62,000 tons. It is expected that we will have imported 41,000 tons from these countries in 1945, an important supplement to our synthetic supplies. Some experts estimate that there are around 300 million Hevea (rubber) trees in Latin America. Most of them are in jungles, difficult to get at.

"Alcohol and driving don't mix" may still be a worthy admonition, but nevertheless, millions of gallons of alcohol are needed as a raw material to make synthetic rubber for the production of tires now so essential to driving.

Household Hints

An old paint brush is a good cleaning accessory for hard-to-get-at corners. With an old brush of this kind and good soapy water, those stubborn particles of dirt haven't a chance!

A small bread board is useful in the kitchen to protect surfaces from the damage which may follow the many cutting jobs that meal preparation necessitates.

Your used kitchen fats, useless to you, are sorely needed, and saving them is a small but important service to your country. Turn in every ounce you have.

Save brooms from extra wear by hanging or standing them on the handle end. A weekly rinsing in hot soap suds will aid in lengthening broom life.

Old Favorites In Wartime Roles Please Family

Apples and cheese are old favorites in this pie. The crust is single and baked ahead of time. Only a small amount of cheese is required for topping. The pie may be served hot or cold.

What are your fondest memories of home? My guess is that it's the wonderful aroma of baking day in mother's kitchen!

Baking is fun and the results are more than gratifying. Not only do you enjoy the food immensely in the process of making, but there's great pleasure in placing a pie, muffins, coffee cake or whatever, that you yourself made, in front of the family.

Ovens should be checked frequently to assure success in baking. Follow baking temperature and time carefully; they'll help you get good results.

How about an apple pie tonight? Don't say you don't have time because this is as simple as Simon. If you have ready-made-up pastry in the refrigerator, then it will be simpler than ever to whip up this pie and surprise the family:

***Apple Cheese Pie.**
(Serves 6)

- 1 cup sugar
- 3/4 cup water
- 3 to 4 tablespoons lemon juice
- 1 quart peeled, sliced apples
- Baked 9-inch pastry shell
- 1/2 to 3/4 cup grated sharp American cheese

Combine sugar, water and lemon juice in saucepan and bring to a boil. Then add sliced apples and simmer, covered, until apples are soft, stirring occasionally. Arrange apples in baked pastry shell and sprinkle grated cheese over top. Place under broiler to toast cheese topping, or serve without toasting, if desired. Serve pie warm or cold, as preferred.

Since cocoa is now obtainable in limited quantities, perhaps you might like to indulge in that favorite of cakes:

- One-Egg Chocolate Cake.
- 1 1/4 cups sifted cake flour
- 2 teaspoons baking powder
- 1/2 teaspoon soda
- 3/4 cup sugar
- 2 tablespoons water
- 5 tablespoons semi-sweet chocolate or 4 tablespoons unsweetened cocoa

Mix and sift flour, baking powder and soda. Cook 2 tablespoons sugar, water and cocoa for 1 minute, stirring constantly. Cream shortening and remaining sugar together. Add egg; beat well. Add sifted dry ingredients. Add chocolate mixture, milk and vanilla. Bake in small layer cake tins or one square pan in a moderate (350 degree) oven 20 minutes for layer cake; 30 minutes for loaf cake. Frost with Seven Minute Icing.

Tea-Time Cake.
(One Cake 10 by 7 by 1 1/2 Inches And 2 Small Loaves)

- 1 1/2 packages fast granular yeast
- 1/2 cup tepid water

Mix and sift flour, baking powder and soda. Cook 2 tablespoons sugar, water and cocoa for 1 minute, stirring constantly. Cream shortening and remaining sugar together. Add egg; beat well. Add sifted dry ingredients. Add chocolate mixture, milk and vanilla. Bake in small layer cake tins or one square pan in a moderate (350 degree) oven 20 minutes for layer cake; 30 minutes for loaf cake. Frost with Seven Minute Icing.

Handy Hints: Berries and fruits will keep in perfect condition for days if stored in refrigerator, spread on a platter with a piece of parchment or waxed paper covering them completely.

Strong flavored foods stored in the refrigerator should be wrapped carefully, or would you rather have your chocolate pudding taste of onion and your beef-steak of cantaloupe?

Try a dash of ginger with chocolate icings. It's delicious. When you don't use all your pimpeno from a can, place it in a glass jar, and cover with paraffin.

- 1 teaspoon syrup or sugar
- 1 1/2 teaspoons salt
- 3 tablespoons sugar
- 1/2 cup lukewarm peach juice
- 1/2 cup lukewarm water
- 1 egg, well beaten
- 1/2 cup currants or raisins
- 5 tablespoons melted shortening
- 1/4 teaspoon cloves*
- 1/2 teaspoon cinnamon*
- 1/4 teaspoon nutmeg*
- 4 to 5 cups sifted flour

*If these spices are not at hand, use 1 teaspoon vanilla extract for flavoring.

Pour the yeast into the tepid water, add the 1 teaspoon syrup or sugar, stir and let stand 5 minutes or until yeast is thoroughly softened. Put the salt and remaining sugar in the mixing bowl and pour in the peach juice and water, mixed. Add the yeast mixture and 2 cups of the flour. Beat until smooth, then blend in the beaten egg. Stir in the washed, dried currants or raisins, which have been lightly dusted with flour, and add the melted, but not hot, shortening. Sift the spices with 2 more cups of the flour and add to batter, mixing well. At this point the dough should cling to the mixing spoon. It may be necessary to add more flour.

Sprinkle 1/4 cup flour on mixing board, turn the dough onto the board, cover and let rest for 10 minutes. Knead quickly and lightly until dough is smooth and satiny.

Turn into a lightly greased bowl, turning the dough around in the bowl until all sides are coated with fat. Cover and set to rise in a warm place until double (about 1 1/2 hours). Sprinkle the board lightly with flour, turn the dough onto the board, and divide in halves. Cover and let rest 10 minutes.

Walter Winchell

Robert Ripley's exploiter reports that Ripley is the researcher on it . . .

That Herr Goering's first name, Herman, came from a Jewish doctor, Herman Eppstein, of Tyrol, Austria . . . Goering's father was Governor of German East Africa. A widower, who couldn't take along his infant son—so he boarded him with Dr. Eppstein . . . The physician raised the boy—sent him through school in Bavaria and paid the tuition until he graduated as a lieutenant . . . Dr. Eppstein passed on in 1935 . . . No. 2 Nazi Goering attended the funeral . . . When he entered the synagogue, he paused at the door and asked if he should wear or remove his hat . . . Ripley adds: "In case you didn't know, the name Winchell in German means diving rod, the instrument that detects the truth."

In the foyer of the Barbary Room the other night Raymond Paige took this snapshot . . . A corporal noticing a colonel losing one of his eagles—meekly offered to pin it back . . . "Thanks," grumped the colonel, "the dumb things catch on everything."

"Gee, sir," was the reply, "I wish I had your troubles!"

Bigtown Murals: At about 8:30 the other Monday night (during a heavy rainstorm) a packed Amsterdam Avenue trolley stopped at 128th Street. The conductor got out—went to a bar and grill—ordered two sandwiches and a beer—while the passengers waited 20 minutes . . . The newsreel theater in the Grand Central Station. It features a clock to the right of the screen . . . The clock is set two minutes fast—so spectators won't miss trains . . . The clock at the near-by Commodore Hotel bar is set three minutes ahead. Indicating that you can get away from a newsreel sixty seconds sooner than you can part from a drink.

The defacing of St. Patrick's Cathedral and other churches by some crackpot reminds us of what happened in Paris at the Place de la Concorde when the Nazis marched in . . . Ten German army bands held a concert and 8,000 Frenchmen were forced to assemble . . . Through the microphone the assemblage was asked: "Who doesn't speak German?" The whole crowd raised their hands, and a picture was taken . . . Which showed up in South America via the Goebbels propaganda machine—with this caption: "French crowds acclaiming German army in Paris with Nazi salute" . . . Dismiss this incident at these worshipping shrines as the job of those desperately trying to cause disunity and trouble.

The Wireless: "The Song of Bernadette," so beautiful to read and see, suffers from the slows on the kilocycles. It comes to the ears as ham-heavy, which it never is between covers and on the screen . . . The west coast comics "located" you dizzy with their jibes at California's unusual weather. What you might call horse-orgn comedy, strictly for the family . . . One cast announcer got a mouthful of esses, and it came out: "Upton Close on the Noose" . . . The guffaw of the month was uttered by a Berlin radio expert named Von Hammer, who whimpered that "the Red Army is using unmannerly military tactics" . . . Fulton Lewis' blast at certain congressional under-the-belters was ear-arresting . . . John B. Kennedy was also aroused into slugging back at them.

Quotation Marksmanship: Ethel Smith: She was the light of his life, but it turned into an awful glare . . . Ambrose Bierce: Woman would be more charming if one could fall into her arms without falling into her hands . . . Eleanor Roosevelt: No one can make you feel inferior without your consent . . . Mme. Deluzay: A coquette is a woman without a heart, who makes a fool of a man who has no head . . . D. R. Henderson: The V for Victory is only half the W for Work . . . Christopher Morley: There is so much for me to say, but your eyes keep interrupting me . . . B. Lytton: A stiff man, starched with self-esteem . . . Garry Moore: He sweeps women off their feet—a Beau Broomel.

864 Question: The President, they say, was asked (by a reporter) to name the member of the United Nations he considered the most important ally. "Is it Great Britain, China or Russia?"

"I'll ask you one," FDR said. "Which is the most important leg on a three-legged stool?"

Once William Allen White was attending a Democratic national convention . . . A Senator, smiling, announced: "In looking over the delegates I fail to recognize any congressmen, and so I shall call upon my good friend, William Allen White, to open the convention with a prayer."

Mr. White arose. Stabbing the Senator with a glare, he sarcasted: "You will have to excuse me. I'm a little out of my element, and the fact is, I prefer the Lord does not know I am here!"

THE OLD JUDGE SAYS...

"Sorry Judge, my shipment of suspenders still hasn't come in. Some articles are mighty scarce these days. I don't get anywhere near as much as I could sell."

"With the war going on, Frank, we've got to expect those things. It's true of luxuries just as it is of necessities. Take whiskey, for example. There's a real shortage in that. It's to be expected when you realize there hasn't been a drop of it distilled in this country since way back in October, 1942.

"The only thing distillers have been making during that time is war-alcohol for the Government. So, I wasn't surprised a bit to read how bootlegging and black markets have sprung up around the country as a result of the dwindling supply. Our 13 years of prohibition proved that if folks can't get legal whiskey, they'll get illicit whiskey. Sure hope the shortage doesn't last too long. I'd hate to see this country turned over to the bootleggers again."
