Miss Margaret Ann Carter to Receive Degree of Bachelor of Science

Denton, May 18—Miss Margaret Ann Carter of Rankin will receive her bachelor of science degree from North Texas State Sunday, May 23, in the fifty-fourth annual spring convocation, which is to be dedicated to Miss Edith L. Clark, retiring dean of women.

Speaker for the baccalaureate sermon Sunday morning will be Col. Ora J. Cohee, chief of the Chaplain's Branch of the Eighth Service Command, and Mrs. Sally Ward Beretta, vice-chairman of the Board of Regents of state colleges and universities, will speak at the commencement services Sunday night.

As a special tribute to Miss Clark, who ends 42 years on the campus this semester, President W. J. McConnell and Miss Mamie Smith of the NTSTC English faculty and Dr. Cora Martin of the University of Texas will give short talks at the commencement exercises on Miss Clark's contributions to the campus and college life.

Col. Cohee, the baccalaureate speaker, has been a member of the regular United States Army since 1916 and has represented the United States in Mexico, France, China, and the Philippines.

He was awarded the Distinguished Service Cross and the French Croix de Guerre for extraordinary heroism in action near Rembercourt, France, in 1918. Chaplain Cohee worked under constant artillery fire for two days in charge of stretcher bearers, personally assisting in carrying the wounded men to safety.

Degrees will be conferred by President McConnell on 91 seniors and 15 graduate students.

Miss Carter is the daughter of Mr. and Mrs. Hamp Carter, and while at the Denton college has been a member of the Elementary Council Pioneers, and the Senior Mary Ardens.

Mrs. H. M. Smith returned to her home in Santa Anna after spending the week here with Mr. and Mrs. R. O. White and daughter. She attended the music recital of her granddaughter, Anna Maude as well as other exercises for her graduation from High School.

Mr. and Mrs. Bruce Monroe left here last Saturday for their home in Hobbs, N. M. The children have been with their grandmother, Mrs. Zack Monroe for a week while their mother was in Temple.

Texas Number 1 Hobbs Flows 204 Bbls in 24 Hrs.

The Texas Company's No. 1 Hobbs, opener of an oil field in southeastern Crane County and Texas' first producer for the Devonian lime, flowed 204 barrels oil in 24 hours from a perforated section 5,300-5,350 feet, cutting two-tenths of one per cent of basic sediment.

The pay of the new discovery was topped at around 5,268 feet, the Devonian being topped at 5,260 and the Silurian at 5,575 feet. No. 1 Hobbs is 660 feet out of the north corner of section 46-35-H&TC, almost on the Crane-Upton County line. It is 4 1/2 miles southwest of shallow Permian lime production in the McCamey field and six miles northeast of Girvin.

District Board of Review Held for Rankin Boy Scouts Friday

A district board of review was held Friday morning when five Boy Scouts were up for higher rank Roy Lee Bell and R. C. Schlager were up for Star Scouts and Bobby Bell, Ralph Daugherty, Jr., and Herman Calote were up for Life Scouts. They will receive their merit badges Friday night when they will be presented at a Court of Honor being held at Camp Webb during an overnight Camporee, to which Scouts of the district have been invited.

The board of review was held at the Methodist Church and the district officials making up the board were Matt Dillingham, who acted as presiding chairman, Harry Logan, Jack Ott, Ralph Daugherty and Stanley Eddins.

Freshman Party

On Friday, May 12th, a barbecue chicken dinner was given by Ralph Daugherty, Jr., for his classmates, the Freshman class of the Rankin High School and members of the faculty.

The dinner was served in the spacious yard of the home of Mr. and Mrs. Daugherty.

Lunelle Elliott of Houston spent a few days with her family here while her brother, Jim, was visiting here.

Miss Reba Lou Rains is home for the vacation from Texas Tech. at Lubbock.

Fifth War Loan Quota Largest that Has Been Set To Date

A state quota of \$464 million dollars for the Fifth War Loan, June 12-July 8, has been announced by State Chairman Nathan Adams of the War Finance Committee of Texas. This is the largest sum yet and the drive will be "a big and vital effort," Adams said.

Of the total, \$236 million has been set for individual Texans alone, \$125 million of this to be in Series E Bonds.

Counties throughout the state are announcing their quotas now.

"It is going to be big and tough—the biggest and toughest drive," Adams said in warning that all of the nearly seven million people of Texas must face the facts.

But "it can be done," Adams insisted. "It has been proved."

He pointed out that during the Fourth War Loan more was raised than the total quota for the Fifth. The over-all goal for the Fourth was \$395 million and Texans subscribed \$450 million.

"No one is exempt," Adams said. "Our boys are dying for you and for me. Think of the invasion and you cannot think of not buying war bonds."

"Our victory volunteers must, of course, do a large part in cutting out the great Texas market," he said in praising the past efforts of the victory volunteers.

"It will be a severe home-front test for every person in the state," he said.

Conference of Sheep & Goat Raisers' Directors To Be in Junction

The next quarterly conference of the Texas Sheep and Goat Raisers' Association's Board of Directors will be held on June 3 at Junction, Texas, Vestal Askew, Association's secretary, announced today.

Askew urged all Directors to attend, as well as other Association members and friends.

Governor Coke R. Stevenson will be guest of the sheepmen during the meeting. Durham Jones, in charge of the CCC wool appraisal work, is expected to attend. A discussion of the developments in the Association's efforts to secure the "constant unit method" of valuing livestock for income tax purposes, will be given.

The meeting is called for 10:00 A. M. in the Kimble County Court-house, Marsh Lea, Association President from Fort Stockton, will preside. Association activities for the past quarter will be presented and future matters effecting the industry will be discussed.

The Association's Kimble County Directors and Junction citizens will entertain the visitors with a noon-day barbecue and livestock exhibit. Members of the Association's Women's Auxiliary will also meet during the day and will be entertained by the Junction Auxiliary members. Mrs. Sayers Farmer of Junction is Auxiliary President.

Wool Is Shearing Light In Local Section

Although only from one-quarter to one-third of the local wool has been sheared to date, reports from the Ranchers Wool & Mohair Assn. are that everybody's wool is shearing light. Although less shrinkage may be expected the per cent will be less per head.

Most of the eight months wool in this section is now in storage as well as lamb wool, however the largest part of the shearing of ewes is not expected until the last of next week.

The difficulty experienced last year in getting shearing crews has been evidenced thus far, however the most reliable crews that have worked in this county are not expected until the heavy shearing of 12-months wool starts, usually around May 26th.

Seniors Feted with Entertainments During Last Week of School

The Senior Class of the Rankin High School were entertained Sunday afternoon with a party at the home of Mr. and Mrs. R. O. White. Pictures of the class in their caps and gowns were taken during the afternoon. Punch and ice box cookies were served to the group. Following the party the class went in a body to the Methodist Church where baccalaureate services were held. Following the services an ice cream party was given the class at the home of Mr. and Mrs. Roy Bell.

Following the commencement exercises Thursday evening, the room mothers of the Senior Class, Mrs. J. T. Dameron, Mrs. C. Snell and Mrs. C. L. Burress entertained for the class, the speakers of the evening and parents and family of the Seniors. Punch and cake was served from the dining room of the school with Mrs. Dameron presiding at the punch bowl and Mrs. Burress serving cake.

Officers for Eastern Star Chapter Elected Monday Evening

At the regular meeting of the Eastern Star Monday evening, election of officers for the ensuing year was held. Miss Louise Malaise was chosen to fill the worthy matron's station; Chas. Hemphill, worthy patron; Mrs. Clint Shaw, associate matron; J. C. Bredehoff, associate patron; secretary, Miss Maggie Taylor; treasurer, Mrs. Porter Johnson; conductress, Mrs. C. J. Holcomb; and associate conductress Mrs. Walton Harral. These officers and others that are appointive will be installed Monday night, June 5. A special installation program has been planned.

More and more our armies are landing our fighting troops by parachute, disrupting enemy lines, enemy communications, but paying a heavy price in casualties. Silken fineries and their substitutes are fast passing from the market to provide safe landings for our distant fighting men. We can still buy silk and nylon for them with War Bonds and Stamps.

Lt.-Gov. John Lee Smith Gives Senior Address At Exercises Thursday

Speaking in a simple yet explicit manner, Lieutenant-Governor John Lee Smith brought out the need for applying education to practical living, when he was the guest speaker Thursday evening at Commencement Exercises at the Rankin High School. The valedictory and salutatory addresses and special musical numbers made up the program with the presentation of the various awards.

The American Legion Awards presented by Ralph Daugherty in behalf of the Price Pool Post went to Christine Yocham and John Robert Prude of high school; Roy Lee Bell and Joan Starnes of Junior High School.

Joel Starnes made the presentation of the Tommy Priest and Phillip Eddins awards and they went to the following students:

Phillip Eddins award to Carolyn Midkiff; Tommy Priest award to Rosa Fuentz of the Spanish American School, Margaret Key of the Elementary grades; Joan Starnes of the Junior High School and Christine Yocham and John Robert Prude tied for this honor of the High School.

Other awards were presented by Stanley Eddins as follows:

Best Sport among the girls selected by the student body was Christine Yocham and the Best Sport among the boys selected by the student body was Clayton Dameron.

Most Valuable Volleyball Player selected by the volleyball team was Mary Alice Bell and the Most Valuable Basketball Player selected by the basketball team was Jack Garner.

The outstanding student in the Commercial Field was Daphne Snell who made the highest record in typing this year.

Three students were given Perfect Attendance Certificates for being neither absent nor tardy. These students were Wanda June Burleson, Travis Taylor and R. C. Schlager.

Students receiving Certificates of Awards for receiving the distinction of appearing on the honor roll for every month during the 1943-44 school term were Mary Maude Hannaford, James Merriman, Wallace Gary, Wanda June Burleson, Mona Sue Branch, Jean Shaw, Margaret Key, Billy Ross Wheeler, Ann Hemphill, Jimmie Workman, Joveta Yocham, Wanda Lee, Joan Starnes, June Caruthers, Theo Blue, Christine Yocham, Mary Alice Bell, Anna Maude White, Patty Burres and Daphne Snell.

The honor roll awards to Patty Burres and Anna Maude White were received Friday morning.

SNAPPY FACTS ABOUT RUBBER

Natural rubber is still something of a mystery, even after years of laboratory experiments. It has carbon and hydrogen, but there are other qualities which have not as yet been determined.

Before the war, 60 per cent of the tires and tubes made each year were used as replacements, and 80 per cent of the new motor vehicles sold replaced those annually scrapped.

Brazil rubber selling at \$3.06 a pound in 1910 stimulated the development of the Middle East plantations to the extent that 3,000,000 acres were under cultivation in 1915, providing the bulk of the world's supplies.

Things Few New Yorkers Know About New York:

New York isn't all stone and steel. Staten Island is dotted with small towns and fertile farm lands, by cracky... There are about 600 Indians in our burg... The Stock Exchange has its own medical dept. and tailor... Most odoriferous spot in town is Front street, where the city's supply of coffee is roasted... You can find almost anything in Manhattan, including a lighthouse—at Fort Washington Point... New York's most expensive real estate is supposed to be Nassau street—as much as \$825 a square foot has been shelled out for property there... Meals in the city's housegowns are planned by expert dieticians. No room service, however.

The tiny cemetery on Tenth street was the scene of our town's most macabre crime. The bones of a rich New Yorker, buried there, were once stolen and held for ransom. The remains were eventually recovered but the skeleton-nappers were never arrested... On Second avenue there is a 3, 9 and 19 cents store. Don't know the reason for the unusual prices... The stone fortifications that were used during the Revolutionary war can still be found near B way and 150th street... Six different streets meet at Sheridan square... Oldest-named shop is the Chinese eatery called Hang Far Low... The clock tower at the north end of Battery park sounds the signals for the watches kept on shipboard... Wall street is only about seven blocks long, but it's the financial heart of 48 States.

For some unknown reason, above 59th street several avenues suddenly change their names. Eighth avenue becomes Central Park West; Ninth avenue becomes Columbus avenue; Tenth avenue becomes Amsterdam avenue; and Eleventh avenue becomes West End avenue... No one need go hungry or homeless on the streets of New York. The Dept. of Welfare is ready to provide food and shelter for all unfortunates. Then how come there are so many panhandlers?... Haunted house legends have grown up around the ancient brownstone mansion that adjoins Woodlawn cemetery. No one has lived there for more than a century and it's completely furnished.

Five stories below street level subterranean vaults at the Federal Reserve Bank are barred by doors weighing as much as 90 tons. The best air raid shelter in town... Juvenile delinquency isn't new. According to Police Dept. statistics, 50 per cent of the city's lawbreakers have always been under 25 years of age... Mayor LaGuardia has a tiger skin in his home to symbolize his victory over the Tammany tiger... Among the Weather bureau's unusual duties is collecting pollen to aid in the study of hay fever... Plenty of amusement spots in our town—over 700 legit theaters and movies.

You don't have to leave New York to enjoy natural scenery. The eye-filling sights along the Hudson are as beautiful as anything you'll find in any part of the world... A few New Yorkers who love to go to fires have private fire alarm boxes in their homes... Most popular part of the public library is its record booth where you can hear recordings gratis. You must make reservations two weeks in advance... For its post office in the RCA building, the gov't pays Radio City \$1.60 a year rent... There is a deserted theatre under Carnegie Hall... Swankiest elevators in town are at the New York Central edifice. Decorated with red Chinese lacquer and sky-blue ceiling... 50,000,000 pounds of food pour into New York every 24 hours.

Broadway is the city's oldest street. It was down early Broadway that a courier dashed shouting the news of the Battle of Lexington... More crimes have taken place on the Main Stem (between 47th and 49th streets) than in any other spot in town. No one knows exactly why... There is a huge warehouse in Radio City's sub-basement... The opulent house at 73rd street and Riverside drive that resembles a castle was erected by Charles M. Schwab and cost two and a half million... A unique subway station is the one at 190th street. It's carved out of the side of a cliff... No trick is missed in an effort to improve radio programs. NBC's studios are coated with a special sound-insulating glue... Inside the Brooklyn Bridge abutments are large catacombs. A department store used to cache its liquor there.

Exotic East Indian merchants can be found on lower Fifth avenue. They sell "priceless" gems. One merchant is named Mohammed Ali... The Bowery Diamond market is one of the burg's picturesque sights. Diamonds worth millions are bought and sold on the sidewalk in the midst of the poverty-stricken sector... George Washington's love for the drama helped make New York a theatrical center. When he lived in the Big Town, Gen. Washington rarely missed a first night.

Buck Private Thought It Time for Change of Status

Accompanied by a driver, an American major in a motor vehicle was stopped by the sentry on guard at a cross-roads. "Who goes there?" "One American major, a one-ton truck of fertilizer, and one buck private." They were allowed to proceed, but at every cross-roads they went through the same formula. After a time the driver asked if they were likely to be stopped again. "I guess so," replied the major. "Well, major," said the private, "the next time we are stopped would you mind giving me priority over the fertilizer?"

Watch Your Kidneys!
Help Them Cleanse the Blood of Harmful Body Waste
Your kidneys are constantly filtering waste matter from the blood stream. But kidneys sometimes lag in their work—do not act as Nature intended—fail to remove impurities that, if retained, may poison the system and upset the whole body machinery. Symptoms may be aching backache, persistent headache, attacks of dizziness, getting up nights, swelling, puffiness under the eyes—a feeling of nervous anxiety and loss of pep and strength. Other signs of kidney or bladder disorder are sometimes burning, scanty or too frequent urination. There should be no doubts that prompt treatment is wise. Use Doan's Pills. Doan's have been winning new friends for more than forty years. They have a nation-wide reputation. Are recommended by grateful people the country over. Ask your neighbor!

HOUSEHOLD MEMOS... by Lynn Chambers

Porch Suppers Furnish Tonic For Appetites

Serve the family quickly prepared cool drinks made with flavored powders. They're economical and can be made in a flash by any member of the family.

Wise homemakers will plan porch suppers for warm evenings. Not only will the family enjoy the gay informality of the porch but the changing of meal-time locale just naturally will pep up lagging appetites that warm weather brings.

Checked cloths in bright colors will carry out the simplicity of theme that is customary when you "rough it" on the porch, or if you have them, fringed cloths or bric-a-brac edged ones will do fine.

Centerpieces of fruit from the orchard or big bowls of colorful vegetables will dress up the table. Fat candles in squat glasses will add a homey touch to supper, and the family will love to linger over the table just chatting until the last candle burns low. All this promotes a nice social atmosphere which we call home, and that you'll agree is important!

Keep to the simple and sensible with food and try to have foods combined on one platter so there aren't too many trips to the kitchen. Meat and vegetables can go on one platter, salad in a bowl, rolls in a basket and dessert on one plate, everyone dishing out for himself in "help yourself" style.

Barbecued chicken is an appetite bracer and so colorfully golden brown it will make an immediate bid for attention at the porch supper:

- Barbecued Chicken.**
 1/2 cup catsup
 2 tablespoons vinegar
 1/2 cup salad oil
 1 large onion, grated
 1 clove garlic, crushed
 2 teaspoons salt
 1/2 teaspoon pepper
 Dash of cayenne
 Pinch of thyme
 Chicken, cut in pieces

Combine ingredients in order given, stirring until salt is dissolved. Let stand several hours or overnight. Brush over chicken just before broiling. Broil in a hot oven 20 to 30 minutes, turning frequently, and basting again with sauce, until chicken is cooked thoroughly. If sauce is kept for more than overnight, remove garlic clove.

***Veal on Skewers.**
 Cut boneless veal in pieces 1 1/2 inches square by about 3/4 inch thick. Place on wooden skewers, alternating meat with slightly smaller chunks of peeled potato, carrot and whole, small onions. Lay skewers in roasting pan with 1 cup hot water and salt to taste. Cover and bake in a hot oven for 1-1 1/2 hours

Lynn Says
Spring Vegetable Tips: Cut string beans with scissors. It saves time and fingers. Carrots peel easily if blanched in boiling water for two or three minutes. To retain the red color of beets, always cook them with about two inches of their stem left on when boiling. Old coffee percolators are excellent for cooking asparagus. Stand asparagus in percolator, add boiling water, adjust cover and cook. The tips steam beautifully while the stems are cooked to perfect tenderness. To wash spinach, use warm water rather than cold. It loosens the sand from the leaves.

until meat is tender. Garnish with broiled bacon.

Save Used Fats!
 For a quick supper dish you might try this meat pie, flavor rich and economy-wise:

- Hamburger Noodle Pie.** (Serves 6)
 1 1/2 pounds hamburger
 1/4 cup milk
 1/2 cup fine, soft bread crumbs
 2 tablespoons onion, minced
 1 egg, slightly beaten
 Salt and pepper to taste
 Hot buttered noodles

Combine all ingredients except noodles and pat mixture into bottom and sides of pie plate. Bake in a moderate oven (350 degrees) 45 minutes. To serve, fill center with hot, buttered noodles and dust with paprika.

Don't forget the lovely spring greens when it comes to adding color to the table and vitamins to your diet.

- Wilted Greens.**
 1 small onion, chopped
 1/4 cup bacon fat
 1/2 cup mild vinegar
 Greens

Cook onion in bacon fat until yellow, then add vinegar. When heated through, add greens and cook until just wilted. Season with salt and pepper and serve hot.

- Mixed Spring Greens** (Serves 6)
 1/2 pound beet greens
 1/2 pound dandelion greens
 1 teaspoon lemon juice
 1/2 teaspoon salt
 2 tablespoons butter
 2 tablespoons flour
 1 cup milk
 1/4 pound chicken livers, sauteed and cut fine

Cook and drain greens. Add lemon juice and salt. Pack into buttered mold or loaf pan and place in oven to keep warm. In the meantime, melt butter, blend in flour and add milk. Stir while cooking until smooth and thick. Add chicken livers. Turn mold onto platter and pour sauce over them.

- *Beet Greens With Diced Beets.** (Serves 6)
 1 pound beet greens
 1 1/2 cups cooked beets, cubed
 1/4 cup melted butter
 Salt and pepper to taste

Cook greens until tender and drain. Add beets, butter, salt and pepper, mixing until blended. Serve piping hot.

This veal wheel will turn a new trick for your porch suppers. Pieces of veal, carrots, potatoes and onions all go on wooden skewers to make up the colorful platter and adds new design to menus.

You'll want desserts that aren't too rich and are easy to prepare. Berries are good and in season now: ***Strawberry Meringue Pie.**
 2 cups milk
 1 package vanilla pudding
 2 beaten egg yolks
 1/2 teaspoon vanilla extract
 1 9-inch baked pastry shell
 1 cup strawberries

Gradually add milk to pudding, stirring constantly. Cook over low heat until thick. Add part of hot pudding to egg yolks; stir in remaining hot pudding. Cool slightly; add vanilla. Pour into shell. Place strawberries on top of filling. Pile on meringue.

For Meringue:
 1 teaspoon unflavored gelatin
 2 tablespoons cold water
 2 egg whites
 3/4 cup confectioners' sugar
 1 cup crushed strawberries
 1 teaspoon lemon juice

Soften gelatin in cold water; dissolve over hot water. Combine remaining ingredients. Beat until thick; add gelatin. Continue beating until mixture forms peaks.

PAUL IN CORINTH

LESSON TEXT—Acts 18:1-4; 1 Corinth. 13:1-7
 GOLDEN TEXT—But now abideth faith, hope, love, these three; and the greatest of these is love.—1 Corinthians 13:13.

Who is a Christian? One might answer in a number of ways. He is one who has been saved by the redeeming grace of Jesus Christ. He is one who seeks to live a life in accord with the will of God. He is a witness for God, and so on. But the answer that the whole world understands is a life in which the redeeming love of Christ begets a true love for one's fellow man.

I. An Example of Christian Love (Acts 18:1-4).

Teaching and preaching are God's ordained way for presenting the truth. They are effective, but only when done by one whose life exemplifies the truth. In his letter to the Corinthians Paul gives the greatest discussion of love known to the world, but before he wrote it he had lived that truth before them. The Holy Spirit spoke through him of love, because He had already lived the truth out in the preacher.

Two things appear here: Paul was:

1. Working (vv. 1-3). The world's most distinguished missionary and preacher had arrived in Corinth. Where was the welcoming committee of local dignitaries? There was none. Whose comfortable home would receive him? None was offered. His was the lot of the pioneer for Christ. He had to hunt up a Jewish fellow craftsman and go to work to earn his bread.

Paul, like every other Jewish boy, had learned a trade, something he could do with his hands. He was a tent and sail maker, and was not ashamed to work at his trade. A more recent follower of Christ put it thus: "My business is to preach the gospel, but I pack meat to pay the expenses."

But notice that Paul did not let this work become the chief thing. As the Lord prospered him he did not decide to "go back into business." No, for his real business was:

2. Witnessing (v. 4). He began, as was his custom, in the synagogue, presenting Christ to Jews and Greeks. The Jews opposed him (see v. 6), and then Paul addressed himself to the Gentiles.

God prospered that ministry and encouraged Paul by a vision, assuring him that the Lord had "much people" (v. 10) in that wicked city. The love of Christ in Paul thus shone forth as a light in the darkness of sin and superstition.

Love was something which the heathen world of Paul's day had so misrepresented and distorted (even as it has today) that it needed definition and exposition. So we have—

II. An Explanation of Christian Love (1 Cor. 13).

This is one of the outstanding chapters of all Scripture. Its magnificent discussion of the greatest of all themes has drawn forth many choice expositions.

The thought centers around the emptiness of the loveless life, the glory of the life of love, and the eternal unchangeable power of love. We gather it up in three words.

1. Indispensable (vv. 1-3). Without love man's attainments are empty. He may become an orator with a "heavenly" gift of speech, but unless he truly loves, his elegant and persuasive talk is just a meaningless noise. How true!

One may also have marvelous gifts of prophetic insight and a wonder-working faith, and find that it is all a vain and empty experience without love. Our world leaders could well study that verse just now. Sacrificial interest in the needs of mankind is a fine trait in man, but it must have the love of Christ in it or it too is profitless. As we think of feeding the hungry nations of the earth, let us not forget to make it worth while by doing it in Christian love.

2. Incomparable (vv. 4-7). The standard for the life of a Christian is a very high one; in fact, it is impossible of attainment apart from the grace and power of Christ. Naturally, we find ourselves to be impatient, proud, suspicious, resentful, etc. The new nature in Christ is just the opposite, for love rules.

Note that phrase "endureth all things." We need that in these days when it is so hard to keep on going, or as someone said, "to keep on keeping on." Love endures all things.

3. Immutable (vv. 8-13). All things in life change and pass away. Love is eternal and unchangeable. Even the spiritual gifts have their fulfillment and pass through all eternity. God, the Eternal One, is love (1 John 4:8, 16). When we shall come to that perfectness of understanding which is to be ours one day, when we shall know even as God now knows us, then we shall see love as the supreme gift, eternal in its power and validity.

Brother of McCamey Woman Commands P.T. Boat and Is Cited for Daring Courage

"I was aboard a P. T. Boat in the Pacific when she made her last operation and for courage have seldom seen a braver crew, most of whom are less than 21 years old," writes William C. Wilson, News correspondent. The skipper was Lt. (jg) Hershel Boyd, a former football star at Texas School of Mines, whose command is 80 feet of pure dynamite. Lt. Boyd is the son of Mr. and Mrs. J. R. Boyd of Crane, and sister of Mrs. Ross Smith of McCamey.

"We are going where P.T.s have never been before," Boyd said. "We might run into trouble, but the hunting should be good."

It was. Shortly before 9 o'clock the executive officer nosed the boat toward a cove below Hollandia, Dutch New Guinea. The extreme westward operation for P.T.'s in this campaign.

"There's one, dead ahead," said the torpedo man.

The general quarters gong was unnecessary and we silently closed in for the kill. It was a tense moment as we approached, not knowing we were running on to a gunboat with much heavier guns. Boyd drew closer, then suddenly gave the signal to open fire.

From every position on the boat guns opened up with red tracers guiding hundreds of machine-gun bullets and heavier caliber explosives toward an enemy lugger.

We had effected complete sur-

prise. We quickly knocked out the lugger's guns on an initial swing and then came around to finish her off. In a frantic effort to escape the P. T.'s withering fire, the Japs ran the lugger onto a reef and what was left of her personnel fled to shore. We drove in closer with spot-light blazing, shot off the stern of the lugger and left her benched and burning.

Soon the word was passed that two barges were trying to outrun the P.T. Boyd closed in and opened fire on two supply barges before the Japs had time to fire. The two barges ran onto a beach and were left burning. Apparently all aboard were killed.

Mr. Wilson states that the P. T. boat commanded by Lt. Boyd had helped to sink six barges loaded with Japanese troops and itself destroyed two supply barges and large coastal lugger.

Three "why's of malnutrition are (1) "don't know enough", (2) "don't have enough", and (3) "don't care enough", a federal nutrition consultant declared at a recent nutrition meeting at the University of Texas.

"Most people take it for granted since they feel healthy, that they are getting an adequate diet," explained Miss Vivian Drenckhahn, Office of Distribution, W. F. A., Washington. "Since their symptoms are not dramatic, it's much more difficult to correct the deficiencies."

THE OLD JUDGE SAYS...

"Guess we're pretty lucky in our town, Judge, that we don't have the youth problem you read about in other places."
"Don't know as you can call it lucky, Harold... we saw it coming with the war and we did something about it before it hit us. We gave our 'teen age youngsters the recreational facilities they needed and really wanted. Those familiar with this wartime problem know that young folks go to places they shouldn't only when the proper places

are not provided for them. Young people always want to be with others of their own age... want their own type of entertainment. Town after town has found out that once these simple wants are met, the problem is well on its way to being licked."
"Guess I didn't really know how far-sighted our town really is, Judge. If we hadn't looked ahead we wouldn't have had anybody or anything to blame but ourselves, would we?"
