S. H. Choate Fined \$250 in Assault Case Tuesday Night

The case of S. H. Choate, assault with intent to murder, was tried the first of the week when the 112th District Court convened in Rankin with Judge Hunter Metcalfe sitting for Judge W. C. Jackson, holding court.

Choate was fined \$250.00 and costs of court after a jury deliberated a little over an hour. The jury was selected Monday, evidence presented Tuesday and the jury rendered a verdict Tuesday night at 11:25 styling the case aggravated assault.

Prosecuting attorney was Hart Johnson of Fort Stockton and consulting attorneys were T. A. Scruggs and Garland Casebier. Attorney for the defense was Wm. E. Davenport of San Angelo.

Jurors trying the case were Alvin Bushong, Roy Bell, J. O. Barfield, S. H. Boyd, Tom Mitchell, Harry Howard, Lloyd Yocham, P. H. Patton, Cecil Copeland, E. C. Higday, D. A. Woffard and Clyde Key.

The case of the State vs. R. A. McKnight was passed to a later date; also the case of J. M. Clark administrator vs. Leta O'Callaghan, et vir, was passed to a later date. The petit jury was dismissed for this term of court, however, Judge Jackson will return and dispose of non-jury civil suits.

Mr. and Mrs. Japson Pettit and Mr. and Mrs. Preston Patton left last Wednesday for San Saba and spent several days there attending the Jaycee Rodeo held annually in that city. Pettit roped and up to the last day was third, when he lost his place. Leading ropers of the section were there to compete.

West Texas Oil Completions 70.7 Per Cent Above 1943's

MIDLAND, June 21. — Completions of oil tests in West Texas showed an increase of 70.7 per cent during the first five months of 1944 over the same period of 1943.

In the entire Permian Basin, which includes West Texas and New Mexico, the aggregate increase in completions for the period was 68 per cent over the January-May period of 1943.

A total of 630 tests was finished in West Texas during the first five months of this year. In the same period last year, 360 drilling operations were completed. New Mexico had 168 completions this year compared with 107 during the first five months of 1943.

The entire Permian Basin added 601 new oil wells this year between January 1 and May 31—499 of them were in West Texas and 102 were in New Mexico. West Texas reported 102 dry holes, and New Mexico had 53 dry ones.

Completions in West Texas for May, 1944, were 139 compared with 96 in the same month of last year. New Mexico had 30 completions this May and 24 in the same month last year.

There were 409 rigs active in West Texas on June 1, and there were 174 rigs in operation in the area a year before. New Mexico had 84 rigs in operation this June and 50 at the same time last year. The 493 rigs active in the Permian Basin accounted for 14.1 per cent of all working drilling units in the United States. A year ago this territory had only 9.6 per cent of the active rigs of the United States.

GIVEN UNDER MY HAND AND SEAL OF OFFICE this the 14th day of June, A. D. 1944. Ralph H. Daugherty, County Clerk, Upton County, Texas. By Dorothy West, Deputy.

Mr. and Mrs. V. F. Glidewell returned Monday from Washington County, Ark., where they had been due to the illness of her father, A. B. Stevens. The children, Maxine and John Aubrey remained in Arkansas.

4-H Club Boys Attend Sonora Wool Show

Four 4-Club Boys from 10 West Texas counties Tuesday and Wednesday competed in the seventh annual 4-H Club Wool & Mohair Show held in the big warehouse of the Sonora Wool & Mohair Co., in Sonora.

County Agent Berry Duff said single entries numbered 142 while an aggregate of 37 bags of wool was shown to Stanley Davis, marketing authority from Texas A. & M. College, who was the judge.

"It's the largest show we've ever held," said Lions Club officials. The club is sponsor of the show.

Between 65 and 75 boys from the 10 counties of the section, some of them accompanied by their fathers as well as county agents, were there and guests of the Lions Club at supper. The boys also were guests of the club for dinner Wednesday at noon.

Counties represented at the show were Schleicher, Sutton, McCulloch, Tom Green, Coke, Concho, Presidio, Menard, Pecos and Upton.

County Agent C. Snell accompanied Frank Robbins and David Pauley to the show.

Word was received by Mrs. Ada Harris and Mrs. J. D. Starnes that their son and brother, Corp. Norton Harris of the Army Air Corps engineers, had arrived safely overseas.

Mr. and Mrs. John Christy visited in San Saba last week.

A coyote hunt on the Henry Neal ranch down near El Paso was participated in by a number from Rankin. Among them were J. D. Shipp, Tom Mitchell, Tom Workman, H. F. Neal and Perry Cavender. They got one coyote and five eagles.

Ross Wheeler spent the weekend in Goldthwaite and accompanied Mrs. Wheeler and the family to Rankin Monday as they were returning from a two weeks' visit with relatives.

Mrs. H. Wheeler and Mrs. B. P. Miller were San Angelo visitors Saturday.

Mrs. Porter Johnson received word from her sister Pfc. Grace Roach that she had arrived safely overseas.

Mary Beth Shipp is visiting her grandparents, Mr. and Mrs. A. B. Shipp in Rotan for two weeks.

Mrs. Walton Poage and Mrs. W. T. Elrod were visitors in San Angelo Tuesday. They visited Jess Elrod who is slowly improving from a lingering illness.

:- FREEDOM :-

From the archives of broken peace we are bringing out old words and dusting them off for use again as shining lanterns to lead us through the darkness of another war.

Words like freedom, justice and truth — all of them hard to define, none of them used more frequently than freedom.

You cannot say what freedom is, perhaps, in a single sentence. It is not necessary to define it. It is enough to point to it.

Freedom is a man lifting a gate latch at dusk and sitting for awhile on the porch, smoking his pipe, before going to bed.

It is the violence of an argument outside an election poll; it is the righteous anger of the pulpits.

It is the warm laughter of a girl on a park bench. It is the rush of a train over the continent and the unafraid faces of people looking out the window.

It is all the "howdy's" in the world, and all the "hellos".

It is Westbrook Pegler telling Roosevelt how to raise his children; it is Roosevelt letting them raise themselves.

It is Lindbergh's appealing voice raised above a thousand hisses.

It is Dorothy Thompson asking for war; it is Gen. Hugh Johnson asking her to keep quiet.

It is trying to remember the words of the "Star Spangled Banner".

It is the sea breaking on wide sands somewhere and the shoulders of a mountain supporting the sky.

It is the air you fill your lungs with and the dirt that is your garden.

It is a man cursing all cops.

It is the absence of apprehension at the sound of approaching footsteps outside your closed door.

It is your hot resentment of intrigue, the tilt of your chin, and the tightening of your lips sometimes.

It is all the things you do and want to keep on doing. It is all the things you feel and cannot help feeling.

FREEDOM — it is you.

J. D. Harris Promoted To Rank of Major With Army Air Corps.

J. D. Harris, brother of Mrs. J. D. Starnes, was promoted recently to the rank of Major. J. D. is only 27 years of age. He is the son of Mrs. Ada Harris of Del Rio, and lived here with the family a number of years ago, attending the Rankin schools until the family moved to Alpine where he finished high school.

Major Harris is stationed at Bartow Field, Fla., where he is Operations Officer. Shortly after receiving his wings, he was sent to the Aleutians and the attack on Dutch Harbor heralded his arrival in the islands. He remained there six months and saw considerable action while stationed there. After being returned to the States he was made an instructor.

When the P-51, fastest little pursuit plane as yet developed, was brought out, he and two other young men were selected to demonstrate these planes in the various Pursuit Schools of the United States. He received a letter of commendation from Gen. H. H. Arnold, chief of the Army Air Forces, for his work in demonstrating the planes. The P-51s carry a single bomb which can be removed to provide extra storage space when necessary. They are used in escorting fighter planes in combat.

Major Harris has his wife and baby with him in Florida.

Second Lieutenant Richard Salinan and wife arrived Thursday for a visit with his mother, Mrs. Laura Salinan. Richard has been stationed in British West Africa and Mrs. Richard Salinan comes from Memphis, Tenn. Apprentice Seaman Joe Salinan who is studying electrical engineering at S. M. U. in Dallas, will also have a few days at this time and will arrive Friday for a visit with the family.

Miss Sara Lee Stephenson left Sunday for Dallas after spending a week here with her parents, Mr. and Mrs. W. E. Stephenson. Miss Stephenson and Miss Novelle Holder are employed with the same concern in that city.

Mr. and Mrs. John O'Bryan of Big Lake were guests of Mrs. J. W. O'Bryan Wednesday. Her daughter, Mrs. Geo. Wier of Hobbs, and she left Thursday for Big Lake for a visit with her son.

Alan Holder's son, Stanley, with the paratroopers, writes him from Camp Forest, Tenn. Alan says his letters don't tell a great deal about his work there but are always welcome.

Forty Receive Diplomas In Vacation Bible School

Forty Rankin children received certificates Thursday evening in Commencement Exercises, for having successfully completed the Daily Vacation Bible School which has been in progress the past two weeks at the Baptist Church.

The school was classed a Grade A school for having acquired the standard requirements for Vacation Bible Schools. A great deal of credit goes to Miss Kathleen Wheeler for the success of the school and to the other teachers and workers. Miss Wheeler was general supervisor.

A program was presented at the church Thursday evening when the diplomas were presented to the students and certificates were presented to teachers and workers.

The program was opened by the joint worship service which the group had each morning before classes adjourned to their rooms. Then each department presented a short program; certificates and diplomas were awarded; and an exhibit of the work done concluded the program.

On Friday afternoon the entire Bible School group enjoyed a picnic in Iraan at the City Park.

Robert Schlagal Is Candidate for Constable

The Journal was authorized this week to run the announcement of R. C. Schlagal as a candidate for Constable of Precinct 1.

Mr. Schlagal has been a resident of Rankin since 1923 and the latter part of the years has been an employee of the Ranchers Wool and Mohair Assn. He has served the community as Fire Chief for the past five years, rendering an efficient service in that capacity.

The Journal recommends the candidacy of Mr. Schlagal to the voters of Precinct 1 for their consideration in the forthcoming primaries.

Mr. and Mrs. Delbert McEwen and children are spending their vacation visiting relatives in Kansas.

Mrs. Elizabeth Rains spent the first of the week in Odessa with her daughters, Mrs. Evelyn Steigler and Mrs. Baxter.

Mrs. Gertrude Hall visited in Temple a few days the first of the week.

Jim Hickox of Iraan is visiting his mother, Mrs. L. A. Hickox. Jim is confined to the home, ill.

Mrs. Rudolph Jackson and son are visiting Mr. Jackson's parents in Goldsmith.

Bud Hurst received a letter this week from his son, John D. in England. The letter was written May 31st and he was well and happy at that time.

Mr. and Mrs. O. E. Haven of Odessa were visitors in Rankin, Thursday.

Mrs. Harvey Kelly and sons of San Angelo are visiting her parents, Mr. and Mrs. H. M. Roberts. The family is moving from San Angelo to Del Rio shortly.

Benetta Collie of Hobbs, N. M., is the guest of La Rosa McKelvy.

Jack Walcher and Stanley Edkins were business visitors in San Angelo, Tuesday.

Miss Virginia Bean of Monahans was visiting her parents here last weekend.

Word was received by Mrs. Bessie Hale that her husband, MM 1-c Charles Hale, is ill in a hospital in Brunswick, Maine. Charley is suffering from an old ailment and is reported not seriously ill.

Mr. and Mrs. W. J. Price have received word from their son, Marcus with the Navy that he will leave for overseas duty.

Lt. and Mrs. John L. Green were visiting his sister and mother here a short time Sunday. He has just completed a course at Abilene as Battalion Surgeon's Assistant and will leave shortly for overseas duty.

To The Voters and Citizens of Upton County

I have entered the race for the office of County Attorney of Upton County and expect to make the race strictly on my merits and absolutely free from personalities and by way of self introduction, I have been a resident citizen of Upton County since the 27th day of January, 1943, and intend to continue to make this county my home engaging in the practice of law, the profession I have been engaged in for more than 23 years; this, however, is the first time I have entered into politics, hence you will realize I am not a professional in this line.

There will be no campaign promises, except that you see fit to elect me to this important office, I shall do my utmost to fulfill the duties thereof, without fear or favor, at all times co-operating with all of the other officers, bearing in mind my duties to society and the tax payers.

Due to the present conditions, especially the shortage of gasoline and tires, each of which are so badly needed by your boys and mine on our battle fronts, and the very small amount allowed our boys who are fortunate enough to obtain furloughs, it is my opinion that no amount of either should be used for campaign purposes for any office, and for this reason I will not be able to make a thorough campaign and meet each of you personally, and too, it occurs to me that we all should devote our time to the line of work we are engaged in, an honest and real effort to keep up the home front, just as our boys and mine are doing on the battle fronts, I therefore trust that you will treat this as a personal solicitation for your support and influence. Feeling that from my experience in the general practice of law I am qualified to fill this office, and being over military age, and believing that the office should be filled by one who is at all times accessible, I respectfully submit my candidacy to you and will appreciate your support and influence

T. A. Scruggs.

Mrs. Hattie L. Berry of Crane Dies Monday

Mrs. Hattie L. Berry, age 66, died at 8:10 Monday, June 19th, at the residence of her daughter, Mrs. Troy Renfro, 15 miles southwest of Crane. She had been in ill health for quite some time.

Mrs. Berry had moved to Crane with her daughter, Mrs. Renfro, about a month ago. She was born in Sercy County, Arkansas, near the town of Marshall, on May 26, 1878. She grew to womanhood in and near there. She was married to David D. Berry in 1910 at Harrison, Arkansas, and made her home in California for 18 or 20 years prior to moving to Texas two years ago. She was a member of the Baptist Church.

Three sons survive, Milford Berry, Los Angeles, Calif., G. O. Berry of Spokane, Washington, and Lee Berry of Ontario, California; two daughters, Mrs. Troy Renfro of Crane, Texas, and Mrs. Irene Flath of St. Paul, Minn.; three sisters, Mrs. Martha Baker, Harrison, Ark., Mrs. Tony Fowler, Eureka Spring, Ark., and Mrs. Mary Jane Martin of Boise, Idaho; and two brothers, Kay Morris of Harrison, Ark., and Wm. Morris of Spokane, Wash.

Remains were shipped to Ontario Calif., where services will be held the latter part of this week.

Funeral arrangements were under the direction of Harris-Luckett Funeral Chapel.

Mr. and Mrs. E. C. Higday had with them the first of the week, their children and families while Mr. Higday was enjoying his vacation. Miss Marjorie Higday is a student at Texas Tech., Lubbock; Captain and Mrs. Scott are from Hondo and Mr. and Mrs. Raymond King are from Eldorado.

Travers Crumpton of Fort Stockton, candidate for district attorney of the 83d Judicial District was visiting in the city the first of the week.

MM 2-c Eugene Holmes arrived Thursday evening from Station Island for a visit with his parents, Mr. and Mrs. Sam Holmes and family in Rankin. He was met in Midland by his parents.

Cold Meat Warms Up for Main Dish (See Recipes Below)

Meat Varieties
One of the most difficult tasks that faces the housewife is that of getting variety into the meat dish. Meat, in itself, is delicious, but if served in the same way, with the same vegetables or without condiments, occasionally, it smacks of sameness. There are many who will always bake ham without varying the glaze to add interesting flavor to the meat. There are others who don't realize that a bit of natural, home-grown herbs will pep up the good, old-fashioned pot roast. Some always serve luncheon meats cold on a slab of bread or with potato salad, and so on. For once, let's try things new and interesting:

Liverwurst Loaf. (Serves 6)
½ pound bologna
2 tablespoons chili sauce
4 tablespoons mayonnaise
1 tablespoon lemon juice
½ pound liver sausage
3 tablespoons finely chopped pickle
4 tablespoons chopped celery
2 teaspoons onion juice
1 loaf unsliced white bread
3 tablespoons creamed butter
Put bologna through food chopper; add chili sauce, 2 tablespoons of mayonnaise and lemon juice. Mix to a smooth paste. Mash liver sausage, add chopped pickle, celery, onion, Worcestershire sauce, remaining mayonnaise and mix to a smooth paste. Cut crust from bread, slice three inch lengthwise slices. Place one slice on baking sheet and spread with bologna paste. Top with remaining slice of bread. Spread entire loaf with creamed butter. Bake in a moderate (350-degree) oven 30 minutes. Place on platter and garnish with stuffed olives and tomato wedges.

Creamy Mustard Sauce.
¼ cup sugar
½ teaspoon salt
2 egg yolks
1 cup scalded milk
¼ cup prepared mustard
2 tablespoons vinegar
1 small sprig chopped thyme
½ teaspoon allspice
½ teaspoon celery salt
¼ teaspoon paprika
Dash of tabasco
6 slices ripe olives
Mix sugar, salt and egg yolks together, beating well. Add to scalded milk in top of double boiler. Mix together mustard, vinegar, thyme, allspice, celery salt, paprika and tabasco. Add slowly to milk and egg mixture. Cook over hot water, stirring constantly until mixture thickens. Just before serving garnish top of sauce with olives.

Save Used Fats!
Kidneys and liver are both delectable if prepared with the proper seasonings:
*Roast Kidney Loaf. (Serves 6)
1 pound beef, veal, pork or lamb kidney
1 cup milk
8 slices bread
¼ cup bacon drippings or butter
2 eggs
1 green pepper minced
1½ teaspoons salt
¼ teaspoon pepper
3 tablespoons grated onion
½ teaspoon powdered sage
Wash kidney in cold water. Drain well and grind, including the internal fat. Pour milk over bread and soak. Combine all ingredients and mix thoroughly. Pack firmly in a loaf pan. Bake in a moderate oven (350 degrees) for 1½ hours.
Liver Deluxe. (Serves 6)
6 tablespoons bacon drippings
1 large onion, thinly sliced
6 cups shredded cabbage
1 teaspoon salt
¼ teaspoon pepper
1 pound cubed liver
¼ cup water
1 tablespoon soy sauce.
Brown onion in 4 tablespoons drippings. Add cabbage and seasonings. Cover and cook over low heat for 15 minutes. Remove from pan. Roll liver in seasoned flour and brown in remaining drippings. Add water and simmer 5 minutes. Add soy sauce and cabbage.
Bacon makes a tasty, light supper dish with garden-fresh green beans:
Bacon and Beans. (Serves 4)
½ pound bacon
1 pound fresh green beans
2 tablespoons bacon drippings
1 teaspoon salt
¼ cup chopped green onions
2 tablespoons chopped pimiento
Wash green beans and cut lengthwise. Cook in a small amount of water. Add bacon drippings and salt. Ten minutes before green beans are cooked, add green onions and pimiento. Serve with strips of crisp bacon.
The outdoor flavor of the barbecue is captured with this barbecue ham. The sauce is seasoned just right, tangy but not too hot:
Barbecued Ham. (Serves 6)
1 slice ham (2 pounds, 1 inch thick)
¼ large onion
¼ clove garlic
¼ cup catsup
¼ cup Worcestershire sauce
1 small can tomato soup
¼ cup vinegar
¼ tablespoon butter
¼ tablespoon sugar
¼ teaspoon pepper
Simmer ham ½ hour before baking. Chop onions and garlic very fine. Add remaining ingredients and pour over ham; bake uncovered for 30 to 40 minutes in a moderate oven.

Extra Attractions: Potato chips make nice snacks when there's a rosette of cream cheese on each one of them. Simply soften cheese and force through a pastry tube.
Try a green salad with tender green scallions from the garden, and toss together with a sour cream dressing. It's delicious!
Dredge bacon pieces in corn meal; fry until crisp. Then add onion and flour for thickening and milk for the gravy. Umm...
Roll cooked pitted prunes in orange-sugar or lemon-sugar to use as roll filling.
Make bacon biscuits (adding ¼ cup chopped bacon to standard biscuit recipe). Top baked biscuits with creamed asparagus or carrots for an inviting luncheon dish.
Top chocolate ice cream with chopped toasted almonds for a good tasting dessert.
Chopped green peppers and pitted ripe olives introduce flavor and texture contrast to fish salad.

ABOUT
RUBBER

Alcohol base butadiene is expected to provide an important portion of the synthetic rubber used in the U. S. in 1944. One instance where alcohol and the automobile go well together.

Passenger car tire shortage is expected to continue well into the summer months, at which time synthetic tires may make their appearance in growing numbers. That's why extreme tire care is important now.

In 1910 crude rubber sold for an average of \$2.06 a pound in New York. Since September 12, 1941, it has been fixed by a government agency at 22 1/2 cents a pound. In 1932 the average price was 3.4 cents.

WEEKLY NEWS ANALYSIS

First Phase of Invasion Ended As Initial Foothold is Secured; French Hail "Liberation Troops"

Released by Western Newspaper Union.
EDITOR'S NOTE: When opinions are expressed in these columns, they are those of Western Newspaper Union's news analysis and not necessarily of this newspaper.

This first picture made from French soil shows American doughboys, rifles ready, wading through the surf onto the French beachhead. The photographer who made the picture was in the first group to hit the beach. Note the invasion craft in the background. Soundphoto.

THE INVASION: First Phase Ended

The first phase of the Allied invasion of Europe was completed. To a tense world, supreme headquarters of the allied expeditionary forces announced this phase as the "securing of a foothold and the defeating of local German reserves."

Against fierce, last-ditch resistance of 10 hastily massed Nazi divisions, totaling nearly 150,000 men, allied forces were plunging inland on a 100-mile front of curving shoreline from the Seine Estuary near Le Havre to the Cherbourg area.

Allied forces are now in the second phase, which is one of defeating the German "tactical reserves," said headquarters. The third phase, which must be won before the Allied position is completely secure, is that of defeating the German "strategic reserves."

(Tactical reserves are those in or near the combat area; strategic reserves are those held in readiness at a distance.)

The Air Umbrella

Headquarters announced that 27,000 individual air missions were carried out in the two and one-half days following the dawn of D-day. Great air fleets, probably greater than those of D-day, hammered Nazi strong points, transport and troop concentrations within a 150-mile radius of the beachheads.

The German high command had not yet thrown its long-boarded fighter reserves into the battle for Normandy. The battle was joined around Bayeux, first city of France to be freed from Germans, and Caen. A fierce tank battle raged in several wooded areas near Bayeux, where the Nazis were strengthened by parachute troops.

The navy supported foot troops with a gigantic bombardment of Caen. Nazi forces were attempting to hold the city as a pivot for counterattacks. But on the second day of invasion, the Germans were forced to admit street fighting already was being waged inside Caen.

Single Front

It became increasingly obvious that Allied positions were fast being welded together into a single front, stretching from Caen through Bayeux to just outside Carentan and some distance up the Cherbourg peninsula toward Valognes.

It was disclosed that the first forces ashore on D-day might have pushed ahead more rapidly than they did, but General Eisenhower's supreme command decided it was wiser to slow the advance somewhat while awaiting more adequate strength rather than make a risk having the spearheads choked off.

OBJECTIVE PARIS: By Bastille Day?

Bastille day, French national holiday, falls on July 14 and in the first days of the invasion of western Europe, veterans of the 1940 battle of France forecast that the Allies would be in Paris by that date to help the natives celebrate.

In New York the French language weekly, "France-Amerique" carried a column by Ernest R. Bauer, which indicated that French military veterans familiar with the terrain over which the battles are now being fought predict rapid progress from the beachheads to Paris—120 miles away.

Meanwhile in London Winston Churchill urged the house of commons to guard against "the idea that things are going to be settled in a rush."

LIBERATED BAYEUX: First of Many

Eyewitness accounts described great joy in the streets of Bayeux, France, first city to be liberated by Allied troops in the invasion of western Europe. On the main rail line linking the big port of Cherbourg to Paris, Bayeux is five miles inland from Seine Bay.

"God save the King. We've waited for this day. On to Paris. Vive Tommy. Vive America." These were some of the rejoicing cries that greeted the first detachments to march through the narrow streets of the Normandy town. Cheering men and women danced through the same streets as the troops came in. Cafe owners began throwing open their doors with pianists striking up patriotic tunes to add to the festivity of that first day.

Europe is to have many towns cleared of the enemy in the weeks to come but Bayeux got its niche in the history books when the French Tricolor was hoisted above it again on the second day of the Allied landings in France.

SHUTTLE-BOMBING: Russian Bases Used

News dispatches began carrying a new dateline that read "From a U. S. Air Base Somewhere in Russia" and this spelled historic military significance in cooperation between the United States and the Soviet Union. For the first time, U. S. planes had taken off from bases in Italy, bombed German targets, and continued flying eastward to land at secret U. S. air bases set up on Russian soil.

This new program opened the farthest corners of German territory to bombing attack by Allied planes based in Britain, Italy, North Africa and Russia. American military leaders had long wanted these Russian bases but it took diplomatic skill of the first caliber to get the Russians to agree to the strategy. They were finally convinced when it became obvious that the U. S. and England had the necessary planes and the Russians did not.

First target was a Rumanian freight yard in which the Nazi had concentrated supplies for troops fighting the Russians. American Flying Fortresses were accompanied by Russian fighter planes on part of the mission.

AIR FIELD: Near Philippines

A base within bombing range of the Philippines fell to General MacArthur's forces when the Mokmer airfield on Biak Island was stormed and captured on the 15th day of the invasion of the Schoutens.

The beachhead on Biak was established late in May. A frontal stab was repulsed, following which American forces got in behind enemy positions and swept to the air field from the rear.

The Mokmer field is within 880 miles of the Philippines to the northwest and is within good fighter range of Palau, Japanese western Carolines naval base guarding the approaches of the Philippines.

The island also has two other airfields desired by the Sixth army invaders. The Americans immediately began a push toward the Borokoe airfield a few hundred yards to the west.

INDUSTRY: Must Take Initiative

Warning that industry must find its own work when war contracts are no longer available, Donald Nelson, chairman of the War Production board, told the house postwar committee, that:

"... it won't be the government's job to find work for each company in its present expanded position. It's impossible to find a postwar market for the 8,900 airplanes we now produce monthly."

Stating that he was 100 per cent in favoring government's assistance in postwar planning for industry, he said that he was against government "running" small business. He urged that companies now engaged in war production use their own ingenuity and initiative in planning their postwar programs.

He forecast a postwar "expansionist" period in which private enterprise rather than the government would provide the necessary "spark." Government pump priming would be at a minimum under such conditions.

Lookout

A German sentry pictured as he scanned the skies over Boulogne, France—looking for trouble that came unexpectedly. Boulogne was one of the cities hit by sea and air bombings, paving the way for landing of Allied forces.

FOOT SOLDIERS: Pay Increase

In reply to a request by War Secretary Stimson, Chairman May of the house military affairs committee introduced a bill to increase pay of skilled infantry men \$5 to \$10 a month.

Soldiers holding the expert infantry man's badge would get a \$5 increase and those having the combat infantry man's badge, \$10. Cost of the increase would amount to between \$5 and 71 million dollars yearly.

In asking for the legislation, Stimson said infantry casualties are the highest of any branch of service. In the North African campaign, including Italy, the infantry suffered 70 per cent of the casualties, although comprising only 19.6 per cent of the total forces.

FARM MACHINERY: Restrictions Removed

Small manufacturers (employing less than 100 workers) can now engage in the unlimited production of farm machinery, equipment, and repair parts made entirely from surplus materials or materials with an AA-4 preference rating.

This new arrangement, announced by the War Production board, is limited to firms employing not more than 50 workers in group 1 labor areas, or on the West coast. Elsewhere plants employing fewer than 100 workers may participate.

Manufacturers meeting these regulations can use surplus materials and component parts from inventories together with AA-4 preference rating materials in such production.

TRAVEL BAN:

Because of the increased loads placed on the nation's transportation system by the invasion, Director of Defense Transportation J. M. Johnson has asked immediate cancellation of all nonwar conventions, trade meetings and all nonessential civilian travel.

An ODT spokesman said there were no plans to ration train and bus travel through priorities, but that reserved space may be commandeered by orders of the army surgeon general for casualty cases.

HIGHLIGHTS . . . in the week's news

TYPHUS: American medical corps have conquered the dreaded scourge of all armies—typhus. The disease has been brought under control by a new vaccine, and by a poison called DDT that kills the lice that transmit the germs. Brig. Gen. Leon Fox told news correspondents: "Typhus has been removed from the death list of the U. S. soldier."

MORE FRUIT: The peach crop shows an increase of nearly 150 per cent over last year, according to reports from growers, William Graffitt, vice president of the United Fresh Fruit and Vegetable association, told dealers. The apple crop is expected to be at least 50 per cent larger than last year, and citrus prospects are much better, Graffitt said.

A HANDSOME pair of cushions to brighten up your living room may be made from things on hand or from remnants of silk. Frequently the largest pieces of the skirt of an old silk dress may be used for a pair of matching cushions. The backing may be made of sateen. A soft fold of a contrasting silk around the edge makes a smart finish. The sketch shows how such a fold is cut and applied.

Eighteen inches square is a good size for the cushions and, if you have an assortment of cushions of different sizes, it is easy to transfer the filling into ticks of the size you want. Stitch and turn, leaving a four-inch opening in one side. Rip a smaller opening in the old ticking; sew the large opening over the smaller one and then work the filling through. Rip apart and sew the new ticking with close stitches.

HOUSEHOLD MEMOS

by Lynn Chambers

Cold Meat Warms Up for Main Dish
 (See Recipes Below)

Meat Varieties

One of the most difficult tasks that faces the housewife is that of getting variety into the meat dish. Meat, in itself, is delicious, but if served in the same way, with the same vegetables or without condiments, occasionally, it smacks of sameness.

There are many who will always bake ham without varying the glaze to add interesting flavor to the meat. There are others who don't realize that a bit of natural, home-grown herbs will pep up the good, old-fashioned pot roast. Some always serve luncheon meats cold on a slab of bread or with potato salad, and so on. For once, let's try things new and interesting!

Liverwurst Loaf.
 (Serves 6)
 ½ pound bologna
 2 tablespoons chili sauce
 4 tablespoons mayonnaise
 1 tablespoon lemon juice
 ½ pound liver sausage
 3 tablespoons finely chopped pickle
 4 tablespoons chopped celery
 2 teaspoons onion juice
 1 loaf unsliced white bread
 3 tablespoons creamed butter

Put bologna through food chopper; add chili sauce, 2 tablespoons of mayonnaise and lemon juice. Mix to a smooth paste. Mash liver sausage; add chopped pickle, celery, onion, Worcestershire sauce, remaining mayonnaise and mix to a smooth paste. Cut crust from bread, slice three inch lengthwise slices. Place one slice on baking sheet and spread with bologna paste. Top with remaining slice of bread. Spread entire loaf with creamed butter. Bake in a moderate (350-degree) oven 30 minutes. Place on platter and garnish with stuffed olives and tomato wedges. Serve with:

Creamy Mustard Sauce.
 ¼ cup sugar
 ½ teaspoon salt
 2 egg yolks
 1 cup scalded milk
 ¼ cup prepared mustard
 2 tablespoons vinegar
 1 small sprig chopped thyme
 ¼ teaspoon allspice
 ¼ teaspoon celery salt
 ¼ teaspoon paprika
 Dash of tabasco
 6 slices ripe olives

Mix sugar, salt and egg yolks together, beating well. Add to scalded milk in top of double boiler. Mix together mustard, vinegar, thyme, allspice, celery salt, paprika and tabasco. Add slowly to milk and egg mixture. Cook over hot water, stirring constantly until mixture thickens. Just before serving garnish top of sauce with olives.

Lynn Says
 Extra Attractions: Potato chips make nice snacks when there's a rosette of cream cheese on each one of them. Simply soften cheese and force through a pastry tube.

Try a green salad with tender green scallions from the garden, and toss together with a sour cream dressing. It's delicious! Dredge bacon pieces in corn meal; fry until crisp. Then add onion and flour for thickening and milk for the gravy. Umm . . . Roll cooked pitted prunes in orange-sugar or lemon-sugar to use as roll filling.

Make bacon biscuits (adding ¼ cup chopped bacon to standard biscuit recipe). Top baked biscuits with creamed asparagus or carrots for an inviting luncheon dish.

Top chocolate ice cream with chopped toasted almonds for a good tasting dessert.

Chopped green peppers and pitted ripe olives introduce flavor and texture contrast to fish salad.

Kidneys and liver are both delectable if prepared with the proper seasonings:

***Roast Kidney Loaf.**
 (Serves 6)
 1 pound beef, veal, pork or lamb kidney
 1 cup milk
 5 slices bread
 ¼ cup bacon drippings or butter
 2 eggs
 1 green pepper minced
 1½ teaspoons salt
 ¾ teaspoon pepper
 3 tablespoons grated onion
 ½ teaspoon powdered sage
 Wash kidney in cold water. Drain well and grind, including the internal fat. Pour milk over bread and soak. Combine all ingredients and mix thoroughly. Pack firmly in a loaf pan. Bake in a moderate oven (350 degrees) for 1½ hours.

Liver Deluxe.
 (Serves 6)
 6 tablespoons bacon drippings
 1 large onion, thinly sliced
 6 cups shredded cabbage
 1 teaspoon salt
 ¼ teaspoon pepper
 1 pound cubed liver
 ½ cup water
 1 tablespoon soy sauce.

Brown onion in 4 tablespoons drippings. Add cabbage and seasonings. Cover and cook over low heat for 15 minutes. Remove from pan. Roll liver in seasoned flour and brown in remaining drippings. Add soy sauce and simmer 5 minutes. Add soy sauce and cabbage.

Bacon makes a tasty, light supper dish with garden-fresh green beans:

Bacon and Beans.
 (Serves 4)
 ½ pound bacon
 1 pound fresh green beans
 2 tablespoons bacon drippings
 1 teaspoon salt
 ½ cup chopped green onions
 2 tablespoons chopped pimiento

Wash green beans and cut lengthwise. Cook in a small amount of water. Add bacon drippings and salt. Ten minutes before green beans are cooked, add green onions and pimiento. Serve with strips of crisp bacon.

The outdoor flavor of the barbecue is captured with this barbecue ham. The sauce is seasoned just right, tangy but not too hot:

Barbecued Ham.
 (Serves 6)
 1 slice ham (2 pounds, 1 inch thick)
 ¼ large onion
 ¼ clove garlic
 ¼ cup catsup
 ¼ cup Worcestershire sauce
 1 small can tomato soup
 ½ cup vinegar
 ½ tablespoon butter
 ½ tablespoon sugar
 ¼ teaspoon pepper

Simmer ham ½ hour before baking. Chop onions and garlic very fine. Add remaining ingredients and pour over ham; bake uncovered for 30 to 40 minutes in a moderate oven.

Pistol-Packin' Fish Shoots Water at Its Prey Ashore

The archer fish of Southeastern Asia is prepared for trouble for it carries a gun. Its weapon consists of a tube-like mouth from which it can propel a tiny jet of water accurately for some feet. When the archer sees an insect resting on a plant or other object above, it sneaks up, then shoots, wetting its prey and causing it to fall into the water where the archer gobbles it up.

The amount of water which the fish ejects is only a couple of drops but the "bullet" has speed and force.

Clarion Will Again Build The Best Radios For The Town and Farm Homes of America

Serving Both Sides of Main Street

One of CLARION'S major plans after the war will be to serve towns, smaller cities and farms with radios best suited to the real America through which runs Main Street—the world's greatest thoroughfare.

In every locality there will be CLARION dealers displaying the red-coated figure which since 1922 has been the symbol of good radios.

Whether battery sets for those who have no power line facilities,

or combinations of modern design, or in between, CLARION will be completely prepared to meet your peace-time needs.

CLARION'S work for the armed forces has developed its engineering and designing facilities to the highest point in its history. We are in an ideal position to serve you radio buyers more efficiently and with finer products than ever before.

Watch for the CLARION sign when radios are again available.

Centipede Grass

By Mrs. Nettie B. Messick
Centipede grass is a native of Southern China, and has been grown very successfully over here. It grows equally well in the sun or shade, and it requires no mowing. Neither does it require artificial watering when it is mature. It stays green in the winter and can withstand temperatures down to 50 degrees Fahrenheit. Centipede grass can be killed with one hoeing or plowing and this makes it especially desirable to grow in yards where there are flower beds.

All Workers Should
Have Social Security
Account Numbers

During the present emergency many new workers are entering the labor market daily. This influx of new workers will increase during the vacation period by students who wish to aid in the war effort wherever they are needed.

Elliott W. Adams, manager of the San Angelo office of the Social Security Board, who was in Rankin this week pointed out that many of these new employees are not aware that they should have social security account number cards in order to work in industry or commerce. Many more of them do not know why this card is essential to them and their employers.

Students and others who now expect to begin work for the first time should apply to the local office of the Social Security Board, 414 Rust Building, San Angelo, for a social security account number card.

Each applicant fills out an appli-

PIERRE, S. D. — It was the "grandmother's funeral" excuse of old, but the Red Cross home service chairman did not give away the serviceman who had asked a furlough, saying his grandmother was near death. Finding the grandmother had died seven years ago, the home service chairman, replying to a verification request, wired the camp: "Grandmother already buried; furlough not needed." Later he had a letter from the serviceman thanking him for his cooperation and promising never again to "tell a lie."

cation and receives an official account number. This is the only social security number the worker should ever have, because his account is set up under this number in the accounting system of the Board. All wages reported for him by his employers are credited to this account under his social security number and name.

Since wages are reported for him by his employers the worker should be sure that each employer he works for gets a record of his correct name and social security number. It is important that the employer take this information from the account card itself.

The amount of all benefits payable under the Social Security Act will depend on the amount of wages reported for the worker by all his employers under the correct social security number. If he loses his card, the worker should by all means apply immediately to his Social Security office for a duplicate card with the same number. Persons who fail to give their numbers to their employers are actually hindering the war effort, because it costs employers and the Government time and money to locate them later and obtain their numbers.

I'll predict no-miles-an-hour.

I'll hand it to folks. They've had the patriotism to hold down their speed. But imagine war restrictions ended. Man, you'll see old cars overdoing till they can't chug another mile. You'll see every repair shop crowded for months, but I'm figuring to duck that! Of course, I couldn't see everything coming when I originally had this engine OIL-PLATED. I'd simply overheard that any engine forms dangerous corrosive acids. It made sense to try protecting the engine by OIL-PLATING it with Conoco Nth motor oil. I switched to Nth. You can suit yourself about thinking it's the only oil or not, but first read

the whole label. You'll see where Conoco Nth oil's special synthetic fastens OIL-PLATING to your engine's fine inside finish. Then OIL-PLATING is really sort of a special surface to block steady acid corrosion. When repairs might be just a promise, and you can only pray for a new car, you're way ahead with your engine safely OIL-PLATED by Conoco Nth.

If you could see
what's happening
over there

Big things are happening over there. And big things are moving faster here. War needs the wires more and more every day.

So if you are making a Long Distance call over war-busy circuits, the operator may say—"Please limit your call to 5 minutes."

That's to help more calls get through during rush periods.
