Morelock Explains Plan For Allocating Surplus War Materials Here

"Surplus war materials that would aid in vocational training should be made available to educational systems as soon as they are no longer needed for the war effort," declared Dr. H. W. Morelock, President of Sul Ross College, Alpine, in a meeting here on November 7 with the superintendent of schools, county and city officials, and other civic leaders of Rankin.

A committee composed of J. P. Rankin, Mayor, Clint Shaw and Supt. John G. Prude was appointed to work here and meet with other such committees in the State from the various towns.

Dr. Morelock and Glenn Burgess, manager of the Alpine Chamber of Commerce, are visiting 35 West Texas cities in an effort to arouse interest in the application of the "Surplus Property Act of 1944" passed by Congress on October 3, 1944.

While here Dr. Morelock stresses the part Sul Ross College plans to play in the education of the returning veteran and the efforts that are being made by the College to create better relations between the people of the United States and of Mexico.

Rankin Chapter Confers Degrees On Two Candidates Mon. Night

Monday evening, November 6th, the Rankin Chapter of the O.E.S. held its regular meeting and degrees were conferred upon Mrs. Nettie B. Messick and Mrs. Blanche Mitchell.

Mrs. Pearl Kerr, organist of the McCamey Chapter, served as organist for the initiation ceremony. A cordial welcome was given the new members by the Chapter and a book of the laws of the Order was presented to each of them by the Worthy Matron.

Following the initiation, Louise Hudson, Worthy Matron, gave her report of the Grand Chapter held in Fort Worth October 31st through November 2nd. Other members attending Grand Chapter were Mrs. Searcy Crandell, who was deputy Grand Matron for the past year, Mrs. Thelma Hemphill, who served as one of the forty-two pages for the Grand Session, Mrs. Flora Shaw, Mrs. Estelle Herral and Mr. Charles F. Hemphill.

The Rankin Chapter was honored again. This year Mr. Charles F. Hemphill, Worthy Patron, was appointed on the Credentials Committee of the Grand Chapter of Texas, Order of the Eastern Star.

The refreshment committee, the Meses. Clint Shaw, Henry Neal and Boyd Cox, served refreshments to the following: Messrs and Mesdames G. E. Kerr of McCamey, Chas. H. Hemphill, W. A. Hudson and Mesdames Ralph Daugherty, J. E. Simco, Harry Howard, Mary Holcomb, Walton Herral, Porter Johnson, Dunn Lowery, J. W. Robbins, James Messick, Tom Workman, Paul Crandell, Randolph Moore, Grover Jones, V. F. Glidwell, Joel Starnes and Miss Maggie Taylor and Dr. J. C. Bredehoff.

McCamey Airport Houses 14 Local Planes

Seven McCamey fliers now have 14 planes hangered at the McCamey Airport.

Nine ships, including 4 Porterfield, 4 T-craft Army liaisons and 1 Aeronca liaison, are owned and operated by C. L. Eddleman.

Walter Putnam has 2 ships at the airport. Both of these planes are being overhauled and repainted.

A J-3 Cub owned by I. L. Edwards, slightly damaged several days ago, should be flying within the next two weeks. The accident was caused when the pilot experienced difficulty in clearing the telephone wires which extend across the landing strip.

Jesse Russell and Linton Brown are joint owners of a Cub Cruiser, R. M. Gillette flies an Interstate. All planes are hangered at the McCamey field.

Mr. and Mrs. Bob Adams of Texas were dinner guests of Mr. and Mrs. S. H. Boyd Sunday evening.

Mitchell Drug Store Robbed Monday Night

The Mitchell Drug Store was broken into and robbed Monday sometime during the night or early Tuesday morning. A jewelry case containing an assortment of all types of jewelry was stripped. An exact figure on the loss could not be estimated until Mr. Mitchell has had time to compute from invoices.

On the same night in Iran, the OPA office was broken into and gasoline coupons were taken—1027 "T" coupons were taken and 639 "B" coupons, according to Sheriff J. E. Simco. The serial numbers on the "T" coupons ranged from T 0-7993732 to T 0-7994756. On the "B" coupons, the serial numbers were from 7194449 to 7195084.

To date no clues as to the jewelry theft have been uncovered.

Red Cross to Deliver Mail to Texans Held by Japs in Philippines

Mrs. Mary McCollum, Chairman of the Upton County Red Cross Chapter, early yesterday announced that the Red Cross has completed plans for the transmission of free messages from relatives and friends to Upton County prisoners of war and civilian internees in the Philippines whose address is known. Messages will be delivered after the addressees are liberated.

One message per person only, subject to United States Army overseas mail censorship, will be accepted until November 30. The length of the message will be limited only by space on both sides of the form.

Mrs. McCollum said that although the Red Cross cannot guarantee delivery of each and every message, all efforts will be made to reach addressees so that they may establish direct contact with their families as soon as possible after the islands are liberated.

4-H Achievement Week November 4-11

More than 100 thousand members of Texas 4-H Clubs will observe National 4-H Achievement Week November 4 to 11. According to L. L. Johnson, State Boys' Club Agent of the A. & M. Extension Service, it will be a period of taking stock of the year's achievements in terms of contributions to the War effort, and making plans for next year's demonstration programs.

Both the McCamey and Rankin Clubs held their achievement programs this week with good attendance. Honor awards were presented to these club members that carried out and completed demonstrations during the year. The following McCamey members received awards: Bob Pauley, Frank Robbins, David Pauley, Janet Pauley, Stanley Williams, Bobby Johnson, Roland Conger and Cecil Tienny.

Boys from Rankin completing their demonstrations are: Herman Calcote, Fields Edwin Branch, John Robert Prude, John Frank Snell, Casbeer Snell, Jr., Elizabeth Prude and Bobby Bell.

These 4-H Club Boys and Girls fed out 56 lambs that brought \$1,295.67. They won \$229.50 in prize money, making a total of \$1,525.37 that they received for their demonstrations. In addition to the above lambs fed out, one calf and two pigs were fed out.

Magician's Show To Be Held Monday Night

Fayssoux, the hypnotist, will appear in the auditorium of the Rankin High School on Monday, November 13, at 8:00 p. m.

The performance will be given by volunteers from the audience. In addition to the hypnotist, there will be uncanny performances in telepathy and magic. The magic features the famous Harry Houdini mail escape and the Alexander Heerman Trunk illusion. The program is primarily entertainment and hilarious entertainment at that.

The admission price will be 20c for children and 35c for adults.

Mrs. Forrest Walker and daughter, Gwen, of Mertzon were visitors here Friday.

In The Armed Forces

Sgt. Grady Boyd and wife of Odessa spent the week-end here with his parents, Mr. and Mrs. S. H. Boyd.

James W. Messick, Coxswain in the Seabees, is visiting his wife and daughter, County Home Demonstration Agent Nettie B. Messick and Janette, here. Messick has been overseas and his arrival in the States came as a surprise to Mrs. Messick. He was on the Normandy beach during the invasion and assisted in the landing of servicemen there.

Lewis Milton Smith, Corpsman with the Navy, and wife returned home Wednesday from Farago, Idaho, where he was stationed. Mr. and Mrs. Jack Smith met them in San Angelo and accompanied them to Rankin. Lewis Milton is being released with a medical discharge due to faulty vision. While in Farago, he was employed at the base hospital.

A. L. Ringle, CCM, and Mrs. Ringle spent Sunday with Mr. and Mrs. J. Linton Clark. Ringle just returned from 23 months in the South Pacific. Mrs. Ringle has been making her home in Big Lake while he was overseas. He is in the Seabees. Mrs. Ringle is a sister of Mrs. Clark.

Garland R. Jackson, husband of Iva Dean Jackson of Rankin, has completed his course of studies as an aviation mechanic in the Amarillo Army Air Forces Technical Training School.

His graduation from the technical school now fits him for airplane maintenance and he will be sent to an air base where he will assist in keeping America's Flying Fortresses in the air for Allied victory. In addition to completion of the schedule of academic and practical studies as an aviation mechanic, he has been thoroughly drilled in military tactics and defense and a course of physical training that has conditioned him to meet all requirements of an American soldier.

A communication from Ensign Jack Walcher to the Journal from Cambridge, Mass., is to the effect that he will start his "college career" tomorrow, which would be November 3rd. Jack is beginning a post graduate course in business administration at Harvard University as part of his Navy training.

Mrs. Walcher and their daughter, Prissy, have joined him and are making their home in Cambridge while he is stationed there. Jack writes that they are enjoying the new sights and experiences, but will certainly be glad when it is all over and they can come back home again. He says that there just isn't any place like it.

Mr. and Mrs. John Christy had as their guests over the week-end Mrs. Christy's sister, Mrs. Sam Roberts, and daughter of San Angelo.

John Menefee, in Gen. Patton's 28th Division, Writes from Germany

County Attorney John Menefee, with Gen. Patton's Rough and Ready 28th Division, somewhere in Germany, writes to Bill Yates as follows:

October 23, 1944
Somewhere in Germany

Dear Bill:
Well, Bill, I am in the 28th Division, was assigned to it almost immediately upon my arrival overseas. I have been with it ever since, from hedge row to pill box. Brother, you can tell them the life of a rifleman is no bed of roses.

I would like to send you a German pistol but you can not send fire arms through the mail. I know you would like to have one.

Well, Bill, I have just received meager news about the election. I wrote for newspapers but have not received them yet. I suppose they will come soon.

I want you to thank the folks in Rankin for the help they gave me in the election. Be sure and go around to my friends and tell them I appreciate their help.

I would like to write each of them but I seldom get a chance to write home. This combat business takes up most of your time. I have been in combat a long time and have been shot at with everything from small arms to a railroad gun. The gut-shooting in Upton County political campaigns does not measure very big beside this kind of stuff, but I will sure be glad to get back.

Bill, there is not much to tell. This country is wet, cold and muddy and it is hard to get comfortable in a foxhole.

Tell Dunn, Skinner, Box, Andy, Hazel and all my other friends Howdy. Take care of your self and write me the news.

Your friend,
John Menefee.

Drama in Printer's Ink

The following story appeared in the November 2nd issue of the Matador Tribune, published in Matador, Texas, by Douglas Meador, who is also the author of "Trail Dust":

"Tribune 'back shop crew' Earl McBride and Douglas Meador, turned their heads away when a massive oil field truck started moving away from the printing shop into the darkness about 9 p.m. Sunday evening. The big truck was freighted with the faithful Babcock Standard newspaper which has printed the Tribune for more than ten years. The affinity between men and machinery was being broken; a thing to bring mist to the eyes, a secret, unspoken pain in the heart. Many tons of newsprint had passed over the great drum, to be imprinted with the joys and sorrows, the triumphs and failures that make up the life of a community. Some of the hearts of two printers went away with the press.

The press was purchased for use in printing the Upton County Journal and McCamey News."

Miss Pat Burress, student at North Texas State Teachers College at Denton, spent the week-end here with her mother, Mrs. C. L. Burress and brother, Perry.

From where I sit... by Joe Marsh

Soldiers' Wives and Returning Husbands

You may have seen in the papers where a writer cautioned Army wives that their returning husbands would be "strangers" to them—because they've been through experiences that their wives could never share.

Well, a high-ranking officer wrote an answer to that: he called it nonsense. "What do our men want most? To finish the war and come home... What are they fighting for?... for everything the word home means."

Of course, the word "home" means something different to

every fighting man. For home is a lot of little things! A garden or a work bench—well-thumbed books... a mellow glass of beer with friends.

But whatever they are, it's the memory of these small familiar things that he takes with him into battle. And it's these little things that link his thoughts to home—and to the familiar life that he looks forward to returning to.

Joe Marsh

Sixth War Loan Quota For Upton County Set

Chairman Wm. R. Edwards announced late Wednesday that Upton County's quota for the Sixth War Loan Drive has been set at \$265,000. The quota for Series E bonds has been set at \$60,000.

Although the drive does not start until November 20 and runs only until December 15, all Series E, F and G War Bonds sold between November 1 and December 31 will be counted in the drive figures, according to Chairman Edwards.

Edwards expressed confidence that Upton County would be the first county in the State to go over the top in this drive.

25-Unit Housing Project Underway in McCamey

Work on the 25-unit Federal Housing Administration project began Thursday, when M. E. Boughton, contractor for Sweetwater Homes Corporation of Fort Worth, began clearing ground, laying out lots and arranging with McCamey suppliers for the necessary building materials.

Boughton stated Wednesday afternoon that FHA revisions of the original plans permitting the construction of larger units had made it impossible for Sweetwater Homes to begin work in McCamey at an earlier date, as originally planned.

The houses will contain four and one half rooms and each unit will have a garage.

Boughton, who stated that he expects to remain in McCamey until next April, was accompanied by his wife. The couple have taken an apartment in the Dicus Building.

The contractor asked that it be made clear that his function here is that of a builder, not a salesman. He said that a sales office would be opened in McCamey at the appropriate time.

Badgers Increase Lead In 3-B Conference Loop

Name	W	L	T	Pts	Op
McCamey	3 1/2	0	1	52	0
Crane	4	1	0	64	32
Ft. Stockton	3 1/2	1	1	92	31
Iraan	2	3	0	51	55
Big Lake	1	2	0	38	45
Grand Falls	1	2	0	18	49
Marfa	1	4	0	26	70

The high-riding Golden Cranes invaded the Badger lair Saturday. They have vowed that they will declare the Conference-leading Badger pigskin magicians and make a necklace out of the claws.

From this corner, Saturday's game will decide the District 3-B championship. If the Badgers win this one, they should experience no difficulty in disposing of Grand Falls, their remaining opponent. Crane, on the other hand, becomes the 1944 title-holder if victorious in Saturday's crucial.

100-Pound Bomb to be Auctioned at Grand

Howell Johnson, manager of the Grand Theatre, on Thursday announced that a 100-pound bomb will be auctioned to the highest bidder during the coming Sixth War Loan Drive.

The bomb will be placed on display in the theatre lobby where it will be autographed by service men at home on leave. Mothers, wives and sweethearts will autograph the bomb for service men who do not visit McCamey during the drive.

Angelo Man Arrested On Hot Check Charge

J. H. Scroggins, wanted in San Angelo on a hot check charge, was located in McCamey last week and placed under custody, according to the arresting officer, Acting Deputy Sheriff Harold Wynne.

Wynne said that Scroggins was lodged in the County Jail in Rankin and later was taken to San Angelo by officers from that city.

Mrs. Tyson Midkiff, president of the P-T. A., left Monday for Fort Worth where she is attending the State Meeting of the Parent-Teacher Association.

FBI Law Enforcement Conference to be Held In McCamey on Nov. 24

D. A. Bryce, Special Agent in Charge of the Federal Bureau of Investigation, El Paso, has announced the schedule for the third series of FBI Law Enforcement Conferences, to be held in West Texas and New Mexico, commencing November 13 and ending November 27.

In West Texas, the conferences will be held at McCamey and El Paso.

The McCamey conference, slated for November 24, will be held in the high school auditorium from 7:30 until 10:30 p.m. The El Paso conference will be held in the Hotel Paso Del Norte from 7:30 until 10:30 o'clock Monday evening, November 27.

The conferences will be opened by R. J. Untreiner who has succeeded Mr. Bryce as agent in charge of the El Paso Office. Mr. Bryce has been transferred as Agent in Charge to the San Antonio, Texas, Field Division. The balance of the program will consist of a thorough discussion of "Burglary Investigations" by R. L. Grindell, Special Agent of the Phoenix, Arizona, Field Division, and also a discussion and practical demonstration of "Defensive Tactics" by D. L. Larson, Special Agent of the Salt Lake City, Utah, Field Division. These Special Agents are trained and qualified experts in this important phase of law enforcement work. Following their discussions, there will be a question-and-answer open forum pertaining to Federal and State jurisdiction and also local law enforcement problems in general. There will also be a discussion and exhibition of slide photographs of outstanding fugitives.

Sheriff J. E. Simco, who will attend the McCamey conference, is arranging to entertain visiting FBI men and West Texas peace officers with a red fish fry at the McCamey Country Club.

Roosevelt Landslides In Upton County

Final returns from all Upton County boxes gave Franklin Delano Roosevelt a landslide victory, according to figures released Wednesday by County Clerk Ralph H. Daugherty. Democratic electors were given 740 votes, Republican electors 105 and the Texas Regulars 75.

New Deputy Assumes Duties in Rankin

Geo. A. Maley, former Pecos resident, has accepted a position with the Tax Collector's Office of Upton County and is making his home here.

He succeeds J. D. Starnes who resigned from the office because other business affairs claim his attention. Mr. Starnes, according to Sheriff J. E. Simco, has been wanting to resign for approximately a year but efficient help to take his place was not available until the present time.

Mr. Maley has been employed as Deputy Tax Assessor-Collector and Deputy Sheriff of Pecos County for the past ten years. He has been a resident of Pecos since 1916. Mrs. Maley will remain in Pecos for the present where she is employed at Pecos Army Air Field.

County Council Approves 1945 Yearbook Plans

At a recent meeting of the County Council of Home Demonstration Clubs in Upton at Rankin, the plans for the 1945 yearbook were submitted and approved.

Mrs. Hamp Carter, Vice-President, presided in the absence of Mrs. R. E. Lea.

The Exhibit Committee of the McCamey Club reported that an exhibit would be held in the recreation hall of the Christian Church at McCamey by that club.

Finance Committee Chairman Mrs. Walton Poage made a report and in the Marketing Committee report by Mrs. Dunn Lowery, chairman, the savings which Upton Clubs have enjoyed through joint purchasing plans were pointed out.

The council meets monthly to review the work being done by the various demonstration clubs.

WEEKLY NEWS ANALYSIS U. S. Fleet Secures MacArthur's Supply Lines to Philippines; Authorize More Civilian Goods

U. S. Doughboy is shown knocking out Nazi tank with bazooka on western front.

EUROPE: Clearing Holland Pushed back in France and Belgium, the Germans were being shoved out of their last holdings in Holland by Canadian and British troops applying a double squeeze on some 60,000 Nazis in the southwestern part of the country.

Only in Holland was there major action on the western front, with rain and snow bogging U. S. drives about Aachen, Metz and the Vosges mountains.

Even though the British 2nd army had overrun the entire eastern section of Holland in a drive that the Nazis only stopped at the gateway to their important Ruhr valley, the Germans held their ground in the western part of the country for the purpose of denying the Allies use of the great North sea ports for the supply of their onrushing armies.

Principal port denied the Allies was Antwerp, which the Nazis blocked off by occupying both sides of the Schelde river leading inland to the city. Dotting one side of the Schelde are the Walcheren and South Beveland islands, connected to the mainland by a causeway below Bergen Op Zoom.

Meanwhile, British troops smashed through Nazi defenses to the north, with the aim of racing toward the

Speaking in the house of commons after his conference with Josef Stalin in Moscow, Prime Minister Churchill declared: "Unconditional surrender in the sense of no bargaining with the enemy is still the policy of the government."

sea and thus cutting off all German troops along the Schelde to the south.

Capture of Antwerp and Rotterdam would give the Allies at least two great ports for funneling in supplies for the drive on Germany and relieve the need for a reliance on smaller, crowded facilities.

Slow Going in Italy In Italy, German Field Marshal Albert Kesselring seemed to be pulling his lines northward in a slow, withdrawing movement hinged on the big communications hub of Bologna, as Allied troops pushed further through the mud onto the broad plains of the Po valley.

Russ Reach Norway Norway was the latest European state to be invaded by the Russians, with Gen. K. A. Meretskov's northern Red army driving into the Arctic port of Kirkenes in the wake of its abandonment by 25,000 Nazi troops.

Russian entrance into Norway coincided with the Reds' all-out offensive against East Prussia, noted wooded and lake country of the Junker military caste. Calling panzer formations into action along roadways leading to the heart of the province, the Germans sought to stall the Russians' advance westward, originally paced by an estimated 600 tanks.

Compelled to throw additional forces in Hungary to stave off the Russian drive on Budapest, the Germans fought hard to protect the broad gateway to Austria from the western end of the country. In raging tank battles, the enemy succeeded in slowing the Red advance 50 miles from Budapest.

ODT Says Women Are Different, After All

Rosie the Riveter notwithstanding, there's a basic difference between men and women workers, the Office of Defense Transportation says. In a bulletin to employers, the ODT says: "The average woman differs from the average man in certain physical, psychological and experience factors which have a direct bearing upon her ability."

SURPLUS HOLDINGS: Disposal Problem

With U. S. holdings of industrial facilities amounting to about 16 1/2 billion dollars — or 20 per cent of the total private and public facilities in the country — the government already has taken steps for disposal of its properties in the post-war period.

Difficulties are expected to rise in the sale of the bulk of such facilities as aircraft, shipbuilding, and munitions, however, since these industries have been greatly expanded to meet wartime requirements, which will drop sharply with peace.

Of the government's 3 billion dollar investment in war housing, permanent buildings must be sold when no longer needed, and fabricated structures must be dismantled, with materials made part of general surplus property.

ROAD BUILDING: Huge Program

With urgent highway construction in the early postwar years exceeding 10 billion dollars, the vast quantities of labor, material and equipment needed for carrying on the program should act as a stabilizing factor in the future economy, the American Road Builders association's engineer-director, Charles M. Upham, declared.

By next October, the states will have drawn up plans for one billion dollars of highway construction deferred because of the war, and city, county and local road projects will amount to another billion.

"Postwar plans of business and industry call for greater production and distribution of goods," Upham said. "That means roads and streets must carry greater burdens. Obviously, inadequate roads and streets will hold back business and industrial activity."

Finds Home

Infant son of a Yank aviator killed in action, and of a mother who died in giving him birth, tiny Kenneth Maloney was taken by maternal grandparents, who were later killed by robot bombs in London.

Army then flew six-month-old Kenneth to paternal grandmother in Grand Rapids, Mich., who is shown putting him to bed while 22-month-old cousin Terry looks on.

BIG DEAL: \$161,000,000 Check

Wall Street gave way to LaSalle street when the Commonwealth Edison company refinanced 180 million dollars' worth of bonds in the biggest private financing operation in the nation's history.

Featuring the deal was the purchase for resale of 155 million dollars of new bonds by the big Chicago investment house of Halsey, Stuart & company, which with Otis & company of Cleveland, Ohio, has been bucking the great Wall street banking firms. In completing the transaction, Halsey, Stuart's president handed Commonwealth's representative a check for 161 million dollars, also covering interest due on the bonds and the premium paid for getting the business.

In addition to the 155 million dollars refunded with new bonds, Commonwealth retired an additional 23 million dollars of securities with its own cash.

RAIL RATES: Wants Boosts

Supporting their petition for continuation of the 10 per cent increase in passenger fares, and immediate application of the 4 1/2 per cent freight rate boost, railroad representatives declared the carriers faced decreasing revenues when war traffic subsides.

Previously, federal agricultural agencies opposed the freight rate increases on the strength of continued high farm traffic for at least two years after the war.

Unless rail revenue is bolstered by rate increases, said Vice President Walter S. Franklin of the Pennsylvania railroad, the financial structure of the carriers will be seriously impaired in the postwar years, with the result being "... a very much less effective operation, and a serious impairment of the railroads' ability ... to be ready to do their part in meeting the employment problem after the war."

BRITISH LAND

Steering clear of any political battle between conservatives and liberals that might upset the present coalition government, Britain's house of commons passed a bill for postwar reconstruction.

Passage was aimed at avoiding an all-out battle between the two political elements over the bill's provision that landlords only be paid prewar prices for land condemned for reconstruction use, with increases up to 30 per cent for occupying owners

Unit Shelves Easy For You to Build

WHETHER you have a house of your own or whether you move often, unit bookshelves are the answer to many a problem. They may be scaled to fit almost any space; you may add to them as needed and they may be shifted from one place to another according to your mood. They may start in the living room and end

in the children's room or in the kitchen. The units may be divided, multiplied or used in various combinations.

You need no special skill to make the three units shown. These well proportioned shelves were designed especially for amateur homecrafters to make with the simplest tools. A compass saw from the five-and-dime will cut the curved shelves of the end units. Because the shelves were designed by a homemaker, a simple method of constructing them with no open dust space at the bottom was worked out.

NOTE: Pattern 270 gives a full size pattern for the curved shelves of these book cases and large diagrams with dimensions of all the straight pieces. Also a complete list of materials required and illustrated directions for each step in the construction of the units. To get this pattern enclose 15 cents with name and address and send direct to:

SNAPPY FACTS ABOUT RUBBER

Progress of our Pacific war program and the growing possibilities of reasonably quick capture of some rubber areas in the Far East have made men who know the rubber industry best emphasize the need for sound policies to deal with the economic and political problems which the gradual return of natural rubber will raise.

Mexico has its own way of conserving tires. Mexican motorists are required, by government regulation, to keep their cars idle one day a week. Car owners select their "motorless day" and then must display on their windshields a sticker of a color designated for that day of the week.

WNU-L 45-44

That Nagging Backache

May Warn of Disordered Kidney Action

Modern life with its hurry and worry, irregular habits, improper eating and drinking—its risk of exposure and infection—throws heavy strains on the work of the kidneys. They are apt to become over-taxed and fail to filter excess acid and other impurities from the life-giving blood.

You may suffer nagging backache, headache, dizziness, getting up nights, leg pain, swelling—feel constantly tired, nervous, all worn out. Other signs of kidney or bladder disorder are sometimes burning, scanty or too frequent urination.

Try Doan's Pills. Doan's help the kidneys to pass off harmful excess body waste. They have had more than half a century of public approval. Are recommended by grateful users everywhere. Ask your neighbor!

DOANS PILLS

HOUSEHOLD MEMOS... by Lynn Chambers

Cheery Beginners for That Morning Starter (See Recipes Below)

Breakfast Patterns

A recent survey made tells us that 65 per cent of the doctors and 88 per cent of the teachers say the average person eats too little for breakfast.

Other interesting facts reveal that most people believe they get about 20 per cent of their daily nourishment from breakfast. Doctors and teachers here again estimate they get about 23 per cent nourishment from breakfast.

One of the reasons, perhaps, for skipping on breakfast is that time is limited. The survey goes on to say that people themselves estimate they spend around 12 minutes eating breakfast with farmers spending more on than that, factory workers less. On Sundays, when there is no work to dash to, the time for breakfast stretches enormously, and so probably does the nourishment.

These, then, are the findings. Here are the facts: a breakfast is one of the three meals of the day and as such should provide a third of the day's food requirements—calories, vitamins, minerals, etc. In fact, planned correctly, the breakfast can take care of that serving of cereal, that citrus fruit or juice of the egg a day requirements. If the worker has a heavy schedule, the food can be made extra nourishing, such as cooking the cereal in milk, or at least serving with cream or rich milk and sugar. Have both eggs and cereal for breakfast if the calorie intake has to be upped, and serve jellies or jam with toast in addition to the butter.

Why Breakfast? Breakfasts, good breakfasts, are important if we are to keep mental and physical energy at the highest level during morning hours. The time elapsing between dinner and breakfast is the longest interval between any meal. The stretch between the evening meal and the morning meal is usually as long as 12 hours. Sleep consumes energy, too, for the very process of living, while asleep requires approximately 65 calories for the average-sized adult.

Now here are some breakfast patterns that will fit nicely into your schedule even if you have only 12 to 15 minutes in which to take breakfast:

Pattern I. Steved Fruit Cooked Cereal Milk and Sugar Toast and Marmalade Coffee or Milk

Pattern II. Half Grapefruit Ready-to-eat Cereal Milk and Sugar French Toast Syrup Coffee or Milk

Pattern III. Orange Juice Cooked Cereal with Milk and Sugar Eggs or Bacon Rolls and Jelly Coffee

Pattern IV. Fresh Applesauce Wheat Flakes with Cream and Sugar Fried Ham Slice Muffins and Butter Coffee or Milk

Company Breakfast Fruits-in-Season Cereal with Cream and Sugar Scrambled Eggs with Chives Bacon Curls English Muffins with Butter Jelly Coffee

There need be no monotony in breakfasts with all the variety avail-

LYNN SAYS

Color Notes: Use different colored dishes and pottery jugs for breakfast to make the morning as bright and gay as possible. Here's how:

Mix orange juice with cranberry juice for unusual effect.

Fleck scrambled eggs with bits of parsley, chopped chives or of bacon curls.

Add raisins to oatmeal and serve with yellow butter and sugar.

Apricot halves go well with wheat cereal; yellow peach halves complement brown bran flakes.

Contrast the crisp brown of sausages with fried red-skinned apples.

Splash grape jelly on golden fried cornmeal mush.

able in fruits, juices, cereals, and breads. Here are some top-of-the-morning recipes to give your family a grand send-off:

Flake Griddle Cakes. (Makes 12 cakes, 4 inches in diameter)

- 1 cup sifted flour
- 2½ teaspoons baking powder
- ¾ teaspoon salt
- 1 tablespoon sugar
- 1 egg
- 1½ cups milk
- 1 cup slightly crushed bran, wheat or corn flakes
- 3 tablespoons melted shortening

Sift together flour, baking powder, salt and sugar. Combine well beat egg and milk and add to dry ingredients. Beat until smooth. Add cereal flakes and shortening. Bake on hot, lightly greased griddle. Serve with syrup, honey or jelly.

Variation: Butter thin hot pancakes, spread with tart jelly and roll. Serve at once with additional jelly or thin syrup.

Coffee Cake.

- 1½ cups sifted flour
- 1½ cup sugar
- 2 teaspoons baking powder
- ¾ teaspoon salt
- 1 egg
- ½ cup milk
- 3 tablespoons melted shortening

Sift together dry ingredients. Beat egg, add milk and shortening. Stir together with dry ingredients, mixing only enough to moisten flour. Pour into lightly greased 8-inch square pan. Sprinkle with streusel topping. Bake in a hot oven (400 degrees) 25-30 minutes.

Streusel Topping.

- 3 tablespoons melted butter
- ¼ cup brown sugar
- 1 cup crushed cereal flakes
- 1 teaspoon cinnamon

Combine all ingredients by rubbing between fingers until mixture crumbles. Sprinkle over coffee cake batter before baking.

Prune Bread. (Makes 1 loaf)

- ½ cup shortening
- 1 cup sugar
- 2 eggs, beaten
- ¾ cup chopped cooked prunes
- 2 cups sifted enriched flour
- 3 teaspoons baking powder
- 1 teaspoon salt
- 1 teaspoon cinnamon
- ½ cup milk
- ½ cup chopped nuts (if desired)

Cream together shortening and sugar. Add beaten eggs to creamed mixture. Blend in prunes. Sift together flour, salt, baking powder and cinnamon. Add to creamed mixture alternately with milk. Add chopped nuts. Pour into greased loaf pan. Bake in moderate oven (350 degrees) 1 hour and 15 minutes.

Walter Winchell

For Wendell Willkie:
You were America at all its best
As clean and fresh as any prairie wind,
And when you took your final journey west
You left a fragrant memory behind,
Yet now the little men who cried you down
Shed unctuous tears and claim you as their own,
And fit you with a smug, unweildy crown
Which they well know that you had long outgrown.

You were America... and millions weep
Who left in you a comrade and a friend,
And yet we have your prophesy to reap
A prophesy you left at journey's end...
America is big enough for all...
The poor, the weak, the humble and the small!—Don Wahn.

The Magazines: Pip of a SEpiece by Lieut. John Mason Brown, deftly test-tubing differences between Americans and Britishers. The importance of such an article should not be underestimated. A primary requisite for international friendship is a keen understanding of other nations.

Broadway Smalltalk: Malcolm Meacher is no longer writing for the March of Time because of its refusal to deal with the issues on Margaret Halsey's best-seller, "Some of My Best Friends Are Soldiers." . . . Customs men have detained a Met singer in Miami, who returned from Brazil the other day with undeclared gems valued at over \$15,000. . . Hoagy Carmichael's music for Ballet Russe will be called "Swing Street." . . . Don Ross, the Chicago reporter who went to Warner's for a job in the press dept., wound up as an actor in Ida Lupino's next flicker. . . For the first time since the war started N. Y. university is hazing freshmen. . . F. Sinatra wishes the egg-thrower would come over to some gym with him "for a workout."

GIs are confused. General Eisenhower wears the four stars of his rank on the left side of his shirt collar, while Generals Bradley and Marshall wear them on the right. . . The reason is that U. S. army regulations state: "All articles of uniform for wear by the General of the armies and the Chief of Staff are such as each may prescribe for himself" . . . So General Eisenhower could wear a derby and the four stars on the seat of his pants, if he liked.

Ass't President Byrnes has asked for a trained staff of 25,000 persons to start termination of war contracts. It will be Washington's biggest postwar agency. . . F. Sinatra will sing for troops in the S. Pacific. . . The other day Her Highness, accompanied by four bodyguards, invaded a Fifth avenue shop, upset the gaping personnel and routine of the place and then bought \$14 worth of stuff.

What they don't announce is that an entertainer, overseas for two years, is in a Paris hospital with a severe case of shell shock. . . Every time we read the insults—hurled by a few critics at showfolks who go overseas—we think of Carole Lombard and the actor victims in that Lisbon plane crash.

Love Letter:
The weary town will soon be fast asleep,
The moon is cold and pitiless as doom,
And yet we have a rendezvous to keep.
Within the shadows of a quiet room . . .
The candlelight tints beauty on your face,
The wine will steal reality away,
And yours we make can quietly efface
The terror of a new, uncounted day . . .

And so it goes for those who chase a star,
The search may end in heartbreak and defeat,
But there is always magic where you are,
A magic that is tremulous and sweet . . .

And who will have more lovely scars to show,
If you and love should ever chance to go?
—Don Wahn.

Sounds in the Night: In the Zanzibar: "She's mean enough to be the heroine of a best-selling novel." . . . In La Conga: "His radio program is where a good gag goes when it dies." . . . In Lindy's: "Excuse me, lady. I was just trying to make a dream come true." . . . At the Copacabana: "If they carry Maine they won't be doing anything different than the banks there have been doing for years!"

More dramatic than any of the Broadway shows was that moment at the Colony when the Duke and Duchess of Windsor bumped into Lady Thelma Furness, the Duke's favorite companion until Wally came along.

The Magic Lanterns: The nation can keep warm this winter merely by viewing clutches between Hedy Lamarr and Paul Henreid, who start a bonfire of emotion in a swift spymeller, "The Conspirators." . . . Everything in "Sweet and Low-down" plays second fiddle to Benny Goodman's clarinet. Too bad the scenario isn't in tune with the music. . . Fibber McGee and Molly's "Heavenly Days" gently twists Washington. Difficult to understand why legislative nambypam-bies were leery about releasing it.

SEWING CIRCLE PATTERNS

Dress-Up Frock a Favorite Lingerie Set Is Most Flattering

1231 12-42
8691 12-20

Graceful and Slimming
THIS princess charmer, accented in rickrack, will do things for your figure and make you the envy of your friends. Trim with novelty buttons.

Pattern No. 8691 is designed for sizes 12, 14, 16, 18 and 20. Size 14 short sleeves requires 3½ yards of 39-inch material; 1¼ yards machine-made ruffling to trim.

Very Attractive
THE round-necked, extended-shoulder treatment of this nightgown is very flattering and unusually easy to cut and sew. Insert a narrow satin or velvet ribbon in the draw-string top—make the sash of the same ribbon. Edge the attractive bed or break.

fast jacket with narrow lace and tie it with another pretty bow of the same shade ribbon.

Barbara Bell Pattern No. 1231 is designed for sizes 12, 14, 16, 18, 20, 40 and 42. Size 14 nightgown requires 3½ yards of 39-inch material; jacket 1½ yards.

Due to an unusually large demand and current war conditions, slightly more time is required in filling orders for a few of the most popular pattern numbers.

SEWING CIRCLE PATTERN DEPT., 530 South Wells St., Chicago. Enclose 25 cents in coins for each pattern desired.

Pattern No. . . . Size . . . Name . . . Address . . .

Household Hints

In wringing out pillow cases in the laundry, always insert the closed end into the roller first. This will prevent possible bursting of the seams.

To pick up broken glass from the floor, wet a newspaper and gently wipe up the glass with it.

After baking always leave the oven door open to permit the moisture to escape and thus prevent the oven from rusting.

Line the container in which you remove ashes from the furnace with wet paper to keep down the dust.

BRIAN DONLEVY speaking:

In "THE MIRACLE OF MORGAN'S CREEK," a Paramount Picture.

A dentist's dentifrice—

Calox was created by a dentist for persons who want utmost brilliance consistent with utmost gentleness.

1. Scrupulous cleansing. Your teeth have a notably clean feel after using Calox.
2. Calox gently cleans away surface stains, loosens mucin plaque.
3. Made by McKesson & Robbins, Bridgeport, Conn.—a laboratory with over 100 years' experience in making fine drugs.

WEEKLY NEWS ANALYSIS U. S. Fleet Secures MacArthur's Supply Lines to Philippines; Authorize More Civilian Goods

Released by Western Newspaper Union. EDITOR'S NOTE: When opinions are expressed in these columns, they are those of Western Newspaper Union's news analysts and not necessarily of this newspaper.

U. S. Doughboy is shown knocking out Nazi tank with bazooka on western front.

EUROPE: Clearing Holland

Pushed back in France and Belgium, the Germans were being shoved out of their last holdings in Holland by Canadian and British troops applying a double squeeze on some 60,000 Nazis in the southwestern part of the country.

Only in Holland was there major action on the western front, with rain and snow bogging U. S. drives about Aachen, Metz and the Vosges mountains.

Even though the British 2nd army had overrun the entire eastern section of Holland in a drive that the Nazis only stopped at the gateway to their important Ruhr valley, the Germans held their ground in the western part of the country for the purpose of denying the Allies use of the great North sea ports for the supply of their onrushing armies.

Principal port denied the Allies was Antwerp, which the Nazis blocked off by occupying both sides of the Schelde river leading inland to the city. Dotting one side of the Schelde are the Walcheren and South Beveland islands, connected to the mainland by a causeway below Bergen Op Zoom.

In attempting to knock the Germans out of their strategic positions along both sides of the Schelde, Canadian troops cut into the enemy's defenses on the south bank of the river, and fought to capture the causeway below Bergen Op Zoom and cut off island communications with the mainland.

Meanwhile, British troops smashed through Nazi defenses to the north, with the aim of racing toward the sea and thus cutting off all German troops along the Schelde to the south.

Capture of Antwerp and Rotterdam would give the Allies at least two great ports for funneling in supplies for the drive on Germany and relieve the need for a reliance on smaller, crowded facilities.

Slow Going in Italy In Italy, German Field Marshall Albert Kesselring seemed to be pulling his lines northward in a slow, withdrawing movement hinged on the big communications hub of Bologna, as Allied troops pushed further through the mud onto the broad plains of the Po valley.

Russ Reach Norway Norway was the latest European state to be invaded by the Russians, with Gen. K. A. Meretskov's northern Red army driving into the Arctic port of Kirkenes in the wake of its abandonment by 25,000 Nazi troops.

Russian entrance into Norway coincided with the Reds' all-out offensive against East Prussia, noted wooded and lake country of the Junker military caste. Calling panzer formations into action along roadways leading to the heart of the province, the Germans sought to stall the Russians' advance westward, originally paced by an estimated 600 tanks.

Compelled to throw additional forces in Hungary to stave off the Russian drive on Budapest, the Germans fought hard to protect the broad gateway to Austria from the western end of the country. In raging tank battles, the enemy succeeded in slowing the Red advance 50 miles from Budapest.

PACIFIC: Save Communications

Long in hiding, Japan's imperial navy came out for battle in an effort to smash the American supply line to General Douglas MacArthur's forces in the Philippines, and limped off in defeat as the U. S. 3rd and 7th fleets shattered the attack and secured the vital communications.

The Japs' attack took the shape of a three-pronged assault, with one enemy force coming in through the narrow Surigao straits south of Leyte; the second driving in through the San Bernardino straits north of Leyte, and the third heading southward from Formosan waters.

Apprised of the Japs' approach by alert U. S. carrier planes, Vice Adm. Thomas C. Kinkaid divided his outnumbered 7th fleet into two forces, which, with the aid of carrier planes, dealt the enemy a telling blow before he could fully develop his attack. Meanwhile, Adm. William F. Halsey's 3rd fleet, made up of warships, carriers and subs, caught the Japs sailing down from Formosa.

After the smoke of battle had cleared, two Jap carriers, two battleships, five cruisers and three destroyers were sunk, with three more warships probably sunk and a dozen damaged. For their part, the Japs claimed to have primarily struck transports and landing craft.

As the crippled Jap fleet limped homeward licking its wounds, General MacArthur's ground forces consolidated their hold on Leyte island despite mounting enemy resistance and also strengthened their grip on Samar island just across the Sag Juanico straits.

HOME FRONT: News for Consumers

On the home-front, consumers heard this news: There will be less meat for civilians in November but more of the better grades. There will be less cheese but the same amount of butter as in October.

Approximately 800 plants were authorized to produce 152 million dollars of civilian goods during the next year.

Infants' and children's clothes were expected to be in greater supply next January, February and March. Cotton textile controls will be maintained after Germany's defeat.

Possessing available facilities and labor, the 800 plants will be permitted to manufacture vacuum cleaners, bed springs and innerspring mattresses, automotive parts, building materials, plumbing and heating items, household aluminum ware, electric irons, lamps, lawn mowers, furniture, church goods, fountain pens and sporting goods.

Because of pent-up demand, made even more formidable by swollen purchasing power, the mount of goods authorized represents virtually a drop in the bucket.

To assure production of more infants' and children's wear for the first three months of 1945, the War Production board moved to release sufficient material for 30,000,000 garments, and also laid down specifications for the type of goods and workmanship to be employed.

The WPB hurried the program even as its chairman, J. A. Krug, announced that because of drops in output of cotton textiles due to labor difficulties, controls will be extended after Germany's downfall to prevent acute shortages.

ODT Says Women Are Different, After All

Rosie the Riveter notwithstanding, there's a basic difference between men and women workers, the Office of Defense Transportation says. In a bulletin to employers, the ODT says: "The average woman differs from the average man in certain physical, psychological and experience factors which have a direct bearing upon her ability. . . . For instance, ODT points out, the elbow and the knee are constructed differently in women, partially accounting for their tendency to grasp tools differently from men and be less steady on their feet. According to ODT, most women are handicapped in the men's world because they never play with mechanical toys, mow lawns or drive heavier vehicles. Because of their sewing and other finer tasks, however, they possess greater manual dexterity, ODT concludes.

SURPLUS HOLDINGS: Disposal Problem

With U. S. holdings of industrial facilities amounting to about 16 1/2 billion dollars — or 20 per cent of the total private and public facilities in the country — the government already has taken steps for disposal of its properties in the post-war period.

Difficulties are expected to rise in the sale of the bulk of such facilities as aircraft, shipbuilding, and munitions, however, since these industries have been greatly expanded to meet wartime requirements, which will drop sharply with peace. Of the government's 3 billion dollar investment in war housing, permanent buildings must be sold when no longer needed, and fabricated structures must be dismantled, with materials made part of general surplus property.

ROAD BUILDING: Huge Program

With urgent highway construction in the early postwar years exceeding 10 billion dollars, the vast quantities of labor, material and equipment needed for carrying on the program should act as a stabilizing factor in the future economy, the American Road Builders association's engineer-director, Charles M. Upham, declared.

By next October, the states will have drawn up plans for one billion dollars of highway construction deferred because of the war, and city, county and local road projects will amount to another billion.

"Postwar plans of business and industry call for greater production and distribution of goods," Upham said. "That means roads and streets must carry greater burdens. Obviously, inadequate roads and streets will hold back business and industrial activity."

Finds Home

Infant son of a Yank aviator killed in action, and of a mother who died in giving him birth, tiny Kenneth Maloney was taken by maternal grandparents, who were later killed by robot bomb in London. Army then flew six-month-old Kenneth to paternal grandmother in Grand Rapids, Mich., who is shown putting him to bed while 22-month-old cousin Terry looks on.

BIG DEAL: \$161,000,000 Check

Wall street gave way to LaSalle street when the Commonwealth Edison company refinanced 130 million dollars' worth of bonds in the biggest private financing operation in the nation's history.

Featuring the deal was the purchase for resale of 155 million dollars of new bonds by the big Chicago investment house of Halsey, Stuart & company, which with Otis & company of Cleveland, Ohio, has been backing the great Wall street banking firms. In completing the transaction, Halsey, Stuart's president handed Commonwealth's representative a check for 161 million dollars, also covering interest due on the bonds and the premium paid for getting the business.

In addition to the 155 million dollars refunded with new bonds, Commonwealth retired an additional 23 million dollars of securities with its own cash.

RAIL RATES: Wants Boosts

Supporting their petition for continuation of the 10 per cent increase in passenger fares, and immediate application of the 4 1/2 per cent freight rate boost, railroad representatives declared the carriers faced decreasing revenues when war traffic subsided.

Previously, federal agricultural agencies opposed the freight rate increases on the strength of continued high farm traffic for at least two years after the war.

Unless rail revenue is bolstered by rate increases, said Vice President Walter S. Franklin of the Pennsylvania railroad, the financial structure of the carriers will be seriously impaired in the postwar years, with the result being " . . . a very much less effective operation, and a serious impairment of the railroads' ability . . . to be ready to do their part in meeting the employment problem after the war."

BRITISH LAND

Steering clear of any political battle between conservatives and liberals that might upset the present coalition government, Britain's house of commons passed a bill for postwar reconstruction.

Passage was aimed at avoiding an all-out battle between the two political elements over the bill's provision that landlords only be paid prewar prices for land condemned for reconstruction use, with increases up to 30 per cent for occupying owners.

Unit Shelves Easy For You to Build

WHETHER you have a house of your own or whether you move often, unit book shelves are the answer to many a problem. They may be scaled to fit almost any space; you may add to them as needed and they may be shifted from one place to another according to your mood. They may start in the living room and end

in the children's room or in the kitchen. The units may be divided, multiplied or used in various combinations. You need no special skill to make the three units shown. These well proportioned shelves were designed especially for amateur homecrafters to make with the simplest tools. A compass saw from the five-and-dime will cut the curved shelves of the end units. Because the shelves were designed by a homemaker, a simple method of constructing them with no open dust space at the bottom was worked out.

NOTE: Pattern 270 gives a full size pattern for the curved shelves of these bookcases and large diagrams with dimensions of all the straight pieces. Also a complete list of materials required and illustrated directions for each step in the construction of the units. To get this pattern enclose 15 cents with name and address and send direct to:

Form for requesting bookshelf pattern, including fields for name and address.

Good News! Head Colds

Quick relief from distress of head colds is what you want. So use Va-tro-nol. A few drops up each nostril soothe irritation, relieve congestion. Also helps prevent many colds from developing if used in time. Just try it! Follow directions in folder.

Acid Indigestion

Relieved in 5 minutes or double in way back. When excessive stomach acid causes pain, full, floating gas, sour stomach and heartburn, doctors usually prescribe the fastest-acting medicine known for symptomatic relief—medicines like those in Bell-some Tablets. No laxative. Bell-some brings comfort in 15 or 20 minutes. Double your money back on return of bottle to us. Use at all druggists.

OLDER PEOPLE!

Try Great Tonic Many Doctors Advise See how good-tasting Scott's Emulsion helps tone up your system; helps build up stamina and resistance against colds—if there is a dietary deficiency of A & D Vitamins. It's easy! Simply take Scott's daily throughout the year. It's great! Buy at your druggist's today!

Try SCOTT'S EMULSION

To relieve distress of MONTHLY Female Weakness

(Also Fine Stomachic Tonic) Lydia E. Pinkham's Vegetable Compound is famous to relieve periodic pain and accompanying nervous, weak, tired-out feelings—when due to functional monthly disturbances. Taken regularly—Pinkham's Compound helps build up resistance against such annoying symptoms. Pinkham's Compound is made especially for women—it helps nature and that's the kind of medicine to buy! Follow label directions. LYDIA E. PINKHAM'S VEGETABLE COMPOUND

How To Relieve Bronchitis

Creomulsion relieves promptly because it goes right to the seat of the trouble to help loosen and expel germ laden phlegm, and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes. Tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough or you are to have your money back.

CREOMULSION for Coughs, Chest Colds, Bronchitis

That Nagging Backache

May Warn of Disordered Kidney Action
Modern life with its hurry and worry, irregular habits, improper eating and drinking—its risk of exposure and infection—throws heavy strain on the work of the kidneys. They are apt to become over-taxed and fail to filter toxins and other impurities from the life-giving blood.

You may suffer nagging backache, headache, dizziness, getting up nights, leg pains, swelling—feel constantly tired, nervous, all worn out. Other signs of kidney or bladder disorder are sometimes burning, scanty or too frequent urination.

Try Doan's Pills. Doan's help the kidneys to pass off harmful excess body waste. They have had more than half a century of public approval. Are recommended by grateful users everywhere. Ask your neighbor!

Breakfast Patterns

A recent survey made tells us that 65 per cent of the doctors and 88 per cent of the teachers say the average person eats too little for breakfast.

Other interesting facts reveal that most people believe they get about 20 per cent of their daily nourishment from breakfast. Doctors and teachers here again estimate they get about 23 per cent nourishment from breakfast.

One of the reasons, perhaps, for skipping on breakfast is that time is limited. The survey goes on to say that people themselves estimate they spend around 12 minutes eating breakfast with farmers spending more than that, factory workers less. On Sundays, when there is no work to dash to, the time for breakfast stretches enormously, and so probably does the nourishment.

These, then, are the findings. Here are the facts: a breakfast is one of the three meals of the day and as such should provide a third of the day's food requirements—calories, vitamins, minerals, etc. In fact, planned correctly, the breakfast can take care of that serving of cereal, that citrus fruit or juice and the egg a day requirements. If the worker has a heavy schedule, the food can be made extra nourishing, such as cooking the cereal in milk, or at least serving with cream or rich milk and sugar. Have both eggs and cereal for breakfast if the calorie intake has to be upped, and serve jellies or jam with toast in addition to the butter.

Why Breakfast?
Breakfasts, good breakfasts, are important if we are to keep mental and physical energy at the highest level during morning hours. The time elapsing between dinner and breakfast is the longest interval between any meal. The stretch between the evening meal and the morning meal is usually as long as 12 hours. Sleep consumes energy, too, for the very process of living, while asleep requires approximately 65 calories for the average-sized adult.

Now here are some breakfast patterns that will fit nicely into your schedule even if you have only 12 to 15 minutes in which to take breakfast:

Pattern I.
Stewed Fruit
Cooked Cereal Milk and Sugar
Toast and Marmalade
Coffee or Milk

Pattern II.
Half Grapefruit
Ready-to-eat Cereal
Milk and Sugar
French Toast
Syrup
Coffee or Milk

Pattern III.
Orange Juice
Cooked Cereal with Milk and Sugar
Eggs or Bacon
Rolls and Jelly
Coffee

Pattern IV.
Fresh Applesauce
Wheat Flakes with Cream and Sugar
Fried Ham Slice
Muffins and Butter
Coffee or Milk

Company Breakfast
Fruits-in-Season
Cereal with Cream and Sugar
Scrambled Eggs with Chives
Bacon Curls

English Muffins with Butter
Jelly
Coffee

There need be no monotony in breakfasts with all the variety avail-

LYNN SAYS

Color Notes: Use different colored dishes and pottery jugs for breakfast to make the morning as bright and gay as possible. Here's how:

Mix orange juice with cranberry juice for unusual effect.

Fleck scrambled eggs with bits of parsley, chopped chives or of bacon curls.

Add raisins to oatmeal and serve with yellow butter and sugar.

Apricot halves go well with wheat cereal; yellow peach halves complement brown bran flakes.

Contrast the crisp brown of sausages with fried red-skinned apples.

Splash grape jelly on golden fried cornmeal mush.

able in fruits, juices, cereals, and breads. Here are some top-of-the-morning recipes to give your family a grand send-off:

Flake Griddle Cakes.
(Makes 12 cakes, 4 inches in diameter)

- 1 cup sifted flour
- 2 1/2 teaspoons baking powder
- 3/4 teaspoon salt
- 1 tablespoon sugar
- 1 egg
- 1 1/2 cups milk
- 1 cup slightly crushed bran, wheat or corn flakes
- 3 tablespoons melted shortening

Sift together flour, baking powder, salt and sugar. Combine well beaten egg and milk and add to dry ingredients. Beat until smooth. Add cereal flakes and shortening. Bake on hot, lightly greased griddle. Serve with syrup, honey or jelly.

Variation: Butter thin hot pancakes, spread with tart jelly and roll. Serve at once with additional jelly or thin syrup.

Coffee Cake.

- 1 1/2 cups sifted flour
- 1/2 cup sugar
- 2 teaspoons baking powder
- 3/4 teaspoon salt
- 1 egg
- 1/2 cup milk
- 3 tablespoons melted shortening

Sift together dry ingredients. Beat egg, add milk and shortening. Stir together with dry ingredients, mixing only enough to moisten flour. Pour into lightly greased 8-inch square pan. Sprinkle with streusel topping. Bake in a hot oven (400 degrees) 25-30 minutes.

Streusel Topping.

- 3 tablespoons melted butter
- 1/4 cup brown sugar
- 1 cup crushed cereal flakes
- 1 teaspoon cinnamon

Combine all ingredients by rubbing between fingers until mixture crumbles. Sprinkle over coffee cake batter before baking.

Prune Bread.
(Makes 1 loaf)

- 1/2 cup shortening
- 1 cup sugar
- 2 eggs, beaten
- 1 cup chopped cooked prunes
- 2 cups sifted enriched flour
- 3 teaspoons baking powder
- 1 teaspoon salt
- 1 teaspoon cinnamon
- 1/2 cup milk
- 1/2 cup chopped nuts (if desired)

Cream together shortening and sugar. Add beaten eggs to creamed mixture. Blend in prunes. Sift together flour, salt, baking powder and cinnamon. Add to creamed mixture alternately with milk. Add chopped nuts. Pour into greased loaf pan. Bake in moderate oven (350 degrees) 1 hour and 15 minutes.

For Wendell Wilkie:

You were America at all its best
As clean and fresh as any prairie wind,
And when you took your final journey west

You left a fragrant memory behind,
Yet now the little men who cried you down
Shed unctuous tears and claim you as their own.

And fit you with a smug, unctuous crown
Which they well know that you had long outgrown.

You were America... and millions weep
Who felt in you a comrade and a friend
And yet we have your prophecy to reap
A prophecy you left at journey's end...

America is big enough for all...
The poor, the weak, the humble and the small!—Don Wahn.

The Magazines: Pip of a SE Piece by Lieut. John Mason Brown, deftly test-tubing differences between Americans and Brits. The importance of such an article should not be underestimated. A primary requisite for international friendship is a keen understanding of other nations.

Broadway Smalltalk: Malcolm Meacher is no longer writing for the March of Time because of its refusal to deal with the issues on Margaret Halsey's best-seller, "Some of My Best Friends Are Soldiers." . . . Customs men have detained a Met singer in Miami, who returned from Brazil the other day with undeclared gems valued at over \$15,000. . . . Hoagy Carmichael's music for Ballet Russe will be called "Swing Street." . . . Don Ross, the Chicago reporter who went to Warner's for a job in the press dept., wound up as an actor in Ida Lupino's next flicker. . . . For the first time since the war started N. Y. university is hazing freshmen. . . . F. Sinatra wishes the egg-throver would come over to some gym with him "for a workout."

GIs are confused. General Eisenhower wears the four stars of his rank on the left side of his shirt collar, while Generals Bradley and Marshall wear them on the right. . . . The reason is that U. S. army regulations state: "All articles of uniform for wear by the General of the armies and the Chief of Staff are such as each may prescribe for himself" . . . So General Eisenhower could wear a derby and the four stars on the seat of his pants, if he liked.

Ass't President Byrnes has asked for a trained staff of 25,000 persons to start termination of war contracts. It will be Washington's biggest postwar agency. . . . F. Sinatra will sing for troops in the S. Pacific. . . . The other day Her Highness, accompanied by four bodyguards, invaded a Fifth avenue shop, upset the gapping personnel and routine of the place and then bought \$14 worth of stuff.

What they don't announce is that an entertainer, overseas for two years, is in a Paris hospital with a severe case of shell shock. . . . Every time we read the insults—hurled by a few critics at showfolks who go overseas—we think of Carole Lombard and the actor victims in that Lisbon plane crash.

Love Letter:

The weary town will soon be fast asleep,
The moon is cold and pitiless as doom,
And yet we have a rendezvous to keep,
Within the shadows of a quiet room . . .
The candlelight tints beauty on your face,
The wine will steal reality away,
And you we make can quietly efface
The terror of a new, uncharted day . . .

And so it goes for those who chase a star,
The search may end in heartbreak and defeat,
But there is always magic where you are,
A magic that is tremulous and sweet . . .
And who will have more lovely scars to show,
If you and love should ever chance to go?
—Don Wahn.

Sounds in the Night: In the Zanzibar: "She's mean enough to be the heroine of a best-selling novel." . . . In La Conga: "His radio program is where a good gag goes when it dies." . . . In Lindy's: "Excuse me, lady. I was just trying to make a dream come true." . . . At the Copacabana: "If they carry Maine they won't be doing anything different than the banks there have been doing for years!"

More dramatic than any of the Broadway shows was that moment at the Colony when the Duke and Duchess of Windsor bumped into Lady Thelma Furness, the Duke's favorite companion until Wally came along.

The Magic Lanterns: The nation can keep warm this winter merely by viewing clutches between Hedy Lamarr and Paul Heverly, who start a bonfire of emotion in a swift spymeller, "The Conspirators." . . . Everything in "Sweet and Lowdown" plays second fiddle to Benny Goodman's clarinet. Too bad the scenario isn't in tune with the music. . . . Fibber McGee and Molly's "Heavenly Days" gently twists Washington. Difficult to understand why legislative namby-pamblers were leery about releasing it.

12-20

1231
12-42

Graceful and Slimming

THIS princess charming, accentuated in rickrack, will do things for your figure and make you the envy of your friends. Trim with novelty buttons.

Pattern No. 8691 is designed for sizes 12, 14, 16, 18 and 20. Size 14 short sleeves requires 3 1/4 yards of 23-inch material; 3 1/2 yards machine-made ruffling to trim.

Very Attractive

THE round-necked, extended-shoulder treatment of this nightgown is very flattering and unusually easy to cut and sew. Insert a narrow satin or velvet ribbon in the draw-string top—make the sash of the same ribbon. Edge the attractive bed or break-

fast jacket with narrow lace and tie it with another pretty bow of the same shade ribbon.

Barbara Bell Pattern No. 1231 is designed for sizes 12, 14, 16, 18, 20, 40 and 42. Size 14 nightgown requires 3 1/4 yards of 28-inch material; jacket 1 1/2 yards. Due to an unusually large demand and current war conditions, slightly more time is required in filling orders for a few of the most popular pattern numbers.

GIRLS 4-H CLUB MEETING

The Girls 4-H Club met Wednesday, November 8, and elected new officers as follows: President, Jean Shaw; Vice-President, Wanda Burleson; Secretary and Treasurer, Mona Sue Branch; Reporter, Ruth Smith. After election of officers,

reports of the year's work were made by the club members.

Mrs. Nettie B. Messick, County Home Demonstration Agent, gave a demonstration on making tubbies from feed sacks. Each member was asked to make a pair of tubbies to bring to the next meeting.

Ruth Smith, Reporter

Mrs. Ralph Daugherty
Hostess to H. D. Club

When the Rankin Home Demonstration Club met this week, demonstrations on making dry bouquets were given. Native grasses and seed pods were painted with bright fall colors and gilt paint, and others with all-over pastel colors, and clever arrangements prepared and shown.

The meeting was held at the Masonic Recreation Hall with Mrs. Ralph Daugherty as hostess. Present were the Mesdames Ed Guy Branch, W. C. McDonald, Dunn Lowery, Walker, Roy Morgan, G. M. Baxter, Hamp Carter, J. P. Rankin, Linton Clark, Nora Morris, M. O. Wheeler and Daugherty. Refreshments were served by the hostess.

Mr. and Mrs. Bobby Neal Fuller and daughter of Wink were weekend visitors of Mr. and Mrs. Porter Johnson.

Hereford Show in Dallas
To Draw Large Crowd

DALLAS, Nov. 8.—Four hundred of the finest Herefords in America, two hundred rodeo animals, many of the top flight rodeo performers of the country and cattlemen of two continents are assembling here for the opening of the nine-day Greater Pan-American Hereford Exposition Saturday.

With a two-mile formation, including ten bands, the American Legion-Hereford Exposition parade will march through the flag-decorated downtown section Saturday morning, past the reviewing stand of Major Gen. Richard Donovan, commanding officer of the Eighth Service Command.

Military, civic and school units, the A. & M. cadet corps of 2,000, rodeo riders and horsemen from the surrounding counties will be in the line of march.

At least 2,000 4-H Club members will attend. Judging of their entries in the junior steer show will be the first feature of the Exposition at the State Fair Grounds.

CLASSIFIED ADS

There has been no shortage of electricity, so—Reddy can relieve you, and you can relieve a fighting man.

Plug in... I'm Reddy!

West Texas Utilities Company

Take a little time to have your oil changed!

A FEW minutes here now may save several hours in a repair shop later and save a whopping repair bill, too. The wear and tear of steady driving at varying temperatures thins out even the best oils. Let us drain out this worn-out motor oil and replace it with full-bodied Marathon Motor Oil—the cream of the crude.

"BEST IN THE LONG RUN"

PHONE 10

Marathon Oil Company

Rankin, Texas

Erratic driving proves so inefficient in Wartime that it's no longer favored any of the time.

Defness is the style in motoring. Tactics like swooping in and out of line seem wasted, when the little coupe—from miles behind—presently shows up anyway in the "thrill-driver's" mirror.

That's skill—making a steady good average; not leaping and bounding to make it up. You'll show still greater regard for dutiful mechanism by having your engine OIL-PLATED—internally surfaced to resist corrosion by the unavoidable acids of combustion.

Changing to Conoco Nth motor oil will automatically give you an OIL-PLATED engine. Costly pioneer research created the special Conoco Nth ingredient that gives this popular-priced oil its magnet-like action. And that's what joins OIL-PLATING to inner engine surfaces, as if to stay.

Acids stay too, these days—infesting every cylinder in unreasonable quantities. Former chances of ousting corrosive acids are decreased these days by low engine temperatures—longer stretches of standing cold—mileage limitations of any kind. But you can keep your engine's fine inner finish under cover of protective OIL-PLATING—resisting corrosion! Just change to Conoco Nth motor oil at Your Mileage Merchant's. Continental Oil Co.

THE OLD JUDGE SAYS...

"Now that you mention it, Judge, I can see this really has been a 'war of jobs'."
"Yes it has, Fred, and the biggest job of all is the one being done by our armed forces across the sea... the actual physical fighting that is bringing victory closer day by day."
"And here at home, Judge, our job has been to supply our men abroad with the ammunition and equipment they need to finish their job. And to provide the money to buy these supplies through our purchase

of War Bonds. By and large, I think we've taken our job seriously, too."
"You're right, Fred, we have. But there's one more big job we've got to do for our men over there. That is to abide by their wishes that this country should be kept the same way it was when they left it... not changed around while they're away and can't express their opinions."
"In all fairness, Judge, that's a simple request no one can afford to disregard."
