

First Baptist Ladies Observe Annual Week of Prayer

The women of the First Baptist Church spent the first three days of this week in observance of the Annual Mary Hill Davis Week of Prayer for State Missions and the Monthly Royal Service Program.

The Sunbeam Bands, directed by Mrs. Otis Odom and Mrs. A. K. Scott, Jr., and the Girls' Auxiliary, with Mrs. J. C. Lyles, Counselor, have presented similar missions programs as well as taking corresponding offerings.

Monday's program for the W. M. S. began at ten o'clock with an informative devotional by Mrs. C. G. Nicholas on "The Urgency of Teaching," and highlighted by three other speakers experienced in the fields in which they spoke. These were Mrs. C. G. Forester on "The Ministry of Healing," Mrs. Jack Ott on "The Negro In Our State," and Mrs. A. K. Scott on "The Mexicans Among Us." The program was given balance and inspiration by missionary songs, prayers for State mission work and interesting discussions by members of the W.M.S., some of whom were Mmes. M. R. Rogers, N. C. House, Lee Shipman and Hollis Huffaker.

A covered dish luncheon was served at noon and an offering for Rural Churches was taken at the end of the day. Mrs. Wilbur M. Harris and Mrs. Huffaker were in charge of planning and directing the Week of Prayer programs.

Tuesday's subject dealt with the missions enterprise in Latin-American Countries, with various phases of the work being spoken of by Mmes. Lee Shipman, N. C. House, C. G. Nicholas and M. R. Rogers. The greater part of the hour was given to Mrs. J. H. Estes, guest speaker for the afternoon, who gave an intensely interesting and heart-stirring resume of her years spent in missionary work in Mexico City and along the Texas Border. The simple, sincere manner in which Mrs. Estes made her hearers form mental pictures of the tragedies she saw then and the character with whom she lived and labored, won the love and instant attention of the women present. She emphasized friendship as the secret of approach, not only to the people in Mexico, but to all people in all mission fields. "Confidence and affection must be won before souls can be reached for Christ," was stressed.

After a short social pause, the afternoon's program was closed with those present joining hands and singing, "Blest Be The Tie That Binds."

The men of the church presented the major part of the program in concluding the week's observance at the Wednesday night prayer meeting hour, the subject being, "Looking Upon Our Rural Churches." The devotional, based on Luke 14:16-25, was led by the pastor, Rev. M. R. Rogers. Messrs. Wilbur M. Harris, Aubrey Denman, C. G. Forester and B. Hawkins discussed related phases of rural church missions, followed by a season of prayer for the work.

Before the taking of the offering, which will be used in rebuilding and establishing rural churches in Texas, a special song, "Ready," was sung by Ann Hawkins and Mrs. A. K. Scott, Jr., as a fitting climax to, and consummation of, all the knowledge and inspiration gained through the 1946 Mary Hill Davis Week of Prayer.

Forrestal to Address Continental Oil & Gas Association in Houston

DALLAS, Tex., Sept. 25.—Navy Secretary James Forrestal will address the state's petroleum operators at the Victory Meeting of the Texas Mid-Continent Oil and Gas Assn. Oct. 17 and 18 in Houston. A. M. Howsley, general council, announced here today.

Mr. Forrestal, Secretary of the Navy since 1944 and Under Secretary for four years prior, will speak Oct. 18 on "Oil and Victory." The theme of the meeting is petroleum's part in helping to win the war, for which Texas alone supplied nearly three-fourths of all the nation's increased oil needs.

In accepting the cabinet member wrote: "In reply to your recent invitation, I shall be most happy to address the members of the Texas petroleum industry at their Victory Meeting on Oct. 18. The story of oil in relation to our final victory is an amazing one, and I shall do my best to do it justice."

Secretary Forrestal will be welcomed by a committee of Texas friends and former classmates at Princeton University, headed by G. A. Hill, Jr., of Houston. Mr. Forrestal is one of several outstanding speakers for the meeting, the first general gathering of the State's oil and gas operators since 1943. Mr. Howsley said.

Know Your Neighbor

BY SHIRLEY PULLEY

Mrs. William Kleinman had just returned from a trip to Dallas at the time of this interview, and was a bit more enthusiastic over Dallas, her home town, at the time, than McCamey.

The Kleinmans moved here six years ago from the "Big D" and own and operate Kleinman's Department Store. Shirley and Harold are their only children. Shirley goes to the University of Texas and Harold is a junior at M. H. S.

The Kleinmans just like McCamey—period! Although they hope to move back to East Texas for Harold to graduate.

Mr. Kleinman belongs to the West Texas Chamber of Commerce. Mrs. Kleinman likes to read, see movies, or visit, but she doesn't like to "honky-tonk." Mr. Truman is outstanding in America to her.

Mr. and Mrs. Kleinman both were born in Russia and came to America in 1911. Mrs. Kleinman attended school in Russia.

INCREASE IN COST OF PRODUCTION FORCES SUBSCRIPTION RATE HIKE; OLD RATE EFFECTIVE UNTIL OCT. 15

The News Staff deeply regrets the necessity of announcing an increase in the yearly subscription rate, effective October 15. While most weekly and daily newspapers boosted their rates several weeks ago, the News held off until it was apparent that swiftly-rising costs of newsprint and labor made it impossible to delay longer.

The cost of newsprint has risen from \$60 to \$140 per ton, with Canadian suppliers asking for an additional boost of the O. P. A. ceiling. Labor costs have doubled since 1941.

It is with reluctance, therefore, that we announce that—effective October 15—the subscription prices will be as follows: \$2.50 per year to all subscribers residing within the State of Texas, and \$3.00 per year to all persons residing outside the state.

All persons wishing to renew their subscriptions for one or more years prior to October 15 may do so at the old rate of \$2.00 per year. On and after October 15, however, the new rate will become effective.

BOOK REVIEW

BY JAMES CARLL

It took one month and over a thousand typewritten pages of notes, but Fred B. Gipson, a Texas newspaper man, got the story of Col. Zack Miller and his 101 Ranch.

Earlier, Donald Day, of The Reader's Digest, had run across the colonel in Ponca City, Okla. For nine hours he listened to Mr. Miller's stories of the West. Dry determined that the narrative should be preserved. He chose Gipson as the man to do it and arranged a meeting. Then, for a month, the three of them vacationed on a Texas ranch while Miller unfolded the story of "Fabulous Empire," which the Houghton Mifflin Co. will publish September 26.

After the Civil War, Zack's father, G. W. Miller, loaded his family on wagons and headed west. Settling in Oklahoma Territory, he soon developed one of the richest and most talked-of ranches in the district.

But civilization in the form of large Eastern trusts and modern improvements turned the 101 Ranch into a liability. Zack's father died, and Zack and his brothers converted the 101 into a dude ranch to keep ahead of their creditors.

The ranch was successful. William Jennings Bryan, Randolph Hearst, T. R. Roosevelt, and Luther Burbank all made pilgrimages to the 101. It was here that

Tom Mix and Will Rogers started their careers.

The Millers, not content with small profits, then branched out into the show business. They collected rough riders, ropers, a few Indians and animals, and toured the country with their Wild West Show. Before they had finished, they had carried the show to London and Mexico.

Author Gipson spent his early years picking cotton, skinning mules, driving tractors, and gathering old frontier lore. He went to work for the Corpus Christi Caller in 1937. Not content with staying in one place, he instigated a "roving" column in The Caller, the San Angelo Standard-Times, and the Paris, Texas, News.

He has sold stories to Western magazines and outdoor publications as well as Collier's, Liberty, The Reader's Digest, and Holiday. He now lives in Mason, Texas.

"Fabulous Empire" was released to the reading public on Sept. 23. A few copies of this "must" book are now on our shelves.

Mrs. H. H. Rains left recently for California where she is visiting with her daughters. She plans to return the latter part of this month.

Mr. and Mrs. Freeland Austin returned Sunday, Sept. 22, after vacationing in Florida and other eastern points.

Miss Iris Gaskill, representing Fort Stockton at the Highland Colt Show, Rodeo and Race Meet in Marfa, won first money in the girls' flag race at the Saturday night performance.

Her winning time was 13.5 seconds Saturday night. At two other shows she placed first, and in the fourth was disqualified when her horse knocked a barrel down.

The Sonora Wool and Mohair Co. this week shipped another 72,000 pounds of wool to northern mills, leaving 390,000 pounds of fall mohair in the warehouse and about 100,000 pounds still to be shorn.

Of the last week's shipment, 39,000 pounds of 12 months bought by Bill Bliss and G. C. Burton went to Forte, Dupree and Sawyer of Boston and 33,000 pounds of 1945 fall wool bought by Nelson Johnson went to the Huntington Wool Co. of Boston.

The immediate Alpine area has apparently been the favored spot for rains which have covered most of the Highland country for the past week, reports indicate. Beginning last Saturday when .10 inches was recorded, rains have fallen daily in the immediate area since, the best rain of the season coming last Sunday afternoon when a total of 1.58 inches was gauged shortly after noon with .16 inches added by a slow rain which fell after dark. Monday's total was only .07 but another downpour Tuesday brought an additional .91 inches. An early morning rain registered .30 inches on the gauge and boosted the total to 3.12 inches.

It is almost as if the annual Pecos fair would be for four days instead of three.

For the Reeves County Sheriff's posse will present a matched roping program at the Pecos Rodeo arena on Sunday afternoon, Oct. 6, at one o'clock. The fair is to be held in Pecos on Oct. 3, 4 and 5.

There also will be jack pot calf roping and \$50 jack pot steer team tying at the Sunday afternoon program.

LETTERS TO THE EDITOR

Editor's Note: The following is a clipping from The Ft. Worth Star-Telegram and is being reprinted in The News by request:

From the Critical Teen-Ager:
Editor: While pondering the vexing problem of juvenile delinquency, why not consider the reasoning of a teen-age high school student? I would like to pass on the following letter from a Lanier High School student of Montgomery, Ala., in "The Advertiser" of that city. Quote:

"If this is a democracy, we young people also have a right to express our opinions. The papers have been shockingly full recently of reports on the delinquency and vandalism emanating from the youth of this and other communities—all from the pens of critical adults. You have had the young people on the defensive long enough. As a Lanier student, I wish to present our side.

"You call it 'juvenile' delinquency and ask, 'What can be done about it?'"

"To eliminate an effect, one must hit at the cause. I assert that 'juvenile' delinquency is a result of adult delinquency. Why don't some of your reporters follow a few adults around Saturday nights and see what they do and where they go and find out what causes 'juvenile' delinquency?"

"We young people would rather see a sermon than hear one. Do you think mothers who call themselves 'Christians' and stand in the whiskey line are a good influence? No! Neither are the police officers who do so. Christian youth today is fighting against overwhelming odds.

"Lanier, itself, has not gone to the dogs. Last year 250 students petitioned for a course in Bible, without success. This year we organized a prayer meeting which meets each morning before school opens.

"There was also organized last year a group called the Lanier Christian Organization, which has done some splendid work. You have no right to lay the blame for everything upon us young people. We believe that what our parents do is O. K. We merely follow the examples of our preachers and teachers in forming our character. Yes, you see the evil fruitage of wrong-sowing.

"Give us leaders whom we may safely follow. Give us mothers who are pure in word, thought and deed. Give us mothers who will train their children instead of fox terriers. Give us mothers, and the world will take care of itself."

Yes, let's heed the voice of those who condemn. My only comment on this letter is to say it would be a great service if every newspaper in the land would print it.

Swing Of Southwest Farm Markets Now Well Under Way

(USDA)
 Poultry and eggs, cotton and some grains went up last week, livestock remained steady to firm but some vegetables showed weaker prices, reported USDA's Production and Marketing Administration.

Rains hampered grain shipments last week and helped improve prices. Oats, barley and corn gained one to three cents a bushel. Wheat held steady. Sorghums lost around 2c a cwt. early in the week but later regained these losses.

Cotton advanced \$2 to \$3 a bale last week. Spot market activity increased. Sales in the 10 spot markets totaled 129,800 bales as compared with 92,300 bales the week before and 103,600 bales for the corresponding week last year.

Hog receipts totaled 6375 head at Southwest markets this past week compared with 5525 head the previous week. Hungry demand quickly cleared all classes and weights at ceiling prices. The stocker and feeder pigs were generally scarce and good kinds brought \$17 to \$18 cwt.

Sheep and lamb receipts were heavy with ewes at most Southwest markets last week. Prices were up 25 to 50c a cwt. with most medium to choice ewes bringing \$7.25 to \$8.25. Trading was active and prices steady to strong for light supplies of spring lambs. San Antonio quoted medium spring lambs \$14.50 a cwt. Medium and good spring lambs brought \$14 to \$16, Ft. Worth, and \$16 to \$17.25, Denver. Oklahoma City moved good and choice springers at \$17 to \$17.50.

More cattle arrived at Southwest markets last week than the week before, but supplies were still light and made up largely of stockers and feeders. Most slaughter grades were scarce and brought steady to strong prices. Stockers and feeders were firm to stronger at Texas markets but some weakness showed up at other terminals. Medium to good stocker calves brought \$13 to \$14.50, Houston; \$13.50 to \$15.50, San Antonio and Oklahoma City. Fort Worth sold common and medium stocker and feeder steers, yearlings and calves at \$11.50 to \$14. Denver quoted common and medium stocker cows \$8 to \$10.25. Medium and good light stock steers and yearlings realized \$14 to \$16, Wichita.

Continued shortage of red meats increased demand for the scarce supplies of eggs and poultry last week. Eggs, hens and fryers were up one to three cents above the previous week's close. Straight run current receipt eggs brought up to 43c a doz. at some places. Heavy hens realized 23 to 25c a lb., Denver; 26 to 28c, Dallas; 27 to 30c, Fort Worth, and 40c, New Orleans.

Light shipments of Southwest apples and cantaloups brought steady to stronger prices last week, but onions and potatoes were dull and slightly weaker. Louisiana and Texas sweet potatoes remained about steady but were down from the previous week's top. Cooler weather moved more sweet potatoes into storage.

Peanuts sold near ceiling levels. Milk and butter held firm.

Shell Pipe Line Co. Installs Several New Teletypewriters

Shell Pipe Line Corp. has replaced its private Morse-code telegraph service with teletypewriters, it was announced today by F. W. Littell, superintendent of the company's Communications and Transportation Department. The new connections system include automatic teletype machines located at Houston, Deer Park, Colorado City and McCamey in Texas; Tulsa and Cushing in Oklahoma; and St. Louis, Mo., in addition to private and leased telephone lines along the company's 4,000 miles of pipe line in seven states.

No reduction in personnel has resulted from the conversion, as the services of former telegraphers not used in working the new machines have been utilized in other assignments.

Mr. and Mrs. Waymon Wilson and sons of Ballinger visited Mr. and Mrs. R. E. Ruble over the week end. Mr. Wilson is a former Badger coach here and is now coach at Ballinger.

News of Interest To The Veterans

Contracts with the Louisiana and Texas state medical societies to provide home-town medical care for veterans with service-connected disabilities are in the final stages of negotiation, the Veterans Administration revealed this week.

At the same time, VA, through its Central Office in Washington, D. C., is seeking contracts with state hospital associations in the Southwest on a standard schedule of hospital costs so that VA can utilize more private hospital facilities for veterans with service-connected ailments.

Signing of these contracts will enable eligible veterans to get good medical care in their own communities and in many instances will eliminate the necessity of making long trips to VA hospitals for treatment.

More than \$7,000 worth of movie equipment especially designed for bed-ridden patients, has been donated to Veterans Administration hospitals in Texas, Louisiana and Mississippi by the Texas Variety Club.

The organization, made up of Texans in the entertainment industry, raised the funds and purchased the equipment so that the veterans confined to their beds by war injuries or sickness would be assured of entertainment at all times.

The Variety Club's gift included 22 light and portable projectors with prismatic lenses to throw movies on the ceiling or an overhead screen. Each projector is equipped with the headphone sets which enable selected patients to listen to the movie dialogue without disturbing others in the ward.

Institutions of higher education in Texas, Louisiana and Mississippi are expecting a record enrollment of about 133,000 students this fall, according to preliminary reports reaching VA. Former service men and women are enrolling in tremendous numbers, these reports indicate.

Questions and Answers

Q. How can I arrange to have my National Service Life Insurance premiums deducted from the disability compensation checks I receive from Veterans Administration?

A. You can do this if you will go to any Veterans Administration office and fill out a form authorizing VA to make the deductions from your compensation payments.

Q. I have been turned down by a lending institution for a GI guaranteed loan to buy a business. Does this mean that I can't get a GI guaranteed loan to go into business?

A. No. If one lender turns you down, try another one. The fact that one lender is not interested does not indicate that your proposition is not sound.

Q. Before the GI Bill was amended, I used up my whole guarantee of \$2,000 to buy a farm. Now that the maximum guarantee has been increased to \$4,000, would I be entitled to an additional \$2,000 loan-guarantee if I wish to purchase more land?

A. Yes. If you used part or all of your loan guarantee before the Servicemen's Readjustment Act (GI Bill) was amended last winter, the amount of loan-guarantee credit used is deducted from the amount for which you are eligible under the amended bill, and the remainder is the amount of guaranteed credit which you may use in obtaining future loans.

Q. Can I change the beneficiary or beneficiaries of my National Service Life Insurance without letting the beneficiaries know anything about it?

A. Yes. A veteran may change the beneficiary or beneficiaries of his National Service Life Insurance at any time without their knowledge or consent by notifying Veterans Administration. For further information, the veteran should consult the nearest VA office.

Your Electric Meter

NIGHT AND DAY... EVERY DAY OF THE YEAR!

Only difference between an automobile speedometer and an electric METER is the unit of the measuring scale—miles or kilowatts.

Suppose you leave on an extended vacation this year. Naturally you put down your speedometer reading and when you return, by subtracting original reading from present, you have total distance traveled. Wouldn't be much fun to make extensive car trip and not know how far you had been.

Same way with electric speedometer—as above reading shows, Reddy has traveled 5,876 kilowatts, and if at the end of next month, meter reads 5,996, Reddy will have traveled 120 kilowatts. Simple, isn't it?

It's fun to keep record of Reddy's monthly trips, and realize that regardless of how constant and how fast he has traveled, and his great distance covered, his cost is amazingly small.

Iran Braves Defeat Sanderson Eagles On Friday Afternoon

The local High School Braves visited the home field of the Sanderson Eagles Friday afternoon and won the second football victory of the season, 33-0.

Showing some improvement on offense and defense, which limited their opponents to six first downs, Iran surged across five touchdowns and three conversions, despite the fact that the Indians were taxed 65 yards by the officials for rule infractions. Be it said, however, that the Eagles battled hard all the way, but could not cope with a versatile and deceptive ground attack liberally sprinkled with short and long passes.

Reports indicate that there is yet much to be desired by the coaches in defensive play by Iran, since the Eagles picked up all the yardage they made on ground plays, not one pass being completed by Sanderson. Especially displeasing to Coaches Covin and Lowrance was defensive play in the middle of the line.

As to the game itself, Sanderson played valiantly, but a parade of Iran touchdowns followed with practically the entire Brave squad participating in the scoring. Improved blocking by Iran made the job of carrying the ball less difficult than was the case against the first opponent of the year.

In the first period, QB Rowe spun through the line from the 20 yd. marker to score the initial touchdown. He received excellent support in getting the ball into scoring territory from Cade and McFaddin.

Whitefield kicked the extra point.

Early in the second quarter, McFaddin hit right tackle and cut sharply to the left to race across another tally. Whitefield again booted the point try thru the cross bars. Still another touchdown was scored by the Braves before the half ended. Once more McFaddin scored from the 15 following a series of thrusts by Cade and Whitefield. Two short passes were completed and the half ended, Iran 20, Sanderson 0.

During the second half, the Iran coaches substituted liberally. About the middle of the third quarter, Rowe again scored on a neat piece of broken-field footwork. He went over standing up, and a pass, McFaddin to Fife, added the extra point. Rowe scored again before the quarter ended after runs and off-tackle thrusts had put the leather in scoring position and the try for point was missed. That closed the point-making for the day and Coaches Covin and Lowrance used reserves for the rest of the session.

Sanderson showed much improvement over the past week, and, at times, gained chunks of yardage through the Indian forward wall. However, the Iran 25-yd. line was as close as the Eagles could penetrate, from which point the Braves marched to their third marker after taking the ball on downs.

This week the Braves open their conference season against the Stanton Buffaloes. Little is known locally about the strength of the visitors, but a tough game is in prospect. The game will be played at night. The Iran-Sanderson tussle was played in the afternoon, the hosts not having a lighted field.

The Iran lineup:
Ends—Owens and Dempsey
Tackles—Powell and D. Martin
Guards—Herndon and Phillips
Center—Fife
Backs—Rowe, Whitefield, Cade and McFaddin (c).

Substitutes—Martin, R. Ford, McCarver, Watson, Meynig, Hesson, Miller, S. Cox, McMillian, Yates, Burns, Cooney and Huddlestone.

Next to Tooms was his teammate, Oatman. Marfa had control of the game all the way, but Rankin put up a game and sturdy fight throughout.

SET YOUR SIGHTS

It takes planning to achieve a goal

Some young men know what they want and plan for it. Others are still looking for their niche. The new Regular Army can help both.

Perhaps you want to go to college but can't afford it. If you enlist in the Army, you'll get your chance. Honorably discharged after a three-year enlistment, you are eligible for 48 months of education at any college, trade, or business school for which you can qualify. The Government will pay your tuition, laboratory fees, etc., up to \$500 per ordinary school year, plus \$65 a month living allowance—\$90 a month if you have dependents.

If you haven't found your spot, an Army enlistment offers you training in any of 200 trades and skills. You leave the service eligible for further training at the best civilian schools.

You can assure yourself of the benefits of the GI Bill of Rights if you enter the Army on or before October 5, 1946. See your nearest Army Recruiting Station for details.

HIGHLIGHTS OF REGULAR ARMY ENLISTMENT

1. Enlistments for 1½, 2 or 3 years. (1-year enlistments permitted for men now in the Army with 6 or more months of service.)
2. Enlistment age from 18 to 34 years inclusive (17 with parents' consent) except for men now in Army, who may reenlist at any age, and former service men depending on length of service.
3. A reenlistment bonus of \$50 for each year of active service since such bonus was last paid, or since last entry into service, provided reenlistment is within 3 months after last honorable discharge.
4. A furlough for men who reenlist within 20 days. Full details of other furlough privileges can be obtained from Recruiting Offices.
5. Mustering-out pay (based upon length of service) to all men who are discharged to enlist or reenlist.
6. Option to retire at half pay for the rest of your life after 20 years' service—increasing to three-quarters pay after 30 years' service. All previous active federal military service counts toward retirement.
7. Choice of branch of service and overseas theater (of those still open) on 3-year enlistments.

Wink Wildcats Win Easily Over Jal, N. M.

By Mac Vinson
 Wink Wildcats, playing their second home game of the season, defeated the Jal, N. M., Panthers by a score of 51 to 6, scoring in every quarter and playing in the Panthers' territory throughout the game except on the lone touchdown play made by the visitors late in the 3rd quarter, when a pass from Reid of Jal to Joiner, Jal fullback, for 15 yds. and with Joiner traveling 65 yds. to score.

Displaying a marked improvement, both on offense and defense, the Wildcats started the scoring in the mid part of the first quarter after a pass from Gann to Ebeling, Wink end, for 20 yds., put the ball in scoring position aided by Wayne Pearson and Gilbert Downey with De-Wayne Phillips skirting right end for the marker from the 12 yd. stripe. Gann's kick for point was no good. The Jal Panthers then opened up a passing attack that netted them one of their only first downs of the game and which was finally broken up by Wildcats Robbie Allen and Bobby Gann, after the Panthers had completed a 25 yd. run to the Wink 35 yd. line. The quarter ended with the score: Wink 6, Jal 0.

At the beginning of the second stanza, Gilbert Downey, Bobby Gann and Dewayne Phillips, successfully carried the ball from their own 17 yd. line to tally in the early part of the quarter on a pass from Gann to Ebeling with Gann circling left end for the extra point.

On the kickoff by Wink, Jal received on their own 35 and failing to make first down kicked to W. Pearson on the Wildcats' 35, where he returned the punt for 3 yds. Again, Phillips, Downey, Gann and W. Pearson started another touchdown trek that was nipped by the Panthers when Reid intercepted a Wildcat pass on the Jal 43 yd. stripe. On the next play Phillips of Wink intercepted a Jal pass and was smothered in his tracks by the Jal players. Gene Dowe, starting back for

the Wildcats, who has not seen much service due to a twisted knee in practice session, replaced Phillips and tossing a pass to Downey which was incomplete and then heaved the next one to Gann for 12 yds. and a first down, ending the quarter: Wink, 13, Jal 0.

Jal kicked off to Wink after the half and with Gann, Downey and Phillips carrying from the Jal 34 yd. line, Downey again scored, going through the entire team of the Panthers from the 18 yd. line. Gann kicked but was no good. Jal, not making a first, kicked to Gann who returned the ball for 40 yds., and with Gann passing to Bobby Marsh for a substantial gain, and Downey going through the line for another score for the Wildcats.

Lee Peters' kick was blocked by the Panthers. On the kickoff, Jal failed for first and kicked to Gann who returned for 25 yds. to the Panthers' 25 stripe where a lateral pass, Downey to Peters, for score was called back due to a Wink penalty, but with Phillips, Gann and Downey carrying to the one yd. stripe, where Gann plunged for the tally. Gann's attempt to pass was no good for the extra tally. It was late in this quarter when Reid of Jal tossed a pass to Joiner for 15 yds. and with Joiner out-running Gann and Downey, scampered 65 yds. for the lonetally made by the Jal Panthers, ending the quarter: Wink 31, Jal 6.

Coming back strong in the 4th and determined to avenge the Jal tally, the Wildcats received deep in their own territory and with Lawson, Gann and Phillips on the way to the 1 yd. stripe, with Gann carrying over for the score from that spot. Gann's kick was good. With both teams fumbling after the kickoff, Wink recovered on the Jal 25, where Bobby Marsh galloped for 24 yds. before being nauled down from behind but with Lawson scoring on the next play through the line. Gann's kick was again no good. Wink kicked off to Jal who lost the ball on an interception by Wildcat Robbie Allen on the Panther's 33 stripe. Lawson to Ed-die Hanks, guard, on a lateral pass after almost being tackled by Reid of Jal, netted 15 yds. and with Gann tossing a pass to Phillips putting the ball on the Jal 10 yd. line where Downey scored through the line standing up. On the following kickoff the Jal Panthers started another passing attack but the game ended with the ball in Wink territory.

Final score: Wink 51, Jal 6.
 First Downs: Wink 27, Jal 2
 Joiner of Jal, playing fullback, was a consistently good punter, keeping the ball out of the end-zone with his fine kicking during the entire game.
 The Panther band and pep squad accompanied the team here, along with several hundred Jal supporters. Approximately 2,500 people attended the game.—Wink Bulletin.

DOPE SHEET

The Badgers ran into a rough, tough and hard-socking Seminole eleven Friday night and were fortunate to emerge with no more than a 6-0 loss. We don't know how the Seminole league stacks up, but if they're less potent than our own 7-A and possibly our 1945 opponents such as Iraan, Ft. Stockton and Crane, then our Badgers are in for a rough season.

The Ft. Stockton Panthers played the Pecos Eagles a far better game, losing 12-0, than did Ballinger, for many years the big stick in Dist. A football circles. The Badgers tangle with Fort Stockton next Friday night in a game to be played in Badger Stadium. These Panthers are going to be very, very salty come game time tonight.

Monahans will be McCamey's first conference opponent this year, with the game scheduled to be played on Monahans' home gridiron. The Monahans have played two games this season, winning both by top-heavy scores. In their first game, the Lobos trimmed Lovelland, 45-0; they rolled over Colorado City last Friday night by a score of 34-0.

The McCameys next play Iraan, an old 5-B opponent. The game will be played in Iraan. We don't know too much about the Braves, but we understand that they showed plenty of fight and versatility in their first two games, in which they defeated a Midland B team, 21-0, then went on to trim Sanderson last Friday eve by a score of 32-0, in a game played on Sanderson's home field. Pecos, victor over Ballinger, 32-7; and Fort Stockton, 12-0, comes to McCamey on Oct. 18. Pecos' Medanich promises to give the McCameys much trouble, as does the entire Pecos squad.

Kermit, a late-season conference opponent, dumped the Ralls Jackrabbits last Friday, 55-0. The Wink Wildcats lived up to their name last Friday night when they walloped the Jal, N. M., eleven by a score of 50-6. Wink is a mid-season conference opponent. Bobby Gann, Dewayne Phillips, Gilbert Downey and Bob Eberling appear to be the boys to watch in the Wink line-up.

Stockton and Crane To Clash October 11

Next Oct. 11, the Crane Cranes will tackle the Fort Stockton Panthers at Fort Stockton.

Last year the Panthers beat the Cranes, but a large majority of the team was sick.

The Panthers will have just about all of their men back from last year, as compared to Crane's loss of three men off the first string.

Stockton will probably outweigh Crane but Crane will have just about as much experience.

Rankinites Attend Sul Ross-San Angelo College Game

Several Rankinites attended the Sul Ross-San Angelo College football game Friday night, Sept. 20, via the school bus driven by "Box" McDonald.

Those attending were as follows:

- Mr. and Mrs. W. C. McDonald;
- Mr. and Mrs. Japson Pettit;
- Mr. and Mrs. Duwain Vinson, Grimm Taylor, Paul Ashby, Garland Hensley, Gene Holmes, Marcus Price and Dunn Lowery.

James E. Smith and Bobby Brazel, who are attending school at Sul Ross State College, Alpine, came in last Friday night to spend the week end with their parents. They returned to Alpine Sunday morning. They expressed themselves as being well pleased with Sul Ross.

From where I sit... by Joe Marsh
Going Fishing? Here's How!
 To hear Willie Wells and Basil Strube arguing about trout fishing, you'd think it was more important than the atom bomb.
 Willie favors dry flies, Basil pooh-poos anything but wet flies. Willie swears by a Royal Coachman; Basil won't hear of anything but a Silver Doctor. And by the time it comes to steel rods versus bamboo rods... #!X&*!!
 But on Saturday, each got back from Seward's creek with a catch that couldn't have differed by more than several ounces!
 Each had used his favorite kind of fly, his favorite rod and his favorite place to cast. So over a friendly glass of beer, they allowed as how maybe they were both right... which is how so many arguments should end.
 From where I sit, if we all respected one another's different opinions—whether about trout flies, or drinking beer, or voting, life would be a whole lot pleasanter.

West Texas Stock Still Face Rough Winter

While all counties in this section of West Texas have received some moisture during recent weeks, range and crop conditions in many of them are still below normal and prospects continue for a tough winter for livestock, according to reports received at the office of W. I. Marschall, District 66 farm agent of the area.

The following report was received from the Crane County Agent, H. L. Atkins, Jr.: Both surface and subsoil moisture in this county are fair except in localized areas in southwestern Crane. Livestock and range conditions improved except in the drouthy areas. Feed sorghums are about half the normal acreage this fall and a late frost will be necessary for maturity of some fields.

CHURCH OF CHRIST

P. O. Box No. 283 Telephone 192W McCamey, Texas

(All quotations from American Revised Versions)
"Whoever goeth onward and abideth not in the teaching of Christ, hath not God."—2 John 9.

Have you given much thought as to whether the church that you are a member of is scriptural or not? Perhaps you think Christ planted all these different churches, and that it doesn't make much difference which one of them you are a member of. If you are of the above opinion, will you give thoughtful consideration to the following:

1. The CHURCH is the BODY of CHRIST—(Eph. 1:22-23).
2. But there is ONE body—(Eph. 4:4; 1 Cor. 12:20).
3. Therefore, there is but ONE church!
1. It is scriptural to say "the body of Christ."—(1 Cor. 12:27).
2. But "the Body of Christ" is the church.—(Eph. 1:22-23; Col. 1:18).
3. Therefore, it is scriptural to say "the Church of Christ."
1. The one true Church mentioned in the New Testament is the "church of the Lord which He purchased with His own blood."—(Acts 20:28).
2. But "The Lord who purchased the church with his own blood," is Christ (Acts 2:38).
3. Therefore the one true church mentioned in the New Testament is the Church of Christ.
1. The New Testament mentions by name the church built by Christ—(Rom. 16:16).
2. But the New Testament does NOT mention these different denominational churches of today.
3. Therefore, Christ did not build these different denominational churches.

"Every plant which my Heavenly Father planted not, shall be rooted up."—(Matthew 15:13).
