

VOLUME 44, NUMBER 17

10 PAGES

For a player who was so small in the eighth grade that coaches doubted that he'd ever do the team much good, Donny Anderson has come around pretty well.

Looking at the 220-pound All-America from Texas Tech, it's hard to believe that he was ever at a state during his growing-up years that he was far behind his peers.

But he was, and pictures in the 1957 Stinnett yearbook prove that Donny Anderson, at the age of 13, was a five-foot, 90-pound "midjet."

So, if you're five feet tall and weigh about 90 pounds and are barely making the team, take heart. Maybe someday you too will be an All-America and can sign a \$700,000 bonus contract to play pro football.

Donny told this story on his former Coach, Don Light, at last Saturday's banquet. Coach Light had just come to Stinnett when Donny was getting ready to start to high school.

One of the coaches was said to have asked Coach Light "Do you think there is much chance of Donny ever getting to play much?" To which the present Friona Coach was reputed to have said "Well, I don't know. Maybe he could come in and play tackle or something."

Donny gets a kick out of this story, and also likes to tell about when he chose Texas Tech as his college preference, Tech coaches saying they could probably use him at center and line-backer on defense.

And, he's never played anything but right halfback. And a lot of that, we might add.

Anderson, who came within a few yards of setting a new world's record in advancing the football more yards than any player in collegiate history, will continue his football adventures next fall with the Green Bay Packers.

But if he chose to, Anderson already has accomplished enough to write a fair-sized book.

What has been his biggest thrill in football? "Oh, I guess signing the pro football contract. I hadn't thought about it much," he told this reporter the other night.

We'd have to agree that this should rank at the top of Donny's many outstanding accomplishments. After all, until some of the boys with the big money find another "prize plum" and bidding goes practically into orbit, Donny will hold the record of having received the biggest bonus contract in the history of professional football.

And for a "country boy" from the High Plains of Texas, that's quite an honor in this day of heated competition between the American and National Football leagues.

Did he ever think he'd have a chance to make good in big-time football?

"Not really. Actually, when I was growing up I thought a lot about playing professional baseball. I played more baseball as a youngster than football -- so playing pro football didn't loom as a possibility until after I started to college," Donny says.

The former Stinnett star has made several good decisions the past five years. The first was in deciding to continue his education in college rather than to have a crack at pro baseball after he finished high school.

The second was after he had "flunked out" as a freshman at Tech and lost a year of eligibility. Instead of dropping out entirely, or transferring to a smaller and easier school, Donny stuck it out, made his grades and continued.

Next, Donny says he was offered a professional baseball contract by the New York Mets prior to the past college year. A representative asked him what he thought he would get to sign a professional football contract. "Oh, around \$20,000," Donny told him. "Then we'll give you \$30,000," the scout offered.

Although \$30,000 might seem like a lot of money to some youngsters, Donny wisely chose to decline the offer. That amount probably pay his taxes this year.

Since he failed his work as a freshman, Donny participated in the "red shirt" program going an extra year to school.

AT OPEN HOUSE . . . Mr. and Mrs. Ellis Tatum (right) are shown as they were served refreshments during open house at Friona High School last Sunday. From the left are Future Homemakers Lydia Buske, Karene Milner,

Joann Jennings, Becky Coffey, Brownie Cole, Delores Phipps and Lou Cochran. Approximately 550 people toured the new school plant, despite cold, windy weather.

Credit Union To Hold Annual Meeting Tonight

The 12th annual meeting of the Friona Texas Federal Credit Union will be held tonight at the Grade School Cafeteria, beginning at 7:30 p.m.

Included on the agenda will be the election of officers and directors. Terms of three members of the organization's board of directors are expir-

ing. They are Mack Bainum, Ray Landrum and Loyde Brewer. Holdover directors are C.O. Houser and Lucy Jones. Terms of two members of the credit committee are also expiring. They are Ralph Roden and Ralph Taylor. The holdover member of the committee is W.H. Filppin, Jr.

Door prizes will be awarded. Refreshments will be served, and entertainment, in the form of Eva Miller's Trebelaires will be presented. Dyalitha Benson, treasurer of Hereford, Texas Federal Credit Union, will speak.

Lucy Jones will present the treasurer's report. Other reports will be given from the board of directors and committees.

The board will announce its plans to pay a four and one-half per cent dividend.

Hub Sale Goes Today

The 10th annual Hub Community Sale will be held today at the community center nine miles south of Friona.

Billed as the "world's largest country auction sale," the annual event bids to again live up to its "bigger and better" motto, if inclement weather doesn't take a toll of buyers.

"We had more items on the sale ground by Tuesday of this

week than we had last year, and usually Wednesday is our biggest day," said Clarence Monroe, president of the Hub Community Association.

Bidding will begin at 10 a.m. this morning. The Hub Home Demonstration ladies will serve lunch in the community center, and there will be free coffee all day.

Bands, Choir Schedule Annual Winter Concert Next Monday

The annual winter concert by the Friona High School Junior High School bands will be held Monday, January 24 at the new high school auditorium. Joining the program this year will be the newly reorganized high school choir.

The concert will begin at 7:30 p.m. Tickets for adults will

cost \$1. Student tickets are 50 cents.

Included on the program will be the following:

High school band: "Pride of the Illini March" by Karl King, "Jesus, Joy of Man's Desiring," by Bach-Leidzen; "Deep Purple," by Billy De Rose; "First Suite for Military Band"

by Gustav Holst; "Streets of Athens" by Cavacas and "Sesqui - Centennial Exposition March" by Sousa.

Junior High School Band: March from "Songs for Band" by Morrissey; "The Plainsmen," by McKay; "The Whiffenpoof Song" by Yoder; "A Swingin' Safari" by Kaempfer; and "Tangotown" by Kinyon.

High School choir: "O Western Wind" by Clokey; "Early One Morning" by Dunhill; "The Green Leaves of Summer" by Tiomkin-Webster; "Down in the Valley" by Ades; "Chim Chim Cher-ee" and "Super-calf-fragil-istic-expi-ali-docious" by Sherman.

Willis Giddins is high school band and choir director. Edra Hudson directs the junior high school band.

Local White's Dealer Ranks High In Sales

Leland Hutson, owner and manager of the local White's Auto Store, returned the past week from Dallas and a regional meeting of White's owners,

where he received a company award for tire sales during 1965.

The White's store placed 21st out of 392 White Dealer Stores in tire sales during the calendar year 1965, and was awarded a cash bonus of \$1,945.99.

"To show our appreciation to our local customers who helped us achieve this award, we are throwing an 'Appreciation sale' beginning Thursday, January 20 and running through Saturday, January 29," Hutson said this week.

Hutson has been owner and manager of the local White's store since July of 1964, when the dealership and store were purchased from C.A. and Billy Turner.

Further details on the store's "Appreciation Sale" can be found in a full-page advertisement in this week's issue.

School Census Blanks Needed

January 31 is the deadline for filling out a school census blank, Superintendent of Schools Alton Farr pointed out this week.

The school especially wants to get names of all students who will be six years of age prior to next September 1. Those with children who will start to school next year are urged to contact either Superintendent Farr or elementary principal J.T. Gee.

Funeral services for Celia Faye Vestal were conducted at Friona Junior High School auditorium Tuesday afternoon.

Celia Faye, 15-year-old daughter of Mr. and Mrs. C. L. Vestal, died early Sunday after suffering a cerebral hemorrhage. Miss Vestal became suddenly ill while attending a movie Saturday night. She had attended the football banquet earlier in the evening.

Bobby Jordan, member of the varsity football team the past season, had taken Miss Vestal to the banquet and movie. He rushed her home when she became ill while at the local drive-in movie.

An ambulance was summoned at the Vestal home, and it was involved in a crash enroute to Farmer County Community Hospital. However, the crash was not responsible for Miss Vestal's death, an autopsy revealed.

Frank Goen, employee of Claborn Funeral Home and driver of the ambulance, was only slightly injured despite extensive damage to the ambulance. Randall Schwab, 15, driver of the other car, sustained a light concussion.

The accident occurred at Ninth and Pierce, just two blocks from the Vestal home.

A sophomore at Friona High School, Celia Faye was active in the youth department of Calvary Baptist Church, of which she was a member. She was also

an active member of the Future Homemakers of America, was a member of the Thespians Troupe, the Spanish Club and was an honor student.

Rev. Jake Armstrong, pastor of Calvary Baptist Church, officiated at the funeral, assisted by Rev. Audye Wiley, former pastor.

Pallbearers were Ricky Hurst, David Reeve, Larry Graves, Randy Ellis, Jackie Claborn, Eddie Wood, Galen Brewer, and Larry Truitt, all classmates.

Flower girls were Patti Regsdale, Debbie Jarecki, Diana Wilson, Joan Brookfield, Sharon Awtrey, Joann Jennings, Kathy Cook, Jan Welch, Peggy Drake, Karene Milner, Becky Coffey and Renee Cleveland.

The Trebelaires, under the direction of Eva Miller, sang selections, including a trio number by Janet Bishop, Susie Carmichael and Darla Howell. Burial was in Friona Cemetery, under the direction of Claborn Funeral Home.

Survivors besides the parents are a sister, Susan and a brother, Burke; maternal grandparents, Mr. and Mrs. J.L. Smith and paternal grandmother, Mrs. Lucy Vestal, all of Friona.

Thirty-Four Students Enter Hereford Show

A total of 34 students from Friona have entered animals in the Hereford Young Farmers Junior Livestock show this weekend.

Swine will be judged starting at 4 p.m. today; with steers and lamb judging set to begin at 4 p.m. Friday. Friona youngsters have fared better than average in the Hereford show in recent years. Families and friends of the young showmen are invited to attend the show in support of the youngsters.

Those entering pigs include Jackie Claborn, Eddie Wood, Randy Milloy, Walter Carlton, Steve Brown, David Reeve, Johnny Claborn, Dewayne Proctor, John Baker, Vincent Schilling, Mike Rietmayer, Steve Taylor, Ronnie Altman, Mike Woolley, Jill Rietmayer, Kay

Rietmayer, Zane McVey, Vicki Pryor and Larry Johnston.

Entering steers are Rex Wells, James Gable, James Schlenker, Mike Rietmayer, Dewayne Gable, David Sides, James Sides, Mike Smith, Steve Wagner, Larry Martin, Gary Shirley, Joel Osborn, Steve Gregory, Mike Woolley, Kay Rietmayer and Jill Rietmayer.

Four students are entering lambs. They are Walter Carlton, Don Ready, Glenn Goggans and Charles Short.

Sale of the top animals will begin at 1 p.m. on Saturday. Local buyers are urged to attend in support of the local showmen who place high.

A total of 28 barrows, 21 steers and six lambs from Friona are being exhibited.

MAKES AN 'ACE'

Beene Joins Local Hole-In-One Club

Dr. Bill Beene became the second local golfer and third in the history of Friona Country Club to score a hole-in-one on the local course the past week.

Dr. Beene scored his ace on the par three 150-yard seventh hole last Saturday. Dr. Beene was playing with two other local golfers, Ralph Shirley and Ralph Roden.

Glen Mingus scored the first hole-in-one on the Friona course last spring. The feat was duplicated by an out-of-town golfer in a tournament during the summer.

Dr. Beene has been playing golf for just two or three years. "This is no indication of my golf game. Don't ask me what my score for the match was," he told the Star.

HOLE-IN-ONE . . . Dr. Wm. (Bill) Beene, who has been golfing for only the last two or three years, is shown displaying the club and ball with which he scored the golfer's dream -- a hole in one, at Friona Country Club last week.

RECEIVE AWARD . . . Leland Hutson, (right) owner - manager of the local White's Auto Store, is shown displaying a cash award from White's with Calvin Doshier, who is employed at Whites. The local store ranked 21st out of 392 White Stores in tire sales during 1965, and to show his appreciation to his customers, Hutson is kicking off an "appreciation sale" beginning today. Floydada Nips Squaws; Chieftains Take Win

Friona High School basketball teams halved their district games at Floydada Tuesday night. The Chieftains came out with a 56-52 win, but the Squaws took a 72-64 setback.

The games left Friona teams both having identical 1-1 records after two district games. The teams meet Lockney here tomorrow night, then go to Olton next Tuesday.

It was heartbreaking loss for the Squaws, who led by as much as eight points in the third quarter. Friona held leads at the end of every quarter: 22-21, 37-35, and 55-48. Their seven-point third quarter lead vanished as Floydada took advantage of 14 free throws in the final quarter.

The team hit a phenomenal 65 per cent of its shots from the floor, good enough to win 90 per cent of its games, but the difference came on free throws. Friona was called for fouling 18 times to nine for Floydada.

The team got good balance in its scoring once again. Cindy Ingram scored 25 points, Betty Taylor 20, and Janet Rushing 19.

The Chiefs led all the way, having as much as an 11-point lead at one stage. It was 17-8 after a quarter, 30-22 at the half and 43-40 going into the final quarter.

Floydada closed the gap to

two points at 50-48 late in the game, but Friona answered the challenge.

Gene Weatherly's 24 points paced both teams. He was the only Chieftain in double figures.

making his college tenure five years.

That's why Donny was eligible for the Draft after his junior season, when both Green Bay and Houston chose him as their number one choice, as a "future."

At that time, we were afraid that might affect Donny's decision to stay at Tech his fifth year, since he was so highly regarded by the pros. Last Saturday, as a Tech alumnus, I personally thanked the Tech star for not leaving the Raiders early to play pro football.

"Actually it never was a serious problem with me," Anderson said in accepting our thanks. "I figured I owed it to Tech to dig in and give it another big year."

Along with about 100,000 other Tech fans, we're mighty glad that he did.

EASY THERE... Travis Graves (right), is shown keeping close tab on Abernathy's Mike Tannahill in the game here last Friday. Friona dropped the game, 57-55, but downed Floydada, 56-52 this Tuesday for a 1-1 district record.

WITH ABERNATHY

Cagers Split Contests In District Openers

Friona High School basketball teams had to settle for a split in their District 3-AA openers here last Friday night against Abernathy. The Squaws were off on the right foot, winning 68-55 but the Chiefs were victims of a 57-55 cliffhanger.

The Squaws, defending regional champions, were off like tracksters at the opening run. They roared to a 19-4 lead in the first quarter, pressing the Abernathy team and forcing them into numerous mistakes which gave the ball to Friona.

It was 21-5 at the end of the first quarter, and early in the second quarter the Squaws opened up a 19-point lead at 24-5, repeated it at 26-7 and 28-9, and appeared ready to make a run-away of the contest.

However, Abernathy began to take advantage of Friona mistakes, and pulled to within 12 points, 38-26 at the half. The Squaws kept everything at "status quo" during the third period, taking a 53-41 lead into the final quarter.

The Squaws were hung on 53 points for almost five minutes of playing time, having led 53-37 in the third quarter (16 points), and before the Squaws could score again Abernathy had pulled to within eight points, 53-45.

Cindy Ingram's free throw finally broke the cold spell, and after Abernathy pulled to within six points of the Squaws, Miss Ingram's three point play got the Squaws a safe 12-point lead and the team coasted from there.

The team got balanced scoring from Miss Ingram (24 points), Janet Rushing, 23 points and Betty Taylor, 21 points. Also, the defense, led by Linda Fallwell's 60 per cent grade, performed well, with a good 57 per cent grade.

U.S. Business Failures

NEW YORK — There were 18,501 business failures in the United States in 1964, according to the Insurance Information Institute. The average dollar loss per failure reached an all-time high of \$98,454.

Texas Tech's J. T. King was elected Southwest Conference Coach of the Year in a writers' poll conducted by the Dallas Morning News.

The Chief-Antelope game was a thriller from the opening tip-off, although the Chiefs were not as sharp as they have been.

The lead rocked back and forth in the opening quarter, with baskets by Gene Weatherly giving the team three-point leads on two separate occasions. Friona led, 19-18 at the quarter's end.

Abernathy roared ahead as the second quarter began, and amassed a three-point then five-point and finally a seven-point lead. Friona rallied to cut the spread to three points, 26-23, at the half.

It was a six-point Abernathy lead, 47-42, going into the final quarter, as the Chiefs had trouble getting their offense in gear.

The Antelopes regained a seven-point lead at 50-43 with 6:26 to play in the game, and had the same advantage at 52-45 with 4:35 to play, almost breaking the game open.

But the Chiefs' robe to the occasion, and began whacking away at the lead. Fans were thinking of a repeat of last year's district opener when the team scored a thrilling come-from-behind win, when Friona finally caught up at 53-45 as Travis Graves made an easy lay-in following a steal with two minutes to play.

However, fouls hurt the Chiefs, and Abernathy grabbed a two-point edge, 55-53 with 25 seconds to play, and used two foul shots with nine seconds left to salt away the game. Graves made a jump shot with two seconds remaining to trim the lead, but Friona couldn't get its hands on the ball again.

Enrollment Necessary For Medicare

People 65 and over need to be reminded they do not have much longer to enroll in the Medicare program under social security, according to Hal Geldon, Manager of the Amarillo Social Security office.

The enrollment period began September 1, 1965, and will end March 31, 1966. Persons who were 65 or older in 1965, must sign up during this enrollment period if they want the supplemental medical insurance.

People who are receiving so-

cial security or railroad retirement benefits have received their enrollment card by mail. Persons receiving old-age assistance benefits from the Texas Department of Public Welfare will be contacted by their welfare office.

Others who have not signed up for either of these benefits should contact their Amarillo social security office now for assistance in enrolling.

This includes all persons 65 or older who may still be work-

ing and getting too much for them to receive monthly payments as well as those who are 65 and older and who have not worked under social security enough to qualify for monthly payments.

"Remember" Geldon said, "the enrollment period is limited. Get in touch with your Amarillo Social Security Office for more detail about this new Health Insurance Program. Do it today!"

Mr. and Mrs. Andy Fuquey and children will farm the Don Schumann place this year. Craig Schumann will stay with the Fuquey family until school is out this year at Lazbuddie. Craig will have attended Lazbuddie school all of his twelve years upon graduation from the senior class in May. The Don Schumann family has moved to Spearman.

Mr. and Mrs. Leon Smith Sr., were in Kansas last week on business.

Don Watson was an honorary pallbearer at the military service Sunday held for Capt. Donald Blair. Capt. Blair was a 1960 graduate from W.T.S.U. He was recently killed while in action in Viet Nam.

The new building at the Lazbuddie school is near completion. The new facilities came about after several months of extensive study by the school board concerning the school needs in order to better provide a well-rounded background

education program to better qualify the students to enter college or and make their way in life. The \$235,000 program consists of a cafeteria and kitchen, a science-laboratory, a new homemaking department, related service and administration facilities and other noted modern equipments that are seldom found in a school the size of Lazbuddie.

The cooks for the new cafeteria are Mrs. Nola Treider, Mrs. C.A. Watson, Mrs. Olen Ivy and Mrs. James Harvey. Members of the schoolboard are E.A. Parham, president, A.E. Redwine, W.G. Harlin, Roy Miller, Alton Morris, Fred Burch and Ben Foster Jr. School superintendent is Sam P. Barnes.

Lazbuddie Volley Ball women and mens teams are invited to take part in the volleyball tourney at Springlake the evenings of March 7-12th beginning at 6 p.m.

Auto Insurance

NEW YORK—Property damage liability insurance on your auto covers only damage your car does to the property of others. It does not cover damage to your car, says the Insurance Information Institute.

Stacie Neill Born Wednesday

Mr. and Mrs. George I. Neill became parents of a baby girl at Parmer County Community Hospital at 6:02 p.m. Wednesday, January 12. She was named Stacie Ann and weighed 6 lbs. 8 ozs.

Grandparents are Mr. and Mrs. George W. Neill, Water Valley, Texas, and Mr. and Mrs. Dewey Parmer Jr., Veribest, Texas.

Stacie Ann is the first child for the couple. Both sets of grandparents have been visiting in the George I. Neill home. Neill is an employee of Friona Growers and Shippers.

Circle Meets In Allen Home

The Perilee Circle of Woman's Missionary Union of First Baptist Church met in the home of Mrs. Charles Allen Friday for Bible study. Mrs. Spencer Hough presented the call to prayer and devotion. Mrs. T.E. Wood led the opening prayer. Bible study was directed by Mrs. Allen.

During the social hour refreshments were served to a guest, Mrs. J.V. Bouldin and the following members: Mesdames L.R. Dilger, C.W. Dixon, Bill Burton, M.G. Mars, Spencer Hough, O.B. Moyer, Reeta Agee, T.E. Wood and O. C. Rhodes.

Mrs. Frances Howard of Abernathy was a weekend guest in the home of Mrs. A.O. Drake, Mr. and Mrs. Earl Drake and Mr. and Mrs. Arthur Drake.

Ann Osborn Elected Study Club President

At the regular meeting of the Progressive Study Club last Tuesday evening Mrs. M.C. Osborn was elected president of the club for the next two year terms starting next fall.

Other officers chosen were Mrs. John Humphrey, Vice President; Mrs. Andy Hurst, Secretary; Mrs. Lee Spring, Treasurer; Mrs. Bill Ellis, Reporter; Mrs. Richard Adkins, Parliamentarian; Mrs. Don Reeve; Music Director; Mrs. Hollis Horton, Pianist; Mrs. Tom Jarboe, Federation Counselor.

The program for the evening was on "Self Improvement." Mrs. Lee Spring opened the program with a short meditation.

Mrs. Phillip Weatherly and Mrs. Ray D. Fleming gave a short skit on beauty shop etiquette. They then showed several hair styles modeled by club members and their children. Children's hair styles were modeled by Jennine Jar-

boe, Kip Fleming, Penni Weatherly and Page Osborn. Adult styles were modeled by Mrs. Andy Hurst, Mrs. John Humphrey, Mrs. Bill Ellis, and Mrs. Hollis Horton.

Mrs. Cricket Taylor, County Home Demonstration Agent, gave a program on dressing smartly. Mrs. Leland Gustin of the Rhea Community modeled a simple black suit and changed the accessories for varying types of dress.

Mrs. Robbie Osborn and Mrs. John Fred White served refreshments to 23 members and five guests. Guests were Mrs. Taylor, Mrs. Gustin, Mrs. Schueler, Mrs. Mac Ragsdale, and Mrs. John Alexander.

During the business meeting Mrs. Alexander was voted as a new member in the club.

On The Farm In Parmer County

By JOE VANZANDT
County Agent

I took my first plane ride in about 10 years last week with Carl Schlenker and Ira Parr at the controls. We flew to Plainview to attend the West Texas Vegetable Growers Conference. Others making the trip were Bruce Parr and Norman Nossaman. Bruce was the outgoing president of the organization and is to be commended for his fine job of leadership to the Vegetable Growers Association. We heard about recent developments in vegetable production and picked up several copies of the results of the 1965 Vegetable Research Report for West Texas. Come by if you want a copy.

I might add that our area is very beautiful from the air. We had about 40 attending our fertilizer, irrigation and farm management meeting last Thursday. We believe that the three specialists gave us all something to think about as we plan our farm operations for 1966. No one has all the answers for anyone. It is mainly up to each farmer to sit down and do plenty of pencil work before you decide how you are going to operate this year. Come by the office for a visit if you desire.

We are getting a lot of questions about herbicides already. We will have a weed control-herbicide meeting in early February with Dr. Weise. This will be the best time to get your questions on this answered. Some times we just don't have an answer to your herbicide situation. You may want to get a few pots of soil and plant the crop you want to grow in this soil. If you do, keep your pots in a sunny location as sunshine has some affect on herbicide reactions. Also have one pot of good untreated soil to serve as a comparison.

SHRUB PROTECTION
Trees, shrubs and flowers face problems from the elements just as do humans and among them is winter protection. The amount of protection needed depends on the natural hardness of plants, severity of climate and exposure.

Winter injury to plants is usually attributable to two factors, severe cold or loss of moisture from shoots and

branches. Extreme cold will cause twigs, stems and roots to freeze, prompting cell tissues to break down.

Excessive loss of moisture, which frequently causes winter killing, is due largely to the effect of strong, drying winds during periods of brilliant winter sunshine.

Evaporation of moisture from twigs, branches, canes and leaves (in the case of evergreens) continues at a slow rate through the winter. To supply this moisture, plant roots must continue to absorb water.

When evaporation is rapidly accelerated by prolonged periods of winter wind and sunshine, plant roots are unable to supply moisture fast enough. Branches and canes become withered and, if this condition is sufficiently aggravated, it often results in dying back of a large portion of the plant or in its death.

Therefore, one of the most important preparations for winter is to see that the soil is adequately supplied with moisture. Rainfall has been light during the fall and the ground should be soaked before freezing weather sets in.

Many trees and shrubs may be saved from winter injury if this protection is given. Protection against wind and sun is as important to many plants as protection against extreme cold.

To protect half-hardy shrubs and newly planted shrubs, a wind screen can be constructed from snow fence, burlap or commercially prepared straw mats.

4-H MEMBERS EXHIBIT
Seventeen members will be exhibiting livestock at Hereford on Thursday, Friday and Saturday. The pigs show at 4:00 p.m., Thursday, Lambs at 4:00 p.m., Friday and calves at 7:00 p.m., Friday. The auction sale will be held Saturday at 1:00 p.m.

The following members will be exhibiting livestock:
Brenda Dyer and Raymond Hise from Povina 4-H Club; Neil Christian and Randy Gregory from Oklahoma Lane 4-H Club; Barry Williams from Farwell 4-H Club; Larry Johnston, Vicki Pryor, Zane McVey, David Sides, Kay Riethmayer

Sasser Made Geigy Salesman

Robert H. Sasser, Jr., of Plainview, has been appointed sales representative for Geigy Agricultural Chemicals, division of Geigy Chemical Corporation.

The announcement was made here by Mr. C.E. Cybert, District Sales Manager.

Mr. Sasser will be serving farmers and agricultural chemical distributors in the region covering West Texas.

A 1964 graduate of the University of Tennessee at Knoxville, he holds a bachelor of science degree in agronomy. He resides at the Edgemore Apartments in Plainview.

Be A Safe Driver

Here's How By Sam Hanks

Racing Director, Indianapolis 500-Mile Winner

SAVE TIRES AND LIVES
In the last two years, the winning car in the Indianapolis 500 has finished the race without changing tires.

When tires will stand up for 500 miles at a 150-mile-an-hour average on the Speedway, it's a real tribute to their staying qualities.

If we stop to think about it, we all know tires are better than ever. Flats used to be commonplace, but now many drivers have never experienced one — and therein lies a danger.

Too many of us have become complacent about tires. But an under-inflated tire run at turnpike speeds is a prime candidate for a blowout. We all know what happens when tire blows out at high speed, especially a front tire.

Even if you avoid a blowout, driving under-inflated tires takes thousands of miles off their life.

Incidentally, contrary to a popular notion, letting air out of your tires is no real help in getting off ice. Sand or rock salt works much better.

So, if you want to save tires — and possibly your life — check tire pressures regularly.

Another good way to save tires — and lives — is to replace shock absorbers every 20-25,000 miles with new Monroe shock absorbers or front and rear Load-Leveler stabilizing units.

White has been farming in Bailey County the past two years. From the left is his wife, Laquita, Jimmy, and his parents, Mr. and Mrs. L.R. White. Also attending from Friona were Mr. and Mrs. George Taylor, Mr. and Mrs. Bill Ellis, Flake Barber and Porter Roberts.

At Home In Parmer County

Sharpen your vegetable shopping skills by using select vegetables. In general, freshly harvested vegetables have more vitamins than those held in storage.

According to a nutritional specialist, you get several times as much vitamin A value from bright orange, mature carrots as from pale-colored, young ones. Even so, young carrots are a good source of vitamin A.

Deep-orange sweet potatoes have a maximum A value. Excellent sources of riboflavin as well as vitamin C and A are turnip greens, kale, collard. Appreciable amounts of thiamine and protein are contained by lima beans, peas and young black-eyed peas.

The dark-green leafy vegetables are richer in nutrients particularly vitamin A, calcium and iron than light green vegetables.

OUR EATING HABITS—Why all this talk about vitamins? You may say everyone here gets plenty to eat. That may be true but what do they eat? Let's check our eating habits and listen to a survey by nutrition research teams from four leading universities who reported:

Among senior citizens 54 per cent of those surveyed were below acceptable levels in vitamins B1, and 39 per cent had some degree of anemia. In one school, 60 per cent of the students were below acceptable levels in vitamin C. A substantial number of lowas schoolchildren surveyed had high concentrations of cholesterol in their blood and "eat diets which

cannot be considered to be well balanced."

Among Vermont junior high school girls surveyed, 11.9 per cent were below acceptable levels in vitamin B1 and 64.4 per cent had some degree of anemia.

Among hospital patients, 63 per cent of those surveyed were below acceptable levels in two or more vitamins.

Malnutrition in the form of obesity from excessive eating is perhaps the country's most important nutritional problem.

Reason for malnutrition in many cases is not lack of family income, say the researchers. It's simply that "many Americans insist on consuming diets which are poor in essential food elements" even though all the essentials are readily available in ordinary food supplies.

For help in improving family diets, come by our office on second floor of County Courthouse in Farwell and request help on further study of this subject. We have bulletins of recognized authority that are free for the asking.

Car-Animal Collisions

NEW YORK—If a car is in a collision with an animal, such as a deer or horse, any financial loss is covered by comprehensive physical damage insurance, not by collision insurance, says the Insurance Information Institute.

Mr. and Mrs. R.E. Sneed returned home Thursday evening after spending several vacationing days in Arizona.

4 Lone Star Staters Win National 4-H Honors, \$500 Awards

Three members of the Texas delegation to the National 4-H Club Congress, just concluded at Chicago, came home with national honors and \$500 scholarships.

They are Glen Lich, 17, of Comfort, winner of the John Deere 4-H Conservation of Natural Resources award; Joe Hemphill, 17, of Coleman, winner of the 4-H Public Speaking award donated by The Pure Oil Company; and Robert Glasscock, 17, of Sonora, winner of

the Wilson & Co., Inc. 4-H Sheep award. Joyce Rodgers, 20, of Brownwood, who did not attend the congress, was awarded a \$500 home economics scholarship by Pyrofax Gas Corporation.

National winners are chosen by the Cooperative Extension Service, which supervises 4-H Club activities, on the basis of contestants' 4-H records. During the congress a total of 224 national 4-H award recipients were announced, representing 45 states and Puerto Rico.

Registration Closes For Sewing Class

Registration for Clothing Classes on "Alteration of Patterns" will close January 25th, for homemakers in Parmer County, according to Cricket B. Taylor, Extension Home Economist.

Some of the following points to be taught are:

1. How to select commercial patterns that are correct for the individual.
2. How to select the right type size, style and make of pattern for the individual.
3. How to make necessary alterations on patterns before cutting garment.
4. How to tape and fit pattern to individual and make necessary adjustments.
5. How to recognize a good fit in a garment.
6. How to take measurements from a well fitted pattern and use in fitting other patterns.

A short preliminary meeting will be called of those registered prior to starting the workshops.

The time of workshops will be determined by the number in the classes. In addition to the preliminary meeting, approximately two full afternoons (or its equivalent) will be needed, Mrs. Taylor said.

Next meeting of the club will be in the home of Mrs. J.B. Sneed at 2:00 p.m., Thursday, January 20.

Those present were Mesdames Helen Fangman, Roscoe Ivie, Bill Carbel, Travis Stone, Ralph Price, J.B. Sneed, J.R. Braxton, J.T. Presley, Ellis Tatum, Clyde Hays, K.E. Deaton, and Dick Rocky.

Anderson was chosen on several teams last year, will probably make every selection this season.

Rise in Auto Thefts

NEW YORK—Auto thefts in the United States have nearly tripled since 1948, according to the Insurance Information Institute. There were 163,400 cars stolen in 1948 and 466,805 in 1964. Authorities stress that the best way to safeguard your car against thieves is to lock it and take the key with you.
