## "Husbands, Wives, and Marriage"

Maybe you read that survey published recently in a national magazine, entitled "Husbands, Wives, and Marriage."

It showed that among happily married couples, those who criticized themselves outnumbered those who criticized the other person. Among unhappily married couples, it was just the oppositeeach one tended to criticize the other.

That's the way it is in our town, as I guess it is in yours. Criticism, whether it's of a wife's taste for hats, or a husband's taste for pipe

tobacco and an evening glass of beer or ale, is a sure start towards unhappiness.

As for what made happy marriages, companionship within the home was listed most important of all. And from where I sit, a husband and wife who can spend an evening by the fire-with nothing more exciting than a mellow glass of beer, and a friendly conversationare a truly well-matched couple!

The best medicine for any budget: consistent savings. vailable cash. Even a small sum regularly deposited

REMEMBER when a bare bulb like this was the last word in lighting? That's when you started calling your electric bill a "light" bill.

Then electricity began to take on more chores. It learned to cook and sew and clean, to wash, and iron, preserve food, entertain the family—in general, to make life healthier and happier and easier all around. Lighting became only a fraction of that job.

Naturally, you came to depend on electric service for more and more jobs-until now you couldn't imagine living without electric service! Today your electric service bill is just about the biggest bargain in the family budget-yet what else does o much, for so little?

Yes, it's a service bill today—it does your chores, cleans your home, cooks your meals, and gives you more time for "living."

## The 4-H Club Spirits Now Running High

All of the 4-H boys are looking forward to a very interesting Off The Grass" signs finish year. Mr. Day has a very good project in full swing. The only thing that is on feed is sheep so far. Mr. Day says that if there is anything that the 4-H boys want to know, just let him know and he will try to help. Mr. Day knows sheep very well.

Most of the boys are looking forward to going to San Angelo, it has been told that there is a lot of fun in San Angelo, also El Paso, the main shows that when we walked in from will be made this year will be: 2:15 recess to find our Upton Co., San Angelo, Midland, filled with pumpkins, black Odessa, and El Paso.

We all hope to have a very enjoyable year.
