## "Book Week" Is Proclaimed For Rankin

### Reckless Driving In Rankin Reported To Mayor This Week

A report made to Mayor J. Rankin by the Texas Highway Patrol, reckless driving reports being reported to officials will call for action in the near immediate future. It is estimated that most violators seem to lie with adolescents of the community. Patrolmen indicated that driver's license would be checked in the future and violators will be punished under the provisions of the existing law. Parents are urged to see to it that their children have drivers' licenses before letting them drive type of vehicle. The Highway Patrol make periodic visits to the Courthouse in Rankin for purpose of giving driving order to avert possible serious accidents, and embarrassments to both the parents and children of the community. Mayor Rankin suggested that steps be taken immediately to eliminate reports.

#### MOST FOR THE LEAST

"To get the most for the least," as the old phrase goes, is the aim of every thrifty housewife when she buys groceries for the family. To help her get the most in nutritive value for the money she spends a recent study of nine essential nutrients in 106 commonly used foods showed some interesting results.

At the top of the list were those found to be cheap sources of six nutrients: white potatoes, whole wheat bread, rolled oats, beef and pig liver, and dried peas. Ranking next were rutabagas offering five nutrients.

Foods supplying four nutrients at low cost were: carrots, spinach, and milk. Good buys for three nutrients were prunes, canned peas, canned tomato juice, frozen spinach, molasses, and pork chops.

This study also showed that most good buys for vitamin C furnished only this one nutrient cheaply. This indicates that the housewife needs to pay particular attention to vitamin C when buying foods.

Eggs are on the plentiful list for this month and much cheaper than they have been for some time. Eggs are an excellent source of protein, rich in vitamin A, and the yolk, one of the richest sources of vitamin D. You get all this and more when you supply each member of your family with an egg a day.

There are so many methods of preparing eggs for every meal of the day that one should have no trouble keeping up appetite appeal. In preparing them remember to use low heat, beat at room temperature, and use older eggs for hard cooking since the very fresh do not peel easily. Overcooking custards will cause the eggs to curdle and too much beating or mixing of cakes will cause loss of air and a loss of lightness and fluffiness in the cake.

#### SCHEDULE FOR THE WEEK

Clothing leaders of the home demonstration clubs will meet at the Park Building on Tuesday, March 7 for a training school for March and April meetings. The Garden Home Demonstration club meets on Wednesday, March 8 and the McCamey Home Demonstration Club on Friday, March 10. Both groups will have a demonstration on planning the individual wardrobe given by the agent. Everyone is welcome to attend these meetings. Both will be held at the Park Building, the Garden Club beginning at 2:00 and the McCamey Club at 2:30. The McCamey 4-H club girls meets on Thursday, March 9.

#### NOTICE

We have three plates at the office—one white, one flowered, and one square glass plate. We do appreciate having the pies and cakes that were brought to the food booth in them during the stock show. And we would like so much to return them to the owners—if we only knew who the owners were. If one of them is yours won't you please call us so that we can return them to you. The solid white one had a name on a piece of paper. The name rubbed off in handling but perhaps you'll know that yours was so labelled and enable us to return it to you.

#### ON FISHING TRIP

Walter Herral, H. F. Neal and Clay Taylor have been fishing at Lake Boquilla in Mexico this week.

### BY THE MAYOR OF THE CITY OF RANKIN A PROCLAMATION

Whereas, the Rankin Study Club working through and by virtue of permission of the Commissioners' Court of Upton County, is sponsoring a Public Library in the City of Rankin; and

Whereas, a Library Committee composed of members of the Rankin Study Club and representatives from the Kathryn Secret Parent-Teacher Association and the Rankin Business and Professional Women's Club has worked and is working diligently to make a complete public library in Rankin meet the educational, recreational and inspirational needs of its people;

Whereas, by permission of the Upton County Commissioners Court two rooms in the North wing of Rankin's Park Building are being furnished and made ready to house the library, with a competent Librarian having been appointed by said Commissioners' Court;

Whereas, many books for all ages from kindergarten to adults including educational and vocational volumes as well as books of fiction are needed for the shelves of said library;

Whereas, this institution will be a free public library for all Rankin's citizens without any additional taxation whatever;

I, J. Pearl Rankin, Mayor of the City of Rankin, now therefore do hereby designate the week of March 6th through March 11th, 1950 as Book Week, and urge every citizen to respond as liberally as possible to the appeal of the Rankin Library Committee for books to be put upon the shelves of this new Free Public Library.

In witness whereof I have hereunto set my hand and caused the seal of the City of Rankin to be affixed this 3rd day of March, 1950.

J. Pearl Rankin

### Plans For Two Rankin Scouts To Make Jamboree

Gordon Steele, Scoutmaster of the Rankin troop, announced this week that plans were underway to send two boys from Rankin to the National Jamboree at Valley Forge, Pennsylvania to be held from June 30 through July 7.

Nathan Jewelers of San Angelo contributed \$100 toward the project this week, and the Rankin American Legion Post donated \$50.

It will cost \$168 to send one boy to the Jamboree. Any person or organization desiring to contribute to the project should contact Mr. Steele, or other committeemen of the local Boy Scout Troop.

All reservations must be made by May 15.

### Upton March of Dimes Closes With \$3,766

Generous-hearted Upton County citizens went all out during the annual March of Dimes, and County Chairman J. T. Wade made his final report this week and showed that a total of \$3,766.11 was contributed. This was short of the \$5,000 goal, but was more than four times the amount contributed in 1949.

With all revenues collected, the tabulation showed that in McCamey, a total of \$2,323.87 was collected, while Rankin citizens raised \$1,442.24.

Expenses involved during the campaign totaled only \$38.

Robert Smith of McCamey was director of the drive, while H. E. Sharp was chairman in McCamey and Dunn Lowery in Rankin.

### Local Drive Continues For Library Soon

With plans, arrangements and actual work going forward on the Upton County Library in Rankin, the week of March 6th to 11th has been proclaimed "Book Week" in our city.

Prize winning posters being made by Rankin's school children will be on display during the week and the prizes will be awarded in three groups; Group 1, the first, second and third grades; Group 2, the fourth, fifth, sixth and seventh grades and Group 3, the eighth, ninth, tenth, eleventh and twelfth grades.

It is hoped Rankin citizens will aid in establishing the library by donating books for its shelves. This project, which is sponsored by the Rankin Study Club is a cultural contribution of inestimable value to our City and deserves the wholehearted support of its citizens.

Theodore Roosevelt once said "After the Church and the school, the free public library is the most effective influence for good in America. The moral, mental and material benefits to be derived from a carefully selected collection of good books, free for the use of all the people, cannot be over estimated. No community can afford to be without a library."

Children's story hours through the vacation months and book reviews by local talent are among the plans of the library committee. No finer tribute can be paid a friend or loved one than a memorial book on a library shelf; they educate, they furnish mental recreation and they inspire.

If you have a book or books lying idle which you would like to see go on the shelves of Rankin's library for all to enjoy, please hand them to one of the following committee chairmen during Book Week: Mrs. Leola Hurn, representative from the Business and Professional Women's Club; Mrs. Campbell White, PTA representative or Mrs. Ralph Daugherty, General Chairman for the Rankin Study Club.

Your contribution of books for the furtherance of this splendid project will be most gratefully accepted.

Mrs. Hamilton Still has been appointed as Librarian in Rankin. In the library your children will be with the best friends ever—books. And no matter what your occupation may be, the public library can help you by lending you vocational books, Teacher, minister, business man or woman, electrician—no matter what your vocation, a good public library will have good books in your field. And that is what Rankin wants, a good public library.

In aiding in the purchases of the library shelves, the B & P W Committee will furnish a list of magazines in the order of their importance and the Parent-Teacher Committee will compile the list of children's books.

Rankin's library will be quartered in the North wing of the Park Building at no extra cost to the tax-payers. Under the laws of the State of Texas no special tax may be levied for a public library. However, Article 1679 of the Texas Revised Civil Statutes provides that funds may be set aside by the Commissioners' Court out of the General Tax Fund or the Permanent Improvement Fund for the maintenance of a library or libraries in the County.

A lot of hard work is going into Rankin's Library by women of Rankin who are interested in the cultural welfare of our City. It will be for all—so let us all do our part.

"A modern public library performs peculiarly intimate functions for its community. It is a great educational institution which confers blessings but no degrees, whose courses are all elective, whose students are never graduated because the pursuit of knowledge is unending, whose classes are open alike to the humblest and the proudest—an institution of democracy which recognizes no social distinctions but caters to everyone according to his thirst for knowledge."—Cleveland Plain Dealer.

### Mrs. Edna Maye Patton Represents Local B&PW At Revue

Mrs. Edna Maye Patton, treasurer of the Rankin B & P W Club, represented the club as their model in the Spring Style Show which was presented in the McCamey High School auditorium Monday night under the auspices of the McCamey B & P W Club. A number of Rankin people attended the style show which was staged under the direction of Mrs. E. C. Bone of McCamey.

### School Census To Be Taken During March

Supt. Hamilton Still of the Rankin Independent Schools announced this week that the annual school census would be taken during March.

In the census, all children born between September 1, 1932 and August 31, 1944 should be registered.

Any parents having children not in school at the present time, but will be eligible by next fall should contact Supt. Still at the Rankin Schools for the proper forms to fill out.

**THE FBI DOESN'T MAKE POLICY**

As a result of evidence introduced in the dramatic communist trials, a great to-do has been made over alleged illegal activities by the FBI, including wire-tapping. This issue, as is to be expected, is being built up by left-wing groups.

However, many honest and sincere people are worried about the possibility of police state methods being adopted here. So the position of the FBI should be clearly understood.

First of all, as J. Edgar Hoover has pointed out, wire-tapping is not carried on a wholesale scale, as the left-wing comrades would have us believe. It is authorized only in cases of the gravest kind, involving espionage, sabotage and kidnapping. In such cases, it is often the only possible means of developing evidence.

Moreover, as Mr. Hoover also said, the FBI does not make policy in this or anything else. It follows policies laid down by its superiors in the government. The policy on wire tapping was set by the late President in 1940. In each case when the use of a wire tap is under consideration, the authorization of the Attorney General must be obtained before the tap can be utilized by the FBI.

This policy was followed by Attorney Generals Biddle, Jackson and Clark. The latter two are now justices of the Supreme Court. And the policy has been reiterated by the present Attorney General, Mr. McGrath.

According to Mr. Hoover, "The FBI has less than 170 telephone taps in existence, confined to internal security cases, throughout the entire United States and its possessions." The tap, in other words, is employed only in extremely serious cases, which definitely affect the national security, and then only on the authorization of the highest legal officer of the Executive branch of the government.

**BREACH OF FAITH**

The executive council of the American Federation of Labor has called for the immediate repeal of the wartime excise taxes which apply to amusements, transportation, leather goods, cosmetics and other products. These taxes, the council said, are strangling business, and Congress' failure to repeal them is "a breach of faith with the American people." In the words of a press dispatch, "The AF of L policymaking group declared the wartime excise taxes were originally enacted only as temporary measures and large groups of union members are protesting against continuing them any longer."

This major labor organization is in good company when it stands for repeal of the excise taxes. Manufacturers, retailers, consumer groups, high government officials, economists—all point out that the emergency that created the taxes has long passed, and that the levies damage employment, production and purchasing power. The revenue they produce, in the light of current government spending, is small. The harm they do to the country is great.

The excise taxes are often spoken of as luxury taxes. But that is very largely a misconception. The American citizen who goes to a movie, or travels on a train, or buys a suitcase or a lipstick, is certainly not a horrible example of overly luxurious living. These goods and services, in the American scheme of things, are necessities, which contribute to our health and our morale. The excise taxes add an arbitrary 15 to 25 per cent on top of the price, and so make them unnecessary and unfair expenses.

The proper solution is the outright repeal of this whole wartime tax burden, and a corresponding cut in government expenses, not an increase in other taxes.

**"WHAT CAN I DO?"**

Millions of Americans are beginning to stir themselves from a long hibernation and squarely face the responsibilities of citizenship. This awakening from lethargy is one of the most encouraging signs I've observed since I returned home from Asia 11 years ago after an absence of 11 years. At that time we as a nation were drifting, on a strong current, away from the fundamental principles which have given us the highest living standard the world has ever known. And hardly anybody seemed to notice or care.

For years I've been conscious of this apathy as I traveled about the country addressing various groups and meeting people. In the past year or so there has been an awakening of significant proportions. It isn't sufficiently widespread to be decisive—but, to me it is immensely encouraging. Since January 1, 1949, I've made 210 speeches in 36 states, tracing the good record of free enterprise and the dismal failure of Socialism wherever tried. My collective audience of 81,220 persons included industrial workers, teachers, business and professional people, housewives, students—a good cross-section of our population.

**A WELCOME QUESTION**  
The reaction of a considerable number of men and women fell into a pattern. Not all, but most of those I met face-to-face after my formal speeches told me they'd begun to realize the full import of some of the things happening in our nation today and were anxious to do something to help safeguard the American way of life. Invariably they asked, "What can I do?"

The same awakening attitude and the same question are being expressed all through the mail I receive from listeners to our radio program and from readers of this column and our monthly letter which goes to some 40,000 people around the country. When a person asks this question he is at least partly informed—he sees the threat to our freedom. And nine out of 10, I believe, really will do something if given specific directions, materials or tools to work with. I always welcome the question.

**SOMETHING TO DO**  
Answers to "What can I do?" are virtually unlimited in number. Here are five that come to mind easily—all commanding positive action:  
1. Become well informed on history and politics and especially in economics. Henry Hazlitt

has written an easily understood book for laymen—"Economics In One Easy Lesson." The Reader's Digest for February has a provocative book digest on politics—"The Road Ahead." These could be thought starters for anyone. Get reprints of the Digest's book condensation and distribute them.

2. Speak out. Take five minutes and awaken some of your friends and associates—at your club, or Bible class, or labor union meeting, or sewing circle, or P. T. A. or at noontime in the office or shop where you work.

3. Get better acquainted with your local preachers and school teachers and public officials. What is their thinking? Have lunch with them. Swap viewpoints on economics and politics. Take their books to read; recommend constructive movies, radio programs, columns, editorials.

**CITIZENSHIP DEMANDS**  
4. Get a good 16 mm. film that tells the American story and show it the next time your group meets—any group. Scores of such movie shorts are available on loan without cost. (We're producing some ourselves at Harding.) Are your local schools taking advantage of this medium of American education?

5. Participate actively in the election of sound public officials. Voting is not merely an American privilege; it is a sacred responsibility. Get together with sound-thinking people of your community and actively champion candidates of strong character, intelligence and achievement—for the school board, and on up.

These are merely American citizenship demands. But, oh, how important they are to the future security of our freedom!

**Upton Art Exhibit To Be Held In McCamey On March 6th And 7th**

The Upton County Art Exhibit, sponsored by the McCamey Study Club, will be held March 6 and 7 at the McCamey Park Building with the following scheduled hours: Monday, March 6, 3 p. m.; Tuesday, March 7, 10 a. m. until noon, 1 p. m. until 3 p. m., and from 5:30 p. m. until 8 p. m.

In Rankin, all children must have their entries in by Tuesday, Feb. 28, to Mrs. Shiller. Adults entries are to be left with Mrs. Crandell.

In McCamey, children are to have their pictures into the elementary building not later than Wednesday, 2:30 p. m., March 1. McCamey adults have until Saturday, March 4, to submit their entries and leave them at the McCamey Park Building. Adults work must have been done in 1949-50 and may be framed or unframed. All pictures should be titled if possible.

The public is urged to reserve time on these dates and visit the exhibits.

**THE FORWARD MARCH**

**PRES. TRUMAN'S BUDGET**

WASHINGTON, D. C. — The President wants "wide-spread" increases in the number of Federal job-holders. We pause to observe that the people of the U. S. would be much better off if they had fewer Federal job-holders. They already number around the 2-million mark.

Senator O'Connor, (D-Md.), criticizes the White House for recommending thousands of new jobs in the face of the estimated \$5,133,000,000 spending. O'Connor is one of the many shouting from the floor of the Senate in behalf of a program that will cut wild spending.

In both branches of Congress, Government extravagance is being attacked by Democrats and Republicans—and believe it or not, the President of the U. S. is going to get a terrible spanking when he leads for a \$42,439,000,000 budget for the next fiscal year.

As one looks over the estimates to discover what it is all about, he learns that the President is recommending millions of dollars to cover great increases in funds for the Tennessee Valley Authority, the Marketing and Production Administration, Public Housing, Wage and Hour division, Farmers Home Administration, the Forest Survey Service, Geological Survey, Home Finance Agency, Aeronautics, Bureau of Labor Management, Bureau of Old Age Insurance, The Labor Department—apparently anything that has been thought of up to date.

**POLITICS MAKE FOOTBALLS OUT OF INDUSTRY DISPUTES**

An approach to the labor issues has been proposed. It suggests that management and labor, not politicians, revise the labor legislation. The "proposer" is the distinguished Eric Johnston, one-time president of the U. S. Chamber of Commerce. In that capacity he expressed the aims and purposes of American affairs—shall we say "better than other presidents of the organization."

In Johnston's opinion the existing method of enacting labor legislation is trusted to the politician. Politicians gave us the Wagner Act, "which business did not like," says Johnston, and "the Taft-Hartley Act which labor does not like." He expresses the belief that when labor laws are left to the judgment of Congress, we get the kind of laws intended to influence the most votes—the "friends of labor or the friends of management." He says that if labor legislation is to remain in the hands of politicians "we can despair of ever achieving industrial peace." Johnston says labor unions exaggerated the virtues of the Wagner Act. **Pegasus Project In Yields Free Penn. Oil**

Recovery was 25 feet of 42.3 gravity oil and 1,000 feet of heavily oil and gas cut mud test in the Pennsylvania project in the Pegasus field, Upton County.

The Sharples Oil Corp. No. 43 TXL showed gas to the face in 19 minutes at the rate of 72,000 cubic feet daily on the minute drillstem test from 10 to 10,565 feet in the Pennsylvania, topped at 10,270 feet, 7 feet below sea level. Open hole bottom hole pressure was between 525 to 600 pounds. Drilling deeper was scheduled. Test is 660 feet from north west lines of NE 1-4 of sec. 40-48-T&P.

"This has been tried before, but it failed because the timing was wrong. I am utterly convinced it is time to try again."

**LET'S REDISCOVER AMERICA**

Only about 25 per cent of the U. S. has been adequately mapped. The Secretary of the Interior Dept. in Washington has furnished this information to "We, The People." This isn't fair to the grass-roots—that is a part of the country that isn't on the map; that is a great section of the U. S. that is a good deal more important than lots of big cities who are busy right now squalling about affairs in their congested communities.

The Secretary tells us that most persons find it difficult to explain why such large areas are not on the map. He suggests that a slogan for new Federal mapping might well be "Let's Rediscover America."

**RETURNS TO BIG SPRING**

### SHEFFIELD NEWS

Mrs. Mamie Holmes has gone to Sanderson where her son-in-law, Geo. Geeslin, is ill with a heart condition.

Mr. and Mrs. O. C. Barrett and their three daughters, of Huntsville, were weekend guests in the home of Miss Bettye Mitchell. They visited their son, Gene, who is attending Iraan High School.

Mr. and Mrs. James E. Smith of McCamey were visitors in the home of Mrs. Smith's parents, Mr. and Mrs. H. L. Sandel.

Joan Robertson and Carole Lanehart of Iraan were guests of Peggy Cauble over the weekend.

Mr. and Mrs. Stanley Anderson went to San Antonio this week where they attended the Fat Stock Show and Rodeo. Their son, Elmore, had a registered Brahma calf in the show.

Mr. and Mrs. H. C. Noelke, Jr., had as weekend guests, Mrs. Noelke's uncle, Reinhardt Hallje, and his companion, Jimmie Sheffield, of Phoenix, Ariz.

Carol Smith is visiting her grandmother, Mrs. C. S. Casey.

Mrs. Harold Holmes was named honoree at a gift shower held on Friday, Feb. 24, at the Community Hall. The decorations carried out the traditional pink and blue theme. The gift table was centered by a beautiful baby doll enthroned on a blue satin comfort. The refreshment table glowed with pink tapers in crystal candelabra on a lace table cloth.

Mrs. E. B. Holland, Jr., greeted guests at the door and Mrs. Mitchell Sandel presided at the registration table. Mrs. E. B. Holland, Sr., and Mrs. Roger Dudley presided at the refreshment table. They were assisted in serving

## Orchids and Onions

Orchids to Edna Mae for getting some colored moccasins. Onions to Jerry for not coming to the volleyball game. Orchids to the 8th grade girls for winning the game with Grandfalls. Onions to Jimmy and Ann for fusing. (Jerry and Punk, too.) Orchids to Adrienne for playing on the 8th grade team. (You did swell Adrienne.) Onions to Adrienne and Demeris for getting their ears pierced.

## Saucy Sophomore

The saucy sophomore for this week is none other than that cute little blonde, Merry Tom Lowery. She moved here September 25, 1948, from Broadus, Texas. She was born November 2, 1933. Merry Tom has wicked hazel eyes and a very nice complexion. She is 5' 5" tall and weighs 126 pounds. Some of her likes are: Fruits, vegetables, sweets, basketball, baseball, horseback riding, blue, white, roses, English, Algebra, Homemaking, Jr. Business, skirts,

sweaters, and slacks. She also likes to write. She doesn't like boys who think they are everything, fish, and to meddle in others affairs. Merry Tom is liked by everyone and we are glad she is a sophomore.

## Men Are A Mess

If you smile at him, he thinks you are a flirt. If you don't flirt, he thinks you are an iceberg. If you let him kiss you, he wishes you were more reserved.

If you don't he seeks consolation elsewhere. If you flatter them, they think you simple.

If you don't he thinks you don't understand him.

If you let him make love to you, he thinks you're cheap.

If you don't, he'll go with a girl who will. If you go out with other fellows, he thinks you're fickle.

If you don't, he thinks no one will have you. MEN—God bless them all—don't know what they want. And GIRLS—God bless them too—just don't know what to do!

## SENIORITY

This week's seniority is none other than Imogene Sanders. Imogene was born on June 4, 1932 in San Angelo. She is 17 years old, has blonde hair, green eyes, is 5' 5" tall and weighs 140 pounds. Imogene moved here on February 13 of last year. Her likes are shorthand, typing, the color red (which she looks very nice in), dill pickles, fried chicken, and ALL sports. Her dislikes are conceited people, boys that lie, English, and celery. Imogene is on the A string in volleyball this year and is a very good sport. She is also President of the Future Homemakers of America Club. She was in the Junior play last year and will be seen in the Senior play this year. We are glad to have her as a member of the graduating class of 1950 and know that everyone likes her as well as we do.

## Angelic Eighth Grader

This week's angelic eighth grader is none other than Nola Grace Boyd. She is 14, and was born on December 5, 1935. She has blonde hair, brown eyes, and a beautiful complexion. She weighs 105 and is 5' 4" tall. Nola's favorites are Don Murphy, Mexican dishes, English, Mr. Shiller, sports, and the color is yellow. Some of her many likes are Don Murphy, fried chicken, and bubble gum. Her dislikes are conceited people, gum papers, gizzard of chicken, Mr. Shiller's lumber yard (paddle). She especially likes to wear blue jeans. She hopes some day to be a private secretary. We hope she is a success at it and we enjoy having her in our class.

## The Devil's Pitchfork

What is this we hear about Ann, Lyn, Alice and Gaynelle going to have a fight . . . Who was that on the Crane road practicing their driving? . . . We always knew Joe G. was good for something. Seems like Mary Alice and Lyn were using him for a post to parallel park . . . Shame on the eighth grade for reading funny books in class . . . What was Dan B.'s speech about Tuesday? Why doesn't he practice what he preaches? . . . I guess Lyn and Mary Alice weren't disappointed because they didn't get to take their driving tests. After all, it will give them time to practice . . . Who was that Demeris was all up in the clouds about Saturday? Couldn't be Pete M., could it? . . . What if Nola and Ann could play the trombones . . . What is this about Edna Mae going to get some moccasins all different colors. Hooray, now we can get some new ones.

## Know Your Endorser On GI NSLI Checks

Leonard St. John, Upton County Service Officer, reminded the merchants this week to be sure of their endorsers identity before cashing National Service Life Insurance checks. One case was reported in McCamey the past week of a check being cashed by other than the owner. Upton County Sheriff officials stated that they had an "idea" on the case, but stated that no arrests had been made late Wednesday. The check that was misappropriated belonged to a Latin American of McCamey.

## MIDLAND MARKET REPORT

Bidders were numerous and the market was strong and active and steady with the week before at Midland livestock auction sales last Thursday. Four hundred and twenty-five cattle were received and sold. Fat calves and yearlings brought \$22.50 to \$25.50 while mediums sold for \$20 to \$22.50. Fat cows brought \$16 to \$17.50 and a few heifer kinds went higher. Medium cows moved at \$14.50 to \$16. Canners and cutters sold for \$12 to \$14.50. The few bulls that were offered sold for \$17.50 to \$18.50. Stocker steer calves that weighed over 400 lbs. were bid from \$26 to \$27.50. Two or three bunches of light-weights went as high as \$28.50 and one small group, apparently considered select, brought \$30 per hundred. Stocker heifer calves sold for \$25 to \$26.50. A lot of 17 Angus heifers weighing around 475 lbs. brought \$125 a head and found good Angus 5 year old cows sold for \$205.50 each. Eight choice quality 2 year old heifers were bid in at \$181 a head. Twenty-five medium fed steers that weighed about 925 lbs. each sold at \$22.60 per cwt and a group of medium fed Brahman steers brought \$22.25 per cwt.

## LA GLORIA SETS PECOS WILDCAT WEST OF GIRVIN

La Gloria Corp. plans to drill an Ellenburger wildcat in Pecos County, three miles west of Girvin. Projected to 5,500 feet with rotary and beginning at once, the firm's No. 1 A. A. Sullivan of Chicago and Paul Sullivan of Clermont, Fla., will be 660 feet from north and west lines of section 68-11-H&GN. It will be about two miles south and slightly east of the same operator's No. 1 Mrs. L. L. Cresse, discovery Simpson producer in northern Pecos County.

## WHAT IF—

All the girls got their ears pierced.  
Mona Sue and Grover had a date.  
J. P. wrote to Jo Veta  
All the girls wore blue jeans  
Mrs. White taught homemaking.  
Betty Jo moved to town.  
Six Weeks tests came six weeks too soon.  
All the couples are breaking up.  
Some of the Alg. I students failed to make their test Monday.  
Marlene and Wanda B. could drive.  
Lavanda cut her hair.  
A few band students enjoyed the band clinic at McCamey on Tuesday afternoon.  
Miss Nelson would laugh if she wanted to be stern.  
Don Cochran knew his homemaking? We hear he is a very good teacher.  
People could study in study hall from 1 to 2.  
Marlene and Gloria could make everyone laugh in H. E. II (even the teacher).  
Paul though Ruthie loved a drummer.
