Ft. Stockton Lady Named Large Group Attends B&PW District Director

Mrs. Jessie Vickery of Fort Stockton was elected Director of Dist. 8 at the conference held Oct. 28-29 in McCamey. Mrs. Vickery is owner of a dress shop in Fort Stockton and is active in numerous civic organizations in Fort Stockton. She is well-known in B&PW Club work in Dist. 8. She will take office July 1, 1951.

Mrs. Margaret Huggins of Crane was elected as a member of the state nominating committee from this district. Mrs. Jerry Henderson of Odessa was elected alternate.

There were 82 members and guests registered for the conference, according to Martha Foster, registration chairman. Mrs. Ruby Braly, district director at present, Mrs. Helen Cooper, McCamey president, and local club members think the conference was a great success. This is the first time McCamey has been hostess to the conference. Headquarters was in the McCamey Park Building. Out of the 15 clubs in Dist. 8, there were 13 clubs represented. Fort Stockton had the largest group attending.

Mrs. Hazel Blackwell, state federation president, of Weslaco, Texas, was the honor guest. She is a very poised and charming person. She is principal of a Junior High School. McCamey was greatly honored to have her visit our city and attend our conference.

Other honor guests present were Miss Evelyn Heard of Pecos, state international relations chairman and past district director of this district; Miss Fannie Bess Taylor of Midland, a trustee of the Minnie L. Maffett Fellowship, and Mrs. Iva Noyes Maxson, past district director.

The conference opened at 7:30 p. m. with Ruby Braly, district director, presiding. A banquet was served honoring Mrs. Hazel Blackwell, state president. A very enthusiastic welcome was given by Mayor C. W. Brown of McCamey. Mr. Brown urged all to vote and cited instances in the past where one vote had been the turning point in different issues in the government, laws passed, and even in history. Oliver Jacobsen, president of the McCamey Chamber of Commerce, also welcomed the group and boosted B&PW Club activities. Mrs. Helen Cooper, local president, also greeted the guests. The response was given by Mrs. Willie Wade, president of the Iraan club.

Mrs. Braly introduced Miss Evelyn Heard, who in turn introduced Mrs. Hazel Blackwell, the state president. Mrs. Blackwell addressed the conference on "Measuring Up To Full Partnership."

After the banquet, a fun and frolic was held with Martha Foster in charge of the program.

Sunday morning at 9, the club members met in the east club room for the workshop. Mrs. Estelle Patrick of Odessa presided.

Miss Gean Storey, president of the Fort Stockton club, of Fort Stockton, and Mrs. Lelia Workman of Rankin, spoke on "Education and Vocations."

Legislation was discussed by Mrs. Willie Wade, president of the Iraan club. The subject of jury service for women was discussed. A woman may be a judge or an attorney but cannot sit on a jury. Thought should also be given to the homestead law in Texas.

International Relations was the subject of Miss Evelyn Heard of Pecos, who is international relations chairman for the state.

Membership was the subject discussed by Mrs. Dorothy Thompson and Mrs. Iva Noyes Maxson of Midland.

Health and Safety was discussed by Mrs. Mary L. Cantrell and Mrs. Moree Satwell, both of Big Spring.

Mrs. Zinova Martin, past president of the El Paso club, told what their club was doing in international relations among the Mexicans across the border.

Public Affairs was discussed by Mrs. Margaret Huggins of Crane.

The conference adjourned at

Final Services Held For W. S. "Bill" Lloyd At Hubbard Friday

Funeral services for H. S. "Bill" Lloyd were held at the First Methodist Church at Hubbard, Texas last Friday morning.

Lloyd, owner and manager of the McCamey Ice Company, was killed in a truck-car collision near the McCamey-Ft. Stockton intersection last Wednesday afternoon.

The final services were conducted by the Rev. J. T. Gardner, with burial at the Fairview Cemetery, under the direction of the Wolfe Funeral Home of Hubbard.

At 10:45 a. m. so all members could attend the church of their choice.

A luncheon was held at 1 p. m. honoring state officers and club presidents. Mrs. Helen Cooper presided.

Mrs. Lue B. Dillard, president of the El Paso club, spoke on "Measuring Up Professionally." Mrs. Thelma Gardner, president of the Midland club, spoke on "Measuring Up Physically" and "Measuring Up Spiritually."

The conference adjourned after the luncheon.

The Odessa club will be hostess to the convention in 1951.

The B&PW Club of McCamey wishes to thank all the people in McCamey who so graciously opened their homes to B&PW Club members from other cities and all who helped make the conference a success.

Ves Box and Jerry Doggett will cover the Baylor-TCU game from the TCU stadium, beginning at 1:50 p. m. The game can be

Eighty-three B&PW members registered at the Fall Conference of Dist. 8 in McCamey Saturday and Sunday.

The Business and Professional Women representing 14 clubs in the district were welcomed at Saturday night's banquet by Mayor C. W. Brown and Oliver Jacobsen, president of the McCamey Chamber of Commerce, and the principal after-dinner address made by State President of the B&PW Federation, Inc., Mrs. Hazel Blackwell, of Weslaco, Texas.

Entertainment followed the banquet in the auditorium of McCamey's Park Building.

Between the hours of 9 and 11 Sunday morning a workshop was held for all standing committees and election of a director for the district for the year 1951-52, as well as election of a member for the state nominating committee, was held.

Mrs. Jesse Vickery of Ft. Stock-

ton was elected director and Mrs. Margaret Huggins of Crane was elected to the state nominating committee, with Geraldine Cooper of El Paso alternate.

Odessa's invitation for the 1951 Fall Conference was accepted. McCamey Club members escorted the visitors to the church of their choice for the morning worship hour and luncheon was served in the Park Building auditorium.

Following the luncheon, routine business was on the agenda and inspiring addresses were made by Mrs. Dillard, president of the El Paso club; Mrs. Thelma Gardner, president of the Midland club, and Mrs. Vickery of Fort Stockton. Their subjects were, respectively: "Measuring Up Professionally," "Measuring Up Physically," and "Measuring Up Spiritually."

Lelia Workman of the Rankin Club spoke on the conference workshop program Sunday morning.

RANKIN DRUBS FORSAN, WATER VALLEY NEXT

The Rankin Red Devil football squad dropped Forsan out of the district title race last Friday night 38 to 6. The ease with which the classy Devils bested the strong Forsan team was the surprise of the year. The Devils controlled the game all the way and were never in serious trouble. On the first offensive play of the game, Norman Yocham took the ball around his own right end for 75 yds. and a td and Rankin led 6-0. The next time Rankin got the ball they drove to pay dirt with Zackary, Eckols and Yocham carrying. Norman Yocham scored. The point was good and Rankin led 13-0. The Devils struck again before the half on a long pass Yocham to Geo. Broyles to lead at the half 19-0.

Soon after the half, Forsan scored their only td on a long pass from Shuttles to Baker. The try for point was missed. George Broyles scored Rankin's next td on an end-around play from six

yards out. Norman and Jimmy Yocham pulled the trick of the night early in the fourth quarter when on a fake handoff Norman Yocham returned a Forsan punt 64 yards for another score to put Rankin in the lead 31-6. George Broyles made the last score of the game on a pass interception and the point was good to make the final score 38-6.

Rankin's whole team played outstanding ball. The Rankin club showed some of the best blocking seen in these parts for sometime.

Billy Zachary was playing his first game of the year for the Devils. He has been out all season with a leg injury.

The Devils will be in Water Valley this afternoon for another conference game. They will be striving to keep a clean record in this one. The Rankin club will settle the district race with the Sterling City Eagles in Rankin next Friday night, November 10th.

SMU-Texas Highlight Humble Broadcast For Coming Weekend

Midway point in the 1950 season brings a schedule of four games to the weekend's list of Humble Oil & Refining Company football broadcasts.

Important S. W. Conference games will involve Texas and SMU in Austin, Texas A&M and Arkansas at College Station, and TCU and Baylor at Fort Worth. The fourth meeting brings Texas Tech to Houston to face Rice.

Kern Tips and Alec Chesser will broadcast the big Texas-SMU game from Austin's Memorial Stadium, beginning at 1:50 p. m. on Station KRLD, Dallas; KTRH, Houston; KABC, San Antonio; KTBC, Austin; KRIS, Corpus Christi; KGNC, Amarillo; KRGV, Weslaco; KRIG, Odessa; KVKM, Monahan; KIUN, Pecos; KVLF, Alpine; KELP, El Paso; KPDX, Wichita Falls.

Arkansas' visit to Kyle Field to meet the Texas Aggies will be described by Charlie Jordan and Dave Russell, with broadcast time at 8 p. m. on station KFJZ, Fort Worth; KRBC, Abilene; WRR, Dallas; KGKL, San Angelo; KBWD, Brownwood; KBST, Big Spring; KCRS, Midland; KRRV, Sherman; KGVL, Greenville; KSST, Sulphur Springs; KPFT, Pecos; KCMC, Texarkana; KFRO, Longview; KMHT, Marshall; WACO, Waco; KVET, Austin; KABC, San Antonio; KRIO, McAllen; KTHH, Houston; KORA, Bryan; KTRE, Lufkin; KPDM, Beaumont; KRIS, Corpus Christi.

Bill Michaels and Eddie Barker will call the Rice-Texas Tech meeting in Houston, starting at 1:50 p. m. on stations KPRC, Houston; KFYO, Lubbock; WOAI, San Antonio.

SMALL TURNOUT SEEN IN UPTON IN TUESDAY VOTE

Only a handful of voters are expected to turn out next Tuesday to cast ballots in the General Election, with the highest estimates running around 200.

The Democratic nominees for state offices, and local offices, have shown no concern in the election, as Texans cast their ballots in Southern fashion for the Democrats in the General Election.

The state officers face only token opposition, while the candidates for local and district offices have clear sailing for another term in office.

Voting places in the county are the same as in the July and August elections with the polls opening at 8 a. m. and closing at 7 p. m.

heard over KFJZ, Ft. McCamey Lions To Sponsor "Meller Drammer" For Joan Edwards Fund

A full evening of hilarious fun awaits McCamey and Upton County citizens Monday evening, Nov. 6, when the McCamey Lions Club presents "The City Slicker and Our Little Nell" on the stage of the McCamey High School auditorium.

The Lions have earmarked all the proceeds from the affair for the Joan Edwards Benefit fund. Miss Edwards is the young Rankin girl who has been unconscious for some 22 months after a traffic accident between Odessa and Midland in February, 1948. She is at her home in Rankin.

During the benefit performance many of the business men of McCamey will display their talents in the typical West Texas "Meller Drammer" that will keep you rolling in the aisles.

J. A. Rutherford will play the part of Frank, a man with a head of hickory and a heart of oak; Derwood Langston will be Little Nell, a bashful mountain flower; W. L. "Bill" Van Atta will portray Sheridan, the "city slicker"; Charles Langdon will be Violet, another mountain flower; E. R. Sharp will be Dan, a man who looks the whole world in the face; Wilbur Harris is Marty, a man as old as the hills; Kenneth Caldwell will act as Toby, but not as dumb as he seems; John Vastine will portray Minnie, as pure as the driven snow; Roy Smith is Clariel Worth, who isn't worth much, while other members will be on hand to handle the necessary stage work.

A special event for the evening will be the "Men's Bathing Review," starring the cream of the Lions Club beauties . . . and their varied attire.

As if this is not enough for the

Jack George Dies In Home Sunday; Services Conducted Monday

Jack George, 46, Girvin, died at 7:45 o'clock Sunday morning at his home following several months of illness.

Mr. George was chief engineer at the Rio Pecos Power Plant at Girvin, which is owned by the West Texas Utilities Co. An Albany native, George moved to Girvin in 1938.

Prior to becoming associated with the Rio Pecos Power Plant, George held the position of maintenance foreman for the utilities company at Quanah from 1930 to 1934. From 1934 to 1938, he was associated with the firm of Roesser & Pendleton in Albany which is engaged in oil production.

Miss Babe Gem Duncan and George were married July 3, 1926, in Breckenridge. Survivors other than his wife are two sons, Wally of Alpine and Bruce of Girvin; one daughter, Mrs. Charlie Young of Girvin; the parents, Mr. and Mrs. James W. George of Albany; four brothers, Donald, with the U. S. Navy; Alfred of Albany, Cecil of Houston, and Bill of Victoria; two sisters, Mrs. J. H. Stewart of Strawn and Mrs. Jack Farmer of Albany.

Funeral services were held at 10 o'clock Monday morning at the First Christian Church in McCamey under the direction of the Jacobsen Funeral Home. The Rev. Stephen Avery officiated, and burial was in Albany at 5 o'clock Monday afternoon.

Funeral services were held at

10 o'clock Monday morning at the First Christian Church in McCamey under the direction of the Jacobsen Funeral Home. The Rev. Stephen Avery officiated, and burial was in Albany at 5 o'clock Monday afternoon.

Reserve Commissions Announced For WAC's

AUSTIN, Texas, Oct. 27.—For the first time since World War II women who have never been in uniform will be eligible for WAC Reserve commissions in the very near future, Major Helen K. Cooper, WAC Reserve advisor from Washington, announced today.

Details of the new program are not yet available. They will be released to the public upon publication of new regulations on Reserve officer procurement scheduled for November, Major Cooper said.

ticket-buyers, a door prize will be given between acts.

All seats for the performance will be sold for 50c, with the curtain call set for 7:30 p. m.

The McCamey Lions Club originated the Joan Edwards Fund over a year ago, and other West Texas cities have contributed to

the fund, aiding to offset the tremendous expense for medical attention suffered by the parents.

All Lions Club members are selling advance tickets . . . so you haven't got yours yet, phone one of them and they will bring them by.

Be sure and attend.

RHS Band Performs Downtown Rankin

Main Street was lined on both sides Tuesday afternoon by local citizens who enthusiastically greeted the Rankin school band when it appeared in new uniforms in the carnival parade.

Director Louise Nelson and Drum Major Weldon Kennedy, with Majorettes Virginia Godsey and Mona Sue Branch led the band section of the parade. Miss Nelson and Kennedy wore white

flannel uniforms and the majorettes the customary white satin.

The band members' uniforms are battleship gray gabardine trimmed in maroon and the entire unit presented a natty appearance.

Rankin appreciates the band and congratulates Miss Nelson and the band members on their splendid music and appearance. We hope to enjoy the appearance of this organization many times.

McCamey Garden Club Flower Show Set For November 4, 2 P. M.

The McCamey Garden Club will hold its tenth annual flower show in the Park Building Saturday, Nov. 4.

Entries are not restricted to Garden Club members. Anyone growing flowers in Upton County is invited to compete. Out of town judges will award the first, second and third place ribbons to the winning arrangements.

The show will be open to the public from 2 p. m. until 7 p. m. and everyone is invited to attend. The following tentative schedule has been announced:

1. Chrysanthemums—A. Specimen; B. Single Color Arrangement; C. Mixed Color Arrangement; D. Button; E. Garden Variety. 1. Single color; 2. Mixed color.
2. Roses—A. Specimen; B. Single Color; C. Mixed Color; D. Polyantha.
3. Marigolds—A. Specimen; B. Single Color; C. Mixed Color.
4. Dahlias—A. Specimen; B. Single Color; C. Mixed Color.
5. Zinnias—A. Specimen; B. Single Color; C. Mixed Color.
6. Miscellaneous—A. Unusual; B. Winter Bouquets.
7. Artistic Arrangements
8. Miniature (Under 3")
9. Small (between 3" and 8")
10. All White Arrangement
11. Color in Foliage
12. Dish Gardens
13. Pot Plants
14. Vegetables—A. Specimen; B. Arrangement.
15. Junior—A. Miniatures; B. Small Arrangements; C. Large Arrangements; D. Miscellaneous.

The following rules will apply to all entries:

Entries will be accepted Saturday morning from 8 to 11 in the small committee rooms of the Park Building where they will be labeled and classified before taking to the exhibit rooms.

All containers must have owner's name on the bottom. Containers for specimen entries will be supplied. All flowers and vegetables must be grown in Upton County.

All pot plants must have been in the possession of the exhibitor at least three months. Only one entry for competition may be made by an exhibitor in each class. Exhibitors may enter as many classes as they desire.

Judging will be held from 12:30 until 2 p. m.

Owners must call for entries between 7 and 8 o'clock Saturday night.

Those visiting the exhibits will judge them and three prizes will be given for exhibits placed by various organizations. One prize will be given for the best garment made from an old one. Anyone, whether a member of the HD Clubs, or not, is invited to place items in these exhibits.

The H. D. Clubs will also have a bake sale booth. Music pupils of Mrs. W. H. Driscoll will furnish music for the event.

All entries are to be left in the building until 7 o'clock.

Notice to The Public: Any erroneous reflection upon the character, reputation or standing of any firm, individual or corporation will be gladly corrected upon being called to the attention of the publisher.

THE COUNTRY PRESS SAYS:

SCOTLAND NECK, N. C., COMMONWEALTH: "The Department of the Interior is insisting on competing with the Virginia Electric and Power Company for the right to build a dam across the Roanoke River at Roanoke Rapids. Here is a definite attempt on the part of the government to be one of the players instead of being willing to sit back on the side lines and control the rate situation for the benefit of the people."

DILLON, S. C., HERALD: "If the American way of living is not the best, no other nation has been able to prove it."

REDKEY, INDIANA, TIMES-JOURNAL: "The same high taxes and inflationary prices which are figuratively breaking the backs of many businesses also have a lot of farmers on the ropes."

KNOXVILLE, IOWA, EXPRESS: "What this country needs instead of fewer big businesses, is a lot more of them, decently run for the benefit of the workmen, the public and the consumers, which, of course, they have to do or they will not be big very long, in fact, they would not be a business of any size very long if they were not run right."

MYRTLE POINT, OREGON, HERALD: "The menace at home is creeping socialism. Why do Americans need to be regimented into socialized medicine when, for the cost of one package of cigarettes a day, complete protection can be obtained for your entire family?"

MARIN, WISCONSIN, ADVERTISER: "We are in the midst of earth-shaking world developments and the nation is in desperate need of the advice and the vote which comes from the grass roots areas. Somehow the grass roots have always had a sound, sensible attitude toward national affairs—the kind of attitude which has been noticeably absent."

"PETROLEUM PEGGY SAYS"

Here's a one-question quiz for housewives. What common household item—something that has dozens of uses—might be classified as animal, vegetable or mineral? Think fast. It's not furniture, food or clothing. It is wax.

You all know the animal wax producer—the bee, probably the oldest source of wax known to man. However, the importance of bees as suppliers of wax is declining. Today, beeswax is used mainly for church ceremonial candles. It finds other uses in certain polishes, ointments, modeling wax and other specialty products. Did you know that a bee has to eat 10 pounds of honey for every pound of wax it produces?

There are many plants, such as the waxmyrtle, the waxmistle and others, which are important sources of vegetable wax. This wax, with its high melting point, is used as a base for some floor, furniture and shoe polishes and in candles.

Our most important source of wax today is mineral. Wax from petroleum is doing almost all the jobs formerly done by beeswax and vegetable wax, plus scores of new ones. Oil refineries extract from crude oil wax that is odorless, tasteless and practically colorless. Its uses in the home are legion.

If you "put up" fruits or vegetables this year, for example, you used wax from oil to seal the jars. If you bought these fruits and vegetables in a store, chances are they had been given a thin coat of wax to prevent them from drying out during shipping. Wax is used to seal such things as milk cartons, cereal boxes and candy wrappers. It turns up in laundry starch, cosmetics and, surprisingly, in chewing gum, where a small amount prevents the gum from becoming brittle. Cans frequently are coated on the inside with wax to prevent deterioration of the metal from acids in the contents.

Thompson Reported "Missing In Action"

M. F. Thompson, a former resident of McCamey, and an employee of Shell Pipe Line Co. while residing here, has been reported missing in action since Oct. 15.

Thompson, a captain in the air corps, was sent overseas in June and was a pilot of a C-47 plane. He left McCamey two years ago and went back into the service.

His wife and two children, and his mother, who had her home with them, are residing in Temple, their former home. Mrs. Thompson was the former Florence Connerty, daughter of Mr. and Mrs. Geo. Connerty of Temple.

Atlantic Wildcat Tests Ellenburger In North Crane

A wildcat in North Crane County, Atlantic Refining Co. No. 1-LL U., which recently indicated as a discovery from the Connell sand of the Lower Simpson, recovered 60 feet of free oil from the Ellenburger on a drill stem test at 11,624-45 feet. Total recovery on the test was the 2,000 foot water cushion, 90 feet of drilling mud cut with oil and gas and the free oil.

Tool was open one hour. Throughout the test, a slight blow of air was to the surface throughout the test.

Open flowing bottom hole pressure was 950 pounds. Shutin bottom hole pressure after 15 minutes was 1950 pounds.

Operator took another drill stem test at 11,672-11,700 feet. With tool open 40 minutes, recovery was 2,000 foot water blanket and 15 feet of drilling mud with no shows.

The project is now drilling below 11,726 feet in Ellenburger. Estimated top of that formation is between 11,560 feet and 11,580 feet.

This prospect is 1,980 feet from the south and east lines of section 6, block 31, University survey. It is 20 miles north and slightly west of town.

Ranger Infantry Units Being Formed By Army In Various Divisions

AUSTIN. — Organization of Ranger Infantry Companies, now planned to be integral in Army Infantry Divisions, was announced by the Dept. of the Army.

These hard-hitting and highly mobile units will be available to division commanders for special missions of the general types performed by their predecessors in World War II.

A Ranger Training Station has been established at the Infantry School, Ft. Benning, Ga., to develop, test and conduct the organization, equipment, doctrine, tactics, technique and training of these units.

Initially, four Ranger companies, each of five officers and 110 men, will be formed. Each company will be organized into three platoons of three 10-man squads each. Every Ranger will be equipped with a light automatic rifle and each squad will have either a 60-mm mortar or a bazooka. Each man will carry two rounds on his person for these weapons, in addition to his automatic demolition equipment.

Ranger companies will be composed entirely of volunteers. Men will be selected for the first units on the basis of high mental and physical standards. All will be qualified as parachutists. Training will stress the use of foreign weapons and maps, demolitions and sabotage, guerrilla warfare, amphibious and airborne operations, and close combat.

Present plans contemplate assignment of one Ranger company to each Infantry division.

The decision to organize units of this type resulted from World War II experience accentuated by combat lessons learned in the fighting in Korea, where enemy forces made highly successful use of small groups trained, armed and equipped for the specific purpose of infiltrating United Nations lines.

The Army made effective use of Ranger units in World War II, with Ranger battalions seeing action in North Africa, Sicily, Italy, Europe, New Guinea and the Philippines.

Ranger companies now being organized will be authorized to wear the shoulder insignia and otherwise continue the traditions of the Ranger outfits of World War II.

UPTON SHERIFF SEEKS AID FROM W. T. RANCHERS

Sheriff H. E. "Gene" Eckols is searching throughout this area of West Texas to find some rancher, or farmer, who had some fencing torn down some ten days or two weeks ago.

Anyone who might have suffered such a damage is requested to phone the Sheriff's Office, Rankin, Texas, collect.

Ever stop to consider where the taxpayer gets all the money the politicians take away from him?

McCAMEY, TEXAS

MONAHANS, 14 TO 0

Two long drives combined here Friday to give the Kermit Jackets a 14-0 decision over the Monahans Lobos before a crowd of some 7,500 at the stadium.

Kermit struck twice in the first three minutes midway through the first half to provide the lead.

Jackets made only two real plays all night and cashed in on the last play. Monahans never made the Kermit 30.

The first td came with a minute and 15 seconds between play in the first quarter. It followed the Kermit and Teddy Spinks and was set up by Pat Spinks' 62 yd. return of one of Kermit's boots.

Spinks fielded the ball on his own 15, fumbled to the right, then fumbled down the left side line to Monahans 28 before rolling back to give Haygood running.

The first play from the 28, Spinks crashed over the middle to the 15, but FB Wayne Culvane was trapped and lost several yards the next one. Spinks then ran it back to the 15 on the play drive over the middle to the 10.

Spinks was snared by no less than five Lobos tacklers on the five yard line and fumbled the ball while in their twisted and tangled to QB Sammy Woods, who fumbled over unmolested.

Spinks added the extra point. The next Kermit td came with surprising suddenness. Monahans failed to gain after the kickoff and Spinks punted to Haygood on the 32. He got back to the 46.

And on the second play, Culvane went wide to the right, avoiding one man and churned 54 yds. to paydirt. He was conveyed by four blockers all the way. Spinks again converted.

Monahans threatened mildly on three occasions, but never could find a sustained offensive punch. The Lobos reached Kermit's 20, 21 and 25 yd. lines.

Kermit got into Monahans territory only once in the second half, reaching the 35 in the final minutes of play.

It was an exceedingly hard-fought game, but was relatively clean.

Wayne Culvane, Dale Williams and Ken Ives stood out in Kermit's great defensive exhibition. Big Billy Busby and Frank Fielding sparked defensively for the Monahans line that more than held its own in the second half.

Leonard Perryman carried the brunt of the Lobos offense, making most of his yardage on a weak side cross back play.

Bids On Widening Crane-Odessa Road To Be Taken

Bids will be taken on November 15 at 9 a.m. at the State Highway office at Austin, Texas, by the State Highway Department for the widening of the State Highway No. 51, from the city limits of Crane to twelve miles north, according to Gene Kelly, resident engineer of the State Highway Department of Odessa, who was here on Tuesday.

Pecos Passes, Runs Drops Wink, 21 To 14

PECOS. — The Pecos Eagles combined sharp passing and a herd of fleet running backs to defeat the fired-up Wink Wildcats 21-14 here Saturday night.

Pecos smashed 52 yards early in the fourth quarter for the winning td.

The drive was culminated when QB Orlando Gutierrez went over from the one foot line on a QB sneak.

Pecos mixed two passes and the hard running of Son Langham and Deverle Gray in the game-winning march.

Wink had twice come back to tie up the game after Pecos had forged ahead. The Wildcats used passes by Ken Wink and W. C. Herrick to spark their offense.

The big Pecos line throttled the Wink running game for only 46 net yards.

Pecos got its first score in the second frame when Buddy Card and Langham alternated in a 63-yard march with the payoff coming when Gutierrez flipped a pass five yards to Bill Bryan in the end zone. George Christian converted.

Wink came back in the same period to score when Danny Villarreal and David Stoddard alternated on a 48 yd. drive. Stoddard scored on a left tackle drive that covered 15 yds. Rusty Wallace kicked the first of two extra points for the Cats.

Pecos drove 65 yds. in the third period for their second tally. The payoff was a Gutierrez pass to Bryan which went seven yds. Christian again converted.

Wink also scored in the third. Its td was set up when Vinson tossed a pass to Villarreal in the flat and he went 45 to the Pecos 5. Two plays later Vinson sneaked over.

Pecos threatened to score twice more after they got their game-winning td., but one fizzled on an attempted field goal and the other on a fumble.

Tackle Don McVee was injured in the third quarter and had to be carried from the game.

Offensive stars for Wink were Herrick, Villarreal, Vinson and Stoddard. Defense standouts were Wallace and Dale Dodd.

Pecos offensive mainstays were Christian, Langham and Gutierrez. Defensive aces were Chas. Curbow, Dale Sutton, Bill Bryan, Jim Hawkins and Langham.

GAME IN FIGURES

Pecos	Wink

2	Fumbles Losing Ball 0
10 for 90	Penalties, Yds. 4 for 30

Seminole Comeback Downs McCamey 20-14

SEMINOLE.—The Seminole Indians erased a 14 point McCamey Badger lead here Friday night to upend the Badgers 20-14.

McCamey powered across two quick touchdowns in the second period and was apparently on its way to a lopsided victory.

But the Indians hit the warpath midway in that same period to get one of them back, then tallied one each in the third and fourth quarters to win.

The decisive tally came midway in the final period. Seminole recovered a McCamey fumble on the Badger 34, then Alfred Sims stormed to the 12 to set it up.

McCamey held for three downs at that point, but Guinn Hood fired a pass to end Ike Trimble in the end zone on fourth down. It netted ten yds. and the victory.

The Badgers went ahead in the first minute of the second quarter. Big Jerry Lambeth crashed over the middle from 4 yds. out. The tally had been set up when Gordon Carlson flopped on a fumble by Hood the play previous.

Seminole had apparently stalled the Badgers a moment earlier when Jackie Gothard had recovered a fumble to Billy Stokes on the 4.

McCamey came right back to make another one following the next kickoff. It was a 78 yard advance with Stokes rambling around left end for the last 65. His blockers got him free at the 50 and it was clear sailing from there.

Raymond Garrison place kicked both extra points for McCamey.

Seminole drove back for its first tally. It was a 40 yd. march with Paul Sublett, who sparkled all night, ramming for the last two. The Redskins scored early in the third period. Jimmy Wright intercepted a pass on his own 23 to halt McCamey, then Jackie Sparks took over for a 77 yard march. Sparks carried on eight of the nine plays and went over from three yards out for the td.

McCamey marched to the Seminole 7 early in the fourth period, but bogged down at that point. And the Badgers reached the Indians' 20 on a 54 yard passing flurry before the clock caught them to end the game.

Lambeth and Stokes shared the Badger offensive burden with Lambeth leading the defense from his lineback post.

For Seminole, the stars were Sparks and Sublett in the backfield and Crandall Young, Billy Hick and Gothard along the line.

Too many girls have a one-track mind, with a troop train on the track.

Water Treating Shows Decrease In Health Decay In Texas

AUSTIN.—The Texas State Department of Health has undertaken to promote the fluoridization of municipal water supplies wherever necessary, according to Dr. Geo. W. Cox, State Health Officer.

It has been proved that where drinking water contains 1.0 to 1.5 parts per million of sodium fluoride that less dental decay occurs, especially among those that have used the water since birth. Excessive amounts of fluorine causes mottling of the enamel.

The city water supply at Marshall has been treated for four and one half years. This has resulted in a reduction of 47 per cent in the decay rate among the age group 6 and 7 years. The younger groups receive the earliest benefits from such a program but all ages have shown some improvement. Other cities adopting fluoridization of their water supplies are Austin and Corpus Christi. Fort Worth, Iowa Park and Breckenridge and some 40 other Texas cities are seriously considering the measure.

The Texas Junior Chamber of Commerce in cooperation with the State Health Department and the State Dental Society has made this program its main health objective for this year for control of tooth decay.

Help Avoid Colds In Coming Winter Months

AUSTIN. — Dr. Geo. W. Cox, State Health Officer, estimates that there are 500 million colds a year in the U. S. A. and they take an economical toll of two million dollars. This does not take into consideration the inconvenience suffered, or the fact that following or during a cold, other serious illness such as pneumonia, tuberculosis or mastoiditis gain a foothold. And the common cold is only one of the many winter enemies that encounter everyone from the crib to the coffin; some of the others are influenza, bronchitis, ear infections, sinusitis, and pneumonia. These are all respiratory diseases and they are caused by many different germs. Some of these germs are called bacteria, and some are called viruses.

Just because you have had a cold is no reason you won't catch another. Two out of three people have three colds a year, and two out of eight people have four colds a year. Wet feet, drafts, chilling, exposure to bad weather, etc. do not cause your cold but they do weaken the body's resistance to a cold. So we say that there are favorable conditions for germs, one is the strength and number of the germs, and the other is body resistance which includes undernourishment, fatigue, irritation of the nose and throat by air-borne substances, or chilling of the body.

The best way to avoid catching cold is to:

1. Avoid people with colds as much as possible.
2. Beware of fatigue, avoid overwork, get plenty of rest, exercise moderately out of doors.
3. Keep feet warm and dry.
4. Keep out of drafts.
5. Eat a well balanced diet.

Want a ride that's 'out of this world'?

Better Buy Buick!

WANT to be free from that nervous tensing up for a jolt every time a rough spot looms in the road ahead?

Want to enjoy the relaxing feel of a sure-footed car beneath you, that stays level even when the road doesn't?

Well, sir, ease into a Buick and see how such matters are cared for.

See what a wonderful difference in level buoyancy coil springs can make when you have them on all four wheels, not just the front ones.

Note what firm and solid steadiness is yours when a full-length torque-tube drive is your keel—how smoothly you stay on course when the rear wheels can't help but run true.

See what big, low-pressure tires and Buick's wide rims can do to pillow your course without jounce or sway.

In other words, sample this two-ton beauty for over-all stance and balance—and the cradling comfort of its roomy interiors.

And while you're at it, get the very special thrill of its mighty Fireball power plant, plus the free-as-a-bird-in-flight bliss of its Dynaflow Drive.*

It's an experience that you owe yourself—and it's yours for the asking. The thing to do is get in touch with your Buick dealer—and discover the ride that only Buick owners know.

*Standard on ROADMASTER, optional at extra cost on SUPER and SPECIAL models.

FOUR-WAY FOREFRONT—This rugged front end (1) sets the style note, (2) saves on repair costs—vertical bars are individually replaceable, (3) avoids "locking horns," (4) makes parking and garaging easier.

Tune in HENRY J. TAYLOR, ABC Network, every Monday evening. YOUR KEY TO GREATER VALUE

WHEN BETTER AUTOMOBILES ARE BUILT BUICK WILL BUILD THEM

The Red Devil

WHAT IF???????

Earl were blue instead of Brown.
 Ross were tire instead of Wheeler.
 Marlene were house instead of Holmes.
 Mona Sue were leaves instead of Branch.
 The English teacher were Robin instead of Martin.
 Dee Ann were sleeping instead of Gamblin.
 Jean were coat instead of Shaw.
 George were baked instead of Broyles.
 Betty Ann were house instead of Barnes.
 Joe Garner were crying instead of Loftin.
 Marlene could get the boy she wanted.
 Ann were going with Jimmy Y.
 Rankin beat Forsan.
 The new gym were finished.
 Mary had red hair.
 Earl took Toad to the field.
 Twirp season were in Rankin (But it seems to make no difference).
 Betty Ann and Cludyene went on double dates.
 Boogie could lift four hundred pounds.
 Earl were going with Mary.
 Billy Ross had a girl in McCamey.
 Bruce had a girl in McCamey.
 The Rankin girls would go with Rankin boys.
 Bill Hurn and Jackie Stewart were as smart as Earl in English.
 Marlene had a good time Sunday night.
 (Was that the boy she wanted?)
 The Homemaking I class were bawled out every day for talking.
 Jimmy and Ann were making eyes at each other again.
 Ava D's heart throb were none other than Rell Gamblin.
 Coach Scrivner thinks Rankin will beat Forsan.
 Jean and Ann had some sweaters.
 Evelyn and Toad, Mona Sue and Grover Lee went to San Angelo Saturday.
 The World History Class got a scare Tuesday (They thought they were going to have a test and none had read the lesson).
 Coach Scrivner, Coach Stewart and Coach Fitzgerald were good

teachers even though they are coaches and their minds don't work on Fridays (especially Coach Scrivner, just ask the freshman class).
 Nancy Shurley were making eyes at Bruce in World History Class.
 Coach Scrivner didn't have any kids to go to sleep in General Science all week.
 Rankin didn't have any gentlemen.
 La Rue answer a History question.
 Carolyn was a Midriff instead of a Midkiff.
 Mary was Anderdaughter instead of Anderson.
 Nancy, Mary Lou and Charles were Betty's instead of Shurleys.
 Patricia was less instead of Moore.
 Loyd Gene was a Yocpork instead of a Yocham.
 Some of the R. H. S. missed B. J. T.
 The juniors could win a football game.
 The junior pep squad leaders agreed.
 Adrienne had a sore finger.
 There were some billfold snatching boys at RHS.
 There were two pep squads at the junior football game last Thursday.
 The 7th and 8th grades liked to jump rope during PE.
 The 8th grade had a visitor on Monday (Charles Shurley's baby coon).
 Charles Shurley's bicycle was broken.
 The 8th grade, first and second year Home Ec. girls started a Future Homemakers Club Thursday.
 Evelyn Eckols got to be Halloween Queen.
 It were TWIRP season.
 Some of the 8th graders heard from Dale Ward.
 Exam week were over at last in RHS.
 Mary Alice hadn't heard from John lately.
 The choral club were going to sing at the Halloween Coronation.
 Some freshman boys took their driver's tests and had to be absent from school.
 Man's fondness may be for wet goods; but it's not any stronger than woman's fondness for dry goods.

10 COMMANDMENTS OF SPORT

1. Thou shalt not quit.
2. Thou shalt not alibi.
3. Thou shalt not gloat over winning.
4. Thou shalt not be a poor loser.
5. Thou shalt not take unfair advantages.
6. Thou shalt not ask odds greater than thou art willing to give.
7. Thou shalt always be ready to give thine opponent the shade.
8. Thou shalt not underestimate to give thine opponent the shade thyself.
9. Remember that the game is the thing and he that thinketh otherwise is a moocher and not a true sportsman.
10. Honor the game, thou player, for he who playeth the game straight and hard wins even when he loses.

GOSSIP COLUMN

Say, M. A., who was that blonde here, Saturday?
 It seems as if the seniors don't have any English this year.
 Weldon seems to like Cadillacs in Ozona.
 Say, Virginia, whom was that letter from, from Oregon?
 Say, girls, who were the McCamey boys who were over here Saturday night?
 Some people don't care what they say around the opposite sex.
 Jackie, so what, if we are afraid of drunk negroes... wouldn't you be?
 It seems Tuesday was Bruce's birthday. Where were you, Bruce?
 Norman, you are not really studying, are you?
 We heard the band got a trophy at Ozona. It couldn't be because every entry received one, could it?
 The 64-dollar question: Who will win in football?
 Why RANKIN, of course!

DO YOU DREAM THIS WAY?

Our dream girl of the week might have the outstanding features of the following students:
 Smile—Nola Grace Boyd
 Hair—Jean Shaw
 Teeth—Gaynelle Black
 Eyes—Claudye Chandler
 Complexion—Mona Sue Branch
 Friendliness—Virginia Godsey
 Figure—Betty Anne Barnes
 Legs—Mary Alice Bean
 Posture—Betty Sue Bodine
 Neatness—Lyn Eckols
 Humor—Marlene Holmes
 Voice—La Rue Reynolds
 Laugh—Anne Shaw
 All-round Sport—Barbara McSpadden.
 Our Dream Boy, Etc.:
 Smile—Jimmy Yocham
 Hair—Bill Hurn
 Eyes—Pudgy
 Teeth—Dane
 Complexion—Gentry
 Friendliness—Rell Gamblin
 Physique—Norman Yocham
 Posture—Billy Dean
 Neatness—Bobby Goodwin
 Humor—Paul Johnson
 Voice—Weldon Kennedy
 Laugh—Don Murphy
 All-round Sport — Dee Ann Gamblin.
 They are slicing ham so thin nowadays that it has only one side.

Women Everywhere like

Electric Cooking

because it's **CLEANER** . . . COOLER and SAFER

Some day you will **COOK** ELECTRICALLY why not **NOW?**

Here are a few of the reasons Women prefer Electric Cooking

- It's Fast! Electric "speed units" now cook faster than any other method!
- It's Automatic! Electric cooking's automatic features save you time, labor and money!
- It's Cool! Electric ovens are insulated on 6 sides. Heat goes into food and not into the kitchen.
- It's Safe! No matches, no flame, no fumes to bring hazards into your kitchen!
- It's Healthful! Foods cooked electrically retain the garden-fresh flavor and food values which are often lost when cooked by old-fashioned flame methods.
- It's Economical! Low cost electric rates and faster cooking bring operating costs way down.
- It's Labor Saving! Automatic features save you work; free you from much kitchen drudgery.
- It's Modern! Once you cook electrically, you'll wonder why you stayed so long with horse-and-buggy methods as old-fashioned as flame lamps.
- It's Convenient! Designed for modern kitchens, the special features of Electric Ranges mean extra conveniences for you!

The clean flameless heat that comes from an electric coil frees you from the grime . . . soot . . . and dangerous fumes usually caused by old-fashioned flame methods of cooking. The flameless heat of an electric range will keep your kitchen bright and fresher longer with a minimum of repainting and upkeep . . . and pots and pans will stay shiny bright, too! The modern electric range is not just a better range—it's a better method of cooking!

THERE'S A NEW ELECTRIC RANGE FOR YOU
 See your **Electric Range Dealer TODAY!**

It's the Best!
West Texas Utilities Company

Judge it on DURABILITY... DEPENDABILITY

- It rides more smoothly**
 Take one ride and you'll agree Chevrolet is the smoothest riding car in its field. It's the only low-priced car combining the famous Unitized Knee-Action Ride and airplane-type shock absorbers all around.
- It operates more economically**
 Chevrolet's famous Valve-in-Head Engine, exclusive to Chevrolet in its price range, brings you an outstanding combination of thrills and thrift, plus proved dependability, year after year.
- It's better looking all around**
 Outstanding good looks accompany the outstanding performance of Chevrolet cars—only low-priced car with Body by Fisher—and most beautiful in its field, according to a recent public survey.
- It drives more easily**
 Enjoy finest no-shift driving with Powerglide Automatic Transmission* and 105-h.p. engine—or finest standard driving with standard engine and Synchro-Mesh Transmission—at lowest cost.
- It lasts longer, too**
 Many Chevrolets are performing dependably after ten, fifteen or twenty years of service. That's one reason why there are over a million more Chevrolets on the road than any other make.
- It gives more for less throughout**
 Only Chevrolet offers so many performance, comfort and safety features of highest-priced cars at the lowest prices and with such low cost of operation and upkeep. Come in and see it now!
