

## County Attorney Cites Trespassing Statute As Service To Hunters

With the opening of the 1951 dove season but eight days off, County Attorney John A. Menefee this week, as a service to Upton County hunters, explained state law dealing with entering inclosed land to hunt or fish.

The 40-day season opens here Sept. 1 and will continue through Oct. 10. To better acquaint hunters with the law on trespassing, Menefee pointed out the gist of Art. 1377, as amended.

"It shall be unlawful for any person to enter upon the inclosed land of another without consent of the owner, proprietor or agent in charge thereof, and therein hunt with firearms or therein catch or take, or attempt to catch or take, any fish from any pond, lake, tank or stream, or therein camp, or in any manner depredate upon the same.

"By 'inclosed lands' is meant such lands as are in use for agriculture or grazing purposes or for any other purpose, and inclosed by any structure for fencing either of wood or iron combination thereof, or wood and wire, or partly by water or stream, canyon, brush, rock or rocks, bluffs or island. Proof of ownership or lease may be made by parol testimony."

Menefee pointed out that the law applies even though no signs are put up to warn the hunter against trespassing.

The statute further provides that "any person found upon the inclosed lands of another in violation of the above law shall be subject to arrest by any peace officer or State Game Warden, and such arrest may be made without warrant of arrest."

For the first conviction, Menefee explained, for a violation of the inclosed lands act, the punishment may be a fine of not more than \$200 and by forfeiture of the hunting license and right to hunt in the State of Texas for one year from date of conviction.

Succeeding convictions carry fines up to \$1,000.

Limit on doves killed in one day or in possession of hunter, has been set at 10.

## Eckols Reminds Of Vehicle Regulation

Effective Sept. 1, new residents here from states other than Texas will have to pay a 15 fee on the registration of their vehicles, H. E. "Gene" Eckols, County Tax Assessor, reminded.

No new and unregistered vehicle may be registered and titled in Texas after Sept. 1, unless, Eckols added, the applicant submits a Manufacturer's Certificate.

On vehicles brought to Texas from other states or countries, if the applicant cannot obtain this certificate from the dealer where the vehicle was purchased, he must submit the current registration, if from non-title state, and both registration and title if from title state.

## 'Bubba' Davidson Now At Home From Korea

Henry James "Bubba" Davidson is at home from Korea on a 40-day leave where he spent a year in the fighting area. Henry has been in a hospital in Japan for some time where he received treatment for frozen feet, but is reported to be well now. Henry reported that he was with the trapped troops in the Reservoir, who fought their way out, bringing their dead and wounded with them.

He is the son of Henry Davidson, and grandson of Mrs. Margaret Littlejohn, both of McCamey.

Henry will report back to duty in the near future.

## Otto E. Scherz Will Be Guest Speaker To McCamey Garden Club

Mr. Otto E. Scherz, of the Scherz Nursery, San Angelo, is scheduled to be guest speaker at the McCamey Garden Club meeting Wednesday afternoon, Sept. 5. The meeting will start promptly at 4:00 o'clock.

Mr. Scherz will talk on "Landscaping and Plant Foods and Soil." He will answer any questions on this subject.

The public is invited to attend.

## SENATOR KEFAUVER AND PRICE DANIEL

Senator Estes Kefauver and Texas Attorney General Price Daniel appear together on a program discussing control of organized crime at the recent meeting of the National Association of Attorneys General in Seattle. Kefauver lauded the work of the Texas House Investigating Committee and Attorney General Daniel's conference of county and district attorneys. "As a result of that splendid conference, law enforcement in Texas is much improved and organized gambling largely eliminated," Senator Kefauver said.

## Flowing Well Brought In Near Girvin Field

### Stephenson-Vardy Vows Exchanged In New Mexico Wedding

Sara Lee Stephenson, daughter of Mr. and Mrs. W. E. Stephenson of Rankin, and Charles Thomas Vardy, son of Mr. and Mrs. B. C. Vardy of Colorado City, were united in marriage on Aug. 13 in the First Presbyterian Church in Hobbs, N. M., at 7 o'clock in the evening.

The bride is a deputy in the Upton County Clerk's office. She is a graduate of Rankin High School and attended Texas Tech.

Mr. Vardy is employed in the Benedum Field and the couple is making their home in one of the Stephenson Apartments on Half Street.

### Children Should Have Physical Examination Before School Starts

AUSTIN.—"Children are not really ready to enter school until they have had a complete physical examination," Dr. Geo. W. Cox, State Health Officer, reminds parents.

"All boys and girls enrolling in the kindergarten or first grade classes of Texas schools should be taken to their physicians, or to a public health clinic, for an immediate physical check-up if they have not had such an examination in recent months.

"It is important to act as promptly as possible. This is recommended in order to allow time for medical treatments or corrections that may be necessary before school opens. No youngster should be permitted to begin a school career with less than the best possible physical equipment.

"As most parents know, vaccination against smallpox is necessary. Those who received this immunization in infancy should be vaccinated again in order to assure a high degree of immunity and those who have never received this protection should be vaccinated without delay.

"Diphtheria immunization is also an important safeguard for all boys and girls about to enter school. Those who have never been immunized against this disease should receive toxoid shots now. Children who were inoculated against diphtheria when they were babies should now have a 'booster dose' in order to maintain their immunity at a sufficiently high level.

"Other immunizations that the individual physician may recommend are also desirable as further health protection. Whooping cough, typhoid fever and tetanus are among the diseases against which the doctor may advise safeguards."

Brown & Thorp Drilling Co. of McCamey No. 1 G. R. White of Brady, NE Pecos County wildcat on a Gulf farmout, showed prospects of Clear Fork production on Tuesday.

An estimated two to three barrels of clean oil hourly flowed for several hours on a drillstem test from 3,028 to 3,050 ft. Gas surfaced in 4 1/2 minutes and oil in 28 minutes. There was no water. The Tool had not been closed early in the day.

Electric log surveys were to be made and it was probable that casing would be run for production tests. The original projected depth was 5,000 ft.

No. 1 Gulf-White is 660 ft. out of NE corner of sec. 49, block 11, H&GN Ry. Co. survey, 1 1/4 miles south of Girvin. It is 2 3/4 miles east of La Gloria Corp. No. 1 Arthur A. Sullivan, opener last year of the Girvin Clear Fork pool.

### Book On Names Of Texas Towns, Counties To Be Published Soon

AUSTIN.—Do you know where your town and county got their names, and the dates of their establishment?

If not, you will have a reference available next year which will provide that information. A two-volume "Handbook of Texas" has been completed at the University of Texas and is scheduled for publication next year by the Texas State Historical Association.

Dr. H. B. Carroll, director of the association, estimates the handbook will include 2,000,000 words concerning all phases of Texas history. More than 1,000 contributors wrote articles for the publication, which has been in preparation 10 years.

Here are some samples of the information contained: Brahman cattle, a breed which has existed in India for more than 4,000 years, ranks second in the Hereford as the chief range animal in Texas. The breed was introduced in Texas about 1895.

The first reports of Texas buffalo were written by Alvar Nunez Cabeza de aca in his descriptions of his journey from Florida to Mexico from 1528 to 1536.

Gail Borden, Jr., famous as the Texas in 1829, and died at Borden, Texas, on Jan. 11, 1874.

Big Bend National Park, Texas' first national park, consists of approximately 788,682 acres and is the fifth largest national park in the U.S.

The first two bales of cotton of the season were ginned this week by the Western Cotton Oil Mills at the irrigated Farming District six miles south of McCamey.

Cotton is maturing rapidly and harvesting will be in full blast within the next few days.

# Rankin Public Schools To Open Monday Morning

## E. D. Hamilton Injured In Jump From Run-a-way Truck Monday Night

E. D. Hamilton, 28, is recovering in the Cooper Hospital at McCamey from painful injuries received when he jumped from a run-away truck on the Midland Hill coming into Rankin Monday night about 10 o'clock.

The large diesel-burning truck with a trailer attached driven by E. L. Keegan, went out of control at the top of the hill and Hamilton jumped from the fast moving vehicle, falling on his face in the gravel at the side of the highway. Some 100 stitches were required to close the wounds.

Keegan managed to steer the truck down Main Street as it gained momentum, barely missing several cars. It crossed Highway 67 at the end of Main Street, went on past the Yates Hotel, through the

### MRS. CHARLES VARDY FETED WITH BRIDAL SHOWER TUESDAY AFTERNOON

Mrs. Charles Vardy, nee Sara Lee Stephenson, was honored when Mrs. Henderson Scarborough, Mrs. Joe T. McComic, Jr., Mrs. Harry Cowden and Miss Neva Rae Taylor entertained for her on Tuesday afternoon between the hours of five and seven o'clock in the club room of the Rankin Park Building.

The party was a bridal shower for Mrs. Vardy, with 35 guests registering.

Gifts were displayed and a color scheme of green and white was used for the refreshment table.

### COWBOYS AT BOYS RANCH PREP FOR SEVENTH ANNUAL RODEO SEPT. 2-3

"Don't forget, Moses, the Boys' Ranch 7th Annual Rodeo will be held right here at the Ranch on Sept. 2 and 3" whispers Donnie Tubbs to his favorite mount, Moses.

Donnie is right—the Rodeo will be held Sunday, Sept. 2, and Labor Day, Sept. 3, at the Ranch. All the cowhands are telling the glad news, for this is their show, which they have been preparing for all year. Stock for the annual event will be furnished by the Buettler Bros., nationally known rodeo producers. The Amarillo Range Riders will sponsor the event, as they have been doing each year.

Festivities will get underway each of the two big days at 2:30, but picnicking on the grounds promises two full days of relaxation for the patrons. Spring water has been piped into the 20 acre park by the boys, and they promise a cottonwood and a patch of grass for each person who brings his lunch, or buys sandwiches and pop on the grounds.

The boys all will vie for the title of Best All-around Cowboy, and the winner must be a versatile critter. He will have to excel in bronc riding, trick and fancy roping, steer riding, bull wrestling, and all the other exciting events staged in any rodeo.

Visitors will find easy traveling, for the highway officials have promised completion of the highway from Channing, which means paved roads all the way to the Ranch via Channing. It is two heaping full days of entertainment over the Labor Day weekend at Boys' Ranch Rodeo.

It is no more of a sin to play golf on Sunday than any other day, the way most people play it.

No matter how you slice it, it is still a golf ball.

Better be late down here than early up there... so drive safely.

The beginning of the 1951-52 school term in the Rankin Public Schools will open at 9 o'clock on Monday morning, Sept. 3, according to Supt. Hamilton Still.

Though most of the registration has been completed, Supt. Still reminded parents of first grade students who have not yet registered to be sure and bring along birth certificates and immunization certificates.

Also, those students who are transfers from other schools

### Recent Additions To The Rankin Library

New books recently added to the Memorial Section of the Upton County Library in Rankin include "This War," given by Mr. and Mrs. C. G. Taylor in memory of Stanley Holder, and "God and Man," given by Mr. and Mrs. Hamilton Still in memory of Donald McEwen.

The non-fiction books just placed on the shelves of Rankin's Library are:

- Israel Without Tears
  - Today Is Mine
  - Your Life Counts
- New fiction includes the trilogy Pulitzer Prize Winner "The Trees, The Fields, The Town," by Conrad Richter.

### Slot Machines Decline In Texas Past Year

AUSTIN.—Slot machines in Texas have dropped from 9,555 to 127 in the past year, and Attorney General Price Daniel predicted this week that the 127 slots will be eliminated before the state's new anti-slot machine law becomes effective Sept. 7.

Last year Texas, with 9,555 slot machines and gaming devices, led the nation in the number of machines on which the federal tax of \$150 had been paid. This year's payments, which were due by Aug. 1, 1951, showed that taxes were paid on 120 machines in private clubs and seven machines in public places.

Words of praise for Texas law enforcement agencies from the nation's chief crime buster, Senator Estes Kefauver, and reports of more investigations by the House Crime Committee were in the news of Texas' continued war against organized crime during the past week.

Kefauver and Texas Attorney General Price Daniel appeared together on a panel discussion of control of organized crime at the recent meeting of the National Association of Attorneys General in Seattle.

Before the chief attorneys of the 48 states, Kefauver gave a public expression of praise to Daniel, the Texas Legislature, and law enforcement officers for this fight against crime.

Kefauver said that Attorney General Daniel's conference of Texas district and county attorneys should be followed by other states.

Daniel reported that Texas had ended slot gambling and open race horse bookie parlors, the two forms of gambling branded by the Kefauver Committee as the backbone of organized crime.

Open bookmaking shops have been closed by Daniel's injunction suits against telegraph and telephone companies. The drop from 9,555 to 127 slot machine payments shows the effectiveness of the new law passed by the 52nd Legislature.

Meanwhile, Chairman Fred Meredith of the Texas House Investigating Committee was planning new hearings for early fall. Meredith would not designate the places but it was rumored that Dallas and Houston might be on his list.

The majority of Galveston gambling was reported still closed with the local county attorney making nightly raids on those who defied the law.

Two-dollar bills are bad luck—only if you don't have enough of them.

### Game Commission Offers 'School Pockets' For Instruction

AUSTIN.—Junior is going to learn about the soils, waters, forests and animals on a big scale this fall, according to the Publications Director for the Game, Fish and Oyster Commission.

He reports that teachers already are forwarding their requests for the school packets which contain 36 different pieces of literature most of which is specially prepared for use in the school room.

One of the main reasons for the increasing interest is the fact that many teacher workshops on resource-use education were held this summer.

Requests are received daily for the individual packets from children barely able to write their own names on up to boys and girls in high school.

The individual packets contain 13 pieces of material not the least of which is a full-page feature entitled "Tracks — Do You Know Them?"

This page contains tracks of opossum, cottontail, muskrat, raccoon, mink, skunk, bobcat, coyote and deer.

The six full-colored animal drawings of deer, quail, dove, armadillo, squirrel and rabbit contain generous reverse-side material about the different species and weaves the story of land and water and animals into the general conservation pattern.

Teachers who get the 36 pieces for class room purposes use the material for bulletin boards, maps, assignments and lectures.

### Defense Bond Drive Opens September 3, Continues To Oct. 27

The "largest possible" total of sales will be the goal of the Defense Bond Drive to be held Sept. 3 through Oct. 27, Nathan Adams, of Dallas, State Defense Bond chairman, announced recently.

"There will be no dollar quotas," Mr. Adams said in a letter to Mr. Dunn Lowery, Defense Bond chairman for Upton County.

"Instead, Treasurer-Secretary J. W. Snyder has asked us to sell as many Defense Bonds as possible, to back up our armed forces and to help resist the pressure of inflation," Adams said. He urged the local chairman, however, to set for the county a goal "high enough to be a challenge to you and your committee."

The people want a part in the nation's defense effort," he said. "Right now the most practical way for them to help is for them to buy U. S. Defense Bonds."

Mr. Adams said that volunteers are being organized in every community of the state to conduct intensive campaigns during the big drive, which is the first since the outbreak of the Korean War more than a year ago. Emphasis will be placed on increasing sales through the payroll savings plan, which permits employees to buy bonds by having deductions made from wages or salaries, and the Bond-A-Month Plan, through which bank customers can buy bonds automatically.

Lipstick, rouge, and careful makeup will make a woman look much younger. But you can't fool a steep flight of stairs.

### Two Members Initiated By Rebekah Lodge

The Rankin Rebekah Lodge recently initiated two new members at a regular meeting. Candidates were Mrs. M. L. Rowan and Yvonne Park.

Twenty attended and were served a salad plate with ham, cookies and iced tea following the meeting.

Vernon Black and T. L. Stephenson flew to Ft. Worth Wednesday on business.

### MRS. RAINS HAS GUESTS

Mr. and Mrs. Frank Varner and daughter, Rodney Mae, and Rhonda Beth and Frederick Gibson, all of Odessa, were weekend guests of Mrs. Elizabeth Rains.

Mr. and Mrs. Stanley Kozimor and son, Joe Rains, were San Angelo visitors Tuesday.

**WE DON'T LIKE THIS BUSINESS**

(The following editorial is reprinted from the Columbus, Ga., Ledger):

In the mail Saturday, June 16, came a two-foot-long, heavy cardboard mailing tube, addressed to this newspaper by the United States Department of the Interior, Bureau of Reclamation, P. O. Box 2511, Sacramento, Calif.

From it we pulled the following:  
A cartoon map diagramming the various dams in the Central Valley "multi-purpose reclamation project."

A press and radio release, running 1,500 words long, telling of plans for gala celebration in various towns when the project is put into first full operation Aug. 1.

A sheet listing the dates and places for various local celebrations from Aug. 1-10.

And a three-page, single-spaced mimeographed collection of "filler" items describing the project.

We cannot say for certain just how much the heavy cardboard mailing tube cost. A local retailer once carried them in stock but has no current price list. Smaller ones some time ago cost 15 cents each. This one must have been the 25-cent size, although the Department of the Interior probably buys them in bulk at a lower rate.

No postage was involved. The matter was sent through the mail under a frank. Penalty for private use of the same facilities without postage would be \$300. First class, the postage on the material, according our own postal scales, would have been 18 cents.

The cartoon map, of little interest in Columbus, Ga., (although possibly of great interest to communists inasmuch as it pinpoints the Central Valley's entire system of dams, reservoirs, etc.) would require a full news page for a clear reproduction.

The press and radio release was too ridiculously long for any consideration by any newspaper or radio broadcaster, and was loaded with "propaganda" compliments to the Bureau in general, not to mention "Regional Director Richard L. Boke," who was quoted at length.

None of the other press release material is of any use whatsoever. The Government-paid propagandists might have been on firm ground in issuing factual data on the project. But the ridiculously long release was an attempt to report on various community plans for celebrations, which strikes us as being slightly out of the realm of Federal information service duties.

"The Central Valley Water Festival—the most colorful celebration in California history—will play with an all-star cast," the release shouts breathlessly. "It's central characters will be the State's greatest assets—the bountiful streams of the north, the amazingly fertile land of the valleys and the thousands of farmers who developed its agricultural empire."

As thrilling as this sounds, we are left unimpressed in view of the cost of the propaganda and the questionable right of the Bureau to spend our tax money for such purposes.

This is the second such mailing we have had from those people in recent weeks.

And the material contained in the latest one was "For release to the PMs (afternoon newspapers) of Wednesday, June 13, 1951."

We didn't get it until Saturday, June 16, 1951.  
We don't like it.—Columbus, Ga., Ledger.

**GRASS ROOTS OPINION**

Lake Orion, Mich., Weekly Review: "Britain has embraced Socialism completely, turning away from the political philosophy that made her the greatest nation on earth. And France, too, has embraced the theory of Socialism. In the Chamber of Deputies at the moment an alarming number of Communists hold seats and by power of numbers dictate a Socialistic concept of government that is but a few steps from Communism."

Foley, Ala., Onlooker: "When the people — at least, when a majority of the people—of this country decide they wish to make a change in the policies which are daily causing bad matters to become worse, those policies will be changed. But the people themselves must bring the change. So long as our people regard the government as a benevolent and doting parent, rather than as a personal responsibility, just so long will we continue to head toward a completely socialistic state."

Earls, Md., Easter Shore Times: "America became great through public ownership—and we don't mean the kind of public ownership the Socialist-minded bureaucrats mean. We refer to the corporations which have made this the mightiest industrial nation in the world. They are owned by the people—the stockholders—and they are owned directly by the people, without governmental interference or governmental direction."

**DETROIT'S 250TH ANNIVERSARY**

The city of Detroit is celebrating its 250th birthday. That is a ripe age in a youthful nation—and it encompasses the development of Detroit from a remote French outpost in the wilderness to its present position as the world-famous symbol of America's productive might.

Some of our greatest industries are concentrated in the Detroit region. They draw on every section and every state for raw materials. They consume incredible quantities of goods of a thousand kinds—steel, oil, glass, fabrics, rubber, metals. They transform these materials into automobiles, trucks, refrigerators, and an almost endless list of other commodities and machines. They employ vast armies of well-paid workers in the finest and most modern plants the world knows. And, indirectly, they contribute to the employment of millions more in every state in the Union.

This is Detroit's achievement, and it is a splendid one. But it never would have been accomplished if it had not been for one all-important thing we take for granted—and that thing is transportation by rail. Something must bring the tremendous flood of materials the Detroit factories need—and it must bring them there swiftly, safely, economically, in all weather and under all conditions. Then something must take the finished goods out to centers of consumption which are hundreds and thousands of miles away. This is, primarily, the job of the railroads. It is true, of course, that all forms of commercial transportation play a part in serving Detroit and the other industrial and agricultural areas. But only the railroads are capable of the big tasks.

As every schoolboy knows, the railroads made possible the opening and development of the continent. And it is the railroads which keep it going.

From where I sit... by Joe Marsh

**The Cow That Can't "Run Dry"**

Sandy Johnson showed me his Jersey cows last week. It was a warm day and they were all under the trees near a watering trough.

And darned if one cow wasn't pumping water into the trough! It's a fact—she'd raise the pump handle with her nose, and use her throat to push it down again.

"That's Mabel," Sandy explained as she moved away. "Sometimes they drink that trough dry, and she's learned how to fill it again. But she doesn't know her own strength—turns the place into a swamp if we don't watch her."

From where I sit, Mabel isn't the only one who sometimes doesn't know where to stop. For instance, people often carry personal opinions too far—like the person who wants everyone to accept his choice of political parties, or ball-players... or beverages. I prefer a glass of beer with my meals. I know that a lot of other people prefer milk. But nobody ought to insist on "herding" others around to his way of thinking.

Joe Marsh

## Hunting Seasons End Limits Cut This Year

Game conservation is the byword as Texans move into the 1951 fall hunting season. New bag limits and closer time restrictions await those hunters now oiling their weapons in anticipation of autumn shooting.

Both federal and state agencies have come up with the closer regulations in attempts to apportion large and small game among the sportsmen.

Effects will be felt first by the mourning and white-wing dove hunters. The Texas Game, Fish and Oyster Commission has set an open season on mourning dove-hunting in the north zone (which includes this area) from Sept. 1 to Oct. 10.

Acting within the scope of its authority over migratory birds, the Federal Fish and Wildlife Service has decreed a 12 o'clock noon to sunset hunting day throughout the short season.

Bag limits for mourning doves and white-winged doves have been set at ten each day of either or both species in the aggregate.

White-winged hunting in the north zone is restricted to a nine-county area including El Paso, Hudspeth, Culberson, Jeff Davis, Brewster, Presidio, Terrell, Val Verde, and Kinney counties.

White-wing shooting hours will be from 4 p. m. to sunset and the white-wing bag limit has been set not more than 10 per day and not more than ten in possession. Open season is Sept. 14, 15 and 18 only.

H. D. Dodgen, executive secretary of the Game and Fish Com-

mission, said at the weekend that record-breaking drouths have cast considerable uncertainty on the mourning dove situation in north zone.

Abundance in given areas, he said, will be impossible to determine until shooting is well underway. Generally, though, dove production is known to have been cut by drouth and severe winter freezes which have destroyed food sources.

Bob white quail will remain generally under last year's rules. Exception is in a six-county north Central Texas area recently put under regulatory control.

Possession limits of 24 per week will be enforced in Jack, Young, Palo Pinto, Stephens, Hood and Erath counties. Similar controls had been put over a 24-county area in the Panhandle.

In other counties in the north zone sportsmen will be allowed 36 quail per week with a daily limit of 12 birds. Quail season is from Dec. 1 through Jan. 16.

The six-county control area will also have a wild turkey bag limit of one per season as compared to three gobblers or the state at large. Open season on gobblers generally is Nov. 16 to Dec. 31. Special laws however severely restrict wild turkey hunting over the state. A check in the individual counties is advisable.

**TRANS-PECOS CUT**  
All fowl must be taken with a shot gun no larger than 10 gauge plugged to three-shell capacity.

New game restrictions find a new limit of one buck per person per season in the nine-county area west of the Pecos. The deer may be either blacktail or whitetail. Last season's limit was one of each. The

Trans-Pecos season will be Nov. 20 to 25 inclusive.

The bag restriction also holds in the six-county regulatory area of north Central Texas where the season has been cut to 15 days beginning Nov. 16.

Over the state at large the two-buck limit is still in effect. The season extends from Nov. 16 to Dec. 31 in most areas. Special seasons are in effect in individual counties over the state.

Hunting time will extend from half an hour before sunrise to half an hour after sunset.

Offering an appeal to many Texas sportsmen will be the special prong-horned antelope shoot in seven counties west of the Pecos. The counties are Brewster, Jeff Davis, Pecos, Reeves, Presidio, Hudspeth, Culberson.

Dates for the three periods of the shoot will be Oct. 1, 2, 3; Oct. 4, 5, 6; and Oct. 7, 8, 9. Hunters must apply for special permits issued on a drawing basis by the game commission. Approximately 1,000 sportsmen applied for 426 available permits last year. Permits are \$5.

One final reminder: all hunting licenses issued by the Game, Fish and Oyster Commission are renewable Aug. 31.

It's the fresh egg that gets slapped in the pan.

An open mind gets one into far less trouble than open mouth.

Wonder if the moon affects the tide as much as does the untied?

A dream is often a nightmare without her makeup.

**THE STATE OF TEXAS**  
**TO: RANDOLPH O. SHAFER and**  
**The Unknown Heirs of Randolph**  
**O. Shafer, GREETING:**

You are commanded to appear and answer the plaintiff's petition at or before 10 o'clock A. M. of the first Monday after the expiration of 42 days from the date of issuance of this Citation, the same being Monday, the 1st day of October, A. D. 1951, at or before 10 o'clock A. M., before the Honorable 83rd District Court of Upton County, at the Court House in Rankin, Texas.

Said plaintiff's petition was filed on the 16 day of August, 1951. The file number of said suit is No. 1120.

The names of the parties in said suit are:

J. M. RADFORD GROCERY CO., a corporation, as Plaintiff, and RANDOLPH O. SHAFER and the Unknown Heirs of Randolph O. Shafer, as Defendants.

The nature of said suit being substantially as follows, to-wit: Plaintiff sues for the title to and possession of all the oil, gas and other minerals in, on or under that certain tract of land situated in Upton County, Texas, described as follows, to-wit:

All of Section 3, GC&SF RR. Co. Survey, Certificate No. 4,953, Patent No. 249, Vol. 67 of the records of the General Land Office, recorded in Vol. 41, page 8 of the Patent Records of Upton County, Texas; owning and claiming fee simple title thereto under the five, ten and twenty-five years Statutes of Limitations of the State of Texas.

If this Citation is not served within 90 days after the date of its issuance, it shall be returned unserved.

Issued this 16 day of August, A. D., 1951.

Given under my hand and seal of said Court, at office in Rankin, Texas, this 16 day of August, A. D. 1951.

(LS) Ralph H. Daugherty, Clerk, 83rd District Court of Upton County, Texas.

**NOTICE TO BIDDERS:**  
 The Commissioners' Court of Upton County, Texas, will receive sealed bids until 10:00 O'clock A. M. September 20, 1951, at which time bids will be publicly opened and read, at the Courthouse, Rankin, Texas, for the purchase of one new diesel loader, same to be approximately 45 H. P. with 1300 x24 dual rear tires, 8:25x20 front tires; 3-4 yard bucket with teeth; all controls fully hydraulic. Weight approximately 9500 pounds.

The Commissioners' Court reserves the right to accept or reject any or all bids.

J. A. MOORE,  
 County Auditor,  
 Upton County, Texas.

ATTEST:  
 (LS) Ralph H. Daugherty,  
 County Clerk,  
 Upton County, Texas.  
 By Sara Lee Vandy,  
 Deputy.

**Congratulations:**

A daughter was born to Mr. and Mrs. Kenneth D. LaQuey of McCamey in the Shannon Hospital in San Angelo, Aug. 20. The baby has been named Lillian Lucille and weight was five pounds and eight ounces.

Mr. and Mrs. Ted LeQuay of McCamey are parental grandparents, and Capt. and Mrs. Stephen S. Artell of Fort Campbell, Ky., and Roy G. Kiser, Sr., of San Antonio, Texas, are the maternal grandparents.

\*\*\*\*

Jack Clifford is the name of the son born to Mr. and Mrs. J. C. Williams of McCamey in a local hospital in San Angelo. The baby weighed six pounds, four ounces, and arrived at 12:01 a. m.

Grandparents are Dr. Joe Rogers of Normangee, Texas and Mr. and Mrs. Z. J. Williams of Temple.

**IN DALLAS HOSPITAL**  
 Horace Slaughter, owner of the Slaughter Motor Co., entered the Baylor Hospital in Dallas Tuesday for a medical examination.

He was accompanied to Dallas by his wife Monday.

Winning an argument is the best way to lose a friend.

There was one advantage to the old-style wall telephone. The gals had to quit talking when their legs gave out.

Spilling the salt may bring bad luck, but spilling the beans is far more dangerous.

Grandma, who used to work at the spinning wheel, now has a daughter who likes roulette, too.

**NOTICE!**
