

ELECTION SET SATURDAY ON UPTON ROAD PROGRAM

Rankin-Pyote Clash In Regional

Large Vote Turnout Predicted On Issue

Game To Be Played In McCamey Thursday

The Rankin Red Devils clash head-on with the Pyote Panthers football team, next Thursday night on Badger Field in McCamey to determine the regional champion for 1951.

The decision for the site came at the conclusion of the Pyote 34-6 win over Ft. Davis Wednesday night in Pyote. The officials of the two schools accepted the proposal submitted by McCamey as a neutral site for the important game. Monahans also sought the game. The game is sponsored in McCamey by the Lions Club.

Rankin, the defending regional champion, will go against a ball club at Pyote that has a record nearly equal to its own. Both are high-scoring aggregations, and neither have been held to less than 34 points in any game this season.

About 200 reserve tickets go on

sale Monday in Rankin and McCamey.

The regional tilt will be played under the lights, with game time set at 8 p. m.

The records of the two undefeated clubs are:

Pyote 5, Lamesa 8, Luling 6, Pyote 58, Lamesa Klondike 6, Pyote 64, Barstow 22, Pyote 54, Toyah 22, Pyote 73, Imperial 19, Pyote 67, Barstow 39, Pyote 61, Toyah 6, Pyote 34, Ft. Davis 6, Rankin 40, Ackerly 6, Rankin 59, Marathon 14, Rankin 51, Christoval 15, Rankin 38, Garden City 6, Rankin 49, Mertzon 12, Rankin 46, Forsan 0, Rankin 53, Water Valley 19, Rankin 42, Sterling City 6, Rankin 48, Union 12

Hoestenbach Heads Prep Drill Team At West Point

Roger Hoestenbach, son of Mr. and Mrs. John Hoestenbach of McCamey, has been named company commander of the prep drill team at the US Military Academy at West Point, N. Y.

Hoestenbach is a cadet-candidate in the prep school of the academy on one of the coveted Regular Army appointments. He has been actively engaged in show drill team work since 1948 when he was a student at Tarleton State College in Stephenville, Texas, where he was a Cadet Captain and member of the well known "Wainwright Rifles" and "Wainwright Grenadiers." He was a student in Petroleum Engineering at Tarleton until his entrance into the US Army last January.

He is an honor graduate of the Artillery School and Artillery Leader's Course at Camp Chaffee, Ark., as a pre-OCS student. He entered West Point in September immediately following graduation from the Leader's Course as valedictorian of the graduating class.

Methodist Missionary To India To Speak At Rankin, Nov. 30th

Miss Dorothy Bearden, a missionary to India, who is home on furlough, will speak in the Methodist Church in Rankin Friday evening, Nov. 30, at 7:30.

Miss Bearden, who is a native of Southwest Texas, went out to India about five years ago and began her work in the Punjab. Because life there was so dangerous for a young woman, she was transferred by the board to Lucknow, India, where she teaches in Isabella Thoburn College. This college has for its president, Miss Sarah Chace, one of the presidents of the World Council of Churches, who is widely known in the US.

Miss Bearden is young, attractive, enthusiastic, and an unusually gifted speaker and people from Big Lake Texon, and McCamey, as well as from Rankin, are urged to avail themselves of this opportunity to hear such an outstanding young person.

Mrs. J. L. Morrison Dies Monday In Pecos

Word was received by friends in McCamey this week of the death of Mrs. J. L. Morrison, 80, of Pecos, who died of a heart attack at her home Monday, Nov. 19.

Funeral services were held in Pecos the following day.

Mrs. Morrison was the mother of Miss Eula Morrison, formerly of McCamey, who was manager of the Western Union here for several years.

Survivors include three sons, R. T. Morrison, Odessa; Paul Morrison, Pecos, and Dr. George Morrison, Roswell, N. M.; and three daughters, Mrs. Cecil Lockhart and Mrs. Preston Glover of Pecos, and Miss Eula Morrison of Odessa.

VOTE SATURDAY FOR PROGRESS

Qualified property taxpayers of Upton County will go to the polls Saturday to cast ballots on the proposed \$1,050,000 road building program.

The proposed program would establish some 70 miles of hard surface roads leading into fast developing oil sectors of Upton County. And the term "fast developing" is no understatement.

For the past several months, Upton County has had more rotary rigs in operation than any other county in the entire nation. Last month, there were 126 rotary rigs in operation in the county.

This development is expected to add some 15 million dollars to the Upton County tax rolls during the coming year.

How the fields have developed as fast, and as much as they have, is nearly miraculous, in as much as there were no established road systems leading into the areas.

In the Spraberry Trend in northeast Upton County, workers, supply houses, drilling units and equipment had to travel some 40 miles out of the way to reach drilling locations. Even now with the roads that have been opened, much of the road would be impossible in rainy weather.

These inadequate roads have cost supply houses, oil companies, and workers hundreds of extra dollars in wear and tear on automobiles and trucks, and have slowed down the development of the area.

In the north central part of the county, the Pegasus Field is still expanding with each month's drilling reports. The development in this area was also slowed due to no roads, or else inadequate roads. There are some 40 Ellenburger wells producing in the field at the present time, and there have been from 12 to 20 rigs in operation all the time during the past year.

The last, and possibly the largest and most important area to be serviced by the proposed roads, is the Wilshire-Sinclair Field in West-Central Upton County. One of the best Ellenburger wells in Texas is in this field, and there have been eight wells completed in the field to date. It continues its trend south toward McCamey, and is the only one of the new fields that is in the McCamey Independent School District.

This extensive development has brought about the establishment of camps in two of the areas, the Spraberry and Pegasus, and talks of early erection of camps in the Wilshire-Sinclair Field. This means that both school districts will have children to transport by bus to the schools in Rankin and McCamey.

Probably the most important thing that can be said concerning the issue concerns the remarks and expressed sentiments of tax representatives of the major oil companies that operate in the county.

At a hearing concerning the program, the tax men said that they expected the oil companies to "foot the bill" on the road program. Some of them told the members of the commissioners court that they did not want the value on the property of small taxpayers raised. Many of them expressed the idea that no new increased tax rate would be forthcoming with the approval of the program as the increased new oil valuations would be adequate to meet the bond requirements.

The valuation engineer for Upton County told the Commissioners Court that it would not be necessary to increase the present tax rate to meet the obligation by the approval of the bonds, as there is adequate new oil values to meet the bond obligations.

The individual members of the Commissioners Court have indicated that they would attempt to avoid increasing the tax levy, if at all possible, and take the benefit of the new oil valuations in the county.

In short, it appears that Upton County can take a real step forward in helping the oil industry develop our natural resources, save money for the service units working in the fields, save money for workers traveling to and from their jobs, and the main thing, NOT HAVE TO PAY HIGHER TAXES FOR THE IMPROVEMENT DURING THE COMING YEARS.

Keep these facts in mind when you go to the polls Saturday... AND VOTE FOR PROGRESS.

SEVEN ABSENTEES

When the deadline for absentee voting passed Tuesday midnight, seven votes had been cast on the proposed road program, according to County Clerk Ralph H. Daugherty.

Though the number of absentee votes was small, it has been predicted that some 400 votes will be cast in the election Saturday.

RELIGIOUS T. V CONFERENCE SET FOR WASHINGTON

The Southern Baptist Radio Commission is sponsoring a religious television conference in the nation's capital Nov. 27. Dr. S. F. Lowe, director of the Commission, has announced a full program for that day, running from 10 a. m. to 10 p. m.

The program will feature top representatives of the broadcasting industry, together with prominent church leaders.

Several objectives have been set forth for this meeting, but basically it is being held to study the possibilities of religious telecasting and work out the most effective ways of presenting the Christian message on television.

It is believed that this conference will mark the beginning of

television activity among Southern Baptists, and will lead eventually to a regular nation-wide network such as the Baptist Hour radio broadcasts, now being carried by 270 stations.

The Navy plans to have 500 helicopters by the end of the fiscal year 1952.

Navy Douglas Skyraider attack bombers made their first drop of aerial torpedoes at communist targets in Korea.

Number of Naval personnel 21 years old or under (Oct. 31) are: 17, 583; 18, 19,288; 19, 49,887; 20, 86,613; and 21, 99,293.

The US Naval Air Station at Corpus Christi, Texas, is the only Navy blood donor center in the 8th Naval Dist.

Some 400 persons are expected to turn out to cast ballots Saturday to determine the fate of the proposed \$1,050,000 road building program in Upton County.

There are some 909 eligible voters in the county.

Though most of the voters reside in the McCamey area, it is expected that the largest portion of the votes will be cast in Rankin and at the Benedum voting box as most of the interest has been displayed in Rankin for the road program.

Though very little interest has been shown in McCamey relative to the proposed roads, a great number of oil field workers in the areas where the roads are to be built live in McCamey, and will no doubt do "a lot of talking for the project" though they are not eligible to vote in the election.

In order to cast a ballot, a voter must be a property-taxpaying resident of the county, and also have a poll tax or exemption certificate.

In order for the issue to pass, it is necessary to have two-thirds approval from the voters.

The proposed issue would establish some 70 miles of roads that are designed to service the fast-expanding oil fields in Upton County. The most active is the Spraberry field in northeastern Upton County. There have been around 100 rotary rigs operating in that area for the past several months.

In addition to the Spraberry, the Wilshire and Pegasus fields have been expanding with new well locations with each week's drilling reports.

Roughly, the program will include the following new roads: (1) extend the present farm road leading into Pecos County farming area from the end of the present pavement to the Upton County line; (2) establish a road running north off highway 67 about five miles east of McCamey to the north Upton County line near the Pegasus Field, this road to also run through the Wilshire-Sinclair Field in east-central Upton County; (3) establish a road running east off the

Midland-Rankin highway, about 20 miles north of Rankin, to intersect the road leading into the Spraberry to be established in project No. 4; (4) establish a road leading north from near the Plymouth refinery through the Pembroke and Spraberry fields to the Midland County line; (5) extend a road from the Shell Pump station paved road to intersect the road to be established in project No. 4.

This system of roads would service all of the existing oil developments at the present time, and will greatly eliminate near impossible traveling conditions during rainy weather.

Though the proposal Saturday provides for levying a tax for paying for the improvement, the major oil companies have informed members of the Upton County Commissioners Court that they expect the new oil valuations to be adequate to pay for the road system without levying any additional tax.

The tax men from the major companies also requested that the county not make any valuation increases on the property of small taxpayers in the county to secure the needed money to pay for the paving program.

Members of the Commissioners Court have not said that they will not levy a special tax to pay for the program, but members have individually indicated that they would do everything possible with the Upton County valuation engineer to avoid levying any additional taxes.

The county valuation at the present time is 32 million dollars. The valuation for the coming year has been estimated in excess of 50 million dollars.

Balloting in the election Saturday will be held at the courthouse and Park Building in Rankin; at the Plymouth Office in the Benedum Field; and at the C. W. Brown Pipe and Supply Building, the Park Building and at the High School Building in McCamey.

Polls will open at 8 a. m. and close at 7 p. m.

RED DEVILS SWAMP UNION 48-12 TO WIN BI-DISTRICT TITLE

The Rankin Red Devils put on a terrific ground attack at Forsan Saturday night to completely overpower the Union Bobcats and take their second bi-district championship in as many seasons.

The first quarter was slow with both teams feeling each other out. The double-tough Red Devils began to beat down the Bobcat team in the second quarter and then went on to crush them 48-12.

Bruce McCain, Rankin center, scored first for the Devils on a 35 yard run after a Bobcat fumble had been picked up. Norman Yocham scored twice before the half ended. The first one on a 25 yard run and another from one yard out to put Rankin ahead at the half

20-0. Norman scored twice more in the third quarter and George Broyles scored two while Jimmy Yocham added all the points after touchdowns on passes to tie the game for Rankin.

Union's tds came in the final quarter on passes, one for 25 yds. and another for 30 yds. Both tries for point were blocked by the hard-charging Rankin line.

Rankin made 210 yards rushing to ten for Union. The Devils made 11 first downs to three for the Bobcats. The Devils were outdone in the passing yardage gained. Union got 75 yards passing to 35 for Rankin.

Rankin will play the winner of the Fort Davis-Pyote game for the regional championship. The time and place has not been set.

Course In Girl Scout Work Is Held Here During Past Week

Eleven Rankin ladies took advantage of the three-day course which was offered last week for leaders and others interested in the Girl Scout and Brownie work in Rankin.

The 14-hour course under the direction of Mrs. Starley, District Director of Girl Scout Activities, was presented in the Park Building with a covered dish luncheon served each day.

Those who attended the school, which featured leadership training as well as arts and crafts, were Mrs. A. E. Chandler, Mrs. J. Q.

Russell, Mrs. E. L. Maye, Mrs. L. M. Watson, Mrs. W. A. Hudson, Mrs. Ralph Daugherty, Mrs. Dorothy Ingram, Mrs. Max Lewis, Mrs. Preston Patton, Mrs. Carl Keys, Mrs. D. O. McEwen.

The Armed Forces Reserve Medal has been approved and may be awarded to individuals who have served honorably for ten or more years in one of more of the reserve components of the Armed Forces.

Nations represented in the UN fleet include the United Kingdom, France, Denmark, the Netherlands, Australia, New Zealand, Canada, the Republic of Korea, Colombia, Thailand and the US.

Miss LaRue Tolson, Max Schneemann Marry November 10

The Seymour Methodist Church was the setting Saturday evening, Nov. 10, for the impressive wedding ceremony which united in marriage Miss LaRue Tolson, the daughter of Mr. and Mrs. J. P. Tolson of Pueblo, Colo., and Max Schneemann, Jr., son of Mr. and Mrs. Max Schneemann of Ozona, Texas. Rev. Quattlebaum officiated at the evening double ring ceremony.

Decorations included an arrangement of gold candles in each window and palms and eight pairs of tiered candelabra with gold candles. The rail was decorated with candles and greenery and the church was decorated with large vase stands of bronze and gold mums and bronze satin ribbon. Pews were marked off with yellow and bronze ribbon.

Given in marriage by her father, Miss Tolson choose a gown of ivory satin, designed with a sweetheart neckline and tight bodice of seed pearls and sequins, a bouffant skirt with chapel-length train, a satin hat trimmed with seed pearls caught a fingertip veil of illusion; she carried a crescent shaped bouquet of white orchids with showers of white Amaloni lilies.

Mrs. J. D. Chiddix of Denver, as matron of honor, was dressed in lavender and purple satin formal length gown with matching hat, and Miss Susie Schneemann, sister of the groom, Miss Jane Maas of Pueblo, Colo., Miss June Prichard of Seymour and Miss Peggy Coffman of Goree were bridesmaids; they wore the autumn shades of burgundy, rose gold and green, satin, formal-length gowns with matching hats, trimmed in pearls, and carried bouquets of bronze mums.

Miss Trudie Ann Symes of Midland, flower girl, wore a gown of purple satin with matching hat.

Groomsmen included Mr. Max Schneemann as best man, Bill Schneemann, Miller Robinson, Phillip Schneemann and T. F. Glover. T. M. Robinson and Louis Robinson lighted the altar candles.

A reception followed in the church parlor. The bride's mother wore an aqua dinner gown of faille crepe and rose accessories. Mrs. Schneemann chose an ecru crepe and lace gown, complimented with matching accessories. Mrs. T. F. Glover and Mrs. Amelia Sams, aunts of the bride, Mrs. R. K. Lowry, Mrs. Clarence Symes, Mrs. T. F. Glover, Mrs. B. J. Sams, Mrs. A. B. Sams and Mrs. J. G. Hudson were dressed formal and assisted in the reception.

Mrs. Tom McCauley, accompanied by Mrs. Wesley Martin at the

McCamey Infant At Gonzales Warm Springs Polio Center

GONZALES, Texas. — Eighteen-months-old Stanley D. Wright of McCamey was admitted to the Gonzales Warm Springs Foundation for Crippled Children this week (Monday, Nov. 12) for treatment.

Young Stanley was stricken with polio in October. He is the son of Mr. and Mrs. Jesse J. Wright.

VISITS PARENTS HERE

Miss Kathleen Wheeler, assistant buyer for Neiman-Marcus of Dallas, was a recent visitor in the home of her parents, Mr. and Mrs. H. Wheeler.

CHRISTMAS SEAL MONTH

Citing the "invaluable work" of the Texas Tuberculosis Association in fighting tuberculosis in Texas, Gov. Shivers made public today a proclamation calling for "100 per cent generous support" of the 1951 Christmas Seal Sale. The campaign will be conducted by the Tuberculosis Association from Nov. 19 to Christmas.

In issuing his proclamation, the Governor spoke of all "the excellent tuberculosis-fighting projects of the Association," but singled out the Association's health education programs for special commendation.

"Working on a year-round basis, the Texas Tuberculosis Association and its local affiliates make every effort to get across to the people facts about tuberculosis which will help them protect themselves against the disease," the Governor pointed out.

"This is only one of the major projects of the Association, but it is an example of how the Association is helping to bring the disease under control," said the Governor. "I appeal to all Texans to take an active part in supporting the invaluable work of the Tuberculosis Association by buying and using Christmas Seals."

Tuberculosis, a communicable disease, is a threat to the health, lives and happiness of the people of Texas.

The Texas Tuberculosis Association and its 97 local affiliates are doing invaluable work in bringing tuberculosis under control in the state.

The support of the Tuberculosis Association is derived from the sale of Christmas Seals and this sale is the sole annual appeal of the organization or any of its affiliates.

Therefore, I, as Governor of Texas, hereby designate the period from November 19 to December 25, 1951, as CHRISTMAS SEAL MONTH

and urge all residents of Texas to express their wholehearted support of the tuberculosis control work of the Association by the generous purchase of Christmas Seals during the 1951 Christmas Seal Sale and by the use of Christmas Seals throughout the holidays.

In official recognition whereof, I hereby affix my signature this 15th day of November, 1951

(Signed): ALLAN SHIVERS,
Governor of Texas.

THE PRESIDENTIAL QUESTION

The next presidential election is well over a year away, but all the political camps are speculating on who the candidates will be, and the hopefuls are out looking for delegates. And there are plenty of straws in the wind.

Some months ago it was widely forecast that Mr. Truman would not run again. Recent developments make it look as if that forecast was decidedly wrong. More and more people, including both supporters and opponents of the President, now think that he will ask for and receive the nomination. There are various reasons for this. Mr. Truman has been nettled by the setbacks Congress has given his program—particularly in civil rights and welfare legislation—and he obviously believes that if he takes his case to the people they will support him. He is intensely resentful at the attacks on Dean Acheson and other members of his Administration and he wants his policies and his appointments to be justified by another victory at the polls. And he believes, in all sincerity, that he is the best man available for the biggest job in the world.

If Mr. Truman does not run, he will name the Democratic candidate. There is no argument about that. The power of the president is so great these days that it is inconceivable that the nominating convention would go against his wishes.

On the Republican side, Taft leads, but he is not in by a long shot. The Senator from Ohio occupies a curious position. All concede that he is one of the ablest men in the Senate. He probably knows more about the complex workings of the government than anyone in public life today. He is thorough and conscientious and at times he comes close to brilliance. He has organized and led the President's opposition, and he has more to say about GOP policy than anyone else. Yet, even among his friends and admirers, there is a feeling that Taft could not win—that, from the vote-getting standpoint, he might be a weak candidate. This is the feeling that Taft must overcome if he is to be nominated. In the meantime, he has more convention votes in his pocket than any other Republican possibility. It has been said he is General MacArthur's choice. If that is so, he has gained an important asset.

Most curious of all is the Eisenhower situation. The General's prestige is enormous, here and abroad. He has a record which is almost beyond criticism. He has a warm and attractive personality, and little of the austerity generally associated with top military men. But no one knows—or, at least, no one in a position to know has said—whether he is a Republican or a Democrat. Eisenhower followers in both parties are urging his candidacy. And no one knows what his views are on many vital subjects. The general opinion is that he is a strong internationalist in foreign policy, and that he tends to a relatively conservative stand on domestic policy.

The polls indicate that Mr. Truman's popularity is at a very low ebb. They also show General Eisenhower at the top in public esteem. But it is not likely that Mr. Truman puts much stock in polls after the 1948 miracle.

A few think that Mr. Truman may decide to voluntarily retire, come out for Eisenhower, and thus dumfound the Republicans. Others are equally certain that Eisenhower will run on the GOP ticket if the nomination is offered him. In any event, the General is the biggest question mark in all the speculations.

A Department of Defense has begun inscribing the word "Korea" on grave markers and headstones of U. S. dead returned from Korea to satisfy the National cemetery regulations requiring name of war served in.

A youngster whose love of history was not too intense, expressed his opinion in no uncertain terms on the inside cover of a United States history book: "IN CASE OF FIRE PLEASE THROW THIS IN."

Enjoy

"For goodness sakes" a surprised wife exclaimed to her husband, "Why are you taking your suitcase this morning? Are you going away?"

"No," the husband replied "but I heard you talking about the church giving a rummage sale, so I'm taking my clothes down to the office until its over."

Health Department Issues Rabies Book

AUSTIN.—To help combat rabies in Texas, the Texas State Department of Health has prepared a 20-page pamphlet entitled, "Facts About Rabies."

According to Dr. Geo. W. Cox, State Health Officer, this information will be sent to citizens on request.

In the type of rabies called "furious," the animal is irritable and will snap at non-existent objects or attack anything in its path. In the excitement stage, the animal is extremely vicious and violent. Paralysis often follows this stage, usually affecting the hind legs first. Death follows the paralysis in four to seven days after the outbreak of the first symptoms.

In "dumb" rabies, the symptoms are drowsiness and paralysis of the lower jaw. To all outward appearances, the animal has a bone or some other object lodged in his throat. Such animals do not roam but will strike at movement. They are completely insensitive to pain and will usually fall into a coma

and die about three to ten days after the first symptoms appear.

Dr. Cox states that in Texas, the dog, fox, cat and skunk are the animals most apt to cause rabies. Last year the State Department of Health examined 4,491 heads of 25 different animals for the purpose of rabies diagnosis. Only 1,220 or 27 per cent were found to have had the disease. Of those found rabid, there were 868 dogs, 167 fox, 59 cats, and 43 were skunks.

The highest percentage of positive rabies found on examination are during February, March and April.

A salvo of shells from the cruiser Junea near Chumunjin, Korea, on June 29, 1950, announced the U. S. Navy's direct support of the UN war effort.

Exclusive

Said the Florida man, picking up a watermelon: "Is this the largest grapefruit you can grow in these parts?" "Stop," said the Californian. "You're crushing that raisin."

U.N. Helps Refugees to Help Themselves

As part of its rehabilitation activities for Palestine refugees, the United Nations Relief and Works Agency has initiated a program under which small loans are made to individuals, cooperatives or other groups for the development of small industries and enterprises which will bring about the

reintegration of the refugees. With the help of a loan, the man at the left opened an upholstery shop which helps care for 20 persons. At the right, a lime kiln built from loans granted under UNRWA has provided work for two refugee families, assisting ten persons who benefit from the business.

Navy Grumman Panther jet fighters met enemy jets in aerial combat for the first time in navy history in Korea.

McCamey Methodist Church Educational Campaign Notes

Liberality does not necessarily depend on how much we happen to possess.

How often have you heard people say that if they had a million dollars they would contribute large sums to good causes? Some of these people are sincere in their thinking, but in the main, liberality does not depend on how much we happen to possess.

There are those whose liberality in giving amazes one when you know how modest must be their income. These people have something to give to almost every worthy cause. These are the people who help build churches, pay our preachers, support our missionary programs and other benevolent work of the Kingdom. If a million dollars fell into their hands we are sure what we might expect.

Then there is another group in the church who are actually more able to give, but whose giving is so scanty that we often feel sorry for them. They offer every excuse under the son for not giving and are constantly wondering if the appeals will ever stop. They think the bare floors or the carpet, which has been worn out for years, is still good enough. They think it is useless to paint the primary room because the children will soon soil it anyway. Such folk think nothing of spending hundreds of dollars on themselves. They excuse them

selves by saying, "I just hated to spend so much for a suit of clothes or a hat or a dress, but I couldn't find anything that suited me for less." "Our trip abroad or to the shore or to the mountains cost us plenty, but I felt we owed it to ourselves."

Now don't be misled. Good clothes in the long run are the cheapest and in most instances they are real assets. A trip to the seashore occasionally is good for most people. Then, too, there is nothing particularly wrong about spending money lavishly, if we will just be lavish with it on Sundays. Let's not be good sports all week long and then on Sunday tighten up. Our Sunday giving should keep up with our weekday spending. Think it over.

Some 25,000 physically handicapped persons are now employed by Naval and Marine Corps activities in the Department and Field services.

Navy Corsairs and Skyraider aircraft splashed more than a million pounds of deadly napalm on enemy targets in less than a year.

UN patrol ships inspect and destroy small fishing boats off Korea since fishing is a vital source of food for the enemy.

During fiscal year, 1951, 26 per cent of all physically handicapped persons hired in the Federal government were hired by the navy.

Texas Hunting Season In Full Swing As Dove Season Opens

AUSTIN.—The annual harvest of Texas' varied game crop gets full throttle Nov. 15 and 16.

With the waterfowl season already underway, south zone residents open the mourning dove season at noon, Nov. 15. And the general state season on deer and turkey begins a half hour before sunrise Nov. 16.

The other major phases of the fall shoot opens Dec. 1 when the general state quail season opens.

Prospects for the big game shoot are below par, according to the Executive Secretary of the Game and Fish Commission. He said the Edwards Plateau country, where most of the state's white-tailed deer are concentrated, suffered heavily from extreme weather dur-

ing recent months.

However, the feed in scattered areas was stimulated by late summer rains and some sportsmen will get their big, fat bucks as usual.

The general limit on whitetails is two bucks with pronged antlers. The general state limit on wild turkey is three gobblers per hunter. Forty-four counties allow only two gobblers. Seven others allow only one gobbler per individual.

The last part of the mourning dove season is expected to more or less duplicate the poor shooting in the northern zone which ended on Oct. 10. Dove hunting was restricted to afternoons this year.

One popular phase of the fall shoot is opening later this year. It is the big game season West of the Pecos which begins Nov. 20 and extends through Nov. 25. Hunters there may bag either a prong antlered black tail deer or a white

Worldwide Bible Reading Will Be Observed In McCamey

Among the thousands of churches which will cooperate with the Worldwide Bible Reading, Thanksgiving to Christmas, is the First Presbyterian Church, according to announcement by the pastor, Rev. Howard Holland.
Millions of Bible readers in many languages join in using the same selected list of Scripture passages for this period of approximately one month. President Truman annually heads up a national committee of laymen who sponsor the movement.
Additional observance of Universal Bible Sunday is planned for Dec. 9. Rev. Mr. Holland said. Promoted by the American Bible Society, this day is intended to emphasize the primary importance of the Bible as a factor in the life of our nation and the work of the churches.
Rev. Mr. Holland stated that he expects to distribute 100 of the reading lists, and that interest in this runs high throughout the congregation of the First Presbyterian Church.
The Bible Reading lists will be distributed at the Community Thanksgiving service, Thursday, Nov. 22.
Other churches in McCamey are also participating.

Mrs. Jennie Wallace 82, Dies In Ballinger

Mrs. Jennie M. Wallace, 82, died Tuesday morning, Nov. 13, in a Ballinger hospital of a heart attack.
Mrs. Wallace resided in the home of her son, W. O. Wallace, district superintendent of the West Texas Utilities Co., in Ballinger. She formerly resided in Carlsbad, N.M.
Funeral services were held on Thursday morning at 10 o'clock at the Newby-Davis Chapel, with Rev. Conway T. Wharton, pastor of the First Presbyterian Church, officiating. Burial was in the Evergreen cemetery in Ballinger.
Survivors include the son and one daughter, Mrs. Fern Walker of Norwalk, Calif.; one sister, Mrs. W. W. Galton of Carlsbad; ten grandchildren and several great grandchildren. Mrs. E. R. Sullivan of McCamey is a grandchild.
Mr. and Mrs. Sullivan and children attended the funeral services.

Two Conference Tilts Highlight Humble's Broadcast This Week

Saturday the Humble Oil and Refining Co. will broadcast to football fans in the SW two Conference games expected to be crammed with excitement from beginning to end. The Rice Owls invade Fort Worth to meet the TCU Horned Frogs in a crucial tilt, while the Baylor Bears, with only one Conference defeat on the record, take on the SMU Mustangs in Waco.
Humble announcers Kern Tips and Alec Chesser will be at Fort Worth to describe the TCU-Rice contest direct from the TCU stadium. Broadcast time is 1:50 p. m. and the game will be carried by stations WFAA-WBAP-820, Dallas-Ft. Worth; WOAI, San Antonio; KGKL, San Angelo.
Also at 1:50 p. m. Charlie Jordan and John Ferguson will go on the air from Baylor Stadium to broadcast the action between Baylor and SMU over stations KPET, Lamesa; KRIG, Odessa; KVKM, Monahan; KIUN, Pecos.

The PB42 Navy patrol aircraft is the type used by the Navy in hurricane-typhoon reconnaissance in the Atlantic and Pacific Coast areas.

NOTICE TO BIDDERS

The Commissioners Court of Upton County, Texas, will receive sealed bids until 10:00 o'clock A. M., Monday, December 10, 1951, at which time bids will be publicly opened and read, at the Court-house, Rankin, Texas, for the purchase of:
One new Air compressor, 105 CFM, on two pneumatic tires, 650x16, double stage, air cooled with gasoline motor, magneto, starter, and generator, hood side tool boxes.
The Commissioners Court reserves the right to accept or reject any or all bids.
J. A. MOORE,
County Auditor of Upton County, Texas.
ATTEST:
(LS) Ralph H. Daugherty,
County Clerk,
Upton County, Texas.
By Sara Lee Vardy, Deputy.

NOTICE!

Notice is hereby given that I, George Stephenson, intend to apply to the Texas Liquor Control Board at its office in the City of Austin, Texas, for a package store permit under the provisions of the Texas Liquor Control Act. The store will be located approximately 275 feet south of the north line of section 24, certificate 982, HE&WT Railway Company Survey and 50 feet west of State Highway No. 349, approximately one-half mile north of the City Limits of Rankin, Upton County, Texas, on the West side of Highway No. 349 facing East. George Stephenson, owner. The business will be operated under the name of Hilltop Package Store, address: Box 111, Rankin, Upton County, Texas.

Additional Features
Patient: What are the chances of my recovery, doctor?
Doctor: One hundred percent. Medical records show that nine out of every 10 die of the disease you have contracted. Yours is the tenth case I've treated. The others all died.
Success is making hay from the grass that grows under other people's feet.
