relatives in Austin recently.

Funeral services were held from the First Baptist Church in Rankin at 2:30 o'clock Saturday afternoon, Dec. 29, for Mrs. J. D. Christy, who passed away in El Paso at 8:30 o'clock Friday morning after a few hours' illness. Death was due to a heart attack. Mr. and Mrs. Christy with two of her brothers were visiting her sister in El Paso when she was stricken. News of her death came as a great shock to a host of friends in Rankin.

Mrs. Christy was born in Ladonia, Texas, in 1890. She graduated from the Sherwood high school, from Baylor University and from the Chicago Conservatory of Music. She was married to John D. Christy in 1929 and came to Rankin that year to make her home. Mrs. Christy taught music for 15 years after moving to Rankin, retiring from teaching in 1945.

Survivors include the husband of Rankin; one sister, Mrs. Grace Roberts of El Paso, and four brothers, Walker St. Clair of Ladonia, Grady St. Clair of Corpus, Jim St. AUSTIN. — John C. White of Clair of Old Mexico, and Norman

OH, CHUCK IT!

The following editorial is reprinted from the Wall Street

"At our house the other evening, we had frankfurters for dinner. It was interesting how it came about.

"At breakfast there was some mention of a chuck roast. That reminded us that The Butcher Workman, official publication of the A. F. of L. Butcher's Union, defines the chuck simply as that part of a beef carcass 'lying between the neck and shoulder blades down to the fifth rib of the forequarter. but that this definition did not satisfy the OPS. The OPS thinks housewives ought to have a better definition so they can check on what the butcher gives them.

"So the price agency hauled off and wrote its own guid-

'Regular chuck means the portion of the cross cut chuck remaining after the severance of the foreshank and brisket from the cross cut chuck, and containing most of the blade bone (scapula), part of the (humerus) arm bone, part of the five ribs, (1st to 5th inclusive), that section of the backbone attached to the ribs and the neckbone (cervical vertibrae from 1 to 7 inches inclusive), which portion shall be obtained by a cut through the cross cut chuck made in a straight line perpendicular to the contour of the outside or skin surface of the cross cut chuck (thereby separating the brisket and foreshank from the cross cut chuck) starting at a fixed point on the inside of the fifth rib determined by measuring off ten (10) inches along the 5th rib in a straight line from the center of the protruding edge of the 5th thoracic vertebra, continuing in breast bone (forward end of 1st segment of sternum), and S. L. Stewart Services Union Fails To Win the same straight line to the tip of the forward end of the passing through the (humerus) arm bone in the same straight line to complete the cut.

We suggested that our dutiful meat shopper take this up with the butcher (A.F.L.) and be sure we got regular chuck by going armed with a ruler to measure ten (10) inches to the 5th rib and a T-square to be sure that the cut was made perpendicular to the contour of the outside of the skin surface of the cross cut chuck so that we would have all of the scapula and part of the humerus without any brisket mixed up with the cervical vertebrae.

"We were lucky the butcher sold us the frankfurters."-Wall Street Journal

If your food , had stayed as low in price as electricity for the past 10 years you'd get this much

for what you now pay

for this much

It's startling when you think of it! The average family served by the West Texas Utilities Company pays less per kilowatt-hour of electricity today than it did ten years ago!

Living costs have gone 'way up. The cost of materials, fuel, manpower and everything else needed to provide your electric service has gone way up, too. But your rates have stayed low. Your electric service is still the biggest bargain in the family budget!

West Texas Utilities

McCamey Garden Club Has First Meeting In New Year Wednesday

The McCamey Garden Club held its first meeting of the new year 1952 on Wednesday, Jan. 2, at the McCamey Park Building.

The business meeting was presided over by the president, Mrs. O. R. Sharp.

An article, "Fertilizers, what they are and how to use them," FOR RENT-Office space in Yates prepared by Mr. Ben F. Baron of the Odessa Nursery was presented by Mrs. Wm. Wolf.

March Of Dimes Head For Theatres Named

AUSTIN.-Mark Cole of Rosenberg, general manager of the Cole Theatres, Inc., has been appointed Texas Theatre Chairman for the 1952 March of Dimes, Lloyd Gregory of Houston, state campaign director, announced here today.

A former president of the Ros enberg Community Chest and the Chamber of Commerce, Cole has been very active in community affairs, including the annual March of Dimes. As chairman for the state's theatres, Cole will coordinate show activities, including distribution of the March of Dimes film trailer, and will marshal support for the January polio drive among Texas show men.

"Theatre men of Texas have greatly aided in publicity and in collections during the March of Dimes each year," Cole declared. "Many managers have given their leadership to this important drive, which will be conducted from Jan.

The upward surge of polio incidence during the last four years has far outdistanced funds available for patient care, research, and professional education. Year after year. March of Dimes contributions have moved steadily ahead, but the March of Polio has continued to out-pace the March of Dimes. This year, the theatre men of Texas are looking forward to intensifying their cooperation with the National Foundation for Infantile Paralysis county chapters to see that sufficient funds are raised."

Cole was born in West, Texas, attended Baylor University, and is a member of the Lions, Variety, and Baylor University Clubs.

Major Andre, the British officerspy who negotiated with Benedict Arnold for the surrender of West Point to the British, was hanged

President Woodrow Wilson was the football coach at Princeton in

President Hoover was the first President of the US to be elected from a state west of the Mississippi

Plymouth's Cranbrook Four-Door Sedan for '52

Here's the new Plymouth for 1952, a more beautiful, smoother operating, easier riding, safer car which features 46 important improvements. There is new beauty in the car's road-hugging, sweeping appearance, and color harmony perfection in the new interiors, which are Tone-Tailored with quality fabrics. The luxurious interiors blend beautifully with the exterior colors. The car has all the features for comfort, economy, safety and durability which have become traditional with Plymouth. Shown above is the new four-door Cranbrook sedan.

Game Was Short This Year, But Outlook Good

AUSTIN. - Those Texas sports men discouraged by the 1951 hunting seasons were consoled by the Executive Secretary of the Game

He said that while "the luck of many hunters was very bad because of a game shortage, conditions are not so dark that they cannot be improved by two or three good years

The ravages of the drought have been particularly severe for the deer and turkey," said the Executive Secretary. He pointed out that the deer toil from the dought winter deaths from starvation.
