Rankin Basketball To Open With Big Lake

Basketball practice opened Tuesday afternoon for 24 Rankin High School Red Devils. The team has been going through some snappy drills in preparation for their opening tilt with the Big Lake Owls in Big Lake Tuesday night, Nov. 25. There will be two games, the first being the "B" game starting at 7 o'clock, and the "A" game will follow soon afterwards.

Big Lake has been King of the West Texas Hardwoods for the last two seasons. Coaches Scrivner and Cook will have eight men returning from last year's squad. They are Jimmy Yocham, Joe Garner Loftin, Norman Yocham, Rell Gamblin, Bobby Goodwin, Virgil Trower, Bob Trower, and John Schlagal. Three first string men who are missing from this year's lineup are George Broyles, De Ann Gamblin and Bruce McCain. Broyles and Gamblin were all-district men.

The Red Devils' schedule is possibly the toughest in Rankin history. Outside of conference games, all the teams on the schedule are class A or AA schools. Rankin is class B.

Plymouth's New Look for 1953

The distinctive grille of the 1953 Plymouth keynotes the new styling which carries through from bumper to bumper. The new models feature horizontal character lines that accentuate the ground hugging grace of the new streamlined styling. The softly rounded hood, sweeping out to the fenders, covers Plymouth's improved 100-horsepower engine with its 7.1 to 1 compression ratio. Note also the one-piece windshield with uniform curvature for minimum distortion and "Control Tower" visibility. It is available also in restful, heat-absorbing Solex tinted glass.

1953 Plymouth on Display at Hogan Motor Company

The 1953 Plymouth will be presented to the public throughout the U. S. on Thursday, Nov. 20, Ted Hogan of the Hogan Motor Co. of Rankin announced today.

"Advanced engineering and styling make the new Plymouth more than ever before the outstanding car of the low-priced field," Mr. Hogan said.

The 1953 Plymouth models will be on display at the Hogan Motor Co. in Rankin.

The 1953 Plymouth is the most completely new Plymouth to be presented to the public in the quarter-century since the original model rolled off the assembly line.

"This year's Plymouth is introducing a new concept of automobile design in the low priced field," Pres. J. P. Mansfield declared in describing the 1953 models. "Superb styling is co-ordinated with radical engineering developments to produce the truly balanced for easier, safer and more comfortable driving."

The lively and dependable Plymouth engine has been given even greater power. For 1953 the h.p. has been increased to 100 and the compression ratio stepped up to 7.1 to 1.

Easier riding, two-inch wide angle mounted rear springs absorb small road shocks and in combination with time tested Orloff shock absorbers complete the car's truly balanced suspension system.

There is sweep and grace in the styling of the new bodies. The

1953 Plymouth is lower and completely streamlined.

Horizontal character lines are incorporated into the sheet metal of front and rear fenders. Chrome trim strips are available as special equipment at slight extra cost.

"Control Tower" visibility is provided through a one-piece, more uniformly-curved windshield and a new, longer one-piece rear window which extends into each rear quarter panel.

Interior styling of the 1953 Plymouth is entirely new. Box type seat trim gives both front and rear backs a smart appearance. Cushions are divided in thirds.

Upholstery, interior molding and trim are available in a wide variety of harmonizing hues to blend with the buyer's choice of exterior body colors.

A clever innovation on all two-door models is the front seat which is divided, not in the traditional manner at the center, but at one-third of its width to permit easier entrance and exit for rear seat passengers from the curb side.

Beauty and utility combine in the instrument grouping which occupies a long, horizontal island set into the instrument panel itself. A thoughtful touch is the center-mounted glove compartment, convenient to both driver and passenger. Pleasing and restful color coordination is achieved with blending tones in the instrument panel and steering wheel, designed to harmonize with the over-all color theme.

Junction To Be Bi-District Playoff Site

BIG LAKE—A flip of a coin here Monday decided the bi-district playoff game between the Wink Wildcats and the Junction Eagles would be played in Junction on Thanksgiving Day.

Wink, District 5-A champions, naturally tried to get the game site closer to Wink, but Junction officials wanted too much in the way of guarantee to make the trip to Wink, or even some neutral field, so a flip of a coin had to decide the site of the contest, and Junction won.

Junction is undefeated champion of Dist. 6-A.

Rankin Red Devils End Season 56-18 Victory Over Pecos B

The Rankin Red Devils ended their 1952 football season on last Thursday night with a one-sided victory over the Pecos B team. The local lads were in control of the game all of the way. With backs Eddie Rumble, Jimmy Yocham, Norman Yocham, Bobby Goodwin, Don Murphy and Joe Ellis alternating in the ball-carrying department, the Devils built up a whooping 36-6 half-time lead. Coach Scrivner let his next year's team play most of the last half. They showed great promise of developing into a good club.

Norman Yocham, one of Rankin's injured backs, saw limited service in the Fabens and Pecos games and scored two tds. Rankin showed its fans how badly they had been hurt back in mid-season when their bench was lined with injured players. Most of the Rankin people believed without a doubt that this year's Devil team would still be undefeated if it had not suffered so many injuries in early and mid-season.

This was Rankin's first year in 11-man football. They won two regional championships in a row before this season. The Rankin team had won 23 consecutive football games when they were defeated 7-6 by the Sanderson Eagles.

Rankin will lose 11 senior boys off this squad. It looks like a rebuilding job will start next season.

The Rankin team set the pace in Dist. 6B season play with seven wins, two losses and a tie, followed closely by Sanderson with seven wins and three losses. Rankin won second place in the final standing in the district. The District 6B team standings are:

Team	SEASON		
	Won	Lost	Tied
Rankin	7	2	1
Sanderson	7	3	0
Fabens	5	3	1
Ft. Hancock	4	4	0

Golden Cranes Battle Panthers To 20-20 Tie

CRANE.—It was homecoming at Crane Friday night, and the Golden Cranes treated the fans to one of the most exciting grid battles of the season, battling the Ft. Stockton Panthers to a 20-20 tie.

After a scoreless first quarter, the Golden Cranes hit pay dirt first in the second period when qb. Blackie Russell hit Ted Fields with a ten yard pass. The extra point attempt by Blackie was no good and it was 6-0 at the half.

In the third period Ft. Stockton roared back to tie the count at 6-6 when Doug Huckaby rammed over from the one-yard line.

Later in the same period Crane again took the lead when Russell romped 7 yds. to pay dirt. This time Blackie kicked the extra point to give the host team a 13-6 margin, but not for long.

Geo. Gonzales ripped 32 yds. to

the double stripe for Ft. Stockton after the Panthers had taken the kickoff. A pass from Huckaby to Jimmy Sullivan was good for extra point and the game was tied again, 13-13.

Early in the fourth period, Huckaby again took to the air, this time hitting Gonzales with a toss good for 6 points. The play covered 29 yds. Lge Graham kicked the extra point for the Panthers and it was 20-13 for the visitors.

With only 24 seconds remaining in the game, Crane again tallied with Russell doing the honors from the one. Blackie also kicked the extra point and it was a tie game at 20-20.

It was the final contest of the season for both clubs and it was also the last 5-A game for a while as they will be members of Dist. 8-AA next year.

Great Britain and China took part in the Opium War from 1840 to 1842.

Wink Smashes Iraan 68-0, For Championship

WINK.—The Wink Wildcats are looking around for new worlds to conquer today after sacking up their second Dist. 5-A championship here Friday night.

It was a perfect Wink machine that scattered the remnants of unhappy Iraan all over Winkler County Friday. Displaying all the generosity of a lawnmower in a dandelion patch, the Wildcats rambled up and down the field at will compiling a stunning 68-0 triumph.

The margin over a good Iraan eleven wrote a new chapter in the fantastic football history that is Wink's. Entering the contest a two or three touchdown favorite, the Wildcats turned the game into a farce the first half.

Wink scored three times in the first period and added five more in the second for a 54-0 intermission margin. Coach Frazier juggled his lineup in the second half in an attempt to hold the score down, but still the eager Cats picked up two more tallies.

Wink's offense, paced by fireball Villarreal, Kenneth Vinson, Jimmy White, Tommy DeWitt and Bill Hurley, was tremendous. But no more so than the defense.

Iraan managed to cross midfield for the first time midway in the third quarter and never once threatened.

The scoring went like this:

First quarter: 1. Wink marched 77 yds. in four plays after the opening kickoff. White raced 27 to the 50, two line tries failed. Then Vinson lofted to Jerry Kile on Iraan 25, but Gary Monroe batted it into the air to Barna Richards. Richards scored by himself.

2. Monroe fumbled two plays later and Billy Bishop recovered for Wink on the Iraan 40. White, Villarreal and DeWitt moved to the 7 before Villarreal scored around left end behind a fine block by DeWitt.

3. Vinson raced a punt return 30 yds. to the Iraan 38. Villarreal got 11 and White went 18. For the second time a penalty muffed a White td and Vinson passed behind the end zone to Kile before hitting Hurley without a defender with 15 yds. of the receiver.

Second quarter: A 42 yd. march. White went 10, Vinson 13 and Villarreal slashed up the middle for the final 19, shaking off tacklers like horseflies on Man O' War.

5. Thirty-six yds. Hurley got 11. Vinson passed to Kyle for the tally.

6. Thos. Rainey blocked Lloyd Hale's punt on the Braves' 13 and Bobby Crawford recovered in the end zone for Wink.

7. Wink went 74 yds. in two plays. Hurley ripped 24 and Villarreal streaked around left end for 50.

8. Vinson to Hurley for 36 yds. with Hurley running the last 25. Iraan got its first down a minute earlier.

Third quarter: 9. Offsetting penalties nullified a 23 yd. payoff scamper by Chas. Manning before Ralph Turner tossed 12 yds. to Hurley once again.

Fourth quarter: 10. Vinson passed 21 yds. to Turner after final gun had sounded.

Marfa Topples Alpine 20-7 In Final Game

ALPINE.—The Marfa Shorthorns continued to hold a jinx over the Alpine Bucks, stomping the favorites here Friday 20-7.

Once again it was Sammy Jimenez along with Larry Pippen and Glenn Reyes who supplied the punch for the winning Shorthorn team.

Marfa took the opening kickoff and marched 60 yds. to pay dirt. Geo. Dutchover handled a great share of the offensive load which moved the ball to the 12 from where Pippen counted the first td of the game. Larry also kicked the extra point to make it a 7-0 ball game.

The two teams battled on equal terms the rest of the half, with neither team seriously threatening to score and the half ended, 7-0 for the Shorthorns.

The third canto was also played around midfield but in the final frame both clubs got into the scoring act.

Marfa had the oval on its own 38 when Jimenez and Dutchover took over the ball-carrying duties along with Pippen and Reyes. With the ball on the 10 Pippen bulled over for the td. This time, however, he missed the extra point try and it was 13-0. A short time later Marfa held the Bucks for downs and took a punt on its own 40. From there the team moved the ball down field and a 15 yd. penalty against Alpine had the ball on the 15 and from there Reyes hit the double stripe, Pippen added the point and it was 20-0.

Alpine bounced back and went up the field for a td. The payoff saw Dickie Allen hit Cowboy Robinson with a pass good for 60 yds. Geo. Davis rammed over for the extra point and the final score was 20-7.

It was the final Dist. 5-A game for both teams this season and next year the two clubs will be members of Dist. 8-AA.

Old-Age And Survivors Insurance Is Basic Retirement Insurance

Old-age and survivors insurance is the basic retirement and family income protection for 8 out of every 10 paid civilian workers, it was announced today by Jack Calvert, manager of the Odessa social security office.

A recent survey conducted nationwide revealed that among all those families now receiving old age insurance benefits, 30 per cent had no other money income, or less than \$75 per year per person. The survey showed that 72 per cent per year of the retired workers on the rolls had other money income of less than \$600 per year. This points out the great extent to which retired workers of today are dependent upon Federal family insurance protection provided by the social security system, Calvert said.

Younger workers are more immediately interested in the death benefit protection provided by this law, Calvert said. Over 62.3 million workers are now fully insured under this system. This means that in the event of the untimely death of these workers or self-employed persons, their surviving children, widow, dependent widowers, or in some cases dependent parents would receive cash income. Most persons in this area have this survivors insurance protection due to their fully insured status under this law.

Calvert added that social security benefits are assuming a greater importance in the future planning of all covered workers and self-employed people, as borne out by the national survey of persons receiving the benefit payments. Therefore, it is of the utmost importance that these individuals protect their insured status by always using but one social security number. Also, make sure that each and every employer has an accurate record of the name and number shown on your social security card so that all earnings reported for you will be credited to your individual old-age and survivors insurance account.

Humble Oil To Air Southwestern Games

With only two Southwest Conference games scheduled for the weekend, Texas football fans' attention will be divided between the TCU-Rice contest at Fort Worth and the SMU-Baylor meet at Dallas. Humble Oil and Refining Co. will broadcast both events on its networks of almost 50 stations.

Air time for both games is 1:50 p. m.

Announcers Kern Tips and Alec Chesser will describe the play of the TCU-Rice game direct from the TCU stadium in Fort Worth over stations KTRH, Houston; KRID, Dallas; KABC, San Antonio; KRBC, Dallas; KGKL, San Angelo.

Action in the SMU-Baylor event at the Cotton Bowl in Dallas will be reported by Charite Jordan and John Ferguson to a hookup of stations KWTX, Waco; WFAA-WBAP, Dallas-Ft. Worth; KPRC, Houston; WOAI, San Antonio.

India and Afghanistan are connected by the Khyber Pass.

If You Have A Cold, Stay Away From People

AUSTIN.—Studies show that most people have two or more colds a year, each lasting about two weeks and causing a considerable amount of stuffy discomfort, said Dr. Geo. W. Cox, State Health Officer.

The danger of the common cold lies mainly in the other infections that may follow after it. A cold lessens resistance, and is likely to pave the way for other more serious respiratory ailments.

Sinusitis, ear infections, bronchitis, and the various forms of pneumonia are frequently ushered in by a cold. Pneumonia, particularly, is likely to attack a person who is overtired, or run-down, because of a severe cold.

Fortunately, many of the respiratory diseases are not as dangerous as they used to be. Modern infection-fighting drugs, such as penicillin and the sulfa drugs, offer highly effective treatment for many cases. But, of course, it is always better to prevent a serious illness whenever possible.

If you have a cold, it's just good sense to stay away from people, to avoid spreading the infection; and to get plenty of rest—in bed if possible.

The Navy procured 30,000 pounds of rabbit in 1950 and over 400,000 pounds in the first half of 1952. The tasty-frying type rabbits now being selected for the Navy have a higher percentage of protein and lower percentage of fat than any poultry or meat.

The Navy is converting a 7,000-ton former maritime vessel to a floating power plant, with a capacity of 34,500 kilowatts, capable of providing 75 per cent of power needs for the largest naval shipyard in event of emergency.

Since the beginning of the Korean conflict, the Navy has awarded \$3.6 billion in prime contracts to small business.

Monies appropriated for operation of Navy including personnel pay since 1793 total approximately \$140 billion.

The Navy has an allocation of 1963 trailers. It also has 26 trailer parks with a capacity of about 731 units.

HUNTERS WARNED TO BE 'CAREFUL'

AUSTIN.—The Chief Clerk of the Game and Fish Commission appealed for hunters' cooperation in the grim statistical routine of adding up casualties.

"And the best cooperation," he said, "naturally can come in helping keep down the number of the hunters who get shot."

He made his appeal as preparations were being made for the big game season under the general law which opens Nov. 16.

At least five Texas hunters have died from accidents in the field this fall. Four died from gunfire and one drowning while trying to retrieve a duck.

A Hillsboro man, a Porter Springs youth, and a Houston youth were killed in handling their own guns. Mistaken for a deer, a Livingston man was killed by his own father who is partially blind. The drowning man was from El Paso. He was hunting alone when he vainly tried to retrieve a duck.

The Clerk said the big game season provides even greater hazards than the waterfowl and small game seasons. The reason, he explained, is that deer rifles are more powerful and shoot farther.

He listed some pointers covering the more common hunting hazards: Don't pull the trigger until certain of the target. Each year several hunters are mistaken for game and shot.

Don't shoot a gun without first ascertaining that the barrel is clear of obstructions.

Don't drag a loaded gun muzzle toward yourself in moving it under or through a fence or from a car.

HUNTING BOAT RULE CHANGED

AUSTIN.—The Executive Secretary of the Game and Fish Commission called Texas hunters' attention to a 1952 change in the waterfowl regulations affecting power boats.

He said gunners may now use a boat with an inboard motor or boats with an outboard motor providing the boats are tied or secured to a permanent blind.

The law covering this phase previously forbade use of inboard motor boats altogether and stipulated that boats using outboard motors had to have the motor immobilized and placed in the bottom of the craft when it was kept in a duck blind.

The secretary said the liberalizing regulation is expected to accommodate many hunters in the coastal area where power boats are commonly used.

He cautioned hunters that use of motor boats to disturb or chase waterfowl is unlawful, although motors may be used to retrieve dead or crippled ducks or geese.

He said the regulation governing baiting waterfowl has been tightened in that shooting over baited areas is forbidden altogether.

From where I sit... by Joe Marsh

Going . . . Going . . .
Almost Gone

Granny Robinson put on quite a show the other night at the annual White Elephant auction held at the Women's Club.

Towards the end of the evening, she had the ladies battling for anything she put up. "What am I bid for this woman's lovely black coat here—good as new? Who'll say ten dollars?" she asked.

Granny held the coat up, and commenced describing the coat's lining, sleeves, buttons—really "selling hard." Then, suddenly, she took a close look and blurted out "Land sakes, no more bidding please—this is my own coat!"

From where I sit, what almost happened to Granny was good for a laugh, but sometimes when people "get carried away" with their own talk it's not so funny. I prefer a glass of temperate beer while listening to my favorite radio program—you may like soda pop—or cider. I suggest we hold on to our personal opinions—and believe in them—but take a good close look at them before we try to "sell" them to our neighbor!
