**W.S.C.S. Sponsors Book Review January 28**

The W.S.C.S. of the Methodist Church presented Mrs. Max Lewis in a book review of "Cry the Beloved Country" on Wednesday, January 28.

Mrs. Ross Wheeler, president, welcomed the guests.

Following the review, refreshments of coffee and cake were served to Meses. Bruce McGill, Hamp Carter, R. H. Johnson, D. S.

Anderson, Chris Bieri, Don Cochran, Walton Herral, Goodwin, Lewis, Ross Wheeler and Miss Mattie McDonald.

Guests from Iraan included Mrs. W. C. Williams, Mrs. S. C. Rhinehart, Mrs. P. B. Scott, Mrs. John Anglade, Mrs. H. F. Blackburn, Mrs. L. A. Speckles, Mrs. W. F. Hutchinson, Jr., Mrs. C. D. Hamilton and Mrs. Fannie Deckeman of Ft. Summers, New Mexico.

Omar Warren was a business visitor in Midland Tuesday.

**Polio Vaccine Still In Experimental Stage**

Austin, Tex., Feb. 4.—Reports of a vaccine capable of preventing polio and the use of gamma globulin for minimizing the effects of the disease are heralded as major achievements in the research against this greatcrippler and killer of children. Dr. Cox warns that both are still in the experimental stage. While they hold great promise much study will yet have to be done before being available to the general public.

In the meantime, Dr. Cox advises that everyone observe the known rules of sanitation. These practices have proven their value not alone in the prevention of polio, but of other diseases such as typhoid fever, dysentery, and malaria. Even when a definite preventive of polio is available to the public they should not discontinue their efforts toward maintaining sanitary surroundings.

Sanitation efforts should be carried out every month and every day in the year. Household-ers, business houses and industry are responsible for keeping their property in a sanitary condition. Cities must furnish an uncontaminated water supply, maintain an efficient sewage disposal system and proper garbage collection and disposal.

Dr. Cox placed the responsibility on the individual when he said, "Insanitary places do not make the person but the person makes the place. If you have been lax in maintaining cleanliness of your surroundings during the past few months, now is a good time to start an intensive clean up. Texans can help prevent disease and assure themselves of better health by maintaining a high standard of sanitation."

**THE STATE OF TEXAS**

TO: H. L. Smith and his heirs and/or legal representatives if he be deceased; to Ruth Bennett, and her heirs and/or legal representatives if she be deceased; to D. W. Hargrove, and his heirs and/or legal representatives if he be deceased; and to Phil Benjamin, and his heirs and/or legal representatives if he be deceased, GREETING:

You are commanded to appear by filing a written answer to the plaintiff's petition at or before 10 o'clock A. M. of the first Monday after the expiration of 42 days from the date of issuance of this Citation, the same being Monday the 23rd day of February, A. D. 1953, at or before 10 o'clock A. M., before the Honorable 83rd District Court of Upton County, at the Court House in Rankin, Texas.

Said plaintiff's petition was filed on the 2nd day of January, 1953. The file number of said suit being No. 1140.

The names of the parties in said suit are: John T. Gibbs as Plaintiff, and H. L. Smith, Ruth Bennett, D. W. Hargrove, Phil Benjamin, and their heirs and/or legal representatives if any of them be deceased, and Lucy K. B. Grimes, Adele S. B. Smith, Laura B. Negley, the latter three individually and as independent executrices of the estate of Adele S. Burleson, deceased; and Mary J. Coleman, Laura J. Smith and Glover S. Johns as Defendants. The nature of said suit being substantially as follows, to-wit:

Suit for personal judgment and to foreclose improvement lien against each of the hereinafter described tracts under and by virtue of assessments made for street improvements fronting said property, said assessments being made by the City of McCamey pursuant to the laws applicable thereto and evidenced by "Special Assessment Certificates" issued by said City of McCamey. Said assessments were made against each of said several tracts and against the true owners thereof whether named or not, and whether correctly named or not. Plaintiff sues as legal owner and assignee of said "Special Assessment Certificates."

1. As against Phil Benjamin and his heirs and/or legal representatives if he be deceased, an assessment in the sum of \$49.00 duly levied and assessed against Lots Nos. One and Two of Block 37 of the Original Town Addition of the City of McCamey, Upton County, Texas, with interest thereon at six per cent. per annum from July 20th, 1950; and an additional sum of \$37.50 as attorney's fees for collection of said assessments, and all costs.

2. As against Ruth Bennett, her heirs and/or legal representatives if she be deceased, an assessment in the sum of \$24.50 duly levied and assessed against Lot Seven in Block 37 of the Original Town Addition of the City of McCamey, Upton County, Texas, with interest thereon at six per cent. per annum from July 20th, 1950; and an additional sum of \$37.50 as attorney's fees for collection of said assessment, and all costs.

3. As against H. L. Smith, his heirs and/or legal representatives if he be deceased, an assessment in the sum of \$68.00 duly levied and assessed against Lots Nos. Twenty-three and twenty-four in Block 89 of the Original Town Addition of the City of McCamey, Upton County, Texas, with interest thereon at six per cent. per annum from June 26th, 1950; and an additional sum of \$37.50 as attorney's fees for collection of said assessment, and all costs.

As against D. W. Hargrove, his heirs and/or legal representatives if he be deceased, an assessment in the sum of \$24.50 duly levied and assessed against Lot No. Three in Block 37 of the Original Town Addition of the City of McCamey, Upton County, Texas, with interest thereon at six per cent. per annum from July 20, 1950; and an additional sum of \$37.50 as attorney's fees for collection of said assessment, and all costs.

If this Citation is not served within 90 days after the date of its issuance, it shall be returned unserved.

Issued this 9th day of January, A. D. 1953.

Given under my hand and seal of said Court, at office in Rankin, Texas, this 9th day of January, A. D. 1953.

NANCY K. DAUGHERTY  
Clerk, 83rd District Court  
Upton County, Texas.

**FREE ESTIMATES**

**Eat a Good, Good Breakfast**

Head off hidden hunger caused by being a breakfast skipper or a breakfast hurrier. Get a good start each day by eating an adequate breakfast and end mid-morning doldrums.

Here is a breakfast menu that will make those hurriers and skippers take time to stop, look, and eat . . . chilled, plump apricots . . . ready-to-eat cereal with milk . . . tender, scrambled eggs with chopped bacon . . . milk or coffee . . . and hot butterscotch pecan rolls.

This taste-enticing breakfast is simple and easy to prepare. Everything can be turned out in a matter of minutes . . . even the hot butterscotch pecan rolls. To save time, get the rolls ready for the oven the evening before by spreading a loaf pan with a mixture of melted butter or margarine, brown sugar and chopped pecans. Place Brown 'n Serve rolls upside down in the butterscotch mixture and keep in a cool place over night. First thing in the morning, preheat the oven to 400° F. and then bake the rolls for fifteen minutes while you prepare the rest of the breakfast meal.

**Butterscotch Pecan Rolls**  
3 tablespoons melted butter or margarine  
1/2 cup brown sugar  
Combine butter, brown sugar and pecans. Spread over bottom of 1 quart loaf pan. Place rolls with tops down over sugar mixture. Bake in a moderate oven (400° F.) for fifteen minutes. Serve immediately. Yield: 8 Butterscotch Pecan Rolls.

Sale every Thursday begins at noon!

EAST HIGHWAY 60 - MIDLAND, TEXAS

**The biggest in town!**

Five cents worth of electric service . . . it's the biggest nickel in town . . . and it buys lots of service . . . comfort and entertainment. For example, here's what 5¢ worth of electric service can do for your family:

- A penny's worth makes toast for all your family for three meals . . .
- Another penny swishes clean three tubs of laundry
- A cent's worth of electric service vacuums six large rugs . . .
- Then there is enough left out of the nickel to furnish refrigeration for the family's food for hours

- AND
- Bring you and your family an evening's radio or recorded entertainment!

Where else could the average family get so much value for one small nickel . . . a nickel that's now worth only 52% of its 1939 value, but a nickel that buys 17% more electric service than it did 14 years ago?

Let your local electrical appliance dealer show you how easy it is to put electric servants to work for you.

# Highlights and Sidelights FROM Your State CAPITOL

husband is legally permitted to present when his wife is signing a legal document. The law says that women who take an income her. But women who take an income theory! Anyhow it's the law. But womenn who take an income in legislative matters are trying to bring bout its repeal. This is one of the dozen proposals that attract the interest of women, who have come a long way in establishing themselves around the capital in the last 30 years.

Take it from Mrs. Jane Y. McCollum, who was secretary of state from 1927 to 1933—things were a lot different 30 years ago. Then the women were trying to get the right to vote, but the "suffragettes" were subject to more ridicule than serious consideration from the male lawmakers. The women were determined, however, and in 1918 Texas became the first Southern State to grant primary suffrage to women.

The difference today is like that between the daguerrotype and television. Today there are more women than men around the legislative halls. There are some 200 of them who attend to the members' typing, filing and other secretarial chores. Not only that, but there are also four feminine lawmakers.

Senator Neveille H. Colson of Nevada is the first Texas woman to have served in both House and Senate. She was first elected to the House in 1939, served five terms, and was promoted in 1949 to the Senate where she still serves. Two women are serving their second terms in the House. They are Mrs. Dorothy Gillis Gurley of Del Rio and Miss Virginia Duff of Fort Worth.

Miss Duff is thought to be the smallest person ever to serve in the legislature. She is just under five feet tall and weighs 91 pounds. During last summer's campaign, her weight went down to 86. Miss Duff says she is "Little but Loud."

Freshman member of the House is Miss Anita Blair of El Paso, who lost her sight in an automobile accident in 1936. Miss Blair has been informed by the American Foundation for the Blind that she is the first blind woman ever to be elected public office.

Pawn, a 14-year-old-seeing-eye dog, accompanies Miss Blair around the capital.

The legislature's present four women members were antedated by Miss Margie E. Neal of Carthage, who was Texas' first woman senator. She was elected in 1927 and served until 1935.

Miss Edith Wilman of Dallas, Texas, first Texas woman legislator. She was elected to the House and served in the 38th Legislature.

One of the measures in which women are interested at this session is that which would permit women to serve on juries. A resolution for this purpose has the support of Representative Horace B. Houston Jr. of Dallas, Lamar Zively of Temple.

If passed would require a vote of the people on a constitutional amendment.

It would permit women to sell separate property without the consent of their husbands, if the property had been acquired by her before marriage or was acquired by her through inheritance. Women have sought this privilege.

Another measure would abolish the separate acknowledgment requirement for wives. This is the one that chases the husbands out of the room while they are signing a legal document.

Representative D. H. Buchanan of Dallas is a supporter of this measure. It would extend homestead tax exemption to single persons. Many women as well as men support it and should have the extension the same as married couples adherents of this proposition.

Keep the motor vehicle law. Officials of the Texas Congress of Parents and Teachers are behind this proposition. An exchange might be required if managers agreed, to

make the law workable. But the F-TA group thought the law ought to be retained.

6. Increase the basic teaching salary to \$3,000 per year and give raises to principals and supervisors. This is another goal of the P-TA.

Approved by a house committee was a proposed constitutional amendment that would increase the salaries of legislators from \$10 to \$25 per day during the first 120 days of the session.

Members would get \$5 per day after the first 120 days, the same as at present.

Proposed constitutional changes were introduced in both houses that would lift the present \$35 million ceiling on welfare spending.

If passed by both houses and approved by the voters, this measure would permit greater payments to the aged, needy blind and dependent children.

The Texas Prison Board assures the legislature that disaster may result unless \$3.5 million are spent for a new building at Eastham farm.

"The present farm facilities are 'intolerable and indecent,'" the board's report said, and 1,200 prisoners could easily break out of the Brazos County and cover the state in 24 hours.

Eventually, the state prison system is expected to become self-supporting.

The governing board reported that the average daily cost of keeping prisoners has decreased from 99 cents to 49 cents in the past five years.

Bronson Morgan of Jasper, a member of the board said the system will maintain itself as soon as the farm and industrial programs reach maturity.

The state pays out a lot of money every month to rent office space in private buildings around the capital.

Representative Bill Daniel of Liberty wants the state to put up its own office buildings on land near the capitol, now owned by the state.

If authorized by the legislature, the state would issue \$6 million in bonds to construct the buildings.

**'Texas Futurity' Race To Be Staged In Del Rio**

Austin, Texas, Feb. 4—The "Texas Futurity" will be held at Del Rio this year according to an announcement by J. R. Dillard, Big Spring, president of the Texas Horse Breeders Association which sponsors the event. It is to be held in conjunction with the regular spring race meet of the April 25-26 and May 1, 2 and 3.

The Futurity will again have three divisions: 300 yards, 1-4 mile and 3 1-2 furlongs and two year olds (foals of 1951) may be nominated for any division upon payment of the \$100 fee. Each division is to carry \$1000 in added money. Total purse is expected to exceed \$8000 in each distance.

Deadline for nomination is Feb. 15 at Association headquarters, Box 48, Big Spring or to Del Rio Livestock Association.

Inaugural running of the "Texas Futurity" was held in San Angelo's Fair Grounds last year when seventy-one two year olds from several states competed for the \$1400 purse. This was the largest stake race in the state since pari-mutels were banned in 1937.

The "Texas Futurity" is strictly a breeders race in that the early nomination requires reliance to be placed in the bloodlines of the young colts rather than on known ability.

Elimination trials will be held during the first two days of the meet to reduce the field to a final gate who will compete for the stake purses during the three closing days.

### Sources Of Revenue For Highway Dept.

Sources of revenue to the Texas Highway Department for road construction and maintenance will be presented in this article. The first of the series set out the total estimated cost of construction of all types of roads that now are needed—a figure that topped one and one-half billions of dollars.

One-third of the total of \$122,431,247 received by the Texas Highway Department was spent for maintenance of more than 46,000 miles of roads in the total system, according to information given the West Texas Chamber of Commerce highway policy committee by the highway department.

It was pointed out in the first of this series of articles that the department's planning survey of December, 1951, showed that roads of all types needed by the state would cost slightly more than one and one-half billion dollars.

The funds devoted to construction and maintenance of the system—federal aid primary, state and farm-to-market roads—come from four sources: the state motor fuel tax, motor vehicle registration fees, the general fund for farm roads, and Federal aid.

The motor fuel (gasoline) tax provided \$45,187,511 in 1951. This is the principal source of revenue. Contrary to the opinion of many people, all of the 4-cent per gallon gasoline tax does not go into the highway fund. Actually only 2.6 cents is allocated for highway purposes.

One cent of the 4-cent levy goes into the school fund. One cent of the tax has been diverted since 1932 to retire road bonds issued by counties and road districts. In 1950, approximately four-tenths of this one-cent levy was needed to retire bonds matur-

ing in that year. As the law now is written, the remaining six-tenths of this cent is divided between counties for road purposes and the highway department. The last Legislature froze at \$7,300,000 the total to counties out of the one-cent so-called "bond assumption" fund, the remainder going to the state.

Thus, from the 4-cent gasoline tax, a cent is deducted for schools, and approximately four-tenths to retire county bonds, leaving approximately 2.6 cents for construction and maintenance by the state.

The state department received \$32,561,756 in 1951 from motor vehicle registration fees. A total of \$53 million was collected in such fees. The counties received the balance of approximately \$20 million.

Each county keeps the first \$50,000 it collects in registration fees. After that, it divides the remainder with the state on a 50-50 basis until the county receives \$175,000. All fees collected in a county in excess of \$175,000 goes to the state.

Funds for farm-to-market roads come primarily from two sources. The Briscoe-Colson bill provides for the diversion of \$1,250,000 per month from the state general fund for this type of roads.

Farm-to-market road funds come primarily from two sources. They are \$1,250,000 per month from the

state general fund and \$7,300,000 per year from the bond assumption fund.

Receipts to the state for farm-to-market roads totaled \$20,949,528 in the year ended Aug. 31, 1951.

Federal funds allowed for Texas construction in 1951 totaled \$29,681,979. The Federal government collects this money in the form of a tax of two cents per gallon of gasoline. Federal aid money must be matched by state money.

### Census Information Is Available From Bureau

Persons lacking birth certificates or other legal evidence of citizenship, age or family relationships can obtain transcripts of their personal census records which are, in most instances, acceptable substitutes, according to District Supervisor J. M. Hamilton of the U. S. Census Bureau.

More than 100,000 Americans turned to the Census Bureau for such evidence in 1952. They need-

ed proof of identity or age for government and defense jobs, social security, pass port, the Armed Services, and in connection with insurance and estate cases.

Hamilton pointed out that personal information recorded by the Census Bureau is entirely confidential and may be furnished only upon the written request of the individual to whom it relates or his legal representative. The normal fee is \$3 for searches of two censuses for one individual, each application being handled in regular turn which generally requires ap-

proximately 30 days to complete service. Expedited handling is furnished for a \$4 fee.

Application blanks and instructions may be obtained from the Census Bureau's District Office at 925 Texas and Pacific Building, Fort Worth, Texas, or by writing to the Bureau of the Census, Washington 25, D. C.

### Vets Administration Questions, Answers

Q: Are there any charges made for obtaining a GI home loan?  
 A: VA makes no charges for guaranteeing the loan. No commission or brokerage fees may be charged, either. The lender, how-

ever, may charge reasonable closing costs. He also may make a reasonable flat charge to cover costs of originating the loan.

Little Kitty Cowden of Crane visited her grandparents, Mr. and Mrs. G. C. Taylor, last week.

### Historical Background Of Education

The principle of free public schools education was first recognized by the General Court of Massachusetts Colony in 1642. The Court declared that each community should provide teachers for the children.

The Constitution of the Republic of Texas, adopted March 2, 1836, declared, "It shall be the duty of Congress, as soon as circumstances will permit, to provide by law, a general system of education."

From this grew the public school system of Texas.

Historians say: "Education of the masses through these schools which are public schools has been the bulwark of the liberties of the people and the national freedom of the country."

We must protect and nurture the public school system, without which Democracy will wither and die, for it cannot live without learning the knowledge by its citizens.
