## THE RANKIN HOSPITAL IS ADMITTED TO TEXAS ASSN.

The Rankin Hospital has just received notice that it has been accepted as an Active Institutional Member of the Texas Hospital Association, the activities and programs of which are directed specifically toward "better health for Texans."

The requirements for membership in the association are that a hospital be registered by the American Medical Association and that the doctors practicing there be members of or eligible for membership in their county medical society.

Being a member of the Texas Hospital Association is beneficial to an institution because it indicates to a community that its hospitals are qualified and ethical, and are meeting the high standards of good hospitalization. This adds prestige to an institution and creates confidence.

Membership affords opportunities for improvement of member hospitals by frequent contacts with other hospitals in the association concerning procedures and practices. It also offers a means of joining with other Texas hospitals in any advancement of their interests.

Legal counsel in Austin is provided for member hospitals to watch any legislation that would affect hospitals, and make legal advice on matters of legislative nature available to members of the association through its counsel.

The association sponsors such organizations as Group Hospital Service, Inc., and Group Medical and Surgical Service to furnish hospitalization for employed people at cost. It places statistical information on Texas hospitals at the disposal of its members through extensive studies and surveys. The association's official monthly publication, "Texas Hospitals," keeps its members up to date on developments in the field through presentations of educational articles and news reports.

Membership means an opportunity to attend large conventions each year where hundreds of hospital personnel meet to keep abreast with developments and to plan programs for the improvement of all institutions.

The acceptance of Rankin Hospital into the Texas Hospital Association is a step forward for Upton County.

Mr. and Mrs. A. F. Eades made a trip to Claremont Saturday to take Mrs. Eades' mother, Mrs. W. C. Bilberry, who has been visiting here.

Mrs. Ike Barrett of Rowe, New Mexico, is a guest of the Linton Clark's.

PICTURED ABOVE IS BARBARA HARRAL'S third place winning Sou'ndown Lamb. Miss Harral's lamb took top honors at San Antonio's Livestock Exposition Show last week which is one of the top attractions in Texas in the show animal field. Showing against the best in Texas, the lamb is shown being held by Frank Boyd of Rankin, a member of the local 4-H Club directed by County Agent W. M. "Dub" Day. With Boyd is H. B. "Pat" O'Brien, sales manager of Pearl Brewing Co., who paid 60c per pound for the prize won.

## LOOK MA! I GOT A FISHING LETTER

Yep, it seems that just about everybody in Rankin has got one, too.

If you have not been one of the recipients of a fishing letter and do not wish to get one, you had better keep it to yourself.

It seems that way back down the line some chap thought up the bright idea of sending out a letter to some of his fishing buddies with the idea being that they each in turn send it out to six other fishermen or fishermen. Each fisher places his name on the list and by and by comes to his house 36 new fishing plugs. Maybe.

For the past few weeks now, Rankin has been going strong on swapping letters and plugs and some of the senders have received plugs in return and some have not even gotten their postage back. But that's fishing for you.

## A GUAGER'S PRAYER

Oh, Lord, give me leases where the weeds don't grow, In a level country where they have no snow. With three tanks in one straight row— Open one gate valve and they all flow. With a road that is level, paved and straight; Nice cattle guards and no gates. With a modern house by a shady nook, A good fishing stream or a good trout brook; And a boy big enough to bait the hook. Where all your allowable is just about right, And you don't get up in the middle of the night. But can lay in bed 'til the sun rises in the East. Look out the window and see the lease. Now, Lord, if you don't have such a lease on hand, Please fix me up one in the Promised Land. —Contributed by Fred Loe

Mr. and Mrs. Bob White spent the week-end with the John Prudes in Fort Davis.

Mr. and Mrs. Lewis Smith and Mrs. Jack Smith were visitors in Abilene last Friday.

Mrs. Cora Ligon is visiting her daughter, Mrs. Stewart Bangman, in Crane.

## High School Girls Team Top District Champions

Rankin defeated Grandfalls Tuesday night 47-9 to win their 6th-District game without a defeat. This gives the girls a season record of 15 wins and 13 losses. Rankin will represent District 81-B in the Regional tournament at Odessa on the 5th and 6th of March.

The "B" team defeated Grandfalls "B" team 31 to 17 for their 10th win against 8 defeats.

Jo Ann Hood, Beth Ship, Ann Shaw, Adrienne McDaniel, Amaryllis Harral and Audrey Murphy of Rankin and Shirley Townsend, Glenda Capehart and Loretta Adams of Grandfalls made the all district team for 1954.

This is the fourth Rankin High School team to win their District play this year. Last week saw the Rankin Boys A team, C team, and Jr. High Boys complete their district play. All three won first honors.

This completes the season's play for Rankin's C and Jr. High teams.

## Lions Hear Director Of Childrens' Camp Speak

In a special Monday night meeting at the Rankin Elementary School auditorium last Monday night, Feb. 22, the Rankin Lions Club was addressed by Roy A. Minear. Mr. Minear is a director at large of the Lions Crippled Children's Camp at Kerrville.

In connection with his speech to the club, Mr. Minear showed a film of the camp with some of the activities participated in by last year's campers. He explained that 236 crippled children made use of the camp last year while 480 are expected to participate this year and a goal of 780 is set for 1955. This camp has been in operation only since 1950 and has already cost the Lions Club of Texas over \$300,000. However, it was pointed out that everyone connected with the program is of the opinion that it is well worth the money and time spent to give crippled children a camp of this sort.

"We're hopeful that the Crippled Children's Camp will become synonymous with the word 'Lionism,'" Mr. Minear said.

The camp, located in the hill country of Kerrville, is operated in 6 camping periods of 2 weeks each, beginning in June. Children from the ages of 7 through 16 are brought to the camp by a sponsoring Lions Club where they are then placed in the hands of competent workers, trained for working with handicapped children. Wheel chair

cases, as well as a limited number of blind children, are taken for the two weeks outing in which they are encouraged to do all they can toward helping themselves and to learn to overcome whatever their handicap may be to the greatest extent possible.

They swim, camp out, do numerous camp chores, work in arts and crafts, and at the end of the stay, participate in a pageant put on for their parents and friends. It is reported that many of the children have been helped in their efforts to overcome as much as possible, their crippled condition.

## RANKIN CLUB SEEKS APPLICATIONS TO CAMP

Bill Johnson, chairman of the Rankin club's committee on the camp, has announced that the Rankin Club is seeking applicants for the camp this year. Any child between the ages of 7 and 16, as long as they are not mentally retarded or bedridden, may make application to go to the camp. The expense of the outing is paid for by the Lions Club and they will be responsible for transporting the children to and from the camp to their homes. The child does not have to live in Rankin and can be of either white or Latin-American nationality. All that is necessary is for the parent or interested person to contact either the Rankin Lions Club or Bill Johnson at his home or at the Red Bluff Lumber Co.

REGULAR MEET MARCH 1

Lion President Dub Day announced that the club would be back on its regular meeting date next Monday night and that a large group was expected to be on hand to take care of the business matters and enjoy the food and fellowship. He further explained that the reason for the street marker erection delay was that engineers had been retained by the club to locate the exact place to erect the signs. The engineers have not yet made this survey and this has caused delay in putting the markers in place. It is hoped that progress can be made soon. It was further explained that it was decided that it would be better to have the signs put in the proper locations now than to have to move them at some later date, if repair work or paving of a street became necessary.

When we first came to Rankin we heard that the town was not very proud of itself. That civic pride was low and interest in things pertaining to the activities of the city were not organized.

Now that tale won't hold water. You don't get the habit of winning ball games like the Rankin school teams do when there is no pride in the school. 4-H Club members don't win high honors year after year unless they have some pride in themselves, their hometown and their friends. Pride and a feeling of doing something for the "old home town" are the motivating factors in most contests of this nature.

Contributions to the different organized fund raising drives here in Rankin have been good for a town of this size. You don't give unless you believe in the things being given to and since all the drives we have had since I came here have been to the benefit of the town directly or indirectly, they prove that folks want to help out.

Your Rankin Lions Club is a very civic minded group. There is seldom a meeting when they do not bring up some project that will be of benefit to the town.

Without a doubt, Rankin folks like Rankin and are proud of their little city and want to give it a boost whenever they can. But maybe it is like Glenn Hill said one time: "If folks who live here in Rankin want to knock the place, that is alright, but they sure don't want an outsider doing it." That's about the size of it.

Speaking of winners, let's all line up now and tip our hats to this fine basketball group, boys and girls, here at Rankin. Seldom, if ever, is a newspaper editor blessed with so many good teams to brag about. It is a fine tribute to the coaching staff of

these teams and to the school and players that they have done so well this year in the basketball season. They have done more than their part in putting the name of our fair city before the public, as well as bringing home a goodly number of trophies. Nice going, you people.

Say, did you hear about the politician up at the court house who is running for office this year?

His campaign was a pleasant one And worthy here, of note: He only kissed the babies Who were old enough to vote.

Then there is the one about Mary and her lamb. Mary had a little lamb, It drank some gasoline; Then it wandered near a fire, And since has not benzine.

Man, this column writing is a snap. Where's some more clippings.

It seems that there was a hill-william sort of fellow who lived down along the Pecos who made his own corn squeezings. One day he came to Rankin with a jug in one hand and a shotgun in the other. He stopped a man on the street and said, "Here, friend, take a drink outa my jug."

The man protested that he didn't drink.

The hill-billy leveled his shotgun at the stranger and said, "Drink."

The stranger drank, then shuddered, shook, shivered and coughed. "Man, that's awful stuff."

"Ain't it, though," said the hillbilly. "Now you hold the gun on me while I take a snort."

Lake, Crane, Rankin and Texon.

The general theme for the society's study for the year is "Trouble Spots in the World Today." Russia was the subject assigned to the McCamey unit.

Mrs. Gladys Driscoll played "Rachmaninof's Prelude in G". Miss Delores Haggerty sang "The Volga Boatman," a Russian folk song; Miss Ellen Glover and Larry Poyner participated in a panel discussion with Mrs. E-

laine White as moderator.

The vice-president, Mrs. Ann Williams, of Big Lake, presided at the business meeting, after which tea was served in the Home Making Building by the McCamey unit composed of Mesdames: Nell Eddleman, Gladys Driscoll, Emma L. Ramer, Julia Don's, Frances Wallace, and Miss Ethie Eagleton.

The next meeting will be in Rankin, March 20, 1954.

### RANKIN STUDY CLUB MEETS AT PARK BUILDING

The Rankin Study Club met Thursday, February 18, at the Park Building.

Roll call was answered by "Good Thoughts." Mrs. Nancy Daugherty presented a review of "The Power of Positive Thinking" by Norman Vincent Peale. She gave some of Dr. Peale's thoughts on how we can make good things flow into ourselves instead of away. She also gave these suggestions on how to keep obstacles from dominating our minds. The first step is to empty our minds of those things that cannot be conquered and then fill it with spiritual thought and faith and prayer and look for the good in life.

Dr. Peale suggests that we deal with faith when problems come up. Approximately twenty-five members and visitors were served ice cream sodas. Hostesses for the afternoon were Mrs. R. O. White and Mrs. J. L. Alderice.

## TODAY'S TELEPHONE TIP by Emily Post

A correspondent complains: "A few people I know are careless about hanging up the receiver after finishing a telephone conversation. Don't they realize that slamming the receiver down makes an unpleasant noise in the other telephone?"

Slamming the receiver is as discourteous as slamming the door. Always hang up gently as a parting, thoughtful gesture. And when you hang up be careful to replace the receiver securely in its proper place. A receiver off the hook means that no calls can get through to your telephone.

THE RANKIN (Tex.) NEWS—THURSDAY, FEB. 25, 1954

### Filler by J. B.

When we first came to Rankin we heard that the town was not very proud of itself. That civic pride was low and interest in things pertaining to the activities of the city were not organized.

Now that tale won't hold water. You don't get the habit of winning ball games like the Rankin school teams do when there is no pride in the school. 4-H Club members don't win high honors year after year unless they have some pride in themselves, their hometown and their friends. Pride and a feeling of doing something for the "old home town" are the motivating factors in most contests of this nature.

Contributions to the different organized fund raising drives here in Rankin have been good for a town of this size. You don't give unless you believe in the things being given to and since all the drives we have had since I came here have been to the benefit of the town directly or indirectly, they prove that folks want to help out.

Your Rankin Lions Club is a very civic minded group. There is seldom a meeting when they do not bring up some project that will be of benefit to the town.

Without a doubt, Rankin folks like Rankin and are proud of their little city and want to give it a boost whenever they can. But maybe it is like Glenn Hill said one time: "If folks who live here in Rankin want to knock the place, that is alright, but they sure don't want an outsider doing it." That's about the size of it.

Speaking of winners, let's all line up now and tip our hats to this fine basketball group, boys and girls, here at Rankin. Seldom, if ever, is a newspaper editor blessed with so many good teams to brag about. It is a fine tribute to the coaching staff of

### GAMMA GAMMA CHAPTER TO MEET IN RANKIN 20TH

The Gamma Gamma Chapter of the Delta Kappa Gamma Society, a national organization of women educators, met at the McCamey High School auditorium, February 20 at 2 p.m.

The McCamey Unit was hosts to members from Iraan, Big Lake, Crane, Rankin and Texon. The general theme for the society's study for the year is "Trouble Spots in the World Today." Russia was the subject assigned to the McCamey unit.

Mrs. Gladys Driscoll played "Rachmaninof's Prelude in G". Miss Delores Haggerty sang "The Volga Boatman," a Russian folk song; Miss Ellen Glover and Larry Poyner participated in a panel discussion with Mrs. Elaine White as moderator.

The vice-president, Mrs. Ann Williams, of Big Lake, presided at the business meeting, after which tea was served in the Home Making Building by the McCamey unit composed of Mesdames: Nell Eddleman, Gladys Driscoll, Emma L. Ramer, Julia Don's, Frances Wallace, and Miss Ethie Eagleton.

The next meeting will be in Rankin, March 20, 1954.

these teams and to the school and players that they have done so well this year in the basketball season. They have done more than their part in putting the name of our fair city before the public, as well as bringing home a goodly number of trophies. Nice going, you people.

Say, did you hear about the politician up at the court house who is running for office this year? His campaign was a pleasant one. And worthy here, of note; He only kissed the babies Who were old enough to vote.

Then there is the one about Mary and her lamb. Mary had a little lamb, It drank some gasoline; Then it wandered near a fire, And since has not benzine.

Man, this column writing is a snap. Where's some more clippings.

It seems that there was a hill-william sort of fellow who lived down along the Pecos who made his own corn squeezings. One day he came to Rankin with a jug in one hand and a shotgun in the other. He stopped a man on the street and said, "Here, friend, take a drink outa my jug."

The man protested that he didn't drink. The hill-billy leveled his shotgun at the stranger and said, "Drink."

The stranger drank, then shuddered, shook, shivered and coughed. "Man, that's awful stuff."

"Ain't it, though," said the hillbilly. "Now you hold the gun on me while I take a snort."

**RANKIN STUDY CLUB MEETS AT PARK BUILDING**

The Rankin Study Club met Thursday, February 18, at the Park Building.

Roll call was answered by "Good Thoughts." Mrs. Nancy Daugherty presented a review of "The Power of Positive Thinking" by Norman Vincent Peale. She gave some of Dr. Peale's thoughts on how we can make good things flow into ourselves instead of away. She also gave these suggestions on how to keep obstacles from dominating our minds. The first step is to empty our minds of those things that cannot be conquered and then fill it with spiritual thought and prayer and look for the good in life.

Dr. Peale suggests that we deal with faith when problems come up. Approximately twenty-five members and visitors were served ice cream sodas. Hostesses for the afternoon were Mrs. R. O. White and Mrs. J. L. Alderice.

BROTHERHOOD WEEK

Brotherhood Week, sponsored annually by the National Conference of Christians and Jews, will be observed throughout the United States and Canada on February 21-28. Brotherhood, like motherhood and good table manners, is something everybody can be for. In fact, these things are hard to be against. This time of year, to be sure, brotherhood is very popular, while motherhood and good table manners may be enjoyed almost any time.

If we are going to make brotherhood stick, however, we are going to have to make it a year-round job. Nor can we confine it to the press, the pulpit and the banquet table. Neither is brotherhood a function to be contained in committees, associations, clubs and neighborhood improvement societies.

Brotherhood belongs in your pocket. There is room for it at home and in the office, in the schoolroom and at the work bench. With little difficulty it could be elbowed into the street car, to say nothing of the restaurant, the meat market and the counting house. It belongs at the conference table along with the Big Three, the Big Four and even the Big Ten and the CIO.

Brotherhood belongs, of course, in armed services, the Foreign Legion and the various constabulary, to completely ig-

From where I sit... by Joe Marsh

Handy and Easy  
"Sign Up"

Last month's safety drive was a big success—almost. Every one helped—the schools ran movies on safe driving, Rotary put up posters, and Handy and Easy Peters went out on their own.

The boys put up a big sign by the side of the highway. It said, "Slow down—the life you save may be your own." It was a good idea—after the police moved the sign back twelve feet.

In their enthusiasm Handy and Easy put it too close to the road—in fact, right on the sharpest curve on the highway. They made

driving unsafe by cutting off the view around the curve.

From where I sit, lots of people—even though they mean well—suffer from short-sightedness now and again. For instance, some can never see any further than their own preference. They even go so far as to object to my choice of a glass of beer with supper. Shouldn't we always take the "long view"... and respect our neighbors' rights?
