## Glenn Mathews Fund Drive Underway By Community

Once in a great while an occasion arises that brings out the best in a town and community. It gives the people an opportunity to prove to themselves that they can forget their own problems and the hustle and rush of modern living and turn their attention to helping those about them; and after it has passed will be a better community for having done so.

## Rankin Growth Shows Town To Be Progressive

Growth of a town has a way of slipping up on most of us. In our daily living we just simply fail to stop and realize and recognize changes that take place about us. Often the expression is heard here that "Rankin is just getting still." This is a common expression, usually made at one time or another by just about every one of us and by citizens of all small towns.

But what do the facts point out—let's see. R. L. Barbee, owner and operator of Barbee's Dry Goods since April of 1952, has been a bit more civic minded than most and has kept a list of improvements in Rankin since his coming here. Of course the first addition to the town would have been his own dry goods business and following are other business, civic, county and city improvements that have been completed within just a little over two years:

New Phillips 66 Station and courts on Midland Highway operated by "Cliff" Jones, new Ford Theatre, new Gulf Service Station of Porter & Green, Rankin Drug, Johnson's new department store, Yocham Furniture & Appliance, new Sinclair station and Edlins-Walcher Oil Co., Dr. Gossett offices, new newspaper office, Ann's Dress Shop, McDonald Laundry, H. Wheeler Shop Building, new Sunset Motor Lines Bldg., Ramsey Cafe, Conny's Barber Shop, Red Bluff Lumber Co., and numerous remodeling and building improvements by merchants and individuals.

These were mostly individual business additions or improvements. To these add: new Lions Club formed, Rankin-Big Lake Highway widened and renewed,

twelve years. Beginning last December 10, he has had one tough break after another and has spent most of his time either in bed or in a hospital. Through it all he has shown a fine spirit and makes no complaints.

Through the efforts of the Rankin Masonic Lodge, Glenn was admitted to the Scottish Rite Hospital in Dallas and has been in and out of the institute since January. A week or so ago, he had to return to Dallas for further treatment. When it developed that he would be required to

stay longer than usual and that family funds were getting low, the people of the community took the matter to their hearts and started a "Glenn Mathews Fund" to raise money that could be used to pay the expenses of Mrs. Mathews as she stayed by the side of Glenn.

This fund has now reached \$253.50 with more to be reported.

**BIRTHDAY JULY 21**  
On July 21, Glenn will celebrate his 13th birthday. Another move is underway by the people of this community to send birthday presents for the event. Presents of any sort or cards would let him know that the people at home remember him and his sickness. Anyone who wishes to do so may send a gift. Address it to:

**GLENN MATHEWS**  
3308 Junnis Street  
Dallas, Texas

This location is directly across from the hospital. Glenn and his mother are staying there while he receives medical treatment at the hospital.

An effort will be made to contact the Fort Worth Star Telegram and give them the story. It is felt that if a large number of presents are sent, they would be interested in the story and Glenn. This would be another way to make a heavy load for a young boy lighter.

### PLANS MADE FOR SUMMER

Miss Mary Anderson, president, presided at the regular business meeting of the MYF last Sunday evening, July 10th.

Plans for summer programs and parties were made and it was decided to hold a bake sale on Saturday morning, July 17th, to raise funds for local and missionary projects. Miss Ruth McGill was appointed chairman.

Miss Patty Hoffman of Decatur, Ill., is visiting in the home of Pat Dishman. Miss Hoffman was met in San Angelo July 10 by Pat Dishman. She plans to stay until Thursday then return home accompanied by her grandparents, Mr. and Mrs. E. L. Hoffman of Ft. Worth.

Mrs. M. J. Edwards reported a very pleasant trip to the Davis Mountains over the week-end.

### Absentee Voting Underway

Absentee voting had reached 49 last Monday morning with more voters who planned on being out of town marking their ballots.

Voting will continue until July 20. Anyone who cannot vote in the regularly scheduled election on July 24 may vote an absentee ballot at the county clerk's office at the court house.

## Free Ice Cream--And Work Is Lion Offer Thursday Night

### Baptist Schedule Vacation Bible School July 19

Vacation Bible School, to be held at the Baptist Church, will begin July 19th and last through July 23rd.

All children ages 3 to 16 are welcome to attend from 9:00 a.m. to 11:30 a.m., Monday through Friday.

There will be five departments, consisting of nursery, beginners, primaries, juniors and intermediates. The nursery department will be for three year olds, only. Another nursery will care for babies of the mothers who plan to work with the Bible school.

Two workers furnished by the state department will be assisted by others from the church, and the building which has recently been air-conditioned will provide adequate comfort for all departments. Refreshments will be served each day.

### POLITICAL RALLY SCHEDULED JULY 19

A political rally is scheduled for Monday night, July 19th at 8:00 o'clock in the Park Building at McCamey.

The rally, which is being sponsored by the Business & Professional Women's Club of McCamey, should be of interest to everybody in Upton County, since all candidates who have registered to speak are to be voted on county-wide, except Commissioners of Precinct 3 and 4 and Constables of Precinct 3.

The rally will open with the singing of "America" led by Harvey Jacobsen, and James A. Rutherford will act as master of ceremonies. Candidates who have registered to speak at the rally are: J. T. Rutherford, Congress; Louis H. Anderson and Audie Belcher, State Representative; Jim C. Langdon, Roy R. Priest and Alvis Johnson, District Judge 112th District; Marvin Blackburn and Connel Ashley, District Attorney 112th District; Lucius Bunton and Bruce C. Sutton, District Attorney 83rd District; G. H. Fisher and E. C. Bone, County Judge; Cliff H. Jones and H. E. "Gene" Eckols, Sheriff, Tax Collector-Assessor; Steve Preslar and John A. Meneffe, County Attorney; Nancy K. Daugherty, County and District Clerk; Elizabeth Rains, County Treasurer; W. W. Greif, Dee Locklin, Dale Keneaster, Mac Moore, E. K. Buford, Commissioner Precinct No. 3; Joe Conger and H. F. Curry, Commissioner Precinct No. 4; Malcolm Reimers and E. E. "Dinger" Barfield, Constable Precinct No. 3; and Pete Williams, Democratic County Chairman.

### J. T. RUTHERFORD VISITS IN RANKIN TUESDAY

Special to the Rankin News  
State Senator J. T. Rutherford, in Rankin again this week, in behalf of his campaign for U. S. Representative of the 16th Congressional District freely predicted his election to the important job in Washington.

"The people of West Texas realize," said Rutherford, "that if they elect J. T. Rutherford they elect a man who will represent them actively and on a full-time basis while my opponent will give them absenteeism. The record shows this has been true in the past."

Rutherford, making a prolonged tour of the 19-county 16th Congressional District, which he has been over several times during the campaign, said that he has "talked with the people about their problems and how best to solve them for the benefit of the people and the district."

### PONY LEAGUE TO PLAY TOURNAMENT IN CRANE

Upton County's Pony League ball team, composed of players from Rankin and McCamey, will enter the Pony League Tournament in Crane this week-end.

First game play will begin at 6:00 p.m. Thursday, July 15, when Crane and Midland pair off. The Upton County boys will take on Big Spring in the second game of the night, due to get underway at 8:00 o'clock.

Originally Rankin had placed 3 players from their team on the tournament crew; however, one was disqualified due to age and another is out of town. Adolph Augular, one of Rankin's top hands on this year's team was ruled ineligible due to age, and Bill Lewis, a mainstay with the Rankin team, is out of town and will not be back in time to participate. This leaves Bobby Bushong, a hard-hitting pitcher, left to represent the hometown boys in these important games.

According to baseball fans, the Upton County team is a good one and will give any and all comers tough competition.

In the Little League, play is continuing as scheduled. The Rankin News was unable to obtain last week's results but did learn that the old football stands have been moved to the new ball park and final arrangements are being made to transfer play to that location. It is hoped that everything can be ready for the Friday night double-header.

### SHEFFIELD ROPING CLUB TO BE HELD JULY 24TH

An amateur roping program has been scheduled by the Sheffield Roping Club at the arena in Sheffield at 8:00 p.m. Saturday, July 24.

There will be both open jackpot and 4-calf average roping. The entry fee for the 4-calf average will be \$25.00 with the first 25 entries competing.

Entry fees must be paid by 4:00 p.m. Saturday, July 24. Admission will be \$1.00 (contestants included).

Ropers from over the area are invited to attend and compete. Contestants may enter by calling number 2275 or by writing the Sheffield Roping Club, Box 62, Sheffield, Texas.

"The only thing I have promised during this campaign is to be a hard working, active, full-time Congressman," Rutherford said, "while my opponent has promised the same old empty political promises he made four years ago when he had an opponent. For instance he promised a federal building for Midland, a customs building for Alpine, drought aid for Hudspeth County which has been in the grip of a drought for five years, and so on down the line. He has paid only lip service to those same promises, made four years ago."

Rutherford also accused his opponent of being a "part-time Congressman who has paid only lip service to bills he says he has supported or opposed."

"My opponent during this campaign has claimed to have voted for or against, or to have fought for or against, each of the measures," Senator Rutherford said, "but the Congressional Record clearly shows him absent in each case. And when absent, he could not give either a voice or a vote to the people of West Texas."

Rutherford is a six-year veteran of the Texas Legislature, having served four years in the State House of Representatives before being elected two years ago to the State Senate. The 34-year-old ex-Marine is married, is the father of two children and lives in Odessa.

A hick town is one where there is no place to go that you shouldn't.

## Invite Everyone To Help On Scout Building Job

There will be fun, work and free ice cream, home made, that is, this Thursday night with everyone in Rankin and the area invited.

Object of all the festivities will be a gathering of the Rankin Lions Club at the old Baptist Church building beginning at 4:00 p.m. and lasting until the building has been torn down. Donated by the church to the Boy Scouts, it was decided by a committee of Lions working on a project to move the building, that it would be better to take it apart and rebuild it at the new location.

The Boy Scouts have a tract of land on the Midland hill north of town on which they will reconstruct the building. This project has been going on for almost a year and when completed will give the Scouts a home of their own.

### EQUALIZATION BOARD TO MEET ON JULY 30

Date for the first meeting of the Board of Equalization for Upton County has been set by the Commissioners Court as Friday, July 30.

The equalization board meets to determine the fixing and equalizing of value of any and all taxable property situated in Upton County. Anyone having business with the board may meet with them from July 30 or as long as they are in session. The session will last until all business is disposed of.

### D. E. JONES ATTENDS COACHING SCHOOLS

D. E. Jones, Rankin High School Coach, will attend the High School Girls Basketball Association at Abilene on July 22, 23 and 24. Jones is a director of the association.

He will go to Dallas to attend the Texas High School Coaching School to be held on August 10 to 14.

### CANDIDATE STATES VIEWS ON COMMISSIONER RACE

J. W. Hearon, candidate for Commissioner Precinct 1, made the following statement to the Rankin News this week concerning his quest for the office:

"If you would like to place your vote where it would be the most highly appreciated, vote for J. W. Hearon for Road Commissioner Precinct No. 1.

"I do believe I am fully qualified to fill the office and to be honest with each and every voter and tax payer.

"I will see that the taxpayers money is spent where it is needed most.

Ice cream will be furnished by the Lions Club and anyone and everyone is invited to put on his work clothes and be on hand to help in this project. If you have a hammer, crow bar, step ladder or just a strong back, you are urged to join in. There will be something for everyone. Floodlights will be erected and the work will continue as long as necessary to take the building apart and remove nails from the lumber. As much of the material will be salvaged as possible.

Let's make it a community project—it's a worthy one.

### CAKE WALK AND ELECTION

Further activities planned by the Lions include a cake walk on election night, July 24. Present plans call for erection of an election board beside the Ford Theatre. A telephone line will be secured that will furnish the latest reports on the election direct from the Texas Election Bureau. Cakes will be furnished by the Lions Club with each Lion requested to bring a cake.

The street between the theatre and the bank will be roped off and the cake walk held in the street. Again everyone is invited to come down and watch as the election returns are posted and to enjoy the fun of the cake walk.

Next week's Rankin News will carry further details on this project. Make your plans to be there—there'll be fun for everyone.

Mr. and Mrs. Howard Bell and Mr. and Mrs. Wayne Drake and daughter came by to see the R. L. Bells. They were returning home from Washington where they had been vacationing. Howard is the son of Mr. and Mrs. R. L. Bell and Wayne is a nephew of Mrs. Bell.

### Servant for the People and not a job.

"It would be of my greatest honor to serve each and every one alike and do my duty to my fellow man.

"On July 24, 1926, I married in Lamesa, Texas, to Maudie Ballew, moving to McCamey, Upton County, in 1927. There we reared our family, two boys, 1 girl. Both the boys, Kenneth and Raymond, have served a term in the U. S. Army and Navy, and both have seen overseas duty.

"Juanita, the daughter, Mrs. Frank Balk, lives in Iran. We have lived in Rankin over three years."

in Fort Stockton, Ysleta, Van Horn, Midland (two), Odessa, McCombs and Kerai.

Regan said the post offices have been built by private enterprise and leased to the government. This method proved more economical than that of government construction, he said.

"Post offices built by private enterprise under the lease arrangement are less costly and avoid large initial outlays of cash," Regan said. He pointed out that post offices built under such a system are more functional and less elaborate and decorative. Regan said that additional government construction in the 10th Congressional District seems certain with the favorable viewpoint of Congress toward the lease-purchase bill. The legislation applies to federal buildings other than post offices. It provides for construction by private enterprise and leasing to the government over a 20 to 25-year period with ultimate ownership by the government.

The lease-purchase bill was approved by the House on July 7 and was sent to the Senate with no opposition expected. Regan voted in favor of the bill before leaving Washington.

Regan said that on final passage of the bill he would push for construction of federal buildings in several localities in the district. He cited replacement of the old adobe customs and immigration offices in Presidio as an example of how the new legislation could be utilized.

Regan campaigned throughout the district last week (week of July 4) and in Alpine consulted with local officials regarding a temporary solution to the Pecos highway bridge washout on U. S. 90. The washout has paralyzed tourist travel through the Alpine-Marfa area. Regan suggested that the railroad bridge over the Pecos be used to carry auto-

**BRIDE-TO-BE HONORED  
WITH SHOWER TUESDAY**

Miss Mary Katherine Hurn, bride-elect of Lt. Donald Eugene Cox, was honored with a shower given in the home of Mrs. Walton Harral Tuesday, July 6th.

Members of the Bible Study Circle of Methodist Church were hostesses. Miss Barbara Harral, the guest of honor, and her mother greeted guests at the door and Miss Betty DeForrest presided at the guest book.

Miss Hurn and her mother, Mrs. Herbert W. Hurn, were presented corsages of white carnations tied with lavender and sil-

mobiles on flatcars across the river. Officials in the area plan to take the idea up with railroad authorities this week (week of July 12).

The refreshment table was laid with white cut-work cloth over lavender. Silver candelabra with white tapers were used and the center piece was of white lavender and purple sweet peas.

Mrs. Ann Phillips, assisted by Misses Ruth McGill, Amaryllis and Barbara Harral, served refreshments of cake, punch, nuts and mints, carrying out the party colors.

Mrs. Jimmy Thigpen and Miss Mary Anderson rendered piano selections during the evening. Assisting Mrs. Harral and Mrs. J. L. Clark with the hospitalities were Mesdames A. B. McGill, Opal Nix, R. H. Johnson, D. S. Anderson, Joe McCommie, W. H. Burleson and Miss Mattie McDonald.

**EVADING THE QUESTION?**

Several candidates for high government offices seem to be undecided on just what they believe when it comes to certain matters.

The United Texas Dries, Inc., mailed out a questionnaire to a number of leading candidates asking their opinions on the liquor question, its enforcement and regulations, and gambling and horse racing in Texas.

Only one candidate, Attorney General John Ben Sheppard stood by his convictions and gave answers to all twelve questions. One senator running for re-election would answer only 3 with a definite answer. Neither of the two leading candidates for governor would take a stand on any of the questions. Among the questions asked were "Would you favor increasing the penalty for driving while intoxicated?" "Would you favor stronger penalties for violation of our liquor laws?" "If elected, will you help to block any move in the Legislature to legalize horse race gambling or gambling in any form?"

Nothing is harder on a woman's clothes than another woman.

### Filler by J. B.

It ain't been so cold lately, has it? If this weather keeps up, we're going to have to put an extension on our thermometer.

Rankin's contribution to perpetual motion, Carl Delaney, has done it again. As if he didn't have enough to do, the boy has taken on another sideline. This time he's in the laundry and dry cleaning business. Lots of folks hop from first one thing to another but Carl is different from most in that he not only hops but also keeps doing what he had started before. This must make about four jobs for Delaney.

Some say 'tis—some say 'tain't, the question being whether or not the new football stands being considered for the visitors side will be big enough. It seems that present plans call for construction of bleachers that will seat approximately 350 people. Having seen only one football game in Rankin last fall, we probably are not qualified to judge but we'll put in our two-bits worth, anyhow.

There is one thing that is almost certain and that is that all schools, and especially schools in West Texas, are going to more than double in high school enrollment within the next few years. Some in as little as two or three years. Here in Rankin there will be approximately 150 enrolled in high school two years from now. There were approximately 100 last year. This year there were around 100 enrolled in the first grade. These figures leave little doubt that our schools will grow.

This would also indicate that the rest of the schools in this part of the country will follow pace with the results that more and more people will have a direct interest in schools through their children and more people interested in schools and their activities mean more followers at various school events—especially football.

Regardless of whether or not the old stands were ever filled, you can bet that the number of followers of visiting teams will increase as a whole. We say build 'em big enough. And big enough for now or next year or the next will not mean big enough for the future. Roads built twenty years ago no longer are suitable for today, nor are cars, or store buildings, or newspapers, or just about anything you can name. What was fine and dandy just a few years ago will not serve the purpose now-a-days. Neither will a football field, a school house or any like fixture serve future needs if it is built to handle the needs of today only. Let's build

in Rankin for the future, not for the present and PLEASE not for the past.

We had a young lady visit the office a week or so ago. She said her name was Ma Wheeler and it seems that she was round 75 years young. After talking to Ma for awhile, we decided that if there is anything to the old saying that you are just as young as you feel, this lady must be at least sixteen. There is just one aspect of her visit that has bothered us since and that is whether we feel older or younger from having met this person who, although probably entitled to them, asks no quarters of life and daily living. She could teach a lot of us a thing or two.

This week we would like to pass out a hand full of sun flowers to J. T. Bushong, Mrs. Elizabeth Rains and Allen Moore. They have been hard at work the past week taking up the collection that has made it possible for Mrs. Matthews to stay in Dallas with her son.

And another bouquet to the citizens of the community for their support on this project. Rankin has a big heart.

"Lots of people thing potatoes and try to speak roses." Don't know for sure just what this means but it sounds about right somehow.

Hammerhead Shark

HAMMERHEAD SHARK  
© 1953 National Wildlife Federation

Superficially this animal might look a bit like a shark carrying a bone horizontally in its mouth. Except for the head the lines of the animal are much like one would recognize as being the general average for sharks.

Hammerhead sharks in one species or another are found in warm seas near shore or offshore north as far as Maine in the Atlantic or to Japan in the Pacific. Three of the five species may be found off the California coast. Most conspicuous of those varying from the type shown here is the Bonnethead Hammerhead Shark, whose head is somewhat spade shaped and the Scalloped Hammerhead that has a rather pronounced notch in front. There are a number of fossil hammerhead sharks found in rocks from the Miocene to more recent times.

Our Hammerhead Shark reaches a length of 18 feet and a weight of 1500 pounds. A 12 1/2 foot animal weighs about 900 pounds. In such an animal the head may be 3 feet wide with the eyes at the extremities and with the nostrils in the slit along the front of the snout.

The tail is about 1-1 1/2 the total length of the fish with its upper lobe about 3 times as long as the lower. The first dorsal fin is high on the back.

There are records of Hammerhead Sharks attacking men in Australia and as far back as 1865 there is a record of an American hammerhead that had human flesh in its stomach. There was no evidence however that the man had been killed by the shark. As is so frequently the case, it is quite possible that the danger to man of these animals is greatly overemphasized.

Hammerhead Sharks are fast swimmers with exceptional ability to change direction suddenly. The head is probably used in helping make rapid changes in a vertical direction.

The teeth of Hammerhead Sharks are similar on the upper and lower jaws except that the upper jaw teeth are usually the larger. The teeth have saw-toothed edges.

The flesh of Hammerhead Sharks is fine-grained and in Japan is considered a delicacy so there is no doubt but that there are more men who eat sharks than there are Hammerhead Sharks that eat men. The skin of these sharks is of fine quality and makes good leather. The liver is of great value in producing oil of medicinal value. Like most sharks the Hammerhead has a rugged constitution and a dogged desire to keep alive and free. Because of this hardness Hammerheads are considered to be among the best of the sport fishes of their environment.

Hammerhead Sharks feed largely on fishes, squids, crabs, sting-

rays and barnacles, which they are easily able to capture under ordinary circumstances.

To most persons a shark is most quickly noticed because of the fins which may appear above the water surface. The Hammerhead Sharks have fins that are usually dark tipped, this being most conspicuous in the large, paired fins which appear forward on the fish.

Even with the amazing new gadgets that help to make driving automatic, it is necessary to turn when the road does.

What's New with Cows?

Catching up on my reading, I noticed three news items you might like to know about.

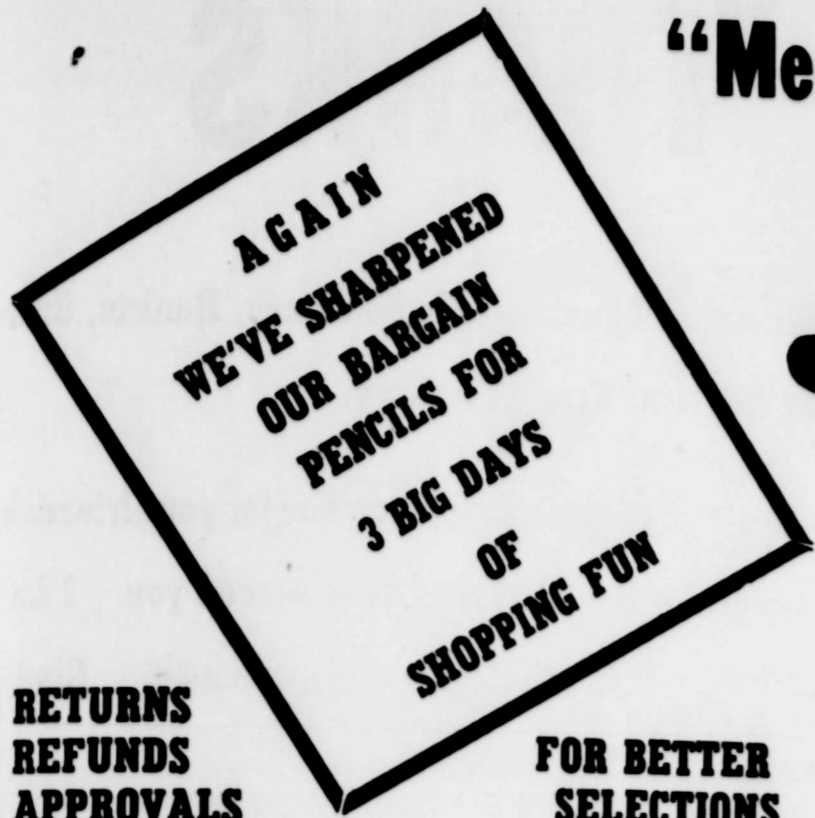

First, a farmer whose milk had a trace of garlic flavor is feeding his cows chlorophyll to sweeten their breaths.

Next, a college agricultural station has trained a herd to get milked when they are called by number. Seems 75 out of 80 cows learned their numbers in a few days. Guess the "dumb" five couldn't count that high. Final item—cows are getting "nose-printed" for identification.

From where I sit, I hope there is as much progress being made with humans... especially in regard to tolerance. Whether it's a choice of a political party, a basketball team, or a favorite beverage, let's learn to live and let live more. You may ask for a soft drink after a hard day's work—I'll choose a refreshing glass of beer. But let's not try to "cow" the other fellow into our way of thinking!

# MORE MONEY for SCHOOLS

During Governor Allan Shivers' administration more money has been spent for schools than ever before.

The result? — better schools, more and higher paid teachers, and better guidance for your children.

Since Allan Shivers became your governor, school funds have increased from 145 million to 211 million dollars per year. Teachers get \$1000 a year more. Your child receives individual attention from 15,000 more teachers.

This educational climb is your child's guarantee of a profitable and happy future. For you it means assurance about his growing up years. It means a better Texas for everyone.

## IN UPTON COUNTY

\$122,613.63 was spent for your child's education during the last fiscal year. He got better teachers with higher salaries and an administration that had more money to spend for its needs. Texas veterans received more educational aid.

The money went for other—but mighty important—things too, like school buses and cafeterias with hot noontime lunches. It meant more vocational help for your child. It went for many things, all necessary for a better education for him.

Texas comes first with Allan Shivers

### TEXON NEWS—

(Continued from front page)  
on last week. They took their son Danny to Warm Spring for a check-up, and went to Austin where Danny registered at the University of Texas for the coming term; they also visited with Mr. Newbrough's brother along the way.

Mr. and Mrs. J. P. Conley had as their guests his sister and family, Mr. and Mrs. Tom Connor and sons, Tommy and Dick. The Connors are moving from Philadelphia, Penn., to Solano Beach, Calif.

Mr. and Mrs. R. K. Stearns are moving to the Plymouth Camp at Benedum Field. We hope Mrs. Stearns and family will visit her friends in Texon very often.

Mr. and Mrs. Clyde Scott spent the holiday week-end fishing in Comanche with her mother, Mrs. E. T. Moore. They also visited in Dublin with his sister, Mr. and Mrs. A. D. Fisher.

Perry McGlothlin of Comanche spent three days in Texon

visiting with his sister, Mrs. Clyde Scott.

L. D. (Granddaddy) Scott, father of Mr. Clyde, is spending a while in Texon. All of his Texon friends welcome him back for his visit.

Mr. and Mrs. Tommy Reed and children of San Angelo are moving to Texon to take over the management of the Texon Store. Leonard Scott has retained ownership of the store. Mr. Higday will move back to Rankin.

Mrs. E. C. Higday is in the Rankin Hospital suffering from injuries received from a fall.

Mr. and Mrs. B. M. Ensley and Mr. and Mrs. Gene Cook spent Monday during the holidays at Forster Park.

Mrs. Bert (Golda) Rogers has taken a sick leave from the Texon's Big Lake office. Miss Oleta Davis is working in her place.

# THANKS

To My Friends and Customers in McCamey, Rankin, Crane, Iraan and Adjacent Trade Territory:

I want to express my grateful appreciation for your friendship and patronage, for the 17 years I have served you. I have been grateful for that privilege and opportunity. Glad to have been a citizen in your midst.

I have sold my business and properties to my former associate, Randolph W. Moore, whom I recommend to you highly and I sincerely hope you will favor him with your patronage now and in the future.

Again, I want to say much obliged and my best wishes go to all of you.

Sincerely,

Oliver O. Jacobsen

# ANNOUNCEMENT

I have this week purchased the Oliver Jacobsen Co. in McCamey and Jacobsen Funeral Home in Crane. I was a full partner in this concern during 1947-1948 and I am extremely glad to be back among you and be one of your citizens again. I will continue to handle all the name brands of merchandise in Hardware, Home Furnishings, Gift Wares and Appliances. I will maintain the finest service possible and available in both Funeral Homes and earnestly solicit your patronage and support. I would appreciate as a personal favor, your coming in and letting me get acquainted with you.

Randolph W. Moore
