A JEWEL SET IN BRASS is definitely indicated in the picture of The Rankin Hospital, valued at approximately a quarter of a million dollars, as it sits amid dirt and dust without a paved street within five blocks. In the center of the picture is a basketball lying in a hole in the street that measures some 12 inches deep. Property such as this, situated in a location without paving, is equivalent to buying a diamond and mounting it in brass.

Band Takes Top Sweepstake Award In Regional Tourney

For the first time in the history of Rankin schools, the band has taken a sweepstake award in regional contest. Entered in the regional contest held last Saturday, March 26, at Odessa, the Red Devil Band qualified for the high award by taking a first division place in

Last Day For Car Tags, Property Renditions

Today, March 31, is the last day to purchase car licenses without having to pay an added 20 percent penalty, according to the local tax collector's office. It is also the last day for property owners to render their homesteads, thus realizing a saving on their state taxes.

Indications still pointed early in the week toward a last minute pile-up for car tags with sale of the 1955 issue of plates going slow.

Offices for selling of tags have been opened in Rankin and McCamey for some time now. New car plates must be on automobiles by April 1.

DR. EUGENE HARRIS TO SPEAK HERE

Dr. Eugene Harris of San Angelo will give a talk at the P.-T. A. Parent Education Group meeting which will be held at the Elementary School auditorium on Tuesday, April 5, at 7:30 p.m.

The public is cordially invited to attend this meeting.

concert playing, sight-reading, and marching.

Out of a total of 33 bands from all classes of schools entering the contest, Rankin was the only Class B school to win a sweepstake trophy. Other bands from this area entered included Big Lake, Crane, McCamey and Iraan. The large trophy for this award is now on display at the high school.

Not satisfied with the sweepstake award, the Red Devil Band went out to win a number of individual honors. Among them are:

- (A) Student Conductors:
Sybil Patton, 1st Division
Arthur Southerland, 2nd Div.
- (B) Soloists:
Bonnie Smith, flute, 2nd Div.
Sue Schlagal, clarinet, 2nd Div.
Ann McSpadden, tenor sax, 1st Division
Arthur Southerland, cornet, 2nd Division
Sybil Patton, clarinet, 1st Div.
Neva McSpadden, clarinet, 2nd Division
Sandra Kennedy, clarinet, 1st Division
- (C) Twirlers
Bonnie Smith, 2nd Division
Rosemary Smith, 2nd Division

By winning a sweepstake, the Rankin Band has earned a trip to Enid, Oklahoma, on May 12-14, to the tri-state Festival. They will compete with some 75 other bands from eight states.

Curb And Gutter On Present Paving Included In Bond Issue

In last week's story on proposed paving to be done in Rankin, the News failed to mention work to be done on existing paved streets.

A check with Commissioner Tommy Workman this week cleared up the matter. According to Workman, all existing paved streets that do

not now have curbing and gutter will be curbed and guttered as well as a new seal coat of asphalt applied. Existing streets that are now curbed and guttered and paved will get a new application of seal coat wherever needed.

This would mean that 8th Street would get a reworking all the way from the highway out to where it intersects Severn Street. This would include curbing and gutter as well as the seal coating. Existing paving on Severn Street would be curbed and guttered and the remainder of the street curbed, guttered and paved. Grant Street would be curbed, guttered and seal coated from 10th Street to the Highway. Streets that might need seal coating would be 10th Street from the school grounds out to the highway east and Upton Street.

The two blocks or so of 9th St. from Main to Upton would also require some curbing and gutter work as well as seal coating.

Workman explained that the seal coating of existing paved, curbed and guttered streets would be determined by the condition of the streets.

A complete description of property to be paved is again carried in this week's issue of the News. If passed by the voters Saturday, present plans for paving would give Rankin almost all paved streets and would see work done on all existing paving wherever it is needed.

29 CAST ABSENTEE VOTES ON BOND ISSUE

Twenty-nine votes have already been cast on the county-wide bond election set for this Saturday, April 2. Other absentee voting included 13 ballots marked for school trustees here in Rankin, 15 for school trustees at McCamey, while no absentee ballots have been cast in the city election here.

Voting on the bond issue and school election will open at 7:00 a.m. Saturday. Voters will cast their ballots in the school board election in the lobby of the Rankin High School, while those voting on the county bond election will go to the same places they do when voting in a general election.

City voters will mark their ballots on Tuesday, April 5, at the new City Hall.

DAMAGE SUIT SETTLED HERE FOR \$79,700.00

An agreement was reached Tuesday between Elizabeth O'Brian, plaintiff, and Halliburton Oil Co., and others, defendants, in a damage suit whereby the defendants would pay a total of \$79,700 to the plaintiff and her four children. Actual breakdown of this figure showed that \$59,700.00 will be paid to Mrs. O'Brian and a trust fund of \$5,000 will be set up for each of her four children.

The suit came about as the result of a truck-car pile-up on the Crane Highway some 15 miles west of Rankin which occurred during a sand storm last February a year ago. Ralph O'Brian, husband of Mrs. O'Brian and a banker at Big Lake at that time, was killed when his car was struck by one of the trucks involved in the collision.

Believed to be the largest amount ever settled out of court in Upton County, attorneys for the plaintiff were Robert Huff of Lubbock and John A. Menefee of Rankin.

Court has been recessed in the 32rd District until 10:00 a.m. Monday, April 4.

Mrs. Jeff Ray McSpadden and Mrs. Zola McSpadden visited in Midland Friday.

DR. JAMES D. GOSSETT
... new president

Dr. James D. Gossett of Rankin has been named president of the Upton County Hospitals Medical Staff. Next meeting of the organization will be held in Rankin.

THE STATE OF TEXAS :
COUNTY OF UPTON :

On this the 21 day of March, 1955, the Commissioners' Court of Upton County, Texas, convened in Special Term of Court, with the following members of the Court present, to-wit:

THIS IS A PEACH

THIS IS A PEACH

BUT THERE'S A BIG DIFFERENCE

There's a big difference in how you spend your advertising dollar, too.

Just setting aside so much money and spending it on any sort of advertising does not accomplish much. You must take into consideration several factors in order to place your advertising dollar where it will give you 100 cents worth.

You may give stamps for advertising—but people expect them and look on them as a part of their purchase—something they are entitled to.

You may use circulars for your advertising but statistics show only about one out of ten is ever read—most of them hit the floor before the customer ever sees your name.

Radio and TV have their points—providing a person happens to be listening at the time your ad comes on and is able to get all the facts straight.

BUT

There has yet to be found a better way than in your local newspaper. Newspaper advertising is something like an invitation—you invite your customer to come in and trade with you. Your ad goes into the home, accompanied by local news and items of interest, and is read by the family. It is there to study and look over good—to make sure of prices and such. Some copies of newspapers are kept for years—always with your advertisement.

In Rankin, you get the most for your money with the Rankin News—your local newspaper—supporting the best interests of the community it serves.

left behind a memo on fishing li-
cense requirements under present
Texas laws.

He said warden reports received
since the warm temperatures and
"fish bitin' weather" indicated that
some of his fellow anglers appar-
ently are not familiar with the as-
sorted state fishing laws.

The Director emphasized that
the greatest problem for the indi-
vidual fisherman seemed to be
about when a fishing license is re-
quired, and that the second prob-
lem seemed to concern the 7-inch
minimum length for black bass
which is the State's most popular
game fish.

"Most of the approximately six
hundred State fishing laws con-
cern local gear and methods of
taking fish in the different coun-
ties," he noted, "but the main sta-
tus to remember affects license
requirements for public fresh water
sports fishing.

"The law states that anybody
under seventeen years of age may
fish without a license. The law sta-
tes that any resident of this State
may fish without a license in the
county of his residence PROVID-
ING artificial lures are NOT used.
In other words if a resident of Tex-
as fishes in his or her home county
with an artificial lure, the \$1.65
license is required.

"The law also states that any
resident of this State can fish with-
out a license in any county ad-
joining the county of his residence
PROVIDED artificial lures or live
bait are NOT used. Live bait under
the law is defined as minnows or
fish."

The director suggested the safest
way is for anglers to consult a
copy of the digest of game and
fish laws, or see their local game
warden, or do both.

He reminded Texans that no salt
water fishing license is required.

**FIRE TRUCK GETS TWO
WEEK-END WORKOUTS**

It was firemen to the rescue on two different occasions this past week-end as the Rankin fire truck was called out to snuff two blazes.

Saturday morning at about 11 a.m. fire broke out in a dwelling just behind the Methodist Church and owned by R. C. Bozeman. Starting under the house, exact cause of the blaze could not be determined. Heavy damage was sustained to the building with most of the floor and some of the walls burning out.

The house was occupied by the Travis Starkey family who had just moved in that morning. Most of their furniture was removed from the house before it was burned but the family suffered loss of a considerable amount of personal belongings and clothing. They have since moved to another house.

About 1:00 p.m. Sunday afternoon a small fire broke out behind the Mion Cafe. Only minor damage was sustained to a fence before the blaze was brought under control.

And for the information of those who have been wondering what the long table-looking affair is out behind the new City Hall, it's not for scrapping hogs, it's for drying the fire hose.

**Permian Basin Round Table
Meets in McCamey March 24**

The monthly Scout Round Table of the Permian Basin was held March 24 in McCamey Park Building at 7:30 p.m. The round table is a meeting to show exhibits and to discuss plans for the meeting of the next month.

Those attending from Rankin included Ted Hogan, Tim Bradberry, Dub Day and R. L. Bell.

Mrs. Ruby Howard, employed at the Southwestern Bell Telephone Co. office here regularly since Nov. 5, 1951, has been transferred to the Odessa office, due to the conversion of the dial system in the local office.

Pfc Melvin McEwen, who has been stationed in Virginia, is here visiting his parents, Mr. and Mrs. D. O. McEwen. He is being transferred to Haachuca, Arizona, and will report for duty there April 11.

Mrs. Walton Harral, Mrs. Ross Wheeler and Mrs. J. L. Kennedy are attending the P.-T. A. District Conference being held in Del Rio this week.

In the recent student body elections at Sul Ross State College, Herman "Buddy" Calcote, senior from Midkiff, was elected president of the student body.

RANKIN STUDY CLUB MEETS MARCH 17TH

The "Wildlife of Texas" was featured on the Rankin Study Club program March 17th. Miss Myrna Holman gave the program and showed colored slides depicting the various flora and fauna of this area of Texas. Miss Holman also gave some interesting facts about butterflies. The program was concluded by the entire club singing "Beautiful, Beautiful Texas," led by Mrs. J. L. Alderdice.

Mrs. C. G. Taylor and Miss Maggie Taylor were hostesses for the afternoon and served Cokes and cookies to club members.

The club will meet again on April 7th and the program will be on "Texas Art."

Purpose of "Senior Night" is to enable seniors in this area to get a close look at Odessa College, its campus and what it has to offer to students completing their high school work this spring.

Mrs. R. A. McDaniel of Abilene spent the week-end here visiting relatives.

SORORITY MEETS AT HOME OF VELMA LANE

The Beta Sigma Phi Sorority met Monday evening in the home of Velma Lane. The ladies enjoyed a very interesting talk on "Sculpture" by Mrs. Walton Poage. She also pointed out that the public was more interested in sculpture at present.

Mrs. Lane assisted with the program and gave a discussion on painting. She also showed some of her own paintings, which were very beautiful.

There was some discussion about the three-act comedy play the Sorority will sponsor and put on in the near future at the school auditorium.

OFFICERS ELECTED

The Lenora Hudson Intermediate Girls' Auxiliary of the First Baptist Church met last Wednesday night at 7:30 o'clock with their counselors, Mrs. D. D. Hodges and Mrs. A. Fullwood.

The following officers were elected:

President, Annette Griffiths; vice-president, Charlene West; secretary and treasurer, Wanda Griffiths; membership and program chairman, Nina Fullwood; publicity committee, Sue Schlagal and Annette Griffiths; pianist, Charlene West; song leader, Sue Schlagal; stewardship chairman, Betty Abernathy; forward step chairman, Nina Fullwood.

Other members are Wanda Cantrell and Gayle Hudson.

The Counselors entertained the girls with a social Tuesday, March 29, in the County Park at 7:30 p.m.

APPLICATIONS STILL OPEN FOR SUMMER RECREATION PROGRAM

In a meeting held last Monday night at the Park Building, members of the Youth Council extended the period for applications for supervisors in summer youth work for another week.

Applicants who wish to qualify for the positions are asked to be present next Monday night, April 4, at 8:00 p.m. when the board will again meet at the Park Building.

NOTICE

The Rankin Study Club will not meet on Thursday, April 7th but will meet on Thursday, April 14th at 4:00 p.m. at the Park Building.

Ten members of the Rankin Rebekah Lodge attended the meeting of the Big Lake lodge Monday evening. Rankin ladies making the trip were Mesdames Robert Schlagal, D. O. McKelvy, S. O. Langford and Elizabeth Rains.

SENIORS TO STAGE "CALL IT A DAY" FRIDAY NITE AT 8

For their annual production, the Senior Class will stage a three-act comedy entitled "Call It A Day" at 8:00 p.m. Friday night, April 1.

To be held in the high school auditorium, the play is being staged to raise funds for the senior trip. Characters to be presented will include Patsy Blue as Bendina Leonard, the maid-of-all-work; James Mascho as Elmo Kniffin, milkman and handyman;

Charles Lee, as Jerry Landers, Hazel's rather scatter-brained nephew; Mary Anderson as Betty Grigsby, a would-be writer with "troubles."

Paul Abalos as Clip Dunbar, typical city newspaper reporter; Mary Lou Shurley as Carol Hayden, Jer-

Field Day Will Be Held Saturday, May 7

The Texas Agricultural Experiment Station at Sonora will hold its annual field day Saturday, May 7. Dr. W. T. Hardy, superintendent has announced.

The field day climaxes a 224 day feeding period which tests rams for their rate of gain, and production of length of staple and pounds of clean wool in cooperation with sheep breeders.

An auction sale of many of the tested rams will be held during the day which also will include an inspection of the pens of rams on test, discussions of research in the sheep and goat industry and a barbecue lunch.

Dr. Clair E. Terrell, in charge of sheep research at the Western Sheep Breeding Laboratory of the U. S. Department of Agriculture in DuBoise, Idaho, will be the principal speaker. Dr. Hardy concluded.

"SENIOR NIGHT" SET AT ODESSA COLLEGE

High school seniors from 12 schools in the Permian Basin have been invited to attend the annual "Senior Night" at Odessa College, April 4, according to President Murry H. Fly.

Activities will get underway at 6:00 p.m. with registration and a Hot Dog Feed. After the food is served the visiting students will see a science show, a sports show, and an art show.

At 8 p.m. the group will assemble in the auditorium for an entertaining and informational program. Final event on the schedule will be a dance in the gymnasium.

Schools which will be represented include Odessa, Midland, Crane, Kermit, Wink, Monahans, Pyote, Rankin, Grandfalls, McCamey, Andrews, and Seminole.

\$2,798.11 In Contributions Made To 1955 Dimes Drive

A final report of the March of Dimes campaign was given the News this week by Mrs. Roberta Caldwell, Upton County Treasurer for the National Foundation of Infantile Paralysis.

When the campaign begun, there was \$710.82 in the Security State Bank of McCamey and \$1743.88 in the First State Bank of Rankin, giving a total of \$2454.70 on hand.

Donations in McCamey amounted to \$1991.00 and \$807.11 in Rankin. Total donations for the county were \$798.11 over the set goal of \$2000.00.

Expenses during the campaign were \$92.80, leaving \$2705.31 total donations.

One half or \$1352.65 was sent to the National Foundation for Infantile Paralysis in New York for research, education and to help in

outbreaks of epidemics. The other half was deposited to the account of the Upton County March of Dimes to have to aid residents in need.

At the present, \$3,807.35 is on hand, including half of the donations.

J. T. Wade, Upton County Chairman for the National Foundation, stated that "The 1955 campaign had the highest per capita the county has ever had by surpassing the set quota of \$2000 by \$798.11."

Mrs. Caldwell stated that from January 1, 1954, to January 1, 1955, only \$9 was needed for a therapy treatment for an Upton County polio victim.

OTHER LAND ACTIVITY—Oth-
 er developments in the broadening
 land investigation included:

1. Cecil Burney, special assistant attorney general, said that several branches of the federal government are interested.
2. Giles, in district court here, refused to answer questions about two deals in which the state is suing him and others to recover \$171,427. Giles' attorneys said he would not talk because co-defendants had not been officially notified that oral depositions were to be taken.
3. Back to work on veteran land deals went a Travis County grand jury. A previous grand jury had been dissolved because of a legal question as to whether it was properly called.
4. Senator Phillips asked the investigating committee to subpoena all bank records of Alvis Vandygriff, Austin lawyer who was the first executive secretary of the veterans land board. Vandygriff has testified before the House investigating committee that he was to receive \$5,000 legal fees in a Webb County deal.

5. Cuero Congressman John J. Bell told investigators that he received more than \$20,000 in legal fees during 1952-54 from persons mentioned in land deals. Bell made the statement voluntarily, after some of his fees had been mentioned in land testimony.

INSURANCE RULES—Insurance reform bills made progress.

Finally passed by the Senate and sent to the House was one measure requiring written examinations for the licensing of legal reserve life insurance agents.

Another bill passed first reading, but did not get enough votes for immediate final passage.

This second bill, by Senator Searcy Bracewell of Houston, would require legal reserve life companies to have \$250,000 capital and \$125,000 surplus.

At present, the requirement is only \$25,000 to \$100,000, depending on whether a limited or full capital

stock company is concerned.

GAS EVERYWHERE—Representatives from 500 Panhandle area farm families swarmed the legislature to support two bills that will make natural gas available to them.

At present, the area produces two million feet of gas a day, but the farmers can't buy the gas to run irrigation pumps for drought-hit wheatland.

One measure pushed by the group would require gas companies having wells on irrigated farm land to sell enough gas to run pumps.

Another would give royalty owners the right to either sell their share of the gas or to use it for irrigation pumps.

WATER PROGRAM—Final Senate approval has been given a proposed constitutional amendment calling for a \$100 million state aid program for local water conservation. If the House approves it, it will go to the people September 20. A state property tax of three cents per \$100 value would finance the bill.

TIDELAND LEASES—First major leasing of tidelands since late 1953 will take place May 3 when the School Land Board puts 186,000 acres on the block. The Board will also offer for leasing 160,000 acres of other land.

SHIVERS INVITED—Gov. Allan Shivers will attend a May 4-5 Washington conference of Democratic governors. Sponsoring the session

is the Democratic National Committee. Shivers said the invitation came from National Committee Chairman Paul M. Butler.

GAS CONSERVATION—A conservation bill to regulate natural gas prices at the wellhead is moving forward. House members voted 89 to 52 to have the bill printed after its committee was unable to agree.

CITY ANNEXATIONS — Two measures governing city annexations have been initiated in the legislature.

One, giving a city first rights to incorporate areas within five miles during a 2-year period, has been sent to the Senate.

Rep. Joe Pool's bill to let the State Board of Water Engineers supervise city annexations and incorporation is in a House committee.

Hot Potato Salad.

At any rate some of the men do and we thought others might like to try it. Mrs. Gordon Roach of Big Lake used the recipe recently and she indicates that she needs to include an extra potato when she does it this way since the men usually go for it.

Here's the recipe:

Pressure Cooker Potato Salad

slices bacon, diced
medium potatoes, diced
onion, thinly sliced

1 T. sugar
1 T. parsley
1 t. salt
1 t. mustard
1 t. pepper
3 C. vinegar
1 T. water

Brown bacon in pressure cooker. Pour off surplus drippings. Add raw potatoes and onions. Combine sugar, salt, mustard, pepper, vinegar, water and parsley and mix well with potatoes. Place cover on cooker. Allow steam to flow from vent until all air has been expelled from cooker. Close vent and cook 5 minutes at 15 lbs. pressure. Cool cooker quickly. Serve hot.

Mrs. Roach had also used the Pineapple-Cheese Congealed Salad and the Pear and Graham Cracker one. All of these recipes are available at the agent's office for anyone who wants them.

Dressmaking Workshops

Thirty-five women at McCamey and at the El Paso Natural Gas Camp are taking dressmaking courses at the present. They are working on simple dressmaking now and will follow immediately with the advanced dressmaking

course. As soon as there is a break in these courses the agent will begin work with groups at Midkiff and Texon who are waiting for the course.

and cluttered with these cases all over the Nation, and Texas communities have not escaped these bizarre fraudulent claims. How does the personal injury racketeer go about the business of bilking the public? It is as simple as ABC. Take the guy that bumps his head or trips himself getting off the bus. He finds himself a shyster lawyer and a quack doctor to exaggerate his complaints and winds up collecting all the way from \$10,000 to \$100,000 from the transit company," Hammond points out.

"Actual cases? You bet, lot of them. Take the fake accident swindler who was caught in the webs of the law when, in support of one claim, he testified that he was confined to bed for a month. Reports revealed that during the month he was supposed to be in bed, he had filed another claim under an alias for another fake accident, staged in a bus. Confronted with evidence to the contrary, he confessed his fraud. Then there were two accident fakers claiming permanent paralysis. They were suspected of fraud because records showed an excessive number of prior claims. The first was exposed when an investigator, armed with a motion picture camera, photographed him mowing a lawn; the second when another investigator learned that the paralyzed claimant was able to drive to his girl friend's house every night. 'He is the father of my unborn child,' the girl friend said—and the 'paraly-

zed lover' admitted he was a faker. He served time in the penitentiary for this little episode," Hammond points out.

The methods of the fake accident hoazster are as varied as human ingenuity. While reports show that the most common type of phony accident is the injured back, because it is the easiest to fake, it also shows that some interesting dregs will go to almost any length.

One man virtually destroyed half of himself for \$8,000. He chopped off one finger at a time until he was missing six, then a toe at a time until he was missing eight, then part of an ear, the remainder of one hand and slices of his thighs and legs.

"Obviously, the perpetration of fraud against insurance companies is a fraud against the public which the companies serve. Who pays for

these frauds? That's easy—the public pays the bill in higher insurance premium costs," Hammond continued.

are a compliment to your school and hometown.

We never did learn just how cold it got last week during the opening days of Spring, but it was the first time we can remember of being able to turn on the air conditioners and raise the temperature 10 degrees. Now that's pretty cold.

Our good friend, Dr. Gossett, is a very modest fellow. We noted in the McCamey News that "Doc" has been elected president of the Upton County Hospitals Medical Staff Friday, March, 18. Now friend "Doc" didn't say a word about this to us and we're somewhat hurt. Not that we missed the news item—we miss better ones than that all the time but to be scooped by a small town newspaper like the McCamey News is just not good for the old moral. If it had been the Fort Worth Star-Telegram or the Iraan News, we wouldn't have felt too bad about it—but we just naturally don't like for newspapers published in the suburbs of Rankin to get the drop on us.

So as punishment to James D., we're running his picture on the front page this week. We will give him a break, however, and run one that was taken in his younger days when he had more hair and not quite so many patients to worry about. And, congratulations, anyway, "Doc."

are a compliment to your school and hometown.

We never did learn just how cold it got last week during the opening days of Spring, but it was the first time we can remember of being able to turn on the air conditioners and raise the temperature 10 degrees. Now that's pretty cold.

Our good friend, Dr. Gossett, is a very modest fellow. We noted in the McCamey News that "Doc" has been elected president of the Upton County Hospitals Medical Staff Friday, March, 18. Now friend "Doc" didn't say a word about this to us and we're somewhat hurt. Not that we missed the news item—we miss better ones than that all the time but to be scooped by a small town newspaper like the McCamey News is just not good for the old moral. If it had been the Fort Worth Star-Telegram or the Iraan News, we wouldn't have felt too bad about it—but we just naturally don't like for newspapers published in the suburbs of Rankin to get the drop on us.

So as punishment to James D., we're running his picture on the front page this week. We will give him a break, however, and run one that was taken in his younger days when he had more hair and not quite so many patients to worry about. And, congratulations, anyway. "Doc."
