RANKIN, UPTON COUNTY, TEXAS

THURSDAY, SEPTEMBER 20, 1956

COUNTY'S RATE SAME AS YEAR AT 1.26

The proceedings carried by the commissioners' court at their last regular meeting of the tax rate for 1956 is the same rate as last year.

The amount of the tax monies collected in the recent proposals which were voted on in the election earlier in the year, 45c going into the road and bridge fund, 15c into the special improvement fund and 31c into the sinking fund. This makes the total \$1.26.

The amount taken up by the county in advertising for bids on the 13 acres of land on the West Midland Highway.

A. C. is a sophomore in Rankin High School and has played both football and basketball. He is the son of Mrs. Zollie Mae Rawlins, teacher in the local schools.

RE GRIEF

In a meeting, the court made a contract with W. W. Associates, consulting engineers, to perform as county engineers according to the contract. Associates will make estimates and advise the various projects that are to be done in time to time and services of engineers.

This service are to determine the amount of money to be spent on the various projects un-

ENROLLMENT DOWN TO CLIMB

In Rankin schools enrollment has gained as new students have come down and those returning to school take up studies. The total number of students enrolled this year is 103.

In high school now enrollment is 103 as compared with 103 of last year. The school board has announced that the textbooks will be distributed next week. These books will be distributed in a complete program of the Rankin objectives of the Rankin school if followed completely a model student.

Cowden and children Paul, of Alice arrived in Rankin. Cowden is employed in the house while Mrs. Sara Cowden is on vacation.

Lions To Aid Local Scout On Trip To National Jamboree

Rankin Lions Club, sponsors of the local boy scouting program, voted last Monday night to assist in sending Scout A. C. Rawlins to the National Boy Scout Jamboree which will be held next summer.

In deciding upon sending Rawlins to the Jamboree, the group was told by scouting officials that by the time the event will be held next summer, A. C. will have earned his Eagle Badge. This is among the highest awards given in scouting and will be the first Eagle Badge awarded a Rankin scouter in a number of years.

Reservations are to be sent in immediately.

TO GET STAR AWARD

In ceremonies that will be held at the Lions meeting next Monday night, Rawlins will be given his Star Award, one of the last two steps prior to his Eagle Badge. At a later date, he will be awarded the Life Award and this will be followed by the Eagle.

A. C. is a sophomore in Rankin High School and has played both football and basketball. He is the son of Mrs. Zollie Mae Rawlins, teacher in the local schools.

Jack Skiles and Bill Cook are presently heading the boy scouting program in Rankin.

ODDFELLOWS-REBEKAHS TO HAVE FAMILY NIGHT

The Rankin I.O.O.F. and the Rebekah Lodge will have Family Night on September 25th at 8:00 p.m., to be held at the Rankin Park Building.

Members and their families and friends from Crane, McCamey and Big Lake are invited to attend.

There will be a covered dish luncheon, entertainment, and a program.

Rev. Lynn McAden, pastor of the First Methodist Church, will be the principal speaker.

Friday Services Held For Mother Of Boggs

Funeral services were held Friday, September 14, at 3:00 p.m. in Kress for Mrs. J. D. Boggs, mother of Ray Boggs of Rankin.

Mrs. Boggs, a resident of Kress, died in the Tulia hospital September 13 after an illness of about 4 weeks.

Survivors other than Ray include three other sons, Dennis and Roma of Kress and Dixon of Rising Star; and two daughters, Mrs. Deroey Cates of Dimmitt and Mrs. Otis Brooks of Lometa.

Burial was in Tulia Cemetery. Mr. and Mrs. Leslie McFadden and daughter of Rankin also attended the funeral services.

Rankin Takes Hard Won 24-14 Victory Over Stanton

Red Devils To Sanderson Seeking Third Class A Win

In a game that was marred by what is probably a record number of penalties, the Rankin Red Devils finally managed to get themselves together and come from behind in the second half to defeat the Stanton Buffaloes 24-14 in Stanton last Friday night.

A mix-up on downs gave Stanton their first opportunity to score after Rankin had fumbled away their first scoring chance, recovered a like fumble from the Buffaloes and then attempted to run the ball on fourth down deep in their own end of the field.

After taking over when the fourth down try was short, the Buffaloes worked the ball over the goal line and had themselves a 7-0 lead. Rankin came back with a running and passing attack that never did seem to operate too well and managed, after having one touchdown called back on a penalty, to bring the score up to 6-7. Fans had not much more than heaved a sigh of relief before the Stanton lads tossed

a pass play that covered half the length of the field and left the score standing at 14-6 at the half.

SECOND HALF PLAY

From the opening minutes of the second half, it was a different ball game. The Red Devils began to click and slammed the opposition all over the field as they ran for three touchdowns and a final score of 24-14.

On one of their touchdown drives the Red Devils were penalized 3 times to the tune of 15 yards but

still managed to hold on to the ball. Although there is no official record on the yardage, it is estimated by most fans that the Buffaloes could not have made over 20 yards the last half of the game.

SANDERSON FRIDAY NIGHT

This Friday at 8:00, the Red Devils will be seeking their third win over a Class A team when they journey to Sanderson to try the border lads.

Coach Kirby says that he expects Sanderson to be ready for this game and that they have some very fast boys on their team. Although the Eagles have been beaten by Fort Stockton and Grandfalls, he feels that they have a good club and have been improving.

In Stanton last week, Rankin fans numbered almost as many as did the hometowners and a repeat number is expected to be on hand Friday night in Sanderson. Possible best route to the game is suggested as going by way of McCamey and Fort Stockton.

LINE UP FOR SANDERSON

In their game against Grandfalls last week, the Sanderson Eagles used the following line-up:

10	Quirino Alva	B	120
11	Kenneth Shurley	B	155
16	Macario Castellano	B	107
22	Pres Escamilla	B	140
33	David Graham	B	165
35	Julian Rodriguez	B	125
44	Irvin Robbins	B	125
51	Jerry Monroe	T	134
57	Raymond Eirod	C	166
60	Fernando Vasquez	E	135
64	Joe Borrego	E	140
66	Arturo Arredondo	E	135
67	Charles Stavley	E	142
70	Tommy Werneking	T	147
71	Alberto Cobos	T	155
76	Armando Gutierrez	T	143

REMODELING WORK ON AT RANKIN DRUG

Workmen were limbering up their jackhammers Tuesday evening as work on remodeling Rankin Drug got underway.

According to Andy Mitchell, present plans call for moving the service fountain out and installing a fountain that was previously used at Mitchell Drug. Later improvements and enlargements are also planned.

New Abstract Office Opened In Rankin

William Granger, local attorney, has announced the opening of Granger Abstract & Title Company in the Harlan Hotel Building in Rankin.

In commenting on the new firm, Granger stated that, "We are prepared at this time to furnish abstracts of title on all lands and town lots in the County of Upton. We are also prepared to fill the public's needs in any type of title insurance."

The company furnishes policies of the Title Guaranty Company of Baltimore, Maryland, one of the strongest title insurance companies in the nation.

Granger further pointed out that the Granger Abstract & Title Company is 100% home owned and is managed by himself. He is a native of West Texas and has had years of experience in abstract and title work.

"Orders will be filled in an efficient and orderly manner, without delay," he said.

An invitation has been extended to the public to visit the new office and to consider them when in need of abstracting and title work.

Mr. and Mrs. R. E. Cunningham of Brownwood were visiting their son and daughter-in-law, Mr. and Mrs. J. E. Cunningham, early this week.

Coach Mike Hughes said this week that he does not as yet have a starting line-up. "We have 38 boys out for junior high ball and those who indicate that they want to play will be the boys who make our team."

A seven game schedule has been arranged for the Junior High boys and 4 games for the Pee Wees or Junior "B" team. The full schedule will be published at a later date.

BIG LAKE "B" TEAM WINS 19-6 OVER RANKIN

In a Saturday morning game last week, the Big Lake "B" team outpointed the Rankin Red Devil "B" squad by 19-6.

Although Rankin played what was termed a "good ball game," leading 6-0 at the half, the Big Lakers used their excessive speed in the second half to sweep the ends of the Devil line and come out with the victory.

At the present time the next scheduled "B" game will be in McCamey on October 4 with the Badger "B."

GRANGERS TO TEXAS U

Mr. and Mrs. Bill Granger took their son and daughter to Texas University Sunday where they were enrolled for the fall term.

Billie Louise will be a freshman majoring in education while Jimmy will be a junior studying law.

An Eskimo would have more use for an ice box than Rankin football fans who attended the Stanton game last week would have for a pair of fingernail clippers.

That was probably one of the most nerve racking football games that has been played in a blue moon. During the first half it looked like Rankin could not even all get started in the same direction, much less get their game to clicking. Penalties and miscues were the order of the first two periods.

But the second half—now that's what makes football fans out of spectators. If anyone has any doubts that the present group of

boys playing as the Rankin Red Devil team does not have the wherewith to pull themselves together and come from behind. Their second half against the Buffaloes should dispell all fears.

Although it was not what might be termed a well-played ball game, it did prove that the Rankin boys want to win and are in condition to do so.

Against the Sanderson Eagles this week, we would extend a word of warning against over-confidence. We believe that fans are just as guilty of this as the team and that that was partly what was wrong at Stanton during the first half.

Sanderson will be playing on their home field and they are no doubt getting a little tired of coming out on the short end of the score. They have a good record against Rankin in the past and will be up for this game. We are still

sticking with the Red Devils to win but again we would say, be careful—don't win it before we get down there—they may have other ideas.

The volunteer firemen report that there was a noticable lack of spectators at the fire across the tracks last week. It could be that folks are beginning to decide that the price for watching fires is a little too high.

Anyway, congratulations to every one who had the urge to follow the trucks and didn't. Your cooperation was appreciated by all concerned.

And congratulations are in order to the Rankin Red Devil band on their selection as the band to represent Region 8 at the State Fair. That's a big honor and one which they have well earned. Everyone in Rankin should be proud of their

high school band—it's a dandy.

Since we are feeling no ill will toward our fellowman today, we might as well go all out and hand a bouquet to the fans, band and pep squad for their performance last week at the Stanton game. One of the biggest ovations of the night was given by this group to a Stanton player who was injured on the field but refused to be carried off on a stretcher and made it to the sidelines under his own power.

That was a fine display of sportsmanship.

This business of politics sure makes strange bedfellows. Some of the national figure who have cussed one another for years have suddenly become fast, true and loyal friends—so it seems.

About the only thing that we can figure out definitely is that one

**Range Condition
Indicates Yield**

By SAM FITZHUGH, SCS

Range condition is the rancher's inventory of his product, grass. From it the potential of the land is observed, stocking rates estimated, and a tool for management is obtained. We are all familiar with the classification of livestock, meats, equipment and innumerable other items. The idea of classification of range is new to some, but as a guide it has come to be an essential part of the ranching industry.

Over a period of years we have come to observe that there are two very important factors in the business of producing grass. The first factor is the condition of the range which is the kind of vegetation that is to be found now in relation to what used to be there at the height of its development. The second factor is rainfall, which has proved to be a thing of radical fluctuations in this area. We have no control over the rainfall, but we do have control over the management we apply to vegetation which can make for more effective use of rainfall.

This management should be applied to the perennial vegetation. They are the taller growing, deeper-rooted, high producing grasses native to an area. As the top perennials are taken out they are replaced by lesser ones; annual plants, and worthless perennial shrubs and trees take their place in direct relationship with excessive pressure. Nature always tries to keep a cover on the ground be it to man's benefit or not.

A look at the water requirements and protein content of some native vegetation points out the advantages of keeping a high percent of good perennial vegetation on the ground.

The Circle will meet next Monday afternoon in the home of Mrs. Myrtle Brown.

**MOSQUITO CONTROL
STARTED BY CITY**

With the fall run of Rankin mosquitoes reaching their prime, city officials began this week a program of control which, it is hoped, will decrease the population of the king sized pests.

Spraying of oil on the water around the disposal plant and the surrounding areas has been completed and further activity for the control is planned.

for invading trees and lesser grasses it can easily be seen where lot of potential grass growth goes when trees and shrubs increase in number. Grasses with their extensive root system are nature's most efficient users of moisture. By investing in better grasses, such pests as cedar and mesquite, and tarbush are slowed down in their persistent invasion of bare areas.

C. W. TILLEY WITH MOORE FUNERAL HOME

C. W. Tilley assumed the posi-
tion of manager and mortician for
Moore Funeral Home recently.

Tilley came to McCamey from
Big Spring where he was associated
with Nalley-Pickle Funeral Home
for about a year. He is a 1949 grad-
uate of Landig College of Mortuary
Science in Houston and holds a
degree in accounting from the Uni-
versity of Houston where he grad-
uated in 1955. Tilley has been con-
nected with funeral home work
since 1945.

Mrs. and Mrs. Tilley are now at
home in McCamey at 607 E. 10th
Street. Mrs. Tilley is employed by
Southwestern Bell Telephone Com-
pany in McCamey as an operator.

alists.

When you buy your fall dresses,
keep an eye on your "lines," they
advise.

Analyze the line of your figure
as well as the lines of the dress.
Select lines that bring out your
good points and hide your poor
ones.

Use these points as a guide:

Well-proportioned women can
wear almost any line.

Lengthwise lines give the effect
of height.

Crosswise lines give the effect of
width.

For short, plump necks, choose
V-necklines with contrast.

For long, thin necks, choose high
necklines, with contrast if desired.

For narrow shoulders, pad lightly.
Avoid raglan sleeves and short
jackets.

For wide shoulders, avoid bulky
padding, choose narrow lapels, ra-
glan sleeves and vertical necklines.

For large waistlines, keep an un-
broken line from shoulder to hem.
Try panel effects and coat dresses.
Avoid wide or contrasting belts.

For a large abdomen avoid tight-
fitting dresses, double breasted
blouses, and narrow skirts. Try
front fullness at bust, in skirt, and
on side fronts.

For thin or heavy arms avoid
sleeves too tight or too loose. Try
an easy fullness.

For flat chest avoid tight blouses

with full gathered skirts. Wear
shoulder fullness and bows at neck-
line. Choose crisp fabrics.

Always try garments on before
a full-length mirror to get the
complete effect of the costume.

Back To The Bible

"All Thy commandments are righteousness"
Ps. 119:172.

Strength and safety of any nation depends upon
wisdom of its citizenship. Only the righteous-
ness of the family prevented the destruction of the
world during the days of Noah. Sodom and Go-
morrah would have been saved had any righteous citi-
zen therein. Israel ceased to exist as a national
entity when it turned from the commandments of God.
When the nation falls, it will be caused by internal influen-
ces. Idolatry, infidelity, immorality, drunk-
enness, racial and factional strife, breaking
the home, lack of faith in God, and almost total
ignorance of the Bible—these are but a few of the
causes that will cause the degeneracy of our citizenship.
The blow that forces like communism may strike
at any time. If we strike a double blow by our in-
fidelity to GOD'S ETERNAL WORD. Sabotage to na-
tional righteousness, reflected by absenteeism in
schools, high crime ratio, juvenile delinquency and
ignorance of God's Word is the worst form of
sabotage that we have to combat. Brethren,
RETURN TO THE BIBLE.
