GRAND JURY RETURNS EIGHT INDICTMENTS; 3 FOR INTENT TO MURDER

Action in the 83rd District Court, Judge C. A. Patterson presiding, got the term of court un- eight indictments against Guy Branch of Rankin, Lucas D. Bunton of Rankin, and Henry Garner of Rankin. Assault with intent to murder charges were re-

turned against Jasper D. Brewer, Rufus D. Carr, and James H. Jackson. Bond of \$2500 was set for all three. Charges of swindling by check were lodged against A. L. Crow and Fern LeBaron.

SHOOTING SCRAPE

Latest outbreak of violence occurred Saturday night around midnight in the Crossett Inn in McCamey, a negro cafe, when Henry Garner, 39, fired several shots at A. C. Brooks, 34, and his common law wife, after an argument and fight had developed between the two.

A. C. Brooks was hospitalized with three bullet wounds while Garner was lodged in the Upton County jail under \$3,000 bond. Efforts were being made Tuesday on his behalf to secure the bond and affect his release on bail. Specifically, the grand jury charged him with assault with intent to murder with malice and a second count of prior convictions of a felony of the same nature.

BRANTON INDICTED

George L. Branton of Odessa, also charged with assault with intent to murder with malice, is still confined to the Upton County jail pending a bail of \$7,500.

He was indicted for a shooting affair at an oil rig south of Rankin on August 8 which resulted in the wounding of J. S. Mooney, also of Odessa.

Appleton's charge grew out of a shooting in McCamey on September 2 in which Jim Tharp was injured.

Free Demonstration To Be Given On Fire Power Tuesday Night

"Fire Power" a fast-moving, non-technical presentation that features more than twenty live staged demonstrations, plus full-color motion picture scenes will be presented Tuesday night, October 2, at the Rankin Park Building by the Ethyl Corporation. There is no charge for this show and the public is invited.

To be held in connection with the regular safety meeting of the Shell Pipe Line Company, the demonstration will get underway shortly after 7:00 p.m. Those who have previously seen the show say that it is most interesting and very worthwhile.

It begins with an explanation of the three fundamentals of all combustion and how they apply specifically to gasoline combustion. The audience is given a thorough grounding in these simple fundamentals and how to make use of this knowledge in preventing gasoline and other petroleum fires.

Red Devils Seek To Upset Highly Rated Big Lakers

J. T. RUTHERFORD visits Rankin

Congressman J. T. Rutherford was a visitor in Rankin Monday. He addressed the Rankin Lions Club at their regular meeting and visited with friends in the area.

Rutherford Speaks To Rankin Lions Club

Principal speaker and honored guest at the regular meeting of the Rankin Lions Club last Monday night was Congressman J. T. Rutherford of Odessa. In recent weeks, he has been traveling throughout his district visiting with friends and addressing various gatherings.

Introduced by Lion president Bruce McGill, Rutherford spoke for only a short while but managed to cover a number of topics. He expressed the opinion that too much money is being spent by the federal government on foreign aid and pointed out that the last congress reduced the requests of the administration for foreign aid money by a billion dollars.

In covering activities of the last congress, Rutherford pointed out that further relief had been sought for the ranchers and farmers and gave the impression that he favored still further aid to this group. He also commented briefly on the federal income tax law and stated that he often heard various politicians say that they did not favor the law but "had yet to hear one who proposed any other reasonable means of collecting money with which to operate the government."

Rutherford won the Democratic nomination in July for a second term and will be opposed in November by a Republican opponent. In commenting on his political af-

Friday night the Rankin Red Devils will play host to the number 10 Class A team in the State when the Big Lake Owls come to town seeking to down the unbeaten Devils.

For the second time since the season opened, the Red Devils are picked as the underdogs in the tussle and are expected to have a hard time revenging the 26-0 defeat they encountered at the hands of the Big Lake team last season. An interesting sidelight of the game will be the fact that the Rankin Junior High, last year, defeated the Owls junior team by a 9-0 marker. Some of the same boys will again see action Friday night, playing their first year with the varsity.

Thus far the Reagan County lads have played a fast moving offen-

sive game while proving strong on defense. They are expected to employ their backfield speed on end sweeps that were the undoing of the Red Devils last year.

Reports from the Red Devil camp indicate that the boys have definitely not conceded the match as yet and are ready and eager to tangle with the highly regarded Owls. Coach Kirby's boys are in good condition, having managed to defeat three class A teams without injury to the first stringers and will be out to give the high-rated Big Lakers one of their toughest encounters.

THRASH SANDERSON

Last week's tilt with Sanderson did not give the local lads much of a workout as they romped to a 32-6 win with the B team playing a good part of the encounter. Archie Higgins, B team center, had an elbow injured but is reported to be coming along well and is eager to see more action.

Game time Friday night will be at 8:00 p.m. with an overflow attendance expected.

P-TA BANQUET SET FOR TUESDAY

Katherine Secrest P.-T.A. will open their 1956-57 season Tuesday night, October 2, when they stage a kickoff banquet at the elementary school cafeteria. Time has been set for 7:45 p.m.

Theme for the fall general assembly will be "We The People, Want The Best Schools For Rankin."

On the program will be Mr. A. E. Ivy as toastmaster. Rev. Lynn McAden will give the invocation which will be followed by the dinner.

Mayor A. E. Ivy will give the welcoming address which is to be followed by an introduction of teachers by Supt. Joe Scrivner. A talk on retirement legislation will also be given by D. E. Jones.

Speaker for the evening will be Mr. Delbert Downing, secretary of the Midland Chamber of Commerce. His topic has not been announced.

Following the speaker will be Mrs. Herbert Hurn, president of the P.-T. A. for this season, who will give P.-T. A. comments.

NURSERY OPEN

Adults only are eligible for the banquet. A nursery will be furnished by the P.-T. A. at the Methodist Church educational building. Those attending the banquet, tickets to which will sell for \$1 each, are asked to come prepared to pay the P.-T. A. dues of 50 cents per

Miss Amaryallis Harral returned to Lubbock Saturday where she will resume her studies at Texas Tech.

JUNIOR HIGH TAKES ON OZONA HERE AT 7:30 THURSDAY NIGHT

Fresh from an 18-0 win over Grandfalls junior team, the Rankin Junior High will face a similar group from Ozona at 7:30 here Thursday night.

Displaying some fine ball running and stout defense in their opener against Grandfalls, the Junior squad is expected to give the visitors a good game Thursday night and have an even chance of winning. There is no charge for these games and the public is invited to come out and cheer for the teams.

GIRL SCOUT FUND DRIVE OPENS TUESDAY

The annual fund raising campaign for the Rankin Girl Scout council will open at 7:00 a.m. Tuesday morning, October 2, with a kick-off breakfast at the Highland Cafe.

Norman Elrod has recently been named treasurer for this group while S. O. Langford will head the drive as finance chairman. Although a definite goal has not been set, the group will need at least \$250 to meet their dues to the National Council.

PEER HELP SATURDAY

Among the best articles from among the million or so that have been written on segregation over the past few months, is this one by Davis Lee, Negro editor of a national Negro newspaper, the Newark (N.J.) Telegram. Following is a recent editorial he carried entitled "You Can't Eat Intergration":

"The liberals are frothing at the mouth and shedding crocodile tears over the plight of the poor

Negro in the South, will gladly give him integration, but won't give him a job or provide his family with clothing or bread.

"The Southerners don't want to have integration, but they will gladly give him a job and help clothe and feed his family.

"The liberals will open their schools to Negro children, but they won't hire many Negroes as teachers. The South won't admit Negro children to its schools, but they will give the Negro his own school manned by teachers of his own race. And all of this is given to him without cost.

"There are forms of segregation that are degrading and humiliating, but to have one's own school and teachers is not one of them. Giving the Negro his own school and teachers is more in keeping with that concept of freedom, justice and equal opportunity that the founding fathers had in mind than is an integrated system of education."

Mr. Lee pleads for "ample time" for adjustment. He points out that the South has never attempted to tell the rest of the nation how to run its affairs, "and in no section of the country does the Negro enjoy the educational, employment and economic opportunities which he enjoys in the South.

"The labor unions," he notes, are pouring thousands of dollars into this integration movement, yet Southern Negroes are working at jobs that Northern Negroes can not get, because the unions will not accept them as members. There are more Negro carpenters, bricklayers and building contractors in North and South Carolina than

there are in the 33 integrated states.

"Negroes can't eat integration. They need jobs. They need the opportunity to develop their talents. . . The South is the only section of this nation that offers such opportunities. If these liberals and agitators are the Negro's friends and Southern whites are his enemies, then someone needs to protect him from his friends."

The droug hangs on. And it just could be that its going to be sort of a drouth for the Red Devils for the next three games.

In all probability, we have had our fun and now comes the time when we will pay the bill. After running rough shod over three Class A clubs that have not given us too much competition, we face three in Big Lake, Ozona and Eldorado that are going to be toughies and that's for sure.

However, the Red Devils understand a few of the finer points of the game themselves and we will pick them to win two of these three.

As for Friday night's game with Big Lake, there is no need of kidding ourselves—we're on the short end of the totum pole and are going to have to have more than luck to win.

If Big Lake can come over here

as overconfident as we went over there last year, then our chances are good — overconfidence having been the undoing of better ball clubs than the Reagan County lads are fielding.

But we can't see the Red Devils doing much better than keeping within a touchdown of the visiting Owls this week. We look for those end sweeps to be our undoing.

In the loot on our desk we find these words of wisdom to young men (and old men) who might be looking for a wife:

The man who wants to marry a fortune should go widow-shopping. If he's extremely lucky he might meet a girl whose face is her fortune and it runs into handsome figure. Keep your eyes on their stockings boys — smart girls put

Back To The Bible

"Feed the church of God, which He hath purchased with his own blood" Acts 20:28

That Christ has a blood bought institution known as His church or His body, no Bible student will deny. What are its characteristics? It accepts the Bible as being sufficient to govern man in his relationship to God; hence rejects all human creeds. It accepts the apostolic doctrine that people must believe, repent, confess and be baptized in order to be born into the family of God (Mk 16:16; Acts 2:38; Rom 10:10; Acts 22:16.) It teaches that the scriptures thoroughly furnish the man of God unto all good works (2 Tim 3:16-17); hence it ejects all things from the worship that have no scriptural authority. No man can show where the apostolic church ever wore a human name, was bound by a human creed, worshipped God with mechanical music, formed societies, begged money from the world, taught sprinkling or pouring to be baptism, or that people were saved prior to baptism.
