Serving the Interests of Rankin and Upton County

ME XXXII—NUMBER 16

RANKIN, UPTON COUNTY, TEXAS

THURSDAY, APRIL 18, 1957

## CLUB WILL SELL GOODS MADE BY S BLIND ON MONDAY, APRIL 29TH

Monday evening, April 29, the Lions Club will stage their annual event with the sale of goods made by the blind throughout Texas. The sale is always well re-

## Alarm Given Thursday Call

from the voice on the telephone of a young woman turned fire alarm last Thursday for the Ford Theatre. At the picture show was its heaviest traffic of persons. The second such alarm recently and is believed department officials to be of the same person. If fined, fines up to \$100 could be levied on the guilty party. The person is also believed responsible for a number of phone calls recently made to citizens in which the name of a young woman, and false accusations against the families.

## SERVICE BACK SATURDAY SCHEDULE

Mail service will be back on the regular Saturday schedule according to Grace Roach. The postal department suspended Saturday operation as more money was

ceived by the people of the area.

Each year a truck load of merchandise which has been manufactured in factories operated entirely by blind people in Texas, is brought to Rankin and a door-to-door sales drive is held by the Lions. Working on a commission basis, the majority of the money goes back to the blind handicapped being used to finance local projects.

Products which will be offered for sale this year include brooms of all types, mops, brushes, dish clothes, cup towels, ironing board covers, ironing pads, pot holders, dust cloths, clothes pin bags, rubber mats and other similar items. These have always been sold at a modest price and have proven to be of excellent quality.

Many local homeowners have already made inquiries as to when the sale will be held and have indicated their satisfaction with merchandise bought in previous years.

## ELECT OFFICERS

Last Monday night, the local club elected as officers for the coming year, Henry Scarborough, president; A. E. Ivy, first vice-president; Sam Fitzhugh, 2nd vice-president; Jack Skiles, 3rd vice-president; E. B. Bloodworth, treasurer; Stanley Kozimor, secretary; Fred Prentice, tail twister; James Lain, lion tamer; and Norman Elrod and Tommy Workman, directors.

New officers will be installed in June.

## RAMEREZ TO RUN IN STATE MEET IN AUSTIN—

# Rankin Wins First Place In Spring League Contest

## RABIES EMERGENCY EXTENDED 30 DAYS

City and county health officials have extended for another 30 days the rabies emergency which has been in effect here for the past two months.

As originally set forth and still in effect are requirements that all dogs be confined to the owners property, either by chain or a pen and that all dogs and cats running loose on the streets will be picked up and confined to the city pound. All that are not reclaimed after a reasonable time are disposed of.

Cecil Copeland, hired by the city and county as special dog catcher for the emergency, will continue his duties throughout the extension period. Over 100 dogs have been picked up thus far in the drive with only 17 having been "paid out." An undetermined number of cats have also been "taken out of circulation."

Last Friday, 42 dogs were vaccinated and tagged in the all-day rabies vaccination drive held at the fire station.

Officials expressed their thanks for the cooperation given by the community thus far.

Rankin has won the District 117B Interscholastic Spring meet with a total of 183 points. In second place is Grandfalls with 147. Wink was third with 119 followed by Barnhart with 97 and Imperial with 70.

Winner of the district event is awarded with the largest trophy given for competitive events. It will be placed in the Rankin trophy case in the high school and is said to be almost three feet tall.

Some 20 events were staged over a four week period to determine the winner of the contest. Among the contests entered by Rankin

were: number sense, debate, declamation, poetry reading, extemporaneous speech, track and field, junior boys track, one-act play, ready writing, shorthand, slide rule, spelling, tennis for boys and girls, typewriting and volleyball.

Rankin won first place in debate, senior boys declamation, extemporaneous speech for boys and girls, ready writing, shorthand, slide rule, girls double tennis.

## REGIONAL RESULTS

In all events in which Rankin placed first, they sent representatives to regional competition held last Saturday in Odessa. On a regional level, schools from class B compete together with class A. It included schools from as far as Abilene on the east, El Paso on the west, Lubbock to the north and the Texas border on the south.

In debate, Ruth McGill and Bobby Wheeler placed second. In journalism, Rovena Langford and John Kelly, representing Rankin, also took second place honors. In shorthand Pat Dishman was nosed into third place with 91.44 while the second place winner had 91.77.

## GOOD PUBLICITY

Tuesday, April 16, was the deadline for having the state-required inspection sticker on automobiles. Highway patrolmen were at work early Tuesday and one of their first victims in Rankin was A. E. Ivy.

Ivy, who always is a leader in Rankin, is also the Mayor.

## CREDIT BUREAU AD

Attention is called to an advertisement elsewhere in this issue of the News, published by the members of the Credit Bureau of Rankin and pertaining to credit buying

## RAMEREZ WINS MILE

In the mile run in track and field, Johnny Ramirez, sophomore in Rankin High School won first place with a time of 4:51.01. This was the first time since 1952 that Rankin had qualified a contestant for the State meet.

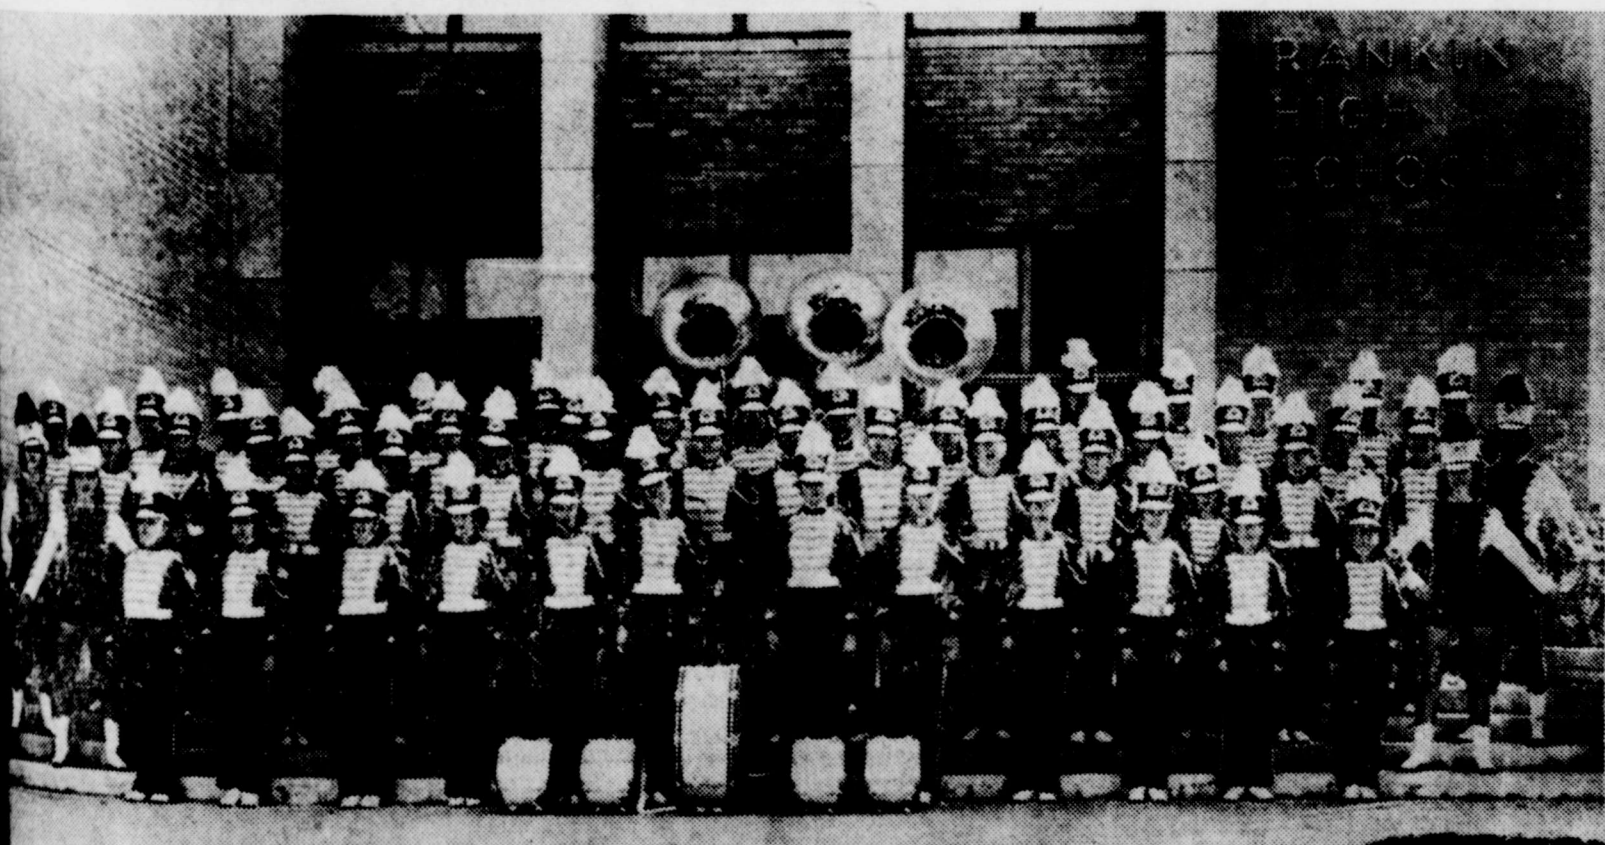

Ramirez will go to Austin as an entry in the State playoffs on May 2 and 3. He is considered an outstanding athlete in Rankin schools and has worked hard to perfect his running ability.

## FRED PRENTICE WILL JUDGE ENID CONTEST

Fred Prentice, band director of Rankin High School, has been invited to Enid, Oklahoma, to act as a judge in the Enid Musical Festival held there May 1-4. Prentice was one of three band directors chosen from Texas for the honor.

Rankin's Red Devil Band will not participate in the Enid event this year since they made a trip by special invitation to the State Fair in Dallas last fall. In past years, the Rankin band has been one of the high winners in the Tri-State event held annually in Enid.

Mr. and Mrs. W. O. Adams and son, Kyle, spent the week-end in San Angelo with her parents, Mr. and Mrs. S. H. Boyd.

RANKIN RED DEVIL BAND—One of the outstanding B bands in Texas is shown here in full dress at the Rankin High School building. Winners of a state trophy recently in the interscholastic band as well as numerous individual honors, this band is carrying on a record that has been building up

for Rankin school bands over the past four years. On Thursday night, May 9, at 8:00 p.m. the band will be in concert in the high school auditorium. This is a yearly event with the group and is always well attended. There will be no charge for admission.

The Rankin (Tex.) News—  
Thursday, April 18, 1957

#### IN THE SPRING

Every year in the springtime around the 15th of April, one hears the people up in Washington begin to talk about tax cuts. Perhaps they're putting out a little soothing ointment for public use since that also happens to be income tax time.

Tax cuts are promised but never come. Federal aid is talked on the local level and is later shipped abroad.

It is doubtful that tax cuts of any amount will ever materialize.

There is no such thing as federal aid to American citizens.

To aid someone you must give them something that they do not have or have never had. Therein lies the thing that kills so called federal aid. The Federal government has no means of giving anything to anybody which they never had since the Federal government must take everything from the people to begin with.

At this very time there are strong currents running in Washington for federal aid to schools. That's a joke. To give aid to schools, the government will have to take the money from the people, run it through the reduction mill in Washington and give it back to the people; strings and all attached—

said strings governing everything from segregation to wages to what can and cannot be taught in any school receiving such aid.

About the best that can be said for such a plan is that it's a form of socialism. And never doubt that any form of government that can take up to 91 per cent of an individual's income and distribute it as that government sees fit is not a form of socialism. After all—that is the socialistic plan—take from those who have and give to those who have not—thus making all equal.

The only thing wrong with it is that it never works—too many middle men and too much control.

We say let all aid be taken care of on the local level. Let the school districts take care of their own individual needs. If we can't afford to go first class—let's go second class and go on our own hook—free of obligations and controls.

If an individual can't afford a Cadillac, he gets by with a Plymouth or Chevrolet. Why take all the Cadillacs away from those who can afford them, melt them down and make a common car for everybody?

There'd never be a chance of getting ahead of the Joneses in any such game as that

#### GOD SAVE THE QUEEN

Three cheers for merrie ole England.

She owes the American government—which we'll assume is the American people—money by the barrels, the interest on which we have just within the month had to carry because our British friends couldn't pay—and she announces tax cuts for her citizens.

We don't begrudge the people getting a little tax relief but it looks doggone funny that we can be liberal enough with our creditors to let them pay when they get good and ready and not be able to cut a few taxes ourselves.

All of our creditors are herewith notified that we're not paying our bills next month. We just don't feel like it and besides we're going to take the money and go fishing. Don't complain—you just helped finance a trip to Paris for the Queen of England.

#### WRONG NUMBER

If, by chance the person who is responsible for the mysterious phone calls should read this column, we'd like to say that you are definitely dialing the wrong number.

Not only are you bringing embarrassment to innocent people, you are endangering lives if you also are the one who turns in false fire alarms such as last Thursday's.

If you do it just for spite, you must be a miserable person. If you do it for excitement—you need the help of a good doctor

Think it over.

#### QUIET, BOY

There's the little story about the little boy who was walking down the street with his mother and passed the local editor.

"Look, Mama," he said. "There goes the editor."

"Hush, child. Hush," she said. "The poor man might hear you."

## Our Horse and Buggy Mail...

The US Post Office is a three billion dollar a year business. With half a million people on the payrolls, it is the nation's third largest employer, ranking after the Telephone Company and General Motors.

Through its 40,000 branch offices flows 60 percent of the world's mail—a piece a day for every man, woman and child in the US. But it flows more slowly than it did before World War II, for—although this stream has reached flood proportions, the Post Office "uses the same methods of gathering, sorting and delivering the mail that it did 100 years ago" with the possible exception of the pony express and the addition of modern transportation.

This is today's picture of the Government institution that most directly affects the life of every citizen—that spends two million dollars a day more than it takes in—as presented by Wolfgang Langewiesche in the May issue of Reader's Digest.

Wages, says this article on "Our Horse and Buggy Mails", represent 75 percent of postal costs. To cut these costs, mechanization must replace the presently wasteful "primitive procedures". The Post Office, says Mr. Langewiesche, has ignored the industrial law: "the bigger the volume, the lower the costs". But he points out

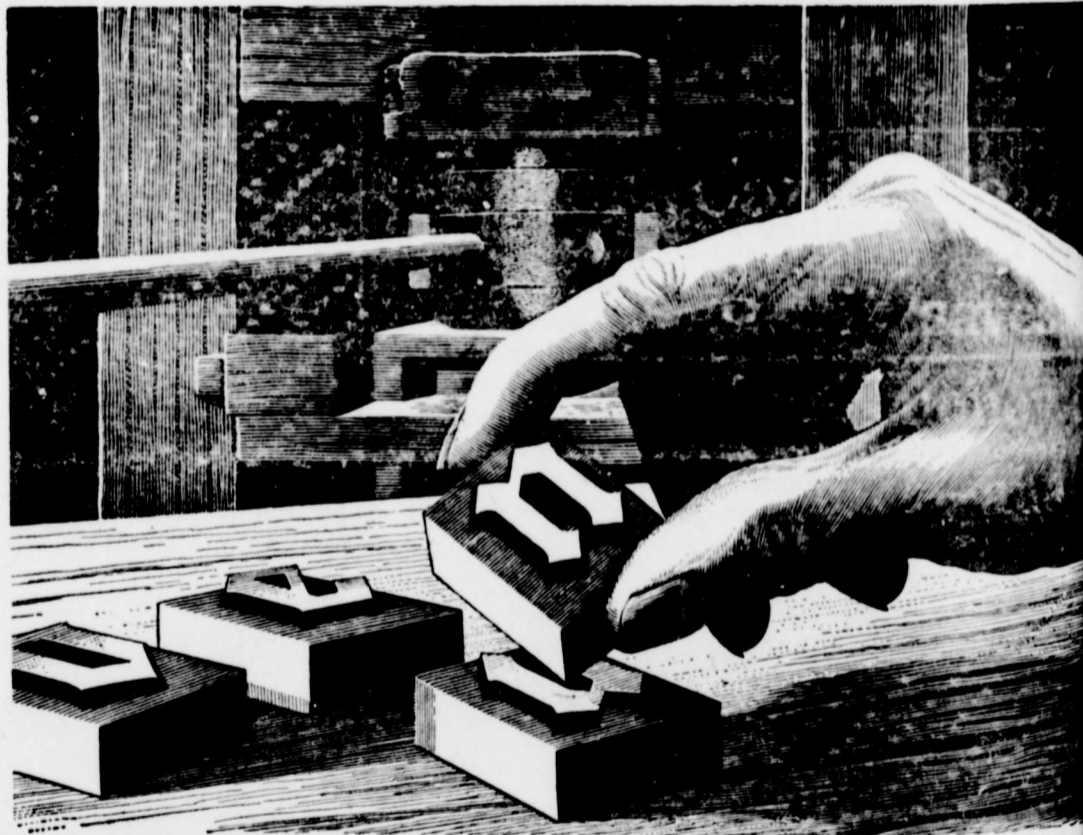

that "it's a technological law, you are posed to work with machines—bigger, more efficient machines."

To get in step with industry—with presently superior European service—says the author, will require intensive research. He reminds us the Post Office is asking four million dollars for that purpose this year and says it is chicken feed. Especially when, in the of research, it spends beyond its half that much a day."

We wonder if it could be that the Office Department is not afraid to do research too deeply. In research you sometimes find that you have more help is good for your business. We note the department estimated that it is approximately one million dollars in saving last Saturday. This was brought by stopping only the salaries of the ly workers and a few others.

The article points out that presently, the Telephone Company spends times as much on research, and that had been satisfied with earlier methods all the females in the US would be to handle today's telephone traffic perhaps we'd better do something the Post Office before we have to postal workers like soldiers in war.

As the article says: "Let's find what a modern mail system would be."

## SPARKS FOR MINDS

ALMOST five centuries ago, Gutenberg's invention of movable type started a revolution. It has been going on ever since.

For five times five centuries—and eons before—a few men were the privileged rulers—by accident of birth or of circumstance. The people were subjects, supporting those thus kept in authority.

However, movable type, by cutting the cost of printing, began the process of making knowledge more widely available. People's understanding then grew. Sparks of hope were awakened in the minds of men. When it became apparent to entrenched authority that permitting wide dissemination of information and ideas might in time destroy their securities, censorship was exercised.

In a search for greater freedom, men of many

aces and creeds crossed the ocean to establish homes on this continent. They and their children founded here a nation dedicated to a new principle: government by the people, and for the people. And knowing that liberty could be overthrown only by subduing freedom of speech and the press, they provided further that this basic freedom should never be abridged.

That system of government created an opportunity for all men to advance, limited only by their efforts. In but a few generations it won for this people a higher standard of living and of human welfare than had ever before been dreamed possible.

America's freedom of the press has proved to the world that the patriotic instinct of an informed plain people can be relied on to govern wisely and well.

## Oil Activity Slow In Upton County

Oil activity in Upton County is presently moving at a slow rate according to those connected with the oil business in this area. At last report, some 17 rigs were said to be operating in the county, mostly in the Spraberry and Benedum area. A majority of these are drilling in proven areas.

Unconfirmed reports state that two test wells are to be drilled to the south of Rankin in the near future. Two new rigs went into operation north of here about 2 weeks ago.

### RAYFLEX MOVES OUT

Rayflex Exploration, a seismicographic company, left Rankin Wednesday for Oklahoma. They had been operating in this area since

last fall.

At this time, there are no reports of new crews planning to move into the area.

## Phillips 66 Dealers have the Nicest Customers!

We've noticed that one way to get people to be nice to us is to be nice to them.

At Phillips 66 Stations the customer learns early that she'll be treated right. Phillips 66 Service includes having your car brushed out . . . the windows cleaned all the way around . . . your battery and tires checked. It means friendliness, courtesy, a sincere desire to please you!

Drive in soon at your neighborly Phillips 66 Dealer's. In the service he offers, as in the products he sells, he knows it's performance that counts!

HOSPITALITY ON THE HIGHWAY

# the river that flows on wheels

More petroleum moves over Santa Fe than over any other railroad in the country

The 2,384,000,000 gallons of petroleum that Santa Fe moves every year is the river that flows on wheels.

It's so large that it makes Santa Fe the No. 1 petroleum railroad in the country.

This flood tide of oil gives heat and power to farms, factories, military installations and homes all over the nation.

The tremendous demand for petroleum, in all its forms, poses special problems for Santa Fe. For it requires speed and service to keep that river flowing full force. Here are a few of the ways we get the job done:

We move empty tankers just as fast as full ones, so no vehicle will stand idle.

As new oil fields are opened up, we stand ready to serve them. And when new developments take place within the industry, we adapt ourselves to take care of them.

As an example, take liquefied petroleum gas. The demand for it has skyrocketed in the last 10 years, because with this "bottled gas" rural families can cook and heat with gas just like city people. And the railroads have made it possible for them to get it.

Santa Fe runs special LPG trains when the demand for this product requires it. In a year, these trains carry enough LPG to heat over 500,000 homes from November through April.

This is just a part of the story of the dependable transportation service Santa Fe is providing to essential industries that contribute so much to the welfare of our country.

SANTA FE SYSTEM LINES

Always on the move toward a better way

**"He is not here: for he is risen . . ." Matt. 28:6**

The Rankin News

Yates Hotel  
 Mrs. G. A. Black

The cross and the tomb have both been snatched from their association with death. Christmas is now sanctified in Easter. Dark Friday has become Good Friday. The cross and the tomb have been transformed by love and self-giving. His promise, "Three days and I shall build this temple again," has been fulfilled. *He lives and we, too, shall live, in the measure in which we learn to kiss the Cross, our cross as well as His.* His journey to Golgotha transfigured the cross forever, turning a symbol of suffering into a symbol of triumphant life. It is the time for beginning again. This is the resurrection day.. it is Easter.

**YOU IN THE CHURCH  
 THE CHURCH IN YOU**

Character is a by-product of the church. It is here that young and old are showered with benedictions that fortify and influence for a better citizenship and a stronger democracy. In the church the ministerial are molding religious character. Statesmen today declare that the church alone can furnish leadership to handle the affairs of state in these perilous times. Then we with our children should go to the church of our choice on Sunday.

*"You in the Church and the Church in you" form a combination for good.*

**ALLAHLEA BRAWN, Reporter**  
**MIDKIFF H. D. CLUB NEWS**

The Midkiff Home Demonstration Club met at the Humble Recreation Hall and were served by Allahlea Brown in their last regular meeting May 4.

Mitzi Case called the meeting to order. She read the creed and Thelma Payne led in song. Eight members answered roll call. Minu-

tes of the last meeting were read and approved. Mrs. Case called for reports of the special committees. Plans for a game night were discussed.

Giving the delegates' report from the state meeting at Crane was Mrs. Payne. She stated that Lila Ritter gave a very nice devotional at the meeting. Sixteen members and seven visitors attended from

Miss Holman's district. A most enjoyable time was reported.

Following the business meeting, County Home Demonstration Agent Holman gave an interesting discussion on recreation. She also showed slides on fabrics.

Martin Kamstra, minister of the Northside Church of Christ, returned this week from Wink where he conducted a gospel meeting.

## Back To The Bible

At what instant I shall speak concerning a nation concerning a kingdom to build and to plant it; if evil in my sight, that it obey not my voice, then I repent of the good wherewith I said I would benefit Jer. 18:9-10.

Indifference to God's word is the greatest national sin of today. It can be seen in the thousands who have money to be used for everything under the sun and God's work. It can be seen in preachers who do not have the backbone to fight the vice and indifference that surrounds them. They prefer to keep their jobs. They substitute "no" for "in" in "indifference". They take the message out of sin, the blood out of atonement, the revelation out of the Bible, the HELL FIRE out of obedience to God's word and substitute for the gospel of some prattle called "Social Gospel". Define it. It is "pay me my salary and be a jolly good fellow and you must throw a wild party occasionally or run around with another man's wife go to another communion do it." Brethren, if we value our national security and our soul salvation, let's GO BACK TO GOD'S ETERNAL WORD.

Rankin Church of Christ

## A. C. RAWLINS GIVES ADDRESS TO LIONS

As part of his scout work, A. C. Rawlins, local high school student, made a five minute address to the Lions Club last Monday night. He discussed a recent scouting trip he had made to New Mexico.

He also extended his thanks to the club for their support to him by payment of his coming trip to the National Scout Jamboree this summer.

Mrs. Bill Perry honored her husband and granddaughter, Connie, with a birthday dinner last Sunday.

Those enjoying the occasion were Mr. and Mrs. Don White and son, Garry, of Odessa, Mrs. Charles Perry of Odessa, and Mrs. Norman Yocham and the honorees.

Mr. and Mrs. Robert Coffee of Big Spring spent Sunday with her parents, Mr. and Mrs. Tyson Midkiff.

Mr. and Mrs. Glenn P. Kettle of Houston visited last week with their aunt, Mrs. Dave Gentry.

## DENVER CITY STORY—

Berle in the Denver City Press tells this one:

**YETH, IT COULD HAPPEN—** An editor received a story from one of his reporters about the theft of 2,025 pigs from one farmer. Curious about the large number, he phoned the farmer. "Are you the one whose pigs were stolen?" he asked.

"Yeth, I thure am," replied the farmer.

The editor thanked him, turned and rewrote the story about the theft of the two sows and 25 pigs.

The Katherine Secrest Parent Teachers Association has elected officers for the incoming year. They are:

President, Mrs. Wayne Sledge; first vice-president, Mrs. Tommy Workman; second vice-president, Mrs. Oscar Pettit; third vice-president, Mrs. Norman Elrod; secretary Mrs. Bill Hood; treasurer, Mrs. W. J. Pollard; historian, Mrs. Janelle Moore; parliamentarian, Mrs. W. O. Adams.

Mr. and Mrs. Ross Wheeler, Mrs. Wayne Sledge, Mr. and Mrs. J. W. Kennedy attended the annual Spring P.T.A. Conference in Odessa last Thursday and Friday. Ft. Stockton Parent-Teacher unit has invited the conference for next year.

Mr. and Mrs. Clay Taylor were in San Angelo last Saturday attending the wedding of Miss Mary Anderson, daughter of Dr. Wilson D. Anderson, and Robert Barnes Thornton, son of Mr. and Mrs. Raymond Thornton of San Antonio.

Mrs. Bud Hurst of Kingland has been in Rankin attending to business and visiting with her granddaughter, Mrs. Martha Snell, and family and friends.

## The Rankin (Tex.) News— Thursday, April 18, 1957

Mr. and Mrs. E. C. Higday are spending a few days in San Angelo this week with their daughter, Mrs. Leonard Scott and family.
